Bombers lead into 2000

LEGISLATIVE LIBRARY
JAN 27 2000
MANITOBA

No. 9, Jared McNabb of the Minnedosa Intermediate Bombers scores the 4th goal of the first period in the game against Miniota on Thursday night at the arena. The Bombers sailed past the Night Hawks by a score of 7-5 and won their sixth game of the season against a single loss. The win keeps the Bombers in first place in the North Central Hockey League standings. Other scorers for the1 Bombers were Brent Madill with a pair, Mike Nickelson with a pair of goals along with two assists and Devon Ford and Ty Burton with a goal each. The Bombers play the Kenton Cougars in Minnedosa on January 6th at 8:30 p.m. and then play the Hamiota Huskies in Minnedosa on January 20th. In their seven regular season games, the Bombers led the league with 48 goals scored and have the lowest goals against in the league with 25.

Mayor says outlook good for 2000

By Nancy Chemerika

According to Mayor Terry Drebit, The Town of Minnedosa has many proud accomplishments to look back on in recent years.

According to Drebit, the lake dredging has ensured that Minnedosa Lake will be enhanced and protected for future generations.

The Pan Am Games rowing and paddling events which took place at Minnedosa Lake, provided international recognition of the community and once again proved that volunteers make things happen.

Drebit noted that he was pleased with the ongoing construction of the new Agricore Inland Grain Terminal. He was also proud of the ongoing work on the the water treatment plant which has ensured that Minnedosa will have the best possible drinking water in the future.

"One of our number one strengths is lots of good drinking water. Our water treatment plant will open the door for future wet industry," stated Drebit.

"I think 1999 was a very successful year for the Town of Minnedosa. The Town is very fortunate to have a young, agressive Council working towards the future. We are all working together for a strong tomorrow." On a sadder note, Mayor Drebit noted that the town of Minnedosa is still saddened by the loss of Councillor Keith Taylor.

According to Mayor Drebit, the new millennium will be a time for new beginnings and new challenges.

"One of the greatest challenges in 2000 will be to do more with less. It is time for us to tighten our belts, and try to do the best job we can with a very moderate or no tax increase. We recognize that the time has come for Council to work more with the people of Minnedosa. The first step will be to hold a budget consultation night."

Mr. Drebit stated that in the future, he hopes that Councils begin to work together. "It is time for the Town of Minnedosa to start looking into the possibility of amalgamating with our friends and neighbours. It is time to cut costs and look into new ways of doing things, while still ensuring that the Town of Minnedosa is a vibrant and thriving community of the future."

Drebit noted that the future looks bright for the Town of Minnedosa. Negotiations are currently ongoing with two large companies that would create an economic boost for Minnedosa. He added that an announcement will hopefully be made in February.

"In closing, I don't want the Town of Minnedosa to forget how serious the farm crisis is. At the start of 2000, it will become an urban crisis. Minnedosa is not an island. In 2000 we must do whatever we can to support the farming community. Minnedosa will survive but this is the most serious crisis to hit us since the 1930's. It is going to take all of us working together to get through it," Mayor Drebit concluded.

A century of progress

As we close out the 20th century, it is interesting to reflect on what we, as a community have accomplished over the past 100 years - and those accomplishments are many. At the turn of the last century, Minnedosa was part of the 'wild west', being a railroad town on the frontier. The nefarious deeds of gangs of pistol-toting youths roaming the streets of Minnedosa after dark took up much ink in the Tribune issues of the day. One of the biggest problems the town faced was finding the right man to take on the job as town policeman.

In January of 1900, thirty-three residents and businesses had been hooked up to the telephone, but none were connected with the outside world. That duty was still left to the telegraph operator located at the railroad station. Electric power was considered something only a city could afford, and all transportation other than rail involved the use of horses and oxen.

It wasn't until 1908 that things started to come around for the town. The spark that seems to have ignited a local building boom was the formation of the Minnedosa Power Company by four of the town's most prominent businessmen being H.F. Maulson, Major Dyer, E.W. Pearson and G.T. Turley. The project began to flounder but was saved by the intervention of one of our community's most important pioneers and business entrepreneurs, Paddy McDermott.

As a result of the herculean efforts of those men, the first water began flowing over the Minnedosa spillway on April 10, 1912 - ironically enough, the same day as the Titanic left Southampton, England on the first day of her maiden voyage. Major Dyer would go on to serve our country and the Dominion in the capacity of Brigadier-General in the Great War.

Minnedosa seemed to fare better than most throughout the Great Depression which ended with the calling up once again of the areas' youngest men to serve in World War II.

Our population has grown from about 1,300 early in the century to a peak of about 2,700 in the mid to late 1970's.

The century saw Minnedosa cope with it's most difficult moment, the collapse of the spillway and subsequent destruction of much of the business and residential district located near the river. We rebounded from that disaster to push onward with development of a water and sewer system in the early 1950's that would finally bring Minnedosa into the realm of 'modern community'.

The most difficult moment for our town came in the late 1950's with the closing of the CPR Shops and subsequent loss of over 200 jobs in the community. Economic development spurred on by this event finally resulted in a farm machinery manufacturing business being located in the abandoned shops - a business which evolved and is still an important part of our community today, Morris Industries. That same era saw a distillery constructed on the outskirts of town and that, too, serves our community well under the present ownership of the Husky Oil Company.

This past decade saw our town progress further with the construction of a new Main Street bridge, a new hospital and a community hall. Economic development emphasis focused on summer tourism through lake and beach improvements and the initiation of Classic Rock Weekend.

The coming of the new decade and the new century will hopefully see us focus our attention even more on economic development in the form of new agricultural related industry, and solidify the job base that will see us through to the next generation. We must set lofty goals for both ourselves and our community and above all, remain positive about its future.

Farm disaster assistance appeal committee appointed

The provincial government has appointed a three-member panel to hear appeals under the Manitoba Farm Disaster Assistance Program.

Terry Johnson, a producer from the Elkhorn area, will chair the panel.

Johnson is a past chair of the board of the Manitoba Crop Insurance Corporation, currently serves as Reeve of the R.M. of Archie and is a member of the Manitoba Rural Adaptation Council.

Panel members are Jim Brown and Hans P. Werner. Brown is a turkey producer from Teulon and former director of the Manitoba Turkey Producers Board.

Werner operates a mixed farm in the Winkler area, is the former president of the Vegetable Growers Association of Manitoba and has served on the Manitoba Producers Marketing Board. All the appeal panel members are current members of the Manitoba Crop Insurance Appeal Tribunal.

The Manitoba Farm Disaster Assistance Program was implemented in June of this year to assist producers with the problems associated with excess moisture during the 1999 season. The new committee will review producer appeals to determine whether the terms and conditions of the program are being applied appropriately and fairly.

Appeals should be sent in writing to the Manitoba Farm Disaster Assistance Program Appeal Committee in care of the Manitoba Crop Insurance Corporation, 400-9650 24th St. N.W., Portage la Prairie, Manitoba R1N 3V9.

UCT donates to Hospital

Community Health Director Esther Robertson, pictured left, accepts a cheque for $500 from Margo Dunphy, UCT Council #926. The funds were the proceeds from UCT bingos, and will go towards treatment in all areas and medical supplies.

Newdale & District News

by Olive Waddell

Sunday, Dec. 19 was observed as Christmas Sunday. Several inches of snow had fallen during the night, making travel a bit slower from blowing & drifting snow - a sure indication that at least Newdale would have a white Christmas. Nicole and Chris Tolton were in charge of the Advent Candle Lighting with the candle of Love reminding us of God's gift of love. The congregation joined with "God, thank you for loving us and sending us Jesus to teach us about your love.. that will never come to an end.. strengthen us to love others as you love us". Rev. Hunter's message entitled "Blessed Are You Among Women" dealt with the most familiar passage "The Magnificat" (Mary's conversation between her and God). "May we experience that hope and inner peace that deep joy and love, so that, in turn, we may share these Christmas gifts with others around us who are in need of them during this Christmas time. The trust, faith and delight we have in each other is what makes Christmas possible each year. Several traditional carols before and during the service were much appreciated with the leadership of a choir.

On Monday, Dec. 20, 35 people gathered at Harrison House, and entered into the very popular and traditional evening, enjoying many of the old time carols and songs. A delicious selection of various foods and apple cider helped regain our strength and calories we thought we had lost during singing. Carol Dalgarno and Audrey Waddell and husbands gave much support in arranging singers, and everyone much appreciated this community activity.

Sympathies of the district are sincerely extended to the Gordon Murray family, relatives, friends and neighbours in the death of Gordon on Sunday, Dec. 19.

Home for Christmas holidays were; Karen Dalgarno, Joanna Tolton, Tara Wight, Aynsley and Jared Waddell, Robin and Roger Young, Larissa and Jonathon Tanchak, Susan Creber, Kendra and Kent Tolton, Christa Pedersen, Stacy Bradley, Megan Norosky, Shauna Dyck.

Christmas Eve Service in Newdale United Church, gathered a full seating capacity of locals and visiting families & friends. The gifts of hope, peace, joy and love was climaxed with the birthday of Jesus and all united in singing "Happy Birthday to Jesus". Rev. Bob Hunter read traditional scripture with the theme and symbols. The Gift of Room, keys presented by Marguerite Wareham; The Gift of Bread - bread presented by Aynsley Waddell; The Gift of Sight - globe presented by Karen Dalgarno; and the Gift of Light - the Christ Candle lit by Tara and Kyle Wight. Several traditional carols were sung and a solo by Joanna Tolton. All lights were dimmed, all lit a candle, uniting all with a sense of awe and awakening that God is with us and for us. A special prayer was included for the homeless, sick & suffering by Rev. Hunter, making one think of how fortunate we are able to be with our families "at home" for Christmas.

Some families home for Christmas weekend were: Craig & Linda Henderson of Wpg. (Dorothy Ray); Howard & Donna Litke of Beausejour (Dorothy Ray); Jim & Margie Waddell of St. Adolphe (Brian & Gail Tolton); Allan & Gwen Holmes & Jennifer of Regina, SK (Leonard & Ida Bradley; Rodney, Barbara & family of Medicine Hat (Gerald & Shirley Pederson; Barry & Linda of Saskatoon (Doris Everitt); Scott, Stacie, Skylar, Sidney Kingdon of Rocanville SK (Shirley Bradley); Maureen Lelond, Wpg., and Sylvia Lelond, Hamiota (Jean Irwin); Doreen & Bill Chambers, Calgary (Blanche English); Art & Margaret Heise, Hamiota (Blanche English); Gary & Louise Watson, Oakbank (Don & Jean).

Welcome to newcomers to town: as of Dec. 21/99 - Richard & Sherri, Cody and Joshua Goddard from Flin Flon. They are working in the Leisure Inn.

Some attractive art work was done on some of the Main Street business places, done by G. Vincent of Neepawa, and brightened up the town. The children took advantage of the spring-like weather and have made some fancy snowmen on the lawns. Others have taken to long leisurely walks, almost without parkas.

Cadurcis News

by Doreen Trott
& Muriel McManus

Sincere sympathy is extended to Don & Margaret Northam & family on the passing of mother, grandmother and great-grandmother, Elizabeth Northam. Her funeral was conducted at Rapid City Anglican Church on Dec. 20. Beth Northam was a member of the pioneer Hindson family of the McBride district.

The annual Christmas Concert was held at Cadurcis on Dec. 18 with the snow storm holding off and the jolly old "gent" in the red suit making his appearance.

Rixon, Jane, Jim, Nick, Ashley and Justin McKinnon and Lou Proven spent the weekend in Winnipeg. A number of groups attended the immortal ballet, the Nutcracker Suite by Tschaikowsky.

Patricia Jackson, music student at Brandon University, is spending her holidays with Glen & Loreen Jackson. Patricia plans on resuming her studies early in the next century.

Ray & Doreen Kingdon and their extended family joined the rest of the "Kingdon Klan" at Camp Wannacumbac for their annual Kingdon Christmas.

Bill & Doreen Trott motored to Glenboro on Dec. 16th to see the Glenboro School Concert. Granddaughter Chelsey Weir was part of the Nursery School Class.

Elsie Wareham entertained Clayton, Margaret & family and Jim, Sharon & families on Christmas Day.

Stewart & Joan Parrott and girls of Beausejour, are spending holidays with Wilbert & Ferne Horner. Bob, Lois & boys spent Christmas with Bob's mom & dad, Ferne & Wilbert.

Mike & June Van Duzee, Newdale, spent Boxing Day with the Ron McTavish family. McTavishes celebrated Christmas Dec. 27 at Darwin McTavish's home.

Dale, Tracey & family visited Smiths and McManus homes on Boxing Day. Bob, karen, Sean & Kyle of Brandon, visited Dec. 27 with Cliff & Muriel McManus and Randy & Nancy Smith.

Gordon, Valerie & boys, Brian, Lois & family and Keith Mitchell, Brandon, were guests of Earl & Freda Thompson for Christmas.

Shawna Dyck receives Millennium Scholarship

The Canadian Millennium Scholarship Foundation is pleased to announce that Shawna L. Dyck of Newdale, MB, who is presently attending the University of Manitoba, has been awarded a Canada Millennium Scholarship in the amount of $3,500.00 for the 1999-2000 academic year.

This scholarship, which originates in an initiative of the Government of Canada, is one of more than 75,000 awards, totalling more than $215,000,000, which the Foundation is making to young Canadians as part of Canada's celebration of the new Millennium.

The awards represent an important investment in Canada's youth and are intended to help young Canadians acquire the knowledge and skills they require in order to participate in a changing economy.

Rapid City News

by Grace Fearnley

The Elementary School Concert was held Monday evening, Dec. 20th at the Legion Hall with a capacity crowd in attendance. School principal Mr. Keith was Master of Ceremonies, the program was excellent, and Santa Claus arrived to the delight of the youngsters.

The Sibbald family connection held a family get-together Boxing Day at the Valleyview Senior Centre with 45 in attendance (not all were able to be present). There were sleigh rides, fun and games, and a bountiful Pot Luck Supper. A lovely family tradition!

Jean McCallum enjoyed Christmas at Ken & Beth's in Pinawa, with Donald of Calgary, Mel of Wpg., and Murray of Rapid City.

Condolences to Marjorie Wilson, Cameron and Wendy & their families on the recent passing of Gordon Murray of Newdale. Sympathy also to all relatives and friends.

Boxing Day - 17 Seniors met at Minnedosa to bowl; the trophy winners were Gladys Simpson and Walter Scott, with Gib Philips receiving the Head Pin.

Eunice & Larry Dyck, Wpg., visited with sister Beryle & Maurice Miller for Christmas and Boxing Day.

Ivy Cornish was a guest at the 95th Birthday celebration held on Dec. 24th in Brandon for her sister, Mrs. Eva Shelvey.

The following people are some who have been home during the Festive Season with their family & friends: Bob & Laura (Burr) Pogue & son Ben of Calgary; Kevin & Sheila Bayes & family, Redcliff, AB; Rob Bayes, Edmonton; Marilyn (Sibbald) & Harv Simpson, Lisa, of Roblin; Marc & Amara Simpson, Vancouver; Chris & Julie (Buckingham) Hamilton of Thunder Bay; Ron & Penny Buckingham, Wpg.; Joe & Kathy (Walker) Jacobs, Mickey and Jessie, Spruce Grove; Steve & Kim (Walker) Meigum, Saskatoon; Rob Fearnley, Prince George, BC; Tim Inglis, Moose Jaw, SK: Bob & Carol (Northam) Chmielnicki & children, Regina; Alex & Kim Northam & children, Holland; Darren & Karolina (Christie), Scott and Amanda, Edmonton; Krista Eckberg, Guelph, ON; Marca Hay, Fred Pugh & Orrie, Thompson; Karla Christie and Travis McKay, Edmonton; Kevin & Denyse Miller, Haley, Lana, Erica, Brian, Wpg.; Karen & Rick Branston & family, Tilston; Terri & Randy Dutchyshen & family, Douglas.

Hendry & Heather Smith, son David & Kim Smith, went to Sinclair Dec. 30th for granddaughter Leah Bartel's 3rd Birthday.

Art & Shirley Peters had all their family home for Christmas with the exception of David & Family from Fort McMurray.

A happy, healthy New Year to Editor, Staff, Correspondents and all Readers of The Minnedosa Tribune.

Rapid City looking forward to 2000

By Nancy Chemerika

According to Mayor Harold 'Timer' Hyndman, Rapid City underwent a number of positive changes in 1999.

A new washroom and shower facility was constructed in the beach area, and $20,000 playground equipment was won and donated by the Gene Finlay family.

Six new homes, and one mobile home, made their way into Rapid City in 1999, which Hyndman noted is a real bonus for the Town.

"We are also currently working in conjunction with the R.M. of Saskatchewan and surrounding R.M.'s on a plan to bring natural gas to the community. Natural gas is very important to prospective home owners and business."

Hyndman was also pleased to note that a sidewalk expansion took place in the business district.

"By careful budgeting and fiscal management, we were pleased to decrease our mill rate by 2 mills in 1999," Hyndman said proudly.

Future looks bright in Erickson

Wally Yanchycki, Mayor of the Town of Erickson, has seen his community take great strides during the past year.

"I am most pleased with the dedication of the Council and staff," stated Mayor Yanchycki. "They have all worked conscientiously to make Erickson a better town. We couldn't ask for a better partnership with the R.M. of Clanwilliam Council. We share everything feasible. We have also had a good relationship with the Erickson Chamber, community volunteers and Rolling River First Nation during the past year."

Yanchycki explained that Erickson underwent a number of positive changes during the past year. Extensive sewer and water upgrades were completed, with the water plant being upgraded to the tune of $150,000. Because the agreement with Manitoba Water Services Board has now expired, the Town of Erickson now owns the water plant.

"According to engineers, we have excellent water quality and our water pressure has increased as well," noted Yanchycki.

During 1999, Erickson installed new street signs, according to the quadrant system, and renamed some streets. Together with the Rural Municipality of Clanwilliam, the Town of Erickson formed a Community Development Corporation (CDC). Through the CDC a community loans program was established to help new businesses.

Phase I of improvements to the local campground, also jointly operated with the R.M. of Clanwilliam, were completed. By the summer of 1999 the campground is expected to have a number of serviced sites and washrooms with running water.

"I am really pleased with the community interest shown during the past year. Because of the work of volunteers and community interest, the skating rink was re-opened. Also because of the work of volunteers, our Recreation Centre continues to operate and as a result, curling and other activities are in full swing."

Mr. Yanchycki commended community participation in the recycling program and noted that the local waste disposal grounds are second to none according to environmental standards.

The Year 2000 also holds bright things for the Town of Erickson. Yanchycki explained that a subdivision, which will provide larger lots for development, is currently under consideration, as is a 55 plus housing complex. A committee is currently working towards a natural gas co-operative.

The Homecoming 2000 committee is steadily planning activities for the week of July 7th to 16th. The Town of Erickson is also looking forward to the official opening of the Trans Canada Trail. As part of the official opening activities, Relay 2000, a coast to coast water relay, will pass through the Town of Erickson. Relay 2000 will showcase Erickson with all the national news coverage.

"We hope to have the trail rerouted to a better location. We want the trail close to town but closer to Leda Lake," said Yanchycki. "We also hope to develop a rest area for trail visitors."

"As our millennium banners will read, 'Erickson is the place to be in the 21st century'. We hope to attract many people to our beautiful town; tourists and permanent residents. We are beginning to see a real turn around in our community. Things seem to be working in our favour," concluded Mayor Yanchycki.

Cameron District News

by Barbara Stone

Jim & Margaret Kingdon had their family home on Dec. 23rd, then over Xmas & Boxing Day, they all joined the rest of the Kingdons for family Christmas at Camp Wannacumbac. On Xmas Day there was 63 present and on Boxing Day - 75.

Sandy Lake & District News

Mary Baranyk returned home Tuesday after spending Christmas with her family in Winnipeg. She had especially precious visits with her five great grandchildren from Winnipeg and Calgary.

David, Darcy, Lisa and Jenna Rystephanuk spent Christmas with Darcy's family in Star City, SK.

Mrs. Jean Nechwediuk spent Christmas Day in Winnipeg with her son Martin and family, then to Brandon on Sunday where she spent the day with daughter Marilyn and family before returning home.

Get well wishes go out to Mrs. Anne Woytowich who is recuperating following knee surgery at St. Boniface Hospital in Wpg.

Visiting for Christmas at Mike Hnatiuk's were Dale and Betty Hnatiuk and Cheryl, Evelyn and Candace Lockhart, Sheldon Lockhart and friend all of Winnipeg. They were joined by Joe Hnatiuk of Sandy Lake.

Marion, George, Barret and Brian Rush of Vancouver spent Christmas visiting Mary Mandzuk and other family members over the Christmas holidays. Robert Mandzuk of St. Catharines arrived to ring in the New Year with family and friends.

Robert and Brenda Douglas, Julie, Ed, Nick and Luke, and Harold, Joyce and Mary Joy Prosken of Winnipeg spent Christmas with Olga and Peter Prosken. Harold and Joyce also visited the home of Mary Mandzuk.

Mrs. Irene Shandala and son Brian spent Christmas in Keyes MB at the home of Marcia Pollock and Clifford Peachy. They also visited brother Pete Iwasiuk and Tonya in Neepawa and got caught up on all the news. They called into the Arden Cafe and Gas Bar and had a lunch with some nice Italian folks.

Visiting at the home of Tim and Dorothy Maluk was Dorothy's cousin Gordie Johnson of the North West Territories. Stan Maluk of Winnipeg also spent his Christmas Break from Red River Community College at home.

Wishing a very Happy New Year to everyone. All the best of everything to you and yours.

Rapid City...

Continued from Page 8

"That meant a nice tax decrease for the ratepayers. I give the credit for that to our financial department."

Hydman explained that the Town of Rapid City plans to spend $35,000 in 2000 to clean up the number one cell in the lagoon. The funds for that project will be coming from the sewer and water reserve.

"We also plan to investigate the possibility for a limited sewer and water reserve," added Hyndman.

Mayor Hyndman noted that the success of 1999 can largely be attributed to a hard working council and the citizens of Rapid City.

"In 2000 I hope to see more new homes and possibly new business come to Rapid City. It is a pleasure to serve as Mayor and to work with my current Council," concluded Hyndman.

Kinsmen/Kinettes support higher education

In memory of the founder of the Kinsmen & Kinette Clubs of Canada, who passed away in September 1994 at the age of 95, the Kinsmen & Kinette Clubs of Minnedosa are proud to support the Kinsmen & Kinettes Bursary, a program of the Hal Rogers Endowment fund, whose mandate is to promote, encourage and sponsor educational programs and activities.

Throughout his life, Hal Rogers believed in the value of education. His devotion to the concept of education for young people was recognized by the Ontario Secondary School Teachers' Federation, which named him the first recipient of the coveted Lamp of Learning Award in 1950.

Through the Fund, financial assistance is available for students in their quest for higher learning at a recognized university, community college, technical institute and other schools for advanced learning. The Fund will award $1,000 bursaries to successful applicants.

Minnedosa area students have achieved success from the fund in the past. In 1998, Kim Van Meijl, then a student at Minnedosa Collegiate, was a successful applicant to the Fund and received $1,000. This year the Fund plans on handing out 56 bursaries across the country. Don't miss out on this opportunity to join Kim as a successful applicant in Minnedosa.

Applicants must be in the process of graduating from high school, or be currently registered at a post-secondary institution. Application forms are available through Minnedosa's Kinsmen & Kinette Clubs.

Basswood News

by Zelda Firby

Marion Ogibowski visited with Ron & Diane Hextall & family in New Jersey, recently.

The Kingdon families held their Christmas get-together at Camp Wannakumbac.

Brad & Sue Ross & family spent Christmas with Sue's parents, Conn & Diana Derksen at Westbank, BC. Sue's brother from Singapore also joined them. Sue said the roses were still blooming.

Spending Christmas at their respective homes were: Scott Manns and Gramme Kingdon of Guelph, ON; Raul & Ruth Reis & girls, Roberta Currah, Morgan Proven and Danika Proven, all of Wpg.; Jill Kingdon of Regina; Janna Kingdon of Alburquerque, New Mexico, Kent Manns, Reg & Melanie and Joey, all of Bdn., Jennifer Currah of Saskatoon; J.J. & Marla Brewster of Strathmore, AB.

Joining Stan & Zelda Firby & their family for Christmas Dinner were Paul & Jean Curtis of Rivers and Marvin Sillen of Erickson.

In Memoriam

Hodges - In loving memory of Ted, who passed away suddenly on January 7, 1997.
Days of sadness still come o'er us,
Tears in silence often flow.
For memory keeps you ever near us
Though you died three years ago.
Always remembered by Harriet and the Family. x (C6)

Hainstock - In loving memory of my wife, mother and grandmother "Sallie", who passed away December 29, 1998.
A day never goes by that you are not in our thoughts.
You are missed so much, words cannot express.
We miss your kindness, warmth, humour and love.
We are comforted by so many wonderful memories of years gone by.
We love you forever.
Husband Jim, Sons, Bob, Clayton, Claire, Daughter Jerri Lynn and Families. x (C6)

Cards of Thanks

We wish to extend our heartfelt thanks to Maureen and the Staff of the Minnedosa Care Home and to Dr. Bright for the excellent care and kindness shown to our mother, gran, great-gran, and sister, Barbara Robins, over the past six years. The compassion and kindness shown to her and to us during the last week of her life will long be remembered. A sincere thank you to our family and friends for the many acts of kindness, messages of sympathy, visits, phone calls, floral tributes, baking, and memorial donations received at the time of Barbara's passing. Our heartfelt thanks to Rev. Flook for her comforting words, to the pallbearers, to the organist, Doreen Stapleton, to the ladies at Brockie Donovan for the lunch provided, and to Teresa at Brockie Donovan for her kindness and compassion. Your caring helped to ease our loss. Doug and Carolyn Crawley, Marion Frank, Jane, Jeff and Serena Alex, Lois Crawley and Randy MacDonald. x (CD)

The Newdale Horticultural Society would like to thank the Town Committee for lighting up the streets, also thanks to those who entered the contest and won, and thanks to everyone who has lit up Newdale & District for the Christmas Season. They all look really super. x (CD)

Obituary

Kenneth Dean Connell

Kenneth Dean Connell of Minnedosa, MB, passed away on December 24, 1999 at Minnedosa Hospital, after a short illness, at age 80. Ken was born in Neepawa, MB, and lived in Langruth on a farm from 1945 - 1959, then moved with Manitoba Pool Elevators to Bowsman, MB from 1959-1972, and then to Minnedosa, also with Manitoba Pool, from 1972-1983, until his retirement.

Ken married Patricia Mildred Chappell at Ottawa, ON, on March 24, 1945 and they had four children.

He was predeceased by his parents, a sister Margaret Armstrong, and one grandchild.

Left to mourn his passing are his wife Pat, sons; Blair of Thompson, MB, Kim (Trish) of Mayerthorpe, Alberta, Kent (Shirley) of Brandon, MB, and daughter Pam (John) Mullin, 7 grandchildren and 2 great-grandchildren. Also surviving are brother Cam Connell of Winnipeg, MB, and sister Tannis Brown of Winnipeg, MB.

During his lifetime Ken was active with the R.C.A.F. Bomber command W.W. II, the Royal Canadian Legion (Langruth, Bowsman and Minnedosa), the Masonic Lodge and the A.O.T.S.

"In his lifetime Dad worked with service groups to improve the communities he lived in. He helped organize the 4-H Calf Club, The Langruth Legion. In Bowsman he helped organize the building of the first indoor skating rink, a seniors' residence and worked hard to put Bowsman on the map with the "burning of the biffies". In all communities he was active in various sports as a participant and a coach. When they retired, Mom and Dad travelled and golfed, Dad built furniture and he spent many hours in his basement workshop. Dad built and sold many replicas of horse teams - Dad built the sets and Mom dressed the drivers. They had a close "group" of friends who spent their time golfing, playing cards and celebrating life's events. Dad had a lawn that looked like a green carpet until the boys mowed a big 80 into it to celebrate his 80th Birthday this August."

Funeral Service was held on December 28, 1999 at 2 P.M. from Minnedosa United Church, Pastor Elgin Hall officiating. Interment was at Neepawa Cemetery.

Pallbearers were Ian Mullin, David Mullin, Megan Mullin, Heather Connell, Argyle Armstrong and Gary Hanneson.

Sparrow Funeral Service of Minnedosa, Mb, was in care of arrangements. (C7)

Obituary

Irene Mae Gustafson

It is with deep regret that the Gustafson family announces the passing of our beloved wife, mother, grandmother and great-grandmother at the Erickson and District Health Centre on Thursday, December 23rd, 1999.

Born May 30th, 1908 in London, England, Irene Mae Gustafson immigrated to Canada in 1921 and married Harold Gustafson then of Minnedosa, MB, on the 5th of October 1932. Harold and Irene moved to the Onanole district in 1936, and retired to Erickson in 1987.

Irene is survived by her husband Harold and will be sadly missed by her daughter Shirley English of Strathclair, MB; and sons Harold Gustafson (Janet) of Winnipeg, MB; Don Gustafson of Onanole, MB; and Eric Gustafson, also of Onanole, MB; seven grandchildren and eight great-grandchildren.

Funeral services will be held at 2:00 p.m. on Friday, January 7th, 2000 at the Erickson Lutheran Church with Pastor Lanny Knutson officiating. Interment at the Erickson Cemetery.

Obituary

James Gerald (Jim) Emerson

James Gerald (Jim) Emerson was born in Winnipeg, Manitoba, on December 10, 1938. He passed away at Surrey Memorial Hospital, B.C. on December 2, 1999 after a courageous battle with cancer.

He leaves to mourn, his loving wife Viola (nee Skoglund), 2 children Paul (Anita) of Surrey, B.C. and Elan (Evan) of Toronto, Ontario, 2 grandchildren Kelsey and Kristi Emerson, his mother-in-law Astrid Skoglund, brother-in-law and sister-in-law Olav and Lula Shellborn of Maple Ridge, B.C., 3 nieces, 1 nephew, his aunt Lena (Earl) Gasser of St. Cloud, Minnesota, Janet McGowen of Thunder Bay, Ontario, and uncle Jack (Mary) Failler of Guernsey, Saskatchewan, plus several cousins.

He was predeceased by his parents Douglas Emerson on 1964, Edna Emerson in 1985, his father-in-law Albert Skoglund in October, 1999, a nephew Allan Shellborn in 1972 and an uncle George English in 1984.

Jim grew up on the family farm in the district of McConnell, in the R.M. of Hamiota. As a young boy he enjoyed sports, was a 4-H Club Member, and played in the Hamiota Citizens Band. He took his schooling at McConnell and one year Agricultural College in Brandon, after which he stayed home to work the family farm.

On July 2, 1960, he married Viola Skoglund. Paul Douglas was born in 1961 and Elan Elizabeth in 1964.

Jim was a member of the McConnell United Church, and played the church organ for many years. Music was his first love and after playing with an old time band for two years, he and Vi began entertaining, and as the children became older, they too joined the band. Paul on drums and Elan with vocals. They played in local legions etc, and anniversaries and weddings. This music career spanned a 30-year period and during this time they recorded three albums.

In 1972, they moved to Brandon where they became Real Estate agents and in 1977 formed their own company, Emerson Realty. This they operated until 1989, when they moved to B.C.

In B.C., Jim worked as a funeral director for several Arbor Funeral Homes in the lower Mainland (Avalon Surrey, Valley View, Richmond, and Delta).

Visitation was held at Avalon Surrey Funeral Home on December 5, followed by a funeral service at Valley View Funeral Home on December 6, 1999. Interment followed at the Valley View Memorial Gardens.

Rev. Larry Arbo, of the Parkside Baptist Church, conducted the service. Mrs. Reet Arbo provided piano music for the service and accompanied soloist Dan Ariss.

Pallbearers were fellow funeral directors, and honourary pallbearers included all other co-workers. A legion of pallbearers and honourary pallbearers placed roses and carnations on the casket.

Eulogies were delivered by Eve Unrau and Dan Ariss. Remembrances included tributes to his dedication, diligence and the high esteem in which he was held by his peers.

He was a loving husband, father, grandfather, colleague, and a friend to many. Vi, Paul and Elan wish to thank you all for your acts of kindness, support, and the expressions of sympathy during this difficult time. Even though they are sad, they are relieved that he is free of his suffering.

Contributions in his memory may be made to the Canadian Cancer Society or charity of your choice. (C7)

Obituary

David Harold Moore

Born November 16, 1910, the eldest son of the four children of James and Irene (Watson) Moore of the Norgate district, David Harold Moore found eternal rest on December 26, 1999 in Erickson Personal Care Home.

Harold was educated at Norgate School and then took employment in the construction field and as bus/taxi driver in Portage la Prairie until his enlistment with Winnipeg Rifles unit in March 1942.

On June 6, 1944, his unit landed in Normandy and advanced too far into France and was surrounded. What was left of his unit was taken prisoner two days later. From June 8, 1944 to May 8, 1945, he was imprisoned in camps in France and Germany. Harold received honourable discharge in October 1945, and returned to taxi driving in Portage until purchasing a farm at Norgate in 1946. Myra Allan became his bride in July 1947 and together they continued to farm until Harold's poor health caused them to leave the farm for employment with National Parks. They moved to Onanole in 1957 when Harold became gatekeeper at the south entrance to the park. Harold chose retirement in 1974.

Harold was predeceased by his wife Myra in 1991 and son Donald Brent in 1997, father Jim in 1978 and mother Irene in 1983.

Left to mourn his passing are daughter Debbie Reinson and husband Rod of Winnipeg, daughter-in-law, Evelyn Moore of Foam Lake, Sask., sister Ethel and two brothers Gerald and Murray.

Harold was a dedicated member of Royal Canadian Legion branches in McCreary and Onanole. He was an avid curler, fisherman and snowmobiler and a member of the Onanole Senior Cheery Chirpers until his move to Erickson Health Centre in 1998.

Funeral services took place at Onanole Community Centre at 2:00 PM, Wednesday, December 29, 1999, with Pastor Ted Jannuska officiating. Interment was in Danvers Cemetery.

Pallbearers were; Joe Sturgeon, George McLaughlin, Ellwood Brown, Jim Ferguson, Claire Allan and Calvin Allan.

Sparrow Funeral Service of Minnedosa, MB, was in care of arrangements. (C7)

Obituary

Elizabeth Rebecca Northam

Elizabeth Rebecca (Beth) Northam entered into rest on Thursday, December 16, 1999. Born November 18, 1904 in Rapid City, she was the eldest daughter of Hampton and Mabel Hindson. Beth lived her entire life in the Moline, McBride and Rapid City area until moving to Minnedosa Personal Care Home in 1995.

January 1, 1925 Beth married Thomas Northam of the McBride District, living on the family farm in McBride district until they moved to Rapid City in 1960.

She was a staunch member of St. Thomas's Anglican Church, Rapid City, and of the A.C.W., and belonged to the Red Cross, Hospital Aid, Agricultural Society and the Ladies' Curling Club.

Beth enjoyed reading, going to meetings, gardening and particularly her flowers which she showed at the annual Agricultural Fair in Rapid City along with her baking. She took an active interest in the many and varied activities of her family and their families.

Predeceased by her husband of 50 years on December 16, 1975, her parents, Hampton and Mabel Hindson, brothers Mac and Ross Hindson and sister Doris Bent.

Beth will be ever remembered by her son Donald (Margaret) of Rapid City, daughter Grace (Gray) Peters (Wesley) of Cardale, 10 grandchildren; Doug (Karen) Northam, Susan (Eric) Belcher, Marion McKinnon, Tom (Val) Northam, Judy and Donna Northam, Barb (David) Hicks, Nancy (Garth) Gerrard, Ken (Lylla) Peters, Sandy Peters (Rob Brotherston; 23 great-grandchildren, 2 sisters-in-law, Alberta (John) Malowski of Winnipeg and Nora Northam of Melita, MB.

Funeral service was held December 20, 1999, from St. Thomas's Anglican, Rapid City. Rev. D. Roberts officiating, with burial in the family plot at Rapid City Cemetery.

Pallbearers were Doug and Tom Northam, Ken Peters, Eric Belcher, Garth Gerrard and David Hicks.

All who attended were considered honourary pallbearers.

If friends so desire, Memorial donations may be made to a charity of choice.

Sparrow Funeral Service of Minnedosa, MB, was in care of arrangements. (C7)

Obituary

Barbara Robins (nee Frank)

Barbara Robins (nee Frank), beloved wife of the late Lisle Robins, passed away peacefully after a lengthy illness, at the Minnedosa Personal Care Home on December 17, 1999 with her family by her side. Barb was born in the family farmhouse at Carnegie, MB in the Municipality of Daly on June 14, 1919. She was raised on the family farm and married Lisle Robins on July 12, 1940. They lived in Brandon and raised one daughter, Carolyn.

During Barb's life she worked for many years in the seed and flower business for the late Misses Muriel and Daisy Patmore and then for Cecil Foster at Foster's Floral Fashions until her retirement in 1984. She took great pride in her work and thoroughly enjoyed her association with her workmates.

Barb was devoted to her family and home and loved working in her yard. Her granddaughters were the light of her life and they spent many happy times together.

She is survived by her daughter Carolyn (Doug) Crawley, granddaughter Jane (Jeff) Alex and great-granddaughter Serena, granddaughter Lois Crawley (Randy MacDonald), sisters Marion Frank and Evelyn Shelvey, sister-in-law June Moldeen and numerous nieces and nephews.

Barb was predeceased by her husband Lisle in 1982, her parents Geoffrey and Rosa Frank, her sister Bess Cook and brother Geoffrey Frank.

Funeral service was held Tuesday, December 21, 1999 at 1:30 p.m. in the Brockie Donovan Chapel with Reverend Dorrie Flook officiating.

Pallbearers were Cecil Foster, Jeff Alex, Dale Robins, Don Robins, Jim Frank and George Sheach.

If friends so desire, donations may be made to: Canadian Mental Health Association, 23 12th Street, Brandon, MB R7A 4L6 or Minnedosa Personal Care Home, Minnedosa, MB R0J 1E0, or to a charity of choice.

Arrangements were in care of Brockie Donovan.

"There follows a mist and a weeping rain, and life is never the same again."

Obituary

Peter Walter Rochelle

On December 1, 1999, Peter Rochelle's long, courageous battle with cancer ended as he entered into his final rest at age 88 at Fox Memorial Hospital.

Peter was born July 30, 1911, at the family homestead in Municipality of Strathclair, Manitoba, the sixth child of Ludwik and Maria (Gluszka) Ruzyle/Rochelle.

He attended school at Wesla and Elphinstone. At age eleven he was required to go to work in order to assist with family support. He began farming on his own at age 15. Seven years later he went to work for a saw mill in Crawford Park. In 1939 he went to work cutting pulp in Northern Ontario. Peter married Mary Melcosky in October 1942 with whom he raised a family of four children.

After another short stint of farming at McConnell, Manitoba, he began his true profession as a carpenter in 1946 in the Elphinstone area.

In 1957 Peter and Mary moved to Carberry in order to be closer to Peter's work in Shilo.

Peter then went to work for a company in Brandon building houses. He also built houses in Estevan, Sask., and several homes in Carberry. He was also a foreman on the initial construction of the Simplot Potato plant in Carberry. Peter was custodian of Carberry Collegiate for six years then went on to smaller carpentry jobs and a short stint building houses in Camrose, Alberta. No one has been able to establish exactly when Peter retired as he always seemed to be doing something.

In addition to family and work, he enjoyed fishing, golf, playing cards, curling, dancing and watching hockey at all levels. He was also a retired Elder from Knox Zion Presbyterian Church in Carberry.

Left to celebrate Peter's memories are his loving wife Mary, and children Barbara (Con Hirsch) of Medicine Hat, Alberta; Shirley (Brian Taylor) of St. Albert, Alberta; Walter (Erika) of Yorkton, Sask.; and Murray (Leslie) of Taber, Alberta; eight grandchildren and three great-grandchildren as well as numerous nieces and nephews who loved him dearly.

Cremation has taken place, and a memorial service was held from Knox-Zion Presbyterian Church, Carberry, Manitoba on Saturday, December 4, 1999 at 2:00 p.m. Officiating minister: Rev. Peggy Reid. Final Resting Place - Carberry Plains Cemetery.

In lieu of flowers, friends who so desire may make donations to the Carberry Plains District Health Centre Fund.

White's Funeral Home in care of arrangements.

Minnedosa Grain Growing Project

At long last the Minnedosa Grain Growing Project barley crop has been harvested and sold. Thanks to the work of many folk, our community is again making a significant contribution to alleviating world hunger.

Support for this year's project came from many individuals and companies. Many folk have also made cash donations to the project.

Through the efforts of these supporters, the Minnedosa Grain Growing Project committee estimate that approximately $10,000 will be sent to the Canadian Foodgrains Bank for the effort to relieve world hunger.

The Canadian Foodgrains Bank is a co-operative of 13 Canadian churches and will receive C.I.D.A. matching funds of approx. $40,000. The total of $50,000 will be coordinated and distributed by Canadian Foodgrains Bank in various countries throughout the world. All of this is a result of the efforts of Minnedosa and surrounding area folk.

Hockey News

Midget Girls Hockey

The girls hosted a very successful tournament hosting Hamiota, Gilbert Plains & Brandon on Sat., and Birtle, Virden & Portage on Sunday. On Sat., the girls lost 4-3 to Gilbert Plains in overtime in the A-side final, and defeated Brandon 3-2. Gilbert Plains defeated Hamiota 4-2. In B-side finals Hamiota defeated Brandon 5-2. Scoring for M'dsa in the final game was Tia Willis 1G,1A, Brenda Dowsett 1G, Jamie Boyd 1G. Assisting - Danica 2, Brandi Smith 1. Against Brandon - Danica Wotton 1G,1A, Carrie White 1G, Crystal Smith 1G,1A. Assists - Jami Boyd 2, Lisa LeBoutillier 1. On Sunday, in the final again, winning 8-0 over Portage. The game of the tournament was M'dsa and Birtle - final score 3-2 win after 4 periods of overtime. Julie McNabb ended the game in the 2 on 2 scoring. Also scoring were Brandi Smith and Jamie Boyd with assists - Lindsay Lewis, Brenda Dowsett. Portage reached the final by defeating Virden 5-4. Birtle managed a 4-2 over Virden in the B-final. Scoring for M'dsa in the final were Sherrie White 2G,1A, Lisa LeBoutillier 1G,1A, Carrie White 1G,1A, Tia Willis 1G,1A, Jami Boyd, Carmen McNabb, Brandi Smith 1G, with assists from Danica Wotton 2, Lindsay Lewis, Leslie McNabb, Crystal Smith 1 each. Excellent Goaltending by Amanda Workman and Wendy Nylen.

The girls travelled to Birtle for a league game to tie 4-4. Scoring were Brenda Dowsett 2G, Hilary Foord 1G,2A, Carrie White 1G,2A, Jamie Boyd 1A. The girls are in 1st place in league with 5 wins, 1 tie for 11 points.

The girls played Wawanesa Westman Falcons in Wawanesa, winning 5-4. Hilary Foord 2G, Carrie White 1G, Sherrie White 1G,1A, Jami Boyd 1G,2A, Julie McNabb 3A. Amanda Workman was excellent in net; and Hamiota Huskies, winning 4-1. Points by Sherrie White 2G,2A, Carrie White 1G,1A, assists - Julie McNabb 2, Lindsay Lewis 1. Amanda & Wendy shared the net. Exhibition play against Portage on Wednesday.

Home Economist Report

Home Economist

In Trouble.....

Many Manitobans will face a financial crisis at some time. Many debt problems are easy to solve. Others need professional assistance. The best way to deal with your financial problems is to admit them and get control before they get out of hand.

Industry Canada's 'Dealing with Debt: A Consumer's Guide" can help you decide whether or not you have a serious debt problem. It also gives some suggestions for solving your difficulties and avoiding them if the future.

Recognize the danger signals....

* You continually go over your spending limit or use your credit cards as a necessity rather than a convenience;
* You are always borrowing money to make it from one payday to the next;
* Your wages have been garnished to pay for outstanding debts;
* You pay only interest or service charges monthly and do not reduce your total debt over many months;
* Creditors harass you for payment, threaten to sue or repossess your car, furniture or television, or hire a collection agency to recover the money for them; or
* Utility companies cut off service because your bills have gone unpaid.

Possible Solutions:

Contact Your Creditors. Explain why you can't make your payments and suggest making lower payments over a longer period of time. You may be surprised but many creditors are willing to accept such arrangements.

Credit Counselling. Credit counselling services are available. Contact a local family or community counselling office or association to find out how to get in touch with such a service. If you have difficulty making a budget and sticking to it, counselling may help you.

Debt Consolidation Loan. You can ask a bank or financial institution about combining or "consolidating" your debts into one loan. In such a case, the bank or financial institution will pay off all your debts and, in return, you make monthly payments to the creditor.

Make sure to shop around because interest rates are different. it is important to stop buying on credit. Continuing to use credit could make your debt load too great for you to handle.

Consolidation Order. A Consolidation Order sets out the amount and the times when payments are due to the court. The court will distribute your payments to your creditors. This part of the 'Bankruptcy and Insolvency Act' you may make a proposal to your creditors to reduce the amount of your debts, extend the time you have to pay off the debt or provide some combination of both.

Bankruptcy. If none of the above methods solve your debt problem, you may choose to consider bankruptcy. Bankruptcy should be a last alternative if you cannot meet your financial responsibilities through affordable payments over a specific period of time.

Bankruptcy is a legal process performed under the "Bankruptcy and Insolvency Act". Because of your inability to pay your debts, you assign all of your assets, except those exempt by law, to a licensed trustee in bankruptcy. This process relieves you of most debts, and legal proceeding against you by creditors should stop.

Where to Go. If you decide that you would like more information about family finances or financial counselling services, you can contact Community Financial Counselling Services in Winnipeg or your local Manitoba Agriculture and Food Home Economist.

Minnedosa Legion Ladies Auxiliary News

The Legion Ladies Auxiliary to Br. #138 held their regular meeting Dec. 14th in the Club Room with 26 members present, presided over by President Muriel McManus. Roll call was answered by "What I am thankful for". Minutes of the previous meeting were read and accepted.

Nominating Committee brought forth names to fill Executive positions - these people to be sworn in in January: President Mrs. Muriel McManus; 1st Vice Pres. Mrs. Evelyn Baisley; 2nd Vice Pres. Mrs. Henriette Harland; Treas. Mrs. Edna Pelts; Sgt-at-Arms Mrs. Beatrice Andrews.

Life Membership was awarded to Verna Abel for her very much appreciated work done with the Legion Auxiliary and community. Marie Burgess and her rink reported a good time curling in the Plumas Spiel.

Zone meeting - delegates Florence Bayes and Evelyn Baisley, visitors welcome. Our auxiliary is hosting the meeting. Trays for shut-ins were packed and delivered Dec 15th.

A motion passed that we buy the First Aid Kit for Girl Guides. A donation is to be made to Star Burst Deer Lodge Foundation. Xmas greetings were received from Zone Executive, District Commands and Provincial President. Also from the school for our participation in Memorial Day Service, from a youth whom we helped sponsor to attend Legion Sports Camp at the Peace Gardens.. Wishing all a good year ahead!

Dr. Marsden's Bones.

THE managers of these institutions invite applications from farmers and others for their Dr. Marsden's Bones, which are guaranteed to be of much better value than any Bone Meal or Ground Bone on the market. They are put up in bags nearly No. 1, packed at one time at the Bone Mills, Owen Sound, and are shipped direct to purchasers, thereby saving the middle profits going to intermediate dealers. Prices and particulars may be had on application to the undersigned. Applications for carload lots should be made at once, as the supply is limited. The Heiress of Hillcrop.

BY CHARLOTTE M. BRAEME.

(CONTINUED.)

He had had day to visit a dying woman, and a sick child.

"This will not do," he told himself. "I must really pull myself together; I am still retained by fresh fits of great beauty; but her husband had taken to evil ways, and had neglected her and ceased to have her, therefore she was glad to die.

He tried to convey to her that the only real love was not earthly, but Heavenly, and through some of the brightest hours of that bright day he set by the side of the sufferer, consoling and comforting her, and in those few hours he learned one of life's sternest lessons.

"The best love is not of earth," he said to her again and again.

When he left her passing slowly to the sick child, and went out again into the pure fresh air, and then on and on, he knew, the summer wind, the happy birds, all seemed to be still singing the old refrain:

"Only a year ago, love—
Only a year ago."

But the curate tried not to hear it. The best love is not of earth, he had said; and, as he went on his way to visit the sick child, he was almost resolutely to keep the words in his heart.

Such a tiny child it was, so fragile and fair. The mother was clasping it tightly to her arms, as though she feared the Angel of Death might come unawares and grudge it from her. He had wrapped a shawl round the little one and brought it into the garden, so that the blue eyes might be gladdened by the sight of the flowers.

"It is not fever, sir," the mother told the young clergyman; "it is what the doctors have called 'decline.' My little child was so healthy and strong only a year ago! Only a year ago!" she repeated, sorrowfully.

The curate started at the words. He looked down at the little face, and it seemed to him that he could see the shadow of something like another face—the face of his lost love—the face that had been so fair, so bright, so full of life and beauty, and which he had seen for the last time in the cold, white, silent chamber of death.

"I do not think," he said presently, "that you are comforting the anxious mother, that your little one will ever have her former strength. You must not be afraid of telling her so."

"I would if I could," she replied sorrowfully.

He was not rich; but he put a coin into the servant's hand which caused her eyes to fill with tears.

"I know some kind-hearted ladies," he said, "and I shall not fail to promise you grapes and a few delicacies. By their aid we shall soon have your little Annie well again."

As he spoke the words, it was not Blanche Tollemache whom he pictured bending over the pale pretty child; it was the girl with brilliant eyes and dark eyes who had sung to him. He had forgotten Blanche as entirely as if she had never existed. His world had narrowed to the small chamber circle in which Mercedes stood.

"A kind lady shall come to see you, little Annie, and bring you some grapes," he said, bending over the child with a smile, and then took his departure, a mother's blessing following him as he went.

He walked home feeling like one who treads on air. He had a fresh reason for going over to Hillcrop—he must tell Mercedes about this sweet little child, who had been so strong only a year ago. He hastened home to his lodgings in the Ravelson, and reached Hillcrop in time for the cup of tea which seemed so much more fragrant than other beverage.

His heart was beating fast with gladness, his eyes were dim with happy tears, simply because he was again going to see the girl who had so suddenly become the star of his life.

It was not until he drew near the Priory that he thought of Blanche, for in his mind he had associated the Priory with Mercedes, and Mercedes with the beautiful face of Mercedes and her pathetic song.

How strange that the woman should have used those very words—only a year ago—only a year ago!

He was completely at home at Hillcrop that he seldom walked up to the principal entrance, but passed in at the pastern-gate. As a rule, Blanche knowing well the time of his visits, would be waiting for him there; but to-day, when he reached the cottage where the gate opened, no one was there. She was tired of life, she said. She was young, and still retained traces of great beauty; but her husband had taken to evil ways, and had neglected her and ceased to have her, therefore she was glad to die.

He tried to convey to her that the only real love was not earthly, but Heavenly, and through some of the brightest hours of that bright day he set by the side of the sufferer, consoling and comforting her, and in those few hours he learned one of life's sternest lessons.

"The best love is not of earth," he said to her again and again.

When he left her passing slowly to the sick child, and went out again into the pure fresh air, and then on and on, he knew, the summer wind, the happy birds, all seemed to be still singing the old refrain:

"Only a year ago, love—
Only a year ago."

But the curate tried not to hear it. The best love is not of earth, he had said; and, as he went on his way to visit the sick child, he was almost resolutely to keep the words in his heart.

Such a tiny child it was, so fragile and fair. The mother was clasping it tightly to her arms, as though she feared the Angel of Death might come unawares and grudge it from her. He had wrapped a shawl round the little one and brought it into the garden, so that the blue eyes might be gladdened by the sight of the flowers.

"It is not fever, sir," the mother told the young clergyman; "it is what the doctors have called 'decline.' My little child was so healthy and strong only a year ago! Only a year ago!" she repeated, sorrowfully.

The curate started at the words. He looked down at the little face, and it seemed to him that he could see the shadow of something like another face—the face of his lost love—the face that had been so fair, so bright, so full of life and beauty, and which he had seen for the last time in the cold, white, silent chamber of death.

"I do not think," he said presently, "that you are comforting the anxious mother, that your little one will ever have her former strength. You must not be afraid of telling her so."

"I would if I could," she replied sorrowfully.

He was not rich; but he put a coin into the servant's hand which caused her eyes to fill with tears.

"I know some kind-hearted ladies," he said, "and I shall not fail to promise you grapes and a few delicacies. By their aid we shall soon have your little Annie well again."

As he spoke the words, it was not Blanche Tollemache whom he pictured bending over the pale pretty child; it was the girl with brilliant eyes and dark eyes who had sung to him. He had forgotten Blanche as entirely as if she had never existed. His world had narrowed to the small charmed circle in which Mercedes stood.

"A kind lady shall come to see you, little Annie, and bring you some grapes," he said, bending over the child with a smile, and then took his departure, a mother's blessing following him as he went.

He walked home feeling like one who treads on air. He had a fresh reason for going over to Hillcrop—he must tell Mercedes about this sweet

CHAPTER XXVII.

"We do not see much of the young bachelor," remarked Mrs. Hospier, returning to Mrs. Hospier. I have been here for more than three weeks, and I do not remember to have seen him.

He has been from home," Mr. Hospier exclaimed. "I did not know it myself, or I should have supposed it to-day. I believe Lady Lancaster's knee had would not tell her, but he should have known that I was not at home."

Lone heart and go straight to Mercedes. Of all you meet there, she is the only one who will understand me."

I may as well tell you that Mr. Hospier, who is a confirmed gossip, and Lady Lancaster is very desirous that her son should fall in love with and marry Blanche, while I, for my part, should be only too pleased, and more than pleased, if the people in charge of that is all."

"It is a poor chance, seeing that the never meet," laughed Mercedes. "Will you not ask my prayer?"

"No, they will not—for—for—enough when he returns. I know his absence is unbearable to me, and I might as well tell you at once that I am not going to marry Blanche Tollemache. I am not going to marry anybody. I am only among a group of unmarried ladies. They have determined to marry their brother, of whom they were justly proud.

Mrs. Hospier, with a merry twinkle in her eyes, whispered to Mercedes:

"Some day I shall tell you about it, and making his way in this direction, but—"

For Sir Austin, having known his sisters, was hastening toward Mercedes.

"I have asked my mother to introduce me, Miss Stanley," he said, "but I need hardly have done so, as you are the cousin of my dear sister Constance. Although unfortunately she and I are not agreed on one point, yet I love her dearly."

He could not have more surely won his way to the girl's heart. As she looked at him, her brilliant eyes read

A new in-low to Allan liner has been ordered.

C. P. R. freight clerks in British Columbia are on strike.

Rat Portage citizens banqueted their champion hockey team.

Port de Paix, a maritime town of Hayti, was wiped out by fire.

Severe sentences were passed on referendum prisoners in Toronto.

The estimates for the public schools of Manitoba for the current year amount to $305,526.28.

Although warned by his physicians to keep out of the rain, Pope received 42 cardinals and spoke for half an hour.

Some 1,200 persons have called on the Tunisian for Halifax, the majority being new settlers for the Canadian west.

C. P. R. foremen on behalf of the maintenance of way employees presented Mr. J. [illegible] with a gold watch, address, etc., on the occasion of his retirement from the service.

The object of the Association of Women and Children is decided to petition the provincial government to order the sale of stamps for wife beaters. This form of crime is increasing and stronger punishment seems to have no deterring effect.

Help your children to grow strong and robust by feeding them anything that causes ill health. One great cause of disease in children is worms. Remove them with Mother Graves' Worm Exterminator. It never fails. Sold by all druggists.

A year ago a needle entered the mouth of a young Gilbert Plains lady. Recently it worked its way out of the throat of a Yorkton young man who makes frequent visits to the Plains. The physicians are in a broad study over the incident.

If you look at your calendar you will notice something peculiar about the month of February. The month begins and ends even, as a printer would say who has a "full" dose not begin or end with a paragraph. Each day of the week comes four times. In the last 132 years this has occurred only 11 times. The next will be 28 years it will occur five times, in 1914, 1925, 1942, and 1953.

A very valuable scientist has been passed in Kingston. A number of Jews exhibited together individually ordered six or seven tons of coal and individually paid $7 per ton for the same. Altogether they secured forty tons which they shipped to Toronto and sold there for $7 per ton. Last down in Toronto the coal merchants found that the men were making a profit of $1 on each ton.

Dr. Agnew's Ointment is the very quickest cure for itching piles. It relieves instantly, and a few applications afford permanent cure. It's peculiar power to cure piles is due to the fact that it is a soothing, healing, absorbing preparation, and is entirely unlike any other pile remedy. Sold by druggists, or mailed for price, 60 cents. Dr. Chase Medicine Co., Toronto and Buffalo.

PRESCRIPTIONS UTTERLY FAIL

To cure Itching and disfiguring skin diseases. But

DR. AGNEW'S OINTMENT CURES

on matter what other or how many other applications have failed.

Sometimes it is a speedy cure, and will, and she keeps it for her friends and her neighbors, having learned it as a sovereign remedy for all manner of skin troubles.

"Please hold the situation for me till April 1st," was the letter sent to the man who had been appointed to a position in the west. How little does the great province of Ontario know about the greater western land. It will have its eyes opened by and by.

Mrs. Wilson, a well known woman whose husband had recently died and left her a large amount of money. She was in the habit of going monthly to the bank to draw out a small amount to keep herself and little one. But one day the clerk was much surprised as she handed in her check for all the money. He gave it to her, but was suspicious, as she went and sat down in the farthest corner of the bank. After sitting there about half an hour she came back, and smilingly handed him the money, saying it was all right, as she only wanted to see if he was all there, and if it was keeping all right.

MINNEDOSA

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS.

[illegible] sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency) on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a home-lander in good standing may pre-empt a quarter section along side his homestead. Price $3.00 per acre.

Duties—Six months residence in each of three years, cultivate fifty acres and erect a house worth $300.

W. W. CORY, C.M.G., Deputy of the Minister of the Interior.

N.B.—In addition to free homesteads, thousands of acres of choice lands are obtainable in Manitoba, Saskatchewan and Alberta, at reasonable prices and on easy terms from railway and other corporations and private firms. For information, apply to the Secretary of the Department of the Interior, Ottawa, or to any Dominion Lands Agent.

Unauthorized publication of this advertisement will not be paid for.

[illegible]ore, with the [illegible]ease health, pleasure, [illegible]ck, sold direct, [illegible]ne, too, comes [illegible]ing. This is, of [illegible]ament days, and [illegible] a taste of the [illegible]e of camping. The [illegible]ery simple of [illegible]ese piles of bricks [illegible]d three feet long, [illegible]-half feet between [illegible]e bar. Three [illegible]ers—about [illegible]le—extend a little [illegible]ve by three and [illegible]ow over the bricks. [illegible]e bar is easily cooked, [illegible]ntinued by burning [illegible]ntil a handful of food is harmful [illegible]ve. Then set the [illegible], and the fun [illegible] camping without [illegible].

[illegible]ople you cannot rea[illegible] quality or healthful[illegible]ng and dining [illegible] crowding into [illegible]ve. You must get [illegible]y and sunlight. [illegible] and keep cool [illegible]e good order by [illegible] Refrigerator [illegible]ore, cause, in spite [illegible]dilloue in summary, and with the [illegible] the necessary [illegible] among the [illegible]

Under the head [illegible]istinations Dr. Wi[illegible]e and information [illegible]e safely past any [illegible] the mosquito he [illegible]mpetus from biting [illegible] all anxious to fal[illegible] sleeping north at [illegible] the following di[illegible]ar conspicuously [illegible] which are efficient [illegible] of mosquitoes, at [illegible]

[illegible] rubbed upon the [illegible] the pillow at night [illegible]ibaccine, oil of pen[illegible]the same manner, [illegible]peppermint, lemon [illegible] vinegar is also a [illegible]the best protective [illegible]tronella. Another [illegible]tion the formula for [illegible]at has been devised [illegible] of citronella, one [illegible]sophor, one ounce; [illegible] of cassia. A few [illegible]ethereal hang over [illegible] the head of the bed will keep the [illegible]ance house mosquitoes away. It may [illegible] also be rubbed on the hands and face. Another mixture, also quite highly recommended, consists of castor oil, one ounce; alcohol, one ounce; oil of lavender, one ounce. Another formula which has been used with good results is the following composition: oil of citronella, one ounce; liquid vaseline, four ounces. The vaseline gently retards the evaporation of the protective volatile oil. Other protective mixtures are a five-percent solution of sulphate of potash, oil of cassia, and kerosene.

The itching and discomfort which arise from mosquito bites may be relieved by the application of toilet soap. A cake of soap is moistened, and the mosquito bite rubbed with the moistened soap. Household ammonia, alcohol, glycerin, indigo, moth-balls, and iodine have also been recommended.

Buy it now. Chamberlain's Colic, Cholera and Diarrhoea Remedy is almost certain to be needed before the summer is over. Buy it now and be prepared for quick an emergency. For sale by all dealers.

Raspberries Canned, Uncooked

Mix together raspberries and sugar, pound for pound or half for half, with a wooden spoon or masher, crushing the fruit and sugar until every berry is broken. Have ready jars sterilized in boiling water, empty the jars and fill to overflow with the berries and sugar; adjust new rubbers and sterilized covers and fasten them securely. Store in a dark, cool place and they will keep nicely and have the flavor of fresh-picked fruit.

German Army Doomed May Feed French Other

Paris—You have heard the catch word of the trenches, "We shall get them," Now we should say rather, "We have got them," said one of the principal chiefs directing the operations of the French on the Somme to Georges de Maziere, the writer.

I don't mean to say by that that we are going to drive the Germans out of France and Belgium by a victorious push tomorrow, but that the Germans now are beginning to appalled at the prospect of a third winter campaign," he continued. "The German army is the weakest member or later and the cruelest, our enemy. Another formula which has been used with good results is the following composition: oil of citronella, one ounce; liquid vaseline, four ounces. The vaseline gently retards the evaporation of the protective volatile oil. Other protective mixtures are a five-percent solution of sulphate of potash, oil of cassia, and kerosene.

Tasting the Time

An elderly man from the country called at the home of a lady of artistic taste, and after signifying his acceptance of the role offered him, was invited to the dining room for refreshments. He consented so much time in this that the clerk became impatient.

"Please sign your name, please, snapped the clerk. The other guess, too, would like to register."

"See, here, young man," exclaimed the old man, don't you try to hurry me. I don't sign nothing I ain't read carefully."—New York Sun.

Curing the Sickroom

Keeping the sick-room cool in summer is often an hard to do as it is important. One way of reducing the temperature is to hang a sheet or two [illegible] before an open window and keep the material constantly wet. Keep the room door or an opposite window open. The water, evaporating in the draft, absorbs the heat and lowers the temperature.

Plum Conserve

Cut three pounds of blue plums into small pieces, remove pits, add one pound seeded raisins, if raw oranges cut in small pieces, the juice of two lemons, three pounds of granulated sugar, one pound nut meats, broken in pieces. Heat slowly to the boiling point, cook until the fruit is tender and thick. Fill jelly glasses and seal with paraffin when cool. Use the rind of two of the oranges, cutting it in thin strips and chopping fine.

Strawberry Dumplings

Put together one cup sugar, one tablespoon butter, two and a half cupfuls fresh strawberries, and two cups boiling water, and let simmer for a few minutes. Mix two flour, two teaspoons baking powder, a little salt, and three quarters cup rich milk. Drop the batter in dumplings on the boiling syrup, cover tightly, and boil for twenty minutes without removing the lid. Serve hot, with the same. Raspberry dumplings may be made in the same way.

During the summer months mothers of young children should watch for any unusual disturbance of the bowels. Nothing gives prompt attention at this time so much trouble may be saved. Chamberlain's Colic, Cholera and Diarrhoea Remedy is the medicine to be depended upon. For sale by all dealers.

Washing Sweaters

When I washed my fine white sweater it shrank so that I was scarcely able to get it on, said a young housewife the other day, the bottom dried in ripples and the pockets stretched to twice their size. Next time I stitched the pockets in place before washing. I prepared luke-warm suds of white soap and carefully washed the sweater in the suds, then rinsed rinsing it several times. I then squeezed it dry. Over my dressmakers' form I pinned a sheet and put the sweater on the form, pinning into shape and stuffing each arm with a rolled bath towel. When dry it was

Minnedosa and District Is Spot of Wondrous Beauty

Dr. E. H. Clark, Ex-Mayor of Minnedosa, Reviews The Town's Advantages, Beauties, Public Buildings and Affairs of Today

Where the rain-flecked waters of the Little Saskatchewan wend their leisurely way through a broad and fertile valley, flanked on either side by well-timbered hills, and at a point 180 miles west of Winnipeg on the main line of the Winnipeg-Edmonton section of the Canadian Pacific Railway lies the beautiful town of Minnedosa. Within the town limits a dam of rock and concrete across the course of the river, forming one of the most beautiful little lakes to be found in Manitoba. The lake is rapidly becoming a popular summer resort and [illegible] have sold in any way been or are estimated. The beautiful expanse of quiet water smiling between its hills, extending for miles up the [illegible] open banks richly clothed with luxuriant growths of trees and [illegible] and flowers, presents a most [illegible] and attractive appearance. On the west shore of the lake and [illegible] a number of cozy [illegible] cottages have been built amongst the trees. There are refreshment [illegible] and every facility for [illegible] boating, diving boards and all [illegible] for the summer ranger. [illegible] Minnedosa's [illegible] providing cleared [illegible] of old [illegible] asking rocks and picking [illegible], an electric lighted cottage, [illegible] furnished, and pure water from [illegible] spring. This camp is only half a mile from the business section of the town where will be found the very best of stores and shops.

Minnedosa was founded in the year 1879 and was then known as Tanner's Crossing. It marked the spot where early pioneers crossed the Little Saskatchewan river in going west into the country beyond.

In 1882 the Manitoba Northwestern railway was built into Minnedosa and as the road extended westward, became an active and important point in the operation of the road. Minnedosa is at present a divisional point on the Canadian Pacific Railway. There are seven miles of railway yards, a round house with capacity for 16 engines, machine shops, [illegible] stores and all that is necessary for the activities of a divisional terminus. In the town itself the railway pay roll for a district most admirably suited to mixed farming, being blessed with fertile prairies and groves, with numerous small lakes and rivers, assuring a good water supply, an abundant supply of timber including poplar, spruce, pine, tamarac, birch, oak, elm, and ash. The district is well drained soil. Grains of all kinds are successfully grown while steady progress is being made in the raising of quality of cattle, hogs and poultry. Dairying is an important industry and large quantities of cheese are shipped annually. The district north lends itself admirably to for farming and several fine and regular farms are doing well. The municipalities of Minnedosa, Odanah, surrounding the town are among the most prosperous in the province. The productiveness of the district is evidenced by the number of well to do farmers with good homes and well kept farms who [illegible] back in the Riding Mountain Forest Reserve. Minnedosa has much to offer to the tourist. After travelling for hundreds of miles over almost [illegible] prairie, the Manitoba district with its hills and valleys, lakes and streams and fertile groves [illegible] a most welcome to the traveller. The town itself offers everything to be found in cities, hotel accommodation, [illegible] and recreation grounds.

Minnedosa, as I said, lies at the [illegible] entrance to the Riding Mountain Forest Reserve, being but 10 miles distant, with a good road [illegible] to the reserve. Here [illegible] is to be found [illegible] concerning the natural [illegible] of the reserve as a recreation [illegible] for the tourist and sportsman. [illegible] there [illegible] from any settled part of the province and is an ideal [illegible] for all desirous [illegible] to get away [illegible] for a few weeks in beauty and [illegible] 12 to 24 miles wide and contains about 900 square miles of territory. Its elevation is approximately 2000 feet above sea level. For beauty and grandeur of scenery this area is unsurpassed by any district in Western Canada, east of the Rockies. The eastern portion is rough and mountainous, cut by deep gorges, and heavily timbered. To the east and south the mountains rise abruptly from the plains. To the south and west it is rolling and hilly covered with many lakes and heavy timber. The reserve is covered with magnificent spruce, balsam, pine, birch, tamarac and poplar with many stretches of open country which enhance the beauty of the district. Wild life is abundant. Countless herds of elk will [illegible] still roam at large, while ducks, geese, chicken and partridge nest and breed.

This area also contains numerous lakes for summer resorts, Clear Lake being the only one yet developed. This is a beautifully clear lake, situated at the top of the mountain, deeply [illegible] with banks, [illegible] with beaches and well stocked with fish. Summerizing I would say that from a standpoint of location, scenery, [illegible], accessibility, beauty and grandeur of scenery, wild life and summer resorts, the Riding Mountain Forest Reserve would make the finest [illegible] of any ground to be found in Manitoba. We have already been advised that this area is to be made into a [illegible] during the week of July 22nd to 28th.

MAIN STREET, LOOKING FROM THE SOUTH — 25 YEARS AGO

MRS. FRANK HOOK (Nee Armitage) Calgary, Alta.

FIRST WHITE CHILD BORN IN MINNEDOSA

THIS EDITION

This special edition of the Minnedosa Tribune is not historical, not particularly descriptive. It is more the expression of the thought that is in the minds of the Back Home Week committee, namely, that there is a real family feeling among Nonnedosans wherever they are and that a return, in person if possible, and in spirit at any rate, will be a good thing for us all. The motive is to bring back to you something of the [illegible] as to fan your mind upon the town you spent among us, to bring to you memories of happy days, to give you pleasure, to stimulate your desire to see Minnedosa once again. Thousands will peruse this paper. Many who can, will obey the impulse that comes to them through its appeal and come to the Back Home Week. To those who cannot come we hope the paper itself will give pleasure and to some extent at least, satisfy their longing for the old town. To those also, we would add, that through you with us they will be remembered.

SCHOOLS OF MINNEDOSA

Minnedosa's first school house was a log building on Minnedosa avenue, succeeded by the two room brick building on the south hill, which so early Minnedosans attended. About the year 1901, this building was destroyed by fire and the new building was erected on south Main street. The original building on this site was also burned and was replaced by the more commodious quarters in use today. By the year 1909, more accommodation was required and the school on the north side of the river was built. Minnedosa now has two [illegible] with a staff of fourteen teachers and an enrollment of 450 scholars. Grades up to, and including grade [illegible] are being taught.

The first teacher of Minnedosa schools was Mr. Jas. Campbell, who was commissioned by Lieutenant-Governor Morgan. Miss Walsh, J. A. Sparling, G. A. Grierson, Miss Shaw, G. Erskine. The present principal is Jas. Crossley.

Week of July 22nd to 28th Is Date Set for Big Reunion

Many Former Minnedosans Will Visit Their Old Home Town During The Week. Arrangements Completed by The Board of Trade and The Old Timers Committee for Royal Entertainment of Visitors.

We are holding a "Back Home Week" because we love and are loyal to our town. The celebration is not a money making enterprise, neither is it an advertising stunt in the ordinary sense of that term. We want to enjoy ourselves by getting reacquainted by others, by the thousands of former Minnedosans who are now scattered over this and other parts of the world. We want to see [illegible] by having some of them [illegible] again. We [illegible] to get together, not that we may [illegible] of that wonderful feeling that is said to be found in [illegible] Each old friend will recall to your mind incidents and circumstances that in various ways [illegible] with happy thoughts. The folk who are here, those who have remained throughout the years as well as the many others who cannot qualify as old timers, are on tip toe to welcome you to enhance by your presence the pleasure that will be yours through just being here among the old scenes. There will be [illegible] and [illegible] during the week and [illegible] will be [illegible] old time concerts, dances, picnics, [illegible] and [illegible] games, rowing and good natured fun for all. Let us have a family reunion in the old home town and [illegible] three days of [illegible] strong and true days of laughter when life was easy."

OLD-TIMERS' HEADQUARTERS, REGISTRATION BOOTH and INFORMATION BUREAU at MINNEDOSA ARMORY—Open the entire week.

To The Old Timers---

WELCOME

On behalf of the Council and inhabitants of the Town of Minnedosa, in the year 1909 I [illegible] extend a hearty welcome to all those old residents who may be able to return to the Old Home Town this week, and particularly do I desire to welcome the old timers who don't live in the town, but who have [illegible] in the past.

It may be presumptuous on my part to ask you to make yourselves at home, but we all wish to do what we can to help you to renew old acquaintances, to recall [illegible] which revive old memories, and carry on where you left off.

Many of you were more responsible for moving the old townsite from the neighborhood of the Old Fort to its present well-located ground brought in the selection of the new site, and if the advantages of the present location of Minnedosa has not brought with it an extension of the town to the limits you then prognosticated, it has been due to the natural march of events and not to any lack of loyalty in the location which you selected.

During the 40 years the Town of Minnedosa has been incorporated, there have been many changes, but many [illegible] are still residents, and of these Mr. F. J. McDermott holds seniority by many years having held the office in the years, 1891, 1895 and 1897.

I cannot close my message without a special word of praise to five gentlemen who have brought great credit to our town, namely, Hon. W. J. Roblin, Hon. G. A. Grierson, who have been members of the cabinets of the Dominion and the Province respectively; also W. B. Waddell, and the late J. W. Thompson, who were members of the Provincial legislature for Minnedosa, and to Brigadier-General H. M. Dyer, who brought great credit not only to his home town but to the whole Dominion during the Great War.

W. F. SIRETT, Mayor

Coronation Day Plans Will Be Discussed Monday

Preliminary plans for suitable Coronation Day celebrations will receive consideration Monday evening when public-spirited citizens will meet in the town hall at the call of Major W. J. Fisher.

It is understood that several programs will be submitted to the meeting by various organizations and individuals and these will be dealt with either from the floor or by one of the committees.

The meeting is called chiefly for the purpose of forming a central committee of representative Minnedosa citizens to supervise the celebration. This chief committee will be subdivided into several smaller groups for working out details of the general plans submitted. It is understood that the celebration will take the whole day, starting probably with a public service in the morning and a number of special programs during the afternoon and evening.

Brandon Skiers Enthusiastic On Possibilities Here

Fifty-five enthusiastic members of the Brandon Ski club made their annual pilgrimage to the Minnedosa hills on Sunday and spent the day having the excellence of Minnedosa hills for the sport.

The party arrived in three buses early Sunday morning and returned to Brandon late in the evening. When these members of the board of trade committee promoting other visits of a similar nature revealed the silver in showing their zest.

The Brandon club expressed enthusiasm of the possibilities for skiing and stated that they will in all probability make a further appearance this winter. Their first visit was made last winter.

Isabella Ousts Minnedosa From Championship Play

Minnedosa hopes for a provincial intermediate hockey championship were blasted Saturday night when a fast-charging Isabella team outplayed their local rivals to the tune of 7-0 goals to three before the largest crowd to join the Wilkie rink this season.

The Isabella victory completely upset the dope as the locals were picked hot favorite after the one-goal margin of Isabella's Friday evening. But they were wrong off their feet and the display they put on yesterday. The local team were slow defensively opponent who never stopped skating and who made every opportunity effective.

Isabella came out in the opening period eager to seize the one-goal advantage which faced them at the start of the second game of the series and they did just that. At fifteen minutes J. Pankhurst banged in the only goal of the period which closed with locals all over on the round.

Cully McDuff, hard-working centre-man, opened the scoring in the second game at 1.45 minutes and placed the Minnedosa team with a lead which they hoped to maintain. Isabella's offence work and assisting some of the Isabella ice started off the Minnedosa attack during the two minutes Isabella played one man short with C. Pankhurst in the penalty box. Toward the end of the period Isabella opened up and chalked up two goals from the efforts of Pankhurst and G. Kennedy to close at the end of the period with 3-1.

Both teams strove to add to their totals without effect until midway in the third period. Erickson added a pocket Minnedosa even on the round when he scored on a penalty shot at 12 minutes. Within a minute W. Shortall put the rubber in the lead with a fine effort. Three goals during the last period and blasted in his second at 14 minutes C. Whaley, clever centre-man for Minnedosa, scored on a long easy shot at 17 minutes but it was a fitting effort which lasted only until Shortall netted his third within 40 seconds of the final bell. In the latter part of the period Minnedosa, playing five forwards, was in a scoring position almost incessantly but missed goals by a hairbreadth.

At the final whistle of Referee Lyle Tisdall's whistle, the scoreboard read: Isabella, 6, Minedosa, 3. Final results of the round was an Isabella victory by a 6-4 score.

Friday evening's game at Isabella featured defensive play on the part of Minnedosa following their single goal of the game scored by B. Rachel in the early moments of play.

The teams lined-up as follows: Minnedosa—C. Whyte, goal; J. Stubbs, L. Erickson, W. Pelic, C. McDuff, H. Alexander, J. English, S. Sharpe, C. Whaley, M. Porter; Isabella—R. Warren goal; B. Reid, C. Shewell, A. Doyle, W. Shewell, G. Kennedy, M. Shewell, E. Pankhurst, F. Orr, C. Reid, E. Warren, H. Beverley.

THE OLD DAYS

Items from the files of The Minnedosa Tribune

50 Years Ago—1887

A supper and ball shortly to be held from Minnedosa to Lake Dauphin, and settlers will in future be allowed to take up land without visiting or becoming according to word received from J. D. Gillies, M.P.P.

Five, which raged for two hours Thursday morning, wiped out a large portion of the business block at an estimated loss of $18,000 in the worst disaster in Minnedosa's history. The fire started in the building occupied by Leslie and Pearson and could be only partially controlled by the supply of water, even aided by a complete lack of wind.

In preliminary returns from Marquette Candidate Marion is leading over Major Boulton in the Dominion contests.

45 Years Ago—1892

Rev. Mr. Holy left last week for his extended visit in England where he will spend a few days in order to secure settlers for this district.

Jos. Burgess, J. S. Thompson, W. A. Sargent, H. G. Cully and Alex. Roche returned Saturday from Winnipeg where they attended the Grand Lodge meeting of the I.O.O.F. Bro. Roche was elected provincial Deputy Grand Master at the meeting.

The rain Monday was a surprise at this season of the year.

Colonel T. L. Bate, genuine neutrality unrestricted, is the latest and Minnedosa property owner in a candidate for congress at Richmond, Va.

40 Years Ago—1897

It is probable that a lodge of Oddfellows will be formed in Minnedosa to operate in the Lake of the Woods or Rainy River district.

Bertie is threatened with a shortage of wood for fuel owing to much having been used for the cover the timber and other posts.

The mill is again in operation and the activity is a welcome sound to the town here.

The wheat donated by the Franklin farmers to the Patriotic Fund realized for the Indian famine fund.

35 Years Ago—1902

In consequence of stone entering at the Minnedosa quarry the contract for the Minnedosa hockey team will be let at a future date.

The Rev. Mr. Hall, missionary priest to the organization of a company of mounted infantry at Minnedosa.

Lord Hindley and members of the Methodist congregation celebrated the payment of their mortgage by serving Christmas dinner in the church auditorium.

A project is on over about 25 acres of ground a short distance up the river last week.

30 Years Ago—1907

At a joint meeting of the school boards of Minnedosa and Rossburn, held here this week it was resolved to build a high school midway between the two and add two rooms to the present school, providing the latter town does not select the present site for a new school.

Surrounded by friends, Mrs. Swanston gathered Tuesday afternoon in the United church to pay last respects to Mrs. Swanston, who died on Friday. She had grown to know and love during her 25 years as a resident of Minnedosa. The services were conducted by Rev. F. J. Jamson assisted by Rev. J. Hunter, after which the funeral moved and at Minnedosa cemetery, where the last sad rites of christian burial were administered. Pallbearers included Mr. Swanston's two sons, Mr. W. Blanchard, J. T. McCool W. Mann and G. W. Phelps.

A native of St. Mary's, Ont., Mrs. St. John was born September 7, 1845 and lived in her native town for over thirty years before coming to Manitoba. In 1872 she was married in W. B. St. John and for a time resided with her husband in Walkerton, Ont.

For six years from 1878 to 1884 the family lived in the United States before returning to Canada to homestead in the Minnedosa district. In the same year Mr. and Mrs. St. John moved to Minnedosa where Mr. St. John operated a photographic studio, and began a residence here which lasted for 23 years.

For a number of years, Mrs. St. John was organist at the Methodist church, and also sang in the choir. Until a few weeks before her death she continued to play the piano and her musical vertuals were a regular event.

25 Years Ago—1912

The Tuckett silver trophy in the Winnipeg bonspiel was won by the rink skipped by Hugh Sutherland. The record of the rink: was: N. H. Little, F. H. Halpenny, G. Bolton, W. H. Wright, H. Gray, A. Sharley, R. Morrison, Dr. Drummond.

A fine golf club ride was executed in favor of church union at the Minnedosa Presbytery meeting held in Knox church, Tuesday.

The C.P.R. will spend $20,000 for engine housing and terminal facilities at Minnedosa and will lay a branch steel from Portage here.

A pretty wedding at young couples are being married in Hons Valley at the order of spiritual advisers, the ceremony of the present most eccentric but being considered necessary.

20 Years Ago—1917

In the recent examinations in connection with the Methodist church the following were successful: Margaret Averill, Christina Thorsteinson, Edna Bowles, Ida Bell, Mary Ann Casey, Jessie Thorsteinson, M. N. Pederson, Ida Erwin, John Hansen, Anthony Crawley, Winifred Leigh, Gladys Thorsteinson, Cassie Averill, of Minnedosa; Ida Bell, Woodvent, Marjorie Hallett, Sedaney; W. L. Adair, Wm. Lavery, J. D. Hammond, S. D. Lawson, Newdale.

The girls auxiliary of the Minnedosa Red Cross added over seventy dollars to their funds following the tea and sale held in the town hall last week.

Rev. F. J. Price united in marriage Miss Gladys E. Connor, of Westhope, and Thos. J. Taylor, of Bethany, at the Methodist parsonage, Feb. 20th.

Hopes For Hockey Champions Hinge On Midget Team

Sole hopes for a provincial hockey championship in Minnedosa hinge on the success of the Maple Leaf midget team, following the defeat of the intermediate team last week.

Under the joint tutelage of Coach Les Erickson and Manager Ken Wilcox, the Maple Leafs have chalked up an impressive record during the season and boast of eight victories against two losses.

The Maple Leaf team will be one of probably ten entries in the midget race this season and the likely opponent in the first round is a Brandon team. Actual play in the series will begin in about two week's time.

Despite lack of publicity the team has played in several outside points including Binscarth, Birtle, Erickson, Rapid City, and have rolled up a total of 65 goals scored with only 23 allowed. Both losses suffered were from overtime teams.

The team has been playing with practically no change in line-up for the past three years and are credited to Hoadley, L. McLean and F. Ross; defencemen, C. Hunter and J. Beaker; and forwards, K. Morton, E. English, A. Bembridge C. Harris, J. Alexander, R. Alexander, D. McAdam and B. Docking.

George Soulsby, In Retirement, Is Eighty-Seven

George Soulsby, benign old pioneer of the Clanwilliam district, is receiving congratulations this week on the occasion of his 87th birthday which was celebrated last Friday.

Enjoying perfect health, with the exception of a slight weakness, Mr. Soulsby is living quietly in retirement at Clanwilliam where he moved in spring to homestead one mile south of Clanwilliam last year. Each Sunday he walks to St. Mary's church at Clanwilliam where he is a regular attendant.

Until his retirement, residents of Clanwilliam looked forward with pleasure to each Friday which brought the familiar sight of Mr. Soulsby driving his yoke of oxen through the streets on the way to pick up his mail. On these days he came occasionally to Minnedosa.

A native of Wallerod-on-Tyne, near Newcastle, England, Mr. Soulsby was born in 1850 and came to Canada at the age of twenty-eight. On his arrival in 1878, Mr. Soulsby secured a homestead in the Clanwilliam district and lived there until his retirement a year ago. He never married.

Mrs. W. B. St. John, Pioneer Resident, Dies Sunday Night

The ranks of Minnedosa pioneers were thinned again this week in the death on Sunday night of Mrs. Mary St. John who passed away here Sunday evening following a short illness.

Services were held from the Methodist church on Tuesday afternoon in the United church to pay last respects to the late resident, after which they were taken to Minnedosa cemetery, where interment took place. Pallbearers were six sons, W. Blanchard, J. T. McCool, W. Mann, G. W. Phelps, W. Phelps and E. St. John.

Born in St. Mary's, Ont., Mrs. St. John was born September 7, 1845 and lived in her native town for over thirty years before coming to Manitoba. In 1872 she was married in W. B. St. John and for a time resided with her husband in Walkerton, Ont.

For six years from 1878 to 1884 the family lived in the United States before returning to Canada to homestead in the Minnedosa district. In the same year Mr. and Mrs. St. John moved to Minnedosa where Mr. St. John operated a photographic studio, and began a residence here which lasted for 23 years.

For a number of years, Mrs. St. John was organist at the Methodist church, and also sang in the choir. Until a few weeks before her death she continued to play the piano and her musical vertuals were a regular event.

And a life member of the Women's Missionary society and had been a member and active worker of the church for over sixty years. This year Mrs. St. John was honored by the presentation of a life, Chicago, chip badge by the Salvation Army.

Predeceased by her husband in 1931, Mrs. St. John leaves to mourn her passing three sons, Charles W., Vancouver, Carl L., of Minnedosa, Percy of Winnipeg and four daughters, Mrs. Blanche St. John-Baker, Los Angeles, Mrs. H. Brown, Winnipeg, Mrs. P. P. Chandler, Hope, N.D., and Miss Jeanette St., all here.

A brother, William Legge, of St. Mary's, is also living. There are ten grandchildren, and one great grandchild.

Board of Trade Attempts To Establish Brewery Here

Local Business Men Approach Carling's and Labatt's Urging Minnedosa As Favourable Location—Town Centre of Malting Barley Industry—Water Here Is Of Required Quality—Transport Facilities Good

Representative of Manitoba's beers was settled in Minnedosa during the past week as members of the board of trade moved to secure the establishment of a brewery here.

Correspondence is being carried on between two major breweries in the east, Carling's and Labatt's, and the board of trade, according to statements issued by the executive this week. It is understood that several breweries are considering the advisability of establishing homes in the west and that a number of western centres are working on the project.

Minnedosa business men point out that the water in Minnedosa is second to none in Manitoba and expect that samples of both local and city water will be sent to the brewing companies for analysis. The chief attractions presented by Minnedosa as a suitable centre for the eastern companies are its convenient location to larger centres and the transport facilities in these places throughout the year due to all-weather highways and the C.P.R. divisional system.

It is understood that cities in Manitoba are shunned due to the high rates, as well as the lack of good water. Minnedosa business men are confident that a suitable last adjustment could be effected between town authorities and the brewing companies should the latter determine to establish a branch here.

The Minnedosa district is in the centre of the best malting barley district in the west and board of trade officials are confident that these attractions will greatly affect the eastern breweries in choosing a western location.

Line O' Type or Two

The Pot Simmers

Election activity, up to now decidedly quiet in Minnedosa, promises a faster pace for the next few days. Committee rooms are being opened and heavy-weight speakers are coming to address local gatherings. Another indication of the election pot coming to a boil is frequent arguments heard in the haunts of men, this according to reports. The Liberal committee rooms are in the building south of the C.P.R. tracks at Main street crossing and the Conservatives will have a meeting place in the Odanah council chamber on the second floor of the Taylor Bldg. (Iron Front). The heavy weight speakers here this week are Hon. H. H. Stevens of price-spreads fame, tonight, and Hon. T. A. Crerar, one-time member for Marquette, tomorrow night when he plugs the Independents have not announced committee rooms nor campaign speakers, but there is activity in their camp, nevertheless.

●

No Charge?

Many hydro users in Minnedosa appear quite concerned over the fact that no bills have been received from Manitoba Power Commission, for January light and power. Knowing claims there will be no bills for this long dark month because of pending elections. Another tells the tale that one bill has been received, and that went to a person with certain political affiliations. Still others are hoping it is a mark of appreciation for continued generous patronage. This department believes the bills will be forthcoming, and feels also that they may be higher than usual.

●

Ad Of The Week

Lost: Somewhere between a Nespawa home and the dismal works a set of false teeth. If found, return to this office and they will be returned to their rightful owner, who lost them as a result of a bout with an argument with sea-sickness symptoms.—Neepawa Press.

●

Sock Epidemic

The Rapid City Reporter wonders what mouthwash manufacturer will give husbands a break by marketing their wool in balls instead of skeins? Having to throw aside your newspaper, cut a snooze in half or temporarily give up your pen just to wind a ball for you, is a bit too much for any husband, and we're surprised the previous trial straw before this sock epidemic is over.

●

No Luck

Minnedosa Curling club representatives to bonspiels last week failed to get into the jewellery. The Burgess rink returned Saturday from Virden, the Johnston aggregation arrived from Flin Flon Tuesday.

●

Co-Operation

Two foul jokesters—now get this straight—

Were tied together with a piece of rope.

Added one to the other, "You come my way.

While I take a nibble of newsprint today."

"I won't," said the other, "you come with me,

For I, too, have some hay you see."

So they got nowhere, just paused up dirt,

And oh, my gosh, how that rope did hurt.

Then they faced about, those stubborn mules,

And said, "We're just like a couple of human fools.

Let's get together, I'll go your way,

Then you come with me and we'll both eat hay."

Well, they ate their hay, and liked it fine,

And swore to be comrades good and true.

And the way went down they were heard to say:

"Ah, this is the end of a perfect day."

So let this lesson—don't let it pass,

Learn this one thing from the poor jackass

We must pull together—it's the only way

To conduct your business and make it pay.

THIRD CONTINGENT OF CANADIAN TROOPS LAND IN ENGLAND

Troops of the third contingent of the First Division of the Canadian Active Service Force disembarked here yesterday, passing their overseas journey without incident. Scores of curious onlookers on the British port under the interested eyes of railway porters and dockside workers watched the arrival of Canadians in England during the last war. Canada's soldiers are now disembarking upon their arrival on English soil with the greatest secrecy and the movements of Regiments and land forces are closely guarded. Every precaution is being taken to prevent any possible espionage as an unfortunate incident in training camps greatly detrimental to start us where these fathers left off in 1918 as it heads the job.

Juveniles Tie In Playoff Game

Minnedosa's classy juvenile team met the Brandon Flies in the first round of the province-wide playdowns Monday night at Brandon and the final of the two-game total-goal series ended in a deadlock score of 1-1.

The crowd could raise no complaint as they watched the fast evenly matched teams battle on the ice, with players of both sides struggling for the breaks in the flying moments of the game.

The teams played fast hockey during the two scoreless periods, with both goalies making sensational saves, to leave the score at the end of the period.

First blood of the game was drawn in the third period, when Jack Whyte, Minnedosa's first string centre, staged a brilliant solo rush to slam the rubber past Hurst on the Brandon nets for the first goal of the game.

Two minutes later Brandon evened up the score, when Minnedosa played short with a man in the penalty box. Brandon made no mistake and that extra goal to win the series.

The teams lined up as follows: Minnedosa—F. Dowds, R. Alexander, J. Vann, B. Docking, C. Clark, J. Whyte, D. McAdam, B. Alexander, T. Morton, Don McAdam, A. Bygrave, Ken McKenzie.

Brandon—Hurst, Ed. Kind-man, J. Shaw, B. Courtice, J. Wolkenden, D. Carey, Rod Broom, L. Bridges, J. Collins, A. Weeks, Ivy, R. Jones, J. Cuthbert, C. Sharra.

Rookhurst Wins Cribbage Tourney

Rookhurst cribbage players made a clean sweep of the Legion cribbage tournament Monday night when both the main event and the consolation final played-off in the Legion hall Friday evening.

T. Harland and A. C. Scott won the main event by defeating Jack Cameron team of Delmage and Potts, while the consolation was taken by R. Herland-H. Brugger.

Other results were as follows: T. Harland and A. C. Scott defeated Mrs. C. Logan-J. Logan; E. Delmage-J. Potts, Cameron, defeated H. Boyd-D. Cameron, Bethany.

In the consolation event the results were: R. Harland - H. Brugger defeated the Cameron team of Boss-Ray Delmage; C. Dow - S. Woodcock, Bethany, defeated Mrs. Prowen-H. Wake, Minnedosa; A. Bethany and Rookhurst entering the finals, which Rookhurst won.

Prizes were presented to the winners by E. J. Howe.

Three Local Men Called To Colors

Three members of the 12th Manitoba Dragoons, C. of Minnedosa, have been called up for active service with the C.A.S.F. They are Sergeant A. Lamb and Sergeant Sims, and Sgt. Major M. Nordstrom. This was announced following their return from Winnipeg late last week.

Sgts. Lamb and Sims are proud to the Fort Garry Horse of Winnipeg and have served with Sgt. Major Nordstrom has been accepted by the Royal Canadian Air Force, and is subject to call at any time.

The horse have been members of the 12th Manitoba Dragoons a unit of the non-permanent active militia, for several years.

Corporal Gilpin Heads Minnedosa R.C.M.P. Detachment

Corporal G. F. Gilpin arrived last week from Brandon to take charge of the R.C.M.P. detachment here. He succeeds Sub Inspector Thrasher, who was transferred to Regina three months ago.

Corporal Gilpin has been associated with the Royal Canadian Mounted police for the past 26 years. Prior to coming here he was in charge of a sub-detachment at Brandon. Mrs. Gilpin will join her husband here at a later date.

Creek At Bethany Ceases To Flow

Residents of Bethany and district report a severe water shortage this week, due to frozen creek, or gone dry, and the creek, one quarter of a mile south of Bethany, having stopped flowing.

At no time within the memory of the oldest old-timer of the district has the flow of water in the creek entirely ceased, and the shortage of water this caused is serious.

With practically no snow this winter it may be some time before a normal flow of water is again reported.

Table Tennis Trophy Retained

Jeanette and Margaret Cavin retained their laurels in the ladies' doubles event at the Western Manitoba Table Tennis Association meet held last Wednesday in Brandon, when they defeated the Misses Hickling and Dietrich in the final.

J. Cavin but the ladies' spiggle final by a narrow margin to Mrs. Sullivan, who had previously defeated M. Cavin in the semi-final round.

G. Grout captured the men's singles trophy, and Grant and M. Cavin were defeated in the semi-finals of the mixed doubles by Mr. and Mrs. Milne.

Juveniles Lose To Neepawa 6-4

Neepawa juveniles scored a 6-4 win over the Minnedosa juveniles in the second game of the two-game total-goal series played in Neepawa Monday night, to win the series by a total of 7-5.

Minnedosa juveniles had held a one-goal lead from the first period, but were forced to the Neepawa barn in the second goal. Each packing it in in a scoreless third period.

J. Vann made it 4-3 halfway through the third period, and Alexander and Docking added through and assisted by a new goal to the score at 4.

From then on Neepawa surged around the local nets, and in a flurry of shots scored three goals in the last two more goal lines, to end the scoring at 6-4, and the game ended in a blaze of checking and trapping.

Penalties 1st period, Tyler, Docking, 2nd period, Sewell, Gosher; 3rd Neepawa 3, Minnedosa 34.

Line-up: Minnedosa—Boss Morton, Vann, Clark, McDonald, Alexander and Docking; Neepawa—Tyler, Docking, Bygrave, McKenzie.

Neepawa: Farrell Gunn, Sewell, Tyler, Gosher, Sprague, Griffith, McAtee, Moran, Rodgers.

Social Credit Entry In Neepawa Riding

With the announcement that J. H. Duffy, of Redwood, has accepted the Social Credit nomination as candidate in the forthcoming federal election, four candidates will be out to the polls in Neepawa constituency.

The four candidates are: F. D. MacKenzie, M.P., Liberal-Progressive; Hon. T. G. Murphy, Conservative; Wm. Kennedy, C.C.F., and J. H. Duffy, Social Credit.

Mr. Duffy was elected Credit candidate in the last provincial election but was defeated. It is understood there is a large social credit following in the Redwood district, and there name the intention to enter the campaign.

Second Local Entry In Hockey Playoff

Minnedosa's second entry in the provincial hockey playdowns was announced yesterday, when the Minnedosa town team, composed of players from Neepawa and Minnedosa will meet Brandon juniors in the first of a two-game series in the provincial junior B playdowns the later part of this week.

L. Wiley, A. Bentzedge, E. English, J. Alexander and J. Brake are the local players on the combined team, and together with two defencemen and a forward line from Neepawa, as yet announced, should make a powerful outfit.

Town Council Supports Plan For Community Rink Building

Salvation Army Organize For National Appeal

The Salvation Army next Monday opens its national war and home service campaign for $1,000,000. Plans for an organized drive in this community are under way.

The canvass committee for the town is not yet complete, but it is expected members will be named within the next few days and the drive will open Monday. Dr. G. Brooks is chairman of the committee for the Clanwilliam drive, T. H. Weekes is secretary-treasurer. Members of the executive are Allan Cook, M. N. Pederson, J. Laugster and J. Alexander. Reeve M. Madill is in charge of the canvass for Bethany district.

Erickson Blanks Minnedosa 7-0

A team of midgets from a place called Erickson, blanked Minnedosa's midget hockey team 7-0 in an exhibition game played here last Wednesday.

The Erickson team were better organized, with more speed and weight, and were never seriously threatened. Minnedosa missed many scoring opportunities.

Line-ups: Minnedosa—D. Anderson, G. Mummery, J. Krutmuski, B. Mummery, A. Biel, A. Brako, M. Graham, E. Pelis, B. Deacon, B. Alexander.

Erickson—A. Armstrong, A. Anderson, J. Beaton, W. McKay, K. Swanson, M. Neilson, S. Nystrom, V. Buxton, J. Wasel Reeve, M. Mummery.

Newdale Supports Salvation Army Drive

Arrangements have been completed and committees appointed in Newdale to supervise the Salvation Army's national appeal campaign which opens Monday, March 11.

Chairman of the committee is Stanley Brown, and other officers are as follows: secretary, Mrs. A. J. Murray; treasurer, W. Cowie; committee, J. D. Adamson, W. Cameron, E. Westaway, W. McKenzie, Neilson, S. Wilson, F. Otten, G. Southam, Mrs. R. Kippen, Mrs. Mabel Young, Mrs. K. Buskie.

Minnedosa Girls Beat Foxwarren 3-2

Minnedosa's Girls' hockey team opposed out a 3-2 win over Foxwarren's girls' team in the first game of their two-game total-goal series when they met Friday night at Minnedosa rink.

Minnedosa girls played faster hockey and the locals, while hopelessly outclassed in the first period having many games this season, Jody Harrison was top scorer for Minnedosa with two goals, one in each of the last two periods. Ruth Wood scored their only goal in the third period.

Cecily Sharp in the final period. Good work by Elsie Erlandson in the Minnedosa nets, who stopped some rare goals.

Line-ups: Minnedosa: E. Erlandson, J. Harrison, N. Bird, Y. Thompson, B. Bailey, A. Erlandson, J. Harrison, P. Mummery, N. Bird, V. Buchanne, C. Sharp.

Foxwarren: N. Jackson, N. Fallows, L. Fallows, J. Fallows, B. Fallows, E. Fallows, L. Fallows, Ruth Wood, Y. Ferguson.

Following the game the teams were entertained by the General Hugh Dyer branch of the Canadian Legion.

Erickson Wins Hockey Tournament

Erickson won the hockey tournament sponsored by the midget hockey team and the Red Cross here last week at Erickson, when they defeated Westmount 4-0 in the final game.

Entries for the tournament included Dauphin, Westmount, Crawford Park, Clanwilliam and Erickson.

The first game on the draw ended in a 3-2 score for Erickson over the Dauphin boys, after a close game. Westmount and Crawford Park met in the second game Westmount winning 7-2. Clanwilliam got the bye into the second round, but were defeated by Erickson 3-1, Erickson and Westmount meeting in the final.

Hopes for the erection of local new skating and hockey rink in Minnedosa during the coming season received a new high this week when rink association officials realized the support of the town council at Monday evening's council meeting.

Interviewed by a delegation from the Minnedosa and District Community rink association, councillors assured their hearty cooperation toward the early completion of the proposed building. First action taken by the council was to make formal application to the provincial department of labor for assistance under the federal-provincial civic improvement plan. Members of the council and the rink association then conferred with Mr Glen in this connection Tuesday.

Delegated to meet the council were Mr. Hoadley, association president, G. A. Huthly, campaign committee chairman and R. Russell Mr. Houston, in introducing the proposition to council members, briefly reviewed activities of the association to date and appealed for the town cooperation in bringing the project to a successful conclusion. He stated that the committee feels confident that the necessary funds can be raised providing government assistance is available.

Delegates pointed out that similar assistance had been accorded towns erecting new rinks during the past year. Under the plan the government pays the entire labor cost, which is estimated at approximately one-third of the total cost of the building.

Mr Huthly gave in detail the proposed scheme for financing the project. It is the intention that the building when completed should be town property, to be leased to an organization or group of persons for operation on a rash rental basis. The rental would be $1,000 per year, which will be returned to subscribers in the rink fund. It is not expected that any interest would be paid on money advanced, but it is expected that the committee that the principal sums would be repaid within a term of years. It will be necessary to raise in the neighborhood of $8,000 by subscriptions from residents of the town and district, Mr. Hoithy said.

At the meeting with Mr. Glen Tuesday evening the proposed financing was further discussed. Mr. Glen intimated that he should be on hand for this site should be without a suitable rink and agreed to communicate immediately with Ottawa officials in this matter. Applications are still available under the civic improvement scheme. Mr. Glen expects to know a reply by Friday, when he will be in town to address a meeting.

Meanwhile the rink association is proceeding with plans for raising funds and at the annual meeting of the association will be held next Friday afternoon in the town hall, to which all interested persons are invited.

●

Albert Dipper Dies Tuesday

Funeral services will be held today for Albert Dipper, Fairmont farmer, who died Tuesday following a lengthy illness. Services will be held at Fairmont church and burial will take place in Fairmont cemetery.

Born at Gloucestershire, England, Dec. 2, 1876, Mr. Dipper came to Manitoba and this district in 1899, and has resided on his farm in the Fairmont district for more than forty years. He was unmarried.

Harry Dipper, of Basswood, is a brother, and two other brothers and a sister reside in England.

Guides Honor Miss C. Sharp

Minnedosa Girl Guides entertained at a skating party tendered in honor of Miss C. Sharp, who left Sunday for Winnipeg.

On behalf of the two companies Mae Sharp was presented by Ann Lamb with a pair and a Guide ring, and, on behalf of the local Scout troop, with a perpetual calendar. The table from which the gifts were taken was covered with a lace cloth, and decorated with gold trefoils and a large horseshoe. Following the presentation the Guides joined in sing "For she's a jolly good fellow" and "Auld Lang Syne" Games, a sing-song and lunch

Blaze Burns Chicks

A fire at the home of Ormand Burton, five and a half miles out on the Clanwilliam road, burned to the ground 600 chicks, destroyed a granary being used as a brooder house, and scorched the barn and the grain auger. The auger itself was pulled out of the fire before it was completely destroyed.

The Burtons, awakened at 3:00 a.m. Thursday morning to see the chicken house going up in flames. They ran right outside but the roof was already blazing and the inhabitants were an inferno. The chicks inside couldn't be saved, nor the building. All that was salvaged was the auger.

It was too late to call out the fire department to get the water of Loughboro Brook-yet there was no grain stored.

Loss to the building alone is estimated at $2000. There was no insurance on the building.

Music Festival Honors Shared

Besides the honors brought home from the Gladstone musical festival by the girl's choir, Bette Koundakjian won the cup over all classes for eight reading in poems. She studied up 95 points to win the cup.

Bobby Bullard came second in Grade III piano.

No reports are in on the violin contestants.

Juveniles Steal From Homes

Thieves broke into the home of Dane McGinnis out in the Big Valley and pilfered a small amount of food and other items, sequential items. The Minnedosa detachment of the RCMP investigated three Indian boys for questioning. It was discovered that they were pilferers at the 7B indian reserve for Indians in Brandon and had run away. They admitted their guilt and also confessed to entering another dwelling between Brandon and Minnedosa.

In both cases it was apparent that they were not out to steal anything of value but were more interested in food. As neither party wished to prefer charges, the boys were returned to the sanatorium.

Fire Engine Kept Hopping

The Minnedosa Fire Brigade got a chance over the week end to take some fresh air. Two false alarms for brush fires were made. One Saturday afternoon and another Sunday afternoon. Both of them were at the west end of town and turned out to be nothing more dangerous than residents burning off dead grass.

It did give people something to think on Sunday afternoon as traffic streamed up the hill.

Mystery Surrounds Shooting

Mystery surrounds the shooting that took place Sunday afternoon on the Clanwilliam road.

Ray Forest reports that he was driving in his truck up the Clanwilliam road when he met a Pontiac coming down. As he passed the car he heard a thud on his truck as though it were hit by a stone and felt a sting in his leg. Upon investigating he discovered that he had been shot in the ankle with a .22 bullet.

The shooting was reported to the RCMP. The bullet had gone through the side of the truck and was pretty well spent when it hit Mr. Forest. He could give no reason why someone would shoot at him. And he was unable to give any more details than those reported except that he didn't recognize the car or the driver.

Dr. R. Hoch treated the wound and allowed him to return home. The mystery is under investigation.

Minnedosa Credit Union Continues To Expand

The Minnedosa Credit Union reports another increase of 22 members over the past month, which brings it to 19 the number of new members since the beginning of the year. This has been the largest increase of memberships since the credit union was formed for such a short period. Usually, this number of new members isn't signed up over a 12 month period.

One of the big draw backs at the present time is that there isn't enough capital on hand to meet all the required loans.

A report on the North West district five meeting held last month in Gladstone shows that F. E. McNab and Bernard Pearcy of Minnedosa were appointed to the Board of Directors for North West Credit Unions. Other directors were N. J. Mandzuk, Oakburn; Mike Boyer, Solsgarth; H. Gottingham, Hartney; Miss Elsie Charles, Sandy Lake; and A. L. Somers, Strathclair.

A program for officers school and area meeting will be held in Strathclair on April 13. Anyone from that come up for discussion was that

Strathclair Boy Hurt In Accident

Douglas McIntyre of Strathclair, was seriously injured last Friday, May 5th, when ran over by the rear wheel of his fathers truck. The loaded truck ran over part of the boy's body and broke one leg. He is in the Brandon General Hospital and is reported to be in fair condition.

Douglas, the eldest son of Mr. and Mrs. V. W. McIntyre, was playing around the granary where his father was loading the truck. The father doesn't know just how the boy got under the moving truck but he did not see him at the time of the accident.

Town Clerk Takes Office

Mr. Harvey Long, the new secretary treasurer for the town of Minnedosa has taken over officially from Clare Coe who has gone to Winnipeg.

Mr. Long, with his wife and two children will move to Minnedosa immediately. Both Mr. and Mrs. Long are ex service personnel. He was with the Navy and Mrs. Long was with the Air Force during the war. Both are members of the Legion.

Mr. Long is a member of the Jaycees also and active in civic affairs. He was secretary-treasurer of the community centre in St. Vital, secretary of the Lions club and active in Home and School. His wife is active in civic affairs.

Both of them are ardent sports fans and Mr. Long plays all outdoor games.

It was with regret that Clare Coe left Minnedosa as he finds that the town has become a real home.

Hospital Day

An appeal on behalf of the Minnedosa and District Hospital has been issued by Mrs. J. A. Burgess, president of the Minnedosa Hospital Aid group, to keep in mind that Saturday is National Hospital Day. Cars will be at the homes to pick up donations of cash and groceries for the hospital.

TRIBUNE CENTURY SPECIAL — Monday, January 3, 2000 — 22

Water Extensions About To Start

Mr. Quinn of the Quinn Construction Company appeared before council on Monday night and signified that his company was all set to start work on the water extensions requested in town. At the present time it is expected that between 40 and 50 homes at the north west corner o ftown will be affected.

The RCMP report for the month of April showed an increase in crime in our fair province. Traffic and liquor convictions were on the increase and two cases of shoplifting were reported.

The council decided that the Main street of town will be cleaned up on Sunday mornings following the Saturday night litter. It was also declared that the business men did a grand job of sweeping up during the clean up campaign.

The main street will be graded and then washed.

Quite a controversy ensued regarding the car expenses of the town foreman, Dick Wiley. He has been using his car since taking office in 1954 and to date has received only $50.00. The council agreed that this wasn't a very significant payment and granted him $100.00 per year, retroactive to Jan. 1954.

General accounts for the month of April came to $6,652.31 of this sum $3000 went to the school.

Water revenue account was low, being only $681.56.

PUBLIC WORK DEPT

Councillor Fred Taylor reported to council that the rainwater ground was again becoming a nuisance. People are dumping garbage in the manhole.

The also suggested that the signs indicating the direction to the beach should be erected. Cement bases around the signs at the junction of the street will go in as soon as the poles go down.

A 20 mile speed zone should be set up to the beach and enforced. This road will also be oiled.

The ball club will get the use of a trailer to park as a club house.

The road to the cemetery is reported to be in good shape.

POLICE AND LIGHT DEPT

Councillor Wood enquired of the council regarding just who pays for the lights on the Manitoba ground. He thought that everyone, including outsiders, should pay not only business tax but a license. On contracts, the contractor pays which covers the sub contractor. However, there are businesses, such as bread companies and door to door salesmen that have been getting away without paying the license and business tax.

A light was requested up at the North School and will be considered.

PROPERTY COMMITTEE

The main item of business on the committee headed by Johnnie Koundakjian was a clarification as to just

Fifty Bucks Prizes For Road-e-o

The merchants in town have dug down once again and came up with the prize money for those competing in the coming road-e-o being held here on May 16-17 p.m.

There will be three prizes for lucky entries. Twenty five dollars goes to the winner; $15 in second and $10 to third. But you have to be entered to win these prizes so get those entries in, all you young people.

The cost of the road-e-o isn't too hefty. Besides the prizes there is the insurance and the cost of the equipment. The whole deal shouldn't cost any more than a hundred smackers.

Pony League Introduces Novel Idea

The Pony League here in town are introducing a new and novel idea of raising funds for their ball team. On Saturday, May 12 -that's this week -the bins on the town will call on all the houses in town collecting bottles. Soft drink bottles, beer bottles and any bottle with a commercial value.

This is the chance of a lifetime. The housewife gets rid of a lot of junk that had to go for spring cleaning with no place to go. And you get those empty beer bottles out of the house before the neighbors see the empties.

Because the boys are doing the community a favor and showing they are willing to work for their sport, put them in bottles outside the door. That goes for people living in suites, too.

Jury Rules Accidental Death

A coroners jury ruled that George Halpenny, Strathclair; Robert G. Robinson, Minnedosa; and Walter B. Stewart Sr., Oakville, Man., met death by accident as a result of a car accident on No. highway east of No. 10 on the morning of February 18, 1956.

Evidence presented showed that the car driven by Geo. Halpenny was following an oil truck by a distance of 100 yards. The truck threw up such a wall of snow that sight was inviable. The car driven by Mr. Stewart came from the opposite direction. Neither driver saw the other through the snow and ran head on. Neither driver was considered responsible for the unfortunate accident.

Dr. I. K. Gilhuly was the coroner. Mr. W. G. Ferguson represented the crown. Gordon Dilla, Winnipeg; Bruce Miller, Portage; and Dan R. John, Minnedosa represented the parties involved.

National Doctor Practiced At Clanwilliam

Dr. Maxwell Bowman, provincial director of preventative medical services, died recently at his desk in Winnipeg.

Dr. Bowman was once the municipal doctor for Clanwilliam and practised there until he went to the University of Toronto to gain a diploma in public health in 1935.

In 1939 he joined the staff of the provincial government as epidemiologist, the position he held until the time of his death. He was also a professor of social and preventative medicine at the University of Manitoba for 16 years.

His work was recognized by the American Board of Preventative Medicine when he was appointed a fellow of that college in August, 1955. He was one of the founders of the Canadian College of Public Health.

During the polio epidemic Dr. Bowman worked tirelessly and stood out as an organizer. He was instrumental in having Salk vaccine made available to the children of this province.

Amongst those surviving the decease is Mrs. Wm. Sharman, Minnedosa, sister of Dr. Bowman's wife.

Question And Answer Period Show Most Well-Informed On Industry

A lengthy, question period showed that the citizens of Minnedosa are well informed on the proposed Agristeel industry.

The first question came from Gary Bullard who asked what the average wage would be. Mayor Ken Burgess answered that the average wage would be $10 per hour.

Gary Bullard then asked if the town had any guarantee that the 200 jobs that would be created would go to residents of Minnedosa.

Mayor Burgess answered that the town has no control over employees

Stewart returns from NATO and ECM talks

Craig Stewart, M.P. for Marquette, returned from Europe last week, where he attended meetings on N.A.T.O. and the European Common Market. The meetings were held in Lahr, Germany and Brussels. He was there as a representative of the Official Opposition in the External Affairs committee.

Mr. Stewart stated on his return to Ottawa that he found the meetings most informative, particularly with the European Common Market (E.E.C.). As the E.E.C. Headquarters is located in Brussels the only office the Canadian Wheat Board has in Europe is located in Brussels. He said "he found in talks with grain officials that Canada's reputation as an exporter of grain is being seriously affected by the numerous strikes and delays in deliveries. Drastic action has to be taken by the government if Canada is to re-establish its position as a reliable supplier of grain."

Mr. Stewart also said "the E.E.C. is a hard market to crack in agricultural products, except for oil seeds and wheat. The nine member countries of the E.E.C. subsidize their agriculture industry to the tune of four billion dollars annually and it is next to impossible for Canadian farmers to compete. Imagine what would happen to Canadian agriculture if we received a high subsidy like this."

Police Report

March was a reasonably quiet month for the local R.C.M.P. detachment. A number of complaints were received under the category of "assistance to the public" and nearly all were resolved without charges being laid.

Two call on disturbances will result in charges being laid of assault causing bodily harm; one rural and one in town.

A car owned by a Brandon resident was broken into on #4 highway four miles west and a tape deck was stolen.

Police are looking for a 1971 Star Craft Snowmachine stolen from Bruce Firby, nine miles north on #10 highway. Serial number of the machine is 214041191.

Police are still investigating a break-in at the Co-op Farm Supply Centre in which a shotgun and three rifles were taken.

A number of charges have been laid in connection with impaired drivers and violations of the Highway Traffic and Liquor Control Acts.

Bantams champions

The Minnedosa Bantam hockey team won the North Central League Championship in playoffs completed last week. The local fourteen year-olds won all of their 10 games in regular league play and their four play-off games.

Minnedosa sidelined Neepawa in the semi-finals by scores of 5-3 and 6-4 in the two game, total goal series.

Meanwhile Erickson-Onanole won a close series over Brandon Sokol by one goal. In the finals Minnedosa won the first game 10-2 at home and the second by a 5-2 score at Erickson.

Other teams in the league were Hamiota-Oak River, Rossdale, Shoal Lake and Birtle-Rivers.

The Bantams have played a total of 49 games this season. Glennis Scott and Arnold Nicholls are coach and manager of the team.

Players on the Bantam team are Mark Timmons, Murray Birch, Clark McNabb, Warren Oliver, Brian Nicholls, Larry Shormack, Dave Pollon, Bill Penz, Greg Harvey, Cam Willis, Randy Pearson, Jeff Macdonald, Dan Tanner, Jay Sadowski, Bryan McCabe, Craig Glasgow and Darren Blake.

Chambers to protest entry fees

A strongly worded protest against the recently announced entrance fees to National Historic Parks has been submitted by the Selkirk Chamber of Commerce for discussion at the annual convention of the Manitoba Chambers of Commerce, to be held at the International Inn, April 20th to 22nd.

"It is our hope to have every Chamber of Commerce in Manitoba join our protest. With the support of the Manitoba Chambers of Commerce and also many other groups in Manitoba protesting the implementations of the fees for Historic Parks, I think we might be able to get this decision revised or at least modified," said Norm Jolf, President of the Selkirk Chamber of Commerce.

Minnedosa Chamber president, Paul King said Monday that local delegates to the convention would support the Selkirk protest.

Bank of Commerce coming

The Imperial Bank of Commerce will open a branch in Minnedosa sometime this year.

The fact was confirmed Tuesday by Mr. Dave Shepard, manager of the bank's business development and marketing department.

The bank is presently in the process of purchasing Main Street property for a new building.

Mr. R.O. Crawley (R) retiring Co-op president, receives a desk set from Charles Kingdon to acknowledge his 27 years' service to the organization, the last 14 of which were spent as president.

Provincial judge's court

Larry John Buchanan of Neepawa pleaded guilty to a charge of theft under $200 before Judge Minuk Tuesday and was fined $50.

Court was told that the accused had taken two Armico speakers from outside the Dari-Isle drive in. Accompanied by three juveniles Buchanan had driven from the Dari-Isle and had thrown the speakers out of the vehicle after spotting a police car.

FINALS AT

LEAF RAPIDS

Only 12 seats remain on the bus leaving Friday for Leaf Rapids and the Provincial Intermediate "B" finals. The price has been set at $30 and one game will be played Saturday and two, if necessary Sunday.

$1/2 million expansion planned by co-op

Members of the Minnedosa Consumers Co-operative Ltd. gave their approval last week to an expansion program that could cost half a million dollars.

The approval came at the Co-op's annual meeting held at the Legion Hall last Tuesday. Members were also informed that they will be given an opportunity to invest financially in future expansion.

Property aquired by the Co-op includes the premises formerly occupied by Leo's Bakery and the Thurston residence.

Plans call for the establishment of a one-stop shopping centre, which will include the present facilities of store, Service Centre and Service Station and in addition will include moving the Lumber Yard to the same location.

A director of Federated Co-ops Ltd., Mr. Herb Cassils of Deloraine, outlined some important points which had evolved from the Federated Co-op annual meeting held recently in Saskatoon. Local delegates to that meeting, Charles Kingdon and Mac McNabb, also gave a report.

In a reorganizational meeting held immediately following the annual meeting Mr. Keith Robertson of Basswood was elected president and will replace Mr. R. O. Crawley. Lorne Erven of Clanwilliam is vice president; Leonard Avesill, secretary and Charles Kingdon and Mac McNabb will continue as delegates to Federated Cooperatives. Peter Fiksen was elected to the Board for a three year term.

In his directors' report to the meeting, outgoing president, R.O. Crawley said "Your enterprise enjoyed a good year, with sales of $1,838,662, an increase of 28.3 percent over last year. Once again inflation is responsible for part of this, but about half of it must be regarded as a real increase in business."

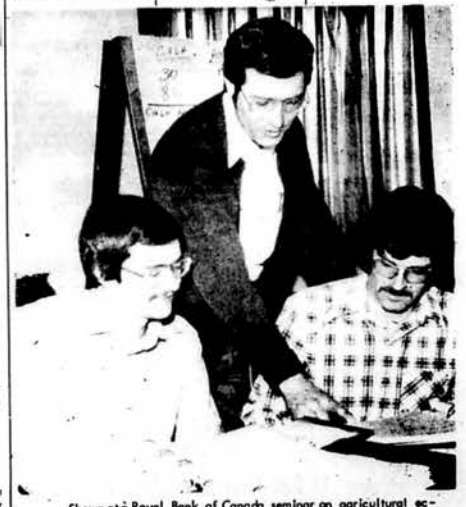
In closing Mr. Crawley stated, "My term of office expires this year and I am not seeking re-election after 14 years as president. It seems advisable to retire and let someone else have a chance to put new ideas into practice".

Truck mishap

Carl Harwood of Billings Mont. received a broken arm Monday when a semi trailer he was operating went out of control near the south gate of Riding Mountain National Park.

The cab and trailer were literally buried in the bush and five tow trucks were having considerable difficulty Tuesday moving the unit out.

A passenger, Mrs. Barbara Harwood was slightly injured. Charges of careless driving have been laid. The truck was loaded with California oranges.



Shown at a Royal Bank of Canada seminar on agricultural economics and farm financing, held in Winnipeg, are from left: Don Martin, Loans Officer, Shoal Lake; Clarence Guthell, manager, agriculture, Manitoba and Northwestern Ontario and Ron George, loans officer, Minnedosa.

Fire victim gets life settlement

Nelson Demery, 21 of Minnedosa, was disfigured by a fire in 1977, that was set as a practice for Brandon fire department.

In a lawsuit against Brandon City and the City fire department, Demery alleged that the fire department was negligent because it failed to search the building properly before setting fire to it. Demery was asleep in the shed at the time and required extensive plastic surgery and lost the use of his right hand.

Mr. Demery's lawyer, Michael Green, said the settlement calls for Demery to receive monthly payments which start at $230. per month and increase by six per cent annually.

He already has received $40,000 from Canadian Indemnity Company and will receive a further payment of $20,000. The settlement is considered a relatively new concept in Manitoba, since it will yield beneifts for the course of a lifetime.

The statement of claim said Demery was asleep on a bed in the shed and was rendered unconscious by the fire. His hands, legs and face were severely burned.

The city's statment of defense said Demery had run away from a juvenile home in the city six days prior to the fire.

Mrs. Nell Telford, 92, the town's oldest former student of Minnedosa Schools, receives a bouquet from youngest student, Nancy Kartanson, at the school reunion ceremonies Sunday. With Mrs. Telford is her daughter, Mrs. Jean Kane of Moose Jaw.

NEWS DIGEST

REGISTRATION - Registration continues from 1 p.m. to 4 p.m. at the Centennial office located in the Civic Centre. Former students who may have missed the school reunion registration, as well as Centennial visitors and local residents may still register here. On Tuesday morning about 1700 had registered Their names appear in this issue.

KINSMEN DANCES - Tickets for the Friday and Saturday Kinsmen dances went on sale at 10 a.m. Monday. At 10:15 the Saturday dance was sold out, while a few tickets were still available at press time Tuesday for the Friday function.

CORRECTION - The Pat Burns homestead, near Clanwilliam is presently farmed by Ron West, not Brian McFarlane as was incorrectly reported last week.

POLICE REPORT - R.C.M. Police reported a relatively quiet weekend except for a break-in at the Dari Isle Drive-in in which thieves took about $60. Sgt. Duane La Coste expressed the wish that everyone enjoy the week-long celebrations, but urged that motorists exercise extreme care because of the density of traffic and the large numbers of small children.

Break, enter brings 30 day sentence

Scott Dryden of Minnedosa, who pleaded guilty last week to two charges of break,enter a dwelling, was given concurrent 30 day sentences.

Court was told that four persons, including Dryden, had broken the doors and entered two apartments last July while searching for a person with whom they had had an argument.

In one apartment a child was struck by a broken door and was hospitalized but not seriously injured. Last week, prior to a preliminary enquiry into the charges, Mr. Dryden changed his plea to guilty and testified for the defence.

Before passing sentence, Judge James outlines the seriousness of the offense of break & enter, as it relates to a dwelling house. The offense, he said, ranges in penalty terms, in from 2 years to life and added that parliament has specified that when the break-in occurs in a dwelling house the penalty could be life imprisonment. The sanctity and privacy of the home must be guarded, the judge said.

Kenward Shingoose of Oakburn, pleaded guilty to three charges of assault under the new section of the Criminal Code, dealing with wife beating and a further charge of assault causing bodily harm. He was remanded for a pre-sentence report.

Crown Attorney, Gerry Bowering, asked that Shingoose be remanded in custody, and that a bail order granted last week by Judge James be rescinded. Attorney Bob Cummins argued that the bail terms ordered last week should continue. Judge James disagreed with the Crown Attorney, stating that unless there was a change in circumstances, the bail would stand.

Mr. Bowering stated that in the last assault Shingoose had beaten his wife with a stick and had banged her head on a nearby car, causing damage of $280.00 to the car.

Wes Mummery, C.P. Rail's Chief Mechanical Supervisor (right) makes the official presentatin of Diesel Unit 4038 to Mayor Craig Stewart. Division Superintendent, Ted Minto looks on. The Diesel will be public display at Tanner's Crossing Park.

Toby Armitage (right), a descendent of one of the town's erly settlers, presents Mayor Stewart with a gift from Mayor Pat Wong of Sudbury, Ont. also celebrating their centennial this year. The presentation took place at the opening ceremonies of the school reunion Sunday.

Council plans budget consultation night

By Nancy Chemerika

At a meeting held last Wednesday evening, Council passed a resolution to hold a pre budget consultation evening with the public later this month.

According to Mayor Drebit the purpose of the meeting will be to gain insight from the public.

"Council felt it would be best to take the budget to the people before it is finalized." stated Mayor Drebit. We want to make the public part of the budget process, and find out what their priorities are. We are hoping for a minimum of 50 people to make this evening a true success. The whole community is welcome."

Mr. Drebit concluded that if the evening is a success it will become a part of the yearly budget process.

In other news, Council agreed to attend the Association of Manitoba Municipalities Municipal Officials Seminar in Brandon, February 28 and 29.

Council agreed to request a meeting with representatives of the local Youth For Christ board, the Recreation Commission and a Council member regarding the establishment of a Youth Drop In Centre in Minnedosa. Council is hoping to clarify a few points in a draft proposal brought forth by the Youth For Christ Board.

The Mayor and Administrator were authorized to sign a draft agreement regarding the new concert grand piano, located in the community hall.

Council agreed to host a meeting with Rolling River First Nation to discuss economic development initiatives.

"The meeting will open lines of communication between the town and Rolling River First Nation. Hopefully by working together, both communities will become stronger. We hope to establish a good, long term, working relationship. It can be a win-win situation," concluded Mayor Drebit.

"30 years of living up in smoke"

- Kopeechuk family loses home to fire -

Allen Kopeechuk in front of the ruins of the family home that was destroyed by fire Tuesday

By Nancy Chemerika

While Allen and Irene Kopeechuk were in Dauphin last Tuesday, their home just west of Kerr's Lake, was being consumed by flames.

According to the Fire Commissioners report, the disaster was the result of an accidental chimney fire. Although the Kopeechuks are insured, the almost total loss of 30 years worth of belongings and history is devestating to the family of five.

"Thiry years of living went up in smoke," stated Mr. Kopeechuk as he examined the ruins of his home. "You've got to think of the positive though. Some stuff was salvaged. At least no one was hurt. Everything else can be replaced."

The fire at SW 3-18-17 W was discovered around 4:00 p.m. by a neighbour, Alden Larsen, who saw the black smoke rolling from a distance. By the time Mr. Larsen reached the Kopeechuk yard, the peak was already gone from the house.

After breaking into the house to ensure that no one was home, Larsen went to a neighbours to phone 911. Erickson Fire Department member, Leo Woywada, heard the call and quickly went to the Kopeechuk farm from his own home a short distance away. The two men began hauling what they could from the blazing building, but were soon forced out as a result of the heat and the flames. Larsen and Woywada managed to save a dining room table and chairs, a filing cabinet, some clothing, a computer bought last Thursday, an Artifical Insemination Kit, and the graduation pictures of Allen and Irene's three children: Hali, Richard and Amanda.

The Erickson Fire Department reached the Kopeechuk farm just after 4:00 p.m. The Onanole Fire Department also attended. The Kopeechuks returned home about 5:30 to find their house in flames. The fire fighters worked to contain the blaze until about 2:00 a.m. the following morning. By the end of the day, all that remained of the Kopeechuk home was a shell.

Since the disaster, neighbours and friends from Erickson and area have lent their support to the Kopeechuk family.

"We sure appreciate all the help we've received," stated Allen. "I never would have thought I would need a fire truck. Those fire fighters had a quarter inch of ice on their suits and they kept going. People have really come out to give us a hand. There's just too many names to mention."

The Kopeechuks plan to rebuild as soon as possible in the same yard. In the meantime, while staying elsewhere, they return every day to check on the cattle and sift through the ruins of their home to see if anything can be salvaged.

"You just go on. What else can you do," concluded Irene.

The basement of the Kopeechuk home is now a mass of rubble, fire, smoke and water damaged belonings.

Premier Doer announces boost to farm community

Premier Gary Doer and Agriculture and Food Minister Rosann Wowchuk announced a significant boost to Manitoba's farm community last week.

The announcement included the establishment of the new Excess Moisture Insurance (EMI) program as part of basic Manitoba Crop Insurance Corporation (MCIC) coverage, beginning in the new crop year.

"This new program responds to the seeding disaster of this past spring in areas throughout Manitoba, but predominantly in the southwest of the province, due to excessive rainfall and flooding," said Premier Doer. "EMI will replace the need for ad hoc programs for unseeded land and will become a basic feature of crop insurance."

Doer noted that such ad hoc approaches left this year's affected farmers uncertain about what support they could expect and led the provincial government to issue a $70 million special warrant expenditure, almost all of which was one-time unseeded acreage payment coverage.

"We are committed to long-term solutions to Manitoba's challenges. Continual ad hoc approaches to crises in our farm communities causes excessive uncertainty for producers and a cost to our economy," the premier said.

"Today's announcement fulfills a major commitment we made to Manitoba farmers during the election," added Wowchuk. "EMI will give our producers the flexibility, stability and protection they need to make important seeding decisions in a timely manner."

The minister said EMI will pay $50 per acre to producers unable to seed a crop by June 20 due to excessive moisture, flooding or excessive rainfall.

Wowchuk said the new program replaces the optional Unseeded Land Insurance by automatically enrolling producers who have purchased crop insurance at no additional premium. The cost of the premiums will be cost-shared between the federal and provincial governments on a 60-40 per cent basis respectively.

The provincial portion, $890,000 annually, represents new expenditure by the agriculture department. "We feel that by not increasing premiums, this new program is fair for farmers, especially during this current price crisis, as well as prudent over the long term for the provincial treasury," said Doer.

The federal portion will come out of the existing federal-provincial crop insurance program.

Wowchuk said crop insurance changes for 2000 will also include coverage for greenfeed crops for livestock, open pollinated corn (dwarf corn that requires less heat to mature) and industrial hemp grain.

Information will be mailed to crop insurance contract holders early this year. The deadline for crop insurance sign-up is March 31st.

Rob Currah attends Adventures in Agriculture

Rob Currah, son of Bob & Kathy Currah of Minnedosa, was one of 20 Grade 11 and 12 students from across the prairies, who attended a four day event in Regina during the internationally acclaimed Canadian Western Agribition.

Organized by the Regina Eastview Rotary Club, "Adventures in Agriculture" program offers students the opportunity to participate in tours, presentations, and networking the agribusiness industry leaders. The aim of the program is to "broaden youth's knowledge and understanding of the multi-faceted agriculture sector, and the challenge of providing food to the world."

Rob's application was selected among dozens of submissions across the prairies because of his desire to learn more about the agriculture industry and its career opportunities. Rob is currently attending Grade 11 at Minnedosa Collegiate.

Sandy Lake and Minnedosa students benefit from Canada Millennium Scholarships

Nicole Jawa, daughter of Nick and Karen Jawa of Sandy Lake, was recently awarded a Canada Millennium Scholarship in the amount of $3,500 for the 1999-2000 academic year.

A 1996 graduate of Erickson Collegiate, Nicole is presently attending Wellington College of Remedial Massage Therapies Inc.

Sarah Burton, daughter of Jean Burton, Minnedosa, also received a Canada Millennium Scholarship in the amount of $2,000. Sarah graduated from Minnedosa Collegiate in 1997, and is currently attending the University of Winnipeg.

The scholarship, which originates as an initiative of the Government of Canada, is one of more than 75,000 awards, totalling more than $215,000,000, which the Foundation is making to young Canadians as part of Canada's celebration of the new Millennium.

The awards represent an important investment in Canada's youth and are intended to help young Canadians acquire the knowledge and skills they require in order to participate in a changing economy.

2000 Journey for Sight

The 2000 Lions Journey for Sight will be taking place from January 18th to January 22nd. The goal of this year's ride is to raise $100,000 for the Lions Eye Bank.

Les Richardson of Franklin, is the only local rider committed so far to take part in the ride. Other riders who wish to take part in part of the ride or the entire ride are welcome. Local pledges can be made to Barrie Brooking or Jack Douglas.

The Journey for Sight will leave Snow Lake on January 18th. Group 1A of the riders will arrive in Newdale on January 22nd, Group 1B will arrive in Rapid City, and Group 1C will arrive in Elphinstone, around 10:00 a.m., before continuing on to Sandy Lake, 10:30, and Erickson 11:00 a.m. All three groups will arrive at the Minnedosa Esso Station around 12:00 noon.

Funds pledged locally go to Lions Eye Bank in Manitoba and North Western Ontario.

Agricultural Report

Ag Days

The largest farm production show in Manitoba occurs next week. Besides the hundreds of exhibits, product information, machinery, inventions, tools, etc. there are many speakers on interesting topics all 3 days. Tuesday morning is a crop production update with winter wheat, cereal leaf diseases, fungicides for fusarium and fall seeded canola as the topics. Tuesday afternoon is the annual outlook conference with the new Minister of Agriculture, Rosann Wowchuk speaking as well as livestock and crop price outlooks and a talk on converting challenges into opportunities. Wednesday is an all day pasture seminar. Topics include new fencing options, herd health, twice over grazing system, water quality effects on livestock performance, protein economics on your farm, grazing alfalfa and forages in crop rotations. Thursday morning is the farm management focus which includes an AIDA update, understanding the cattle cycle, CWB producer pricing options, and trading farm inputs and production on the internet.

Thursday afternoon is an Ag. opportunities seminar and includes topics of dwarf corn, edible beans, grass seed production, native grass seed, small fruit and a producer panel on their view of the future of agriculture.

There's something for every type of farm at Ag. days so I hope you take the time to go and learn.

Family Farm Business Advisor

This one day seminar has an excellent line up of topics and speakers. It occurs the last week of January in Brandon. The featured speaker is Dr. David Kohl, a North American renowned agriculture economist. He will speak on Agrivisions for the 21st Century and lead a discussion on an actual Manitoba farm transfer in progress. Other topics include common tax tips and traps, retirement planning and insurance products, and corporations in estate planning. Registration details are at the Ag. office.

To All Hair and Beauty Treatment Specialists – new provincial regulations affect your business.

Appren ceship

In 1998 provincial regulations under *The Apprenticeship and Trades Qualifications Act* made apprenticeship qualification *compulsory* for the Trades of Hairstylist and Esthetician. These regulations affect people entering these two trades, and all barbers, hairdressers, manicurists/pedicurists and beauty treatment specialists presently working in Manitoba.

To comply with these regulations, experienced individuals who want to continue practising must apply for a Certificate of Qualification to display in their work premises.

The deadline to apply for certification under grandparenting provisions in the Hairstylist and Esthetician trades is March 31, 2000. After this date, you MUST complete provincially accredited training and an apprenticeship to work in these trades.

For more information on how to qualify for trade certification, please call the Apprenticeship Branch in Winnipeg at **945-3337.**

Toll-free from Rural Manitoba **1-800-282-8069**

New from Manitoba Crop Insurance

Excess Moisture Insurance

A long-term solution to farm income stabilization

The Excess Moisture Insurance Program is designed to help farmers unable to seed due to flooding and heavy rain conditions. It replaces the need for individual ad-hoc programs and gives producers the flexibility, stability and protection they need to make important seeding decisions in a timely manner.

The program provides $50 per acre for eligible land not seeded before established seeding deadlines. All land intended for seeding is eligible with the exception of bush, pasture, forages, fall rye and winter wheat.

This program replaces the existing Unseeded Land Insurance Program. All Crop Insurance contract holders are automatically enrolled. Sixty percent of the program's premium costs are paid by the Government of Canada and 40 percent by the Province of Manitoba.

Note: A minimum 5% deductible will be applied to all eligible acres.

Program information will be mailed to Crop Insurance contract holders in the next few weeks. Contact your local Crop Insurance Agency office for additional information.

SUBSCRIPTION RATES:
Within a 40 mile radius of Minnedosa and excluding Brandon - $24.00 + $1.68 GST + $1.68 PST = $27.36 annually.
Within Manitoba but outside of a 40 mile radius of Minnedosa - $30.00 + $2.10 GST + $2.10 PST = $34.20
Outside of the Province of Manitoba but within Canada - $30.00 + $2.10 GST = $32.10
United States = $50.00
Overseas = $65.00
Internet Subscriptions: $24.00

Say Where?

The proverbial cat is out of the bag. The Western Canadian Wheat Growers Association are about to hold their annual meeting in Puerto Vallarta, Mexico. An estimated 400 grain farmers from the prairie provinces are about to make the trek to the Mexican resort to discuss the farm crisis that has brought Canadian prairie farms and farmers to their knees. Choosing that location is a huge mistake, and one that all of western Canada could pay for dearly in both the short and the long term.

Talk about foul timing. Could this be the suicidal mistake that Ottawa has been waiting for?

There is little doubt that our federal government has all but written off the prairie farmer. The recent meetings of the World Trade Organization showed just how remote the possibilities are that the majority of wheat growing nations around the world will ever relinquish their grip on local and regional grain subsidies - despite the fact that they continue to drive grain prices to all-time lows. The only way Canada can play in the same game is to equal the subsidization received by farmers competing in the same markets. The feds aren't about to do that and have stated as much on many occasions. Canadian subsidies are being continuously reduced, not enhanced. Our farming economy has been thrown to the wolves. We can't compete, at least not with the relatively small size of most farms. It has become an economy of scale. Get larger, cut costs, find ways to survive. There has been little sympathy from Ottawa. There will be even less now.

The Mexico trip may well create the perfect poster for the federal wags to hang on their office walls. One that will daily remind them that their course is the right one. This one small group of western farmers may have rendered the rest defenseless, and the national media may well have their long-awaited field day.

Feeling Old?

You weren't feeling that old today? Read on. Did you realize that the kids who will graduate from high school this summer were born in 1982 and to them:

- They have no meaningful recollection of the Trudeau era and have no concept of what the actual meaning of "Fuddle Duddle" was.
- They were prepubescent when the Persian Gulf War was waged.
- Black Monday 1987 is as significant to them as the Great Depression.
- There has been only one Pope. They can only really remember two Prime Ministers.
- Gary Doer is only the second Premier of Manitoba.
- They were 7 when the Wall came down, 9 when the Soviet Union broke apart, and do not remember the Cold War at all.
- Armstrong walking on the moon is just bothersome ancient history and the Space Shuttle has always been there.
- Their lifetime has always included Aids.
- Bottle caps have always been screw off and plastic.
- They have never owned a record player and the expression, "you sound like a broken record" means nothing to them.
- Star Wars looks very fake to them, and the special effects are pathetic.
- They may have heard of an 8 track but probably never have actually seen one.
- As far as they know, stamps have always cost 46 cents and therefore don't think they are expensive at all.
- They have never seen a black & white TV with rabbit ears.
- Johnny Carson never ran the Tonight Show. It has always been Jay Leno.

Feel a little older now?

Picture of the Week

Pictured right: The temporary station used after the station burnt down in March, 1910, and before it was rebuilt. The station was rebuilt in red brick and in 1911 the roundhouse was enlarged and the yard saw extensive expansion.

Y2K bug ... for real!
It's still around. Not the computer one, the other one that seems to be filling hospital wards across Canada. The flu has hit us seemingly harder than usual this year and this one disguises itself as a cold but seems to last forever. A recent estimate puts about 2 million of us under the weather over the past three to four weeks. Wish I had taken that flu shot.

Pluuuuut ...
That is about the extent of our comments on the 2000 celebrations in our nation's capital. After spending most of the day watching the rest of the world bring in New Year's with a spectacular bang, Ottawa once again proved itself incapable of putting on anything other than a backdrop show to the real one across the river at the Hull Casino. The best was without a doubt the display at the Eiffel Tower in Paris. No question about it. Hopefully someone in Ottawa got a video tape of the event and will put it away for future reference, say in the year 2999.

Say what?
With all this millennium stuff on television lately, I was still stunned to hear one prognosticator tell us that children born at this point in time in a civilized country such as ours can expect to live to see the age of 120 years on average. What with all the advances in medicine that have taken place and are about to, some predict that cancer, as an example, won't exist in fifty years. I don't know about you but I don't think I would want to live to 120. Who would want to be around long enough to say that they hadn't shot a decent round of golf in 40 years!

Say what!
In our millennium edition published last week, take note of a small story on the bottom of the page of the 1967 issue. There is mentioned one Cam McLaughlin who, it was reported, was busy working away on the Agri-steel computer. Folks, that was 33 years ago. Cam is still around and still working away on computers. Congratulations to Cam who has 33 years of experience working at something that the rest of us thought was a relatively new invention! By the way, the fall of 1967 was the year a few of us got together and started the mens rec hockey league & it is still going strong today!

LETTERS TO THE EDITOR

Dear Editor:
Re: Proposal for construction of a road through a unique wilderness area in Riding Mountain National Park

For the past year or so Dauphin-Swan River MP Inky Mark has spearheaded a campaign on behalf of interested local groups to construct a road through the heart of Riding Mountain National Park. The proposed route would link the communities of Grandview to the north and Rossburn to the south. It would bisect a unique wilderness area comprising the western half of the Park. Reasons given in support of the project include better access to the Park, enhanced tourism and an improved agricultural economy.

Fortunately, over time, some politicians and governments have had the foresight to set aside national parks such as Riding Mountain to preserve our natural heritage. These irreplaceable wilderness areas and their wildlife populations are preserved and protected for the benefit and enjoyment of present and future generations. Unspoiled wilderness has intrinsic worth and spectacular beauty. These attributes are highly valued, even revered, by most Canadians. The public strongly supports the preservation of intact wilderness ecosystems within our national parks. They expect governments and Parks Canada to provide prudent stewardship of these precious wildlands, on behalf of all Canadians.

Recent media reports have included Riding Mountain on the list of the ten most endangered national parks in Canada. The relentless progression of development, agriculture and forestry around the Park has created severe ecological pressures. Increasing isolation from regional ecosystems inevitably degrades the health and the long-term viability of wildlife populations. Riding Mountain National Park is in trouble. Preventing further ecological damage and healing the wounds that have already been inflicted will be difficult.

There is general acknowledgement that road construction degrades wilderness habitat. Some of the negative impacts include the introduction of species that are not native to the area, increased opportunities for poaching, increased death rates for wildlife, habitat fragmentation, chemical and noise pollution. Scientific studies have demonstrated a relationship between increasing road density and the disappearance of large mammals, particularly carnivores.

Permitting the construction of this road would essentially slice this fragile, endangered wilderness zone in half. Further damage would ultimately be inflicted on the already compromised health of the Park. Most of your readers would likely agree that the argument for preservation clearly outweighs the argument for development in this instance. Mr. Mark and his supporters should abandon their plan, for the sake of the Park's well being.
Lawrie Groves
Brandon

Dear Editor,
New Year's Eve came and went without the world coming to an end! It was also an evening full of fun and entertainment at M.C.C.C. as we began the new millennium with a special event. The 2000 Committee wishes to thank The Minnedosa Tribune, particularly Bob Mummery, for taking the initiative in planning a special event to mark the beginning of 2000 in Minnedosa. When the New Hall opened, Bob immediately booked this past New Year's Eve with the idea in mind of having something special to kick off the year/century. The 2000 Committee became involved in this project earlier this year and we were glad to be part of the evening that was initiated by The Minnedosa Tribune. Thanks go out to all who made the evening possible, especially the Decorating Committee, and to everyone who attended the evening and donated prizes for this event. The music was great, the food was good, and the company exceptional! Congratulations to Barry Dowsett for winning the $1000.00 Door Prize. We hope that your support for 2000 Celebration Events will continue.
Rick Everett,
Chairperson
2000 Celebrations

The Town of Minnedosa
PUBLIC NOTICE

2000 Pre-Budget Consultation

The Town of Minnedosa will hold a meeting to consult with the Public in regards to the 2000 Financial Plan. The meeting will be held on Monday, January 17th, at 7:00 P.M. at Minnedosa Community Conference Centre - Sanderson Room. All interested persons are invited to attend. 44-2

NOTICE

Anyone who has experienced freeze ups in recent years, please TURN ON THE BLEEDER TAP that was installed by the Town.

No water bill will be adjusted for any other tap allowed to run.

THE TOWN OF MINNEDOSA 43-2

CATTLE GRAZING CORN

This new grazing method will be demonstrated with a tour of two farms on

Wednesday Jan. 12 1:30 p.m.

Starting at GLEN CRAWLEY FARM - from Clanwilliam, three miles north on PR #262

We will also stop at the Jim and Gerald Boyd farm.

Sponsored by Manitoba Agriculture and Food

19th Annual Christmas Bird Count

This year the Minnedosa and area's 19th consecutive Christmas Bird Count was held on Thursday, December 30, 1999. This last count of the century saw four field observers and thirteen feeder-watchers participate in the count.

What is the Christmas Bird Count? Its simply a coast to coast annual bird census. Volunteers count every bird and bird species over one calendar day-from dawn to dusk.

Why? Christmas Bird Count data over time in any given area can provide valuable insight into the long-term health of bird populations and the environment itself.

Rules? Each bird count is a circle 15 miles in diameter or approximately 177 square miles. Bird counters try to cover as much of the circle as possible on count day. The relatively few hours of daylight this time of year has made it a real challenge.

December 30 was a real mixed bag as far as the weather was concerned. Light to occasionally heavy snow with seasonal temperatures occurred in the morning while early afternoon saw very mild temperatures briefly with wind gusts to 50km. Temperatures dropped considerably by late afternoon again.

Following is a list of birds identified on count day along with their numbers. The previous years (1998) numbers are included in parenthesis for comparison:

Mallard 3 (19); Bald Eagle 1 (0); Ruffed Grouse 2 (2); Sharp-tailed Grouse 2 (17); Rock Dove 29 (130); Great Horned Owl 1 (2); Downy Woodpecker 9 (18); Hairy Woodpecker14 (14); Blue Jay 19 (24); Black Billed Magpie 30 (64); Common Raven 21 (30); Black Capped Chickadee 76 (168); Red-breasted Nuthatch 9 (0); White-breasted Nuthatch 18 (16); American Robin 1 (0); Bohemian Waxwing 7 (50); Harris's Sparrow 1 (1); Dark-eyed Junco 7 (0); Red-winged Blackbird 1 (0); House Finch 4 (0); Common Redpoll 1037 (218); Hoary Redpoll 2 (4); Pine Siskin 4 (0); American Goldfinch 1 (0); Evening Grosbeak 10 (38); House Sparrow 228 (324). Total species: 26 (26) and total numbers 1537 (1926).

It's hard to say just why overall bird numbers are down this year. Above normal temperatures with little to no snow cover through fall and early winter likely caused some birds to disperse and only occasionally visit feeders. We also had fewer field observers resulting in less than ideal coverage of the count area. Nevertheless there are always a few "good" birds which show up from year to year and 1999 was no exception. The adult Bald Eagle seen by several people over the past few weeks seems to be favouring the valley near Minnedosa. The American Robin's preferring the north-east part of town while the adult Harris's Sparrow and one of the Dark-eyed Juncos were at Rick Nylen's farm. Thanks to Betty Freund for tipping us off on the male Red-winged Blackbird wintering at their residence. The single male American Goldfinch was feeding with Redpolls at the Harvey and Gladys Sharpe residence.

Field participants this year were as follows: Richard Brugger, Cal Cuthbert (compiler), Stan Gugin and Sam Stewart. Feeder-watchers included Allen and Gladys Broome, George and Pat Woodcock, Chris and Teddy Harrison, Audrey Briese, John and Lois Neable, Denise Amy, Alice Brugger, Keith Chorneyko and Dorothy Schumacher.

There is always room for more participants so lets see you in 2000.

Homecoming 2000

Firstly, our appreciation to everyone involved in making the New Year's Eve Party the success and fun that it turned out to be. Most reports indicated that people enjoyed themselves and the evening. Secondly, I want to let everyone know that the 2000 Committee is planning a full page Tribune advertisement of our Homecoming 2000 schedule, dates, etc. as well as a listing of all those who have registered to date at the end of January. As well, we are planning one last mail-out to former Minnedosans also at the end of January. With this in mind, we would like to let you know of any plans being made for Class Reunions or Community events, etc. that you or your organization might be planning so that we can include this information in our advertisement and mail-out. This will be one of the few remaining opportunities for your group to let others know about your plans before Homecoming 2000. Knowing the date, place and time of your events will be useful and we will include your event in our package. Please send your information to Box 2000 Minnedosa, MB R0J 1E0.

Cadurcis News

By Doreen Trott
& Muriel McManus

Glen & Loreen Jackson & family & Edna MacDonald spent Christmas in Killarney at the home of Rob Macdonald.

Dennis & Susan Jackson of Winnipeg spent their seasonal holidays with Glen, Loreen & Patricia Jackson.

Malcolm & Shirley Rose spent Christmas at the home of Rachael Rose in Minnedosa.

On Boxing Day Malcolm & Shirley Rose attended the baptism of Victoria Paige Rose, infant daughter of Shawn & Christine Rose. Victoria had the honor of being baptised with water from the river Jordon, obtained by her Great Grandfather the Rev. Thomas Delgaty, who also performed the ceremony.

Jim & Nancy Greer and family spent Christmas with Norman, Cathy & David Todd of Brandon.

Holiday visitors with Jim & Nancy Greer were; Norman, Cathy & David Todd, Ken, Irene, Aaron, Kristen, Alix Phillips, Mike Greer, Kate Skeene & Wendy Patterson all of Brandon and Roy Phillips, Andy & Karen Greer, Ted & Ivy Rudneski of Rapid City & Shawn Rudneski of Minnedosa.

Don & Margaret Northam had their family home on Boxing Day. They spent New Years at the home of Eric & Susan Belcher.

Colleen Wareham of Winnipeg spent the holidays with her parents, Clayton & Margaret Wareham.

Clayton & Margaret & family spent Christmas with Elsie Wareham & New Years with Alex & Verna Abel. Boxing Day visitors were Murray & Brenda Abel & family & Alex & Verna Abel of Minnedosa & Lloyd Abel of Winnipeg.

Rob MacDonald visited over the holidays with his mother, Edna MacDonald.

New Years visitors with Glen & Loreen & family were Mabel Jackson of Minnedosa, Gene & Anne Finlay & family of Rapid City & Edna MacDonald of Cadurcis.

The Trott families spent Christmas & New Years with the Weir family of Glenboro. Christmas at Glenboro - New Years at Cadurcis.

On Dec.23/99 Melvin & Alice Wade attended the funeral service for the late Gordon Murray in Brandon.

Melvin & Alice spent the Christmas weekend with Mike & Brenda Lynes & Dustin & with Jamie Wade in Steinbach.

Cam Murray of Yellowknife visited over the holidays with the Wades. Jamie Wade also spent a few days in the holidays with his parents.

Melvin, Alice & Jamie spent New Years with Jack & Esther Holyk of Minnedosa.

Marten & Averill Wright & family of Outlook SK spent a few days of the holidays visiting with Ray & Doreen Kingdon.

Christmas visitors with Donna MacDonald were Glen & Nancy Birnie & family of Birnie, Dan MacDonald of Brandon, Darren & Gaylene Weibe & family of Gilbert & Gaylene Weibe & family of Gilbert Plains, Grant & Jean Olenick & family of Minnedosa & Roy MacDonald of Minnedosa Personal Care Home. Donna spent New Years with Don MacDonald of Brandon.

Brian & Lois Hudon & family spent Christmas Eve with Pat & Amy Hudon in Brandon. On Christmas Day the Hudons and Gordon & Valerie Thompson & boys visited with Earl & Freda Thompson.

New Years Eve visitors with the Hudons were Abe & Dot Wareham & Wayne & Tracy Dereniski of Newdale, Marcel & Audrey Gousseau & family of Oak Bluff and Earl & Freda Thompson.

New Years Day visitors with the Hudons were the Gousseau family, Keith Mitchell of Brandon & Earl & Freda Thompson.

The Hudons also visited over the holidays with the Smith family of Neepawa.

Christmas visitors with Jane & Rixon McKinnon were Brenda Mckinnon & Darcy Caners of Winnipeg & Jim McKinnon & family of Minnedosa.

Margaret Nicholl spent Christmas with Darlene Ironside of Brandon.

Maria Stapleton of Winnipeg visited over the holidays with Malcolm & Shirley Rose.

or by contacting 773-3526

- Proceeds to Abuse Prevention Centre -

When borrowing for your RRSP contribution makes sense

Do you have unused Registered Retirement Savings Plan (RRSP) contribution room from previous years? Do you find yourself a little short of money to make the contribution you would like? If so, consider borrowing to ensure that you take full advantage of your RRSP.

With interest rates at historically low levels these days, borrowing to make your maximum RRSP contribution usually makes good sense. An RRSP offers such generous tax savings and tax deferred growth of your investments that it can pay to borrow for a short period to maximize your retirement savings.

Not making a contribution can cost you much more in the long run. For example, a one-time $10,000 RRSP contribution earning 10% compounded annually is worth $174,494 after 30 years. In addition, you get an income tax deduction the year you make the contribution.

Is it really worth borrowing to make the contribution? Consider these scenarios.

If you borrow $10,000 for one year at 7%, you'll face monthly payments of $865.27 - assuming interest compounding monthly and a declining balance with each payment. Your total interest cost on the loan will be $383.22. Meanwhile, your contribution will earn tax-deferred investment returns in your RRSP. If your annual return is 10%, you'll earn $1,000 over the year. After lending costs are considered, your profit will be $616.78.

Remember you'll get a tax deduction on your RRSP contribution. Suppose you're a middle-income earner with a marginal tax rate of 40%. Your $10,000 RRSP contribution would generate a tax deduction of $4,000. Taking into account both the tax refund and your investment proceeds, the benefits outweigh the cost of borrowing by approximately $4,616.

You may find big monthly loan payments onerous, but you can reduce the burden by using the tax refund generated by your RRSP contribution to pay down your loan. This will not only cut your monthly payments, but will reduce your total borrowing costs as well. Many financial institutions even allow you to defer your first RRSP loan payment until you get your tax refund.

You do not have to borrow the full amount of your contribution. You may require a smaller loan to help reach your maximum allowable contribution. For example, if you have $6,000 cash on hand and your allowable contribution is $10,000, you'll borrow just $4,000. Your tax refund could help you pay off close to the full amount of the loan.

If you have missed contributions in past years and have a lot of carry forward room, you can take out a loan to catch up. Most institutions offer special RRSP loans for this purpose, amortized over longer periods - such as 10 years - when large amounts are involved. Consult your financial advisor to determine whether this type of loan makes sense, since larger loans mean higher borrowing costs and potentially large monthly payments.

There are potential pitfalls to RRSP borrowing. If you can't pay the loan quickly, it may not make sense. Ideally, you want to be in a position to have enough cash on hand to cover future years' contributions, and paying a loan over a longer period may jeopardize those plans. If you have other loan commitments, the extra burden of an RRSP loan may be too much. Also, there is always the risk that your investment may decrease in value. In such circumstances, borrowing will magnify your loss.

Speak to your financial advisor to get information about how to structure a shorter-term RRSP loan for maximum benefit to your retirement savings.

The future of CBC belongs to the private sector

Reform Heritage Critic Inky Mark is calling on the federal government to cut the cord, and privatize CBC television. Mark says Heritage Minister Sheila Copps has an obligation to quell the current conflict surrounding the future of Canada's public broadcaster. Mark was reacting to today's CRTC ruling for the renewal of CBC's broadcast licences.

"Obviously there needs to be a new approach and new way of thinking. Privatizing CBC-TV will eliminate political and CRTC interference. In today's multi-channelled media universe, why should the government dictate what Canadians should watch on TV?" Mark asked.

Mark says as technology advances in the new millennium the entire role of the CRTC should also be reviewed. He adds if the CRTC is allowed to dictate the CBC's mandate, the president of the public broadcaster might as well step aside.

"Today is not yesterday. Today the CBC must contend with the Internet and hundreds of local channels on both cable and satellite," Mark said.

The CBC is costing taxpayers some 1 billion dollars a year. Mark says the federal broadcaster has enough money to meet its current mandate.

"One of the CRTC recommendations included a provision for more local programming, which is being undertaken by the private sector. Times have changed, and the CBC is no longer a monopoly. The public at large should ultimately decide what they want to watch," he stated.

Mark adds the Reform party would continue public funding of CBC/SRC Radio, and would retain CBC News World and RDI (Reseau de l'information).

Cardale News

by Myrtle Crighton

Visiting the van Lankvelts in December were Willemien's sisters Arna Jacobs and Jeanne van Helvoort from The Netherlands and Dorien Hoxha & son Arben from Switzerland. Also visiting were Willemien's brother Harry, wife Liesbeth and sons Jasper and Emiel also from The Netherlands. They all came for a surprise 25th Anniversary party for Jan & Annie van Lankvelt.

Gay & Wes Peters, Ken & Lylla Peters & family, spent Christmas Day in Brandon at Sandy & Rob's. The rest of the family, Nancy & Garth Gerrard & family of Elphinstone and Barb & Dave Hicks & family of Boissevain were also there.

Joyce & Gordon Espey & some family members spent some of Christmas holidays in Wpg., visiting daughter Judy & Charlie Hall.

The church Christmas Eve candlelight service was very meaningful and well attended. A social time was enjoyed after at the Coffee shop.

Monday, Jan. 27 was Minnor Hockey Day at the rink. There were 10 teams with 5 different age groups - a very busy day.

The New Year's Eve gala for Blanshard Municipality was held in Oak River arena. Over 200 people enjoyed a delicious supper followed by entertainment depicting music, fashions and happenings throughout the decades. Children took part in a carnival and midnight was prepared for by everyone lighting a candle before countdown. Joanne McTavish read a poem she had written entitled "Tomorrow". She said our children are our future and they will be able to cope with whatever comes.

On Sunday, Jan. 2, Blanshard Muncipality held a combined church service at Cardale as part of the millennium celebration. Oak River and Cardale choirs combined to render 2 anthems. Following the service all enjoyed a pot luck lunch and visiting at the arena.

Chris & Simon Melvin have Chris' mother, Kay Parker form Shropshire, England, visiting with them for 6 weeks. She says she is enjoying her visit and really appreciates the friendliness of the community.

Ross & Michele Shaw & family of Moosomin, spent New Year's Day with Mildred & Graeme Shaw.

Lorne Radcliffe celebrated his "brown envelope" birthday with an open house at the Cardale coffee shop,. Many people came to wish him Happy Birthday on Dec. 30th.

George sez: The Sunday School teacher asked her class to tell the story of creation - one little girl said "Well first God made Adam, then He looked at him and said "I think I can do better if I try again", - so He created Eve!"

Erickson & District News

by Almie Paulsen

Sorry I didn't submit last week, but we just returned from Edmonton where we spent Christmas with daughter Daidre & Glen Glasgow.

Greetings and thanks for the Christmas greetings I received from our distant readers of The Tribune. Carl Iwanyshyn in Australia looks forward to this column to keep him in touch with home as does Dale Sharpe in Edmonton, folks in B.C. etc.

Walter & Lil Wilmot returned home in mid-December from visiting their family out west; Joyce & Murray and Chris in Calgary, and Nancy, David & family in Port Alberni.

The Walter Wilmots have received a call from a former Ericksonian Douglas Renton of Calgary, informing them of the death of his brother Sydney Renton in Edmonton, the week before Christmas.

Holiday guests at Brian & Elaine Lougheed's home were son Colin, Sioux Lookout, ON, Brian's mother & dad, Elva & Russell of Boissevain, Brian's brother Clair, Wpg., and son Brett of Wpg. Colin is employed with the Sioux Lookout Bulletin as reporter and photographer.

Glad to report Marland Furevick came home from Brandon Hosp. Dec. 19th and is recovering very well with strict instructions to be waited on by Cathy until April 1st.

Get well wishes to patients in Erickson Hospital namely Laura Tiller and Jim Beatty, Anne Berkowski, Paul Woloshen and Mary Kindraychuk. Glen Shellborn and Martha Zachedniak also had been hospital but now are home. Glen & Ada Shellborn had to cancel their winter holiday in Weslaco, Tx, due to his illness.

Art & Elsie Butler are enjoying the warm balmy temperatures in Magic Valley Park, Weslaco, Tx while their daughter is keeping the home fires burning.

New Year's evening was celebrated at the Skating Rink with a Skating Party, hot dogs, treats etc. for parents and families. The Legion Branch, with assistance of the Retreads, held a gala evening of dance, cocktails, dancing etc.

Sympathy is extended to the Hill relatives on the death of Kenneth Hill on Dec. 30th at Port Coquitlam, BC.

Christmas visitors with Anne Haralson were daughter Shireen and grandson Trevor of Wpg.

Belated Birthday wishes to 93 year old Ida Wickdahl who celebrated her special day on Dec. 30th at her son & daughter-in-law Earl & Val's and other family members.

Anna Wark spent the festive season with her daughter & son-in-law Joan & David Koroscil in Saskatoon.

Sympathy to the family of Irene Gustafson, whose death occurred at Erickson Care Home just before Christmas. A service to celebrate her life was held at Erickson Lutheran on Jan. 7th.

Henry & Helen Oshust spent Christmas with Susan & Terry Sly in Edmonton.

Ethel Neilson was in Wpg., for Christmas with Rhona and granddaughter Cathy & husband.

Pastor Donald Sjoberg, Wpg., conducted the Sunday service at Erickson Lutheran while Pastor Knutson & family were in Minneapolis on holiday. Other Sjoberg relatives also were present and after the service helped Edna Sjoberg celebrate her 77th Birthday.

Ken & Jean Chow spent Christmas in Wpg., with their 2 daughters and grandchildren.

Visitors at the Olga Hall residence over Christmas holidays were Pearl Hall and Lilly Paulsen of Bdn.; and Pastor Baka Enarekec of Papua New Guinea. Pastor Baka is doing post graduate studies at Lutheran Theological Seminary in Philadelphia. Also home were Dolores Hall of Outlook, SK, Portia & Ed Ewanochko of Wpg., and Martin Kruse of Bdn.

Home for the holidays with Larry, Sherian and Jeff Chemerika, was Kim Chemerika and Kent Saunders of Manassas, Virginia. Also spending XMas Eve with the Chemerikas were Linda Guspodarchuk, Ed, Dayna & David of Winnipeg; Sam Chemerika of Neepawa, Candace Shorrock of Minnedosa; Margaret Boyko, Dennis, Sheila & Ashton Tiller; Lisa, Mark and Jill Chemerika of Erickson.

Effie Moffat & son Terry of Wpg., spent a few days over Christmas with Kelly & Wilda Carlson.

Several curling rinks of Erickson Lions Club participated in the Annual Lions Bonspiel at Boissevain on Jan. 9th weekend.

Erickson friends & relatives hope to join in Pearl Hall's Open House Party at Green Acres, Bdn., Sunday, to celebrate her 90th Birthday. Best Wishes Pearl.

Matt & Helen Small, Wpg., were at their home with their son Bob & Abby for Christmas.

Venton & Marlenne Beatty helped their son Shaun celebrate his birthday in Wpg., last weekend.

The new year has already been a sad one for Allan & Irene Kopeechuk & family. A fire completely destroyed their farm home in the Scandinavia district on Jan. 4th while the family was in Dauphin. A neighbour turned in the alarm when he went to investigate smoke. The family hope to move into their brother Lorne's vacant house shortly. The community will probably come to their aid with their love and contributions.

Viola Burkett has returned from Delaware USA, where she spent Christmas with daughter Dr. Elva & children.

Pastor Carl & Laureen Johston & 2 daughters of Preeceville, visited Iris Karton last weekend. They were returning from Iowa where they had attended the funeral of Carl's mother.

Barry & Anne Paulsen had their son Ken & granddaughter of Calgary, as Christmas guests as well as their daughter & family from Dauphin, and son & family from Wpg.

Carrie Bachewich spent Christmas at Edmonton with son Fred & sons, son Chris and daughter Shirley & Larry Bobbie at Dapp, AB, and brother Mike & Doreen and Randy at Sundre, AB.

Maurice & Dot Hogland spent 2 weeks at Innisfail, AB, where they got acquainted with their new granddaughter (Barb & Vic Fuller's newborn).

Visiting Barney & Anne Berkowski during Christmas holidays were: daughter Gerry, granddaughter Leisa, great-granddaughter Tianna, all of Surrey, BC; daughter Lenore, son-in-law Bob, grandchildren Carly and Craig, of Richmond, BC; grandson Darren, granddaughter Angie of Norway House; granddaughter Kim, grandson Neil, great-grandchildren Troy and Sean of Ditch Lake.

Cliff & Marg Eden & family (Ruth and Clifton) flew to Halifax to attend the funeral of a very dear friend, 33 year old Const. Norman Yarich (formerly of Sandy Lake). Norman was married and is survived by a 5-year old son and 2 1/2 year old daughter. Norman attended highschool at Erickson E.C.I. His former classmates organized a Memorial Service at St. Jude's Church, on New Year's Day, and was attended by many friends, relatives and R.C.M.P. Officers. Norman was diagnosed with a brain tumor 16 months ago. The Eden family spoke to him on Christmas Day, the day before his death. Sympathy is extended to his family and father William.

March will soon be here. How is your family history or organization history coming along for Forest to Field Volume 2. Mail it to the Municipal Office when completed.

Henry & Anne Wall were in Wpg., New Year's Day with their families who staged a 70th Birthday for their Dad whose birthday was Dec. 29th.

Finally Erickson has snow so the big machines are out clearing the roadways and streets.

Jennie Rumak spent the festive holiday with her daughter Carol Basler, in Morden.

Get well wishes to Dave Pengally, who had surgery in Brandon before Christmas.

Onanole News

By Leona Kucher

Frank & Leona Kucher spent Christmas in Brandon with Rick and Sharon Kucher and family.

Bruce and Phyllis Swiscoski of Vernon, BC, spent Christmas and New Years with their families, Leighton and Dolly Gunn and family and Polly Wilson.

Sympathy of the district is extended to the families of Irene Gustafson, D. Harold Moore, and Ruth Holmes who all passed away before the end of December. Harold and Irene farmed East of Onanole from 1936 to 1987 when they moved into Erickson and later into the Personal Care Home. Irene was a member of the Onanole United Church and the United Church Women.

Harold and his late wife, Myra, moved to Onanole in 1957 and only lately had he moved into the Personal Care Home in Erickson.

Ruth Holmes lived in Onanole for many years. For the past few years, she had lived with her daughter Marion Porteous and family.

The children will all be back in school today (Monday). Their Christmas concert was on December 22nd at the school and it was reported that everyone put on a wonderful performance.

Thankfully, there were no Y2K problems. I guess we were all just very well prepared, like the Boy Scouts. We've come a long way in the last few years when you can sit at home and watch the New Year come in on the other side of the world instantly.

Hopefully, everyone had a Merry Christmas and all the best in the Year 2000.

Newdale News

by Olive Waddell

New Year's Sunday Service, Jan 2/2000 came in sunny & cold, preceeded by a fresh fall of snow Jan. 1st. Rev. Hunter's theme was "The Quiet Of The Land" based on the less familiar (than the story of Mary and Joseph), story of Simon and Anna, who recognizes Jesus as God's chosen one. These people 'the quiet of the land' were living faithfully and serving God in their own way. For a more complete message, feel free to ask for a copy from the church. We wish a Happy Birthday and a Happy Year to those whose birthdays are in January. Get well wishes are extended to Mary Miskow (in hospital), Fred St. John and T. Kristolovich.

Over Christmas break, visiting with R. & D. Kienas were family; Gregg of Victoria, Judy of Wpg., Rick & Teresa & family of Shoal Lake, Peggy & Wim & girls from M'dsa, Lynn, Dennis & girls of Morden, Harold & Grace Haverstock of Langenburg.

Reg. Mon. Wed. & Fri. activities are underway at the Drop In Centre. We hope there will be some participation in the District Play Offs later in the winter.

Some children were skating Monday night on the recently flooded curling rink. A public notice would have been appreciated as several young folk never heard of free skating till too late. Children are back in school after a long rest. Several cases of the flu and colds are making the rounds.

Congratulations to Shawna Dyck, daughter of Larrie & Kerrie Dyck of Newdale, who received a $3500 award of a Canadian Millennium Scholarship for 1999-2000 academic year. She has been attending University of Manitoba and is in her 5th year in the Bachelor of Commerce degree.

Kerrie & Larrie Dyck spent Christmas with Kerrie's parents at Ken & Doris Creaser's at St. Adolphe and with Larrie's parents, Mary & Issac Dyck for New Years at Rapid City.

Friendship to cultivate in 2000
Oh, the comfort, the inexpressible comfort of feeling safe with a person,
Having neither to weigh thoughts,
Nor measure words, but pouring them
All right out - just as they are-
Chaff and grain together -
Certain that a faithful hand will take and sift them,
Keeping what is worth keeping,
And with a breath of kindness
Blow the rest away.
(Author unknown)

Harrison House "Meals for Seniors" celebrated their 11th Annual Christmas Dinner on Dec. 20. Approx. 70 Seniors and their guests, our many faithful volunteers and the Board members of H.H. and the Meals Program sat down to a delicious turkey dinner with all the trimmings, topped off with Christmas pudding. Rev. Bob Hunter gave the blessing and Enid Clark welcomed all in attendance for the continuing support given to the Meals Program. Phyllis Tolton, on behalf of all attending thanked Stacie Cardy and her helpers for the delicious dinner. We encourage all seniors to give themselves a "millenium treat", and come and enjoy lunch at Harrison House and we'll even deliver if you are house-bound! Happy 2000.

Franklin News

By E.A. Stewart

Jodi Parrott of Brandon spent a few days with Ron & Beryl during the Christmas holiday. Darcy & Debbie Parrott of Brandon, were guests as well.

Willow Grove News

by Elaine Saler

Vince & Marie Ann Saler spent Christmas week at Gillam visiting with son Tim, Sherrie and grandchildren Ryan, Joshua and Jessica.

Kirk Saler of Kamloops, BC and his brother Kevin of Wpg., spent Xmas with their parents, Tony & Linda and other relatives in the district.

Tammy & Trevor Saler of Wpg. spent a few days over Christmas with their parents, Emil & Sally Saler.

Joanne Landry, Wyatt and Shaela of Bdn., spent Mon. to Wed. with her parents, Lou & Elaine Saler.

MARQUETTE REGIONAL HEALTH AUTHORITY
CALL FOR NOMINATIONS

The following Board member positions for Marquette Regional Health Authority will become vacant on April 1, 2000: Mr. Roy Stevenson, Rivers; Mr. Harold Stitt, Erickson; Mrs. Janice Dixon, Hamiota; Mrs. Patricia Gibson, Neepawa. In accordance with the Regional Health Authority Act, the Minister of Health will appoint Directors to fill these vacancies. The appointments will represent a broad cross-section of interests, experience and expertise. Geographic representation will also be considered.

Board members will be selected from nominations received from organizations and individuals interested in improving health for Manitobans, and who are prepared to make the time commitment required of a Director of the Board.

Any resident of a health region may nominate a person or persons, including him or herself, for the Board of the Regional Health Authority for that region.

Information regarding qualifications, general responsibilities of Board members, and the nomination form are available at the Marquette Regional Health Authority office located at 344 Elm Street, Shoal Lake, Manitoba, any community health offices or health facilities within the health region.

Deadline for submission of nomination form is **January 31, 2000.**

For more information call the Marquette Regional Health Authority office at (204) 759-4501, or Manitoba Health at (204) 786-7352.

Rapid City News

by Grace Fearnley

Sixteen Senior Bowlers met at Minnedosa Jan. 3; the trophy winners were Zetta Stoughton and Art Simpson. Earl Wilkinson claimed the Head Pin.

The first Whist Drive of the new year was held at the Centre, Monday evening, Jan. 3rd, with 6 tables in play. At lunch time "Happy Birthday" was sung to Alice Kemp by those present. The travelling prizes were won by Elaine Saler and John Fearnley, and the top scorers for the game were Doug Reid and Grace Fearnley, consolation prize winners were Gladys Simpson and Elaine Saler.

Mel McCallum of Wpg., was home for New Year with his mother and brother, Jean and Murray McCallum. The boys attended the New Year's dance and enjoyed seeing old friends.

Ken & Sharon Hyndman and Mitchel spent a few days after Christmas visiting with Sharon's brother & sister-in-law Morley & Joanne Rosteski at Airdrie, AB. Mitch was able to ski at Banff for a couple of days, and Sharon & Ken attended a Calgary Flames hockey game.

Bill & Gaylene Neilsen, Dwight and Shayna from Surrey, BC, arrived in time to attend the New Year's dance. While in town they were guests of Bills' sister Marie & Daryl Andrew. Dwight enjoyed a 2-day visit with Ken & Kerri Hinsberg and son Clinton. They were leaving for home by air today (Wed.) after a noon luncheon visit with friends Jack & Debbie Kooting and daughter Sara.

Ken & Kay Sample recently visited with Margaret and son John Graham at Virden.

An enthusiastic group of Seniors gathered at their Centre in Rapid City on Dec. 31st for the annual New Year's Eve Pot Luck Supper. The theme for this year was "A Newfie New Year's Eve". As they arrived everyone was given a "Sou'wester" to wear. Various "Newfie" dishes, such as Cod Au Gratin, Figged Duff, Ship Wreck Bowl, etc. were served along with traditional Pot Luck food. Following supper, contests and games were enjoyed and prizes were cans of kippers, sardines, tuna etc. Edie Evans and Olive Walker entertained with a number of short stories and jokes. Earlier in December the Brandon Sun had a contest for "the Best New Year's Eve" theme. Rapid City Seniors were awarded second place - two millennium coin sets, which were given as door prizes. At 9:30 PM we welcomed in the year 2000 (via TV) with the celebrating crowds in St. John's, Newfoundland. A donation of $20.00 was made to the Sun Fun Club from the "Newfie Millennium Party" in Rapid City.

The new year has brought sorrow and heartache to many of our citizens with the sad news of Janet Smith's death on Jan. 1st at Brandon Hospital, and today, Jan. 5th, we learn that Cybel Esplin has passed away at Riverdale Hospital. Words fail me.

Heartfelt sympathy to Janet's family, Michael, Bruce and Miriam, their families, mother Molly Martin, sisters Doreen, Heather, Mavis and Angela, and their families.

To Johnnie Esplin - our deepest sympathy and to your daughters, Jackie, Shirley and Chris, and the little grandchildren, Duncan & Rowena, mother Mrs. Helen Couch, sisters Shirley Bollman and Lorraine & Cecil Andrew & families, and all relatives and friends who mourn her passing.

Ada Hamnett's grandson Jonathan Gibson, spent a few days with her, and then daughter Karen came to take them back to Brandon where Ada spent the holidays.

GLOOR - FINLAY

On December 4, 1999, Barton Ronald, son of Ron and Joan Gloor of Brandon, Manitoba, and Sandra Arlene, daughter of Keith and Bernice Finlay of Rapid City, Manitoba, were united in marriage at the Rapid City United Church. The 7:00 p.m. candlelight service was officiated by Reverend Boyd Drake.

The bride entered the church in a full-length satin gown and train accented with lace, beads, and appliques. She carried a bouquet of poinsettias and cedar. Her father proudly escorted her down the aisle.

The bridesmaids were Cheryl Burke (Matron of Honor), Laurie Krynski, Jane Alex, Lois Crawley, and Crystal Gloor. The bridesmaids were dressed in full-length burgundy or forest green velvet dresses and carried white muffs accenied with burgundy poinsettias and cedar.

The bride's gown and the bridesmaids' dresses were sewn by Bernice Finlay.

The groom and his attendants wore black tuxedos and vests. He was attended by Bob Futrell (Best Man), Kevin Struck, Dave Smith, Ron Burke, and Doug Finlay. Guests were ushered into the church by Dave and Ron.

The organist was Norma Christie, and the pianist was Shirley Martin.

Following the marriage ceremony, the bridal party was escorted around town in two horse-drawn carriages pulled by a team of Clydesdales driven by Scott Ferguson and owned by Wes and Elsie Ferguson and a single horse owned and driven by Stacey Randall and Jim Harvey.

A social evening and dance followed at the Rapid City Legion Hall. The Toast to the Bride was given by long-time family friend, Doug Crawley. The Toast to the Groom was given by Art Godfrey, uncle of the groom.

A buffet lunch was served throughout the evening by the Rapid City U.C.W. Unit 1.

Bart and Sandra would like to thank all of their family and friends for making their day such a memorable one. (C4)

4-H Beef Club News

The Rapid City 4-H Beef Club held their December meeting Dec.14/99. All 20 members were present. Devin brought the meeting to order and Samantha Inglis led with the 4-H pledge.

Minutes and treasurers reports were read. Reports were given from Fat Stock. Interclub this year will be held July 3rd with the sale after the supper. We decided to sell pay what you pull tickets again for a fundraiser.

After the business end of the meeting the club was split into two groups and a game of Jeopardy was played with the questions being about 4H and Agriculture related. We also had a game of gift exchange. It was fun.

Our record books were handed out and the meeting was adjourned.

Ag days features farm safety

Every year, dozens of Manitobans are seriously injured when their farm equipment comes into contact with an overhead power line. Learn how to stay safe with a trip to Brandon in January. Ag Days promises something for everyone in the farm family.

Check out the Farm Safety Expo at the Keystone Centre. A tour through "Vigilant Village" will help remind everyone of the ever present dangers on the farm.

As machinery gets larger and the pressure to get the crop in and harvested grows, safety on the farm can sometimes take a back seat. Take the time now to chart a safe course as you move machinery, granaries or hayloads through your farmyard. Always maintain at least 10 feet or three metres of clearance. Remember to lower grain augers, dump truck boxes and cultivators before they are moved.

When using a snowmobile in winter to help with the chores, remember to watch for guy wires in ditches. The markers have sometimes been damaged or removed, making the wires difficult to see.

Spring is often a time to begin new projects around the farmyard. If a new well is in your plans, remember to call before you dig and make sure the well is at least 30 feet or nine metres away from existing power lines.

For more reminders on how to stay safe on the farm, visit Ag Days in January in Brandon, or stop by your Manitoba Hydro office.

Basswood News

by Zelda Firby

Susan Proven spent Christmas Day with her parents, Doug & Evelyn Taylor in Wpg.

Doug Proven and Cindy Murray were Christmas Day visitors with Rick & Amy Proven in the Erickson District.

Christmas Day visitors with Genevieve Levich were Rodger & Donna Daniels of Wpg., Ewen & Karen Booth & boys of Shoal Lake, Tom & Rick Levich, Ray & Mary Kolesar of M'dsa, and Judy Kolesar of Wpg.

Jean MacDonald and Neil spent Christmas in Wpg., with the Lawries and Whites.

Keith & Eunice Girling spent Christmas with the Adairs at Maryfield, SK.

Neil & Roberta Galbraith & family spent New Years with members of Neil's family at Oakville, MB.

Andy & Stacie Cardy & family entertained 26 members of Stacie's family on New Year's Day.

Sympathy is extended to the family and relatives of Syd Saunders who passed away Jan. 5th at Minnedosa Hospital.

Stan, Zelda and Marlin Firby were New Year's Day dinner guests with Paul & Jean Curtis at Rivers.

Barb McCaughen & boys of Campbell River, BC, spent Christmas holidays with Charlie & Joan Kingdon.

Sandy Lake News

by Deb Maluk

Best wishes to Elsie Spitula, who, as well as welcoming in the New Millennium, also entered the "era of the brown envelope". Helping her celebrate her special day was her husband Harry, Walter, Pat, Sharla and Tara of Sandy Lake, Ed, Marianne, Joy, Rhea, Dennis, Debbie, Pamela, Marisa, Greg, Jody and Riley all of Winnipeg. Part of the celebration included supper in Minnedosa where they were joined by Tommy and Lil Kelunick of Sandy Lake and Peter and Faith Melnyk of Dauphin.

The recent flu outbreak at the Sandy Lake Personal Care Home appears to be on it's way out, and everyone is on the mend. The facility is now open to visitors once again. The Sandy Lake Community Choir visited the home on Jan. 5 to entertain the residents with a lovely selection of Ukrainian and English Christmas carols.

Welcome home to Anne Woytowich who is recuperating at home after her surgery in Winnipeg.

Ukrainian Christmas celebrations at the home of Helen Maluk were made complete by the arrival of Wes and Terry Maluk of South Carolina and Rosanne Maluk of Saskatoon. It was lovely to have the family together again. What was even more amazing was that the weather was decent - usually when Wes and Terry arrive it's about minus 1000!

Blanche, Jim, Richard and Amanda Belchamber of Regina arrived home to celebrate Christmas with Ernie and Martha and David, Darcy, Lisa and Jenna Rystephanuk.

Tom Lutzek is enjoying his visit with Sonya and other friends and family in spite of the drastic climate change; Tom is on vacation from his job near Nairobi in Africa.

Today's Grandma

The old rocking chair will be empty today for
Grandma's no longer in it.
She's off in her car to her office or shop, and
buzzes around every minute.

No one can put Grandma on a shelf; she's
versatile, forceful and dynamic.
There isn't a pie in the oven you know, her cooking is ceramic.

You won't see her trundling off early to bed,
from her place by a warm chimney nook.
Her typewriter clickety clacks through the night,
for Grandma's writing a book.

Our heroine never allows backward looks to
slow up her steady advancing,
She can't tend babies any more, for Grandma
has taken up dancing.

She isn't content with crumbs of old thought,
with meagre and secondhand knowledge,
So don't bring your mending for Grandma to
do, for Grandma's gone back to college.

SPORTS NEWS

HOCKEY NEWS

Novice 8's

Over the Holidays the Novice 8 team played in a Portage tournament, on Dec.28. The first game saw Portage Novice 2 defeat M'dsa., Wynn Van Meijl in net. Brett McNabb got our only goal unassisted. The second game MacGregor won. M'dsa's 1st goal by Andrew Johnson, 2nd goal by Jonathon Kowal both unassisted, Brook Moffat in goal. The 3rd game saw Portage Novice 3 team win, Brook stayed in goal. M'dsa's Tyler Jury & Brett McNabb, both scored 2 goals. Despite the scores the team had a good day and played very well.

Novice 9's Hockey

The team played 2 games with Tri Town, in Rivers 4-4 and Cardale 3-2. In Rivers the team was short staffed and called upon 7 year old's David Thompson, Mitch Burgess & Derek Cameron to help out. Thanks guys! M'dsa's scorers were Brendan Taylor 2G, Michael Birch 1G 1A, Sam Parrish 1G & Ryan Galbraith 1A. In Cardale scoring by Brett McNabb 2G, Brendan Taylor 1G & Michael Birch 1A. Cory Butler in net. In Portage for league play with a 7-4 win. Brett McNabb 2G &1A, Michael Birch 2G & 1A, Tyler Jury 1G & 1A, Chris Krutkewich 1G, Brendan Taylor 4A, Ryan Galbraith 1A, Cory Butler in net.

Atom 10's

Jan.3 the Bombers faced off against Souris in a good game with a final score of a 5 all tie. M'dsa goals scored by Michael Brown with 2 & Joseph Olenick, Kyle Morrissette & Cindy Luckianchuk each with 1. Assists went to Kyle Moffat 2 & Devin Vaughn, Bradley George, Brook Bayes, Meagan Smith, Lauren Galbraith & Sean Dyck 1 each. Ternell Luhowy had a good solid game in net. Great game team. Neil Galbraith & Chris Brown are coaches & Cory Luhowy is manager of the team.

Major Pee Wee Hockey

The Major Pee Wee's league game against Carberry Dec.17 saw a 8-2 win. Hamiota Tournament Dec.18 saw them win the A side final over Hamiota 6-2, Tri-Town 9-1. Dec.28 at Carberry in exhibition game the team managed a 2-2 tie.

Sunday, Jan.2 at a 1 day tournament in Portage, they defeated Morden 4-1, in their 1st game losing next 2 games 4-0 to Brandon 12A's and Holland 4-1. The teams record is 16 wins, 2 ties and 4 losses heading into the final 2 weeks of preparation before their Tournament of Champions to be held Jan.13-16 in M'dsa. So come out and cheer on your boys in some exciting top Pee Wee hockey!

Bantam Hockey

The M'dsa Bantams hosted an 8 team tournament the weekend of Dec.18-19 with Minnedosa matched up against Grand Plains, losing in overtime 6-5. The 2nd game against Hamiota, another overtime game with Mitch Hyndman scoring our winning goal. Now in the B-side final (against Boissevain who were storm stayed) now against Hamiota, M'dsa won 7-6. Good work guys.

Dec.22 they returned to Hamiota for league play losing 6-4.

The Bantam's only game in the New Year was on Sunday Jan.2 in Russell which ended in a 6-3 loss. They now play in their Tournament of Champions in Carberry Jan.6-9. Good luck guys.

Midget Girls

In league play on Dec.18 at Brandon the girls managed a 6-1 win. Scoring were Sherrie White 1G, 3A, Carrie White 1G, 1A, Hilary Foord, Julie McNabb, Jamie Boyd & Lindsay Lewis 1G each. Assists-Lisa LeBoutillier 2, Leslie McNabb, Danica Wotton, Brenda Dowsett & Crystal Smith 1 each.

The new year saw a win over rivals Wawanesa Westman Falcons Jan.2, 7-1 win. Carrie White led scoring with 3G and singles from Danica Wotton, Brenda Dowsett, Jami Boyd and Carmen McNabb. The assists were Sherrie White 2, Leslie McNabb 2, Julie McNabb 2 and Jamie Boyd Carrie White and Lisa LeBoutillier 1 each.

Goaltending in both games shared by Wendy Nylen & Amanda Workman.

Two of the Minnedosa Squirts Teams held a 1 day 4 team tournament last Friday. The other two teams consisted of Tri-Town Blanshard & Tri-Town Rivers. Minnedosa Squirts Teams #1 & #3 faced off in the tournament opener with Team #3 moving to the A Side to play Tri-Town Blanshard. Unfortunately, neither Minnedosa team won their second game. The day turned out to be a great success and a lot of fun for the kids.

Prescriptions for healthy community organizations

ann Mandziuk
Home Economist

Living in a small town or rural Manitoba, it is hard not to become a part of local community organizations. Sometimes these organizations need new ideas. Why not attend a one day workshop in Brandon (January 22) and learn ways to make your organization healthy and revitalized.

For information and a registration form, please contact your Manitoba Agriculture and Food Office.

The day includes one general session on 'A Prescription for Healthy Volunteers' presented by Lee Friesen-Alford. Concurrent sessions make up the rest of the day. The choices include in the morning: 'Making your Organizations Workload Manageable'. Gerdi Stewart will give you ideas on setting priorities and working with short and long-term goals that organizations might have.

Another session, presented by Kim Beilby, will talk about organizations working as a team. T.E.A.M. (together everyone achieves more) will describe how working together can help your organization achieve more within and outside the group as well.

After lunch Celes Devar will talk about Building Networks...It's to Everyone's Advantage. Who does your organization need to network with to help it be more successful?

'So You've Been Asked to Be A Chairperson...' is the other afternoon session. Leanne Sprung will cover the role of the chairperson, how to set an agenda, meeting management and handling group dynamics.

The Southwest Regional 4-H Council and Southwest Farm Women's Network have combined forces again this year to organize this workshop day for all who are involved in community organizations.

If you would like more information about this workshop on Jan.22, in Brandon please contact your Manitoba Agriculture and Food Office or Kim Beilby at 726-6388.

Beware of heat from portable lamps

Portable lamps are a great solution for lighting challenges. A table or standing model is a great way to shed some light on a dark spot in your home. Keep in mind that all portable lamps generate heat and can be a potential source of fire. Follow these precautions for safe use in your home.

Look for the CSA seal of approval when shopping for a new lamp. It means the lamp has been tested and meets standards for safety in Canada. Portable lamps are intended for indoor use only unless otherwise marked. Before plugging in, pay special attention to warning labels and instructions on a new lamp. There may be special instructions on some models.

When it's time to change a bulb, turn off the lamp and unplug it. Replace the bulb as recommended and never exceed the maximum wattage. Never use a lamp with damaged or missing parts. Have it repaired by a qualified electrician first.

Keep table lamps away from open windows where a breeze can push draperies near the bulb. That decorating fad of tossing a shawl over a lamp can create a fire hazard. Never toss clothes or towels where they could end up touching a hot bulb.

Torch style lamps are stylish in the living room but an unsuitable choice for children's rooms. They can easily tip over and come into contact with clothing, toys or bedding. Most have quartz halogen bulbs that can become extremely hot. A torch style lamp in a bedroom with a bunk bed puts children too close to a hot bulb.

Home Insurance covered at college

Dear Paula C.:

My daughter is going to college this fall. Will she still be insured under our homeowner's policy?

Almost Empty Nester

Dear Empty Nester:

Although your daughter will soon be flying the coop, your home insurance will make the trip with her.

Basically, your homeowners, condo unit owner's, or tenant's package policy covers, not only any members of your family who are living in your household, but also anyone under 12 who is in the care of the person(s) named on the insurance policy.

It also covers students - like your daughter - who are enrolled in and attending a college or university, and who are dependant on the named insured or his or her spouse for support and maintenance. So your daughter doesn't have to be living in your house to be covered, as long is she is only "temporarily" away at school. She must also be dependent on you for support - probably an easy condition to fulfil, as most parents would agree! But should she decide to spread her wings and go out on her own when her studies are completed, your insurance will no longer cover her; she will need to buy her own policy.

Be sure to ask your insurance provider before she leaves what the overall dollar limit is on any personal property she is taking with her or may acquire while she is away. If she is bringing any valuables, like jewelry or computer software, for instance, she may need additional coverage.

The best advice: take a lesson from your insurance provider first, and your daughter will head off to college with an "A" in Insurance 101!

When smoke gets in your eyes and on your furniture - are you covered

Dear Paula C.:

When I lit a fire in my fireplace on the first cold day of the season, I didn't know that my chimney was blocked. Smoke billowed out and filled the room, covering it with soot. It ruined my walls, furniture, carpeting - everything! Now my insurance company is saying that only my walls and flooring are covered for smoke damage, and not my furniture, because I have something called a "Broad form" policy. What does this mean?

-Burned Up

Dear Burned:

No wonder you're all fired up! However, there is a logical explanation why your walls and flooring are covered, but not your furniture.

A "broad form" policy - the intermediate level of coverage - provides "all risks" coverage on the house and "named perils" coverage on its contents. This means that the dwelling itself is covered against any damage, except from those perils (causes of loss) that are specifically "excluded" in your policy. Because smoke damage is not excluded, your house is insured for that peril.

The contents of your house, on the other hand, are insured only against those perils that are specifically listed, or "named", on your policy (hence the term "named perils"). Smoke damage may not be one of them, even if fire is. Your policy covers smoke that "is due to a sudden and unusual faulty operation of a heating or cooking unit in or on the premises". Smoke from a fireplace may be excluded.

That's why your insurance will pay for the damage to your walls and broadloom (the house itself), but not the damage to your furniture (the contents).

There is a type of homeowner's policy, generally called "comprehensive", that gives you "all risks" coverage on both your house and its contents. It costs a little more than a broad form policy, but covers all accidental and unexpected events - including the smoke damage from your fireplace - unless they're specifically excluded.

But remember, no policy will cover every possible cause of damage. Even "all risks" has its limits. Check the exclusions on your policy, or ask your insurance provided what isn't covered.

And be sure to have your chimney cleaned so the next time you light your fireplace, you can enjoy the warmth without having to take the heat for it!

Understand your insurance. Make it your policy. Insurance Bureau of Canada (IBC) represents the private (non-government) insurance companies that protect your car, home, and business.

Top notch speakers in store for farmers

by Bill Stilwell

Cattle producers and other members of the agricultural community can expect top notch speakers and seminars during Ag Days 2000 in Brandon, later this month.

"With the number of people attending Ag Days and the industry sponsorship, they can bring in some high profile speakers that couldn't be brought in otherwise" said Bob Durston, Neepawa ag rep. "We hope producers will attend the sessions that relate to their opportunities."

A different seminar runs each day, with the entire second day devoted to providing up-to-date information from the agricultural industry's leading pasture and grassland management authorities. "Getting the Most from Your Pasture" is the title of a day-long seminar being offered during Ag Days. The seminar focuses on pasture-related cattle production issues.

"We are co-sponsoring a seminar because we want to encourage our producers to take advantage of information that will improve their pastures and their pasture's bottom line," said Wanda McFadyen, executive director of the Manitoba Cattle Producers Association. One of their roles is to keep cattle producers informed on livestock related issues including pasture management. The Manitoba Habitat Heritage Corporation (MHHC) is the other seminar co-sponsor.

The seminar features presentations from eight leading authorities on pasture management topics. For example, Dr. Lee Manske, a research range scientist from the North Dakota State University Research Centre will speak about the fundamentals of the Twice-Over Grazing System. In a separate session, Laurie Davison, a livestock producer from Solsgirth, Mb, will discuss his experiences using the twice-over grazing.

As part of the seminar, Dr. Walter Willms, head of Land Resource Sciences for Agriculture & Agri-Food Canada in Lethbridge, Alberta will explain the importance of water quality for maximizing livestock production on pasture. Dr. Jimmie Richardson, a professor at North Dakota State University will discuss rebuilding prairie soils through grazing management.

Other speakers include: Hans Rindlisbacher, deals with new fencing options; Dr. Craig Slimmon, a veterinary surgeon, on herd health on pastures; Dr. Martin Entz, addresses the issue of forages in cropping systems; Dr. John Popp, a livestock specialist, will deal with alfalfa grazing strategies. Dr. Manske will offer a second seminar titled, Economics of Protein on Your Farm.

Al Bourrier is a Manitoba Habitat Heritage Corporation (MHHC) field rep at Killarney, and one of the seminars organizers. He says the seminar will provide useful information for livestock producers. His organization advocates well managed grazing systems because they benefit both cattle producers and wildlife.

"Well-managed grazing on native pasture produces more wildlife than many other forms of agriculture activity," he said. "It can even be more productive than idle native habitat."

Last year about 25,000 people attended Ag Days, an annual event run by a committee of industry and government representatives.

Minnedosa Recreation Report

Ken Surovy - Recreation Director

Happy New Year everyone! The Minnedosa and District Recreation Commission are looking forward to a busy year 2000 and welcome any suggestions you might have regarding programs.

Well, we finally received some snow, just in time for winter programs. You should have received your Winter 2000 Fun Guide in the mail by now, if not, please drop by my office and pick one up or give me a call and I will mail one out to you.

There have been some changes to the Minnedosa and District Recreation Commission. Stewart Lewis has replaced Ron Carr as the council representative from the R.M. of Odanah and Rick Everett has replaced Mark Blais as the council representative from the Town of Minnedosa. We would like to thank Ron and Mark for their hard work and effort over the last year while welcoming Stewart and Rick aboard!

Swimming lessons have moved to the Gateway Motel for the winter season allowing us to offer AquaQuest 6 & 7 because the pool is deeper, so there is no need to drive to Brandon. New preschool programs being offered include Free at Three for those learning to participate in programs alone for the first time and Paint and Play for those little ones who are ready to go it alone. We are hosting a youth forum in January to find out what type of programs teenagers want while offering ski/snowboard adventures on the February and March no-school days. Mom and Dad can begin boxing up all the old toys, clothing and sports equipment to prepare for the Kids Only Swap Meet in the early spring. Adults and seniors can sign up for hatha yoga, tai chi or boxersize. I am currently researching the feasibility of offering an introductory computer course so if you are interested, please call and leave your name and number at the Recreation Commission office.

Sports Dinner 2000 tickets are now available for sale at the Recreation Commission office as well as the tickets for the Gretzky memorabilia raffle.

Queen's Council appointments under review

The practice of appointing some lawyers as Queen's Counsel (QC) is under review and further appointments are on hold until the review is complete, Justice Minister Gord Mackintosh announced recently.

"We want to explore whether the continuation and method of Queen's Counsel appointments is appropriate," said Mackintosh, who also refrained from taking the QC designation that is customarily awarded by the province's attorney general. "We'll be seeking input from the legal community and members of the public in reviewing the matter."

The title is largely ceremonial, but does elevate lawyers to a higher position of precedence in presenting arguments in court. QC lawyers are also entitled to wear silk robes in court. The tradition of Queen's Counsel appointments dates back to Elizabethan times.

Under The Law Society Act, four QCs may be appointed every year in addition to replacements for QCs elevated to the bench or deceased during the year. To be eligible for the Queen's Counsel designation, a Manitoba lawyer must have at least 10 years experience at the bar and demonstrated excellence in the field.

Since 1988 the names of eligible candidates have been submitted to a special review committee chaired by the attorney general and composed of the president of the Law Society, the president of the Manitoba Bar Association, the chief justice of the Court of Queen's Bench and a lay person.

Approximately 189 of the 1,737 lawyers practising in Manitoba currently have a QC designation.

Card of Thanks

Minnedosa Christmas Cheer Board (1999) raise our hats to the many residents and businesses of the District who gave so freely to our cause. We could not do it without you!

This year, we received forty eight applications for assistance. Registration forms were available at the Town Office and at the Municipality offices, as well as from the Cheer Board. It was stressed how important it was for the Board to receive these applications by a specified date with all necessary information completed. Each hamper contained goodies for Christmas dinner as well as gifts and goodies for children under the age of eighteen.

We especially thank all the businesses, organizations, Churches and Tanner's Crossing School, also the many individuals for your generous support - for the use of the building we thank Terry Drebit and the Kinsmen Club for the use of their tables. To the drivers and volunteers, Thank You - you are the best! Happy New Year to you all!

TOWN OF MINNEDOSA MANITOBA

Help Wanted

PART-TIME SECRETARY-TREASURER (TERM POSITION)

The newly formed Tanner's Crossing Planning District requires the services of a part-time secretary-treasurer on a term basis.

The duties of the secretary-treasurer will generally be as follows:

- To attend all meetings of the District Planning Board (typically one or two evening meetings per month)
- To prepare minutes of the meetings.
- To maintain all financial records of the Planning District (a financial ledger with a low volume of transactions)
- To prepare miscellaneous items of correspondence

The hours of work and the location of the workplace are considered to be flexible, during the initial year of this Planning District.

Interested persons should submit a letter of application, including a summary of qualifications and experience, along with expected rate of payment to Mr. Brian Skatch at the office of the R.M. of Minto, 49 Main Street in Minnedosa before 4:30 p.m. on Thursday, January 27, 2000. 44-2

Coming Events

Card of Thanks

We would like to send a sincere thank you to Dr. Bright and staff of Minnedosa Hospital for the wonderful care given to our husband & father, Clifford Madill. To Florence, Marge & Lorna and the rest of the Home Care Staff, a huge thanks! Without your assistance it would not have been possible for Clifford to have been at home for the past two years. A special thank you to Reverend Elgin Hall for his comforting words. To all our friends and family, thank you for the floral tributes, food, cards, phone calls and memorial donations. It was all greatly appreciated. Pearl, Darwin, Lyle, Linda & Families. x (CD)

Thank you to the Erickson Personal Care Home for the care given to Harold Moore and to those who visited him there. Special thanks to Jimmy Brown for all you have done to help Harold over the past years. To Pastor Ted Jannuska for the service, the pianist Valerie Wickdahl and the Cherrie Chirpers for the lovely lunch. Thank you to the Legion Color Party and the pallbearers. To Sparrow's Funeral Home for the arrangements and support. Thank you for the cards, flowers and charitable donations. Debbie & Rod Reinson, Evelyn Moore and the Family. (CD)

Our sincere thanks to friends and relatives for cards, phone calls and baking received after the loss of our brother Clifford. Muriel, Leslie and Hilda. x (CD)

The Erickson W.I. wish to express our thanks to those individuals and organizations who helped make our Breakfast with Santa such a success. Winner of the Turkey Draw - Harry Paulsen. The support of the community was greatly appreciated. x (CD)

Card of Thanks

A heartfelt thank you to all who remembered us on December 26th, our 50th Wedding Anniversary. Special thanks to our family, Rob, Jim and Lois for being here, and all their "secrets". Thanks also to relatives and friends, near and far, for the many cards, letters, gifts, flower arrangements, meals out, phone calls and visits. Thanks also to our families for 2 meters of Trans Canada Trail, and the Neepawa OddfelHows and Rebekahs for the delightful visit, cake and "Treasure Chest". We also appreciated the letters of congratulations from the politicians. It has been two weeks of daily, pleasant surprises! Bless you all. Ernie and Audrey Briese. x (CD)

Northam - Thank you to everyone for their expressions of sympathy in the passing of our mother, grandma and great grandma, Beth Northam. Our thanks to Rev. Roberts for conducting the service, organist Norma Christie and to Howard Haslen for his invaluable assistance. Thanks also to the Rapid City Legion Auxiliary for the lovely lunch and to Sparrow's Funeral Service for taking care of arrangements. Sincere thanks to Maureen and staff of the Minnedosa Care Home and to Dr. Bright for their care and kindness to our mother, grandma and great grandma. Thanks to friends and neighbors for all your cards, flowers, food trays, baking and memorial donations. Your thoughtfulness has been greatly appreciated. Don and Margaret Northam and family. Wes and Gay Peters and family.

Obituary

Death Notice
Mildred Vint

We wish to announce the death of our Mother, Grandmother and Great Grandmother, Mildred Vint. Born August 4, 1909, Deceased January 1, 2000. She left this world in the same fashion as she lived her life, quietly and with great dignity. She will be remembered as a constant support to family members and a loyal friend to countless others. As Mildred's wish was for a private family service, we wish to extend our sympathy to her many friends. The Vint Family x (C7)

Obituary

William Sydney Roy Saunders

Sydney Saunders passed away at Minnedosa District Hospital, January 5, 2000, at the age of 92.

Syd was born December 9, 1907 at Rolling River, Manitoba, to William and Rose Saunders. He received his education at Crocus Hill School. He married Susan Richardson on July 30, 1932. They farmed at the home farm SW 30-16-18 and also the half section of SW 29-16-18 until retirement in 1969. He was also co-owner of a well-drilling outfit for a number of years, and drilled several wells in the district. He loved farming and was meticulous in the upkeep of his farm buildings. He treated his horses and farm animals with care and respect and loved having a dog and cats around him. He was particularly adept at carpentry work even though he had no training as such.

Syd enjoyed hunting deer and his farm was often a meeting place in earlier years where he and his friends would meet before going out on their search for the elusive deer. In his younger years he was captain of his football team. He had musical talent as well and played the fiddle in a local orchestra as well as calling square dances. On September 15, 1969 he and his wife Susan moved to their new home in Minnedosa and later on to Townview Manor. During his retirement years he enjoyed playing cards and calling bingo every Wednesday evening in Townview Manor. He also enjoyed delivering the mail each morning for his floor.

He was predeceased by his wife Susan in 1997 and a sister, Gertrude Hunter, in 1995.

He is survived by his sons Bill (Alice) Saunders of San Clara, Manitoba and Garry (Susann) Saunders of St. Catharines, Ontario, grandchildren Gwen (Ken) Brunet of Minto, Manitoba, Lynn (Terry) Kuttnick of Williams Lake, BC, Darcy Saunders of Brandon, Manitoba, Rhonda Saunders of Toronto, Ontario, and Dallas Saunders of St. Catharines, Ontario, and five great-grandchildren. He is also survived by two sisters, Ethel Richardson of Minnedosa, Manitoba and Doris (Nelson) Handbury of Winfield, Alberta.

A Memorial Service was held on January 10, 2000 at Minnedosa United Church at 2:00 p.m. Interment has taken place in Minnedosa Cemetery.

In lieu of flowers, donations may be made to a charity of one's choice.

Sparrow Funeral Service was in care of arrangements. (C7)

PROVINCE LAUNCHES HANDBOOK TO HELP SENIORS DRIVE SAFER, LONGER

A educational booklet designed to help motorists drive safely for as long as possible was unveiled today by Diane McGifford, minister responsible for seniors, and Becky Barrett, minister responsible for Manitoba Public Insurance.

The Older and Wiser Driver handbook was developed by the Manitoba Seniors Directorate and Manitoba Public Insurance (MPI) and includes a self-rating quiz along with suggestions to improve driving habits.

"Driving a car requires many skills and it's important for all of us to continually assess our abilities to ensure we are driving safely," said Barrett. "This booklet takes us through a process of review so we can adjust our driving habits and be aware of actions we can take to make our driving safer."

About 14 per cent of Manitoba's current population is 65 or older. By 2025, about 21 per cent of the province will be in that age group.

"Manitoba seniors work as paid employees and volunteers; provide support and assistance to family, friends and neighbours; and invest time, talent and energy in local projects," McGifford said. "These busy, productive people contribute to the life of our communities in thousands of ways and often rely on their cars as their main mode of transportation."

MPI road safety manager Dennis Bell said Manitoba Public Insurance is committed to RoadWise driver education as a lifelong proposition. "We believe that with the proper education and support, more of us will be able to continue driving safely and confidently well into our senior years."

The booklet is available from provincial seniors organizations, senior centres, community resource councils and health centres throughout the province.

Moments in Riding Mountain

- Idle Promises -

While doing some heavy thinking over the holidays (in other words, lying on the sofa, recovering from stuffing myself with Christmas dinner), I turned my thoughts to creating fun and interesting ways of getting people outdoors. In my food-induced delirium, I developed a list of 10 "Resolutions for the Millennium." These are things I think every Canadian should try. Don't worry if some of these things look weird; change and add to this list to make up a list of activities that appeals to you. Remember, the goal of any list should be to spend more time outside. With that in mind, here's my list:

1. Go star gazing. Haul a star expert outside and try to identify constellations ... 5 from the winter (fairly easy to do) and 5 different ones from the summer (more difficult, as you have to stay up later to see the stars).

2. Go jump in the lake ... with snorkeling or diving gear. I recommend waiting for summer for this one. The underwater world is far different from the one we usually inhabit. No need to go too high-tech, as even a pair of cheap swimming goggles will work.

3. Play weather forecaster. Try to predict tomorrow's weather for 5 days in a row. If you get it wrong from time to time, don't worry - you'll probably be as accurate as the weather office. Stiff joints or aches and pains not withstanding, most libraries have a book or two on forecasting tricks that will help you get started.

4. Get lost. Everyone should experience the terrifying feeling that comes with the realization that you don't have a foggy clue where you are (some of us know this feeling too well). If you do get lost, be sure to carry something that will help you get found, such as a compass. I don't want to receive a phone call from an angry child whose parent is lost somewhere in the Park.

5. Meet your wildest neighbours. Get to know the wild residents of your area by identifying 15 bird species, 20 plants, and 5 insects. If you're beyond the neophyte level, try adding the above numbers to your lists each and every year.

6. Light a fire. I hope I'm not responsible for sending a league of pyromaniacs into the forest, but I think everybody should have the experience of lighting a campfire. Make it a challenge by using only one match, and no paper. You never know when this skill will come in handy.

7. Climb a tree ... even if it is just a short one. Your view of the world will change. Besides, kids find great entertainment in seeing an adult hanging from a tree by one leg after a branch breaks.

8. Track down something until you find it (I don't mean the remote control, either). For this, you'll need a lot of patience, fresh snow (or other track-recording substance), and a bit of luck. It's a great chance to test out your skills, and you'll learn a lot about the animal you're tracking.

9. Go camping ... a lot. A few years ago, I made a pact with myself that I would try to spend 1/10 of my year outdoors. That means camping 37 nights a year. I'm still working on this particular goal. To make it more interesting, I've added the challenge of camping at least once a month. Camping in January can be tricky, but it's worth it.

10. Keep a journal. Good friend and mentor Bob Waldon always stressed the need to keep good notes. By keeping note of the animals you see, the weather, and your everyday activities, you are forced to be a keen observer. When the time comes to remember key incidents, these journals also help to jog your memory.

That's my list of things every Canadian should do. If you're so inclined, steal some of these ideas and create your own list of things to do in the new Millennium. Send me your best Millennium outdoor promises, and I'll add them to my list!

Nature Notes: Eddy Boucher called to comment on the number of Bald Eagles he has seen this past fall. He travels a fair amount while working for the Rolling River School Division, and said he's seen more eagles than normal. The eagle population has rebounded nicely since DDT was banned, and are becoming more common. Bald Eagles will stay in the area as long as there is food around. With little snow, and road killed deer, there's many a free meal to be had. With the coming of deeper snows, most will travel farther South, in search of more free meals.

Ken Kingdon is the Warden Service Communications Officer for Riding Mountain National Park. If you have any interesting reports, contact him at 848-7240.

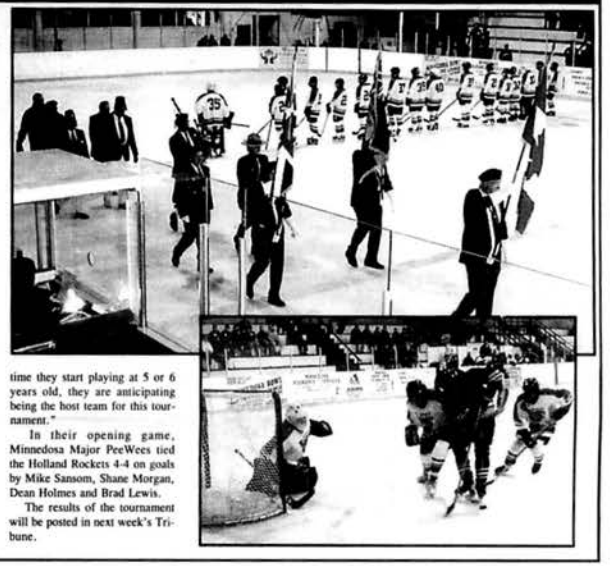
Rural Tournament of Champions



Twelve teams participated in the City of Brandon Rural Tournament of Champions hosted by Minnedosa last week. The year 2000 marked the 28th year that Minnedosa has hosted the tournament.

The 12 and 13 year old Pee Wee level players travelled from Warren, Ste. Rose, Hamiota, Neepawa, Souris, Ste. Anne, Brandon, Strathclair/Shoal Lake, Deloraine, Holland, Boissevain to take part in the four day tournament along with the Minnedosa team.

The opening ceremonies for the event were held Friday evening following a skills competition. The Legion Color Party attended the opening ceremonies, along with representatives of local organizations, local dignitaries and the Minnedosa Minor Board.

"This is a very important tournament for Minnedosa in terms of exposure and finance," stated Dave Bailey, Minnedosa Minor. "It's a tournament of mythic proportions for minor hockey players. From the time they start playing at 5 or 6 years old, they are anticipating being the host team for this tournament."

In their opening game, Minnedosa Major PeeWees tied the Holland Rockets 4-4 on goals by Mike Sansom, Shane Morgan, Dean Holmes and Brad Lewis.

The results of the tournament will be posted in next week's Tribune.

Plans move ahead for 2002 Paddling Championships

By Nancy Chemerika

The Manitoba Paddling Association, together with the Minnedosa Canoe/Kayak Club, is in the process of making final application to have the 2002 Sprint Canoe/Kayak Championships held at Minnedosa Lake. With only the formalities remaining, all indications show that the bid to host the national event will be successful.

In November, Council for the Town of Minnedosa passed a resolution supporting the National event, should the bid be successful.

"This will be absolutely wonderful for the town," stated Mayor Terry Drebit. "It will be great for tourism and tourism goes hand in hand with economic development. The town absolutely welcomes this type of event to town. We support any event that puts Minnedosa in the spotlight."

"It is the nicest sized, no current lake in Western Canada," stated Jerome Seremak, Provincial High Performance Team Coach. "Our main intention is that the town will benefit from this event. We hope to have as many athletes as possible stay in town, and the related social events will also be held in Minnedosa. One of our main intentions is to bring as much as possible to Minnedosa. This can be good for the athletes and good for the town."

Close to 1000 athletes from the midget to masters level, plus officials and spectators are expected for the five day event which will take place in August, 2002.

Continued on Page 2

R.M. of Harrison calls for nominations

By Nancy Chemerika

The Rural Municipality of Harrison will be receiving nominations for the position of councillor early in February.

The call for nominations follows the resignation of Councillor Theresa Kienas, who moved from the area. Kienas was elected to a four year term in October, 1998.

Nominations will be accepted at the R.M. of Harrison Office in Newdale on February 3rd, 4th, 7th, 8th and 9th.

Should a bi-election be required, it will be held on March 1st, 2000.

In their opening game, Minnedosa Major PeeWees tied the Holland Rockets 4-4 on goals by Mike Sansom, Shane Morgan, Dean Holmes and Brad Lewis.

The results of the tournament will be posted in next week's Tribune.

Plans move ahead for 2002 Paddling Championships

By Nancy Chemerika

The Manitoba Paddling Association, together with the Minnedosa Canoe/Kayak Club, is in the process of making final application to have the 2002 Sprint Canoe/Kayak Championships held at Minnedosa Lake. With only the formalities remaining, all indications show that the bid to host the national event will be successful.

In November, Council for the Town of Minnedosa passed a resolution supporting the National event, should the bid be successful.

"This will be absolutely wonderful for the town," stated Mayor Terry Drebit. "It will be great for tourism and tourism goes hand in hand with economic development. The town absolutely welcomes this type of event to town. We support any event that puts Minnedosa in the spotlight."

"It is the nicest sized, no current lake in Western Canada," stated Jerome Seremak, Provincial High Performance Team Coach. "Our main intention is that the town will benefit from this event. We hope to have as many athletes as possible stay in town, and the related social events will also be held in Minnedosa. One of our main intentions is to bring as much as possible to Minnedosa. This can be good for the athletes and good for the town."

Close to 1000 athletes from the midget to masters level, plus officials and spectators are expected for the five day event which will take place in August, 2002.

R.M. of Harrison calls for nominations

By Nancy Chemerika

The Rural Municipality of Harrison will be receiving nominations for the position of councillor early in February.

The call for nominations follows the resignation of Councillor Theresa Kienas, who moved from the area. Kienas was elected to a four year term in October, 1998.

Nominations will be accepted at the R.M. of Harrison Office in Newdale on February 3rd, 4th, 7th, 8th and 9th.

Should a bi-election be required, it will be held on March 1st, 2000.

Local cattle producers look into winter grazing options

Glen Crawley's cows, north of Clanwilliam, have taken to the corn grazing.

By Nancy Chemerika

A number of local beef producers attended a Manitoba Agriculture and Food sponsored winter cattle grazing tour featuring corn last week.

There are currently eight farmers in the Minnedosa Ag. Rep. District who have tried the practice of corn grazing. Last Wednesday's tour took the producers to the Glen Crawley and Jim and Gerald Boyd farms to examine the corn grazing which is a recently tried practice in western Canada.

"Producers are looking for different ways to extend the grazing season in order to lower feed costs for the cow herd," explained local Agriculture Representative Neil Galbraith. "One idea is growing corn and strip grazing after freeze-up when there is no pasture left to graze."

Strip grazing is a simple matter of temporarily cross fencing fields into smaller areas that provide enough feed for a few days at a time.

According to Galbraith, corn offers higher dry matter yield, combined with sufficient protein levels and high energy levels to sustain cows on cold winter days. The traditional practice of feeding hay from the end of pasture in the fall to pasture in the spring is an expensive practice most years.

"During the past decade, more and more farmers are looking for ways to make the cows go to the feed rather than taking the feed to the cows. In the past, corn varieties had too long of a growing season for this area but now there are new varieties with shorter growing seasons that can be used." stated Galbraith.

Brothers Jim and Gerald Boyd currently have about 60 cows on a corn field and plan to continue with the practice. According to Jim, grazing the cows on corn was a better alternative than putting up hay in adverse conditions. Although the Boyds supplement the corn with hay, Jim estimates that they are saving about two bales per day. Mr. Boyd noted that although growing corn is not cheap, input costs work out to about $110 per acre, there are numerous benefits.

"We would do it again," stated Jim. "The cattle are doing just as well on corn. They get a lot of exercise and we are saving on labour, tractor time and manure hauling. I think it would really save a person not calving until about March."

The Boyds' cows currently have calves with them and Jim noted that they are still producing a lot of milk, and the calves are actually eating less because they go under the wire and rip the cobs off the stalk to eat the frozen kernels.

Glen Crawley is also pleased with the corn grazing and plans to replant next year.

"I was trying to get away from feeding all winter," stated Boyd. "There is less work involved with the corn, and less tractor time. It works out cheaper and it's convenient. There's no problem getting them to graze it."

Crawley added that the biggest challenge will be to grow a good crop of corn in our local unpredictable climate.

"Getting the cows to eat it is no problem. I plan to try it again. I expect better things next year," concluded Crawley.

Sandy Lake man charged with operating a still

By Nancy Chemerika

Peter Prokopchuk, 65 of Sandy Lake, was formally charged last Wednesday by members of the Brandon RCMP Customs and Excise section with possession of a still for the manufacturing of spirits and the possession of unlawfully manufactured spirits.

A court date has been set for Mr. Prokopchuk on February 15th at Minnedosa.Cpl. Harapiak noted that because this is Mr. Prokopchuk's first offense, he will most likely be required to pay a fine.

The charges came a week after RCMP members executed a search warrant at Prokopchuk's residence after receiving information about the operation. At that time various components of the still were seized, as well as approximately 22 gallons of homemade liquor. The value of the liquor is estimated at $2,250. Brandon Cpl. John Harapiak would not comment on whether or not the liquor was being sold commercially.

After the seizure, the liquor was sent to an Ottawa laboratory for analysis to determine its concentration and contents. The exact concentration will not be known for a few weeks, but Cpl. Harapiak indicated that he thought the liquor to be very highly concentrated, similar to Everclear.

"We know there are other stills around. But just how common it is, we don't really know," concluded Cpl. Harapiak.

Local youths benefit from Millennium fund

Michael Greer, Rapid City, has been awarded a Canada Millennium Scholarship in the amount of $2,500 for the 1999-2000 academic year. Jennifer Currah, Minnedosa, received $3,500, and Roberta Currah, also received $2,000.

These scholarships are just three of more than 75,000 awards, totalling more than $215,000,000, which the Canada Millennium Scholarship Foundation is making to young Canadians as part of Canada's celebration of the new Millennium. The scholarship originated in an initiative of the Government of Canada.

Michael, the son of Jim and Nancy Greer, is currently attending Brandon University with a major in Business Administration. He graduated from Minnedosa Collegiate in 1997.

Roberta, the daughter of Bob and Kathy Currah, graduated from Minnedosa Collegiate in 1997. She is presently attending the University of Manitoba and is enrolled in the Degree Agriculture Program.

Jennifer, also the daughter of Bob and Kathy Currah, graduated from MCI in 1996. She is presently attending the University of Saskatchewan and is enrolled in her first year of Veterinary Medicine.

Plans for 2002 paddling event proceed...

Continued from Page 1

"Compared to the Pan Am Games, we will have a lot more control over what is going to happen," stated MacLennan. "We plan to keep people in town longer. The races start at 8 a.m. and go until about 6 p.m. There is going to be at least 1000 athletes having to eat at least one meal in town. We are planning to have the officials and as many of the athletes as possible stay in town, and then the surrounding areas. One of the things that make Minnedosa unique is that our campground is right at the venue site."

"We hope to have the whole campground booked. The more people we can keep in town the better."

MacLennan noted that social events have been planned for the various levels of athletes, and will be held at the local arena and the Community Conference Centre.

"This is a national competition. It will feature athletes from all over Canada. It's quite a feather in your cap to have this magnitude of event in your community," noted MacLennan.

During the summer of 2000, the Western Divisionals will be held at Minnedosa Lake in July, with a training camp being held during the week prior. The divisionals will bring 250 to 300 athletes to town.

The local Canoe/Kayak Club has 26 members. Kim Taylor has been rehired as coach for 2000.

Preceptor Zeta Chapter donates to Library addition

Darlene Koetke, left, presents Georgina Johnson, Minnedosa Regional Library, with a cheque for $500 from the Preceptor Zeta Chapter of the Beta Sigma Phi. The funds are the proceeds from the annual Ladies Nite Out, and will be put towards the Library Millennium Addition.

Agriculture Report

Neil Galbraith
Agriculture Representative

Ag Days - In last week's Manitoba Co-operator there was a magazine supplement listing everything you may want to know about Ag. Days this week in Brandon. However, it incorrectly states that the show is open until 6:00 p.m. It actually closes at 5:00 p.m. each day. If you would like one of these booklets, we have extras at the Ag. office.

USA Beef Countervail Duty - R-Calf, the American organization that was trying to make this duty permanent, has informed Canada that it does not intend to pursue an appeal of the US Department of Commerce ruling that favoured Canada. R-Calf has also asked the other parties to join in a motion to withdraw the request for a Panel Review of the countervailing duty final determination that showed Canada should not be paying the duty. The other parties have agreed to not proceed with the appeal. Good news for now on the beef export front.

Farm Safety Video - Farmer to Farmer is a 16 minute video which features the stories of five Manitoba farmers who were seriously injured on their farms. Order forms will be available at the Vigilant Village at Ag. Days and the Ag. office after Ag. Days. I plan on having one video available in the Ag. office for people to borrow.

Little Saskatchewan River Conservation District - The LSRCD has several programs that may be of interest to area producers.

The first is a Forage Rebate Program. If you purchased grass seed in 1999 and are within the conservation district boundaries, you are eligible for a rebate of $10/acre to a maximum of 25 acres. If you are planning on seeding forages in 2000, the program will be different this year. Contact the conservation district office in Oak River for information on either 1999 or 2000 years.

There is a no till program where farmers are eligible for $5/acre to a maximum of 100 acres per year for 3 years. The land should have at least 4-5 wetlands and a maximum arable land to wetland ratio of 5:1. In other words, no more than 100 seeded acres for 20 acres of wetland (not just water but the slough grass around it as well). The land can not be drained during the 3 year agreement and harrows or coil packers can not be used. The land must be direct seeded (no till). An additional $2/acre will be paid if seeding equipment has 12 inch spacing.

There is a saline program where farmers will get free seed for up to 12 acres of saline land. The seed is a native grass blend that can grow on saline land is available in 55lb bags.

The Public Utilities Board

NOTICE OF APPLICATION AND HEARING

APPLICANT: CENTRA GAS MANITOBA INC.

APPLICATION: RATE MANAGEMENT APPLICATION

Centra Gas Manitoba Inc. ("Centra") has applied to The Public Utilities Board of Manitoba (the "Board"), pursuant to The Public Utilities Board Act, for approval of the following:

1. A Rate Setting Methodology for Primary Gas supplied by Centra that involves adjusting the Primary Gas rates on each of the gas year quarters (commencing on May 1, 2000) to reflect:
   (i) 50% of the difference between the updated 12 month forward price curve (weighted for the cost of gas in storage) and the rate set on the previous quarter; and
   (ii) Disposal of the Primary Gas Purchased Gas Variance Account on a quarterly basis over the next 12 months.
2. A Rate Setting Process for Primary Gas supplied by Centra in which Centra will file the updated Primary Gas rates on or before the 15th of the month before the start of the next gas quarter on an interim ex-parte basis to be reviewed and approved by the Board and to take effect at the start of the next gas quarter.

Primary Gas is the portion of the customers' bill that relates to natural gas provided from Western Canadian sources at the Alberta border.

Centra has also filed its Derivatives Hedging Policy that addresses matters raised in Board Order 100/99.

BACKGROUND: The Rate Setting Methodology and Rate Setting Process for which Centra is requesting approval of the Board flow from the Rate Management Plan. The Rate Setting Methodology proposes to use the Purchase Gas Variance Account (PGVA) as a mechanism for rate smoothing, not just between months but also between years. Centra's objectives are to reduce the magnitude and volatility of rate changes and achieve sales rates that are reasonably responsive to market conditions.

FILING: Centra filed an Application with the Board on December 22, 1999. Anyone desiring copies of the material filed should contact:

Manitoba Hydro
Attention: Ms. M. D. Murphy
3rd Floor, 820 Taylor Avenue
Winnipeg, MB R3C 2P4

Telephone: (204) 474-3468
Fax: (204) 474-4947

The Application and material in support of the Application will also be available for inspection at the Board's office.

HEARING: The Board will hold a public hearing regarding Centra Gas Manitoba Inc.'s Application for approval of its Rate Management proposals at the Board's Offices, Suite 400 - 330 Portage Avenue, Winnipeg, Manitoba commencing on March 6, 2000 at 9:00 a.m. and continuing as necessary.

PARTICIPATION: All persons, firms or Corporations or municipalities wishing to intervene in respect of this Application, and participate in the examination of witnesses, provide evidence, or make submissions and final arguments, are requested to advise of their intention to do so in writing as soon as possible by contacting the Board's Secretary as follows:

Mr. H. M. Singh, Acting Secretary
Manitoba Public Utilities Board
400 - 330 Portage Avenue
Winnipeg, Manitoba R3C 0C4

Telephone: (204) 945-2638
Fax: (204) 945-2643

Any person who does not wish to intervene but wishes to make a presentation to the Board should also contact the Board Secretary.

Persons wishing to address this Hearing in French are required to notify the Board's Secretary prior to February 24, 2000.

A timetable for the orderly exchange of information prior to the hearing will be available in the Board's office. All persons intending to intervene should obtain a copy of this timetable.

PROCEDURE: The Board has adopted Draft Rules of Practice and Procedure that will apply to the conduct of this Application. All Intervenors must familiarize themselves with the Board's requirements. Copies of this document are available upon request to the Board by writing to the Secretary or by calling (204) 945-2638.

INTERVENOR COSTS: Board Order No. 163/87, dated November 12, 1987, provides for, among other things, the possible award of costs to participants and the guidelines for so doing. Any party contemplating making Application for an award of costs should familiarize themselves with this Order.

DATED this 10th day of January, 2000.

H. M. Singh
Acting Secretary
The Public Utilities Board

2 Five days notice required. Wheelchair access is available.

What to do about the farm crisis? Print a newspaper

More and more, the attention of the editorial writers across Canada and particularly in the east is being focused on the prairie farm crisis. A panel discussion on ROBtv last Wednesday involving three influential stock analysts and consultants from the greater Toronto area showed that their awareness of the state of prairie agriculture is well based and fairly comprehensive. They more than once hit the nail on the head when stating their disgust with federal farm policy and reaction to the current income situation.

Still, however, we are reminded almost daily of how little our federal government seems to be concerned with the problems. Agriculture Minister Vanclief's announcement last week fell far short of the mark, and served only to remind us of how far removed we are from the purse-string pullers of this nation.

This week the federal government's new Rural Affairs department, chaired by the same Lyle Vanclief along with Andy Mitchell, Secretary of State for Rural Development, have responded to rural Canadians by publishing their own newsletter and distributing it across the country. The publication is called "The Rural Times", and is essentially nothing more than federal government advertising wrapped around some local 'success' stories that they have managed to glean from who knows where? To lend the whole waste of taxpayers money some sense of legitimacy, they have also appointed, as a front, what they call their Newsletter Advisory Group with nine members from varying areas of Canada. How many are they publishing and distributing, and at what cost to the taxpayer? They're not saying. We think that our tax dollars would be far better spent in the hands of rural Canadian farmers who would plant it in the ground and produce something useful, rather than publishing what amounts to nothing more than a government program ad shopper full of Rah-Rah stories.

Clear those Greens!

Minnedosa Golf Course grounds keeper Tim Benstead is making an appeal to local snowmobilers to please stay off the golf course and especially the greens. Tim states that this is the second year in a row where snowmobilers have used our golf course as a winter recreational area and he is a little exasperated over the damage that the snowmobiles are causing. Because of the especially light snowfall that we have experienced thusfar this year, the tracks are digging right down to the grass and are of course causing severe damage. As well, the tracks compact the snow which he won't be able to remove this spring when he blows the snow off the greens. As Benstead explains, the compacted snow then freezes to the Bent Grass on the greens during spring thaw and suffocates and kills the tender and delicate grass. All of us who golf know how dissapointing it is in the spring and early summer when the greens have not filled in. It can ruin the game and the course through much of the summer. He states that the damage was slight last year because the snowmobiling on the course took place later in the year when there was more snow. Right now, however, it is particularly damaging to the greens. Take heed and please stay off the greens and the course itself. There are plenty of open areas to snowmobile on without using our golf course.

Picture of the Week

The 'Minnedosa Senate' as shown discussing the issues of the day at the counter in Jack's Bakery in 1968.

Left to Right: Ed Taylor, Fred Porter, Nelson Cartwright, Gordon Wilson, Bill Telford, Lee Campbell, Bob McQuarrie and Harry Phillips

Women of Distinction
The YWCA in Brandon will once again host their annual Women of Distinction Awards Dinner set for March 9th. Annually, the YWCA hosts this dinner to honour one woman of distinction from the area and nominations for the award close on January 31st. Previous honourees from our particular area include Sandi McNabb in 1987, Marion McNabb in 1989, Cynthia Grant in 1995 and Colleen Cutshall in 1997.

Poker Night!
This coming Friday the Red Cross will be holding their second annual Casino Night at the Minnedosa Community Conference Centre. Doors open at 7:00 p.m. and tables open at 7:30 with lunch and a great prize auction set for later in the evening. Proceeds go to the Abuse Prevention Center and tickets can be purchased at the Credit Union or Terry's Place Restaurant or by calling 773-3526.

Farm Aid ...
Seems someTorontonians have gotten into the act and recognized the plight of the Canadian farmer. An income crisis that many say equals that of the great depression. A number of our country's most famous performers put on a show this weekend in aid of the farm crisis with the National Anthem singer being none other than Amanda Stott whose family farms just northeast of Brandon. The show took place at the Air Canada Centre and was broadcast live on CBC Newsworld. As well this weekend, the CBC dedicated much of their airtime toward other programs about the farm crisis including a panel discussion that took place in Regina. Slowly the situation is beginning to receive the national publicity and weight that it deserves.

Nifty numbers ...
This edition of The Minnedosa Tribune marks the beginning of Georgie Willis' retirement. After typesetting for The Tribune for 29 years, Georgie tried to call it quits on the first of January but was called in to 'save the day' last week and help us get our first official edition of 2000 off the ground. In a rather un-precise manner of calculation, we came up with an estimate of 80 million words that Georgie has typed for The Tribune over her tenure. A number that only a Credit Union bank manager can relate to. Since The Tribune converted to computer terminals and such some nine years ago, Georgie wore out three key boards and two computers. From the staff and life-long friends in the back shop, good luck to our Georgie.

We've heard you!
We haven't had this kind of feedback in a while. Countless numbers of our readers have told us how much they enjoyed reading the old Tribune front pages that we dug out of the archives and reprinted in our January 4th edition. We chose one front page from each decade of the past century to commemorate the passage of time and tradition and it was so well accepted that we've decided, rather than wait until the year 2100, to do it again during Homecoming. Thanks again to those businesses who purchased the advertising banners for helping us to publish the commemorative issue.

LETTERS TO THE EDITOR

An Open Letter to Prime Minister Chretien

Dear Mr. Prime Minister:

Farmers need cash immediately. The government must move to immediately put an additional $1.3 to $2 billion into the hands of farmers before spring seeding. The program should be capped and targeted so that those who need it the most receive the most. AIDA failed to do this. This is a short-term solution. However, a long-term solution is also long overdue.

Supply management and orderly marketing works, and should be applied to more commodities, and not traded away at the WTO. Currently, export-dependant farmers are in an income crisis while those producing for Canada's stable, high-price market have largely been spared. The hog price crisis came after governments dismantled single-desk selling in many provinces and encouraged farmers to produce for the export market.

Freight rates have escalated. The government should conduct an immediate costing review and reinstate productivity gain sharing. This would mean an immediate $5/tonne decrease in freight rates. Ultimately, the Federal Government should nationalize the railroads.

Inspection fees are an input cost that is under the direct control of the government. In many cases it has risen dramatically over the last decade. Inspection fees must be reduced.

Farmers as a whole made a .6% return on equity as a result of excess profit taking by processors, retailers, input manufacturers etc. However, in 1998, the farmers producing cereal grains (wheat, oats, corn) earned negative returns on investment. That same year, the companies that make cereal from that grain, Kellogg's, Quaker Oats, and General Mills, enjoyed return on equity rates, of 56%, 165%, and 222% respectively. It is easy to find similar numbers among other processors, railways, and input manufacturers. Maybe farmers are making too little because others are making too much. Don't you agree? Farmers, the Canadian public, and government need an immediate inquiry into the profit distribution in the Agri-food chain. In addition to providing tax dollars to farmers, we need to understand where Canadians' grocery-store dollars are going.

Mr. Prime Minister, are you aware that:

* Since 1974, gross farm income has tripled from $9 billion to $29 billion. Input suppliers captured 100% of this increase and, as a result, net farm income is lower today than in 1974.
* CN and CP 1998 profits exceeded the realized net income of the 79,000 farmers in Manitoba and Saskatchewan combined.
* Cargill Grain had 1998 revenues of $75 billion, making it 2 1/2 times larger than the entire Canadian farm sector.
* Farmers receive just 5 cents from a $1.33 loaf of bread. In 1974, they received 5 cents from a 43 cent loaf. (It may be the processors and retailers, not farmers, who are "inefficient").
* While corn flakes sell for about $5/kg, farmers get just 15 cents per kg. for corn.
* From a $15.00 case of beer, farmers receive just 15 cents for their barley.
* The price farmers receive for hogs has remained unchanged over the last 15 years.

The retail price of pork chops has risen 250%.

* The European Union will spend $90 billion to support its farmers; the U.S. will spend $25 billion, Canada will spend just $1.6 billion.
* The farms, forests, mines, oil wells and other businesses that dot rural Canada create profuse wealth-the problem is that the wealth is captured elsewhere. Taxpayer money to farmers is not needed to prop up unproductive enterprises, but rather, to replace dollars snatched by powerful agri-business corporations.
*Farmers, workers, small and medium-sized business people, and all rural citizens have common interests and must work together to protect communities and create "a" vibrant rural Canada.
* Farmers with huge investments in productive assets are forced to earn 63% of their income at off-farm jobs and farm on weekends and evenings. This erodes their quality of life, makes it impossible to contribute energy from their community, and takes jobs from others who need them.
* Since the federal government began deregulating grain handling and transportation in 1984, elevator handling charges have nearly doubled and freight rates are seven times higher. Farmers and communities looking over the most recent proposals for transportation reform should be aware of what a revenue cap won't protect. The proposed revenue cap has fewer protections than the existing rate cap, and will likely be used by railways and grain companies to shift grain delivery to terminals.

The rate cap prevented railways from raising rates at smaller points. This will not be the case under a revenue cap. The proposed revenue cap will allow railways to adjust rates based on many factors. These factors include the ability to raise rates due to a car shortage, and the ability to raise rates based on grain with higher value - such as canola. These will be arbitrary railway pricing decisions.

There is a farm crisis in Canada, and as Prime Minister, it is your responsibility to address this. What are you going to do? Bargaining away farm policy at the WTO will not help Canadian farmers, nor will it help Canada.

Henry & Joyce Neufeld,
Waldeck, SK

Dear Editor:

I feel that I must respond to Inky Mark's remarks regarding his wish to privatize CBC television. I think that Mr. Mark has missed the point about the reason that we have a public broadcaster. The CBC has 2 basic purposes: to provide news and information that private broadcasters would not wish to present because they feel that they could not make any money in doing so, and to provide unbiased reporting without fear of repercussions from owners or sponsors. In the case of CBC television, there is a problem because some commercial sponsorship is used to cover costs. However, I still feel better about information & reporting coming from CBC TV than from private broadcasters where biases may be present in the presentation.

The value of the public broadcasters has become even more apparent with the recent announcement of the merger of media giants Time-Warner and AOL. More and more of our information comes to us through fewer and larger private companies. Can this be a healthy situation for Canada? I think not! We need to strengthen the CBC not privatize it.

Sincerely,
Gord Hammell

Tragedy prompts McAuley family to go public with deer mouse warnings

By Nancy Chemerika

The tragic death of their daughter-in-law last summer has prompted a McAuley, Manitoba family to do their utmost to inform the public about the potential danger surrounding deer mice and the hantavirus disease.

Charlie and Peggy Coleman's daughter-in-law, Patricia Kilmury, was 27 years old when she contracted the hantavirus virus and died last summer. It is believed that Ms. Kilmury contracted the hantavirus after going through a box of old books which contained dust contaminated with the virus. Patricia was the thirty second confirmed person to die as a result of the hantavirus in Canada, and the first known case in Manitoba.

A non-contagious viral disease, hantavirus causes flu-like symptoms that rapidly progress to respiratory failure. About half of the people who contract the disease will die within hours. Those who contract the disease and do not die will have to undergo an extensive rehabilitation process. The hantavirus pulmonary syndrome virus can be contracted by coming in contact with a deer mouse, its waste, or its saliva.

"It was something we hadn't thought a lot about before it (Kilmury's death) happened," stated Mr. Coleman in a telephone interview from his McAuley farm. We had heard about it, but it's like, do you take all the full precautions before going out in the summer in case you get bit by a mosquito, even though some of those mosquitos may be carrying encephalitis. Ignorance on our part and not knowing we had deer mice cost us the ultimate price. We had a very special lady taken from us. We do not want anyone else to have to pay this very high cost, and lose someone due to ignorance and not knowing how to live with these deer mice."

Prompted by their tragedy, the Coleman family helped Dr. L. Robbin Lindsay, of the Zoonotic Diseases and Level 4 Program Canadian Science Centre for Human and Animal Health, trap small mammals in order to more clearly define the risk of human exposure to hantavirus in southern Manitoba and Saskatchewan. In Manitoba and Saskatchewan 244 and 213 deer mice, respectively, were captured, bled and humanely killed. In Manitoba 11.5% of deer mice collected, and 15% of mice in Saskatchewan, proved positive for hantavirus. Based on the findings of the study, Dr. Lindsay concluded that potentially infected deer mice are relatively common and widespread, and that residents in rural municipalities in southwestern Manitoba and southeastern Saskatchewan are at risk of exposure to infected deer mice and their waste.

"It is something that could happen to anyone. We don't want to scare people but we are going to have to live with these guys (deer mice), so we feel that the public needs to learn to live with them safely," explained Mr. Coleman. "This tragedy has woken us up drastically. We were scared to begin with, but now we're not really scared of it (deer mice) and we live with it."

The Colemans have eradicated thousands of mice on their farm through careful monitoring and a stringent poison program. They prevent the spread of the hantavirus virus by exerting extreme caution. If they enter an area that has been closed off and may contain deer mice droppings, they wear a face mask with a HEPA filter, rubber gloves and spray the area liberally with a solution of bleach and water. The same goes for granaries, old vehicles or anywhere mice may have gotten into. A bottle containing poison cubes is also put into these areas to prevent population growth.

Mr. Coleman feels that because the spread of the hantavirus is becoming more of a problem, like Manitoba, Saskatchewan and Alberta, should take financial responsibility for a rodent control program in the municipalities.

"The problem is here, it is not going to go away. It is better to nip the problem in the bud. We don't need anyone else to die. Patricia was 27 years old. A very healthy young lady, very outgoing. We hardly had time to say goodbye. After you catch it and you feel a fever, you can be dead in less than 12 hours. The biggest thing is that people need to be cautious and learn to live with the problem safely," concluded Mr. Coleman.

How to identify a deer mouse

Any mouse that has white on its belly or on the bottom side of the tail can be identified as a deer mouse.

Deer mice also have large ears and eyes, and may hop when they run. Research has shown that up until four years ago, only the adult male mice carried the hantavirus, but now all ages and both sexes of the deer mouse can carry the virus, increasing the risk of catching it tremendously.

Wowchuk unsatisfied with Federal announcement

Manitoba Agriculture and Food Minister, Rosann Wowchuk, and Saskatchewan Highways and Transportation Minister Maynard Sonntag, on behalf of Agriculture and Food Minister Dwain Lingenfelter, said last week that Manitoba and Saskatchewan farmers would gain nothing under the reported aid package being pitched by federal Agriculture Minister Lyle Vanclief.

The program being pitched by Minister Vanclief would require equal contributions from the provinces and Ottawa. The federal government would contribute $500 million in each of the next five years, matched by the provinces, making $1 billion available each year to farmers suffering from the effects of drought, flooding or low commodity prices. A 40% contribution is required by the provinces for AIDA.

"There is really no new money being talked about. The $500 million per year, as put forward by Mr. Vanclief, is status quo and in fact, if a proposal led by Ontario is accepted, there will be less federal money flowing to our farmers compared to what we have now," said Wowchuk.

In addition, the ministers from Manitoba and Saskatchewan are fighting a proposal from other provinces to distribute the crop insurance and NISA portion of safety nets on the basis of farm cash receipts, rather than on the basis of production and market risk faced by producers.

According to the ministers, Manitoba stands to lose $10 million per year under the proposed new formula, and Saskatchewan could lose approximately $50 million per year.

"This would effectively transfer federal support away from producers who face the greatest risks and inequities," the ministers explained.

Both agriculture ministers were in Ottawa last Friday to discuss the issues with their counterparts from across Canada and deliver a hard message that the reported proposal will not meet the needs of Manitoba and Saskatchewan farmers.

Play First promotes family literacy

The Play First group enjoyed a visit from Mother Goose

By Nancy Chemerika

The Minnedosa Family Literacy Program initiative, Play First, can be judged as a success according to Alexis Harvey, coordinator of PULSE (Program Using Lifelong Skills in Education).

Funded by the National Literacy Secretariat, Play First is geared towards mothers and their preschool children to provide assistance with learning and parenting skills.

"Because it was determined that there was a need for adult literacy in the community, we also realized that there was a need to provide educational and personal support to parents and children from families with limited financial resources," explained Mrs. Harvey.

Play First is currently working on its second year of programming, and is guided by a steering committee comprised of community members who make referrals and share resources. Steering committee members are appointed by the Literacy Working Group Board and staff.

The current focus of the programming is intergenerational and includes "Mother Goose" time. Sandra Ingenmey acts as group facilitator, assisted by resource person, Kathy Platt. Dana Dawson is the child caregiver, with assistance from local volunteers and Home Economics teacher, Peggy Nichols' Grade 8 Family Studies Class.

The Mother Goose program features a half hour at the beginning of each play first session when the children and the mothers learn nursery rhymes, finger plays, and other Mother Goose activities.

"It provides a real self esteem boost for the moms, knowing they can use these activities outside of the program," stated Mrs. Ingenmey. "The children learn something new, and share with their friends. The Play First Program provides mothers with friendship, trust, social time and good quality time with their children. They are learning new parenting approaches, and are being introduced to new ideas. The children enjoy the direct attention from their mothers, and are being introduced to new people through the volunteers, and learn crafts, storytelling and routine."

Areas of interest for Play First are identified in parenting sessions. Winter sewing projects are currently underway. The group facilitator organizes weekly cooking sessions with an emphasis on planning ahead, purchasing, and good nutrition. Parents become actively involved in preparing morning snacks and making a take home meal for future cooks. A cook book is currently being compiled. Later this month, parents and staff will be taking part in a one day Red Cross Child Safe training session.

"Family literacy has been identified as a priority," stated Mrs. Harvey. "It is a new trend across North America. The mothers benefit from the skills they learn, and from the informal support network provided by the other mothers. The children benefit from the intergenerational together time and the activities."

AIDA stats tell the story

Dauphin-Swan River Reform MP Inky Mark says the federal government's flawed agriculture disaster assistance program continues to victimize prairie farmers. Mark made the comments, after recent statistics confirmed money promised by Agriculture Minister Lyle Vanclief through AIDA, had still not reached its destination.

"I asked the Minister in the House late last year why AIDA money wasn't flowing to farmers. I asked again during adjournment proceedings, because my question went unanswered. Mr. Vanclief stated AIDA cheques would arrive before Christmas, but we are still waiting. If he meant those who celebrate by the Julian calendar, then he is still wrong, because Ukrainian Christmas has also passed," said Mark.

"Statistics from AIDA show five per cent of 1998 claims across the country remain unprocessed. Furthermore, as of January 5th, the federal government has only managed to deliver $321 million to farmers across the country, after promising $1.7 billion. This figure excludes the $117 million in equivalent payments over two years to Quebec producers.

"With spring seeding decisions quickly approaching, farmers need the short term cash injection that was promised. I have also written the Minister asking him to consider re-establishing a land withdrawal program similar to one implemented by PFRA in the late 1980's. This could take millions of acres out of production allowing the land to be diversified, and facilitate a timely payment in the foreseeable future," Mark stated.

Mark says Reform will continue championing the need for long-term viable agriculture policies by holding more grassroots meetings in Manitoba, Saskatchewan, Alberta and Ontario this month.

In response to the latest federal agriculture aid announcement made by Minister Vanclief, Mark said it proves that the recent hearings across Western Canada were nothing more than a public relation exercise.

"One of the worst parts is that Mr. Vanclief asked me to urge Manitoba to get back to the negotiating table. But these programs, which are partially funded by the province, have design flaws. They are using this top-down approach without meaningful consultation and negotiation. This shows the arrogance of the federal government," stated Mark.

Mark added that the same disagreements surfaced when the Minister unveiled AIDA last December.

"These tactics do nothing to get money into the hands of farmers who need it as spring seeding decisions approach. The hard part, is over the next two years, there will actually be less money than the previous two years to go around," concluded Mark.

Ottawa was spending $600 million dollars annually on farm safety nets. The recent announcement sees $1 billion over the next two years.

ATTENTION PRODUCERS

Have You Received Your Assistance For Your Forage Seed Purchase Yet?

The Little Saskatchewan River Conservation District is offering a financial rebate to producers who have purchased grass seed in the 1999 year. Producers are eligible for $10/acre that has been seeded to grass to a maximum of 25 acres.

Are you practicing no-till management?

The Little Saskatchewan River Conservation District is offering assistance to producers who are interested or are in no-till management. Assistance would be $5/acre up to 100 acres and an additional $2/acre for 12 inch spacing. Special conditions apply. Call office for details.

There are other programs with incentives in place that may interest you.

- Abandoned Well Program
- Saline Seed
- Gully Stabilization
- Grassed Runways
- Small Dams

Deadline for both programs is March 31, 2000.

Programs only eligible to landowners with the Little Saskatchewan River Conservation District.

New from Manitoba Crop Insurance

Excess Moisture Insurance

A long-term solution to farm income stabilization

The Excess Moisture Insurance Program is designed to help farmers unable to seed due to flooding and heavy rain conditions. It replaces the need for individual ad-hoc programs and gives producers the flexibility, stability and protection they need to make important seeding decisions on a timely manner.

The program provides $50 per acre for eligible land not seeded before established seeding deadlines. All land intended for seeding is eligible with the exception of bush, pasture, forages, fall rye and winter wheat.

This program replaces the existing Unseeded Land Insurance Program. All Crop Insurance contract holders are automatically enrolled. Sixty percent of the program's premium costs are paid by the Government of Canada and 40 percent by the Province of Manitoba.

Note: A minimum 5% deductible will be applied to all eligible acres.

Program information will be mailed to Crop Insurance contract holders in the next few weeks. Contact your local Crop Insurance Agency office for additional information.

Erickson & District News

by Almie Paulsen

Finally we are having typical January winter weather. Our thermometer was near -28C on Jan. 12th. That's a far cry from our old haunt in Magic Valley, Weslaco TX, where it was 85F yesterday. I'm sure our sleep was more relaxed than theirs!

Get well wishes to Jackie Skipper who was in Intensive Care in Brandon Hospital with a heart condition. I visited her on Jan.9 and she was hoping to go to her daughter near the end of the week.

Also best wishes to Jim Beatty who was discharged from Erickson Hospital but was back in Brandon and now Erickson Hospital.

A speedy recovery is also wished for Karley Gilleshammer who was in Minnedosa Hospital suffering pneumonia.

Mike Bobyk (nephew of Kay Kopeechuk) and his wife Olga of Kamsack arrived Jan.12 to visit with Kay and family.

The community is rallying behind the Allen Kopeechuk family in ways to help them after their tragic house fire. The "Retread" Ladies and Sacred Heart Ladies will be holding a kitchen shower at Sacred Heart church on Wed. Jan.19 at 2 p.m. Everyone who wants to help the family is asked to donate articles such as linens, cookware, dishes, utensils etc. The "Gold Nugget" also is accepting cash donations for the family and the community will hold a Benefit Dance at the Legion Hall on Jan.28, starting at 8 p.m. Erickson folks have always been known for their generous hearts and I'm sure we'll show this love again in this tragedy.

The skating rink is alive with activity for young & old. There's Figure Skating, Public Skating, Hockey etc. For information phone Val McMunn. This couldn't happen with out the many volunteers who have spent countless hours cleaning, making ice etc.

Parkland Home is undergoing some renovations to the walls of the hallways, floor coverings etc, so it isn't exactly dust free. Claude Gerrard is doing the changes and it should be in first class shape before long.

Something to consider - Vandalism destroys a town's memories!! The organization of COPP (Citizens on Patrol Program) in Erickson has greatly decreased vandalism. Like any other organization - COPP's rely on volunteers. Application forms are available at the town office and meetings are held the 3rd Wed. of each month. Just one night will make a difference.

May I take this opportunity, on behalf of our community to express our sincere Thanks to our very efficient volunteer Fire Department. They answered the Allen Kopeechuk fire call at 4 p.m. and worked strenuously under extreme cold conditions until midnight and then spent hours cleaning up all the equipment. Thanks also goes out to J.D.'s Restaurant, Co-op Store, individual ladies who supplied buckets of coffee, sandwiches, doughnuts, drinks and other goodies. Hats off to all who tried their best in this tragic event. Erickson is very proud of all of you.

The Municipal Office reports that only about 14 histories have been submitted for the update of "Forest to Field" history book. Again let me remind you to submit your family or organization history by March. Turn off the T.V and get out your pen & paper.

NOMINATIONS

Notice is hereby given that I will receive nominations for the offices of:

1. ONE COUNCILLOR AT LARGE

I will receive nominations on any of the days including February 3rd, 4th, 7th, 8th and 9th, 2000 during regular office hours of 9:00 a.m. - 5:00 p.m. (Closed 12:00 Noon - 1:00 p.m.) at the Municipal Office in Newdale, Manitoba.

All nominations shall be made in writing and shall be signed by at least 25 electors, of the R.M. of Harrison, or not less than 1% of the electors (whichever is the lesser), but in all cases at least two electors.

Each nomination shall be accompanied by a written acceptance thereof by the candidate and also signed and attested.

Nominations not accompanied by the required documents and not properly filed shall be rejected.

Nomination papers may be obtained at the Municipal Office in Newdale, Manitoba.

Dated at Newdale, Manitoba this 12th day of January, 2000.

Donna Memryck - Returning Officer
Rural Municipality of Harrison 45-2

Erickson Retreads hold annual meeting

by Arlene Waddell, Sec

The annual meeting of the Erickson Retreads was held Jan. 6, 2000 at the home of Ivy Carter with 12 members in attendance. The meeting was chaired by Madeline Bishop with Katherine Pollon acting as Secretary.

Treasurer Florence Swiscoski gave a detailed account of the financial status.

Secretary Arlene Waddell summarized our year's activities - hosted January birthday party at the PCH; 10 members attended the Rural Forum in Brandon; entered a float in the Country Fair parade; presented our plaque to a qualifying Gr.X student at Awards Night volunteered our services at the Community Supper; made a committment to host 3 events at our Homecoming 2000 Celebration in July; had two members volunteer to sit on the Steering Committee for the Trans Canada Trail Relay 2000 event; delivered Meals on Wheels as scheduled; purchased two dozen tea towels for the Rec. Centre; treated ourselves to a weiner roast at Big Valley; supported Breakfast with Santa with a monetary donation; treated ourselves to a delightful Christmas party at the Crossroads Centre; assisted the Legion in hosting the New Year's Eve Millennium Celebration.

We continue to promote recycling as it was started in Erickson several years ago by the Retreads.

We continue to co-ordinate the Hi-Neighbor Program and welcome 15 newcomers to Erickson last year. We are very grateful to the businesses who donate items for our "Basket".

Our membership consists of 17 members. The New executive for 2000 is President - Ivy Carter; Vice President - Mavis Johnston; Secretary - Arlene Waddell; Treasurer - Marj Fischer; Food Committee - Madeline Bishop, Helen Woychyshyn and Betty Wilson; Nominating Committee - Gale Johnsen, Katherine Pollon and Leona Smith; Special Needs Committee - Marj Fischer and Katherine Pollon.

Our goals are to have fun as a group and to promote the betterment of our community.

Erickson Legion News

by Cde. Pam Stacy

On Jan. 4, 2000 18 members were present for the regular mothly meeting. All those who had attended the New Year's Eve festivities in the Legion Hall praised the Entertainment Committee of Cdes. Lana and Vic Bachewich, George Bishop, John Gregorash & Teri Syslak, for the tremendous job they had done, together with the Erickson Re-Treads, to ensure that the new millennium started off with a real bang. Thanks to all of them for their very hard work.

The policy to restrict smoking at Bingo was reviewed. It was agreed that it is very difficult to meet the needs of smokers and of non-smokers, and it was finally decided that smoking would continue to be permitted after intermission, by those seated on the eastern half of the hall. We hope this compromise will be acceptable to the Bingo players and workers alike.

Pamphlets were distributed describing the Legion tulip sale. These bulbs come directly from Holland; a tradition started with annual gifts of tulip bulbs from the people of the Netherlands to say "thank you" to Canadians who liberated Holland during World War II. Every year the Dutch Royal Family sends a gift of tulips that grace Canada's capital each spring. Plant Legion tulips, and become part of a national floral celebration that will bloom from coast to coast in the spring of 2001 to help celebrate the 75th Anniversary of the Royal Canadian Legion. These bulbs can be ordered now, for delivery in the fall at the right time for planting.

After the regular meeting, the Annual Meeting was held and resulted in the following slate of others for the coming year. Pres: Cde. Victor Bachewich, Vice Pres.: Cde. Val Soltys, Past Pres.: Cde. Don Steele; Seargent-at-arms: Cde. Jim Butler; Service Officer: Cde. Maurice Godin, Secretary: Cde. Val Soltys, Treasurer: Wilma Jacobson.

Erickson 4H Club Report

by Apryl Larson - Junior Editor

The December meeting started off with each member giving a gift to the Westman Women Shelter in Brandon. The Larson family delivered the gifts to the Y.W.C.A. in Brandon.

Later in December the 4H Beef members weighed and ear tagged their calves for the following 4H year. This gave all the members the opportunity to compare and inspect each others projects. The feed cost estimate sheets should be completed by the January meeting.

In January the 4H families and guests enjoyed a Christmas Party which included fun bowling and a pizza lunch.

HOCKEY NEWS

Atom 10's

The Bombers traveled to Kenton Jan.8th for their 1st natural ice game of the season. The puck still did some wonderful things and created some extra challenges for the team. Bombers won 5-1. Joseph Olenick & Kyle Morrissette 2G's each, Devin Vaughn 1G. Assists went to Brook Bayes, Michael Brown, Sean Dyck, Lauren Galbraith, Bradley George, Meagan Smith & Cindy Lukianchuk. Ternell Luhowy had a solid game in goal. Coached by Neil Galbraith & Chris Brown & managed by Cory Luhowy. Great game team.

Minnedosa Bantams

The M'dsa Bantams played in their Tournament of Champions in Carberry Jan.6-9. In their pool of 3 teams they lost to Souris on Thurs. night 9-2 and won against Whiteshell Sat. morning 14-6. Placing them 2nd in their pool up against the 1st place team, Stonewall. The Bantams won 6-3.

The A side semi-final on Sun. was a rematch against Souris. The game was very close ending in a loss of 6-1 for Bantams.

Mark Yanick in net for 1st game and Troy Hengen in net for the other 3 matches.

Point tallies for the weekend: Matt Nylen 8G, 2A, Peter Shannacappo 6G, Wes Lewis2G, 7A, Sean McFadden 2G, Brad McNabb 1G, 6A, Jon Gilchrist & Matt Saler 1G, 3A, Mitch Hyndman & Dennis Zboril 1G, 1A, Thomas Robson 3A, Hillary Foord 2A, Tyler Gaywish 1A. Way to go guys!!

Minnedosa Major Pee Wee

The Pee Wee Majors had 2 games last week, Carberry Wed. Jan.5, lost 3-2. Shane Morgan & Derrick Chapman scored the goals, Brad LeBoutillier 1A.

2nd game at home Fri. Jan. 7, against Birtle/St. Lazare resulted in another loss of 9-4. Mike Sansom 1G, 2A, Stewart Boyd 1G, 2A, John Motuz 1G, 1A, Brad Lewis 1G & Dean Holmes 1A. Nathan Ewasiuk played well in net both games.

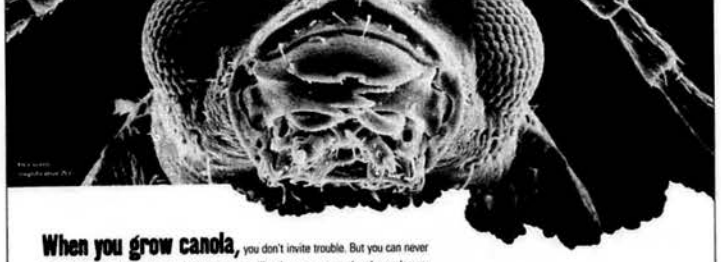
ROLLING RIVER FESTIVAL OF THE ARTS

Festival Deadline January 31st

by Acleen Sclater

Time is quickly ticking by! The deadline for the Rolling River Festival of the Arts is here! If you or your child is interested in participating, now is the time to let your child's teacher/instructor know your wishes. The categories are: Speech Arts, Visual Arts, Vocal, Choral, Keyboard, Brass/Percussion, Strings, Woodwind, Dance and Theatre Arts. Addendums with entry forms are available at your regional library, all schools in the division, Minnedosa Pharmacy and Taylor's Hardware in Rivers. Entries must be postmarked no later than January 31, 2000. Late entries not accepted. Information regarding entries may be acquired by calling Dorothy Plett, Entry Secretary at home 328-4496, Studio 328-7018. General questions about the festival may be directed to Michelle McFadden, President at 328-7441 or Lesley McFadden at 328-7197. The Rolling River Festival of the Arts taking place April 10-14, 2000 in Rivers, is an excellent opportunity for the many talents about us! *(Please note that the deadline for Visual Arts is separate - it is March 6, 2000.)

Guess Who's Coming to Dinner!



When you grow canola, you don't invite trouble. But you can never be certain when flea beetles and root maggots will arrive unannounced and unwelcome. Fortunately, there's a proven way to keep flea beetles and root maggots from eating into your profits. COUNTER® 5-G granular insecticide provides economical, long-lasting protection from both of these potentially devastating pests.
Don't put your valuable canola crop at risk. Be sure to ask for COUNTER 5-G by name when you order your canola seed. It's the up-front protection that canola growers have come to depend on, year after year.
COUNTER 5-G PROTECTION TAKE PART
PERFORMANCE THAT'S PROVEN!

R.M. of Saskatchewan Council News

Minutes of the regular meeting of the Council of the Rural Municipality of Saskatchewan held in the Council Chambers in Rapid City at 9:00 a.m. Tuesday the 11th day of January, 2000. Present: W. Clayton Murray - Reeve, Robert Sharpe - Councillor Ward 1, Ron Citulsky - Councillor Ward 2, Ken Bayes - Councillor Ward 3, Edward Rudneski - Councillor Ward 4, Ron Kingdon - Councillor Ward 5, Chris Brown - Councillor Ward 6, Valerie P. Irving - Chief Aministrative Officer.

Resolutions passed at the meeting read as follows:

RESOLVED that the minutes of the Council meeting held December 14, 1999 be taken as read, all statutory requirements having been fulfilled, AND that the Reeve and Administrator sign the same and the imprint of the Municipal Seal be impressed thereon.

RESOLVED that By-Law No. 1138; to provide for the adoption of the Manitoba Building Code and to establish building regulations pass third reading and be signed by the Reeve and Administrator and that the Municipal Seal be impressed thereon.

Whereas Section 4.5 of By-Law No. 1114 (The Organizational By-Law) of the Rural Municipality of Saskatchewan provides that at the first regular meeting of each year appointments to the Standing Committees and other committees are to be made; THEREFORE BE IT RESOLVED that the following appointments be made to committees of Council:

Standing Commitees: Finance: Robert Sharpe, Ron Citulsky, Ted Rudneski, Property & Assessment: Ron Citulsky, Chris Brown, Health & Welfare: Whole, Roads & Bridges: East: Rob Sharpe, Ken Bayes, Ron Kingdon, West: Ron Citulsky, Ted Rudneski, Chris Brown, Machinery: Clayton Murray, Rob Sharpe, Ron Citulsky.

Other Committees: 24 Highway: Rob Sharpe, Ted Rudneski, Highway 250: Clayton Murray, Chris Brown, Highway 355: Ron Kingdon, Vet Clinic: Chris Brown, Rapid City Library: Ken Bayes, Rolling Dale: Ron Citulsky, Legion Gardens: Rob Sharpe, Ted Rudneski, Minnedosa Hospital Foundation: Clayton Murray, Daly-Saskatchewan Recreation Commission: Ron Citulsky, Rapid City Landfill Site: Ted Rudneski, Ken Bayes, Minnedosa Landfill Site: Whole, Senior Services: Ted Rudneski, R.C. & District Economic Development Commitee: Rob Sharpe, Mid West Planning District: Clayton Murray, Ron Kingdon, Prairie Mountain Natural Gas Co-op: Ron Citulsky.

WHEREAS Section 5.1 of By-Law No. 1114 (The Organizational By-Law) of the Rural Municipality of Saskatchewan provides that at the first regular council meeting in each year, council must by resolution, appoint a councillor as Deputy Reeve; THEREFORE BE IT RESOLVED that Councillor Edward Rudneski be appointed as Deputy Reeve for the year 2000.

RESOLVED that Nancy Stephenson and Jean Bos be paid for Library meetings attended as citizen reps in 1999; AND BE IT FURTHER RESOLVED that Myrna Bayes be paid for Rec Meetings attended as citizen rep in 1999.

Susan Brown - Librarian Rapid City Regional Library and Jean Bos Citizen Rep for the R.M. of Saskatchewan on the Rapid City Library Board attended to discuss the 2000 library budget, programs and operations.

WHEREAS Section 7.1 of By-Law No. 1114 (The Organizational By-Law) of the Rural Municipality of Saskatchewan provides that at the first regular meeting of council in each year council shall, by resolution appoint a Board of revision to hear assessment appeals during the year; THEREFORE BE IT RESOLVED that Reeve Clayton Murray chair, Councillor's Robert Sharpe, Ron Citulsky, Ken Bayes, Edward Rudneski, Ron Kingdon & Christopher Brown, be appointed to sit as the Board of Revision for the Rural Municipality of Saskatchewan; AND FURTHER BE IT RESOLVED that Valerie P. Irving be appointed as Secretary to

Cardale News

by Myrtle Crighton

Congratulations are extended to Trent & Karla Koscielny on the birth of their new daughter Taylor Marie. Peter Harvey of Strathclair was guest speaker, at the Cardale United Church on Sunday Jan.9 in the absence of Rev. Hunter.

Congratulations to Gordon & Susie Paddock of Oak River on the birth of their new daughter Jordyn Rae.

Congratulations to Jason & Michelle Shepard on the birth of their new son.

George sez: "A small town is where everyone knows whose cheque is good - and whose husband isn't!"

Cadurcis News

by Doreen Trott & Muriel McManus

Heartfelt sympathy is extended to Tom & Linda Vint & family on the passing of mother, grandmother & great grandmother, Mary Mildred Vint.

Sympathy is also extended to the relatives of the late Cybil Esplin of Rapid City & to the late Sydney Saunders of Minnedosa.

Get well wishes to the many folk of the district, who are battling flu and colds.

Basswood Light Horse Club News

by Emily Meadows

The Basswood Light Horse Club held their organizational meeting on Oct. 19 in the M.C.I. Library. Club elections took place and the results were: Jody Collum as Pres., Ian Smith as Vice Pres., Lisa Parish as Treasurer, Lauren Galbraith as Secretary, & Emily Meadows and Megan Smith as Reporters. In Dec. our club sold Mom's Pantry Products as a fundraiser. Our club had our Christmas Party on Dec. 17 at the Gateway Motel. We swam and had pizza and everyone had fun.

Rapid City News

by Grace Fearnley

There were twelve seniors out to bowl at M'dsa Mon. Jan.10th. Ethel Westwood received the Head Pin, and the trophy winners were Laurence & Mary Turton.

An enjoyable warm Christmas Season was spent by Jim & Elly Taylor with friends at the Keys in Florida. Jim tried his hand at pruning palm trees and cutting coconuts. Elly enjoyed picking ripe tomatoes. Fishing left much to be desired.

Yool and Sheila Sharp left Tuesday morning for their home in Calgary, during their holidays they visited family members in town, Ottawa and Winnipeg and back to Rapid City to be with Bonnie and the grandchildren, and their numerous friends.

Rev. Boyd and Kathy Drake returned home Sunday evening from spending a few days in Saskatoon. While there they attended "The Knights of Columbus Track Meet". Which was held Jan. 8 & 9. Garry (their son) was one of the participants. Kathy explained that the "meet" was a big event in Saskatoon, and it was held in a truly marvellous facility, enjoyed by many athletes.

Jim Harvey took the Sunday Church service at both Cadurcis and Rapid City while Rev. Drake was away. Jim made a fine replacement.

Mae Davidson of Glenboro and Orma Porter from Brandon were Wednesday visitors with their mother Mabel Haslin.

Newdale & District News

by Olive Waddell

"Slow down and enjoy life. It's not only the scenery you miss by going too fast - you also miss the sense of where you're going and why." (pender pieces) Bob & Haroldine Webb of Miami visited over Friday night, Jan. 7, with Jack and Nista Lamb. Bob was manager of the Royal Bank here from 1969 to 1971.

Charlie & Kim Booth & their 2 daughters arrived home Jan. 6 having spent three weeks in Switzerland and Italy, visiting family and taking time out for skiing in the Alps.

Guest speaker at the Jan.9 church service was Peter Harvey in absence of Rev. Bob Hunter who was in Calgary. Theme was on the baptism of Jesus by John. "A wind swept over the face of the waters (Gen.1), and a call to honour God whose voice is over the waters (Ps.29). Paul tells in Acts 19 where he meets disciples who have been baptized. We are aware that Jesus began his ministry with his baptism and we begin God's great family by the waters of baptism. When we are baptized we receive the power of the Holy Spirit in our lives to empower us as we face the future. Selected hymns gave the message of the Holy Spirit.

Welcome home to Nellie Mason & Mary Miskow from Hospital. Take care as the flu seems to be lingering around. Best wishes to Mabel Klym in her new surroundings in Minnedosa.

Do you throw away your cauliflower leaves and stock? I have been, until I came across this helpful idea. Chop onions and fry in a little oil. When soft add flour enough to use up the oil. Add the blended cauliflower leaves and stock. If necessary, add milk to give the soup the consistency you like. Season to taste with salt, pepper and a shake or two of ground nutmeg. It's delicious, full of nutrients and costs almost nothing. Can also be done with broccoli leaves and stock.

Sympathies are extended to Clara Blackwood and family on the death of George Blackwood of Minnedosa. He & Clara and daughters, Sheila & Shirley farmed in the Newdale area from 1945 - 1974. (29 years).

We are sorry to lose yet another family from the community. Dale & Debbie Hersack & boys, Jason & Shayne, are leaving for Munster, SK., having lived in Newdale for the past four years (last October). Dale has been working at the Rivers Cargill Elevator and will continue this position in Munster.

Remy & Doreen Kienas went to Langenburg, SK. to visit her relatives on Sat. Jan. 8 and came home Sun. Jan. 9. Seems like the flu bug is making its rounds there also.

Brent Ray from Yellowknife spent a few days with his mother Ivy Ray, returning by air from Winnipeg, Sat. Jan. 15.

Sandy Lake News

By Deb Maluk

Congratulations to Baba Leona and Uncle Leon Prokopowich on the arrival of Jared Patrick, son of Marcella and Alan Dixon, and brother to Riley and Logan. Word has it that the family's favorite TV show is now "My Three Sons"!

As you read this, Sandy Lake's Annual Mixed Curling Bonspiel is underway. There are a lot of great menus lined up for the week, so stop by the rink for some fine cuisine and and evening of championship curling! The gang in the kitchen is always looking for volunteers - if you can help, call Penny Ewashko.

Christmas is family time, and Christina Rochelle did indeed enjoy family celebrations in Winnipeg, first with Bev and Lawrence, then with Sylvia and Wilf and Harvey and Janice and their families. Next stop was at Barry and Jackie's for Barry's birthday party, then on to Sonya and Louis' for New Years Celebrations with their family. It was a great visit with all the grandchildren! Christina returned home to Sandy Lake with Bev and Lawrence where they put together all the traditional dishes for the January Holy supper and were joined by family from Sandy Lake and the surrounding areas.

Steve and Helen Yarych and family celebrated the old fashioned Christmas supper complete with the customary ritual opening when the master of the house brings in a sheaf of wheat called the "deeduckh" (grandfather), a symbol of the gathering of the clan, and greets his family with traditional salutations, expressing joy that God has favored them with good health and general well being. Part of the sheaf is placed on the table while the remainder is placed under the table. Usually nuts and candies are strewn in the sheaf for the children to find and enjoy later.

Joining the Yarych clan from out of town were Kevin, Pat, Glen, Cory and Barry of Brandon, Derrick and Lisa of Arden and Rick and Sue and family of Winnipeg. With the family from in and around Sandy Lake, the evening was shared and enjoyed by 17 in all! This will be one Christmas the grandchildren won't soon forget!

Newdale U.C.W. Annual Regular Meeting

Newdale U.C.W. held their Annual Meeting Jan.6, 2000. Nista Lamb presiding and 5 members present. All annual reports were presented and a new slate of Officers for 2000 reported for installation at the February meeting. Nista Lamb closed the Annual Meeting followed by our Regular Meeting. Two bags of clothing were taken to Y's Choice as a donation.

Newdale United Church Annual Meeting and the official Board of Pastoral charge meeting end of Jan. It was decided to continue having the booklets. The meeting closed followed by lunch & fellowship.

Ken Surovy - Recreation Director

Now that the winter weather is hear to stay, why not build your own backyard ice rink? The difference between good ice and poor ice often means the difference in a successful or unsuccessful year of usage for an outdoor rink. Protecting your lawn is critical if the site chosen for the rink is a grassed area.

The first step is site selection. The site should be level, smooth, free of depressions, long grass or other obstructions. The ground should be dry as possible before it freezes and before flooding takes place. If the ground is wet, the water will freeze and expand underground causing heaving and cracking. Ensure good water pressure so keep it close to the water source. Ensure your hose and nozzle are not cracked as small water leaks can cause problems. Mark out the site for the rink by building a small ridge of snow to help keep in the water. Pack the snow as much as possible to help retain the water. Try not to over water your rink as this will cause water to penetrate the roots of lawn causing a large brown spot in the spring.

Use a spray flood method so that the water remains on the top of the ground. Use very cold water and as fine as spray possible so that the water freezes instantly on the surface. The action of the spray is upward, back and forth so that the spray floats down of the surface through the air and gently lands on the surface. Spray the entire area lightly and let it freeze before putting on a second coat. Spray to build up the surface slowly, about a ¼ " per spray until a 11/2 "to 2"base is established. Be sure your connections are tight and your hose does not leak. Do not let a warm hose sit on the ice as it will leave a mark, get a friend or family member to1 hold the hose. After several floods you may notice water leaking out of your rink. Combine snow and water to make a slush to seal the cracks. Allow the crack to seal before flooding.

Prior to any flooding the surface should be swept clean of snow and ice chips. Keep your rink as clean as possible to ensure it stays smooth. Apply water sparingly in cold temperatures as it may cause cracking or rippling. In severe cold weather the ice may crack. To repair cracks, clean them out with a screwdriver, pack in small amounts of slush and allow it to freeze completely before flooding.

A good scraper will help you remove high spots and ridges. Remember to sweep shavings before flooding again. If you are getting ridges, then you are applying too much water during the floods.

Following these few points will ensure your backyard rink is well used all winter long.

Eye on MCI

by Terryl Luhowy

School has started up again and students are now returning from their much deserved Christmas break.

The Senior fours are now writing their eight hour Provincial English exam which goes from January 10th to the 14th. Regular exams will take place from January 17th to January 28th. A reminder that Senior four Cooperative Education dates are from January 24th to February 4th. The second semester for the year 2000 will start on January 30th.

The local Minnedosa Chancellors have continued their winning ways by picking up two more wins over the past weekend. They defeated Hamiota and Strathclair/Shoal Lake which currently has them sitting in third place, with a 9 & 3 record. The team is also ranked 7th in the A/AA Provincial Standings. Come out and cheer the Chancellors as they try to repeat as Provincial Champs.

In other sporting news, the boys and girls basketball teams are well prepared and are waiting anxiously to start the season. The basketball teams first home game is on January 18th against Erickson. They have two more home games, on February 9th against Elton and February 22nd against Neepawa. Their home tournament is on March 3rd & 4th, so come out and cheer the basketball teams to victory.

The Rolling River School Division is reviewing its policies on "Student Assessment and Evaluation". Parents are invited to share in this process by submitting their thoughts and ideas to their local school by January 30, 2000. Information gathered will be valuable in assisting the school division develop guidelines for student assessment.

Minnedosa Legion Branch #138 News

by Cmd. Tom Delgaty

The highlight of the first meeting in the new millennium was the installation of branch officers for 2000.

Outgoing President, Cmd. L.L. McLeod and acting Sgt-at-arms Cmd. Cliff McManus engineered the installation.

Cmd's. Jim Instance, Barry Dowsett and Mac Davidson - Two year directors on executive (latter two absent). Cmd. Bill Clark - One year director completing second year of Cmd. Norman Simms two year term, Past President - Cmd. L.L. McLeod, 1st Vice President - Cmd. Harry Dowsett, 2nd Vice President - Cmd. Norman Simms, President - Cmd. Wayne Mansell, Parade Marshall - Cmd. L.L. McLeod, Sgt-at-arms - Cmd. Len Robinson (absent).

The Secretary and Treasurer's positions will be appointed by the Executive at Jan.12 executive meeting.

An interesting feature turning up in the correspondence was that CAA comes a bit cheaper to Legion members through their respective branches. (See Cmd. Fred Brown for details).

A letter from Dominion Command President Chuck Murphy advises that "the year 2001 marks the 75th Anniversary of the Royal Canadian Legion. Since 1926 the Legion has been serving veterans youth and the nation. As part of the celebration of that milestone, we are carrying out a tulip campaign. Through the sale of Darwin Hybrid tulip bulbs to members and to our communities we will help beautify the nation, maintain our links with Holland which grew out of WWII and raise funds for Legion programs at branches, commands and Dominion Command. Our target is 6 million tulip bulbs, approximately 15 bulbs per Legion member. The campaign will take place in Jan, Feb & Mar 2000. Incentive prizes of all expense paid trips to Holland will be drawn. Chances of winning these prizes increase with increased branch sales.

Cmd. Bill Clark advised that the coin raffle at the New Years dance cleared $262.00. Winners were: 1st Prize - Jaie Hopkins; 2nd Prize-Betty Montgomery; 3rd Prize-Dave Durick, Gladstone.

Cmd. Hayward Hopkins listed quite a number of members under the weather or have recovered. This is a continuous concern especially during the present flu epidemic. Get well wishes go out to all concerned. Cmd. Hopkins initiated a hearty vote of thanks to past Pres. Shorty for a job well done.

Profit from the last Sat night supper was $519.00. Turkey draw $61.00, so advised Shorty. Thanks to all for their support.

Our branch was saddened by the death on Dec. 24 of Cmd. Ken Connell. The funeral was held on Dec. 28 with interment in Neepawa cemetery.

Flying officer Kenneth Dean Connell R123 527 and J262 13 served as a Bombardier in the Royal Canadian Air Force, WWII. He was a farm boy only 19 when he enlisted.

Following training in Ontario and Quebec he was posted overseas in late 1942.

After being posted to Operational Training Unit he trained on twin engine Wellington aircraft. His first crew consisted of an Australian, a Scotchman, a Welshman and three Englishmen. He was the only Canadian.

On a "nickel raid" over Paris his plane got shot up badly by ack-ack fire. Upon returning to England, his plane deemed unfit for landing, orders came from air control to bail out. Just as Ken "hit the deck" the orders were changed. He was the only crew member to jump. "In training", Ken once told me, if we had to abandon aircraft, we were told to jump out and count to ten before pulling the rip cord. That was the fastest I ever counted to ten in my whole life!"

He was subsequently posted to a conversion unit training on four engine Lancasters attached to #101 squadron. His first bombing raid (Stuttgart) was a "pretty hairy experience".

In a mission over Nuremberg eight out of #101's 18 aircraft were shot down. Once, on a raid on Mailley le Camp (France) fifty out of two hundred planes were lost.

When Ken attended a reunion of Sqdn 101 in 1980 in England the Mailley le Camp mission was brought clearly back to his mind, having been dormant for some 40 years.

In all F/O Connell did 32 ops and fortunately survived.

He was "repotted" in March 1945 and on March 24 he married Miss Patricia Chappel from PEI. Discharged in June 1945 he was slated for the Far East war zone and his second tour but the atomic bomb ended the war before he left Canada.

Ken & Pat farmed at Longruth until 1957 when Ken started a career with MB. Pool Elevators serving as Manager at Selkirk, Bowsman and laterally Minnedosa, retiring in 1983.

A community minded person, Ken & Pat raised a family of three boys and one girl.

Cmd. Connell was an active member of Gen.Hugh Dyer branch #138 as well as a life member.

F/O Kenneth Dean Connell was awarded the following service medals; CVSM and Clasp, Defence Medal, 1939-45 Star, France and Germany Star, RAF Bomber Command Medal, War Medal 1939-45.

On behalf of Branch #138, our most sincere condolences are expressed to Pat and family. "Lest We Forget"

TCS Topics

Welcome back to the New Year and the new millennium. Well it looks like all the hype was for nothing. There were very few problems that occurred with the changing of the year. Students and teachers were back to school on January 10, and all is well. We would like to welcome Mrs. Nicole McLenehan back from her maternity leave. We have a busy few months ahead of us. The gymnastics club has begun meeting and practicing. They meet every Monday and Wednesday at 3:40 p.m. Junior high basketball teams have had their sign up and will begin practicing this week.

Junior high students will be hitting the slopes this coming Tuesday and Thursday. We will be leaving the school shortly after nine and heading to Ski Valley for the day and returning to the school by 3:40. Students not skiing will be in the school for the morning and will go bowling in the afternoon. Students are reminded to dress appropriately for the weather conditions on these days. Parents are reminded to send appropriate clothing for the children to go outside at recess and noon hour. Students will only stay inside if the weather conditions are minus 30 or colder or if the windchill is 1800 or higher.

The topic for this month's PAC meeting will be "Student Assessment and Evaluation". The meeting will be held on Tuesday January 18th at 7:00 p.m. in the Art room. All parents are encouraged to attend and give feedback on this topic.

In Memoriam

FORD - In loving memory of our mother and grandmother Marjorie, who passed away January 19, 1998.
Held close to our hearts
There you will remain
To walk with throughout our lives
Until we meet again
Sadly missed and lovingly remembered by Lois and Bob, Angus and Cathy, Frank and Melissa and grandchildren. x (C6)

Shandala-Iwasiuk
In loving memory of Craig June 27, 1980, Ken December 22, 1979, Frank July 22, 1989, brother Walter December 1996, brother Frankie September 27, 1960, father Mike Iwasiuk December 30, 1984, mother Mary December 18, 1988, father-in-law John January 14, 1989.
Deep are the memories
Precious they stay
No passing of time
Can take them away
Quietly today
Your memories we treasure
Missing you always
Forgetting you never.
Forever loved and remembered by daughter, wife and daughter-in-law and sister Irene and families. x (C6)

In Memoriam

ZARIWNY
In loving memory of my husband Paul Zariwny who passed away January 26, 1994.
A cluster of beautiful memories
Sprayed with a million tears
Wishing God had spared you
But for a few more years
Thanks for the years you gave me
And for the happy times we shared
I only pray that when you left me
You knew how much I cared
The chain of love is broken
And nothing seems the same
But as God calls us one by one
Our chain will link again.
Sadly missed by Vivian. x (C6)

Card of Thanks

I would like to thank everyone for the flowers, treats, fruit baskets, cards, phone calls and visits after my recent surgery. Special thank you to the Minnedosa Midget Girls hockey team for the gift, I really appreciate it. Mindy Klym. x (CD)

Card of Thanks

We would like to express our sincere thanks to the Dr.s and the staff at the Minnedosa hospital for the excellent care given to our father, grandfather & great grandfather while he was in the hospital. A special thanks to Keith Girling for all his help. To Rev. Hall for a beautiful funeral service, to the organist Eleanor Taylor, the U.C. Choir, to Garry Saunders for the Eulogy, Darcy Saunders - pallbearers, Shanda Brunet for the beautiful solo & hymn, the U.C. Ladies for serving lunch, & to Sparrow's Funeral Home for their help and guidance in making a difficult time easier and to all who attended the funeral services. The Saunders Families. x (CD)

I would like to thank Dr. Bright, nurses and staff of Minnedosa & District Hospital for their care and attention during my recent hospital stay, and also for all my visitors, cards, and phone calls, and for the lovely plant from the Rebekahs. Henry Wilkinson. x (CD)

A sincere thank you for the many cards, personal expressions of sympathy and phone calls on the death of my brother, Syd. Thank you to Keith and Eunice for their help and kindness. Thank you to Ellen for the dainty bouquet and baking. Thank you to the residents of Valley View Apts for the lovely plant with so many blooms. To the family, my sincere thanks for giving me the beautiful family bouquet. It was very touching. God Bless you all. Ethel. x (CD)

Murray - Our sincere thanks to friends and relatives for cards, phone calls, and baking received after the loss of our brother and uncle Gord. We thank everyone very much. Clayton, Eunice & Family. x (CD)

Card of Thanks

The Ken Connell Family wish to thank family and friends for their many kind exessages of sympathy, phone calls, flowers, baking, memorial donations and visits at the time of Dad's death. A special thank you to Pastor Elgin Hall, Minnedosa UCW for lunch, the Minnedosa United Church Choir, the Minnedosa Legion members and Roy Middleton The Piper. Your kindness and concern is appreciated at this time of sorrow and helps to ease our loss. x (CD)

To all our families and friends who sent cards, food and flowers after Cybel passed away, for all the visits, phone calls and words of comfort and to everyone who made a donation to the Cancer Society, we thank you. A very special thank you to Dr. Anita Verzosk and Dr. Andre Cellius and the nurses and staff of the Riverdale Hospital for everything you did for Cybel. We appreciate the many, many acts of kindness during this very difficult time. John Esplin and family. x (CD)

We would like to extend "Thank You" to those who looked after arrangements, ministered, or had any part in the funeral of our "Special Uncle" Jim Ratcliffe. Thanks to the pallbearers; to those who brought and served lunch following the committal and to White's Funeral Home of Neepawa for a superb job. Also to the Drs. and nurses at Minnedosa Hospital for the care given to him while he was patient there. A special "Thank You" to David Jury, his companion, for his devoted care and being there for him. Jim's nieces and nephews. x (CD)

We would like to thank EVERYONE who has helped out in any way since Bob broke his leg. Kathy, Bob, Jan & Robert. x (CD)

Obituary

A. E. Marjorie Orr
(nee Atkinson)

Daughter of Frederick Atkinson and Amelia Scott, she was born in Minnedosa, MB on February 22, 1909, and died peacefully on Sunday, January 2, 2000 in Toronto. Beloved wife of the late (1981) Leslie G. Orr. She will be greatly missed by her daughters Diane (Brian) McCord of Toronto and Jadie (Andrew) Lucock of Bonshaw, PEI. Her sist grandchildren, Lori, Nicole and Katherine McCord and Andrea, Tyler and Niall Lucock will each miss their "Nan". She is survived by; her brother Bill Atkinson in Abbotsford, BC, his daughters, Mrs. Catheryn Pedersen of Erickson, MB, Mrs. Sandra Rex of Holland, MB and his son Scott Atkinson of Abbotsford, BC; also brother-in-law Bill Orr and Morrie in Neepawa and their daughters Betty Ann of Lorette, MB and Cathy of Onanole, MB. Her brother Jim pre-deceased her in 1997.

She and Les, a civil engineer with PFRA, lived in Winnipeg and Regina for many years prior to her move to Toronto in mid 1998. She was a primary school teacher and taught in and around Minnedosa, MB for most of the 1930's until her marriage in 1941. In addition to a lifelong fascination of young children, she enjoyed doing the daily crossword, playing bridge and scrabble, reading, curling and ice-skating with Les. She was also a lifelong member of the Professional Association of Engineer's Wives. Many of her summers were spent with family and friends at their little pink cottage at Clear Lake, MB.

Marj always had a twinkle in her eye and a sense of humour that saw her through any challenging moments. One of her greatest legacies will be the many lessons of life she passed on to her family and friends-all of whom she thoroughly enjoyed.

A memorial service was held in Toronto on Wed. January 5 and interment will follow this summer in Minnedosa. Memorial donations to the Children's Wish Foundation, the Lung Association or the charity of your choice would be greatly appreciated. x (CD)

Card of Thanks

I would like to thank the doctors & nurses on floor 300 in B-R-H-C for their wonderful care and excellent help during my 6 1/2 week stay. Also many thanks to my neighbors, friends, relatives for all the phone calls, cards, goodies & flowers. All was greatly appreciated. Darryl Greer. x (CD)

Smith - A special thanks to our family and friends for the beautiful plants, flowers and messages of sympathy, visits, baking, and phone calls. Thank you for your help and support during a difficult time with the loss of my sister, Janet. Doreen McGee & family. (CD)

We would like to send a very sincere thank you to Dr. Amarasekera and all of the staff at the Erickson and District Health Centre for the loving care given to our Mother, Irene Gustafson. A special thank you as well to Rev. Lanny Knutson, Val Wickdahl, Marlenne Beatty, Harlod Stitt and the church ladies for your help and participation in the service. It was greatly appreciated. Harold, Don, Shirley, Eric and families. x (CD)

Obituary

Heather Hope McPherson
(nee Baldwin)

With great sadness we announce the passing of our beloved wife, daughter, sister, aunt and friend, Hope McPherson after a courageous battle with cancer on December 17, 1999 at the Health Sciences Centre.

Left to cherish her memory and miss her dearly is her husband and friend Christopher, her mother Mrs. Edna Baldwin, her mother-in-law Mrs. June McPherson, her sister and brother-in-law Sandra and Ken Boyd, her niece and nephew Robin and Chris Boyd, and Christopher's sister, brothers, and their families. Also left to cherish Hope's memory are her many friends and colleagues. She was predeceased by her father, Mr. Jack Baldwin, on November 1, 1980.

Hope was born in Winnipeg on January 19, 1947 and grew up in St. Vital where she attended Glenlawn Collegiate. She was never afraid to try something different and new, and no challenge was too great for her. After a career with the CBC, Hope completed a program in Volunteer Management after which she worked with the Salvation Army where she made many friends. In 1997 she returned to school and completed a course in Travel Consulting at Success Business College. Hope was just beginning her career as a Travel consultant when she became ill.

Hope made friends wherever she went, and will always be remembered for her cheerful and outgoing personality. She will be missed by all those who knew her. A special thanks to the physicians and staff on D2, D4 and D6 of the Health Sciences Centre for their kindness and care throughout Hope's illness.

According to Hope's wishes cremation has taken place. A memorial service was held at 2 p.m. on Wednesday December 29, 1999 at St. Andrew's Presbyterian Church, 709 St. Mary's Road.

Donations may be made on Hope's behalf to the Manitoba Division of the Canadian Cancer Society. x (C7)

Ruth E. Meagher
(nee Ripley)

Ruth, aged 66 passed away peacefully after a brief illness, with family at her side January 11, 2000. Royal Jubilee Hospital, Victoria, BC. Ruth beloved wife of Thomas, Children Bruce (Karen) Tracey Anne (Michael) Craig - Grandchildren Nicole, Michael, Jack, Anne Marie. Ruth was the third daughter of Harry & Jean Ripley. After graduating from Crossley Collegiate Ruth pursued a career with Hudson Bay Advertising as a layout artist. Ruth had many artistic talents which she shared over the years with her family & friends. Ruth loved her many Irish Terriors - Mya her favorite. Pre-deceased by her parents Harry & Jean & brother Craig. She is survived by sisters Doreen Ripley, Jean Hansen, many nieces & nephews. Funeral Mass was held at St. Patricks Church, Victoria, BC January 17th. If friends so desire a donation to Canadian Diabetes Association, Cancer Society, or a charity of ones choice would be greatly appreciated. (C7)

Obituary

Ruth Holmes

Peacefully on December 30, 1999 beloved Mom, grandmother & great grandmother, Ruth Holmes passed away at home with her daughter Marion by her side, at the age of 84.

Ruth was born October 9, 1915 in Stockholm, SK. She was the 10th child born to John and Ingeborg Anderson who immigrated to Canada from Norway. The family moved to Dauphin, MB area during the depression years, where they owned and operated Stoney Point Resort.

In 1946 Ruth married Marshall Holmes. Later moving to south eastern Manitoba until 1966 when Ruth and family moved to Onanole, MB to live with her sister, Camilla Anderson.

Ruth led a simple life and endured many hardships. Her family was always the most important role in her life. Her greatest joy was to see her family & friends gathered around the kitchen table enjoying laughter and good food. We will always cherish these memories.

Left to mourn are her children - Marshall (Domitila) their children, Vanessa, Jose, Mirtila and Richardo (Susie): Roy (Joanne) their children, Chrissy, Darren and Dean: Marion (Mike Porteous) their children, Tammy, Ryan, Cameron and Deanne: John (Sandra) their children, Russell, Lisa, Sarah and Clint: Wanda (Ken Campbell) their children, Allen and Wesley: four great-grandchildren, sister-in-law, Dagmar Anderson of Nanaimo, BC: sister, Ingeborg and numerous nieces and nephews.

Ruth was predeceased by an infant daughter, Judy and an infant grandson, Kirk.

Funeral services were held January 4, 2000 at Onanole Community Centre, officiated by Pastor Gibbs, with interment at the Onanole Cemetery. Sparrow Funeral Service was in care of the arrangements. (C7)

Marjorie Jean Witter

On Wednesday, January 12, 2000 Marjorie Jean Witter passed away peacefully at the Assiniboine Centre, Brandon. Jean was predeceased by her husband Stanley in 1972 and will be sadly missed and dearly remembered by her family: son William and his wife Betty and daughters Carol Ferguson, Bette Lennox and her husband Craig, Nancy Banks and her husband Peter and Debra Witter. Her seven grandchildren Cheryl, Tracy, Heather, Ian, Scott, Andrew and Alana and three great-grandchildren Paige, Will and Madison have many wonderful memories of Grandma. Jean is also survived by her dear sister and friend Eleanor Stewart and numerous nieces and nephews. Funeral services were held at Rosewood Memorial Chapel, Brandon, on Saturday, January 15 with Rev. Barb Jardine officiating. Interment followed in Rosewood Memorial Gardens. Pallbearers were: Don Montgomery, Barry Montgomery, Robbie Montgomery, Earl Stewart, Ken Stewart and Don Farr. Friends so wishing may make donations in Jean's memory to the Canadian Cancer Society. 42 McTavish Ave. E. Brandon R7A 2B2. (C7)

Obituary

Cybel Meredith Esplin

The death of Cybel Meredith Esplin, beloved wife of John Esplin of Rapid City, occurred Tuesday, January 4, 2000 at Riverdale Hospital, Rivers, after a long and courageous battle with cancer. She was born in Rivers, MB, March 12, 1944 to Russell and Helen Couch. Her family moved to the Rapid City district in 1946, and moved into town in 1955. As an active teenager, Cybel was involved in the United Church CGIT, piano lessons, and babysitting for neighbors. She completed her schooling in Rapid City and went on to teacher's training at Teacher's College, Brandon. She taught at Cardale in 1964 and Lornedale in 1965. On October 9, 1965 she married John Esplin and resided on the Esplin family farm for 31 years before retiring to Rapid City, MB in 1996. Cybel loved their farmlife, especially gardening, bird watching, and working in their park. She looked forward to Tuesday mornings with the "coffee ladies", finding a new cookbook that she could add to her collection, and knitting or crocheting new treasures for her family and friends. Among her greatest pleasures was spending time with her family, especially her grandchildren. She loved the family musical jam sessions. Cybel will be lovingly remembered by her husband John, daughters Shirley Martin of Rapid City and Jacquie Esplin of Brandon, special son-in-law Chris, and favourite grandchildren Duncan and Rowena. She is survived by her sisters, Shirley Bollman and Lorraine (Cecil) Andrew, her mother Helen Couch, her aunts Olive Perrett (Rivers) and Phyllis Sargent (Selkirk) her brother-in-law Archie (Bev) Esplin, and her special nieces, nephews and cousins. Cybel is predeceased by her father Russell Couch, infant brother Keith, brother-in-law Ken Bollman, father and mother-in-law Alex and Edna Esplin, and brother-in-law Jim Esplin. The funeral service was held Saturday, January 8, 2000 at 2:00 p.m. at the Rapid City United Church with Glenna Beauchamp from Rivers officiating. Sparrow Funeral Service of Minnedosa was in care of arrangements. (C7)

Should auld acquaintance be forgot,
And never brought to mind?
Should auld acquaintance be forgot,

Obituary

George Ransom Blackwood

George Ransom Blackwood entered into eternal rest on January 9, 2000 at the Minnedosa Hospital at the age of 82.

George was born on October 20, 1917 to Hugh and Gladys (Ransom) Blackwood on the farm in the Basswood area. George farmed with his father in the Basswood Area.

On November 10, 1945 George married Clara Fortune and they settled in the Newdale area. After marriage George and Clara continued to be successful farmers in spite of George being struck by polio in 1948. He farmed until 1974 at which time they sold the farm and moved to Minnedosa, MB to enjoy their retirement. After retirement George also took up golfing. George and Clara always enjoyed a trip to Brandon to visit their children and grandchildren.

George was predeceased by his parents: Gladys and Hugh Blackwood, his brothers: Hugh Blackwood Jr. and Milton Blackwood; his sisters: Jean Dunn and Rene Stevenson. He was also predeceased by foster brother Nick and Bernice Warnicki. He was also predeceased by several brothers and sisters-in-law.

George leaves to celebrate and rejoice in his memory his loving wife Clara of 54 years. He also leaves to celebrate in his memory his daughters: Sheila and her husband Pete Stevenson and Shirley and her husband Rev. Fr. Mel Slashinsky both of Brandon, MB. He also leaves to recall his memory his grandchildren: Vicki and her husband Todd Ardron of Hartney, MB; Melissa and Amanda Slashinsky of Brandon. He also leaves "the apple of his eye" his great-grandson Dustin Ardron of Hartney, MB. As well he leaves his sister-in-law Helen Blackwood of Labella, Cabrera U.S.A. He also leaves several cousins, nieces, nephews and the Warnicki Family.

By George's request a graveside service was held on Wednesday, January 12, 2000 by Pastor Elgin Hall.

Sparrow's Funeral Chapel of Minnedosa has been entrusted with care of arrangements.

Interment at the Minnedosa Cemetery.

In lieu of flowers, donations may be made in George's memory to the Heart and Stroke Foundation, or the Minnedosa and District Health Foundation Inc. or to a charity of choice. (C7)

Obituary

Constable Norman Joseph Yarich

Peacefully on Sunday, December 26, 1999 at the Queen Elizabeth II Palliative Care Unit in Halifax, Nova Scotia after a 15 month battle with cancer, Constable Norman Joseph Yarich passed away at the age of 33.

He is predeceased by his father William Yarich from Sandy Lake, Manitoba. He is survived by his loving wife of seven (7) years Paula, his children Jacob (5 years) and Sarah (2 years), his grandmother Catherine Cambises, his mother Irene Cook, brother Steven Yarich and sister Shirley Severson.

Norm was born November 2, 1966. He attended Sandy Lake Collegiate and graduated from Erickson Collegiate Institute in 1984. Norm enjoyed playing many sports including soccer, broomball, basketball and fastball. Knowing that he wanted to become a member of the Royal Canadian Mounted Police, Norm continued his education at the University of Winnipeg where he obtained a Bachelor of Arts degree in criminology.

Norm graduated from the RCMP training academy in Regina on October 16, 1989. Norm's first posting with the RCMP was in Bathurst, New Brunswick, which meant sending a flat-lander to the Maritimes. While in Bathurst, a fellow RCMP member's interest in photography rubbed off on Norm, and it soon became a passion for him.

Norm met Paula Hache and they were married October 10, 1992 in Bathurst. Soon after they were married, Norm and Paula were transferred to the Russell detachment in Manitoba. While in Russell, Norm and Paula were involved with numerous endeavors resulting in many dear friendships. Norm was very involved in many community activities such as organizing the RCMP run-for-cancer, playing slo-pitch, golf and hockey, establishing a photography business, helping in the building of their house, training new RCMP recruits and restoring his pride and joy - a '52 Chevy truck. Their first child, Jacob was born on July 17, 1994 in Brandon.

In June 1996, Norm and his family were transferred to Thompson, where Norm continued to be involved in the community. Sarah, their second child was born May 20, 1997. Here too, Norm and Paula made many dear friendships and enjoyed their time there.

In the summer 1998, Norm wrote his Corporal's exam and was thrilled to be joining the RCMP I-Dent team, based in Winnipeg. During his orientation, Norm was diagnosed with brain cancer in September 1998. After surgery in Winnipeg, Norm continued his treatment (radiation and chemotherapy) in Halifax. While in Halifax and undergoing treatment, he still did the things he enjoyed to do.

Everyone knew Norm for a keen sense of humor, a love of life and an eternal optimism that inspired those who were close to him in life. We thank God for that gift of his life in whatever way it may have touched ours.

The funeral service was held at the Sacred Heart Roman Catholic Church, Timberlea, Nova Scotia on Wednesday, December 29, 1999. A memorial service was held at St. Jude's Roman Catholic Church in Erickson, Manitoba on Saturday, January 1st, 2000. Paula extends her love and special thanks to everyone who knew Norm.

What cancer can't do: Cancer is so limited. It can not cripple love. It can not shatter hope. It can not corrode faith. It can not eat away peace. It can not destroy confidence. It can not kill friendships. It can not shut out memories. It can not silence courage. It can not invade the soul. It can not reduce eternal life. It can not quench the spirit. It can not lessen the power of the resurrection.

Why must I bear this pain. I can not tell. I only know my Lord does all things well. And so I trust in God, my will to sell, for he will bring me through, whatever befall.

Managing Stress on the Farm

by Ann Mandzink, Home Economist

"Ah, farming. You can't live with it and you can't live without it!" This phrase reflects many farmers' attitudes about farming today. Farming is a tough demanding business and isn't quite the idyllic and peaceful scene that many city people imagine. There are lots of times when you don't have control over what is happening to you or your profits. You may feel that the weather man, the bank manager, government regulations, and commodity prices, are all taking a slice out of your profits and you.

Stress is a word we hear all of the time. Everyone knows it, but everyone means something different when they say it. Perhaps to you it means: tension, conflict, pressure, exhaustion, strain, upset, tight muscles, nervousness, unhappiness or powerlessness. The body's stress response is part of our survival instincts. It protected our cave-dwelling ancestors from saber-toothed tigers and allowed them to use the chemicals produced in the body to give the person the strength, endurance or quick thoughts to chase/kill animals for food. In modern day times, we battle work overload, a bank overdraft, a difficult child, or someone "cutting you off" on the highway.

All human beings deal with an average of 700,000 bits of information per hour. What makes some people able to cope better than others? What makes one person better able to cope one day and not another? Do farmers have more stress?

Predictors of Stress on the Farm:

* Is there a break in the pain?
* Is it gradual versus sudden?
* Is there a predictable end versus an unknown end?
* Is it long term versus short-lived?
* Does the family identify with the situation versus it means little to them?
* Are there other alternatives to choose from versus there is nothing else to do?
* Is there a support system in place versus there is "no one to turn to"?
* Is this change a forced situation versus a choice?
* Is there a previous history of this type of crisis?
* How rigid versus flexible is the individual/family/community?
* How do children enter the picture-do they contribute to the family's ability to cope? Do they believe they are the cause of the problem? How much do they know?
* Do you have a winner versus loser mentality?

* I did create the problem; I will create the solution.

* I did not create the problem; I will not create the solution.

* I did create the problem; I will not create the solution.

* I did not create the problem; I will create the solution.

Go through the list of predictors and write down which ones affect your family! If you would like a couple of fact sheets for further information stop by your Manitoba Agriculture and Food Office for a copy of "Coping with Farming Pressures or Managing Stress: Keeping the Pieces Together".

Think safety in the New Year

Energy Corner

The holidays are over and it's time to relax and reflect on the year ahead. Give some thought to safety practices around your home. Does your family know the rules? A refresher course is a good idea for everyone and packing away the holiday lights and decorations is the perfect place to start.

When unplugging lights and appliances, always use the gripping area of the plug. Yanking and tugging on the cord could damage the wires and insulation inside and lead to shock or fire. Before you pack away the goods, separate the indoor and outdoor lights and label them. Remember that outdoor lights burn hotter and are not safe for indoor use.

Check your light strings and replace any broken bulbs. Strings with damaged sockets or frayed cords should be discarded. It's a great time to stock up on new holiday lights that are now in the clearance bins. Check for the CSA seal of approval to make sure the product has been tested and meets safety standards.

Tuck away your lights and decorations in moisture proof containers where children and pets can't reach.

Post holiday sales are also a great place to find fire extinguishers as well as carbon monoxide and smoke detectors. Take the time this month to complete warranty and product registration cards from all those electric gifts and toys. The manufacturer can contact you quickly in case of a recall. Teach your children about the dangers of playing with their new electrical toys near water.

HELP WANTED

Morning fire destroys Leslie home

Disaster struck the Leslie home located at 151 Centennial Drive in Minnedosa at 3:00 a.m. on Sunday morning as fire swept through the older bungalow forcing the occupants to bust through a bedroom window to save their own lives. The two occupants narrowly escaped the flames and heat but suffered severe cuts from broken glass during their escape. A small explosion alerted neighbor Marva Mummery who witnessed the pair climbing through the window. They went to the Mummery house seeking help and ambulance and fire department personel were summoned. Firemen fought the blaze for three hours.

The two occupants were taken to hospital where they spent the rest of the night. One occupant, Angie Leslie, suffered burns when her bracelet she was wearing melted into her wrist from the searing heat.

Cause of the fire is undertermined, however it appeared that it started in the area of the back door near the electrical panels.

The house was completely destroyed. Owner Sharon Leslie stated that the house and contents were fully insured.

Farmer proposes alternative to Crop Insurance

By Nancy Chemerika

Over 100 members of the farming community attended a meeting in Oak River last week to learn about an income assurance program developed for farmers by farmers.

The Income Assurance Program, developed by Murray Dowing who farms in the Reston area, has already been taken to the provincial governments of Manitoba and Saskatchewan. Copies of the plan have also been sent to Federal Agriculture Minister Lyle Van Clief, as well as Prime Minister Jean Chretien. Downing also presented the program at Ag. Days in Brandon last week.

The Program was developed with a number of priorities in mind including: keeping the family farm a way of life - not a dream; when a producer has a disaster, he can recover the costs of production; to promote better farming practices; income assurance versus bushel coverage; comparing individual yields to municipal yields.

One of the highlights of the plan is that inflation costs have been factored in. For example, if the fuel, fertilizer or chemical costs increased by 15%, the level of coverage also increases.

According to the proposed plan, premiums would be based on two tiers. Basic premiums would remain fixed from year to year and the producer may choose from three levels of coverage. For basic crops such as wheat, oats, barley, flax, rye, mustard and canola, coverage ranges from $100 to $160 per acre, and premiums from $5 to $8 per acre. For special crops such as sunflowers, coverage would range from $125 to $200 per acre, and premiums from $7 to $11.20 per acre. The second tier would have a surcharge premium that is applied only if a producer makes a claim.

The surcharge premium is tied to a formula based on the producer's production and marketing as compared to municipal averages.

Rural Tournament of Champions - Results

Although the Minnedosa Pee Wee team played hard throughout last weekend's City of Brandon Rural Tournament of Champions, held at the Minnedosa rink, they lost out on the A-Side finals, 5-0, to St. Anne.

Hamiota won the B-Side of the tournament with a score of 4-0 over Deloraine.

In the semi-final game Minnedosa beat Holland, 4-3 in double over time, and in the quarter final game they beat Strathclair/Shoal Lake with a score of 8-2.

In the two round robin games Minnedosa tied with Holland 4-4, and walloped Boissevain 12-0.

Four members of the Minnedosa Pee Wee team took part in the skills competition. Keith Horner won the goal tending, Derrick Chapman took part in the puck shooting, John Motuz in handling, and Brad Lewis in skating. Shane Morgan, defense, was named to the All-Star team.

The Minnedosa Pee Wee team will be hosting the Provincials in March.

Managing Stress on the Farm

by Ann Mandzink, Home Economist

"Ah, farming. You can't live with it and you can't live without it!" This phrase reflects many farmers' attitudes about farming today. Farming is a tough demanding business and isn't quite the idyllic and peaceful scene that many city people imagine. There are lots of times when you don't have control over what is happening to you or your profits. You may feel that the weather man, the bank manager, government regulations, and commodity prices, are all taking a slice out of your profits and you.

Stress is a word we hear all of the time. Everyone knows it, but everyone means something different when they say it. Perhaps to you it means: tension, conflict, pressure, exhaustion, strain, upset, tight muscles, nervousness, unhappiness or powerlessness. The body's stress response is part of our survival instincts. It protected our cave-dwelling ancestors from saber-toothed tigers and allowed them to use the chemicals produced in the body to give the person the strength, endurance or quick thoughts to chase/kill animals for food. In modern day times, we battle work overload, a bank overdraft, a difficult child, or someone "cutting you off" on the highway.

All human beings deal with an average of 700,000 bits of information per hour. What makes some people able to cope better than others? What makes one person better able to cope one day and not another? Do farmers have more stress?

Predictors of Stress on the Farm:

* Is there a break in the pain?
* Is it gradual versus sudden?
* Is there a predictable end versus an unknown end?
* Is it long term versus short-lived?
* Does the family identify with the situation versus it means little to them?
* Are there other alternatives to choose from versus there is nothing else to do?
* Is there a support system in place versus there is "no one to turn to"?
* Is this change a forced situation versus a choice?
* Is there a previous history of this type of crisis?
* How rigid versus flexible is the individual/family/community?
* How do children enter the picture-do they contribute to the family's ability to cope? Do they believe they are the cause of the problem? How much do they know?
* Do you have a winner versus loser mentality?

* I did create the problem; I will create the solution.

* I did not create the problem; I will not create the solution.

* I did create the problem; I will not create the solution.

* I did not create the problem; I will create the solution.

Go through the list of predictors and write down which ones affect your family! If you would like a couple of fact sheets for further information stop by your Manitoba Agriculture and Food Office for a copy of "Coping with Farming Pressures or Managing Stress: Keeping the Pieces Together".

Think safety in the New Year

Energy Corner

The holidays are over and it's time to relax and reflect on the year ahead. Give some thought to safety practices around your home. Does your family know the rules? A refresher course is a good idea for everyone and packing away the holiday lights and decorations is the perfect place to start.

When unplugging lights and appliances, always use the gripping area of the plug. Yanking and tugging on the cord could damage the wires and insulation inside and lead to shock or fire. Before you pack away the goods, separate the indoor and outdoor lights and label them. Remember that outdoor lights burn hotter and are not safe for indoor use.

Check your light strings and replace any broken bulbs. Strings with damaged sockets or frayed cords should be discarded. It's a great time to stock up on new holiday lights that are now in the clearance bins. Check for the CSA seal of approval to make sure the product has been tested and meets safety standards.

Tuck away your lights and decorations in moisture proof containers where children and pets can't reach.

Post holiday sales are also a great place to find fire extinguishers as well as carbon monoxide and smoke detectors. Take the time this month to complete warranty and product registration cards from all those electric gifts and toys. The manufacturer can contact you quickly in case of a recall. Teach your children about the dangers of playing with their new electrical toys near water.

HELP WANTED

Waste disposal site supervisor required at the Newdale Waste Disposal Site. Current hours of operation are **Tuesdays 1:00 - 8:00 p.m. and Fridays 1:00 to 8:00 p.m.**

Contract amount is currently $8.50 an hour. Duties include supervision of recycling shed, sorting of materials, and general maintenance of disposal site.

Applications marked "Newdale Waste Disposal Site Application" can be submitted to the municipal office in Newdale until **February 8th, 2000 at 5:00 p.m.**

1883 — THE OLDEST WEEKLY NEWSPAPER IN THE CANADIAN WEST — 2000

Morning fire destroys Leslie home

Disaster struck the Leslie home located at 151 Centennial Drive in Minnedosa at 3:00 a.m. on Sunday morning as fire swept through the older bungalow forcing the occupants to bust through a bedroom window to save their own lives. The two occupants narrowly escaped the flames and heat but suffered severe cuts from broken glass during their escape. A small explosion alerted neighbor Marva Mummery who witnessed the pair climbing through the window. They went to the Mummery house seeking help and ambulance and fire department personel were summoned. Firemen fought the blaze for three hours.

The two occupants were taken to hospital where they spent the rest of the night. One occupant, Angie Leslie, suffered burns when her bracelet she was wearing melted into her wrist from the searing heat.

Cause of the fire is undertermined, however it appeared that it started in the area of the back door near the electrical panels.

The house was completely destroyed. Owner Sharon Leslie stated that the house and contents were fully insured.

Farmer proposes alternative to Crop Insurance

By Nancy Chemerika

Over 100 members of the farming community attended a meeting in Oak River last week to learn about an income assurance program developed for farmers by farmers.

The Income Assurance Program, developed by Murray Dowing who farms in the Reston area, has already been taken to the provincial governments of Manitoba and Saskatchewan. Copies of the plan have also been sent to Federal Agriculture Minister Lyle Van Clief, as well as Prime Minister Jean Chretien. Downing also presented the program at Ag. Days in Brandon last week.

The Program was developed with a number of priorities in mind including: keeping the family farm a way of life - not a dream; when a producer has a disaster, he can recover the costs of production; to promote better farming practices; income assurance versus bushel coverage; comparing individual yields to municipal yields.

One of the highlights of the plan is that inflation costs have been factored in. For example, if the fuel, fertilizer or chemical costs increased by 15%, the level of coverage also increases.

According to the proposed plan, premiums would be based on two tiers. Basic premiums would remain fixed from year to year and the producer may choose from three levels of coverage. For basic crops such as wheat, oats, barley, flax, rye, mustard and canola, coverage ranges from $100 to $160 per acre, and premiums from $5 to $8 per acre. For special crops such as sunflowers, coverage would range from $125 to $200 per acre, and premiums from $7 to $11.20 per acre. The second tier would have a surcharge premium that is applied only if a producer makes a claim.

The surcharge premium is tied to a formula based on the producer's production and marketing as compared to municipal averages.

Rural Tournament of Champions - Results

Although the Minnedosa Pee Wee team played hard throughout last weekend's City of Brandon Rural Tournament of Champions, held at the Minnedosa rink, they lost out on the A-Side finals, 5-0, to St. Anne.

Hamiota won the B-Side of the tournament with a score of 4-0 over Deloraine.

In the semi-final game Minnedosa beat Holland, 4-3 in double over time, and in the quarter final game they beat Strathclair/Shoal Lake with a score of 8-2.

In the two round robin games Minnedosa tied with Holland 4-4, and walloped Boissevain 12-0.

Four members of the Minnedosa Pee Wee team took part in the skills competition. Keith Horner won the goal tending, Derrick Chapman took part in the puck shooting, John Motuz in handling, and Brad Lewis in skating. Shane Morgan, defense, was named to the All-Star team.

The Minnedosa Pee Wee team will be hosting the Provincials in March.

Interest low in public pre-budget consultation

By Bob Mummery

Mayor Drebit and council held their first annual pre-budget consultation night last Monday at the Conference Center. Despite the small turnout of ratepayers, those who did attend received some insight into the workings of council with regards to the budgeting process.

It was revealed that budgeted expenses for the past year included education at 36%, Fiscal Services at 15%, General Government took 13% along with Protective Services at 13%, Transportation took 8%, Recreation and Culture took 4% with Environmental Health, Public Health & Welfare, Environmental Development and Reserve Transfers taking the remainder.

Mayor Drebit chaired the open meeting and he and councillors undertook a survey of those in attendance to determine community priorities. Of those priorities categorized, Infrastructure, Roads, Drainage, Sewer and Water and sidewalks were ranked on top followed by economic development, residential subdivision, recreation facilities and re-cycling.

When polled as to what percentage of a tax increase was felt acceptable in the coming year, the range included a low of zero to a high of 3%.

There will be another budget consultation with ratepayers once council has completed their budget consultations. At that time, ratepayers will have an opportunity to express their concerns with the proposed budget. Council would still be able to make final changes before submitting it to the provincial government for approval sometime in April.

Staff Sergeant Kineshanko meets with Council

By Nancy Chemerika

Staff Sergeant Bruce Kineshanko attended last Tuesday's regular Council meeting to discuss RCMP issues.

At the meeting, Mayor Drebit asked Sgt. Kineshanko who was responsible for determining policing needs for Classic Rock Weekend. Kineshanko informed Council that the RCMP determine needs and develop the security plan for the weekend.

Staff Sgt. Kineshanko has headed up the Yellowhead Detachment since October, 1999. Yellowhead Detachment includes the community detachments of Minnedosa, Elphinstone, Hamiota, Wasagaming and Shoal Lake, which amalgamated last April. Although Kineshanko is based out of the administrative headquarters in Shoal Lake, he resides in Minnedosa.

Staff Sgt. Kineshanko informed Council that despite some initial growing pains, the amalgamated Detachment is now running smoothly. There are 24 members in the Detachment who cover the entire area within.

"It gives us more opportunity to be out on the road and be more visible," stated Kineshanko.

Kineshanko also informed Council, who had concerns about emergency and non emergency RCMP calls, that emergency calls should be directed to 911, and non life threatening situations should be called into the community detachment.

Sgt. Kineshanko also discussed with Council the importance of community advisory groups and community policing programs such as Citizens on Patrol.

In other Council news, a resolution was passed that it be the policy of the Town of Minnedosa to provide meals for all regularly scheduled Council meetings.

Although the regularly scheduled meeting time is 8:00 p.m., Council has been starting the meetings at 5:30 p.m. for a number of months. Councillor Blais asked for a recorded vote involving the resolution. Councillors Nylen, Willis, Trott and Mayor Drebit supported the motion, Councillors Graham, Blais and Everett were against the motion.

A request for street lighting by Bernard and Phyllis Lane, who live in the southwest corner of town, was referred to budget discussions. A funding request from the Minnedosa District Services to Seniors was also tabled to budget discussions.

Council will be attending an Intergovernmental Affairs Motivating Manitoba conference in Brandon, March 9 to 11. A councillor will also be attending a Hudson Bay Route Association Convention in Strathclair on February 8. One member of Council will also be attending the Westlake Tourism Association meeting in McCreary on January 27th.

Council agreed to pay the 2000 membership fees associated with the Southwest Trail Association in the amount of $100.

Council authorized a payment of $1,000 to Tanner's Crossing Planning District for operating expenses.

Council passed a resolution to send a letter to the R.M. of Minto requesting their support to have the old portion of the old Franklin highway within town limits, put back on Grant in Aid for future paving purposes.

Recreation Director, Ken Surovy, was appointed the Emergency Measures Officer for the Town of Minnedosa during the absence of current EMO coordinator.

The Town superintendent was authorized to prepare specifications for the tender of a new garbage truck for purchase in the year 2000. The specifications are to be completed by March 3, 2000.

Legion donates $1,000 to Air Cadets

L-R OCDT Stephane Gagne, Gordon Ingaldson, Lt. Heather Davie, Jim Clark

The Royal Canadian Air Cadets #9 Squadron received a $1,000 donation from the Minnedosa Royal Canadian Legion Branch #138 last week.

Although the #9 Squadron is based out of Neepawa, 15 of the 33 cadets are from Minnedosa and area. Minnedosa RCMP Cst. Stephane Gagne acts as Cadet Instructor for the Squadron.

"Air Cadet training gives young people a sense of adventure as well as self discipline," explained Cst. Gagne. "Cadets can expect to learn a variety of things including basic drills, good citizenship, sensible living, and public speaking."

Sgt. Darin Oakley, 16, has been a member of the cadets for four years.

"I joined because I love flying and cadets have a lot to offer," stated Oakley. "I plan to get my glider and pilot licence through cadets. I'll be able to fly solo. It's free and cadets teaches you about discpline and respect."

Farmer proposes alternative...

Continued from Page 1

The Income Assurance Program proposes that coverage levels must be confirmed by March 31, and production reports must be in by November 30. Existing crop insurance seeding dates and deadlines will be followed, and additional hail insurance will follow existing formulas. Producers must sign up for a five year term.

The program proposes unseeded land coverage, reseeding benefits and cash advance for operating funds. Penalties will be applied if a producer's yield falls below 75% of the municipal average which would prevent producers from "milking the system". However, if an act of God occurs such as hail, excess moisture, frost, or drought, official documentation of that disaster would offset the surcharge position. The producers average would be boosted up to the municipal average.

"It's an insurance program for farmers," stated Debbie Kooting who farms near Rapid City and helped with the Oak River presentation. "The government would be involved on a cost sharing basis, but there would be no more ad hoc programs like AIDA. Farmers should support this program because they would know before the seed went in the ground that they would be able to make their payments. They could sleep better at nights, they would have less stress, and they could be proud to be on the fields again."

According to Kooting, those in attendance at the Oak River meeting were highly supportive of the program which is being touted as an alternative to Manitoba Crop Insurance. She added that farmers who support the plan should phone 1-800-282-8069 and urge Provincial Agriculture Minister Rosann Wowchuk and Premier Gary Doer to implement the Program.

Where to invest your RRSP money

Deciding where to invest your Registered Retirement Savings Plan (RRSP) contribution can be challenging. Changing financial goals and market fluctuations can sometimes make long-term investment decisions difficult - especially if you're making your RRSP contribution at the last minute.

Fortunately, you don't have to commit your money to a long-term plan the instant you make your contributions while you determine your long-term investment strategy.

Among the best temporary homes for your contributions are money market mutual funds. They offer low-risk and reasonable returns without requiring you to lock in your money. These funds provide a way to get money into your retirement plan before the contribution deadline, allowing you to reap the tax rewards associated with your contribution while momentarily deferring investment decisions.

Most mutual fund companies include money market funds as part of their fund families, therefore you can easily move your money out of the money market fund when you are able to commit your money to a longer-term investment.

The goal of money market funds is to provide a high level of current income and liquidity with capital stability. They do this by primarily investing in a diversified portfolio of Canadian money market securities having a maturity of thirteen months or less. These investments will include certificates of deposit, bankers' acceptances and authorities.

There is a tradeoff for this capital stability over longer periods, however, because of returns from money market funds tend to be lower than returns from other types of investments, such as income, balanced and equity mutual funds.

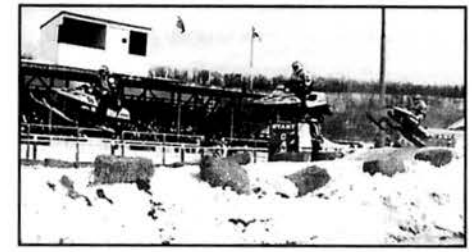
If you have a self-directed RRSP, you can simply deposit your RRSP contribution into the cash portion of the plan until the time when longer-term investment decisions can be made.

Another investment option would be Guaranteed Investment Certificates (GICs). But with a GIC RRSP you'll usually have to wait until these investments mature before making longer-term plans.

Even if you don't know where you want your RRSP money to end up, you should make the largest RRSP contribution possible, subject to your maximum for that year. Depending on your income tax level and the province you live in, you could reduce your annual income taxes or increase your tax refund by up to 53% of the amount you contribute.

Remember, the longer your money sits in a temporary investment, the more investment potential you give up. So be sure to allocate your contribution before too long.

Can Am Sno-X set for February



Last year's Can-Am races were a big hit with racers and spectators alike.

By Nancy Chemerika

Due to the overwhelming success of the first ever Can-Am Sno-X races held in Minnedosa in 1999, the Town and snowmobile enthusiasts are eagerly anticipating the return of the high powered machines early in February.

The Minnedosa race will be the second of the Can-Am circuit, and will once again be sponsored by the Minnedosa Agricultural Society. Similar to 1999 Reg and Bob Delaloye, owners of Uncle Tom's Restaurant, are heavily involved with planning the Minnedosa event, as well as with track preparation. Longtime racers, the Delaloyes were instrumental in turning the heads of Can-Am organizers towards Minnedosa and making the town a permanent spot on the circuit. In 1999, Minnedosa was named "Race of the Year" by Can-Am organizers.

Over 100 racers are expected to take part in the event with a number of different categories from Novice to expert. Registration for the event will take place at the Gateway Motel, Minnedosa. To ensure that they are included on race day, racers and their sleds must meet a variety of requirements. Sleds must have a working tether switch, the rear flap must have straps fastened to hold it down. There can be no more than 96 studs in track which can't be any longer than an inch below the lowest part of the track. The sled must also have a round wearbar with a 10 inch carbide. Safety regulations for riders include protective equipment such as shin pads, an approved helmet and snowmobile wear, as well as protective jackets.

The Delaloyes have begun track preparation, with snow having been hauled to the Agricultural Society grounds, the race location, virtually since it began to fall. The track is expected to be as exciting and challenging as last year, with a few improvements thrown in.

"When it comes to promoting racing, its just a part of me," stated Bob Delaloye of his involvement with the event. "Anytime we can be involved with putting on a good race, its really fun. It's a real thrill to have this event come to our part of the country."

Royal Purple News

Our September meeting opened with Rose Tyefisher as Honoured Royal Lady; Joan Betteridge-Associate Royal Lady; Madeline Wakely-Loyal Lady; Mary Horner-Lecturing Lady; Secretary; Lila Smith-Secretary; Rita Moore-Treasurer; Sheila Smith-Chaplain; Gladys Broome-Historian & Carol Hopkins, Conductress.

It was confirmed that the annual District Meeting would be hosted by Minnedosa Lodge on April 10, 2000. A $500.00 Scholarship was presented to Alicia Walker to assist in her studies in Minot N.D. A donation was sent to Knowles Society. The annual Christmas Tea, Craft & Bake Sale is to be held Nov.19. A grocery hamper & turkey are to be raffled at the Elks Christmas Party on Dec.10. A delicious lunch was enjoyed following the meeting.

October - A memorial service was held in honour of our departed Sisters. A recap was given of Resolution decisions made at the 1999 Convention in North Bay, Ontario. Treasurer Lady Rita Moore reported that the books had been audited and found correct. The annual Lodge budget was presented for approval and accepted. Lady Esther Finnie was presented with her Life Membership and Pin. As usual, a lovely lunch and social time was enjoyed by the Members.

November - Supreme Chaplain Shirley Gibson visited our Lodge and presented the "Dream" Program urging all Lodges to increase membership to keep our Order active in the future. Honoured Royal Lady Tyefisher and Secretary Lady Smith attended the Millennium Meeting as we have decided to support the Skateboarders Association. Donations were sent to Elks and Royal Purple Fund for Children and TADD. Five members are to attend the Remembrance Day Service. Lunch and social time followed the meeting.

December - A short meeting was held prior to our annual Christmas Party. Honoured Royal Lady Tyefisher reported on our annual Christmas Tea, Craft & Bake Sale which was very successful and brought in $545.50. Tree skirt raffle donated by Rose Tyfisher was won by Stephanie Jury and table centre door prize donated by Carol Hopkins was won by Nita Ward. Secretary Lila Smith reported on the Millennium Committee Meeting and advised that the Library Expansion received the most votes and would be the millennium project of community organizations. The entertainment committee reported that Crystal Scott and her Highland Dancers would entertain at the Elks Christmas Party and a motion was passed to give Crystal $75.00 to purchase two metal swords needed for the dancers. A motion was passed to apply for a grant available from National Charities and, if received, would be donated to the local Skateboard Association. Also that we donate $500.00 cash to the Millennium Committee Project being the Library Expansion. Donations to be given to the Minnedosa Guide Company to purchase a first aid kit, and Kyle Parrott to assist with his expenses for his trip to Minneapolis to compete in the International Speedskating Meet. Our Christmas party then followed with fun games, gifts and delicious lunch. Six guests attended our party.

A bad week for politicians of every ilk ...

Dumb

Times may be tough on the western prairies what with the farm crisis and all, and just as tough along small town main streets across most of the country, but according to the actions of Minnedosa town council, times here are looking pretty good. By a vote of four to three, council passed a motion forcing you to buy them lunch every time they hold a council meeting. Not that you haven't been doing it for a while.

Off and on for the past two months, a council meeting has meant 'free supper' to our town fathers as their move to 5:30 p.m. meetings 'eats' into their supper hour to the point where they feel you owe them their vittles. Well, as of last Tuesday, it is now official and supplanted firmly into council's operational policy. But don't storm into Blazer's and lay a lickin' on Mark. He not only has refused to eat the free food in the past but backed that up with a firm vote against the proposition. Likewise did councillor Murray Graham and newcomer and all-the-more-wiser councillor Rick Everett. The rest of council, as you can surely deduce, will be lickin' their lips thanks to you, the property owners.

Dumber

Let's not stop there. Federal Minister John Manley, working furiously at the end of Chretien's puppet strings, allowed himself to be set up as the consumate patsy in making the long-dreaded announcement that millionaire NHL owners, along with their millionaire hockey players would be receiveing a welfare cheque compliments of Canadian taxpayers. The unbelievable scenario has been aptly played out in our national press for more than a year now and almost proved once agam that public outcry does little to sway what essentially is a dictatorship in our nation's capitol. The one good consequence of the ordeal is that an issue has finally united the country from coast to coast.

Change the government next time around? Think again, and we only have ourselves to blame. Western Canadian voters have ensured that the Liberals will retain majority governments through at least the next generation by effectively splitting the rest of the pie into too many pieces, to wit: Reform, Conservative, NDP et al. What will be our answer? Start a fourth party - and call it the United Alternative. That will ensure the reigning Liberal government victories stretching well into the generation after that!

Thankfully, clearer heads prevailed last week with the government pulling back on the announcement on the heels of an unprecedented public outcry that swept the nation.

and Dumbest

The dumbest move of all is that made by Health Minister Allan Rock - the puritan whose gift to us all thus far has been gun control. After all, there is no more serious threat to the nation than a hungry farmer armed with a varmit rifle. Now Rock is becoming concerned about cigarette smokers, and is going to throw the government's weight behind the effort by forcing the cigarette manufacturers to put pictures of rotting lungs on all cigarette packages. Why is he doing this? Two reasons.

First: The move won't cost the federal government a nickel, yet can be held up to the public as evidence that they, the Feds, are really going to do something about the problem.

Secondly: It won't stop anyone addicted to smoking from quitting - thus ensuring that the federal government coffers continue to be filled with cigarette tax revenue.

If the government was truly concerned about smoking and nicotine addiction, hundreds of millions of dollars collected from cigarette taxation would be poured into designing programs, and researching or subsidizing aids that would assist those who want to quit.

There are two addictions that we are all dealing with here. The first is the addiction that smokers suffer from and find almost impossible to extricate themselves from. The second is the governments own addiction to cigarette tax revenues - obviously an addiction that is just as hard to kick.

Pictures of the Week

Three groups of riders participating in the Journey for Sight 2000 met at Minnedosa Esso Saturday morning to gas up before going on to Neepawa for lunch. Group 1A left Birtle at 8:00 a.m. that morning, Group 1B left Shoal Lake at 9:00 a.m., and Group 1C left Rossburn at 8:30 a.m. with all riders completing this part of the ride safely.

Pictured below, Barrie Brooking presents a cheque for $300.00 from this local lions club to Ray Brethour of The Jouney for Sight 2000. The local Lions club also picked up the fuel tab for 40 snowmobiles as part of their support for this worthwhile cause.

All Stars.
The North-Central Hockey League has announced their all-star game will be played in McCreary on January 30th and the Minnedosa Bombers will be well represented with Trent Madill in goal, Ty Burton on Defense, Mike Nocholson at Centre and Brent Madill at Right Wing. The game will be played against the South Division all-stars. By the way, as of mid-week, the Bombers were in a three-way tie for second place in the league with goaltender Ryan Gugin listed as fourth best in the league with a 3.53 goals-against average and fellow netminder Trent Madill listed in seventh place with a 4.82 GAA.

Congrats.
Our congratulations go out to Gerri Cooke who once again will be part of the provincial Tournament of Hearts. Gerri has been there before, both in the tournament and in the Neepawa arena where her former all-Minnedosa team reached the finals. The tournament is being played this weekend in Neepawa and you can bet there will be a large contingent of Minnedosa curling fans there to cheer Gerri on.

Fast Facts.
The economic value of volunteer work performed in Manitoba last year is estimated at $531 million.

The 35-44 age group has the highest rate of volunteer participation with a rate of 49%.

Statistics Canada estimates that over 40% of the prairie population volunteers.

Manitoba's volunteer record is impressive. 40% of Manitoba's population volunteers. That's 9% above the national average.

Listening at Heaven's Door ...
Lunar and solar eclipses, missions to the planet Mars, the discovery of planets in neighboring solar systems - all of these are causing the search for extraterrestrial life to escalate. If you want to be a part of it, own a computer connected to the internet and are tired of your screen saver, go to **www.setiathome.com** and download their free program. A file of radio signals is downloaded into your computer and is processed each time your computer is left running but unused. When the processing is complete, the information is then uploaded to the Search For Extraterrestrial Intelligence computers connected to the University at Berkeley, California and further processed. Some 300,000 computers are now being volunteered to process the mountain of information and scientists hope that sooner or later, one of them will come up with the breakthrough. In the meantime, the radio signals being processed on your screen make a rather interesting display.

Offside ...
You know you're living in a small town when you accidently stumble into the middle of a committee meeting and come out as Chairperson.

Come on down ...
His Worship Tymer Hyndman used the Red Cross Casino Night in Minnedosa to extole the virtues of his beloved Rapid City inviting everyone to consider his oasis for their next vacation. "We're that much further south so the weather is considerable nicer", he stated, "and our golf course will be open any day now!"

Minnedosa Homecoming 2000 Celebrations

- Registrations piling up -

Well, it's been a while since last article and reporting recent registrations for Homecoming 2000. It was great to hear from Allan, Thelma & Darcy James-Minnedosa, Mark & April (James) Timmins-Brandon, Clayton & Loreen Searle-Minnedosa, Marcia Nitikman-Toronto, Claire Williamson-Calgary, Velma & Johnnie Wayne-Brandon, Dennis & Janet (Boyd) Brown-Port Hardy, BC, Gary & Karen Carr-Ste. Agathe, MB, Ron & Larain Williams-Edmonton, William & Sadi (Robinson) Dagg-Qualicum Beach, BC, Rob & Betty (Taylor)-Hamiota, Bob & Wynne Goudie-Woodscreek, MB, Jack & Joy (Madill) Stacey-Minnedosa, Lori Birch-Banff, AB, Rod & Joan McDonald & Rhoda Peterson-Lloydminster, AB, Dexter Laming-Port Hardy, BC, Andrew Laming-Port McNeill, BC, Brenda (Ericson) Korchinski-Saskatoon, SK, Raymond & Darlene (Curle) Ligenza-Calgary, Gerald & Connie (Shorock) Leggo-Medicine Hat, AB, Ervin Robinson-Winnipeg, Shannon Chisholm-Abbotsford, BC, Erin Chisholm-Calgary, Larry & Joy McCracken-West Fargo, ND, Haven & Madeline Brugger-Brandon, Ann Hockin-Gladstone, Murray Clark-Delta, BC, Ken & Susan Hoglund-Minnedosa, Paul & Emily Plaseski-Winnipeg, and Bob & Judy (Plaseski) Weller-Thompson as well as, quite belatedly, Lyle & Bev Cooper-Minnedosa, Frank & Bessie Anderson-Forrest, MB, Bill & Fran Anderson-Winnipeg and Margaret Anderson-Winnipeg. We sure hope to hear from you. Over 500 registered names now appear in the register.

One of the events that the Committee is planning is an Art and Craft Show and Sale which provides an opportunity for local artists and craftspeople to display their work and talent as well as an opportunity for Homecomers to view and purchase local work. If you are interested in participating in this event, we need to hear from you in order to begin to finalize details of the day and the event. We have a coordinator in place who is raring to get things planned, so contact us as soon as possible.

An Ethnic Festival is another of the planned activities for Homecoming 2000. What we are really in need of is ethnic food booths and/or ethnic displays to accompany the ethnic entertainment being organised. To date, three groups have shown interest in food booths, but we certainly would like to see more than that! A beverage booth is also a possibility! What do you think? Has your group thought of this as a fund-raiser? Contact us with your interest at Box 2000, Minnedosa, MB. Your involvement will be greatly appreciated.

LETTERS TO THE EDITOR

Dear Editor:

Canadians have felt shocked and disappointed with the recent news of Canada Post's refusal to issue a postage stamp honouring Queen Elizabeth the Queen Mother's 100th birthday this August. There is room in the 2000 stamp schedule to celebrate the 100th anniversary of the Department of Labour, to honour the Seventh Day Adventist Church and to depict the Pacific Loon and antique mailboxes - but not, apparently, for "The Queen Mum" - strange priorities!

One does not have to be a fervent monarchist to share in the Commonwealth's intense admiration for this remarkable lady. Her 1939 visit to Canada with the King cemented the national feeling so vital in the war years, and, as she later observed, "made us," in terms of helping the King's overcoming his shyness and stammer. Her persistent service during the ensuing years has shown how ridiculous is the notion that "senior citizens" have no role to play in society after age 70 or 75. And her gift of raising her daughter, our present Queen, is reflected every day in the younger Elizabeth's devotion to duty and to the well-being of all her peoples.

I invite readers who share frustration in this petty and unworthy decision to write to the Chairman of Canada Post, M. Andre Ouellet, at 2701 Riversade Drive, Suite N0420, Ottawa K1A 0B1 - urging that he personally cause the issuance of a proper celebratory commemorative to honour a wonderful woman, Canada's Queen Mother.

Yours sincerely,
John Aimers

MCI student essay honoured by Marquis Project

For her participation in the Marquis Project Student Writing Challenge for 1999, Leanne Grieves' essay, "Learning to Tolerate School Bullies", was chosen as the most interesting in the Grades 9 and 10 category.

Grieves, who attends Grade 10 at Minnedosa Collegiate, participated in the Writing Challenge which accepted admissions in four categories from Grades 5 to 12. The purpose of the Student Writing Challenge was to encourage good thinking skills in students, and to sensitize youth to social and international issues. The Challenge also promoted the exploration of important social issues, and proactive worthy causes by students.

"The theme of the contest was tolerance," stated Harold Stewart, Marquis Project Board Chairperson. "Miss Grieves' essay touched on that theme very well."

The Marquis Project is an organization with roots in our Western Manitoba community. Marquis was the name of a hardy wheat that used to be grown in the area. The Marquis Project attempts to link the people of western Manitoba to rural people living in developing nations.

Learning to tolerate school bullies

by Leanne Grieves

Has anyone ever said that you were ugly, stupid, dorky, weird, fat, or dirty? All through their school years, many kids have problems with being teased and made fun of. The secret to getting through this is not let it get to you. Although I can say from experience that it's a hard thing to do, I can also say that it works.

Being able to put yourself above others by ignoring what they say, and not letting it bother you can help you throughout your whole life. If you learn to shrug off what people say, ignore it and forget about it, they'll start to leave you alone. When someone can't get a reaction out of you, teasing you won't be as fun for them and they'll probably stop. Yelling back insults, telling them off and getting offended; in other words, letting them get a rise out of you, is exactly what they want and they'll tease you even more. Your reaction is what makes it fun for them.

Instead, just tell yourself that it doesn't matter what they might say or think. Most of the things they'll say are probably just made up so they can get attention from other people. Tell yourself that you don't need them and simply stick to the people who don't make fun of you and like you for who you are. Even if they won't stick up for you in a confrontation, they'll be there to give support.

When someone constantly bullies you and picks on you all of the time, you start thinking about revenge. It is a natural reaction to want something bad to happen to them to get them back for the things they've done wrong to you. But if you try to get revenge it probably won't work anyway and you'll end up getting yourself into trouble. The whole thing is likely to backfire on you.

Just think about what their lives are like away from school. You'll probably find that they have a lot of their own problems with family and other things. So instead of trying to get them back, just keep in mind what problems they already have. Remember that what goes around comes around, though not always in ways that will be obvious to you. You might even find yourself feeling sorry for them.

If you're still really upset about being made fun of, think about why they need to make others feel bad about themselves. Is their own self esteem so low that putting people down makes them feel better about themselves? This leads back to their own problems: how are they treated by their family and friends? Why do they need to laugh at someone else to have a good time? Try to think about those things when someone bullies you. You'll realize that later on in your life, the fact that other kids used to tease you and bully you really doesn't matter.

When you get older, it will make you feel good about yourself to know that no matter what kids used to say to you, you just ignored it and didn't let it affect your life. You can make yourself a better person by not retaliating.

I know it's really hard not to do, but insulting other people back and always trying to get revenge will only bring you down to their level and make you just as bad as them.

Everyone gets laughed at and bullied at some point in their lives and someday the kids who have made fun of you will get made fun of themselves and when they realize how it feels, they'll probably regret ever making someone else feel that way.

Most kids who bully other people don't even realize how much teasing can hurt a person. For them it's all fun and games, even though for the person being made fun of it's just about as far from fun and games as you can get.

So, by ignoring what people say, you are putting yourself above them and making yourself a better person. Stick to the people who won't laugh at you and who like you for exactly who and what you are. Never retaliate and simply let life run its course.

What goes around does come around. I know, I've had a lot of people come up to me and apologize for things they did to me years ago. The best thing is when you can forgive them for it. I'm friends with people who used to make fun of me all the time, and it makes me feel good to know that I'm a good enough person to forgive and move on. It's good to know that I never did anything wrong to them, and even though they might have been cruel to me, I haven't treated other people that way.

When you are faced with mean kids and bullies, try to remember the rhyme, "sticks and stone may break my bones, but names will never hurt me", because even though names can hurt you, it's only if you let them.

Rookhurst News

by Clarence Williams

Ivan Williams, Onanole, was a Sunday visitor with his dad, Clarence.

Harvey Foxton is spending some time at home from his job at Esterhazy, Saskatchewan.

At the Townview Manor cribbage games, held Tuesday evening, Mrs. Alma McDonald held a surprise hand of 29.

Ralph Williams, Elie, visited last week with his parents, Horace and Anne.

Water quality work begins

by Bill Stilwell

After nearly a year of study, work to improve water quality, fish habitat and riparian zones in Stoney Creek and the Upper Whitemud Watershed Basin is about to begin.

Preliminary results from the study are complete. On January 14, the project's consultant outlined more than 50 potential projects.

A variety of projects were identified as high priorities, according to Rick Baker, committee chairperson. "Two are riparian management projects," he said. "Another would improve recreation, one relates specifically to Lake Irwin and several deal with sediment problems on Brookdale Drain."

At the meeting, the steering committee was asked to decide which projects should be completed first and to identify potential partners to complete them. The committee includes the Whitemud Watershed Conservation District, Manitoba Habitat Heritage Corporation (MHHC), Keystone Agricultural Producers, Manitoba Cattle Producers Association, Manitoba Agriculture & Food, Ducks Unlimited, PFRA, Manitoba Conservation, Town of Neepawa, and local municipalities.

Committee member support was obvious during the meeting. Ag Rep Bob Durston, representing the Beautiful Plains Ag Society (BPAS), said his group is submitting a funding request. "We'll work with landowners that want to cooperate on projects," he said.

BPAS is currently completing two projects in the study area using funding received from the National Soil and Water Conservation Program.

"As far as MHHC goes, we will consider any riparian fencing opportunities, with landowner support," said Gerald Forsyth, Minnedosa MHHC field rep.

MHHC has already carried out several projects in the study area in cooperation with local landowners Stu Briese, Allan Davidson and Neil Kommer.

The newly released list of potential projects is like a menu for agencies to work from. An agency can look at this menu and select a project that fits their operating guidelines. If the landowner is willing, they can start making improvements as outlined in the study.

Of more than 50 projects identified by the study, 27 are considered moderate to high priorities. The committee reviewed these and developed a short list containing five potential projects requiring immediate attention. The committee is now drafting a funding request for submission to the Fisheries Enhancement Initiative and other agencies.

This would allow completion of three high priority projects. Both MHHC and BPAS have agreed to start other projects as well.

The consultant identified three "medium to high priority" on Lake Irwin and 17 along Stoney Creek. On Brookdale Drain, six projects involving ten land locations were identified. He hopes all these will be completed.

The Fisheries Enhancement Initiative (FEI) funded the study. This is a Manitoba Fisheries Branch program that works with community groups, associations and agencies to improve fish habitat and populations.

"From FEI's perspective, we'd agree with all these projects, but it depends on a co-operative landowner," said Bruce Wright, regional fisheries manager.

Erickson and District News

by Almie Paulsen

Owners of snow removal equipment are happy as they have spent less hours cleaning streets, roads etc. The minus 25C temperature is also hard on wood stock piles, propane tanks, etc. However the days are sunny and tonight we'll be watching the lunar eclipse.

Jim Leganchuk is spending relaxing days after his cataract surgery.

Barry & Anne Paulsen had Barry's brother Terry & Meg Paulsen of High River, MB as guests. On Sun. they spent the day with mother Anne at Brandon and John & Phyllis Paulsen of Oakbank.

Robert Wickdahl, Creston, BC visited his mother Ida and Earl & Val recently.

Belated 99th birthday greetings to Mrs. Wasylina Slobodian (Mrs. John) at Sandy Lake Care Home who marked the big day on Jan. 11.

Many residents of the Rolling River Reserve attended the official opening of the new 41 room Hotel and Conference Centre at the Waywayseecappo Reserve last weekend. Reports are that it is a beautiful complex. Sympathy is extended to Orville & Jane Robinson and family on the death of Orville's mother Evelyn on Jan.14th at Minnedosa. Mrs. Robinson has been a resident in Minnedosa Townview Manor for about 7 or 8 months.

Several ladies competed in the Onanole Ladies Bonspiel on Jan.15th weekend. Congratulations to the Erickson rink (Lavonne Tyschinski) who won the 3rd event. 2nd event winners were ladies from Onanole and main event winners were from Oakburn.

The kitchen shower held on Jan.19th for the Allan Kopeechuk family was attended by approximately 40 persons. Many gifts were also given by people unable to attend the function. Reports say the donations (or gifts) were beautiful and very much appreciated. Plan to attend the benefit dance on Jan. 28th.

Due to the benefit dance in the evening of the 28th the planned Whist Drive at the Crossroads has been changed to the afternoon of the 28th. Please see posters.

Get well wishes to Donna Wruth of Brandon who had the misfortune of falling from her wheel chair, causing her ankle to break.

COPP - (Citizens on Patrol) Help this organization operate and succeed. Since the beginning of COPPs, crime has greatly decreased due only in good part to volunteers who give their time to keep our streets safe. Application forms are available at the town office and meetings are held 3rd Wed. of each month. Just one night will make a difference.

The flu bug is still busy. Many people are reported ill this week.

Did you notice that the Marquette Health Authority is calling for nominations for Board Members? One of those members whose term is expiring is Harold Stitt. Board members will be selected from the nominations received by the Minister of Health. Deadline for nominations is Jan.31. Information is available at the Marquette Regional Health office in Shoal Lake.

Derek & Becky Montgomery, who moved into Erickson in the spring, moved last week to Red Deer where he has obtained employment. I understand the house has been sold to someone from Onanole.

Scott Gray who curled at the Brandon Bonspiel with other M'dsa players reached the semi-finals before they were eliminated.

Erickson and District Health Auxiliary Annual Report

The auxiliary has 19 active members and we were happy to welcome 3 new members this year. Our volunteer hours totalled 1192.

Members volunteered their time by assisting at the Volunteer Day Tea in April. We held a silent auction at the Country Fair in August. A soup and sandwich luncheon was served at the Health Fair in October. A raffle was also held at the fair on a Blood Pressure monitor donated by Mountain Park Pharmacy. We held a bake sale and assisted with the Activity Department Christmas Tea in December with all proceeds going to the Activity Department. Another successful raffle was held during the year, realizing $800.00. We also provide services such as manicures for residents, and play bingo at the P.C.H every second week.

Donations were made to the Activity Department for gifts and favours for P.C.H. residents for Christmas. 12 new table cloths were purchased for the P.C.H dining area to be used for special occasions.

Five members attended the Marquette Regional meeting in Hamiota, and one member attended the M.H.A.A. convention in Thompson.

An Erickson District Health Auxiliary banner was designed and made by two of our members to be displayed at M.H.A.A. conventions.

2000 Executive - President: Leona Smith, Vice President: Catherine Pederson, Secretary: Marie Zatylny, Treasurer: Joyce Bennett.

Onanole Ladies Bonspiel

Onanole Ladies Bonspiel took place Jan.14-17, 16 rinks entered. The theme was hats. Prizes were given out for: most imaginative (Lavonne Tychinski), biggest (Jen Workmen), prettiest (Jane Tovell), ugliest (Marth Rousseau). Sat. night supper was catered from Barneby's, chicken & pot luck potatoe dishes, fixings & dessert by Onanole Curling Club. Loonie A Square Cash Raffle winners: 1st Bea Fink $33.00, 2nd Deena Dudman $20.00, 3rd Tami Ewasiuk $13.00. The curling was fun & exciting. We gave the fans some laughs, as we came up with new ideas to throw the opposition off their game. 1st event winners: 1st: Janet Zemianski, Marge Waytowich, Eve Sitko, Phyllis Tutkaluk. 2nd: Maryanne Mochnacz, Colleen McNiven, Brenda Vaughn, Sharon Nylen. 3rd: Donna Vaughn, Sharon Larsen, Terryl Maduke, Leanne Judd. 4th: Eileen Dudman, Carol Kowalchuk, Val Shellborn, Marilyn Cochrane. 2nd event winners: 1st: Susan Boisevert, Marg Carey, Kate Dutchyshen, Florence Kelly. 2nd: Joanne McMillan, Cathy Pratt, Leila Howell, Lynda Turchynski. 3rd: Brenda Zachednick, Jackie Greavett, Margie Murray, Lydia Sarna. 4th: Lexine Stephenson, Sandi Carlson, Jane Tovell, Jen Workmen. 3rd event winners: 1st: Lavonne Tychinski, Kim Fleming, Cathy Warrington, Tracey Tyler. 2nd: Karen McLean, Bev Hulley, Diana McBrainey, Trisha Flick. 3rd: Heather Hodges, Beatrice Berg, Debbie Gaywish, Deena Bone. 4th: Cathy Carter, LeAnne Dudman, Kim Ryznar, Debbie McLaughlin.

Erickson Legion hosts cribbage playoffs

Erickson Branch #143 hosted zone playoffs of the Royal Canadian Legion Cribbage. Results are as follows: Teams: 1st - Gen Hugh Dyer #138, Carl Bialas, W.B Hopkins, David R. Blake, W.A. Philipation. 2nd - Gen Hugh Dyer #138, Ronald Sandstrom, M.L. Pollen, G.A Kartanson, R. McLaughlin. 3rd - Gen Hugh Dyer #138, Walter Hyra, Myrna Kartanson, Bernice Strahl, Brett David Perrault. 4th - Erickson #143, Joe Sturgeon, Maurice Godin, Theresa Syslak, L Syslak. Doubles: 1st - Gen Hugh Dyer #138, G.A. Kartanson, R. McLaughlin. 2nd - Erickson #143, Joe Sturgeon, Maurice T. Godin. 3rd - Erickson #143, Theresa D. Syslak, L.C. Syslak. 4th - Gen Hugh Dyer #138, W.A. Philipation, David A. Blake. Singles: 1st - Gen Hugh Dyer #138, Walter Hyra. 2nd - Erickson #143, James Edward Butler. 3rd - Myrna Kartanson. 4th - Gen Hugh Dyer #138, David R. Blake.

Rural Municipality of Harrison

NOMINATIONS

Notice is hereby given that I will receive nominations for the offices of:

1. ONE COUNCILLOR AT LARGE

I will receive nominations on any of the days including February 3rd, 4th, 7th, 8th and 9th, 2000 during regular office hours of 9:00 a.m. - 5:00 p.m. (Closed 12:00 Noon - 1:00 p.m.) at the Municipal Office in Newdale, Manitoba.

All nominations shall be made in writing and shall be signed by at least 25 electors, of the R.M. of Harrison, or not less than 1% of the electors (whichever is the lesser), but in all cases at least two electors.

Each nomination shall be accompanied by a written acceptance thereof by the candidate and also signed and attested.

Nominations not accompanied by the required documents and not properly filed shall be rejected.

Nomination papers may be obtained at the Municipal Office in Newdale, Manitoba.

Dated at Newdale, Manitoba this 12th day of January, 2000.

Donna Memryck - Returning Officer
Rural Municipality of Harrison 45-2

Because my fence was cut three years in a row, snowmobiling will not be allowed on east and south side of Ditch Lake.
Trespassers will be prosecuted with no exceptions.
- M. L. Wetteland 46-2

Carrying On A Tradition
Rick Thom
Funeral Director
Rae's Funeral Service

How do I Make a Condolence Call?

To express your sympathies and console the surviving family members, here are some helpful "do's and don'ts" to assist you.

1. If you're not really sure whether or not you should make the call, then do it. The family will certainly appreciate it.
2. The purpose of the call is to express sympathy and offer assistance. Try not to make it a long "social" event.
3. Dress neatly and tastefully. Black clothing is not necessary.
4. If the surviving family members wish to talk, fine. Be a good listener.
5. A simple " I'm sorry about (the deceased)" is appropriate, along with a firm handclasp, or a brief embrace.
6. Leave after offering your help to the family.
7. Call back in a few days. The family will appreciate your thoughtfulness.

Your questions and comments on this and other topics are welcome.

Messages from Marquette

- January is Alzheimer Awareness Month -

One in thirteen Canadians over the age of 65 has Alzheimer Disease or a related dementia. As more and more people are being affected by Alzheimer Disease, chances are you will know someone with the disease. They may be a relative, a neighbor, a coworker, or a friend. You may want to help but don't know where to begin. Reading this article, taken from components of the most Recent Alzheimer Society brochure, may give you some ideas.

Alzheimers is a degenerative brain disorder that destroys vital brain cells. The disease usually begins with small changes in a person's behaviour and memory. Eventually it affects all aspects of a person's life-the ability to think, understand, remember, communicate, and perform simple tasks.

Alzheimer Disease will affect the roles and responsibilities of family members. Spouses and children-often including school aged youngsters-can find themselves providing care and support to someone with the disease.

Caregiving can make recreation, chores, and even employment difficult or impossible to maintain. Many caregivers report high levels of stress and stress-related illness.

Caring for someone with Alzheimer Disease can be challenging and eventually will require round-the-clock care. For family caregivers, this commitment can last many years. Friends and neighbors are important sources of support for the family. Whether you live close by or far away, there's still plenty you can do.

Keep in Touch

Maintain contact with family caregivers. Things such as a card or a visit mean a great deal.

Do little things-they mean a lot

When cooking, make extra portions and drop off a meal. If you're on your way out to do an errand, check with the caregiver to see if there's anything needed. Surprise the caregiver with a special treat, such as a rented movie, a library book, or a gift certificate for a massage or dinner out.

Give the caregiver a break

Everyone needs a little time on his or her own. Offer to stay with the person with Alzheimer Disease so the caregiver can run errands, attend a support group meeting, do a favorite activity, or attend a religious service.

Help with a specific task

Many caregivers find it hard to ask for something specific. Ask the family to make a "to do" list of hard-to-get-done chores, such as laundry, yard work, or shopping. Decide what you can do, then dedicate some time on a regular basis to do the task.

Become informed

Learn about Alzheimer Disease and how it impacts on the family.

Provide a change of scenery

Plan an activity that gets the whole family out of the house. Make a reservation at a restaurant. Be sure to include the person with Alzheimer Disease, if the caregiver feels it is appropriate.

Learn to listen

Sometimes caregivers just need to talk with someone. Ask family members how they are doing and encourage them to share.

Take care of the caregiver

Caregivers need to eat well, exercise, and get enough rest so they can remain healthy. Encourage caregivers to take care of themselves.

Remember all family members

The person with Alzheimer Disease will appreciate your visits, even if unable to show it. Hold a hand, give a hug, and talk with the person the way you would want to be talked to.

Information provided by the Alzheimer Society

Newdale & District News

by Olive Waddell

Visiting Blanche English on Fri, Jan.14 were Doreen & Bill Chambers of Calgary, AB. Kyle, Karen & Grace McLean of Strathclair visited with Jean Irwin on Jan.16.

A sheet of ice for hockey enthusiasts or skaters, has been started off Harrison Street, directly behind the Municipal Office. Weather has turned colder, so this gives the youth a spot to use their energies.

Sun, Jan.17 theme message, hymns, scriptures were based on the "Call of Samuel and Nathanael". Rev. Hunter says today God calls us to be inclusive in the sense of accepting others and hearing God's message to us through people we wouldn't expect. The key is in "listening", not just with our ears but especially with our hearts."

The Men's Bonspiel started Thur, Jan.13-16 with 18 rinks in play, with Newdale hosting curlers from Sandy Lake, Basswood, Glossop, Minnedosa, Oak River, Shoal Lake, Strathclair. Serving a bounteous supper were the Newdale Ladies Curling Club.

The Early Birds held their 4th Whist Party of the season in the Drop-In-Centre on Jan.14, 2000. There were three tables of cards. Lady winners were: High-Eileen Bradley, 2nd Shirley Pederson, Travelling-Eileen Bradley. Men winners were: High-Gordon Waddell, 2nd Bill Zahaiko, Travelling-Bill Zahaiko. Lunch and a social time concluded the evening. Happy Gang met Wed, Jan.19.

Agriculture Report

Ag Report
by Neil Galbraith

Little Saskatchewan River Conservation District

As I have mentioned before this group, newly formed in 1999, is not just about the river or water. They are interested in the soil, vegetation, wildlife and any other resource that helps maintain the local landscape for future generations WHILE at the same time providing for the needs of today. Since farmers privately own the vast majority of the land, they are key people for many of the programs this group may want to do. The board of directors are looking for input from producers as to what areas or programs you would be most interested in. I have available a short survey they have developed asking you to rate certain ideas and room for your own suggestions. I feel it is very important for producers to take a little time and get your opinions known as the conservation district forms programs in your area.

Outstanding Young Farmer Program

I have information on this annual program. If you want to nominate anyone under the age of 40 for this award, contact the Ag. Office. The deadline for nominations is mid February.

Farm Income

How bad is the farm income situation? Net farm income is forecast to fall 72% this year. Only Alberta will show a positive figure. Manitoba is expected to have a negative 100 million in farm income. This is the lowest since 1961 and in constant dollars, the lowest since the Great Depression of the 1930's. The majority of that 100 million dollar loss will be in southwestern Manitoba which includes the Minnedosa area.

Basswood News

by Zelda Firby

Deepest sympathy is extended to Clara Blackwood, family and relatives in the recent passing of George Blackwood.

Jack & Susan Manns of Saskatoon, SK were recent visitors with Bob & Gwen Manns. Bob & Jack curled in the Brandon Seniors Bonspiel.

Ray Ogibowski returned home Jan.12 after spending a few days with Terry & Dawn McMillian and boys in Calgary.

The rink of Tom Vint, Don Hay, Bob Manns & Marlin Firby curled in the Newdale Men's bonspiel on the weekend.

Eric Bailey & his teammates played in the Rural Tournament of Champions on the weekend in M'dsa. The team lost out in the championship game.

1998-99 CPP annual report suggests plan financially sound

OTTAWA, ONTARIO - The Canada Pension Plan (CPP) Annual Report for 1998-99, which was tabled today, clearly shows the extent to which Canadians benefit from the CPP. During the 1998-99 fiscal year, it provided more than 3.4 million people with $18.2 billion in retirement pensions, disability and survivors benefits, and benefits for dependent children.

The Annual Report also confirms the results of the last Actuarial Report on the Canada Pension Plan, produced in December 1998 by the Chief Actuary of the CPP, which found the Plan to be financially sound, now and for the future. A panel of three independent actuaries supported this finding. Federal and provincial finance ministers reached the same conclusion last month when they completed their first formal review of the Plan's financial state since important changes came into effect in January 1998.

"Canadians depend on the benefits the Canada Pension Plan provides," said Finance Minister Paul Martin. "The evidence, including the 1998-99 CPP Annual Report, indicates that the changes put in place two years ago to sustain the CPP are working. This means that Canadians can continue to count on strong public pensions."

The 1998-99 Annual Report contains information on the CPP fund, including the investment policy. In addition, the Report explains in considerable detail the services that the CPP provides.

"We are continuing to improve service to Canadians," noted Minister of Human Resources Development Canada, Jane Stewart. "In fact, the 1998 Citizens First Survey, conducted by the Canadian Centre for Management Development, found that Canadians in general are very satisfied with the service they receive from the CPP, characterizing it as timely, competent, courteous and fair. Further, people looking for information said it was easily obtained."

Highlights from the report include the following:

* The CPP is one of the least expensive pension plans to administer. Administrative expenses represented 1.67% of the benefits paid, compared to an average of 5% for large private-sector pension plans.
* The CPP is fully portable and benefits are protected against inflation.
* This year about 2.7 million CPP Statements of Contributions were mailed to Canadians between the ages of 18 and 29. Last year 2.1 million statements were sent to Canadians aged 30 to 39 and 50 to 59.
* CPP systems are Year 2000 ready. This goal was achieved in the fall of 1998, and Canadians will continue to receive their benefits without interruption.

The 1998-99 CPP Annual Report is available on the Income Security Programs Internet website at www.hrdc-drhc.gc.ca/isp or by calling Human Resources Development Canada's Public Inquiries Centre at (819) 994-6313.

The power of a consolidated RRSP

Are you finding it difficult to manage your retirement investments because they're with a host of financial institutions?

Then it's time to simplify your retirement planning by consolidating your Registered Retirement Savings Plans (RRSPs) at one financial institution. By consolidating, you'll find it easier to track your holdings, plan your investment strategy and make your retirement plan contribution.

One way to consolidate is through a self-directed RRSP. This provides you with an "umbrella" under which a variety of investments can be held - such as mutual funds, equities, bonds and Guaranteed Investment Certificates (GICs). In most cases you'll be able to keep your RRSP at a single financial institution, but still hold investments offered by other organizations.

There are many benefits to consolidating an RRSP, including:

Simplified record keeping. Instead of receiving several financial statements from many financial institutions, you'll receive regular statements and one set of tax reporting documents from just one source. It will be far easier to calculate how much you've invested and monitor renewals for term investments such as GICs when all your records are on the same statement.

Higher rates. You may qualify for more attractive investment rates. For example, some GICs pay higher rates on larger amounts.

Ease of contribution. When it's time to make your annual RRSP contribution it's a one-stop process - even if you want to invest in a variety of securities.

Simpler conversion to a RRIF. If you're approaching retirement age and plan to convert your RRSP to a Registered Retirement Income Fund (RRIF), it's easier to deal with just one financial institution than several.

You don't have to consolidate your RRSPs into a self-directed plan, because not everybody needs a self-directed RRSP. If your investments are straightforward, you may be able to consolidate your RRSP investments by transferring holdings from the variety of institutions and reinvesting them at a single institution. When doing this be sure these investments suit your goals.

Keep in mind that consolidation can take time. The process of transferring RRSP investments from one institution to another can take weeks, and may be dependent on maturity dates if locked-in investments are involved.

Your financial advisor can help you make your RRSP consolidation as beneficial as possible.

Moore Park News

by Carmin Grasby

It's a little bit late now to be putting everyone's Christmas news in the paper, so I'll just say Mel & I had everyone home for Christmas and New Years. We had an enjoyable time. I understand Jake & Erica Horder had all their children and their families home for the holidays. I hope everyone else had a great time at Christmas and New Years. All the best in the Year 2000.

We are working hard on the project for pictures to put up in the hall. We have had some major challenges putting names to some of the faces, but if nothing else it stirred up a lot of memories for a lot of people. We got a picture of the Merner family who lived here years ago. The only thing is, no one seems to be able to agree on what it was exactly that Mr. Merner did here for an occupation-any guesses? Let me know.

How does everyone like our deep freeze weather? After such a warm Christmas, I know this cold weather is the norm but for my liking it could have just stayed abnormally warm.

- Have a valid driver's license and access to a vehicle

Duration of position: Approximately 15 weeks
Remuneration: $7.19 per hour

Please mail resume, complete with 3 references to:
MYJC Selection Committee
c/o Kinsmen Club of Minnedosa,
Box 1187, Minnedosa, MB, ROJ 1E0. 46-2
Application Deadline: February 4, 2000

It's the little things that can keep you warm

Check your wallet. If you would like to save enough for lunch for two, keep warm for less with these low cost and no cost tips from Manitoba Hydro.

Romantically speaking, there's nothing like a roaring fire in the fireplace. Economically speaking, there's nothing like a roaring fire to send your heating bill through the roof. A fire pulls heated air from all parts of your home and sends it up the chimney. Adding a set of glass doors can stop heated air in the living space from escaping after the fire has gone out. A fireplace damper that's left open when there's no fire lets the same amount of heated air escape as a wide open large window.

Stop the flow of air throughout the house by closing off areas that aren't being used and draping a door snake across the bottom of doorways. Check the placement of your furniture to make sure vents, registers and radiators aren't blocked. Maximize the benefits of solar heat by keeping draperies open during the day and closed at sunset.

Save a few dollars by lowering the temperature on your hot water tank, installing a low flow showerhead and choosing the cold water wash in the laundry room.

Have your furnace filters been replaced recently? New filters will save energy and reduce the dust in your home. In the winter, change them once a month. Electronic air filters should be serviced and cleaned as recommended by the manufacturer. Keep the motor fan blades clean. Dirt on the fan blades reduces their air moving capacity. Remember, before doing any maintenance ALWAYS disconnect the electrical power to the system.

TCS Topics

The Council For Exceptional Children and TCS Parent Advisory Council are co-sponsoring a presentation for the public called Planting the Seeds of Self-Esteem. The presenter, Doon Wilkins, uses humour and talks about Love and Laughter, and building self-esteem. For more information see the ad in this week's Tribune.

Our milk prices at the school have gone up from 50 to 55 cents starting Monday January 24, 2000. Students who buy milk receive scratch tickets and have their names put in for prizes each month.

Our Junior High students had a great two days out on the ski slopes at Ski Valley. The weather was perfect on Tuesday and Thursday started out a little cold but turned into a great day. A big bouquet to all the crew out at Ski Valley for their hospitality and professional instruction. Five staff members from TCS also provided instruction for the students.

Junior High basketball teams are currently practicing in preparation for their divisional tournaments. Mr. Harvey and Mr. Lawson coach the boy's team and Mrs. Dowsett and Ms. Paulsen coach the girl's team.

Grade two teachers, Mrs. Tegg and Mrs. Lawson will be taking their students on a trip soon to warmer climates. They are sick of these cold days so the classes are changing things for a day. They will be enjoying a day in the sun, sunbathing, dancing, and relaxing. A letter has been sent home with the details.

SPORTS NEWS

Minnedosa Bombers Atom Major

Dec.15 in Brandon for league play against the Brandon 10A team. Close game but lost 3-2. Shane Jury 1G, Kevin Dexter 1G, Michael Coutts 1A, Thomas Birch 1A. Dec.18-19 in Neepawa for a 2 day tournament. 1st game against Souris, we suffered a loss of 7-3. Nicholas Krutkewich 1G, Rob Wozney 1G, 1A, Shane Jury 1G. 2nd game against Carberry, tough match and lost 10-2. Kevin Dexter 1G, 1A, Shane Jury 1G. This loss put us in the consolation final against St. Johns Ravencourt, the boys played some real good hockey and won 7-2. Thomas Birch 2G,1A, Brenden Brown 2G, Cody Pollon 1G, Kevin Dexter 1G, Shane Jury 1G, Andrew Richards 3A, Michael Coutts 1A, Nick Krutkewich 1A, Rob Wozney 2A. Dec.23 in Cardale for league play against Tri-Town, 7-4 win. Shane Jury 2G, Cody Pollon 1G, Andrew Richards 1G, Nicholas Krutkewich 1G, 1A, Kevin Dexter 1G, Rob Wozney 1G, Thomas Birch 1A, Brenden Brown 1A. Goaltenders were Kyle Moffatt and Matthew Wahoski, keep up the good work guys. Jan.6-9 in Oak River for the Rural Tournament of Champions. 2 games were won and the critical 1 was lost. Jan.15 in Neepawa for league play, 5-1 for Neepawa. Our goal was scored by Thomas Birch and assisted by Brandi Pollon.

Atom 10's

Jan.15 in Neepawa for 2 back to back games. 1st against the combined Neepawa, Minnedosa girl's team and then facing the Neepawa boys 10's. The bombers won both games, against the girls 5-0, against the boys 13-1. Scoring over both games is as follows: Brook Bayes 7G, Kyle Morrissete 5G, Cindy Lukianchuk 3G, Joseph Olenick 2G and Devin Vaughn 1G, Joseph Olenick 4A, Michael Brown & Kyle 3A each, Meagan Smith 2A, Lauren Galbraith 2A, Cindy 2A, Brad George 2A, Devin & Brook 1A each. A good couple of shutout games for goalie Ternell Luhowy. Coached by Neil Galbraith & Chris Brown, Managed by Cory Luhowy.

Squirts

Jan.16 combined kids from Team 1, 2 & 3 went to Hamiota for a tournament. 1st game Russell came out on top 14-3. A great team effort by everyone. David Thomson, Dylan Huntinghawk, 1G each. Kendra Crooks, Eric Holmesacourt & Andrew Dixon assisting. Goalies were Eric Holmesacourt, Jason Galbraith & Chad Robinson. 2nd game against Rivers on the B side. M'dsa won a great game 8-4. Goals made by Brandon Mansell, Chad Robinson, David Thomson, Dylan Huntinghawk. Assists by Kendra Crooks & David Thomson. Goalies were Dylan Huntinghawk, Andrew Dixon, Fikira Gaibraith. Way to go team! Each player took home a shiny medal.

Major Pee Wee

M'dsa Major Pee Wee's played in the Rural Tournament of Champions hosted by M'dsa Jan.13-16th. 12 teams participating in the event, M'dsa made it to the A side final on Sun against Ste. Anne. Ste. Anne took the win 5-0. Keith Horner, goalie was chosen Game Star for his efforts. 1st game on Fri. against Holland ended in a 4-4 tie. Brad Lewis was chosen as M'dsa's Game Star. 2nd game on Sat. was against Boissevain, M'dsa took the win with a score of 12-0. Derrick Chapman was selected Game Star. This game enabled M'dsa to advance as the first place team in their group of 3, putting them up against Shoal Lake/Strathclair Sat. Evening. M'dsa won the game 8-2. Dean Holmes was the Star of the game. A side semi-final was played against Holland, 4-3 win for M'dsa. Dean Holmes scored the winning goal and was again chosen Game Star for his efforts. After the final presentations were made to both teams, an All Star team from the Tournament was announced. Hats off to Shane Morgan who was chosen as an All Star defenseman for his consistent strong play during the tournament. Our congratulations also go out to the whole M'dsa team for their excellent behavior and sportsmanship, to the coaches Gerald Boyd and Wayne Workman for their leadership, to the trainer Jon Lewis for dealing with all the bumps and bruises, and especially to our manager David Bailey and the M'dsa Minor Board for organizing and running the Tournament.

Novice Major 9's

The Novice Majors played in 2 tournaments over the past 2 weekends. Jan. 8 & 9 in Neepawa and played 4 games sporting a 2 & 2 record. On Saturday they lost their 1st game to Gladstone 5-3. Scoring were Brett McNabb 2G, 1A and Sam Parish 1G. 2nd game against MacGregor which the team won 4-2. Scoring were Brendan Taylor 2G, Ryan Galbraith & Jonathan Cahill 1G each. Brett McNabb 1A. Brook Moffat a call up from the 7's did an excellent job in net. Sunday against Neepawa, M'dsa took the win 8-5. Scoring were Brendan Taylor 3G, 1A, Ryan Galbraith & Michael Birch 2G each and Brett McNabb 1G. Also with assists were Michael Birch & Mac Ross. Jonathan Cahill did a fine job in net. 2nd game on Sunday against Neepawa, M'dsa was defeated 8-3. Scoring were Brendan Taylor, Brett McNabb & Haydn Donahoe with an assist going to Sam Parish. Digger awards for the weekend went to Brook Moffat, Michael Birch, Jonathan Cahill and Mac Ross for each game. In Kenton tournament, 1st game against Virden, M'dsa won 2-1. Scoring were Sam Parish & Ryan Galbraith, Mac Ross & Michael Birch assisting. 2nd game against Tri-town, M'dsa defeated 4-1. Scoring was Haydn Donahoe 1G, Brett McNabb 1A. Cory Butler in net.

Midget Girls

The girls traveled to Rivers Jan.15 to participate in the Brandon Midget girls tournament. 1st game against MacGregor midgets, M'dsa with a 12-0 win. Scoring was as follows: Sherrie White 3G, 4A, Jami Boyd 3G, 2A, Lisa LeBoutillier 2G, 3A, Carrie White 2G, Danica Wotton 1G, 2A, Leslie McNabb 2A, Lindsay Lewis, Carmen McNabb & Tia Willis 1A each. The shutout was earned by Amanda Workman. 2nd game the girls defeated Hamiota 4-2 to win the tournament and bring home the 3 foot trophy. Scoring came from Sherrie White, Jami Boyd, Carrie White and Tia Willis. Assists went to Leslie McNabb, Brenda Dowsett & Lindsay Lewis. Wendy Nylen played the 2nd game in net. Sunday the girls continued their un-defeated streak in league play with a 4-0 win in Gilbert Plains against Parkland Panthers. Leading the way were Amanda Workman & Wendy Nylen who shared the shutout. Scoring was provided by Jami Boyd, Carrie White, Sherrie White and Hilary Foord. Assists went to Lisa LeBoutillier, Carmen McNabb and Jami Boyd.

Bowling continued on Page 14

Bombers victorious over Hamiota

Rapid City News

By Grace Fearnley

Fifteen seniors turned out to bowl Monday, January 17, at Minnedosa. Ethel Westwood took home the Head Pin and the trophy winners were Lily Anderson and Earl Wilkinson.

There were seven tables in play at the Seniors Whist drive held Monday evening at the Centre. Ladies winners were Bernice McTavish and Ethel Black (a tie) and low, Ann Wright. Hugh Wright and Doug Reed were winners for the men. Rena Cornish and John Fearnley won the traveling prizes.

Thelma Anderson returned Saturday evening from a week spent at the home of her daughter, Lynda, and son-in-law, Kim Slack, and grandchildren, Justin and Kate at Regina.

The Senior birthday celebration was held Tuesday afternoon, January 18th, at the Centre. Laurence Turton conducted several lively games of card bingo, which was followed by the serving of angel food cake and ice cream. The birthday song was sung to the three celebrants, Lily Anderson, Alice Kemp, and Molly MacDonald.

Morley Cornish and Ken Hyndman are representing the local Lions Club on their "Journey for Sight". Morley phoned home Tuesday evening, and they had a good run from Snow Lake to Flin Flon. They expected to be home in Rapid City by Saturday, and finished completely by Sunday.

Rev. Boyd Drake welcomed Kevin and Sandy Holmes and their children Dustin, and Shawnee, Sunday afternoon, January 16th, to Rapid City United Church. Sandy is Dick and Gladys Fast's daughter. The Holmes family have recently returned from two years serving as Missionaries in Cypress with the Mid East Christian outreach. Kevin and Sandy gave a presentation of their work, and were dressed in the traditional attire of the country. They showed beautiful slides as well as a video that Kevin had made, and gave an interesting and enlightening talk on their life and works in that part of the world. Dustin and Shawnee sang in Greek and Sandy sang a beautiful solo. There were many pictures and pamphlets on display for viewing. Refreshments were served and the guests mingled with those in attendance, asking questions, etc. It was a very pleasant Sunday afternoon.

Henry and Heather Smith had their son David and Kim and friends Mai-ling and Gretchen home for the weekend. David is teaching at Manigatogan and the girls live at Dallas, Texas. Philip of Brandon and his friend Lila were also home during the weekend. The girls did enjoy the snowy winter weather.

Rapid City 4-H Beef Club News

The Rapid City 4-H Beef Club held their first meeting of the millennium on January 11, 2000. All members were in attendance. The meeting began with Angie Brackenreed leading with the pledge.

After the minutes and treasurers reports were given, old business was discussed. New business consisted of two rinks being needed for the Ag Bonspiel coming up. It was decided to apply to Cattlex for sponsorship in the highest gaining steer at Achievement as well as for free Raigro through Manitoba 4-H Council.

Speeches were discussed and it was decided that our club communications be held Feb. 29th at the school. We will have two rooms again and 4 judges. Names were suggested and some members are to ask them. We will buy a token of appreciation for them.

Our own curling bonspiel was discussed and members were asked to canvas for prizes. It was asked that we try and get our prizes gathered before Jan. 24th. We decided to invite outside rinks from Basswood Pony, Rapid City Variety, Minnedosa Multi, Erickson and Forrest Home-Ec.

Budget sheets were to be done and handed in to be marked by our Ag Rep, Neil Galbraith.

Next meeting will be February 8, 2000.

First Nation Casino project releases request for proposals

Last Wednesday, the selection committee overseeing the Manitoba First Nations Casino Project released the Request For Proposal (RFP) to solicit proposals from Manitoba First Nations interested in developing casino facility projects as economic development initiatives.

The RFP process will be led by the Manitoba First Nations Casino Project Selection Committee, comprising Martin Freedman QC and Ron Nadeau, which was announced in December.

The provincial government and the Assembly of Manitoba Chiefs have worked with the selection committee in defining a process to ensure that First Nations casinos create social and economic benefits for the communities and operate within the province's legislative and regulatory requirements.

Up to five First Nation destination casino proposals may be approved by the selection committee. Proposals will be evaluated according to their ability to meet selection criteria as set out in the RFP. Key criteria include a sound business plan, demonstrable community support and the ability to provide benefits to the host community, surrounding communities and to all Manitoba First Nations people.

The selection committee relied on the 1997 First Nations Gaming Policy Review (Bostrom Report) as a foundation and guide for the criteria set out in the RFP. The timelines for the RFP are as follows:

- Jan. 19 – public release of Request for Proposal (RFP)
- Feb. 21 – request for information or clarification
- March 17 – responses to requests for information and clarification
- March 31 – proposal submission deadline
- May 31 – completion of review and recommendations by selection committee

A copy of the RFP will be mailed to all Manitoba First Nations and Tribal councils.

A copy of the Request for Proposals may be obtained by submitting a written request by mail or fax to:

First Nations Casino Project 1508 - 155 Carlton St. Winnipeg, MB R3C 3H3
Fax: (204) 948-4692

Attention: Selection Committee c/o Elizabeth Stephenson

Former Minnedosan returns to his roots

Former Minnedosa resident, Hugh Hutton, returned with his wife Dorathy, and their daughter Mrs. Susan Keyes, for a weekend visit to the community.

Mr. Hutton was born in Minnedosa 82 years ago and was raised along with his five siblings by his mother after his father's death during the flu epidemic of 1918. Hugh left home in his teens and worked initially in the lumber camps in Riding Mountain National Park, and then wherever work could be found. The year before joining the army in 1940, he worked for Gord Merriman of Neepawa, hauling asphalt for the paving of #10 highway.

During World War II, and the Korean Conflict, Hugh served with distinction in the Canadian Army. Hugh and Dorathy attended the Dieppe Veteran's reunion in France in 1992 for the 50th Anniversary of the raid. They also attended the Dieppe Veterans and Prisoners of War Association reunion held bi-annually.

In 1943 Hugh returned to Canada and was able to visit his mother in Minnedosa before going to Brockville to earn his commission. Hugh returned again in 1946 and married Dorathy in October of that year.

While in Minnedosa the Huttons toured the community visiting with much interest the family home on Tilson Street where Mother raised Hugh, his two sisters, Martha and Jean, and his three brothers, Wally, Bill and John. The current owners, Mr. and Mrs. Shorrock graciously invited them to see the changes they had made to the home. They also enjoyed seeing the Minnedosa Bakery, a business once owned by the Hutton family and called Hutton's Bakery and Confectionary.

Today, Hugh and Dorothy live in Oakville, Ontario and vacation annually in their winter home in Sarasota, Florida.

Hugh can be reached by former classmates and neighbours at 2097 Saxon Road, Oakville, Ontario, L6L 2V1.

Exam time at MCI

A number of Minnedosa Collegiate students were in exam mode last week, with Provincial English and Math exams looming over many students.

Mrs. Taylor's Senior 1 English students are pictured plowing through their Provincial exam. The exam, which is worth 30% of the students' final marks, will be marked locally. The Senior 4 Math and English exams, also worth 30% of the final grade, will be centrally marked in Winnipeg.

Exams continue for Senior 1 to 3 all this week.

WeatherQuiz Today's Topic: Wind Speed

1) Which one of the following things is used to measure wind speeds?
○ The Brady Scale ○ The Bixby Scale
○ The Beaufort Scale ○ The Bart Scale

PART-TIME SECRETARY-TREASURER (TERM POSITION)

The newly formed Tanner's Crossing Planning District requires the services of a part-time secretary-treasurer on a term basis.

The duties of the secretary-treasurer will generally be as follows:

- To attend all meetings of the District Planning Board (typically one or two evening meetings per month)
- To prepare minutes of the meetings.
- To maintain all financial records of the Planning District (a financial ledger with a low volume of transactions)
- To prepare miscellaneous items of correspondence

The hours of work and the location of the workplace are considered to be flexible, during the initial year of this Planning District.

Interested persons should submit a letter of application, including a summary of qualifications and experience, along with expected rate of payment to Mr. Brian Skatch at the office of the R.M. of Minto, 49 Main Street in Minnedosa before 4:30 p.m. on Thursday, January 27, 2000. 44-2

In Memoriam

Melnyk - In loving memory of my husband, father & grandfather William who left us January 29, 1993.
This day is remembered and quietly kept
No words are needed, we shall never forget
Forever loved and remembered by wife Mary and family. x (C6)

Fedorkie - In loving memory of our parents who passed away: Peter January 2, 1946, Dora January 30, 1972.
Without farewell they fell asleep
Leaving only memories for us to keep
But in our hearts they will always stay
Lovingly remembered by the family. x (C6)

Oman - In loving memory of our wife, mother and grandmother Ellen who left us on January 25, 1998 for eternal rest.
Sometimes as I look about, I expect you to be standing here before me.
Smiling, talking and loving, the way you used to be.
But, then I remember, one night you closed your eyes and then you were gone.
To be with God beyond the light of morning's early dawn.
I remember with great sadness of how much I still miss you.
And that wherever you are, you are thinking of me too.
Everyday I wish that we could be together again,
And deep in my heart I know that day will come when we can.
So, until the day comes that our paths do touch,
Always remember that I love and miss you to very much.
Love Granddaughter Erin. Also lovingly missed and remembered by husband, John, children, Forrest (Nellie), Gary (Louise) and Louise (Adam) and grandchildren. x (C6)

Jack Morris - In loving memory of grandfather & great grandfather, Pa Jack who passed away January 28, 1998.
Remembering you is easy.
We do it every day.
Missing you is the hardest part.
That never goes away.
Love Nina, Gerry, great grandchildren Jonathan, Gary & Shannon. 46-2x (C6)

In Memoriam

Hutton - In loving memory of our parents. Sam who passed away on January 29th, 1989 and Clara who left us on March 2nd, 1980.
There will always be a heartache
And many a silent tear,
But always precious memories
Of the days when you were here.
You never failed to do your best
Your heart was true and tender
You lived your life for those you loved
And those you loved remember.
Sadly missed - Your Family. x (C6)

Card of Thanks

The family of the late George Blackwood wishes to extend their sincere and heartfilled thanks to all who visited, phoned, sent cards, flowers, food and memorial contributions in the recent passing of George. We also extend our thanks to the doctors and nurses at the Minnedosa Hospital for all their care given to Dad during his stay. We also thank Pastor Hall and the United Church ladies for their help and assistance. We also thank Sparrow's Funeral Chapel for their assistance in all the arrangements.

The family sends a special thanks to Jimmy & Eva Morton for their assistance, love, and for being there when we needed them the most.

We also thank all those who braved the cold temperature and attended the graveside service. All your kindness will be always remembered. Clara Blackwood, Sheila Stevenson, Shirley Slashinsky and families. x (C3)

Many thanks to all the staff, doctors and nurses at the Minnedosa Hospital who looked after me so well. The food was good and the care was so nice. God bless you all for just being there for me. Marjorie Hopkins. x (C3)

We wish to extend our love and appreciation for the many kindesses shown our family at the time of the death of our Mom and Grandma, Mildred Vint. We will always remember the multitude of kind words and deeds, showing your respect for Mom, and your support for us. It makes us realize how richly blessed we are to live in a community surrounded by so many caring folk. Our most sincere thanks. Tom and Linda Vint, Sean and Leah and family. x (C3)

We would like to send a sincere thank you to Pastor Gibbs for the service, soloist Pam Ryznar, pianist Val Wickdal and the Cherry Chirpers for the lovely lunch. Thank you to our friends & family for the flowers, food, cards, phone calls and visits that we received after the passing of our dear mother & grandmother Ruth Holmes. Your kindness was greatly appreciated and will never be forgotten. The Holmes Family. x (C3)

We would like to thank Dr. Onyshko, nurses and staff of Minnedosa & District Hospital for their care and attention during our hospital stay. Special thanks to family and friends for flowers, gifts and well wishes in the hospital and after returning home. Krista, Dallas and Jayden. x (C3)

Obituary

John Robert Boyd

John Robert Boyd, beloved husband of Kay Boyd, who lived in Suite #1 at the Legion Gardens in Minnedosa, MB., passed away peacefully after a long stay at the Minnedosa Hospital. John was born on July 25, 1912, the oldest son of John and Lillian Boyd. John was educated in Bethany School and started farming at an early age. He enlisted in the Army and after a bout of meningitis, John lost his hearing and was honourably discharged. In Minnedosa, on July 14, 1944, he married Kay Pickens from North Springfield, MB. They resided in the Bethany District until August/99, at which point they moved to the Legion Gardens in Minnedosa.

Farming was his occupation but his family was his life. He was predeceased by his parents, two infant brothers (Basil and Murray), two infant daughters, brother's Andy and Norman and sisters Violet Hartevelt, Verna Leigh. John is survived by his loving wife Kay, children Raymond Gary (Louise), Richard John (Linda), Thelma Catherine (Evan) and Dwight Charles (Michelle) and one sister, Orma Goodman of Victoria, BC. He also has 14 grandchildren, four great grandchildren, numerous nieces and nephews and in-laws. A Legion Honour Guard graveside service was held Monday, January 17, 2000 at Boyd Cemetery at Bethany, followed by a memorial service at Sparrow Funeral Chapel. In lieu of flowers, donations may be made to the Boyd Cemetery at Bethany. Robert Boyd (grandson) carried the Urn.

Levy for tractor tires in the works

An environmental levy may soon be collected on tires for farm tractors, front end loaders and other agricultural and industrial equipment. The levy would be used to fund the recycling of these large tires, referred to as off-the road tires (OTR's)

The levy would be collected by tire retailers and equipment dealers on behalf of the Manitoba Tire Stewardship Board. Besides being collected on new replacement tires, the levy would also apply to tires sold as part of new equipment. The amount of the levy would be based on tire size.

Since 1994, a three-dollar levy has been collected on passenger car tires and other light tires. The funds help finance the cost of handling, processing and recycling the tires. Less than 15% of Manitoba's scrap tires are burned as fuel. There is a much greater emphasis being placed on value-added uses of scrap tires. Many truck tires are cut up and recycled into a number of useful products such as blasting mats and traffic cone collars. Others are shredded and used in engineering applications such as road beds in boggy areas.

Scrap tires also ground into rubber crumb and used for products such as livestock stall pads, truck box liners and patio blocks. The field hockey field at the recent Pan Am Games in Winnipeg has a base layer of rubber crumb placed underneath the AstroTurf covering. It got rave reviews from players and coaches alike.

The size and bulk of most OTR's make them difficult to manage. An OTR can weigh several hundred pounds, the equivalent of several dozen passenger car tires. It costs an estimated 30 to 35 dollars to load, transport and shear an OTR into smaller, more manageable pieces for further processing.

In the past, the Manitoba Tire Stewardship Board has financed the recycling of thousands of OTR's but did not receive sufficient levy funds to handle all GTR's. While the OTR's are still being removed from landfills, most are being stored by processors. The Board estimates that there is well in excess of 8 million pounds of rubber in OTR's currently in storage in Manitoba - the equivalent of 400,000 passenger tires!

If a viable method of recycling them can be found, a new, valuable source of rubber will become available to processors, and the tires will be removed from the environment.

The Board feels that there should be an even playing field for all tires and that this situation must be addressed. The new levy would be enacted through the Tire Stewardship Regulation under Manitoba's Waste Reduction and Prevention Act. The proposal is awaiting consideration by the Manitoba Legislature. If all goes well, the Regulation, and associated tire levy could take effect before next spring.

THE RURAL MUNICIPALITY OF PARK
UNDER THE PLANNING ACT
NOTICE OF PUBLIC MEETING

REGARDING BY-LAW NO.1193
A ZONING BY-LAW AMENDMENT

The Council of the Rural Municipality of Park under the authority of the Planning Act, will hold a Public Meeting in the Council Chambers of the Rural Municipality of Park Administration Building, on Gateway Street, at Onanole, Manitoba, on February 28, 2000, at 1:00 p.m., at which time and place the Council will receive representations and objections from any persons who wish to make them in respect to By-Law No. 1193, to amend the Rural Municipality of Park Zoning By-Law No. 700 as amended. A copy of the above mentioned amending By-Law No. 1193 of the Rural Municipality of Park and supporting material may be inspected by any person between the hours of 8:30 a.m. to 12:00 noon, and 1:00 p.m. to 4:30 p.m., Monday to Friday at the Rural Municipality of Park Administration Office.

INTENT:

To rezone the area described below from "CC" Central Commercial Zone to "R" Residential Zone.

An area of land located in the hamlet of Onanole, on the east side of Circle Drive, more particularly described as being Lots 11 and 12, Plan No.672, Neepawa Land Titles Office, in Manitoba, as shown outlined in a heavy bold line on the map attached to the by-law and marked Schedule "A".

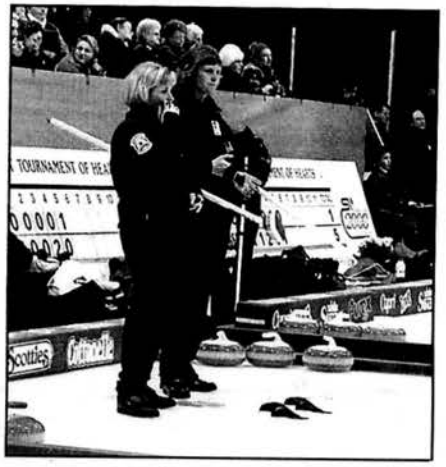
1883 ~ THE OLDEST WEEKLY NEWSPAPER IN THE CANADIAN WEST ~ 2000

Local Curler Rocks at Heart Tourney



Minnedosa curler, Gerri Cooke, was once again in the forefront of the competition during last week's provincial Scott Tournament of Hearts, held in Neepawa January 27-30.

Entering the tourney on a winning mode, her team - with veteran Skip, Lois Fowler; Lisa Roy (second); and Lana Watson (lead); were ranked among the hot rinks vying for their chance at the nationals. A couple of weeks prior to the Scott event, Cooke and rink won their berth at the MLCA Bonspiel with just one defeat.

After the initial jitters, the first match-up last Thursday afternoon saw Cooke and rink blow Patti Wuthrich out of the water scoring three in the 5th end to move ahead 5-2 with an open draw. "That (draw) worked out good," said Gerri Cooke. "Lori (Boudreau) had a couple of real good ticks so I thought we'd be in a little bit of trouble, but we were just lucky that Patti (Wuthrich) was a little off with her weight and jammed it in so we ended up with an open draw." The final was 9-2.

Cooke, who has been at the tourney no less than a dozen times, was confident with her team's play. "We played well but we did have a couple of flashes - which was just a miscommunication with the ice and the weight but Lois (Fowler) has her down now," noted Cooke. The team was pumped and felt that they could compete with anyone.

The outlook changed slightly Thursday evening with a 9-5 loss against the Marnie Ross rink of St. Vital but by Friday afternoon, Cooke's rink had defeated Maureen Bonar soundly with a 9-3 tromping after 7. Friday night, the Fowler foursome beat last year's finalist, Shauna Streich, 12-5.

Saturday morning's game meant the end of the line for the Fowler rink when they were narrowly defeated, 9-8 by the Janet Harvey rink.

Town and R.M.'s to hold farm meeting

By Nancy Chemerika

The Town of Minnedosa, together with the R.M.'s of Minto and Odanah, will be co-hosting a meeting to discuss short and long term solutions to the current agricultural crisis.

One of the primary focuses of the meeting will be the Income Assurance Program, developed by Rexton area farmer, Murray Downing. Downing is touting the proposal as an alternative to Manitoba Crop Insurance. Downing's proposal includes a number of priorities including keeping the family farm a reality, better farming practices and income assurance based on bushel coverage. One of the highlights of the plan is that inflation costs have been factored in. The proposal also promotes comparing individual yields to municipal yields for coverage purposes.

Debbie Kooting, a Rapid City area producer, will be speaking at the meeting to discuss the current agriculture crisis resulting from the excessive moisture of 1999. Government officials including Rick Borotsik MP, Inky Mark MP, Premier Gary Doer, Gary Filmon, Leader of the Opposition, Liberal Leader Jon Gerrard, and Provincial Agriculture Minister Rosann Wowchuk, have also been invited to attend.

"The primary focus of the meeting will be to study, evaluate, and discuss the Income Assurance Program," explained Mayor Terry Drebit. "It is also important to note that this is not just a farming crisis. This situation affects all of us in Towns, Villages and Cities. We are dealing with two situations in the Minnedosa Area - an unseasonably wet spring, and low commodity pricing."

Chamber elects new executive

Barb Cook, Dave Mansell, Pat Graham

By Nancy Chemerika

A new executive was elected at the Minnedosa Chamber of Commerce Annual General Meeting last Wednesday evening.

Dave Mansell is the new president, Barb Cook, vice-president, Pat Graham will act as secretary treasurer, and John Mendrikis is now past president.

According to Mr. Mansell, the goal of the Minnedosa Chamber of Commerce will be to continue to increase membership. There is currently a membership that includes 82 businesses.

"It is beneficial for businesses to join the Chamber of Commerce," stated Mansell. "If there are problems, a solution will come easier from a group. A strong chamber creates a strong voice in the community."

"We hope to continue to work with Council to improve communication and to provide amenities for the townspeople," stated Mansell. The Chamber will also continue to offer community activities such as Santa Day and Christmas in the Park.

Big Brothers and Sisters need board members

Big Brothers and Sisters of Minnedosa are currently in need of additional board members.

Currently, four offices are filled but general board members are needed for the non profit organization. Being a board member for Big Brothers and Sisters does not involve a large time commitment, all that is required is a commitment to the organization and to the community.

"We need additional citizens with a voice, new ideas and the willingness to give up about an hour or two a month, as well as some help with special events," stated Lisa Bartley, Big Brothers and Sisters, Minnedosa. "It can be a very rewarding experience, but the satisfaction you will get depends on what you bring to the organization," added Bartley, a teacher who has recently joined the board.

Big Brothers and Sisters has been in Minnedosa since 1984, and is a satellite organization of Bjg Brothers and Sisters of Brandon.

New board members are not required to be a big brother or sister first. All walks of life are welcome to become board members and Bartley noted that seniors would be a welcome addition to the board.

"I joined because we are directly affecting the youth of the community. There is a direct impact on the kids. Any money raised through fundraising activities goes right back into the local organization for the youth of this community. Also, as a teacher I see the benefits of the mentoring relationship," concluded Bartley.

Anyone interested in becoming a new board member can call 867-2969 or 867-3274.

Farmer's Meeting...

Continued from Page 1

Drebit added that because the future of agriculture affects so many people, everyone should attend the meeting to add their voice.

"I believe it is time for us to be heard. This crisis that affects us because of the wet spring should be treated no differently than other disasters like the Red River flood. The time has come for real Federal disaster assistance," stated Drebit. "We can't let one disastrous year wipe out one of our biggest business sectors. It is important to the Town of Minnedosa that we help these people."

Reeve of the R.M. of Odanah, Marion Sharpe, also feels that the meeting will be beneficial to the farming community.

"We are an agricultural community that is in the midst of a crisis. The R.M. of Odanah was one of the hardest hit. This meeting will be an excellent opportunity to acquire information," noted Mrs. Sharpe.

"It is an important issue," added Brian Skatch, Reeve of the R.M. of Minto. "It will be a good opportunity to gain information.

Can-Am Races sure to thrill

Jason Wark

By Nancy Chemerika

Jason Wark and Bryce Buchanon, Minnedosa, will be taking part in the Can-Am Sno-X races to be held in Minnedosa this weekend at the Minnedosa Agricultural Society grounds.

Wark and Buchanon raced competitively for the first time in 1999 when the Can-Am races were held in Minnedosa, and continued through the racing circuit to come back for a second year.

Wark finished the 1999 race season 5th in the overall point standings in the Sport 440 Class and 7th in the Sport Open Class. In 2000, Wark has raced in Thompson and is currently in 2nd place in the Sport 440.

"I love racing," stated Wark. "I've been snowmobiling since I was a kid. I could never get away from it. It's just a natural thing for me. I like the competition. You can only do so much trail riding before you get bored. Racing brings another level to the sport."

Wark races a 2000 Polaris straight from the factory in Minnesota. His main sponsors are Hyde Construction, M & M Autobody, Four Seasons Repair, and Randy's Tire.

Reg Delaloye, who along with his father Bob was instrumental in bringing Can-Am racing to Minnedosa, will be competing in the Semi Pro 440, Semi Pro 600 and Semi Pro Open Classes. In 1999, Delaloye ended up the Semi Pro 600 champion. He is currently in 2nd place in the 440 class.

Can-Am Race Coordinator, Laura Stuart was pleased with the organization and the track after the Minnedosa race.

"Minnedosa applied, and we didn't have a race in that corner of the province," stated Stuart. " We thought with the location of the track and what Minnedosa had to offer, it would turn out to be a good race, and it did. Reg and Bob Delaloye have been long time members of the Can-Am race circuit and we felt strongly that they would put on a good race. They know what the riders like to see. Everything went fabulously last year. The event was well organized, and in the end the Minnedosa race was voted Race of the Year by the drivers."

The Minnedosa race will be the second of the Can-Am circuit, and will be sponsored for a second year by the Minnedosa Agricultural Society.

Over 100 racers are expected to take part in the event. Registration for the event will take place at the Gateway Motel, Minnedosa.

Can-Am Sno-X Schedule of Events, February 5th, Minnedosa
Racing begins at 10:00 a.m.

- Sport Fan
- Masters (38 years & older)
- Pro 600
- Semi-Pro 600
- Junior Novice (10-13 years)
- Sport 600
- Semi-Pro 440
- Sport 440
- Pro Open
- Semi-Pro Fan
- Sport Open
- Junior 14-15/ Junior 16-17/Womens
- Semi-Pro Open
- Pro 440
- Last Chance Qualifiers

MINNEDOSA CREDIT UNION MEMBER NEWSLETTER

WELCOME BACK!!

We welcome Sylvia Firby back to the fold, fresh off maternity leave. Sylvia is our receptionist. In doing so, we also bid farewell to Jennifer Hatfield who was Sylvia's replacement from March to December.

RRSP's

Why do millions of Canadians invest in Registered Retirement Savings Plans every year? There are three reasons:
- RRSP contributions trigger immediate income tax savings
- Amounts held in an RRSP earn tax-deferred interest
- Building a retirement nest-egg brings peace of mind

February 29, 2000 is the last date to make RRSP contributions for deductions on your 1999 income tax return. But why wait? You already have the information you need to calculate your maximum deductible contribution. It is found on the 1999 Notice of Assessment you received from Revenue Canada last spring or summer. If you have misplaced it, your district taxation office provides this information through its tips computerized phone service.

SPOUSAL RRSP

Spousal RRSP's are often overlooked as a way of saving future taxes. If you expect that your spouse will have less income than you in retirement contribute to a spousal RRSP now instead of your own. The retirement income from a spousal RRSP will eventually be taxable to your spouse (at a lower tax rate) instead of you.

INDEX LINKED RRSP'S

The TSE 100 Index on the close of business on January 25, 2000 was 524.07. For those members that purchased our Index-Linked RRSP's in 1997, if you were to have locked in the rate at that time, the yield would be 6.89%. For those of you that purchased in 1998, the yield would be 2.93%.

EXTENDED HOURS FOR RRSP'S

Are you having trouble finding time to sit down and make logical decisions about your RRSP investments. By the time your work day is done, investment institutions and banks are closed!! MINNEDOSA CREDIT UNION has the solution. We are offering extended hours in February, to help take some of the strain off this very important decision.

Wednesday evenings in February from 6 p.m. to 9 p.m., our Mutual Fund sales representatives and a loans officer will be here to sit and discuss your investment needs. Just drop in or call Carol, Lori or Carole at 867-2781.

Our Telpay service gives you the opportunity to pay a wide range of your utility bills. Local bills include Heritage Co-op, Minnedosa Water, Sears, Star Choice and Westman Cable. An extensive list of companies is available from our member service representatives. Some service charges may apply.

Don't risk keeping your valuables at home: Safety Deposit Boxes are available for rent on a yearly basis.

ENTER TO WIN!!!!

Enter to win one of ten sets of the Special Edition Coins for 1999. Draw to be made February 14, 2000.

SHOPPING FOR A NEW HOME

MAKING THE RIGHT CHOICE

Most major purchases require planning in order to obtain the best value per dollar. The purchase of a new home may be the largest investment you make in your lifetime.

Some factors to consider when purchasing your new home are:
- Value
- Location
- Price Range
- Physical requirements

Think about these items before you begin looking.

Ask yourself questions such as:

LOCATION: What areas do we prefer? Should we spend some time driving around neighbourhoods first to determine which ones are right for us? Is the area appreciating or depreciating in value?

PRICE RANGE: What price range can we afford?

REQUIREMENTS: What do we require in our new home? How many bedrooms? A garage? Are we buying a home to meet today's needs or our needs in 3 to 5 years?

TRADEOFFS: What trade-offs are we willing to make? If we have to make a choice, which is more important, the location or the features of the home?

RESALE: Will the property be readily saleable if you are required to move?

ENERGY EFFICIENCY: Is the house energy efficient?

REPAIRS: Are there likely to be any more repairs required in the near future (such as electrical, plumbing, or roofing repairs). Does the home appear well built and structurally sound?

PROPERTY TAX: Is the property tax situation stable, or are tax increases likely to cause financial problems?

DRAINAGE PROBLEMS: Are there likely to be drainage problems in the spring?

As you can see, there are many things to consider before you actually set foot in any home. A knowledgeable real estate agent can be of real assistance in helping you answer these and many more questions. To find a good realtor, ask your friends for referrals etc. Select one that you trust and who will listen to your needs and understand your priorities that meet your price range and needs.

FINDING TIME TO PURCHASE RRSP'S!!

Minnedosa Credit Union Limited offers two solutions to help our members find time to purchase their RRSP's and to make some logical decisions about their RRSP's investment future.

Purchase your RRSP by phone every day just by calling our friendly staff at 867-2781.

OR

Wednesday evenings in February we will be open from 6-9 p.m. Our Mutual Fund representatives and a loans officer will be here to sit down and discuss your investment needs. Just drop in or call Carol, Lori, Carole, Terry, or Rhonda at 867-2781.

A Savings Pledge

Make saving a priority. That simple pledge is the basis for effective money management and the first step on the road to financial fitness. Saving does require some discipline. But the important thing to remember is that any amount, no matter how small, will be useful.

There are too many reasons to save to list them all. Getting some of the things you want out of life and providing peace of mind for your family are two that apply to almost everyone. Saving for your children's education is especially important nowadays. Putting money aside for emergencies and cushioning yourself for periodic cash-flow problems are also good reasons for saving.

Save Regularly

To manage your money effectively, make a pledge to save regularly. The best way to do this is to make saving a part of your household budget. If you don't budget now you should consider doing so.

When you draw up your monthly budget, the portion you plan to put aside for savings should be at the top of your list of expenses. Don't know how much to save? One rule of thumb is try saving 10% of your monthly take home pay.

Whether it is $50, $100 or more, stick to that figure every month and remove it from your pay cheque right away. That way you won't forget or let it slip away into one of your other expenses.

Many employers make it very easy to do this by making arrangements with financial institutions for pre-authorized deposits from employees. The amount of money specified by the employee is removed from his or her cheque and deposited directly into the employee's account. If your employer offers this option, you certainly should consider it. A pre-authorized deposit ensures regular savings.

Here is another useful tip to keep in mind when you budget. After you have accounted for all your expenses, is there money left over? Consider saving it, instead of spending it. That doesn't mean denying yourself and your family something that is really needed or some form of entertainment. It is simply a good way to make your savings grow steadily.

BEAT THE RUSH!! RRSP LOAN SALE!!

EVERY YEAR PEOPLE MAKE THEIR INVESTMENT DECISIONS AND CONTRIBUTE TO THEIR RRSP AT THE LAST MINUTE!
DON'T BE RUSHED INTO MAKING PLANS ABOUT YOUR RRSP'S!
TAKE THE TIME NOW TO COME IN AND TALK TO ONE OF OUR STAFF MEMBERS ABOUT WHAT PLAN BEST SUITS YOU.

Biotechnology in Agriculture

Guest Editorial by Neil Galbraith

The debate over the use of biotechnology in agriculture and ultimately food products has gained more public attention in recent months. This is good because a healthy public debate is needed whenever new technology is used in our food supply. However a debate that is dominated by one side or the other is not healthy. Unfortunately that is what has happened the past several months. National media sources that thrive on negative news devote more time to reports that alarm consumers about biotechnology than giving a balanced, unbiased report of the topic.

What is biotechnology? It is the combination of biology, the science of living things, and technology, the tools and processes used to make products. Agriculture biotechnology works with the biology of plants and animals to make new food products. Mother Nature has been practising this on her own long before humans learned how to do it. That is how there are so many varieties of native plants, insects, birds, etc. Then humans started choosing which two plants or two animals to cross to see if this gave a better agriculture and food product. This became known as the genetics of plant or animal breeding. Other examples of traditional agriculture biotechnology are grafting plants, using enzymes (proteins that regulate the chemical reactions inside every living cell and organism) to make cheese, and yeast to make bread rise.

The modern biotechnology of the 1990's is commonly referred to as genetic engineering. A quick refresher of high school biology is needed to understand what this new method is doing. All living things - humans, plants, animals, bacteria, etc. are made of cells. Inside these cells are chromosomes. Chromosomes are made of DNA. DNA has the set of instructions to build proteins. Proteins are the compounds of which all life are made from. In fact, the way these various proteins are put together determines if the plant is wheat or canola, or if the animal is a cow or a dog. The smallest part of the DNA that is able to replicate itself is a gene. One gene has the information for one specific protein. So genetic engineering is the ability to remove one gene from one species. It is now possible to transfer genetic material between species that would otherwise never breed. This is a scary thought if allowed to proceed unchecked by society. That is why government regulations and consumer advocacy groups need to be vigilant in what is and isn't allowed as research. But on the positive side, what a wonderful opportunity to find the genes responsible for so many medical diseases. On the agriculture front, the results are less obvious to the consumer but still very relevant and important.

Genetically modified organisms or GMO means the same as genetic engineering. The GMO term was developed by the European media to sound more frightening to their consumer. The GMO potato used in Eastern Canada has a gene in it that produces a special protein. This protein acts as a natural insecticide to the Colorado potato beetle, but does not harm animals or humans. This does away with the need for several passes with a pesticide to control the beetle thus benefiting the farmer and the environment. You can decide if that is a benefit to you, the consumer. But the most recognized GMO crop locally is canola. Today's advanced scientific testing methods cannot differentiate between GMO canola and non GMO canola. This should show society that GMO canola produces just as safe and nutritious oil for human food consumption as non GMO canola and that the present labelling system is adequate for food safety. But does it comfort the majority of society? The problem is that the benefits of growing the GMO canola mainly accrue with the farmer and the environment. This is what is making it more difficult for some consumers to accept, the inability for them to see benefit for themselves. But patience should reveal many benefits to consumers in the future. The Consumers Assoc. of Canada reports on just a few of new food product research as a result of genetic engineering. Milk with the ingredient lactose removed so lactose sensitive people could drink it. Or the removal of allergy causing proteins from a variety of foods. Or increasing the amount of lysine in rice which would reduce childhood blindness caused by lysine deficiency, a serious problem in countries where rice is a major part of the diet.

Most of today's consumers do not realize how much safer and more nutritious our food supply is now compared to 50 or 100 years ago. In 1900 there was no refrigeration and many more people became sick or died from food borne illness. Our scientific analytical techniques are much more accurate today than in 1950. This enables our food supply to be much more thoroughly checked and regulated for safety and nutrition.

Is genetic engineering for food products 100% risk free? No. But nothing is. There was no guarantee of zero risk when automobiles and airplanes were invented. And in fact the risk of serious illness or death is much higher when using those technologies than consuming our present food supply in Canada. And yet, consumers have accepted those risks every day. Some would argue that genetic engineering has less risk than Mother Nature because of knowing exactly which gene is being transferred. Mother Nature, does gene transfer in a very haphazard and bulk way. We do not enjoy the quality of living we have in Canada today by being afraid of new technology. We attained it by carefully investigating new technologies, trying them, regulating them and explaining them to the consumer. That is the way we are presently doing biotechnology (genetic engineering, GMO, etc.) in agriculture and food products and that is how we should continue.

Pictures of the Week

At right are members of the Neepawa Noon Hour Hockey League. The players, who range in age from 28 to 81, squared off against some Minnedosa boys at the local rink last Tuesday and Thursday while the Tournament of Hearts was on at the Yellowhead.

From the Editor's Desk
CAVEAT LECTOR

Y2K Rock
Plans are forging head for Y2K Rock, aka Classic Rock 2000 and Skakin' the Lake, which is geared towards the modern contemporary crowd. A number of performers have been announced for Classic Rock including The Beach Boys, CCR, Jerry Lee Lewis, John Kay Steppenwolf, Blue Oyster Cult, Pat Travers, Glass Tiger, April Wine, Starship, and Harlequin. The headliners for Sunday night will be announced in February. If you haven't bought your tickets yet, early bird prices have been extended to March 1st.

New Reporter?
You may notice the name Landon Wark attached to a few of the stories in this week's Tribune. Landon spent last week with us as part of the Career Preparation and Exploration portion of the Rolling River School Division curriculum. Landon will graduate this year from Elton Collegiate.

Question and Answer
A new RCMP question and answer column will be appearing weekly in the Minnedosa Tribune starting next week. Questions from the public can be forwarded by mail to the Minnedosa RCMP Detachment marked "Question and Answer". The questions will be answered by an officer and forwarded on to the Tribune for publication.

Meanwhile back at the Hearts
At the Scott Tournament of Hearts, last Wednesday night's Calcutta, a curling institution where people buy teams before the start of the bonspiel and then hope to cash in if their rink wins, was the biggest in Neepawa history. A total of $8,455 was laid on the table for the 16 rinks with Janet Harvey's foursome commanding the biggest wad at $1,200. Karen Young was worth $975, Connie Laliberte went for $850 and Lois Fowler for $825. The winning rink pays off at $2,515.36.

LETTERS TO THE EDITOR

Open Letter to the Honourable Gary Doer, Premier

Dear Mr. Doer:

On Monday, January 17, 2000, the Minister of Culture, Heritage and Tourism, the Hon. Diane McGifford, met with representatives of the Manitoba Association for Rights and Liberties, the Manitoba Library Association, the Canadian Taxpayers Federation and the Provincial Council of Women of Manitoba Inc. in regard to improving public access to government information.

The groups presented 26 recommendations to amend The Freedom of Information and Protection of Privacy Act (FIPPA). A number of the proposed amendments are ones for which the New Democratic Party critic argued vigorously at Standing Committee on June 25, 1997. Ms. McGifford welcomed our efforts but would not specify which recommendations, if any, might be considered.

In an article in a local newspaper, January 18, 2000, a spokeswoman for the Minister said the department will not be revamping the FIPPA any time soon and the Act is not a priority.

As Opposition leader, you spoke eloquently in the House June 27, 1997 at third reading of Bill 50-The Freedom of Information and Protection of Privacy Act: "When you examine this legislation on the simple criteria of whether this legislation meets the test of power to the people for information or power being grabbed to the government to keep information secret, this bill fails, and that is why it has been described as the worst legislation in North America."

As Opposition leader, you went on to commit, "...that we will amend this act and repeal the regressive sections of this act, and we will have a privacy commissioner available to the public as the first steps of public access."

You also committed to a 15-year provision at minimum in terms of the protection on cabinet documents, a change in the provisions on electronic records and, "...we will absolutely eliminate the sections of the document that provide for this withholding of government documents, this massive power of the Premier's Office and the cabinet's office. We will eliminate the restrictions you have put in."

Before the vote, your words were, "I say to the members opposite, we will vote against this bill, but we will bring in a new bill in 19-very shortly, and we will have legislation that is worthy of the former reputation of Manitoba of being an open, democratic tolerant society."

Opposition critics Diane McGifford, Dave Chomiak and Jean Friesen all spoke at length to Bill 50 and were equally critical.

As leader of the New Democratic Party, your responses to a September 8, 1999 pre-election questionnaire confirmed your commitment to these and other measures to ensure better access to government held information.

We are therefore puzzled as to why now your government appears reluctant to amend the Act without delay. Even more perplexing is the news that a notice in the Manitoba Gazette on January 29, 2000 will proclaim the application of the FIPPA for educational bodies, health care bodies and local government bodies, effective April 3, 2000.

Why move to apply to local bodies legislation which you pointed out has been described as the worst legislation in North America without first making the amendments to which you have committed?

As Premier, with Cabinet Minister colleagues McGifford, Chomiak and Friesen, your government is now in the position to create the best FIPPA legislation in Canada.

We urge the government firstly to carry through on its own commitments and our recommendations and to amend the Act without delay, and secondly, to wait until the amendments are adopted before proclaiming the provisions which make the Act apply to local bodies.

Respectfully,

Elizabeth Fleming,
Provincial Council of Women of Manitoba Inc.
Greg Tramley,
Manitoba Association for Rights and Liberties
Paul Nielson,
Manitoba Library Association
Victor Vrsnik,
Canadian Taxpayers Federation - Manitoba

Improved Forrest rink holds Millennium bonspiel

By Landon Wark
Elton Collegiate

The first Forrest curling bonspiel of the new millennium is currently underway at the Community Rink.

Curlers will be enjoying their sport under the new lights provided by a $50,000 grant courtesy of the former provincial government. The grant made possible upgrades to the kitchen, banquet and bathroom facilities, the downstairs waiting room area, and miscellaneous repairs. The renovations began in October and were completed shortly before the bonspiel began.

The event has been organized by the Forrest Special Projects Group and will hold plenty of entertainment for those not involved in the games. The Millennium Mixed Bonspiel began on Sunday, with draws all through the day. It will continue through the entire week with two to three draws per night at 6 and 8 pm for two draw nights and at 5, 7 and 9 pm for those days with three. It ends next Sunday with draws all day long for that weekend. The event contains forty eight rinks composed of one hundred and ninety-two local participants, businesses and former bonspiel curlers from the area are being welcomed back for a reunion of sorts.

The evenings of next Friday and Saturday each have suppers scheduled; the first being roast beef, and the second being turkey. There was a nightly bar on Sunday which will continue, starting on Tuesday, for the duration of the event. The lunch counter will also be open for the length of the bonspiel. Saturday evening will include a musical performance by the group Bugs and the Volkswagens. Finally, as a throwback to the bonspiels of yesteryear the rink will feature a turkey shoot, a practice that used to be a weekly occurrence in similar events all around the province.

"It is going to be a way of getting the community together, giving people a chance to visit their neighbours and enjoying and having fun in the new facilities," says Judy Marvin, a member of the Forrest Special Projects Group.

LETTERS TO THE EDITOR

Dear Editor:

Governments yield to pressure. Proof? The recent Ottawa NHL bailout plan. The people said, spend the money on things that we can't get along without, instead of feathering nests of millionaire hockey club owners and players. Now, before we store our ammunition and send the troops home, there is another huge big money-sucking problem - the hidden part of an iceberg - and that is the privilege the federal government grants to chartered banks at the expense of our tax dollars. The NHL bailout plan involved millions, here we are blowing away billions.

Up until 1991 the percentage of government securities (bonds, bills, etc.) were somewhat evenly held between the chartered banks and our own national Bank of Canada, with a slight advantage towards the Bank of Canada - 9.02 percent for BOC and 8.45 percent for the chartered banks (1989). Since 1991 when the federal government, under pressure from the chartered banks, lifted the fractional reserve policy, the percentage of government securities holding by 5 points to 13.55 percent, while the holdings of our Bank of Canada dropped to 8.47 percent.

Today the chartered banks' holdings, on which they collected interest from the federal government, has risen to around 25 percent, while the holdings of our own BOC have dropped to less than 5 percent. Remember last year's profit reports of the chartered banks? Billions. Expect to see additional billions reported for 1999.

The Bank of Canada is solely owned by the federal government, and any interest paid to it on securities held returns to the government, whereas interest paid to the chartered banks drains government coffers.

We have just embarrassed John Manely and the federal government by forcing them to drop their NHL bailout plan and consider more sensible uses for our tax dollars, now it's time to go after the Minister of Finance, Paul Martin. Let's tell him we want a shift in the balance of government securities holding back in our favour and to use the tax dollars so saved to improve our health care and our education and training systems, and to help the homeless who are dying on our streets, and the children whose future is being stolen from them by acute poverty.

Canadian citizens are the shareholders of the Bank of Canada, and our voices must be heard now. Use the Bank of Canada to save and to reduce taxes.

Yours truly,
Ted Bezan

Dear Editor,

February 2000 is here! This marks the beginning of the annual campaign for the Heart and Stroke Foundation of Manitoba. I'm hoping that Minnedosa residents will continue to be as generous as they have been in the past. During the month of February, volunteer canvassers will be calling on homes in Minnedosa to request donations for the Foundation. They will supply a receipt for each and every donation. If you are not at home when they call, they will leave a mail-in form that the homeowner may use if desired.

If anyone would like to volunteer their time (approximately 1-2 hours), we would appreciate hearing from you. Canvassers are needed and could be assigned a street in their own part of town. If you are new to the area, it is a good way to meet your neighbours.

Once again, thank you for your continued support. If you would like to volunteer to be a canvasser, please call me at 867-1926.

Yours truly,
Deborah Jackson
Campaign Chairperson,
Minnedosa
Heart and Stroke
Foundation
of Manitoba

RCMP Report

Last Sunday morning an assault occurred in the southwest corner of town involving two males. On Sunday evening, a woman was assaulted by her boyfriend in a house, also in the southwest corner of town.

A break and enter to a farm site in the R.M. of Odanah was reported to the RCMP on Monday. A number of tools were stolen, as well as an air compressor and construction lights.

A vehicle fire occurred in front of the Post Office last Wednesday.

A stolen cheque was reported to the RCMP.

A complaint of an assault was filed with the RCMP last Tuesday, involving two males. No injuries resulted.

Truck fire draws out Fire Fighters

By Landon Wark,
Elton Collegiate

Last Thursday morning a small truck fire occurred just outside of the Minnedosa Post Office.

The carburator of a 1986 Chevy half ton belonging to Leonard McPherson, Clanwilliam, apparently became flooded. The truck backfired and smoke could be seen venting from the hood. An employee of the Post Office apprised the local fire department of the situation when several attempts to put the small flame out with snow were unsuccessful. The department responded with a truck and a rescue van, but by the time they arrived the engine fire had been extinguished. There was no harm done to persons or property and minimal damage was done to the truck which, with a few minor repairs, will be up and running again soon.

Farm Income Assurance Program

There is a meeting on this new farm safety net program developed by farmers. The meeting is this Thursday at 7:00 p.m. in the Minnedosa Community Centre. The program is presented and then discussion on the various aspects is encouraged. The farmers who developed this program and are promoting it are really interested in farmer feedback on the program. So come out and listen and give your opinion on a possible future program developed for you, the producer.

Western Wheat Growers Assoc.

I feel I have to comment on this topic and recent editorial. I totally agree that this was one very small group that had their annual meeting in an exotic, warm climate. It is definitely not the norm for most grain producers and I hope the local consumer understands that point.

Grain Price Outlook

This is more depressing news but I should let you know. Ag. Canada has released a market outlook for grain and oilseed crops. World wheat prices are expected to remain relatively unchanged in the 2000-2001 crop year from the 1999-2000 year. Lower quality wheat in Canada is expected to remain similar. However, higher grades of Canada Red Spring wheat are expected to decrease due to lower spring wheat and protein premiums. World and Canadian coarse grain (barley, oats, corn) prices are expected to decrease slightly. Ag. Canada calls this market outlook tentative since there is a high degree of uncertainty regarding global supply and demand conditions. Normal weather patterns in the main grain and oilseed producing areas of the world, and some appreciation of the Canadian dollar relative to the US dollar have been assumed. Preliminary seeding projections expect a shift from oilseeds into spring wheat, durum and special crops.

Erickson and District News

By Almie Paulsen

Hopefully the cold spell we've had the past two weeks is the last for winter 2000. We should be thankful we didn't receive the heavy snowfall that Eastern Canada received.

"C day" to Carl I Ewanyshyn in Adelaide Australia and also Happy Birthday. Carl (Mary Sketch's son) has contacted the Municipal office via e-mail about Forest to Field volume I History Books as he wants 2 copies for his sons. He's interested in Homecoming and will attend in spirit. If he wins a big lottery before then he'll come home.

Vandalism causes social unrest. Our community has seen a reduction in vandalism due largely to COPP's. Huge bouquet to the men and women who give of their time to patrol the streets. Volunteers make their community a better place to live. Application forms are available at the town office and meetings are held 3rd. Wed. of each month. Volunteering is knowing you have made a difference.

Sympathy to the relatives of the late Annie Widdicombe whose death occurred in Wpg on Jan 15th. Annie was the daughter of P. K. and Minnie Peterson. The funeral was held at Foxwarren. Her sister Florence of Texas attended the funeral.

The Sacred Heart Church hosted the annual "Gathered in Christ" Prayer Service for Christian Unity on Wednesday evening.

The Knights of Columbus are holding a Special Rosary Prayer Service at Sacred Heart Church on Feb 3rd. Ask members about details.

Erickson friends of Bob Sanderson were sorry to hear that Bob is now a resident of Sandy Lake Care Home as of Jan. 26th. Hopefully when an opening comes up he will be transferred back to Erickson Care Home.

Len and Doris Gusdal were happy to be at North Battleford, SK when their son and daughter-in-law, Blaine and Jane became parents of their second son Kjel Erik on Jan. 7th. Congratulations Len and Doris.

Marland and Cathy Furewick returned home on Jan. 26th after watching curling in the M.C.A. Bonspiel. Their son Scott was curling with the Dauphin skip and almost made it to the finals. Several rinks are competing in the Clanwilliam Mixed Bonspiel.

The Municipal office reports only a few more histories have been submitted in the last few weeks. Organizations and families, please submit your updated histories for the 1984 "Forest to Field" History Book as soon as possible and before the deadline of March 31st.

Sacred Heart Ladies and Retreads hosted a Kitchen Shower for Irene Kopeechuk on Wed. Jan. 19 in the Sacred Heart Church basement. Many guests and friends enjoyed the afternoon doing what you do at showers. The ladies visited and chatted during a delicious lunch period.

The Wednesday Cribbage winners on Jan 18th at the Canadian Legion Hall were Ed Ashiest, Gordon Pollon and Joe Woychyshyn. Low player was Nestor Gregorash. Jan 26 winners were Joe Woychipn, Marge Fischer and Em Hudson and Harriet Hodges with the lowest score.

Tomorrow (Jan 28) the Benefit Dance for the Allan Kopeechuk family who lost their house in a fire will be held. Thanks to the "Gold Nugget" family who organized this event. I hope to get their report of the evening for next week's column so all persons giving of their time, talents and involvement may be acknowledged.

You're probably reading this on the last day of January. This day and week is special in our house hold. Happy Birthday to our two "children" Gene in Bedford N. S. and Daidre in Edmonton. This week is also Groundhog Day (Feb. 2nd) so that means my husband Harry will be 86 and his friend Marlenne Beatty 58.

Art and Elsie Butler should be home from their month's holiday at "Magic Valley Park" in Weslaco, TX, when you read this.

The Erickson Flying Club hosted their annual Poker Derby on Jan. 23 with 87 entrants and 52 Silent Riders. Silent Rider winners were Edna Brewster, Harold Slitt and a Neepawa gentleman. Poker Hand (Regular Rider) winners were from Brandon, Laurier and Calvin Tiller. J.D.'s Restaurant catered with a lovely smorgasbord.

Manitoba Agriculture and Food

Report from the Legislature

Len Derkach,
MLA for Russell

On January 14th, Manitoba Agriculture Minister Rosann Wowchuk walked out of a meeting of federal and provincial agriculture ministers, frustrated by the federal government's lack of understanding of the crisis facing prairie farmers.

Although her actions may have made an interesting photo opportunity, by walking out, she failed to address the serious problems facing Canadian agriculture producers.

Federal agriculture ministers Lyle Vanclief and eight provincial ministers agreed at the January 14th meeting to a new farm safety net fund distribution formula based on market receipts and not risk. Manitoba and Saskatchewan ministers left the meeting because of the nature of the program and because the federal government would not make more money available for farm relief.

The new federal program falls short on a number of counts. The program is merely a renewal for only two years of disaster funding at $500 million per year for all of Canada beginning in 2001. This does not begin to address the depth of problems facing farmers.

Perhaps the most contentious aspect of the new formula is that it effectively transfers federal support away from producers who face the greatest risks and inequities. This will be detrimental to Manitoba and Saskatchewan farmers, who believe that assistance should be based on risk, not cash receipts.

This is an extremely serious issue. In provinces such as Quebec and Ontario where many sectors of the agricultural economy are subject to supply management - which offers a substantial degree of price protection - there is inherently less risk to their producers. Prairie producers, on the other hand, produce a much smaller percentage of the commodities that are subject to supply management.

The federal government should not be playing political games with agricultural relief money by distributing it to every province in proportion to their total farm receipts. The farmers who are in trouble are those whose receipts have taken a sudden downward spiral, such as grains and oilseed producers. Those most impacted by the downturn in commodity prices should benefit first from any federal support programs.

The interest-free cash advance element of the program also raises concerns for some producers. While farmers appreciate the effort to get money into producers' hands quickly, interest free or not, many producers simply cannot afford to go further into debt.

In addition, the program's mechanics have yet to be worked out. Producers can only hope that it won't be a repeat of the much-maligned Agricultural Income Disaster Assistance program, a program that even the federal agriculture minister was forced to admit was an administrative nightmare.

Moreover, the latest federal pronouncement does nothing to address the ongoing international subsidy war, a war that has made it extremely difficult for Canadian producers to compete in the global market and for their operations to thrive.

Sandy Lake News

By Deb Maluk

The 62nd Annual Mixed Curling Bonspiel was held in Sandy Lake from Jan. 16 - 23. There were 22 rinks battling it out for a position in the 4 events. Meals were served at the rink, and a special Millennium Supper was included at the North Hall for the curlers and their guests. When all the sweeping was done, the results were: First Event - 1st - Harvey Shindruk, 2nd - Lloyd Huculak, 3rd - Reg Nylen, 4th - Leonard Macksymchuk. Second Event 1st - Barry Shewchuk , 2nd - Ross Shindruk, 3rd - Nick Jawa, 4th - Walter Sichewski. Third Event - 1st - Rick Kienas, 2nd - Kurt Carter, 3rd - Dick Gawiuk , 4th - Heather Hodges. Fourth Event - 1st - Darrell Drul, 2nd - Tim Maluk, 3rd - Murray Davies, 4th - Don Gustafson. The Sandy Lake Recreation Association was impressed by how so many came together to make the event a success, both on and off the ice. It was especially nice to see so many young curlers out - just remember gang, Jeff Stoughton and Connie Laliberte got started on little rinks just like ours - keep it up and we may be watching you on TSN one day!

Welcome home to Jack and Sadie Rystephanuk who recently returned from Alberta where they visited with their children and grandchildren and with Sadie's brothers.

Get well wishes to Eunice Koroscil who is recovering from recent surgery.

Best wishes to John Boychuk who is convalescing at his home in Brandon. Peter McSymach was elected as president of the local Drop-In Centre, the position that John held for 10 years.

Just a reminder - please give me a call if you have any news....if I don't start hearing from folks soon, I may have to start making things up...

Newdale News

by Olive Waddell

There were fourteen seniors at the Happy Gang monthly meeting on Wed. Jan.19, 2000. Edith Waddell gave a short introduction. Minutes of the November meeting and Treasurer's report were given by Ida Bradley. Ann Patterson reported seven Christmas cards sent to shutins. The "Older and Wiser" driver brochures are available at Harrison House and the Drop-In-Centre if anyone would like some timely reading. President Olive Waddell read the dates and places for the upcoming District games. Newdale will host Cribbage. Some plan to play 500 at Minnedosa. The meeting closed with a reading "My Love For Seniors". Four rounds of Court Whist were enjoyed for a change. Men's high score was Boyd Waddell and Ladies high, Ida Bradley. Edith Waddell and Jean Watson served lunch and fellowship was enjoyed.

Sympathy for Newdale acquaintances to Dennis Reid and two preschool age children on the accidental death of Mrs. Reid on the Jan. 16 weekend in BC. Many will know the Reid (John & Grace) family who lived in Newdale from 1947-1961, running the grocery store (taken over by Gwen & Bill Lawrence). Thanks to Ann Waddell for this information.

Newdale hosted the women's bonspiel Friday, Jan. 21-23 with 12 rinks in play. Curlers came from Strathclair, Shoal Lake, Rivers, Oak River. Other ladies not curling served a delicious turkey supper to a good crowd.

The Journey For Sight snowmobilers arrived in Newdale, Sat. Jan.22 around noon hour on a bright, sunny, cold day with a light west wind. Several local people supported the hosting Lions Club with a pancake sausage breakfast and a donation to the 2000 Journey For Sight. The group here was headed for Minnedosa to meet up with other drivers. Generous financial donations were $700, and are tax deductible.

"Freedom To Follow" was the theme of the message by Rev. R. Hunter on Sun.Jan.23, 2000 drawn from the book of the prophet Jonah, written about 350 BC - a very short (3 chapters) story but with a powerful message. Children of the Sunday School helped Rev. Hunter with a hand-play of Jonah and the Whale. Jonah represents the self-satisfied and selfish people who did not want to share their faith in God with foreigners like the Ninevites. But no matter how Jonah tried to run from his duty to God, God found him and reminded Jonah that he was fretting about little personal discomforts while God longed to help thousands of persons who didn't know him. Whenever we are tempted to think that God loves only the people of our own country, we need to read Jonah and reach out to share our faith in God with all kinds of persons all over the world.

Duncan Waddell, chairman, welcomed 14 adults to the Annual congregational meeting on Mon, Jan 24, 2000 in Newdale United Church. Various officers gave their 1999 reports, copies of which are available to the congregation on request. Four board members retired and replaced were three year members. Main concern for 2000 will be the Family List, members, baptisms. Lunch and fellowship followed during

2nd Event: 1st Tara McTavish, Newdale, 2nd Theresa Kienas, Newdale, 3rd Barb Pettinger, Shoal Lake, 4th Pat Mills, Shoal Lake.

3rd Event: 1st Christa Pedersen, Newdale, 2nd Debby Lee, Strathclair, 3rd Gail Tolton, Newdale, 4th Dianne Usick, Newdale

Report from the Legislature...

Continued from Page 9

Canadian producers are not looking for handouts. They are merely looking for a level playing field. Our federal government has no choice but to enter the subsidy war in a meaningful way. If the United States and European Union carry on with the current level of agricultural subsidies, Canadian farmers will continue to suffer.

Our agriculture minister should be pressuring her federal counterpart to examine the subsidy programs being offered to American and European Union producers. If our producers are going to be expected to compete against producers whose operations are subsidized by sizable international treasuries, we must be willing to offer our own producers a workable safety net program until the subsidy disputes are resolved. Our farmers, no matter how capable, cannot afford to pay the cost of international trade disputes. We as Canadian farmers need to have that same kind of subsidy protection or farm safety net programs until there are common sense negotiations on trade disputes through the WTO.

The ongoing dispute between the federal and provincial governments over farm aid is particularly disturbing in light of the latest figures from Agriculture Canada, figures that paint a dismal picture for Prairie producers. Realized net income for producers in all Prairie provinces is expected to drop in the years 2001-2003.

While most provinces at the January 14th meeting said they would be willing to sign on to the new short-term aid plan, Manitoba and Saskatchewan's agriculture ministers have not yet offered their participation. Vanclief has indicated that if they don't sign on, additional federal farm disaster programs will not flow to them, again leaving producers vulnerable on the eve of spring planting.

Prairie farmers are looking for a reasonable, long-term approach by the federal government, in conjunction with the provinces, to managing the serious issues facing the agricultural sector. Nothing less should be acceptable.

The Town of Minnedosa
R.M. of Minto & R.M. of Odanah

will be co-hosting a

Farmer's Meeting

to discuss the current Agricultural Crisis

Thursday, February 3rd, 2000

7:00 pm M.C.C.C.

Speakers:

- Deb Kooting, Rapid City – On the crisis resulting from the excessive moisture of 1999.
- Murray Downing – on his proposed Income Assurance Program - an alternative to Crop Insurance
- Members of Government

Followed by a Question & Answer Period.

The Future of Farming affects us all - Everyone is encouraged to attend.

Green Valley Drop-In

On January 26 Green Valley Drop-In was a busy place. 28 seniors gathered to take part in District 2 Westman Seniors Games Playoff in the card game 500. They arrived by 11:00 a.m. from Newdale, Onanole, Rapid City, Rivers, Strathclair as well as Minnedosa to make up 7 tables of players. Mary Gray and Isabel Manley on behalf of the other members of Green Valley Drop-In served the participants a delicious noon luncheon as well as coffee and muffins in the morning and afternoon. When the Games were finished President Len Averill announced the winners: 1st Bernice McDonald & Marlene Hayhurst - Rivers, 2nd Eileen Bradley & Boyd Waddell - Newdale, 3rd Arthur Simpson & Rena Cornish - Rapid City. Such gatherings provide a good opportunity to socialize with other Seniors in Westman District 2 and to exchange ideas.

Cameron News

by Barbara Stone

A speedy recovery is being sent from the Community to Agnes & Jim Baker after their accident in Brandon. Glad to hear that you both are home now.

Ken & Barb Stone had several relatives and friends drop over during the week. Ken & Barb Stone and Wayne Reynolds also visited with friends in Brookdale on Wed. Ken, Barb & Wayne also took part in the Valley Snowhawks Snowmobile Poker Derby which was held last Sat.

Jim & Rendalyn Comrie attended the Robert Burns A.O.T.S. supper in the Minnedosa United Church on Wed. Jim and the Cameron Connection sang during the evening.

Jim Kingdon had a meeting down in Oak Bluff on Sat. so Margaret joined him and they both visited and stayed overnight with Jim's sister Frances & Jim McCutcheon at Homewood, MB.

Stan Gugin met his friend Dr. Heim Gildnhuys from Ladysmith, South Africa at the Elkhorn Ranch and they spent the day visiting and cross country skiing. Stan also spent last weekend in Wpg. visiting his relatives.

Bob Gugin returned home after spending five weeks including the Christmas and New Years holidays with his daughters in Stettler and Red Deer, AB and with his son Jim & family in Victoria, BC.

coffee break.

Many people report having seen the Lunar Eclipse on Jan.20, 2000 either outdoors or on their TV's. One girl had put it in poetic form:

Silently passed the moon,
In front of the brilliant sun,
And then totality began,
It truly amazed everyone.
While in totality,
A corona could be seen,
No one even spoke a word,
As if it were all a dream.
Slowly moved onward the moon,
And then came the diamond ring,
Everyone gasped and said,
"Oh, my what a wonderful thing!"

4-H members measure up

by Brenda Dowsett

As a member of a 4-H club you have the opportunity to participate in many different projects throughout the years. Some projects have to deal with animals, nature, sewing, cooking, and woodworking just to name a few. As second year 4-Hers, Sam Parish, Cory Butler, Ryan Galbraith, and Grant Bartel have chosen woodworking, with the specific unit called Measuring Up.

Measuring up is an introductory type project into woodworking. In this project the boys have learned about wood grains, types of nails, the use of the different types of saws and other tools, and of course safety in the work-shop, along with many more useful skills. The boys meet every two weeks in Mr. Bartel's home workshop. The group works in a parent partner situation where the parents work along side the boys just in case they need some help. From what I saw many of the boys have already surpassed their parents' skills and are leaving them asking for help. So far the group has made a letter/pencil holder, and they are currently working on a garden toolbox. The group also hopes to have finished a footstool by achievement time. With the help of Mr. Bartel's leadership I'm sure everything will turn out looking beautiful.

The boys have been working hard since mid-September and when I asked them why they joined they said it was to learn new skills and most of all to have fun. This young group is enjoying this project very much, it has taught them valuable teamwork and individual skills as well as patience. Congratulations to the boys on a job well done! Continue the good work and we all will be looking forward to seeing your display at achievement.

Assiniboine Presbytery Farm Crisis Fund

United Church of Canada congregations in western Manitoba have recently established a Farm Crisis fund to help people adversely affected by the current agricultural crisis.

Confidential grants of up to $800 are available to individuals and families to help with urgent family or employment expenses - perhaps medial or dental bills, educational costs or travel to seek new employment. "We don't have the dollars to solve anyone's total debt problems," says Rev. George Ward of Deloraine, chairperson of the Assiniboine Presbytery Farm Crisis Working Group sponsoring this Fund. "Yet, within the current crisis in agriculture, we hope to provide people with critical need enough cash to make urgent tasks doable."

Applicants need not be affiliated with the United Church or with any denomination.

To apply, please contact your local United Church minister here in western Manitoba. Applications will be handled in confidence on a "first come, first serve" basis till funding has been exhausted.

Cardale & District News

By Myrtle Crighton & Ethel Fortune

The Cardale United Church annual meeting was held Monday, January 17th at 1:30 pm with 13 in attendance. The meeting was chaired by Ed Shace. Reports showed a busy and successful year for the U.C.W and the Sunday school. It was decided to plan a celebration in October for the church's 85th Anniversary and for the new Millennium. We will also update our church history. The meeting was closed with coffee, tea and lunch.

Tuesday night January 18th representatives from Strathclair, Newdale and Cardale met in the lower half of the church to help plan the music for the church services for the next 2 or 3 months.

Congratulations to Laci Peters, daughter of Ken and Lylla Peters for her success at the figure skating competition at Melita on Saturday, January 15th. She received a gold medal for her "free skate" competition and 5th in her "spins".

The Tri-Town Atoms (Rivers, Oak River & Cardale) won the hockey tournament at Kenton on Saturday January 22, defeating Brandon Murray Chev-Olds Ducks 7-4 in the first game and Kenton Jr. Cougars 8-2 in the final game.

The Cardale Squirts team participated in the league tournament at Foxwarren from January 21st to 23rd. They lost to Hamiota on Friday night, beating Elkhorn on Saturday and winning two games against the two Russell teams on Sunday to win the tournament.

George sez: "When you see the 'Writing on the wall' it usually means the kids have found the crayons!"

Kinsmen Club of Minnedosa & Manitoba Youth Job Centres
are accepting resumes for the anticipated position of

MYJC Office Manager

Duties and Responsibilities:
The Office Manager works closely with a local sponsoring committee to operate a job centre in the community. The responsibilities are:
- Set up and organize a local job centre office
- Promote the job centre by personal visits, advertising and presentations
- Encourage and receive job orders from employers
- Operate a matching referral service to provide employers with suitable youth for available jobs
- Record statistical information on the centre's activity and prepare statistical reports
- Prepare narrative reports
- Provide information on job search skills and career options through classroom presentations, personal interviews, handouts and other printed resources
- Provide information on government and community service programs as requested

Applicants must:
- Be available to start employment April 25, 2000
- Be a student currently attending a post-secondary institution and planning to return to studies in the fall of 2000.
- Be a resident of Manitoba
- Have a valid driver's license and access to a vehicle

Duration of position: Approximately 15 weeks
Remuneration: $7.19 per hour

Please mail resume, complete with 3 references to:
MYJC Selection Committee
c/o Kinsmen Club of Minnedosa,
Box 1187, Minnedosa, MB, R0J 1E0. 46-2

Application Deadline: February 4, 2000

FINANCIAL NEWS

Investing options for contribution to an RRSP

The deadline for your 1999 Registered Retirement Savings Plan (RRSP) is approaching and you're probably thinking about your contribution. But, if you don't have as much money as you would like to contribute and you don't want to borrow, what are your options?

You can consider making an "in-kind contribution"- transferring assets you already own to your registered plan.

If you own the types of assets that qualify for inclusion in an RRSP, you should be able to use this strategy. Investments that are eligible for transfer to your RRSP include listed stocks, bonds, mutual funds. Guaranteed Investment Certificates (GIC's) and government savings bonds. In some cases, you can even contribute an annuity, life insurance policy or shares in a small business, subject to certain restrictions.

Just like a conventional RRSP contribution, the transaction must take place by the February 29th RRSP deadline in order to be deductible against your 1999 income. But you won't have to sell the assets. Instead, their worth as an RRSP contribution is determined by their fair market value on the date that the transfer is made. For equities or mutual funds, for example, that means the closing price on the day of transfer.

The concept of "fair market value" can create tax liabilities, however, which is why a transfer of assets needs to be considered carefully. Even though you don't physically "dispose" of them, the Canada Customs and Revenue Agency (formerly known as Revenue Canada) considers, or "deems," the assets you transfer into your RRSP to be sold for tax purposes - a "deemed disposition." As a result, any "paper" profits you make could hike your tax bill that year.

For example, you will be considered for tax purposes to have realized a capital gain if the fair market value of the assets you transfer to your RRSP is greater than their adjusted cost base which, generally speaking, is their original purchase price. Consequently, you could be subject to capital gains taxes.

If the value is less that the original cost, this "deemed disposition" will not allow you to claim the loss for tax purposes. IN this case it is better to sell the asset and use the proceeds to make your RRSP contributions. However, purchasing the same asset 30 days before or after the transaction will disallow the loss. Although it is too late for this RRSP season, you should sell the asset well before December 31st (so the transaction "settles" by December 31st) if you want to claim the loss in the same year as the contribution. (In the case of listed equities, this generally means selling them by December 24th.)

Even interest on the assets used for an in-kind contribution can attract tax. If interest payments to you are outstanding on a fixed-income security at the time of the transfer, your RRSP contribution will be considered to include all interest accrued up to that date. You must report those interest amounts as taxable income in the year the contribution was made.

When you're close to retirement age, there are other issues to consider when pondering an in-kind contribution. If you'll soon be drawing on your RRSP to finance retirement, the costs of a transfer could exceed the benefits. That's because contributions made to an RRSP are fully taxed when withdrawn. But, if you leave the asset in your RRSP long enough, the compounding returns and tax-deferral may make it worth your while.

To determine whether an in-kind contribution makes sense for you, speak to your financial advisor.

Catch up Your RRSP's

Courtesy of the Minnedosa Credit Union

Every year most of us say the same old thing, "Next year I am going to put more money towards my RRSP", but reality sets in and something else becomes a priority: vacation, bills, etc.

Think of your RRSP dilemma as the flu and the Minnedosa Credit Union is your doctor. Every year you are entitled to make RRSP contributions based on income, for example $7,000. Now let's pretend that every year for the last three years you have purchased $4,000 worth of RRSP's leaving an unused RRSP contribution limit of $3,000 every year or $9,000 total.

Did you know you are able to catch up your unused RRSP contributions. That sounds great, but you're probably wondering how you are going to come up with $9,000.

Every one of us has at one time or another borrowed money from a financial institution for many different things: cars, houses, snowmobiles, or vacations. Why not borrow money for yourself. You could take a loan for the unused RRSP's for $9,000 (loan is based on amortization of 5 years and approved credit). With that kind of a contribution you could expect a tax refund of approximately $2,250 (based on a 25% tax bracket), or more, depending on your tax rate and other variables. Applying this return to your loan would leave only $6,750 to repay.

Now $6,750 is still hard to come up with these days. How about paying back $137 a month. Do we have your attention now!! The loan payment is based on a one year fixed rate of 8.0%, which can be amortized for up to five years.

If the idea of an extra $137.00 per month still does not impress you, the time for revamping your budget may be necessary, tighten your belt as the old saying goes. Walk to work (especially in the winter), go out on the town once a month instead of twice, or resist that impulse to purchase.

Just imagine how you will feel at the end of the five years. Your loan will be paid off, and you will have approximately $11,800 (RRSP return is based on a 5.5%, 5 year term) collecting interest.

Remember, everyone's situation is different but a happy retirement is the ultimate goal.

The Truth Behind the TSE 300 Index

Courtesy of Rice Financial

Canadian equity mutual fund managers are constantly compared to the index. Those same managers have also been hard pressed to out perform the index about half the time. Now, before you think about running off and trying to buy an index fund or the index itself, you need to understand the index a bit first.

The TSE 300 Composite Index is made up of the exchange's largest stocks as measured by their markets capitalization (the number of outstanding shares multiplied by the stock price). Among other conditions for inclusion, companies must have 12 months on the TSE under their belt. But if the company meets the other criteria, it may be able to jump the queue, as happened when Bre-X Minerals Ltd's market cap exploded in just a few months in 1996. The index was launched in 1977, with numbers worked out using historical information back to the beginning of 1956. Its value was set at 1,000 as of April, 1975.

The index is always fully invested, it doesn't carry any cash. This is great during a bull market when cash can become a drag on performance but when the market turns, its like having no brakes on a runaway train.

Buying the index is not a short-cut to a well diversified portfolio. Sure you're buying a basket of 300 stocks but you are also taking some big positions in a few stocks. Nortel Networks and BCE now represent almost 20% of the entire TSE 300 and as of the end of August a mere 15 companies accounted for 45% of the TSE 300's total value. This means that you are taking a big bet on a few companies, not so diversified in it.

The index is continuously slanted towards a growth style of investing, rather than the value approach that has traditionally been viewed as more conservative. As the capitalization of a stock increases, so does the weighting it receives in the index and the larger the percentage it makes up of any mirroring fund. The result "Companies get thrown out at low value and put in when their value is high", says Ian Hardacre, manager of the Trimark Canadian fund.

The next time you are comparing your fund performance to the index make sure you are comparing apples to apples.

Extended Hours for RRSP's

Minnedosa Credit Union Ltd., and Carole Stoyka of MemberCare Financial Services would like the public to know that they available for consultation to help members with their RRSP investments Wednesday evenings during February from 6:00 p.m. to 9:00 p.m.

MAKE ASSET ALLOCATION WORK FOR YOU

Submitted by Royal Bank Investment and Retirement Planners, Minnedosa, Branch

We all worry about investment decisions from time to time. We assume that a few wrong choices could limit our investment return. Hold that assumption. Studies have shown that more than 80% of you total portfolio return can be attributed to haw much you allocate to the three basic types of investment - cash, bonds, and stocks. this means that the amount you invest in each investment type is actually more important than you choice of individual investments. The key to successful investing? Two words -- asset allocation.

Asset allocation refers to the portion of your investment portfolio that you invest in each of the basic asset classes. Each asset class serves a different investment purpose: cash for security, bonds for income, and stock for growth.

Want to improve your investment return/ Take a look at how an asset allocation strategy can work for you.

STEP 1. DEFINE YOUR SAVINGS GOALS

Most people want to save money, but we all have different goals. Some savings goals, like a comfortable retirement, are long-term and require a long-term strategy. Other goals, like saving for a vacation, are for the short or medium term. In General, the shorter your investment horizon, the more conservative your asset allocation should be. Conservative asset allocation means investing more of your portfolio in cash and bonds, and less in stocks. For long-term goals like retirement, a greater emphasis on stocks might be more appropriate. Historically, over the longer term, growth investments like stocks provide superior returns but are more volatile than cash or bonds.

STEP 2. DETERMINE YOUR COMFORT LEVEL WITH INVESTMENT RISK

There's an element of risk in every investment. To earn a greater potential return on your investment, you have to be willing to accept greater volatility. Here's a brief summary of the volatility of the different asset classes.

* Stocks can be volatile over the short term, but they have historically outperformed other asset classes over the long term.
* the value of bonds changes less dramatically than stocks, but returns are usually more modest.
* Cash investment, such as term deposits or money market mutual funds, offer short-term security, but have traditionally lower returns.

By asking several key questions, an Investment and Retirement Planner can help you determine your comfort level with investment volatility. Do you value consistent, steady return over potentially high, but more unpredictable returns? Would you lose sleep if your investments declined in value for a year or two? Is beating the market an important long-term goal? Once you've determined your comfort level with investment risk, you're a step closer to establishing your asset allocation strategy.

STEP 3. CRETE AND MONITOR YOUR ASSET ALLOCATION STRATEGY

The asset allocation strategy that's appropriate for you will take into account your savings goals, your comfort level with investment risk, and current market conditions.

Financial markets often move in different directions. For example, Canadian equity markets may be gaining in value, while European equity markets are holding steady. For fixed-income investments, when interest rate are rising, your short-term bonds will be better than longer term bonds. A good asset allocation strategy will take these types of market factors into account.

Over time, your strategy may need to change. You might adjust your asset mix based on changing market conditions, or in order to reflect changes to your savings goals or risk comfort level. Such readjustments to the different weightings of the three asset classes in you portfolio can be made in consultation with your investment specialist. Some companies publish a range of asset allocation recommendations for conservative through to growth-oriented investors. combined with an analysis of your own goals and needs, there recommendations can help steer your asset allocation strategy in the right direction.

GET ASSET ALLOCATION WORKING FOR YOU

A well laid out asset allocation strategy is essential to meeting your investment needs.

Deducting home office expenses can reduce taxes

Do you earn some or all of your income by working at home? If so, you may be able to deduct some of the expenses related to your office or work space at home, such as heat, light, property taxes, insurance, rent, and perhaps even a portion of your mortgage interest! You may also be able to deduct some of the cost of your equipment and supplies, such as pens, paper, computers, faxes, etc.

Do you qualify to deduct home expenses?

You can deduct expenses for a home office or workspace only if you meet one of the following conditions:

1. The home office or workspace is your principal place of business.

2. You use the space exclusively for earning business income and you meet clients and customers there on a regular and continuous basis.

Note that if you meet the first condition, it is not necessary that the space be used exclusively to earn business income, nor is it necessary that you meet clients or customers there.

What home expenses can you deduct?

In general, home expenses that relate solely to the business space are fully deductible. Expenses that apply to the home as a whole, however, must be divided between personal use and business use. This is usually done on the basis of the square footage used for business, compared to the square footage of the entire house. For example, if your home is 1,500 sq. ft. and you use a room that is 150 sq. ft. for your office, you can deduct 1/10 of the common expenses. This means that if you repaint the outside of the entire house, 10% would be deductible, but if you repaint your office to make it more presentable, 100% would be deductible.

However, the type of home expenses you can actually deduct depends on whether you are an employee, or are self-employed, as each is subject to different rules.

If you are self-employed...

As a self-employed person, you may deduct all "reasonable expenses" used to earn income. This includes expenses for an office or workspace in the home, provided you qualify. Most self-employed persons qualify under the first condition (your home is your principal place of business). Note that this does not mean that you must do most of your work there (for example, if you are a plumber, most of your work will be done on your customers' premises, not at your home). Your home qualifies as your principal place of business if it is the place from which you run your business and you do not have office or workshop facilities somewhere else.

The expenses that can be deducted include a prorated portion of your heat, utilities, rent, repairs, maintenance, property taxes, insurance, and mortgage interest. Expenses related solely to the business space are fully deductible. However, your deduction for home office expenses is limited to the net profit from your business. If you have a loss, or your home office expenses are more than your net profit, you may carry forward the unused portion to the following year.

In addition to housing expenses, you can also deduct the supplies you use in your business. Items that have a short life, such as pens, paper, pencils, and other office supplies, can be deducted in the year purchased. However, furniture and equipment that is ordinarily expected to last longer than a year, cannot be deducted all at once. Instead, you may deduct only a portion of the cost each year. This applies to items such as desks, chairs, filing cabinets, computers, fax machines, etc.

The amount you can claim each year for durable items is called "capital cost allowance," and it is calculated as a specified percentage of the original cost of the item less any allowances already deducted. Tax regulations prescribe a number of "classes" of items, each of which has its own allowance rate. For example, computers, system software, printers, and related equipment are in class 10, which has a rate of 30%. Computer application software programs are in Class 12, which has a rate of 100%. Most other office furniture and equipment are in Class 8, which has a rate of 20%. In the first year you buy an item, you are allowed only one-half the usual percentage rate.

For example, if you buy a computer system for $3,000, you can deduct one-half the usual rate the first year: 1/2 X 30% X $3,000, or $450. The second year you can deduct 30% of the balance: 30% X $2,550, or $765. And so on for each year you own the computer. If you had to replace computer hardware or software because of the Y2K problem, the expense may be eligible for accerated CCA rates. However, you must have acquired the equipment before November 1, 1999.

If you are an employee...

As an employee, you can deduct expenses for a home office only if you qualify by meeting one of the two conditions stated above. If your employer does not provide an officer or work space for you at your place of employment, you may qualify under the first condition. If you have an office available at work, however, you will have to qualify under the much more stringent second condition.

In order to deduct home office expenses as an employee, you must also have Form T2200 Declaration of Conditions of Employment, verifying that you are eligible to deduct the expenses. The form must be signed and certified by your employer.

Home office expenses for employees are limited to rent, utilities, and home repairs and maintenance (no property taxes or insurance may be deducted unless you are a commission salesperson, and no mortgage interest unless you are self-employed). Home office expenses are limited to the net income from employment, but any unused amounts may be carried forward to the following year.

As an employee, you can deduct supplies, such as pens, papers and pencils, if your employer requires you to pay for them. However, you cannot deduct most capital items. This means that if you use your computer for work, you cannot deduct it, nor can you claim an allowance for it.

Rapid City News

by Grace Fearnley

Eleven seniors met at the Minnedosa bowling alley Monday A.M. Jan. 24th. Sadie Northcott received the Head Pin and the trophies were claimed by Zetta Stoughton and Laurence Turton.

The Ag. Society held their annual curling bonspiel Sat. Jan. 22 with ten rinks in contention. Out of town rinks entered were from Minnedosa and Strathclair. John Inglis and his rink of Ben Kozak, Garth Inglis and Bill Grant won the spell.

Howard Haslen returned home last Thursday from a three week vacation. Time was spent at Florida, and he enjoyed a Caribbean cruise with stops at St. Thomas, St. Kitts, Martinique, Dominica and Trinidad. A really good holiday.

Congratulations and many good wishes to Amber Bollman and Darcy Robbins who were married Saturday evening Jan. 22nd at Rapid City United Church. The reception and dance were held at the Legion hall.

On January 22 the Rivers Banner featured a front page picture and story titled "Rapid City Youth Wins at Canadian National Show." re: Kristy Bridgeman, daughter of Kirk and Gail Bridgeman. Kristy has been riding a horse since she was two years of age. She was the high point winner at the 42nd Canadian Appaloosa Show held at Moose Jaw last August. Our belated congratulations Kristy.

Art Simpson and Rena Cornish placed third in the 500 play-off cards held January 26th at Minnedosa. Thelma Andersen and Sylvia Soldan, and Laura Haslin and Adele Laferriere also attended as representatives of Rapid City Seniors.

Friends in our community were deeply saddened to learn of the recent death of Mrs Ruth (Roy) Farley and extend sincere sympathy to Mr. Farley, the family, and their life long friends.

Bev La Blanc of Poplar Point spent from Friday to Wednesday visiting with her mother Lottie Grant and her other area relatives and friends.

Congratulations to Rem Radsma who celebrated his 85th birthday January 25th at the home of his daughter Shirley in Brandon. Several relatives and friends visited him, including Laurence and Mary Turton. Rem also received congratulatory telephone calls from relatives in Holland (the Netherlands).

Congratulations and best wishes also to Mally Martin of Brandon who observed her 87th birthday today (Wed. Jan. 26).

May Campbell and son Keith visited briefly with Bob and Bette Hyndman on Wed. afternoon January 26th.

Heather Smith informed me of the recent death of Uncle Curly (Gordon) Gudbrunson of Richmond B.C. Curly lived in the Wallace-Oakleigh district many years ago, his wife the former May Smith has two sisters-in-law in the area, Mary Smith of Brandon and Beth Smith of Rivers.

On behalf of their many friends sincere condolences are expressed to Jean (Cornish) Chapman, the family Judy and Greg Esplin, Sharon and Peter Garbutt, Ken and Jan Chapman, their families on the recent death of Keith Chapman husband, father, grandfather and friend. Mr. Chapman also was Rena Cornish's son-in-law and will be fondly remembered by her family.

Moore Park News

by Carmin Grasby

Deepest sympathy from the Moore Park district to the family of Ruth Farley who passed away Jan. 19th.

Aaron, Teresa & Christina came out Sun. Jan. 16th for a visit. Christina is creeping all over the place and standing up at furniture. Its such a pleasure seeing all the new things she does.

Sat. Jan. 22nd, Travis, Anita & boys came out to spend the day. Grandsons Daniel Lippet of Selkirk, MB and Robert Lippett of Dauphin also came for a visit and supper. Such a treat to get together.

Cadurcis News

by Doreen Trott & Muriel McManus

Get well wishes to Jean MacDonald, who is in hospital in Minnedosa. Get well wishes to Ron McTavish. The Annual Cadurcis Church meeting was held on Sun. Jan. 23 following the Church service. A good representation of the District was in attendance.

Bill & Doreen Chambers of Calgary visited last week with Malcolm & Shirley Rose. Colleen Wareham of Winnipeg spent the weekend with her parents, Clayton & Margaret Wareham and Cheryl & Ian.

We miss you Bernice - Hurry Back!!

Nancy White set to perform at Library fundraiser

By Landon Wark, Elton Collegiate

The Minnedosa Regional Library Addition Committee will be holding a fund raising dinner in February for the planned millennium addition.

The committee has been trying to acquire funds on the federal, provincial, local, corporate and individual level. A combined pledge of $70,000 from The Town of Minnedosa and the RM's of Minto & Odanah has also been committed. Local service clubs have agreed to donate jointly a total of $15,000 as well.

The event will begin at 6:00 p.m. with cocktails, continue will dinner at 7:00 and then entertainment will begin at 8:30 followed by an art auction.

Scheduled to perform at the fund raiser is Canadian satirist Nancy White. White was a mainstay on CBC Radio's Sunday Morning for fifteen years and became known for her biting songs about occurrences in everyday life. Her recent appearances include the Globe & Mail Newspaper Awards, which she hosted; the East Coast Music Awards, another hosting position and an appearance on the CBS comedy show Comics, among other things.

When asked what those in attendance could expect from the show, White said she would be performing songs from her two albums Gaelic Envy and Other Torch Songs and Momnipotent - Songs for Weary Parents along with others that haven't been recorded. Joining her will be piano accompanist, Bob Johnston whose repertoire is not only with the 88 keys, he is also able to imitate a John Deere tractor; and White's banjo which she plays in addition to the guitar.

Once completed the 2,400 square foot addition will extend to the north of the main entry on the west side of the building, and will contain provisions for new ecology and children's centres, archives, a reading lounge and an enhanced space for computer facilities. Total project cost is estimated at $300,000.

Avoiding the risk of manure contaminated water

A new research project funded by the Manitoba Livestock Manure Management Initiative Inc. aims to find the best way to dispose of hog manure without contaminating ground water.

The project will answer the simple question: "How much manure can be spread on the land?" The project, which is led by Professor Ramanthan Sri Ranjan of the University of Manitoba's Biosystems Engineering Department, uses computer software to calculate the nutrients that are available to plants based on soil, weather, crop and manure data. If farmers know how much nitrogen is available for crop use, we can determine how much manure can be safely spread. With this knowledge, farmers will be able to determine the amount of manure they can apply on the land while still protecting the groundwater sources below the root zone.

"This system has the potential to be a useful tool to determine land application strategies," said Initiative Chair Garland Laliberte. "The research will give farmers, agrologists and municipalities a user-friendly way to describe the complex processes that occur when manure and other fertilizers are applied to the soil."

The Initiative also announced it has funded further research by DGH Engineering of St. Andrews into its innovative manure lagoon cover system. DGH has already reported that its system (which uses negative air pressure to keep a plastic cover over a lagoon) mitigates odours from manure. This new research will study whether keeping the lagoon covered helps stabilize the nutrients in the manure. It may also reveal whether a covered lagoon acts as an anaerobic treatment system that naturally reduces odours.

These latest projects are the result of the Initiative's November 1999 request for proposals. Together the two projects will receive $66,930. This brings the total amount of research funding the Initiative has provided or coordinated $870,700. Of this amount, the Initiative provided $356,722 with the balance coming from other agencies and from the researchers.

"These projects are not only addressing the challenges facing the livestock industry today. They're also demonstrating that Manitoba can lead the world in proactive agricultural solutions," said Laliberte. "We want to help ensure the long-term integrity of our water, soils and air environments while helping the livestock industry continue its development."

Odd Fellow & Rebekah News

The first meeting of the Millenium of Deborah Rebekah Lodge was held in the Senior Center, Rapid City, Thursday, Jan. 6. The meeting opened with exchange of collars & officers took their respective chairs as follows: Noble Grand - Marilyn Dickson - Rivers, Vice Grand - Marion Waldon - Rapid City, Secretary - Barbara Wilson - Brandon, Financial Secretary - Frances Trott - M'dosa, Treasurer - Rena Cornish - Rapid City, Junior Past Noble Grand - Vivian Sharpe - Brandon, Warden - Thelma Anderson - Rapid City, Conductor - Audrey Ashton - Rivers, Right Supporter Noble Grand - Bernice Dmytriw - Rapid City, Left Supporter Noble Grand - Berylc Burt - Rivers, Right Supporter Vice Grand - Helen Blake - Minnedosa, Left Supporter Vice Grand - Ada Hamnett - Rapid City, Color Bearer - Bea Mitchell - Rivers, Musician - Zella Twigge - Rivers, Inside Guardian - Mary Bayes - M'dosa, Outside Guardian - Ivy Cornish - Rapid City, Chaplain - Charlotte MacDonald - Rivers. Each member gave a short regime of what they did for Christmas and New Years and during lunch a contest was enjoyed.

Deborah Rebekah Lodge held their second meeting of the New Year on Tuesday, Jan 20, in the Senior Center. A donation was made to the Ability Fund through Grand Lodge. Vivian Sharpe has been appointed as representative to the Rebekah Assembly in Winnipeg in March. Congratulations to Bernice Dmytriw on being an Assembly officer for 2000-2001. A staff from Deborah Lodge has been asked to prepare the memorial service at these sessions. The Wanéah Ladies Club enjoyed an afternoon of cards at the home of Mary Bayes, Thursday Jan. 25 and a delicious lunch.

Thank You
A special Thank-You goes out to all the sponsors who generously donated to The Valley Snowhawks' annual snowmobile poker derby. Thank you to all the members who helped in any way to make the derby the success it was. A special Thank-You to everyone that attended, your support was terrific.

Help Wanted

AGRICORE IS A DYNAMIC FARMER-FOCUSED CANADIAN AGRIBUSINESS
Our 2,000+ employees are the vital link between the organization and our 76,000 members. If you are interested in a career with a forward thinking, leading edge agribusiness organization, we are interested in hearing from you.

Agricore is currently recruiting for the following position to work out of our Minnedosa elevator:

OFFICE ASSISTANT

Reporting to the Elevator Manager, the Office Assistant will process all grain receipts into the computer system; update all Canadian Wheat Board permit books with information such as grain delivery dates and amounts; provide administrative support such as scheduling meetings, maintaining files, and managing correspondence; communicate basic marketing, sales and pricing information and direct inquiries to appropriate staff.

Successful candidates should possess grade 12 education with 2-3 years related office experience; effective organizational, communication and interpersonal skills. Proficiency with computers, including good knowledge of MS Word, Excel, and Outlook is required.

Applications may be emailed to JCox@agricore.com, or may be mailed/faxed before February 8, 2000 to:

Agricore
Human Resources Department
Box 9800
Winnipeg, Manitoba
R3C 3K7
Fax: (204) 954-1249

Agricore

Agricore is an Employment Equity employer. Members of the designated groups are encouraged to self identify on their applications.
For information about Agricore and its varied operations, visit our website at http://www.agricore.com.

In Memoriam

Jack Moroz - In loving memory of my husband, our father, grandfather and great grandfather who passed away January 28, 1998.
We often sit and think of him
When we are all alone,
For memory is the only friend
That grief can call its own.
Like ivy on the withered oak
When all other things decay,
Our love for him will still keep green
And never fade away.
Sadly missed and always loved by wife Caroline, daughter Lenna, Florence son-in-law Phil, grandchildren and great grandchildren. (C6)

Cards of Thanks

I would like to say thank you to Dr. Amaroseker and nursing staff, the ambulance crew at Erickson Hospital. A special thanks to Florence Swiscoski and husband and to Madeline Bishop. Thanks to friends and relatives who sent cards, flowers, phoned and visited me in Brandon General Hospital. "You're a Great Gang!" Jackie Skipper. (CD)

A sincere thanks for the good care I received from the nurses, doctors and hospital staff while in hospital on New Years Weekend. Thank you all. Nellie Mason. x (CD)

We would like to thank Dr. Roche and the Minnedosa Hospital nurses and staff for the excellent care we received while in the hospital. A big bouquet to Teresa Wareham, Jane Pederson, and Susan Hyde for the support and encouragement. Special thanks to the ambulance attendants for the safe trip to Brandon. Colleen & Lawrence Parrott. x (CD)

We would like to express our heartfelt thanks for all cards, phone calls, flowers, baking and memorial donations at the time of our dear sister, Janet, passing. Heather, Hendry Smith & family. x (CD)

A sincere thank you to our relatives & friends for their support and kindness during the loss of our mother and grandmother, Evelyn Robinson. A special thank you to Dr. Onyshko, nurses and staff at the Minnedosa Hospital. Also to Kathy Platt of Minnedosa United Church and White's Funeral Home of Neepawa for their warm support. Your kindness shall always be remembered. Orville, Jayne Robinson & family. (CD)

Our heartfelt thanks and gratitude to the doctors, nurses and staff at Minnedosa Hospital for your constant, considerate care of our son, John Robert during his lengthy stay. God bless and be with you all. Dores & Jack Butler. x (CD)

Obituary

John Robert Butler

John Robert Butler of Minnedosa, MB, passed away at Minnedosa District Hospital on January 26, 2000. After 3 years, 10 months and 3 days of suffering, following a brutal beating on March 23, 1996 at his Neepawa, MB residence. John was born in Winnipeg on September 3, 1954 and was educated in Crandall and Hamiota.

Following school, John worked at several jobs and locations, from labourer to welder. In 1976, John married Diane Anderson and following the birth of their 3 children, Joseph, John and Jennifer, there was a marriage break up. John has one granddaughter, Kennedy, 4 1/2 years of age.

Cremation has taken place and a memorial service was held from Sparrow Funeral Chapel in Minnedosa at 2:00p.m. on Saturday January 29, 2000 with Rev. Tom Delgaty officiating. Lunch to follow at the Minnedosa United Church Centre. In lieu of flowers, donations in John's memory may be made to Victims Trust Fund 1215-405 Broadway, Winnipeg, MB R3C 3L6. Sparrow Funeral Service of Minnedosa in care of arrangements. (C7)

Evelyn Annie Robinson

On Friday, January 14, 2000 at the Minnedosa Hospital, Evelyn Robinson aged 73 years, of Town View Apartments, passed away peacefully.

A memorial service was held in White's Funeral Chapel in Neepawa on January 19, 2000 officiated by Kathy Platt. Interment followed at Riverside Cemetery Neepawa, MB.

Evelyn was born May 21st, 1926, Odanah Municipality, to parents Bertha and Will Baskerville. She attended Edna School and in 1943 married Colin Robinson of Erickson, MB. They lived at Riding Mtn, MB 1945-1967, moved to Merritt, BC in 1967, and returned to live at Minnedosa 1998.

She was predeceased by her husband Colin in March 1999, by her father 1954, mother 1980, also sister Lena of Melita, MB 1998 and sister Dora 1990, daughter Irene 1948 and son Glenn 1988.

Left to mourn are two sons, Orville (Jane) of Erickson, Harvey of Merritt, BC, grandchildren Rodney, Tanya, Jeanne, Jennifer, Bernie, Blake, Shaun, Jessie and Katie, great grandchildren Katie, Heide and Samantha.

Sisters: Alice Thrush of Whitefish, Ont, Marion Hallen (Richard) of Neepawa, MB, two brothers: George Baskerville (Mavis) of Franklin, MB and Howard Baskerville (Rose) of Regina, SK.

Her families and especially her grandchildren were the joy of her life. She will be sadly missed by family and her many neices and nephews. White's Funeral Home of Neepawa was in care of arrangements. (C7)

Obituary

Annie Widdicombe

Annie, cherished wife of Sam Widdicombe, entered eternal rest peacefully on Sunday Jan. 16, 2000, after a brief illness.

Annie (Anna Wilhelmina) was born to Norwegian parents, Helmina and Peter Peterson of Erickson, on May 20, 1918. Her education began at Westmount Rural School, south of Erickson, and continued at the town school until the family moved to Chillon Siding (between Binscarth and Forwarren) in 1932. Mr. Peterson had accepted the position of grain buyer for Manitoba Pool Elevators at Chillon, so Annie's education continued at Balmerjno Rural School with Gr. 11 at Binscarth and Gr.12 at Foswarren. She chose to further her studies at Success Business College in Winnipeg. Upon completion of her studies there in 1939, she was immediately employed by the Federal Government. The telegram from Ottawa read, "for the duration of the war or longer." The Royal Norwegian Air Force was training personnel at their training base at "Little Norway" near Toronto and Annie's knowledge of the Norwegian language was a major reason that she found employment so quickly. Her work was with the Department of National Revenue, Customs and Excise Branch, plus a stint in the Privy Council as private secretary to Matt McClung, a retired naval officer and son of author Nellie McClung. She returned to Winnipeg after five years and took employment in the Plant Products Division of the Department of Agriculture until her marriage to W.S. (Sam) Widdicombe on April 2, 1949.

Fairly soon, Annie became as ardent a lover of hackney horses as Sam was. Together, Annie and Sam raised two sons; David born February 12, 1950 and Peter born March 7, 1952. Both boys are ordained priests of the Anglican Church of Canada.

Annie was a member of the United Church of Canada, taught Sunday School, was an Explorer leader and sang in the church choir. She will probably be remembered most for her beautiful contralto voice, having sung many solos as well as duets with her sister, Florence. She was an original member of the Foxwarren Ladies Ensemble.

She leaves to mourn her passing and to celebrate her life, Sam, her husband of almost 51 years, her son David, his wife and their daughter, Rebecca (Annie's only grandchild and great joy), her son Peter, her only sister Florence and husband Jack, her only brother Norman, her aunt Thora Bergeson, brothers-in-law George, his wife Evie, and Dan Widdicombe, sisters-in-law June Davis, Frances Widdicombe and Gene Widdicombe, as well as many cousins, nieces and nephews here and in Norway.

Annie was predeceased by her parents, two of Sam's sisters - Violet and Alice and four of Sam's brothers - Wes, Ted, Rolf, and Jim.

The funeral service was held in Foxwarren United Church on Jan 20, 2000, with Rev. Dwight Rutherford officiating. The Foxwarren community choir was in attendance with Patti Reagh presiding at the organ. The pall bearers were: Daryl Widdicome, Ian Menzies, Don Hodgson, Carman Ryan, Marcel Archambault and Alvin Kingdon. Braendle-Bruce Funeral Service was in care of arrangements, with interment in Foxwarren Cemetery.

In lieu of flowers, if friends so desire, donations may be made to the Manitoba Lung Association.

These lyrics were special to Annie:
"God hath not promised skies ever blue;
Flower-strewn pathways all our lives through;
God hath not promised sun without rain,
Joy without sorrow, peace without pain.
But God hath promised strength for the day,
Rest for the labour, light for the way,
Grace for the trails, help from above,
Unfailing sympathy, undying love." (C7)

Obituary

Annie Frances Wasylenko

Annie Frances of Sandy Lake Nursing Home went to be with her lord and saviour, January 19, 2000 at the age of 94.

She was born on January 8, 1906 at Gimli, MB. She met and married Nicholas Wasylenko on November 11, 1926. Together they raised a family in the Thomas Lake area where they farmed.

She is survived by her two sons Steve of Likely, BC; Mervin (Ella Mae) of Red Deer, AB and five daughters, Janet Swan of Portland, Oregon, Deborah Shantze of Portland, Oregon, Jerry Armstrong (Mike) Sanderson, Texas, Bonnie Hygard of Edmonton, AB, Julie Freiburg of Brandon, MB.

Annie had numerous grandchildren and great grandchildren. She was predeceased by her husband Nickolas Wasylenko, son Mike, daughter Laverne Wasylenko and Olga Moroz. Son in laws Bob Coldwell, Eric Hygard and Carl Schantze.

Pallbeaters were Marvin Kowalchuk, Anthony Kowalchuk, Richard Kroeker, Walter Wasylenko, Tera-leigh Freburg, David Cooper, Bill Moroz, Crossbearer Mike Moroz, Cantor Ernie Malchuk and Father George Malik officiating. Sparrow Funeral Service of Minnedosa in care of arrangements.

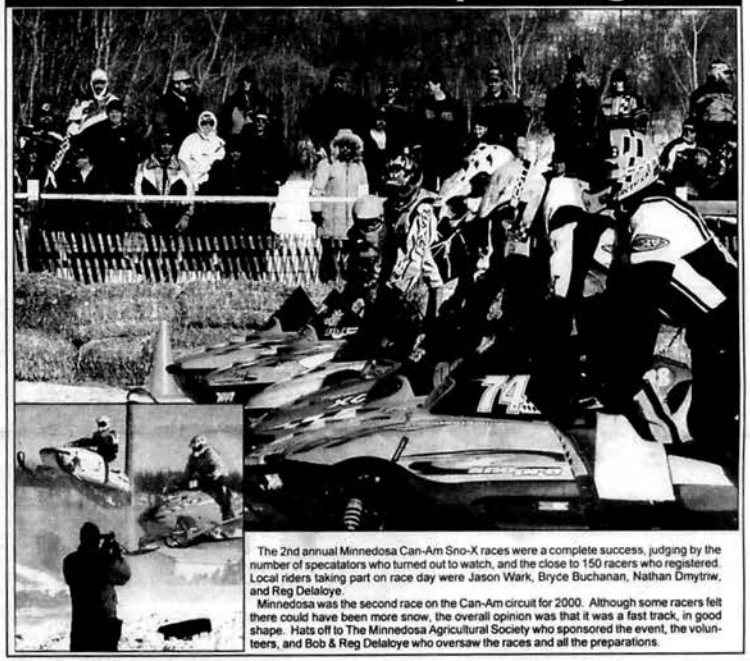
Minnedosa Celebration 2000
July 2nd to 5th

Can-Am Sno-X - Start your engines



The 2nd annual Minnedosa Can-Am Sno-X races were a complete success, judging by the number of specatators who turned out to watch, and the close to 150 racers who registered. Local riders taking part on race day were Jason Wark, Bryce Buchanan, Nathan Dmytriw, and Reg Delaloye.

Minnedosa was the second race on the Can-Am circuit for 2000. Although some racers felt there could have been more snow, the overall opinion was that it was a fast track, in good shape. Hats off to The Minnedosa Agricultural Society who sponsored the event, the volunteers, and Bob & Reg Delaloye who oversaw the races and all the preparations.

Mark: Confidence still high in Manning

By Nancy Chemerika

According to Reform MP, Inky Mark, the recent 75 per cent vote against holding a leadership race confirms that the grass roots membership still has confidence in Preston Manning's vision of Canada.

The leadership vote, held recently in Ottawa at the annual assembly of Reformers, occurred after Manning told those in attendance that he will be pursuing merging Reform with other like-minded conservatives into one party.

"The vote demonstrates the confidence in Manning's vision of Canada to bring back the government by the people for the people," stated Mark. "It was also encouraging that the Mike Harris Conservative government in Ontario, and Klein's in Alberta supported this United Alternative initiative. It overcomes one of the initial challenges of the Reform to attract other like-minded conservatives to join the western movement. I hope that the provincial Conservatives of Manitoba will soon see the light and come on board as well."

Mr. Manning has said that the vote was a mandate from Reformers for himself as leader and for the proposed United Alternative initiative. Manning will be going on the road to discuss the new Canadian Conservative Reform Alliance, in hopes of getting the 70,000 plus Reform party members to support the proposal at the March referendum. If the proposal is supported, Manning plans to run as a candidate for the Canadian Alliance leadership at a June convention.

Mr. Mark feels that the country is long overdue for a change in government, and the United Alternative could fit the bill. Mark noted that he is strongly in support of the United Alternative, which will be called the Canadian Alliance if accepted by the grass roots membership. He feels that the new alliance would represent all Canadians. Mark added that the alliance would also essentially kill two birds with one stone - get rid of the reigning Liberals and bring about the demise of Joe Clark's Conservatives.

Mark: Confidence still high in Manning

By Nancy Chemerika

According to Reform MP, Inky Mark, the recent 75 per cent vote against holding a leadership race confirms that the grass roots membership still has confidence in Preston Manning's vision of Canada.

The leadership vote, held recently in Ottawa at the annual assembly of Reformers, occurred after Manning told those in attendance that he will be pursuing merging Reform with other like-minded conservatives into one party.

"The vote demonstrates the confidence in Manning's vision of Canada to bring back the government by the people for the people," stated Mark. "It was also encouraging that the Mike Harris Conservative government in Ontario, and Klein's in Alberta supported this United Alternative initiative. It overcomes one of the initial challenges of the Reform to attract other like-minded conservatives to join the western movement. I hope that the provincial Conservatives of Manitoba will soon see the light and come on board as well."

Mr. Manning has said that the vote was a mandate from Reformers for himself as leader and for the proposed United Alternative initiative. Manning will be going on the road to discuss the new Canadian Conservative Reform Alliance, in hopes of getting the 70,000 plus Reform party members to support the proposal at the March referendum. If the proposal is supported, Manning plans to run as a candidate for the Canadian Alliance leadership at a June convention.

Mr. Mark feels that the country is long overdue for a change in government, and the United Alternative could fit the bill. Mark noted that he is strongly in support of the United Alternative, which will be called the Canadian Alliance if accepted by the grass roots membership. He feels that the new alliance would represent all Canadians. Mark added that the alliance would also essentially kill two birds with one stone - get rid of the reigning Liberals and bring about the demise of Joe Clark's Conservatives.

Rolling River School Division to see little benefit from provincial increase

By Nancy Chemerika

Rolling River School Division will see little benefit from the $29.7 million public school funding increase announced by Education and Training Minister Drew Caldwell last week.

According to Secretary-treasurer Duane LaCoste, Rolling River School Division will see an increase of 1.26%, or $118,850. LaCoste noted that the Board will be holding its preliminary budget meeting this evening (Monday), and will determine where the extra funding will be allocated.

The total school funding contribution from the province has grown more than $811 million for the 2000-2001 school year. The announcement represents a 3.8 per cent increase in funding over the 1999-2000 budget.

"This investment is greater than the total increase of the past four years," said Mr. Caldwell. "I am particularly proud that within only four months in office, we are able to take this major step towards predictable, stable funding for our schools. This forward step is an investment in the future of our children and in our province. Providing fiscal stability to our education system is, and will continue to be, a high priority of this government."

The minister added that there will be no increase in the mill rates for the Education Support levy, the provincial portion of property tax collected for education purposes. The funding percentage change will vary from division to division depending on enrolment levels, assessment, and other local circumstances.

Highlights of this year's funding:

* This is a 3.8 per cent increase over last year's announcement - a 2.6 per cent increase for K-S4 students over this year's actual spending.
* Funding for the classroom has increased by 3.5 per cent, or $13 million
* School bus repair and replacement funding will be increased 19.4 per cent, or $1.3 million.
* Support for Level I special needs will increase $1.8 million, or 4.1 per cent. Support for Level II and Level III special needs students will also increase $4.6 million.
* Support for counselling and guidance will increase for the first time in seven years.

The minister noted that school divisions throughout Manitoba will have increased flexibility in using provincial funding. The department will also look at ways that certain grants can be used to meet local needs.

Elks donate porch lift

L-R: Malcolm Smith, Brian, Kevin and Marianne McGinnis, Bill Webb

Kevin McGinnis, 11, has received a motorized porch lift from BPO Elks Branch #68 to help him get in and out of the house more easily with his wheelchair.

Purchased with funds from the Elks and Royal Purple Fund for Children, the lift cost $4,995.

Kevin, who attends Grade 5 at Tanner's Crossing Elementary, is the son of Brian and Marianne McGinnis, Minnedosa. Kevin has Ducherne's Muscular Dystrophy, a disease which attacks the muscles.

On another note, Kevin was recently notified that he will be the recipient of a "Yes I Can Award", sponsored by the Council for Exceptional Children. He was nominated for the award by Kathy Stone, Resource Teacher, and Janice Dalton, Educational Assistant.

Kevin was recognized for the award because of a number of personal achievements and success with his daily routine.

"Kevin is a lot more confident and independent," stated Mrs. Stone. "He is very caring and compassionate. His Grade 5 class cares a lot about him, and help him with his school work. We are very pleased with his success."

Support strong for Crop Insurance alternative

Murray Downing & Mayor Terry Drebit

By Nancy Chemerika

At a meeting held last Thursday the majority of the over 200 members of the farming community in attendance urged Reston area farmer, Murray Downing to forge ahead with his alternative to crop insurance.

The Minnedosa Town Hall Meeting provided an opportunity for area producers to learn more about the Income Assurance Program developed by farmers for farmers". The evening was co-hosted by The R.M.'s of Minto and Odanah, as well as The Town of Minnedosa.

Downing's proposal includes a number of priorities including keeping the family farm a reality, better farming practices, and income assurance based on bushel coverage. One of the highlights of the plan is that inflation costs have been factored in. The proposal also promotes comparing individual yields to municipal yields, rather than risk areas, for coverage purposes.

Since developing the plan last fall, Downing and his supporters have made presentations at 13 meetings in the month of January. Rapid City area farmer, Debbie Kooting helped with the meeting, and read a letter from the provincial agriculture minister which questioned the proposal on several points. Downing later added that he has been having regular discussions with the federal ag. minister's department.

Most producers seemed receptive to the plan, although some questions were raised. Marion Sharpe, Reeve of the R.M. of Odanah, was somewhat concerned that questions about whether or not the program would fully support itself, and how much it would actually cost the government, were not fully answered.

"I can see some good ideas," stated Sharpe. "But I am concerned that there might be implications on cross border trading if the United States see it as a subsidy program. I did like the idea of municipal yield averages, because risk areas are huge, and comparisons aren't very accurate. I was very pleased with the turnout at the meeting."

Keith Syslak, Councillor for the R.M. of Minto, felt Downing's plan had merit. "It certainly looks workable. It would help because it insures for crop loss and market deficiencies. Comparing within municipalities would be better than comparing risk areas. It would definitely bring things closer to home."

Mayor Terry Drebit was also pleased with the turnout for the evening. "You have to be pleased when the biggest hall in Minnedosa is full. I am pleased that the Town could work together with the R.M. of Minto and the R.M. of Odanah, because this farm crisis affects all of us."

Drebit added that he liked the fact that Downing's plan is developed by farmers for farmers.

Gerald Pederson has farmed in the Newdale area for 43 years. He noted that he would have to carefully examine Downing's plan before determining its merit.

A need for speed

By Nancy Chemerika

Kyle Parrott could have olympic gold in his future if his current success in the sport of speed skating is any indication.

Kyle, the son of Glenn and Kimme Parrott of Minnedosa, is currently ranked second in the province for both Long and Short Track Speed Skating in the Juvenile Men's Class. Short track events of 333, 500, 666, 777, and 1000 meters take place in indoor arenas, while long track races of 400, 500, 800, 1000, and 1500 meters are held on outdoor ovals.

Parrott, who attends Grade 9 at Minnedosa Collegiate, recently returned from the North American Long Track Championships held at Lake Placid, New York, where he competed as a member of Team Manitoba. Kyle returned to Minnedosa with a 4th place medal and the knowledge that he had beaten two North American records in the Juvenile Men's class. He finished the 400 meter event with a time of 34.34 seconds, beating the previous record of 34.52. He broke the 1..10..60 second record in the 800 meter event by finishing with a time of 1..10..34. Unfortunately, Kyle's glory was short lived after another skater in the same heat beat his new record finish time by four one hundredths of a second.

Parrott noted that one of the highlights of Lake Placid was to skate on the same ice that his coach, Pat Leech, skated on in the 1980 olympics.

A member of Team Manitoba since last fall, Parrott has been active in the Westman Speed Skating Club for the past three years. As a member of Team Manitoba, 75% of his funding for the sport is covered by the Manitoba Speed Skating Association.

Parrott got into the sport after playing hockey for a number of years. Kyle is extremely dedicated to the sport, travelling to Brandon twice a week for practice, and competing or attending clinics most weekends. That dedication is paying off. Earlier in the new year, Kyle also brought home the silver medal from the Manitoba Short Track Competition in Winnipeg.

Upcoming competitions for the young athlete include Wheat City Classic in Neepawa, the Western Regional Short Track competition in Moose Jaw, and the North American Short Track Championships in Regina, as well as Canadian Short Track and Canadian Long Track events.

"I played hockey for five years, and I was a fast skater, but I wasn't very good with my hands," explained Parrott. "Every sport I do is with my feet. I quit hockey, but I really liked skating, so I went for speed skating. I like the fact that I'm continually challenged. I wanted to be good at something, and I'm really good at skating. My ultimate goal is the olympics. I'm training for it."

Kyle Parrott at Lake Placid

Kyle Parrott, second from the front, at Lake Placid, New York

Support strong...

Continued from Page 2

"I think it could possibly be an alternative to Crop Insurance. I think young people are going to look at something like this to stay in business, if things keep going the way they are. But the farmers have to agree on it. Tonight they're already split, before the meeting was even over," added Pederson, referring to the tensions that rose briefly throughout the evening. "If they don't start agreeing better than that, they'll never have anything."

M.P. Inky Mark also attended the meeting to lend his support, as did MLA Harold Gilleshammer. Rapid City area farmer, Debbie Kooting discussed the current farm crisis resulting from the excessive moisture of the past year.

At the conclusion of the evening's discussion, Mr. Downing urged those in support of the plan to phone government officials and voice their thoughts.

Who's minding Mohawk

Mr. Li Ka-shing, majority owner of Husky Oil Ltd., the company that owns the Minnedosa Mohawk Ethanol Plant, has reported in a recent Globe and Mail article that the speculated public offering of shares in Husky have been delayed for up to two years. He had previously indicated plans to spin off the privately owned Husky in a public share offering. Mr. Li, who is also chairman of Hutchison Whampoa Ltd. has decided to delay the offering in hopes that Husky will increase in value in the near future due to some ongoing projects in the oil and gas field. Hutchison Whampoa owns 49 per cent of Husky. Public offerings are conducted in order to raise investment capital and Husky have announced plans to upgrade their Lloydminster, Saskatchewan oil plant at an estimated cost of $500 million.

Mr. Li has long been described as one of Asia's most powerful businessmen and along with his family own 46 per cent of Husky with Canadian Imperial Bank of Commerce owning five per cent. The Globe and Mail reported that when the IPO is conducted, now speculated to be in 2002, up to 25 per cent of the company (Husky) could be sold raising an estimated one billion dollars.

In addition to giving some insight into Husky owner Mr. Li, the article also gives some information about the affairs of Husky Oil itself, in that the Li family acquired their initial interest in the company back in 1987 and then further shored up their stake in 1991 when they purchased a further interest from Husky's former owner, Nova Corporation of Calgary.

From 1991 through to 1995, Husky is reported to have incurred operating losses estimated at over 900 million dollars. However, a turn-around occurred in 1995 when it reported a profit of $34.9 million and has posted steady profits ever since. Serving on the Husky board are Mr. Sixt, a Montreal lawyer, Mr. Li Ka-shing and his eldest son, Victor Li Tzai-kuoi who holds the position of chairman of Husky. The company employs 1,600 workers with almost $5 billion in assets and operates more than 600 Husky and Mohawk gas stations across the country as well as the Minnedosa plant. Husky is also currently partnering with other companies currently involved in offshore oilfield development including the White Rose oil project and the Terra Nova project in Newfoundland. Mr. John Lau, a Hong Kong executive serves as the chief executive officer and has been credited with the turnaround of Husky in the mid-1990's.

Pictures of the Week

Alex & Max Graham, Derrick Chapman, and Michel Treloar spent over a week building this gigantic snow fort, pictured left. The fort is divided into two sections, has two doors, and is reinforced in those problem areas where unwanted sky-lights appeared.

From the Editor's Desk
CAVEAT LECTOR

Nice Job!
In Pittsfield, Massachusetts, Mayor Charles L. Smith got into a fight with Councilman James McCaffrey during a town council debate over how to improve the town's image. Go figure!

Oh Canada!
At a recent "Canadian Night" held in Phoenix, Arizona, over 2,500 Canadian Snowbirds showed up. Phoenix is so Canadianized that the local newspaper carries a Canada News page and the local cable network carries a CBC television station out of British Columbia.

Nominate a volunteer!
The Volunteer Centre of Winnipeg is asking communities for help in identifying outstanding nominees for the 2000 Volunteer Service Awards. Up for grabs is the Premier's Volunteer Service Award, the Mayor's Volunteer Service Award, the Volunteer Award for Business, and the Royal Bank Local Hero Award. The deadline for nominations is February 25, 2000. Nominations should be sent to Noreen Greenberg - Volunteer Centre of Winnipeg, 410-#5 Donald St. South, Winnipeg, MB R3L 2t4.

Santa Never Left!
Anyone feeling a little down in the dumps that the Christmas season is behind us (by a mere two months)? Remember to come into the Tribune and pick up your Santa pictures. The pictures were taken as part of the Minnedosa Chamber of Commerce Santa Day promotion, and are free of charge. There is still quite a stack remaining.

Calling all Volunteers!
Now that we have that whole Christmas issue behind us, the time has come to begin planning for the 2000 Minnedosa Fun Fest. The first meeting of the year will be held at the Minnedosa Credit Union, this Thursday evening at 7:00 p.m. All volunteers are welcome to bring fresh ideas to the table to make the 2000 edition of this annual event an all time success.

Scholarship Opportunity
The Minnedosa Community Newspaper Association has decided to continue offering scholarship awards to high school students who are interested in pursuing a career in journalism. Applications can be obtained from the Tribune office.

LETTERS TO THE EDITOR

Dear Editor;

This week's Tribune announced another store closing. For the past five years or so, people have come up with an idea for a new store - and it closes in a short time. While others, whose minds are so narrow, think only of how they can save a few cents on their purchase, they can not see that it takes every citizen to make this town operate and make a pleasant place for them to live in.

Every time they shop out of town they shoot themselves in the foot and take one more stumbling step towards a ghost town, that their grandchidren will have to leave.

I am sure if a specific item was ordered, the dealer would oblige, but that would be a wait of a week or two.

This is a generation of "I must have it immediately". When they are old they can sit and console one another for killing this town one shot at a time, and think of the money building bigger stores across the border where people work for a very low wage.

Lavina Rogers
Minnedosa, MB

Leathers by Leona

By Nancy Chemerika

Leona Creighton, owner and operator of Leathers by Leona, has no regrets about becoming a small business owner in the Town of Minnedosa.

Creighton, who operates out of a converted garage in the southwest end of town, started up her business with the intention of making belts, wallets, purses and the like. The response to her craft has been so positive that she now rarely has a day when she is not in the shop creating something out of leather.

"I do almost everything now," stated Creighton. "I've done four saddles, zippers in body bags, shorts, tops, chaps, you name it. People come to me with an idea, and usually if I stare at it long enough I can figure something out. Leatherwork isn't just coats and boots, I don't do those. I'm not a seamstress. I flunked home-ec," she added with a laugh.

Creighton began working with leather about 10 years ago at the Frontier Trading Company. After it's closure three years later, she could find no other opportunities in that area of employment. She was encouraged by a friend a number of years later to open her own business, and after discussing the possibility with then economic development officer Wade King, she decided to go ahead with the idea.

"Without Wade I probably wouldn't have gone ahead with the business. He had a totally unbiased opinion, helped me with a business plan, and helped me get started. I would definitely recommend to anyone opening their own business. Go to someone with the resources for help," added Creighton.

With a great deal of help from friends Max Kingdon, Wilf Strahl, and Merv Sandstrom, what used to be a single car garage, was converted into a first class leather workshop. Her first project was creating a pair of blue jeans with leather on the bottom half.

"Saddles take the most time, but they are my favourite. Once they are all fixed up, they're beauty. You can really see why they are some people's pride and joy," concluded Leona.

In addition to creating items out of leather, Leathers by Leona also accepts leather products on consignment, and offers some Harley Davidson products as well.

Weed patch more than a spray miss

Aerial photos give Manitoba farmer Terry Betcher a bird's-eye view of drainage patterns and crop canopy on his 3,500 acre family farm. But it was while doing some down-to-earth weed scouting three years ago that the Swan River wheat and canola grower first feared he might be staring Group 1 resistant wild oats in the face.

Strict chemical rotation gives Swan River wheat grower Terry Betcher a "good handle" on controlling Group 1 resistant wild oats.

Betcher had heard reports of wild oat biotypes surviving applications of Group 1 herbicides in wheat crops. He also knew that Group 1 resistance had already popped up in the 10 mile strip between Swan River and Minitonas, along the Saskatchewan border 300 miles northwest of Winnipeg.

So when Betcher and his brother Randy encountered a 50 acre breakout of wild oats in a 200 acre wheat field with a history of Group 1 herbicides, and another 40 acre patch in a 175 acre field, they knew it was more than a case of a spray miss or late flush.

"We knew we were getting good kills everywhere else, and spraying the whole field together at the same time at the proper stage, and the wild oats weren't being killed," says Terry.

Furthermore, field records going back 10 years indicated a heavy reliance on Group 1s, Betcher says. "We knew this was likely resistance because we had the records to show it."

Kicking the Group 1 habit

When samples from his farm and his neighbour's came back positive following Manitoba Agriculture tests, Betcher realized it was time to rethink his herbicide management strategy in wheat. To break Group 1 resistance, he uses ASSERT, a herbicide that is not a member of the Group 1 chemical family. "ASSERT is really good, not only for staying away from wild oat resistance, but we also find that it's easier on the crop than other chemicals," Betcher says. "It seems we can get a higher yield by using ASSERT because it's not as hot on the crop."

Three years later, Betcher is confident he has "a good handle" on Group 1 wild oat resistance. "We've got resistance under control in both fields by staying away from the Group 1s for the last three years."

Resistant wild oats, he says, should be treated like an entirely different weed: "There are ways of combating resistance so it's not an epidemic. What we did to combat it is to stay away from Group 1 herbicides as much as possible, particularly in our wheat."

Betcher's resistance management also includes careful record keeping, a yield monitor in the combine, and weed scouting.

"Unless you walk your fields, you don't know what to spray for," he says.

Don't be fooled. A lab test could show that this innocent-looking wild oat plant poses an entirely new weed challenge: resistance to Group 1 herbicides. As part of their weed management strategy to reduce Group 1 resistance risk, growers such as Terry Betcher rely on ASSERT, a Group 2 herbicide that provides effective control of both wild oats and Group 1 resistant wild oats.

Students benefit from Career Preparation

By Nancy Chemerika

The senior students of Rolling River School Division have had the opportunity recently to gain some valuable work experience through the annual Career Preparation and Exploration program.

As part of the Career Prep. portion of the curriculum students from Rivers, Elton, Minnedosa and Erickson Collegiates went out into the work world for one to two weeks. The program is compulsory for Grades 11 and 12 students, but for added incentive they receive one full credit for successfully completing both years.

Elton Collegiate student, Landon Wark at The Tribune

Although the other three schools found placements for the students, Erickson Collegiate had students find their own placements, to further mimic the real life situation of having to find employment. ECI staff helped find places to call that students have found their own placements, they were pleased with their success. Some of the placements sent students to Colorado, Calgary, Toronto, and of course throughout Manitoba.

"When the students do something themselves, and aren't just being told what to do, they get more self esteem. It meant that much more to them when they found the jobs themselves," added Rapsky. "I think the students were initially fearful of doing it on their own, but after the first few students made their placements, the others wanted to get it done as well. The students acted as a support network for each other."

ECI student, Shannon Whaley, and Jason Creber, Newdale, at Minnedosa Vet. Clinic

At Minnedosa Collegiate, placements were found for 54 Grade 12 students, who are presently on the job, and 72 Grade 11 students who will enter the workforce at the end of March. According to MCI Principal, Martin Ingenmy, the key to the success of the Career Preparation and Exploration program is the employers who agree to take on the students.

MCI students were encouraged to begin thinking about where they would like to be placed after a career symposium hosted by the school last October. Minnedosa Collegiate students have been placed in law offices, maintenance garages, computer divisions, graphic arts at major newspapers, with lawyers, etc.

"The Career Prep. helps students find out what they do or do not want to do in the future. In the end it could save a lot of dollars and time," stated Mr. Ingenmy. "It is a good opportunity for students to gain insight into what is out there for them."

Elton Collegiate placed 51 Grade 12 students in a variety of fields including physiotherapy, medicine, and psychology. This spring, 51 Grade 11 students will enter the work force.

"Our goal is to try and have students focus on possible career choices," stated Principal Bruce Shamray. "The placements can help students decide if they are suited for a certain type of employment."

Rivers Collegiate placed 38 Grade 12 students, and the Grade 11 students will go out this spring. According to Principal Bruce McEachen, the placements range from a grocery store to a movie location.

"The experience gives students an opportunity to explore the career, and determine what prerequisites are required. They gain a great deal of life experience," concluded Mr. McEachen.

MCI Student Lyle Collen, at the RRSD Maintenance Garage

Confidence still high...

Continued from Page 1

"If you look back over the last 30 years we have gone from governments that were in touch with the people to the government we now have, which is so out of touch with the electorate, it's ridiculous. The governments of the past 20 years have only been worried about holding onto power and concentrating their power. It's really been government for the politicians, not government for the people. We need a change in the way we do business. We operate under the direct control and dictatorship of one individual, called the Prime Minister," said Mark.

As part of the new alliance, Mark said that the Reform party membership will continue to have an important role in decision making, as well as keeping an eye on the government.

"The ultimate goal is to provide good service to the people of the country. The biggest change people would see is that the government would be there for the people, versus for the politicians, as it has been for the last twenty years. People are sick and tired of the way governments operate. There are so many examples of how they are out of touch - the current farm disaster, gun control, the health care system, the national hockey league, unaccountability and non-transparency of how they spend our money. I think that's what people need to understand, it's the people's money, not the government's," concluded Mark.

NEW MANAGEMENT ON ALFALFA PRODUCTION

Monday, February 14, 1:30 p.m.

Erickson Crossroad Community Centre

Dwayne Meyer, a forage extension specialist with over 20 years research on alfalfa will speak on:

- effects of cutting height on alfalfa
- different harvesting systems effect on various varieties
- how to assess what is an adequate plant number
- cutting time effect on protein and energy values
- age of field effect on yield

by Ken Surovy

Winter Active is a celebration of healthy active living all across Manitoba from December 21, 1999 to February 29, 2000. Tobogganing is one activity where the entire family can stay active and healthy, but don't let safety slide. To handle that ride downhill safely, you should:

* Inspect the toboggan to ensure it is in good condition. Inner tubes, plastic disks and make shift toboggans (like pieces of cardboard) aren't recommended as they are difficult to control.
* Make sure the hill is free of obstacles like trees, stumps, rocks and fences.
* Ensure there is plenty of room to stop at the bottom, and that the landing area is away from the three r's: roads, rivers and railroads.
* Always toboggan with a friend in case you need help.
* Young children should always be supervised by an adult.
* Toboggans are designed to be guided by shifting bodyweight, kneeling is the safest position.
* Never slide on busy roads as cars cannot see tobogganers when they crest the top of hills and if it is slippery enough to slide on then cars will have difficulty stopping quickly.

Other great outdoor winter activities we can enjoy here include downhill and cross-country skiing, snowboarding, skating, curling and snowshoeing. Indoor activities to keep you active include tumbling tots, indoor walking, drop-in volleyball, drop-in baseball and drop-in basketball. These programs are sponsored by the Recreation Commission and are free of charge.

Many Manitoba communities are taking part in the TV Turn-off Challenge. Yes, for 2 weeks no Cartoons, Oprah, Who Wants to be a Millionaire and sports plays of the week! Exchange a day, week or 2 hours of TV watching and sitting (approx. 20 hrs/wk family) for hours of simple pleasures such as family interaction, reading, volunteering, walking, playing and being creative. Taking part in the challenge will promote richer, healthier and more connected lives with families and our community.

For more information about opportunities to stay active and healthy this winter, call the Recreation Office at 867-2272.

Cameron District News

by Barbara Stone

Visiting Barb & Ken Stone and also with Wayne Reynolds over the weekend were Barb's parents Robert & Isabelle Campbell from Swan River, MB.

Lloyd Abel from Wpg., was home visiting his parents Alex & Verna Abel over the weekend. He also visited with his sister Margaret & Clayton Wareham & family and with his brother Murray & Brenda Abel & family.

Duncan & Brenda Shorrock had the pleasure of spoiling their granddaughter Jordon Cassie from Wpg., for a week while her parents were in Las Vegas.

Don & Doris McNabb attended the funeral on Thursday of Stan Crealock in Portage la Prairie, his wife Dorothy (Thompson) is a cousin to them.

Minnedosa Social News

Dorothy Lewis returned home last week from B.C., spending the month of January visiting with Wayne, Joyce and Sherri Lewis of Oliver, BC, and sister June & Mack McQueen, Terry Vellam & family, all of Penticton, BC, the Cecil Bruggers of Osoyoos, BC, Evelyn Evans and Arlene & Garry Henessey, and Bill & Gladys Haner, all of Vernon, BC. On the way home she stopped at Regina and visited with friends Ruth and Carol Oliver for a couple of days. An enjoyable holiday.

Council Clips

A regular meeting of Council was held last Tuesday evening with Councillors Graham, Willis, Trout, Everett, and Nylen in attendance, Mayor Drebit presiding. Councillor Blais was absent from the meeting.

At the meeting Council agreed that the Town of Minnedosa will now administer the cabin leases with a 10% remuneration fee. Previously, the Parks and Recreation Board undertook the task.

Council referred a request for support for the RCMP Summer Youth Employment Program for 2000 to budget discussions. The cost to take part in the program is $4,718.20 for an eleven week program at 37.5 hours per week. The accepted candidate will be provided with a uniform, and will perform tasks designated by an accompanying officer. The Administration was instructed to send letters to surrounding municipalities regarding cost sharing.

Council members were authorized to attend the Manitoba Good Roads Association Annual Banquet and Awards Presentation, February 27th. The Mayor was authorized to attend the 2000 Mayors and Reeves meeting.

By-law No. 2414, to provide for appointment and remuneration of election officials was given second and third reading, as was By-law No. 2415, to establish the number of days for revising the list of electors was given second and third reading. According to By-law No. 2415, the revising officer can revise the list of electors for one day. By-law No. 2416, to establish the number of days for an advance poll was also given second and third reading. According to the by-law advance polls will be held for one day, the Friday immediately preceeding the date of the election.

A delegation from Heritage Co-op was heard by Council in camera.

A request from the Minnedosa District Heritage Foundation to install a public washroom at the Heritage Village was referred to budget. A request from the Minnedosa Parks and Recreation Board to rebuild and gravel the campground road was also referred to budget.

Erickson & District News

by Almie Paulsen

It's been another beautiful week of weather for Manitoba so before long the crows will be heading North.

Mr. & Mrs. Steve Shindela recently returned from a 2 week vacation at Dominica Republic.

Mrs. Jackie Skipper is home after being in Brandon Hospital, and it's good to see her up and about again.

Laura Tiller is now a resident of Parkland Home. Hope you'll enjoy your new residence Laura.

Get well wishes are extended to Mrs. Mabel Hillstrand, who had eye surgery in Brandon and was then sent to Wpg. due to a very rare eye infection.

Olga Hall had her family home on Jan. 28th weekend for her 89th Birthday. Leona & Don came from Calgary and Portia & Ed from Wpg. to be with her and her near-by families.

Ken & Jackie Greavett's new home, about a mile East of Beatty's Esso Service South of Erickson, is almost completed.

Paulette Haralson and daughters Susan and Wendy of Wpg., spent last weekend with Paulette's mother, Kay Kotyk, and helped her celebrate her birthday. Susan and Wendy also visited Grandma Anne Haralson and their father Claire.

Erickson friends of Earl Ramgren (a former Ericksonian) are sending Best Wishes for better health to Earl, who is very ill in a Vancouver Hospital. Earl resided in Port Coquitlam and had surgery. He subscribes to "The Tribune" and we hope his knowing his hometown friends are pulling for him, will help to cheer him.

Gordon & Marg. Hammell have returned from a trip to Ottawa and Belleville where they visited family and friends.

Feb. 2nd Cribbage Winners at the Legion Hall were 1st - Nestor Gregorash, 2nd Teri Syslak, 3rd Anne Kingdon and Roy Ellingson. Lowest scorer was Gertrude Ewasiuk.

One volunteer can do good but many can do better! The volunteers in the COPP's program welcome you, and would like to see an increase in patrollers. Just one night - one night a month - or - whenever during the year helps. What pride there is in knowing you have made a difference. Application forms are available at the town office and meeting are held 3rd Wed. of each month.

Sincere sympathy to the Pengelly families on the death of their granddaughter in Edmonton about 3 weeks ago. Candice was only in her early twenties and was under doctors' care in Eastern Canada and then in the West.

Congratulations to Ron Stitt and his rink who won the First Event in the annual Dauphin Farmer's Curling Bonspiel held last weekend in Dauphin. Curling with Ron were his brother Terry (third), Dave Bencharski (second) and Jackie Bencharski.

Erickson Lions Club held their "Meet The Governor" Event on January 27/2000 at J.D. Family Dining. Lion President Larry Squance chaired the evening and introduced Lion District Governor Sharon Brooks and her husband Lion Marvin Brooks. District Governor Sharon Brooks conducted an induction ceremony for new Lions member Henning Pedersen and presented 20 year Chevron Award to Lion Tom Mochnacz and 15 year Chevron Award to Lion Ron Wilmot. Following a delicious smorg supper, the evening was capped off with a social gathering.

Erickson Lions 200 Club Winners

Dec. 29	Henry & Helen O'Shust	$100.
Dec. 31	Mike Geletchuk	$100.
Dec. 31	Marion Allan, Bea Fink & Ella Fleming	$100.
Jan. 11	Joe Lenkewich	$100.
Jan. 15	Ron & Leona McInnes	$100.
Jan. 21	Jack & Pam Stacey	$100.
Jan. 28	Bill Masters	$100.

Erickson Legion Branch #143 News

by Cde. Pam Stacy

A smaller than usual number of members turned out for the regular meeting on February 1st, 2000 and the rest of us hope that some of the absent ones are enjoying their vacations wherever they are.

Cde. Roy Ellingson reported that the District Cribbage Tournament is set to go on Friday. There will be 40 participants and 3 zones represented; we hope they have a good day. Our Ladies Auxiliary will provide the lunch.

Plans for the 2000 Homecoming were discussed. Veteran's Day is July 13th, so the Erickson Legion, Auxiliary and Flying Club will work together to serve breakfast that day and there will be Bingo in the evening. Suggestions for activities during the day included cribbage and softball, but we are still open for more ideas.

It was agreed that the Legion would take part in a parade in June when the TransCanada Trail Relay 2000 would be in Erickson, and also that we would make a donation towards supper that day for participants.

Cde. Vic Bachewich contacted the Elementary School in Erickson regarding the Legion Tulip Bulb Sale, but they are already involved in another fundraising project. Pamphlets describing this campaign will be distributed in Erickson and Onanole. All tulips must be ordered and paid for by the end of March for delivery in time for fall planting. Cdes. Jack & Pam Stacy are coordinating sales; please contact them to order your bulbs.

In response to a letter of Chantel Porteous, requesting financial assistance for her expenses when she travels to Tangenict as part of a 4-H program, the Legion approved a $200 donation.

Cde. Larry Syslak reported that the new Bingo games starting today, will have a starting time of 7:15 pm instead of 7:30.

February 12th will be our Legion Ladies Appreciation Night, and our hard working Entertainment Committee will be busy again. Thanks to Cdes. Elaine & Jim Butler for swelling the ranks of that Committee.

The House Committee reported that increased security for the Legion building has already been started, and that there will be improved outdoor lighting as soon as the frost is out of the ground in spring.

Cde. Maurice Godin advised that Veterans may receive an inoculation against pneumonia free of charge, which lasts for 5 years. If you are interested, contact Maurice.

Legion Members voted to provide $200 to the family of Willard Huntinghawk to help defray their expenses when travelling to Ontario with him. Willard is waiting for a heart transplant and we wish him, and his family, a very successful outcome.

Cdes. Maurice Godin and Jim Butler were appointed our voting delegates at the District 2 meeting in Neepawa in March. President Vic Bachewich and Cde. Elaine Butler will also attend, and the meeting is open to all Legion members.

Several local Legions are holding bonspiels this month. Rapid City, Strathclair and Neepawa. They are all looking for curlers, so please get your entries in soon.

New Canadian Peacekeeping Service Medals are available, so, if you are eligible to receive one, please apply to your Legion, with supporting documentation. Word has been received that the Legion 75th Anniversary Pin may be worn on the right lapel of the uniform, effective immediately.

Each year, Anne Landers encourages sending valentine cards to veterans in care homes. It is a nice way to say "thank you" to them and to let them know that you're loved and not forgotten. Everyone is encouraged to send off a few addressed to: "Valentines for Veterans", Communication Division, V.A. Canada, P.O. Box 7700, Charlottetown, P.e.I. C1A 8M9. Veterans Affairs will distribute them.

Ontario Command has produced a series of books containing a history of World War 1, which are presently for sale, and will be producing similar series for W.W. 11 and the Korean War. If you are interested in purchasing any of these, please contact our branch for an order form.

All the pictures and plaques on the wall in the Legion Hall have been rearranged by Cdes. Larry Syslak and Jim Butler and look great now. Be sure to drop in and take a look at them.

Carrying On A Tradition

Braendle-Bruce Funeral Service

What Do You Say To A Grieving Widow?

Because it is so difficult to know how a grieving person really feels, we advise that you not say : "I know how you must feel." It is not necessary to force a conversation, nor to extol the virtues of the deceased to the grieving family.

Silent expressions of emotion and compassion (like a firm gripping of the hand) and a simple, "I'm sorry" are frequently more eloquent than talkative attempts at eulogies.

Listening and just "being there" shows that you care. Your presence is an indication of your desire to be sympathetic and comforting.

Above all, don't try to jolt a grieving widow out of her grief. Time will do it for her gradually. She must first accept the loss, then begin to live with it and pass through several emotional stages before the natural healing effects of time take hold.

We welcome your questions and comments on this and other subjects.

Rookhurst News

by Clarence Williams

Don & Brenda Williams of Wpg., were weekend of the 29 & 30th visitors with Don's parents, Horace & Anne Williams.

Clarence Williams spent the 29 & 30th weekend with his daughter Corraliene and Brian in Brandon.

It seems quite a few people in the area are staying close to home on account of the flu bug.

According to reports, the ground hog did see his shadow on Feb. 2nd in Manitoba, which is supposed to be a sign of a late spring.

Sandy Lake & District News

Elsie and Sylvester Kristalovich visited with their daughters Shirley and Sherry, son Keith, daughter-in-law Margie and grandson Miles in Brandon for Christmas. Ukrainian Christmas visitors to their home in Sandy Lake included Elsie's brother Steve Tryhuk of Winnipeg, brothers Maurice and Archie Tryhuk of Brandon, and sister Marilyn Tryhuk of Montreal. Lawrence and Bev Kristalovich of Tyndell also arrived to share in the festivities.

February is Heart and Stroke awareness month. Canvassers will be knocking on your doors soon to assist in fund raising for research and and the promotion of healthy lifestyles here in Manitoba. Any support you can provide will be appreciated - as they say - it will do your heart - and many other hearts - good!

Sandy Lake Legion Ladies President Phinette Kristalovich, accompanied by Anne Huculak, Jean Nechwediuk, Mary Fiarchuk and Deputy Zone Commander Sadie Rystcphanuk attended the annual Zone #23 meeting of District 2 Legion Ladies Auxilliaries hosted by the Legion Ladies Auxilliary at Hamiota on February 1st. The Sandy Lake Legion Ladies will host this morning event in February 2001. On the evening of February 1, the Ladies Auxilliary held their regular meeting at the Drop-In Centre. The meeting agenda included the following: Christmas volunteer and donation acknowledgements, invitations to the Branch Zone meeting in Strathclair this month and the Auxiliary District 2 meeting at Shoal Lake in March, a request from Provincial Council for membership statistics, the initiation of new member Sharon (Lewandoski) Liebing and the installation of new President Phinette Kristalovich, discussion of the upcoming quilting bee in preparation for the May Raffle, the distribution of Heart and Stroke canvass packages by Convener Joyce Coulson, and a review regarding the Centennial Cookbook program - over 3000 books have been sold and the Auxilliary has received their second shipment of books.

Aloha to Diane Bachewich who recently returned from Hawaii.

Warm get well wishes to John Millenchuk who is recuperating at the Erickson District Health Centre.

Scholarship Recipient

The Canada Millennium Scholarship Foundation is pleased to announce that Natalie Burtnick, of Elphinstone, MB, has been awarded a Canada Millennium Scholarship in the amount of $3,500.00 for the 1999-2000 academic year.

This scholarship, which originates in an initiative of the Government of Canada, is one of more than 75,000 awards, totalling more than $215,000,000, which the Foundation is making to young Canadians as part of Canada's celebration of the new Millennium.

Natalie is enrolled in Child Care Education at Assiniboine Community College in Brandon.

Four Generations

Standing L-R, grandmother Debbie Burtnick, mother Natalie Burtnick. Seated, great-grandmother Ella Desiatnyk, great-granddaughter Naomi.

Standing L-R, grandfather Larry Burtnick, mother Natalie Burtnick. Seated, great-grandmother Mary Burtnick, great-granddaughter Naomi.

Newdale & District News

by Olive Waddell

Sympathy from the district is extended to Teresa Byskal & family in the passing of her mother in Toronto on January 27, 2000.

The outdoor rink has been flooded with help of the fire truck and the Lion's Club smoothed out the bumps. The youth have been making good use of it during these milder days. Above the play area I saw a crow or raven sitting on the above wires. Perhaps it was trying to make a telephone caw...

Best wishes go out to all those who are in hospital, and right now there seems to be an epidemic of emergent cases, in Brandon, Minnedosa and Winnipeg hospitals. People are gradually recovering from the flu.

Sunday, Jan. 30th was Epiphany 4 and theme of Rev. Hunter's message was "Foundational Life Searches" with emphasis on the 4 central tasks of the ministry of the church is to help people in: 1) the search for individuality; 2) the search for Community; 3) the search for meaning; 4) the search for hope. Meaningful scripture was based on the Gospel of Mark's story of a man with an unclean spirit whom Jesus healed. Rev. Hunter gave a challenge to the 6 young boys present in the children's congregation, to be lights in the world as they each lit their candle over prayerful thoughts.

Twenty-eight people from the Strathclair - Newdale - Cardale Pastoral Charge met in Newdale for the Jan. 31, 2000 Annual Meeting. Brent Fortune of Cardale, welcomed all. Holly Shurvell of Newdale, was Recording Steward. Rev. Bob Hunter led the Devotions. All reports were read and accepted. Budgets for the year have been set and a number of upcoming events were noted. Lunch and fellowship brought the evening to a close.

The fifth Whist Party of the season was held in the Drop-In Centre in Newdale on Friday evening, Jan. 28th. There were 3 tables of cards. Winners were: Ladies - High - Dorothy Ray; 2nd Phyllis Tolton; Travelling - Hilda Davies. Men's High - Gordon Waddell; 2nd Eileen Bradley; Travelling - Gordon Waddell. Lunch and a social time concluded the evening.

Newdale History Book Update

The Newdale Community Historical Society is progressing well with the update to the 1970 History Book. To date we have received about 80 new and updated family histories. Even though the deadline for submissions has passed we are still able to accept family histories. We are able to do this because the typing committee is putting all histories onto computer disks, which will be sent to the printers - "ready for printing". So we encourage anyone who thinks the deadline has passed to send in our History, it will still make the book.

We are still looking for any 'original photographs' used in the 1970 book as our scanner is not doing a good enough reproduction on several, the old water tank, the section gang and the old stone school, as just a few that are needed. Let the committee member know if you have any of these original photos. We've had a wonderful response for old and new photographs and they should make the new book a truly great keepsake for both the younger and older generations. Many of our meetings are delayed starting as we all ponder the pictures: Who? is it, Where? is it, or When? was that?!

As we see our small towns shrinking, it seems more important than ever to honour and remember the hard work and sense of community our pioneer families brought to building these thriving communities, and the hard work needed of the younger generation to keep these towns alive for their children to enjoy. There's still time to be included in this great updated history book, please send along your family history and photos right away.

Natal Raven's Glen W.I. Meet

On Jan. 26/2000, members of W.I. met at Harrison House at 1:30. Pres. Phyllis Tolton led in reading The Mary Stewart Collect in unison. Opening by Jean Watson was a poem from "Ideals". Roll Call was answered by 9 members giving hours of W.I. work and naming a prairie plant of medicinal value.

Minutes of Dec. & executive meeting and Treasurer's Report were read and approved.

Friendship sent: 5 get well, 3 birthday & 3 sympathy cards.

Education - Ida Bradley. Sunspots have associated solar winds that can cause problems for many modern technologies.

Correspondence - acknowledgements from 3 of the Gov't officials to whom letters re: the farm crisis were sent; and thank you from Child & Family Services for Christmas gifts.

Business - An invitation had been received from Erickson W.I to join them to celebrate W.I. Day in Feb. Motion made to accept the invitation and not have a local celebration this year.

EMO President had been approached by the local Councillor re W.I. helping with organization of EMO. Five of the executive attended 2 meetings and met with Shirley Dunn of Red Cross for training in registration if there was an emergency.

Regional Convention in April is in Virden. Natal is responsible for the Celebration of Life Service.

Children's Hospital Book Mart books may be left at Ida Bradley's Mar. 20-25. Articles for Goodwill Industries will be collected the first week of May at the Drop-In Centre.

Six guests joined us for our program. Shirley Pederson introduced our guest speaker. Const. Laurie Martin, RCMP, Minnedosa. She showed a video for parents of 9-13 yr olds - the age when decisions are made on 4 of the most common drugs 1) tobacco (2 alcohol 3) inhalants 4) marijuana. Reasons why they indulge: 1) peer pressure 2) curiosity 3) lack of self-esteem 4) boredom 5) example of older people. Communication is important between parents & family and should be started as early as 3 years old. Parents should get together and let the children know drugs are not acceptable. Questions & discussion followed.

Closing - Jean Watson. It takes a woman to make a home.

Lunch was served by Jean Watson and Edith Waddell, assisted by others.

Rural Mucinipality of Strathclair

PUBLIC NOTICE

PUBLIC NOTICE is hereby given that the Council of the Rural Municipality of Strathclair intends to pass a by-law on the 8th day of March, 2000 at a meeting to be convened in Council Chambers at the Rural Municipality of Strathclair at the address in the Village of Strathclair, in the Province of Manitoba at 9:30 o'clock in the a.m. for the purpose of closing the following portion of public highway:

All that portion of Plan of Public Road Plans 3188 (NLTO) and 3259 (NLTO) as shown bordered in a solid black line as Parcel A and Parcel B, upon a Plan of Survey made by Duncan Robertson, of the City of Brandon, Manitoba Land Surveyor certified to by him on the 7th day of January, 2000.

At such meeting, prior to the passing of said By-law, the council will hear any person, either in person or by counsel, Solicitor or Agent of any person whose lands may be prejudicially affected thereby and who petitions the Council to be so heard.

The said By-law may be inspected at the Office of the Rural Municipality of Strathclair, 127 Minnedosa Street, Strathclair, Manitoba at any time during regular office hours, prior to the passing thereof.

Dated this 1st day of February, 2000.

For a limited time at your Chevrolet • Oldsmobile dealers.

We'd like you to know more: Come visit us at your local dealer, on our website at www.gmcanada.com or call 1-800-GM-Drive. *Offer based on a 36 month lease for a 2000 Cavalier Sedan R7Z, Malibu R7Z, Venture R7Z, Blazer 4 Door 4x4 R7Z, Silverado Regular Cab R7Y and Silverado Extended Cab R7Y - accepted as described. A down payment / trade of $2,250 / $3,050 / $3,950 / $4,750 / $3,275 / $2,425 and $300 / $325 / $300 / $350 / $300 / $400 / $425 refundable security deposit is required. Total obligation is $10,098 / $12,598 / $17,398 / $13,648/$16,673. Annual kilometers limit of 20,000 km. $0.12 per excess kilometre. Option to purchase at lease end is $8,573.66 / $11,439.05 / $13,473.26 / $21,923.75 / $15,282.50 / $17,276 (plus applicable taxes). Other lease options available. Includes freight. Excludes license, insurance and taxes. Dealers are free to set individual prices. †1.9%/2.9% Purchase financing on approved GMAC credit only. Example: $10,000 at 1.9%/2.9% APR, the monthly payment is $216.52 / $225.90 for 48 months. Cost of borrowing is $390.96 / $603.20. Total obligation is $10,390.96/$10,603.20. Down payment, trade and/or security deposit may be required. Monthly payment and cost of borrowing will vary depending on amount borrowed and down payment/trade. ††The SmartLease monthly payment and the GMAC purchase finance rate is not calculated on and not available with the "Cash Purchase" price as shown. The difference between the price for the SmartLease/GMAC Purchase Finance offer and the "Cash Purchase" price as shown is the cost of borrowing, whether or not the same components actual borrowed and is required to be registered as an annual percentage rate which is 4.28% (Cavalier Sedan) 4.77% (Venture Van), 4.36% (Blazer 4 Door 4x4), 3.60% (Silverado Regular Cab) and 5.37% (Silverado Extended Cab). Offers apply at participating retailers to new or demonstrator 2000 models equipped as described. ^/^^Offers apply to qualified retail customers in the Prairie Chevrolet Oldsmobile Dealer Marketing Association only. ‡Published by Natural Resources Canada. Fuel Consumption Guide, 2000. ▲ Car or Light Truck. ▲▲ Test conducted by the National Highway Traffic Safety Administration(NHTSA). Dealer order or trade may be necessary. Limited time offer which may not be combined with other offers. See your dealer(s) for conditions or details. www.gmcanada.ca is a trademark of General Motors Corporation.

Look who's coming home ...

We've heard from the Hoggs and Clarks of Minnedosa, as well as
Vern & Bernice Fraser, B.C.;
Jim & Pam Smith, Saskatoon
Bill & Debbie Andruniak, Ontario;
John & Helen Dyck, Wpg.;
Betty Steffens, Wpg.;
Wanda Austin, Brandon;
Maxine Laws, Calgary;
Linda Waters, Calgary, AB;
Mavis Misner (nee Trott), Everett, Washington USA;
Jean Riddell Lee, Trail BC;
J. Arthur Reid, West Vancouver, BC;
Harvey & Betty Ebner, Neepawa;
Marjorie Hopkins, M'dsa;
Bob & Olive Templeton;
Ron & Celina Classen, Grande Prairie AB;
Glen & Sylvia Ohlinger, Edmonton;
Geraldine McDonald, Kamloops, BC;
Wes Mytruk, Richmond, BC;
Kathy Andruniak, Indianapolis, IN;
Jim & Pat Simmons, Bdn.;
Donna Livingstone, Bdn;
Russell & Leona Sparrow, Bdn;
Shirley (Strahan) Mickowski, Ottawa;
Don & Frances Strahan, Ottawa;
Gail (Shackell) Beaton, Wpg.;
Tom, Evelyn & Mrie Delgaty, M'dsa;
David & Vicki Cooper, Coldstream, BC;
Marjorie (Sharp) Mitchell, Mississauga, ON;
Ellen Everett (Cornwall), M'dsa;
Mary Tippett (Cornwall), Ottawa, ON;
Edward Everett, Wpg.;
Sally (Everett) Budlowski, Wpg.;
Dale & Judy Tilling, Regina, SK;
Art & Betty (Kingdon) Iverson, M'dsa;
Mrs. Frances L. Knapp, Sherwood Park, AB;
Norma (Ross) Nordlinger, Wpg.;
Keith Williamson, M'dsa;
David & Marilyn Ferguson, Saskatoon;
Robert & Audrey Madill, Chase BC;
Violet Thurston, Wpg.;
Lloyd & June Kuhn, Comox BC;
Dagmar Ferguson, Inglis MB;
Dave & Norma Abel, Wpg.;
Ken & Jean Burgess, Bdn;
Ian & Carmen Haywood, Edmonton;
Jim Haywood, Fort McMurray AB;
Peter & Joan Copiak, Qualicum Beach BC;
Jack & Lynne Bell, Edmonton;
Lloyd Abel, Wpg.;
Ken & Pam Campbell, Wpg.;
John & Doris Tippett, Kelowna BC;
Jacqueline Johnson, Calgary;
Brian & Barb Boleen, Whitehorse YT;
Bill & Dorothy Matheson, Cochrane AB;
Gordon & Carla Paler, Ladysmith BC;
Averill Wright, Outlook SK;
Dennis & Cheryl Brogger, Tom & Jean Jack, Margaret Cornborough, Merv & Gloria Dilabough, all from Brandon;
Bob & Deirdre Bayes, Wpg.;
Earl & Val Wickdahl, Erickson;
Cecil & Leona Jury, Marguerite Carlson, Neil, Olive and Mark Cameron, Murray & Debbie Haywood and Fred & Florence Haywood, all from Minnedosa;
Janice Goodwill, Souris;
Charlene (Turner) Kroeger, Calgary;
Neil & Doris (Telford) McDiarmid, Victoria;
Denise (Telford) Andersen, Dryden ON;
Bill & Val Atkinson, Abbotsford BC;
Jack Hooper, Wpg.;
Lyle & Lieta Robinson, Burnaby BC;
Patty Best, Jasper AB;
Lorne & Betty Curwen, Wpg.;
Edith (Kingdon) Parsons, Jen Paler, Williams Lake BC;
Lorne & Louise McCollum, Thunder Bay ON;
Doug & Carolyn Crawley from Minnedosa;
Ronald & Joyce (Firby) Shaw, Birtle;
Deryl & Bev (Habing) Thompson;
Susie Currie, Squamish BC;
Valerie Shellborn, Dnanole;
Alex & Vi (Duesnel) Ross, Wpg.;
Robert W. Hooper Sr., Nancy J. Hooper and Robert C. Hooper, Wpg.;
Dick & Evelyn Iverson, Burlington ON;

community owned, community minded

The 20% solution

Looking for a portfolio boost? Tired of low interest rates on your GICs? Consider the "20% Solution".

One key success factor to reaching retirement goals is achieving an adequate rate of return. Today we are faced with 5% & 6% GIC rates while a well balanced portfolio of equities should be able to achieve a 10% rate of return over the long term. Why settle for 5% or 6% when you can get 10%? You might not want to take the risk or are happy with 6%, but consider the cost.

Take a look at a $130,000 portfolio comprised of $90,000 in GICs (01/01/94) and $40,000 in mutual funds.* Annually over the next four years 25% of the GICs mature. If you simply follow the "20% Solution", putting 20% of the maturing value of each GIC into mutual funds (same weightings) each year and renew the remaining balance back into GICs, your portfolio would grow at a faster pace.

At the end of the four years your portfolio would consist of 62% GICs and 38% mutual funds. Not dramatically different from where you started (69% Gics, 31% Mutual Funds) and still within your risk tolerance. What difference do you think this would make?

If you simply renewed the GICs in five year terms and didn't add mutual funds, your portfolio would be approximately $185,000 after four years. Compare that to using the "20% Solution" each year; your portfolio would grow to $192,000 (a $7,000 difference) and the further you project the bigger the difference. This is an extra $7,000 in your portfolio without adding significant risk. Plus, this is looking at a period when GIC rates peaked at 9.25%. It is safe to assume rates will not get that high for quite a while, if ever.

The next five to seven years are most likely going to be the best time in history to invest in equities. Demographics will continue to be a huge driving force for the markets as more money chases fewer stocks. We are in the midst of a technological revolution, governments are balancing budgets and reducing debt levels, unemployment has never been lower in many countries and inflation remains relatively in check. The opportunities going forward are tremendous but only if you take advantage of them when presented.

Waiting to see what will happen is not the answer. As baby boomers age the demand for borrowing money diminishes and imagine about seven years from now when these boomers start to retire and look at ways of generating income from their retirement portfolios. They will look to GICs and bonds. Some governments are starting to discontinue bonds, so don't be surprised to see a five year GIC or bond yielding of 2% to 3%.

Bottom line, the markets are painting a picture following the old adage "get in while the getting is good". If you have an investment horizon of five years or greater, talk to your Rice Investment Advisor today about the "20% Solution"!

*$10,000 in Templeton Growth and $30,000 in Global Strategy Income Plus

You can share in international market growth

From the mountains of Peru to the Siberian oilfields, investors are traversing the globe in search of potential high-yielding investments.

And what investments they're finding: gold to rival the Mayans', mineral wealth under the sea - and countries that are industrializing so quickly they will swell demand for resources and consumer goods.

Accompanying growth in demand is the prospect of burgeoning stock prices for companies that produce what the world needs and wants.

You can share in this potential by investing in international markets through mutual funds. In your RRSP, you can hold up to 20% in foreign securities. Global investing has the added advantage of serving as a hedge against a possible decline in value of the Canadian dollar.

Besides, Canada accounts for a mere 3% of the world's stock market capitalization, which means 97% of the action is taking place in other countries, where markets often outperform our own. And since markets do not rise and fall together, by raising your international holdings, you reduce your risk and tap into their investment opportunities.

Historically, big foreign markets have offered opportunities not available in Canada. Think of IBM and the giant U.S. drug companies, for which there has been no Canadian equivalent.

"Only 20% in my RRSP?" you might say, "Pity."

Not necessarily. There are ways around the foreign content limit. Some companies offer international bond funds that are eligible for inclusion in RRSPs because the securities are issued by Canadian governments and corporations or agencies such as World Bank.

As well, many RRSP-eligible mutual funds can hold up to 20% of their assets in foreign stocks and bonds. By choosing the right funds, you can effectively increase the foreign content in your RRSP. The strategy is simple: take full advantage of your own 20% limit and put the balance of your RRSP money in Canadian mutual funds that in turn take full advantage of their own allowance.

The advantages of such a strategy are compelling. While you must be willing to accept some volatility, whether from currency swings or political or economic uncertainty, in the long-term, rapidly industrializing economies offer tremendous growth potential.

The indicated rates of return are the historical annual compounded total returns for the period ended December 31, 1999 including changes in unit value and reinvestment of all distributions but assume no optional charges payable by a unitholder which would have reduced returns. Performance data represents past performance and is not necessarily indicative of future performance.

ROYAL MUTUAL FUNDS

QUIETLY CREATING WEALTH

Royal Mutual Funds are sold by Royal Mutual Funds Inc., a member of Royal Bank Financial Group. Important information about the mutual funds is contained in the simplified prospectus, copies of which may be obtained in any branch of Royal Bank or Royal Trust and which should be read carefully before investing. Unit values and investment returns will fluctuate.

The truth behind the TSE 300 Index

Canadian equity mutual fund managers are constantly compared to the index. Those same managers have also been hard pressed to out perform the index about half the time. Now, before you think about running off and trying to buy an index fund or the index itself, you need to understand the index a bit first.

The TSE 300 Composite Index is made up of the exchange's largest stocks as measured by their markets capitalization (the number of outstanding shares multiplied by the stock price). Among other conditions for inclusion, companies must have 12 months on the TSE under their belt. But if the company meets the other criteria, it may be able to jump the queue, as happened when Bre-X Minerals Ltd's market cap exploded in just a few months in 1996. the index was launched in 1977, with numbers worked out using historical information back to the beginning of 1956. Its value was set at $1,000 as of April, 1975.

The index is always fully invested, it doesn't carry any cash. This is great during a bull market when cash can become a drag on performance but when the market turns, its like having no brakes on a runaway train.

Buying the index is not a short-cut to a well diversified portfolio. Sure you're buying a basket of 300 stocks but you are also taking some big positions in a few stocks. Nortel Networks and BCE now represent almost 20% of the entire TSE 300 and as of the end of August a mere 15 companies accounted for 45% of the TSE 300's total value. This means that you are taking a big bet on a few companies, not so diversified is it.

The index is continuously slanted towards a growth style of investing, rather than the value approach that has traditionally been viewed as more conservative.

As the capitalization of a stock increases, so does the weighting it receives in the index and the larger the percentage it makes up of any mirroring fund. The result "Companies get thrown out at low value and put in when their value is high", says Ian Hardacre, manager of the Trimark Canadian fund.

The next time you are comparing your fund performance to the index make sure you are comparing apples to apples.

A matter of timing

Knowing when to dive in may give you the jump on other investors

Everyone has heard the saying "when the going gets tough, the tough get going". When talking about investing, it should really be "when the going gets tough, the tough jump in"!

Time and time again in the mutual fund industry we have seen investors turn on a mutual fund the minute performance starts to lag. It seems every time performance from a specific sector struggle, the average investors line up in droves to sell. The very first principle everyone should learn about investing is "buy low sell high". So why is it then, the minute a sector turns, investors want out? It is totally irrational thinking and unfortunately, even though buying low and selling high is a very simple concept, it seems only the sophisticated and knowledgeable investors seem comfortable with. Let me give you some examples.

In July, 1997, many of Trimark's Canadian mutual fund unit prices peaked, specifically Trimark Select Canadian Growth. From then, the fund started to slide for almost two years. If you had invested $10,000 in that fund and held it for the last two years you would have just broken even at the end of July '99. After the first year, your investment fell almost 20%, but if you followed, "when the going gets tough the tough jump in", you would have added to that fund because it was cheap. Increasing your investment by an additional $10,000 after the first year. Your portfolio would be worth $22,691 today. For a cumulative return of 13.4% over two years, much better than zero if you had done nothing, or worse if you had sold.

The same thing can be said for Asian mutual funds where the numbers are even more dramatic. In 1997, the median Asian fund lost 24.9% and the MSCI far East Index lost 23.4%. The following year the median return was -2.9%, but so far in 1999 it has been 32.9%. If you had done the same thing as described above you would have been greatly rewarded at the end of two years.

Today, we see a similar picture developing with several popular AIC mutual funds struggling in 1999. I can't stress this enough, the best time to get in is when the going gets tough. Therefore,look at the recent downturn in the AIC Advantage fund for example, as an excellent opportunity to buy some great companies at some great prices.

In trying to drive the point home, a real life example of the saying "when the going gets tough,the tough jump in" is the famous cliff divers of Acapulco. They jump from the side wall of a shallow ocean cove. The secret is hitting the water when the incoming wave has raised the depth of the water to its maximum level. In other words, the diver must jump in when the conditions appear most perilous. To be successful, investors must learn to "jump in" during market corrections and assume the next bull market "wave" is already on its way.

Past mutual fund performance is no indication of future returns. Sources: Bellcharts, Globe Hysales & AIM Investments.

It's time for the Federal Department of Waste

With the revelations of a billion missing dollars - if not three billion - at the department of Human Resources (HRDC), combined with the latest edition of John Williams Waste Watch report, not to mention years of Auditors General reports that chronicle billions in mismanaged tax dollars, the time has come for a new federal department, the Department of Waste.

Now while you may think this the mere raving of a taxpayer advocate, it is actually a suggestion with some merit. Organizations in the public and private sector alike are rethinking their departmental and management structures.

Departments of Personnel are now called Departments of Human Resources. Directors of Organizational Review are now referred to as Change Management Leaders.

So why not do the same for the federal government? HRDC doles out CPP, OAS, EI and other types of assistance cheques each year. Let's just call it the Department of Assistance. National Defence, the RCMP, customs and excise officers and CSIS could be regrouped in a new Department of Security. Finance, the Revenue folks, Treasury Board and other similar units could be consolidated into the Department of Money, and it could go.

Now we turn to the Department of Waste. Job funds, industrial handouts, and the litany of offensive funding schemes courtesy of Canadian Heritage from lesbian port films to dead rabbit displays to flag giveaways to dumb blonde joke books to publishing past horoscopes (can you say Back to the Future?), they would all be there.

And we shouldn't forget the Millennium Bureau of Canada and its $143 million for Y2K activities like millennium sundials, 10 storey dinosaurs and a Viking symposium.

This suggestion is not off the wall. On the contrary it should be a transparent approach to the reporting of public finances. If the government isn't going to end these boondoggles, at least it could be honest and tell us how much it is wasting. If businesses can account for bad debt and uncollectible receivables on their books, surely the feds can quantify the sum total of squandered taxpayer dollars on an annual basis.

The challenge for Ottawa each year would be to reduce the Waste Department's budget in terms of percentages and actual dollars spent, er, I mean wasted. And given the recent revelations of HRDC's mission billion dollars, if they just end this funding boondoggle next year, they'd be making progress. To recap, a fall 1999 audit of 459 files (worth $1 billion) in the HRDC jobs fund program yielded some shocking results.

- 97% weren't checked to see if the recipient owed money to HRDC;
- 72% had no cash-flow projections;
- 25% provided no description of activities that the funds would support; and
- 15% of recipients received money without formally applying.

Think about it, the HRDC folks and Minister Jane Stewart can't find a billion dollars. If you were given a billion dollars to spend (wow), you'd have to spend an average of $2.7 million a day, every day for an entire year. This works out to $114,000 per hour, over $1,900 a minute or $32 per second. Could you do it, probably not, but rest assured, our government sure can, and did!

Taxpayers are justifiably enraged about this boondoggle. And the fact that the Minister in charge sees no reason to clean house or fire the jabronees responsible is simply unheard of. Yes, the time has come for the Department of Waste...

Walter Robinson, Federal Director Canadian Taxpayers Federation

What types of RRSPs are available

- Choosing an individual plan for your RRSP purchase is the major decision in your overall financial plan. There are three basic types of individual plans available:
- Deposit type plans
- Mutual Funds
- Self directed

Plan features may vary among users.

Deposit type plans

Deposit type RRSP plans are your most common plans. These include savings accounts, term deposits or guaranteed investment certificates. They usually offer a variable or fixed rate of return. Key choices could be term of deposit, such as a daily to multi-year and frequency of interest calculation and payments to the RRSP, which would be daily, monthly, or annually. Another key choice could be deposit insurance coverage.

Mutual Funds

Money Market Funds - which invest in short-term securities such as treasury bills and government and corporate notes.

Income Funds - have the same investments as money markets periodically, but invest primarily in longer-term bonds and mortgages.

Equity Funds - which are RRSP eligible invest primarily in Canadian Stocks.

Balanced Funds - hold all three types of investments.

Mutual Fund investments do not provide a guaranteed rate of return. The funds are divided into units and are updated based on the market value of investments. Sales fees whether front-end loads or back-end loads can be charged on purchase or redemption and all Mutual Funds pay a management fee. When mutual funds are held in an RRSP, income or capital gains distributed are usually used to purchase additional units.

Self-Directed Plan

Self-directed plans are suitable for those of us who have considerable investment experience and knowledge and who have the time to manage this plan. There are transaction and administration fees with these plans so people with limited RRSP funds may find them uneconomical. Locked in RRSP's in some jurisdictions can be used for this investment.

Rapid City & District News

by Grace Fearnley

Monday morning, Jan. 31st, fourteen Seniors met at Minnedosa Bowling Alley. Zetta Stoughton received the Head Pin, and the trophy winners were Chris Stanick and Earl Wilkinson.

On behalf of former neighbours and long-time friends - belated greetings to May Lee Scott of Minnedosa, who observed her 88th birthday Thursday, Jan. 27th.

Judy & Larry Downey of Portage la Prairie, were weekend visitors with their mother, Bernice McTavish, and son Dwight & his family in Brandon.

Doris Esplin returned Thursday, Jan. 27 from an enjoyable 2 weeks vacation spent in the sun at Puerto Vallarta, Mexico. Doris was a guest of Margaret (Taylor) and Karl Hake, who reside at Washington, D.C.

John & Margaret Northam have returned from a week spent with daughters Elizabeth & Russell and Carol & Bob and their 4 young grandchildren, at Regina.

Don & Edith Rice report seeing a Robin in their back yard Monday, Jan. 24th.

The Rapid City & Area Wildlife Assoc. held their annual Membership Banquet at the Senior's Centre on Friday, Jan. 28, 2000. Following supper and a short business meeting, Ms. Nola MacBurney of Rivers, took us on her "Container Ship Cruise" with slides and descriptions. This was most informative and enjoyed by the group. The Executive of the Wildlife for the coming year is: President Bob Christie; Vice-Pres. Gerald Bas; Sec. - Edge Evens; Treas. Olive Walker. Luke Roux was drawn for the numbered fish print "Quick Escape.

Wednesday, Jan. 26 Mary McBurney of Rivers and her daughter Nola, also from Rivers, visited with Mary's sister-in-law, Ethel Moroz of Townview Manor, M'dsa.. They enjoyed a noon luncheon with Ethel as their guest. During the afternoon they called on sister-in-law Mabel Haslen in Rapid City.

Jim Soldan and Art Simpson placed first & second in the District Darts Play-off, hosted by Rapid City Seniors, Friday, Jan. 28th.

Just a reminder for Rapid City readers. This is February, watch for your Manitoba Heart & Stroke envelopes; they will soon be arriving in the mail.

February is "I love to read"month and the Rapid City school children are involved in many activities. They are also making "Place mats" which will be donated to our local restaurant. Should be interesting to see.

Crystal Babes, Angela Harvey and Robyn Garbutt attended the North West-Man Regional Figure Skating Competition held Jan. 30th at Shoal Lake. Robyn received two bronze medals and was selected to attend the Doddy Wardle "Youth On Ice" to be held at Winkler. Crystal was named as an alternate.

I wish to convey sincere sympathy to all relatives, friends and neighbours of Mrs. Ethel (George) Hoey, who passed away at Riverdale Hospital, Saturday, Jan. 29th. Mrs. Hoey was the daughter of a pioneer family, Mr. & Mrs. W.J. Cundy of the Wallace - Oakleigh district, and was a life-long resident of our community.

Cardale District News

by Myrtle Crighton
& Ethel Fortune

Mildred & Graeme Shaw returned home from Houston, Texas, on Monday, Jan. 24. They visited for 2 weeks with son Russell, Lucy & family.

The Novice hockey team (9 & Under) won the A-side of a hockey tournament at Magnate on Sat., Jan. 29, defeating Magnate.

The Tri Town Atoms (11 & Under) lost to Elkhorn on the A-side of a tournament at Virden on Sat. Jan. 29.

At a Pee Wee (13 & Under) tournament at Cardale on Sat., the Tri Town team defeated Virden on the B-side. Strathclair- Shoal Lake defeated Carberry to win the A-side.

Ethel Fortune accompanied Joyce Biccum of Virden to the Tournament of Hearts Curling at Neepawa. Joyce's daughter-in-law and granddaughter were both participating in the curling.

A Shower was held in honour of Wendy Thompson, daughter of Carol & John Vanderhart, in Rivers on Saturday, Jan 29. The Vanderharts are former residents of Cardale.

Laci Peters, daughter of Ken & Lylla Peters, participated in a Regional Figure Skating Competition at Shoal Lake on Sunday, Jan. 30th. She received r in the Elements Competition and 4th in the Free Skate. Congratulations Laci!

George sez: "Nothing seems to bring on an emergency as quickly as putting money aside in case of one"!

Caduricis News

by Doreen Trott & Muriel McManus

Bill, Doreen and Claire Trott atended a Birthday Party at Brandon's Royal Oak Inn in honour of Harry Cooper on Jan. 29th. Congratulations Harry!

Congratulations to Brenda McKinnon and Darcy Caners, who were married in Winnipeg on Feb. 1st. Rixon, Jane and Jim McKinnon attended the wedding.

In Memoriam

Boyd- In loving memory of our wife and mother, Diane, who passed away on February 7, 1997.
Deep are the memories, precious they stay,
No passing of time can take them away.
Quietly today, your memory we treasure,
Missing you always, forgetting you never.
Lovingly remembered by Jack, Rob, Craig, Sandra, Ron and MacKenzie. (C6)

Rochelle - In loving memory of Michael, who passed away February 13, 1998.
In a quiet peaceful cemetery
Where the gentle breezes blow
Lies the one we loved so dearly,
But lost 2 years ago.
It broke our hearts to lose you
But you did not go alone,
For part of us went with you
The day you were called home.
Fondly remembered and sadly missed by wife Christina, daughters, sons and their families. x (C6)

Card of Thanks

Our sincere thanks to relatives and friends for your kindness and support following the loss of our son. For the many floral arrangements, plants, donations of food, cards, phone calls and visits. To Rev. Delgaty for the touching service, the U.C.W. for lunch and Sparrow Funeral Service for arrangements. Bless you all! Jack and Doris Butler. x (CD)

The M.C.I. Teens Against Drinking and Driving organization would like to thank the individuals, businesses and service clubs for donating to our worthwhile cause and supporting our pancake breakfast. This year's T.A.D.D. T-shirts are now available for 12 dollars in sizes M, L, and XL. For more information, contact M.C.I. at 867-2794. Remember: Don't drink and drive!

Thank you to Doctors, Nurses and Staff at the Minnedosa Hospital for the excellent care I received. Also to everyone who came to visit me and for phone calls. May God Bless You. Cecil Andreychuk. x (CD)

Townview Manor residents send a heartfelt big thanks to the many volunteers for our annual General Meeting on the 26th of January and the lovely luncheon, United Church ladies, and also for our monthly birthday celebrations. Medichair will be having a display on the 23rd of February at 9:30 a.m., so please drop in and see the display and have coffee. x (CD)

The Minnedosa Skateboard Association would like to thank these businesses for donating to our raffle draw: The Sundial, Zekes, Saan, Grandmas Attic, Co-op, True Value, Tanner's General Store, and the Fashion House. The raffle winners were: 1st - Marie Robinson, a bird feeder, picture frame, and a ten-dollar gift certificate; 2nd Albert Josephson - cooler, gift basket, and Coca Cola glasses; 3rd - Edith Hay - a hat and t-shirt. We would also like to thank the following for supporting us, and giving us donations: Shorty McLeod, Tom and Evelyn Delgaty, Minnedosa Youth For Christ, Minnedosa Collegiate, Lenn Collen, The Minnedosa Jeans Day, and everybody for their support. (CD)

Classified Ads Deadline Thursdays at 5:00 p.m.

Card of Thanks

There are so many things and people we are thankful for, the list is endless. I apologize to anyone I forgot, please know that it's not intentional. We have all heard the jokes about living in a small town. Well, we're proud to live in a small community and I doubt that if we lived in the city we would have had anywhere near the same support or help that we have had in the last couple of weeks. For that we would like to thank the community for being so kind and generous. To the many groups and organizations including the Women's Institute, Seven Day Adventists, Lutheran Church Ladies, Ride for Life, Sandy Lake Lions, Erickson Hospital Staff, Danvers Community Club, Erickson Lions, Erickson Co-op, and the Erickson Legion, thank you, your generosity is overwhelming and so much appreciated. To every business and individuals who donated towards the auction, to those businesses that donated food for the lunch and to Rod and the Whitehorse Band for donating the music, thank you. To the Retreads and Sacred Heart Church ladies for holding the shower for me, I received many beautiful gifts that will be put to great use. Thank you all very much. To the countless number of people who donated clothes, food, household items and cash, thank you. To the Erickson and Onanole Firemen, who by the early hours of the morning resembled ice sculptures, thank you for being Firemen and volunteering your time to salvage what you could. Hats off to you all for a job well done. Thank you. To our neighbour Alden, who was first on the scene, called the fire department and along with Leo, bravely entered the house to save what they could, thank you so much for caring. To Paul, leave it to you to put up donation lists, arrange the dance and donate all the extras needed for the dance. All your hard work to organize and put on the dance means so much to us. To Tracy for collecting the donations and looking after the auction. Your hard work is greatly appreciated, thank you. To Gail, my dear friend Gail, you have been my angel on earth. Thank you for helping me up when I was down. Thank you for being there when we needed most. Thank you for being you. To Mom, we're sorry for the stress this has put on you. We love you for helping us through this, thank you for being there when we needed you most. To my sisters Edna and Helen, for all the phone calls of love and support and most of all for being with us at the dance. To Allen's brother Lorne and sister Sherry and family. We are blessed to have family who cares and gives so much and expects so little. We love you and thank you. To our children, Richard and Amanda, for your phone calls of love and comfort, and especially for being with us at the dance. To our daughter Hali, this loss is just as much yours, but you have managed to keep your chin up and hold ours up at the same time. We could never ask for a better daughter or friend. Thank you for being strong and for all the work you have done. We love you. We are blessed to have the support of friends and relatives who have helped us in so many ways. Thank you for caring. May God Bless you. Allen and Irene Kopeechuk and Family. (CD)

Obituaries

Mary Allison Ellis (nee Watson)

It is with the greatest sorrow that we announce the sudden passing of Allison Ellis, beloved wife of Gordon, on January 28th, 2000, in Weslaco, Texas.

Allison and her adored twin brother Mac were born on November 11th, 1924, at their parents' home in Scotch Bay, on the shores of Lake Manitoba. Allison and Gordon married in 1951, raising their family and farming at Cordova, Manitoba. They were preparing to celebrate their 49th wedding anniversary on June 16th, 2000.

Left to cherish her memory besides Gordon are her four children and their mates: Mac (Vivian), Betty (Brad Kelso), Sandra (Mike Teillet) and John (Pala Gillis); her grandchildren; Larisa, Martin and Cameron Ellis, Pamela and Curtis Kelso; Matthew and Ryann Teillet; her great-grandson Noah Matthews, her sisters, brothers, and many relatives and friends from across Canada and the United States.

Allison was predeceased by her parents, Esther (McKelvey) and Will Watson, her brothers Mac and Edmund, and her sister Diana Slator.

Allison's passion was taking care of people, whether her family or others. She had a warm heart and a gentle nature, and was always ready to help someone in need. She graduated with the Award of Distinction as a Registered Nurse from the Misericordia School of Nursing in 1950, and took a lifelong pride in her profession, eventually finishing her career at the Neepawa District Hospital. She loved camping, golf, bridge, and just being with people.

A celebration of Allison's life was held on February 3rd, 2000, in Neepawa, Manitoba. White's Funeral Chapel, Neepawa, in care of arrangements.

In lieu of flowers, if so desired, donations can be sent to the Manitoba Heart and Stroke Foundation.

When I come to the end of the road
And the sun has set for me,
I want no rites in a gloom filled room.
Why cry for a soul set free?
Miss me a little, but not too long
And not with your head bowed low.
Remember the love that we once shared
Miss me, but let me go.

"Allie, you were the heart and soul of our family. You will be sorely missed by all."

Eleanor Ann Kadash

Eleanor Ann Kadash was born November 11, 1932, the third child of Joyce (Turner) and Roy Creaser and passed away peacefully in the company of her family. Eleanor was raised in Clanwilliam and came to Brandon where she graduated from the Brandon Mental Health Centre as a Psychiatric Nurse. Over the years, her nursing was a very important part of her life. She always wanted to be part of a caring and helping profession. Eleanor married Leo Ans in 1952 and they had four children: Blaine, Kevin (Sue), Gary (Joanne) and Sharon (Darren McCormack). Eleanor's grandchildren meant the world to her and she spent many hours with them and thinking of them. She was Gramma to: Gary's - Matthew (Mattyhoo to her), Erica and Alan; Sharon's - Allison, Renata and Alex; Kevin's - Thomas.

Eleanor married Alec Kadash on July 21, 1978, and they enjoyed a very special, loving relationship. He sadly predeceased her, so they are now dancing together again.

Eleanor enjoyed a wide variety of things, some of her favourites were: Sewing - she had a small sewing shop called Joyce's Family Circle for a few years; gardening; curling; golf, and especially sitting by the water at her "Bat's Inn" at Otter Lake, and reading or doing jigsaw puzzles. Eleanor was seen at many softball and soccer games, as she loved to see her grandchildren in action. Music was also a great pleasure in Eleanor's life and she loved the family sing songs and the sound of her sisters' "special" harmony. Eleanor was one of the founding helpers of Sweet Temptations Bakery and helped out in any way from babysitting to dishes, serving customers, or wiping tables, and watering plants at the Cafe. And, of course, giving her experienced "critique". Eleanor volunteered at the Nearly New Shop and enjoyed her time there with the ladies.

Surviving Eleanor and mourning her passing are her sisters: Olive Dietrich, Shirley Proven, Arlene Haggerty, Pam Ekstrom and her brothers: Don Creaser and Bob Wright.

There was a visitation on Monday, January 31, 2000. The funeral service for Eleanor was held on Tuesday, February 1, at 2:00 p.m. Both were held at Sparrow Funeral Chapel in Minnedosa.

If friend desire, memorial donations may be made, in lieu of flowers, to the Brandon Humane Society, as her cats Mr. Marmaduke and Prince gave her much comfort.

Garnet Wesley Wagner

On January 21, 2000, Garnet Wesley Wagner passed away peacefully at Minnedosa Hospital. Garnet was born March 3, 1927 in Daly Municipality and moved to the Willow Grove/Minnedosa area with his family at the age of 11. He received his education at Powerville and Willow Grove Schools.

Garnet married Lillian Strahl, daughter of Inar and Edna, on July 16, 1959. They built their home in the same yard as his parents, Herbert and Kate Wagner, and Garnet and Lillian raised their family and farmed, initially a dairy, becoming a mixed farm in later years. Children are Elton Grant, born 1965, Tracy Elaine, 1970, and Trent Herbert, 1974.

Garnet retired from farming in 1993 as his illness demanded that he "slow down". He anticipated and enjoyed the arrival of each grandchild: Nicole and Allyson Budinski and Connor and Taylor Wagner.

Garnet was predeceased by his parents, sister Lulu and brother-in-law Stan Anderson and father-in-law Inar Strahl.

He leaves to mourn his wife of 40 years, Lillian, son Elton, daughter Tracy (Barry) Budinski, son Trent (Shawna) and four grandchildren. He also leaves brother David (Kay), sisters Helen (Donovan) Hockley, Irene (Allan) Sigurdson, mother-in-law Edna Strahl, sister and brother-in-law Elaine and Marc Chisholm, and many nephews, nieces and friends.

A memorial service was held Wednesday, January 26th, 2000, and disposition of the ashes will take place at a later date.

If friends so desire, memorial donations may be made to the Manitoba Lung Association.

Sparrow Funeral Service of Minnedosa, MB, in care of arrangements.

Sidney Allan Worth

Sidney Allan Worth passed away on January 4, 2000, at the Minoru Memorial Hospital at Richmond, B.C., after a lengthy illness with Cancer.

The Funeral Service was held at the Minoru Chapel in Richmond. After cremation, burrel services were at the Memorial gardens, South Delta.

Sid was born on May 9th, 1930 to Phillip and Amy Worth. Phil and Amy, along with their small son and daughter Ken and Rena, came to Canada in 1927 from Penzance Cornwall, England and settled in the valley north-east of Newdale, Manitoba.

Sid attended Fraser School in the Ozerna district. After leaving school he worked in Minnedosa for the C.P.R. and on farms in the area. Sid drove Taxi in Brandon. He moved to Winnipeg where he drove long distance trucks. Then moved on to Calgary where he started his own trucking business with local and area delivery. Sid met and married Del Denton in June 1987. At the time of his illness they decided to sell out and move to Vancouver. He managed a large Condominium complex until May of 1999.

Sid enjoyed music, and could play the violin, guitar, piano, organ, mandolin, banjo, harmonica. At the age of sixteen he won a talent contest at New dale, playing the harmonia and guitar together. Many happy times were enjoyed through the years at family gatherings with music played by Sid, along with Dad on the mouth organ and Mom on the old pump organ, and later Dave and Don joined them.

Sid and Del enjoyed travelling and he went to England to visit cousins and spent time in surrounding countries. They loved visiting with son Kevin in Florida, relatives in Oakland, and friends and family in Calgary, Vancouver, Brandon, Minnedosa, Winnipeg, Basswood and surrounding areas.

Sid was predeceased by his brothers Ken 1996, and Don 1968, sister Rena 1994, his mother Amy 1958 and his Father 1981.

He will always be remembered and sadly missed by his wife Del, daughters Debbie and Amy, granddaughter Annie, grandson Brian, step-sons Kevin, his wife Candice, and Brad, his wife Cathy and his (little sweetheart) granddaughter baby Chloe, his sisters Pearl, her husband Don and family, Mabel, her husband Dick and family, brother Rob, brother Dave and his wife Tracee and family, sister-in-law Peggy and family, brother-in-law Walter and family, and brother Don's family.

Somewhere a journey begins at the end of the worldly existence we know,
Somewhere a path stretches over the stars, and rivers of memories flow,
Somewhere a silence is heard far away and the brightness of day fills the night,
Where the trials of life are resolved into peace when a soul finds it way to the light.

Agricultural Report

Ag Rep
Neil Galbraith

New Crop Insurance Programs

There will now be a High Dollar Value Option when choosing your coverage levels. Besides choosing 50, 70 or 80% coverage levels you can now choose if you want the price per bushel to remain at a set price or allowed to rise if market prices rise. This pertains to the price per bushel you are paid if you have a production claim. Crop Insurance has set the prices based on today's forecast of 2000/2001 average market prices. You will see these in the next week or two when your Confirmation of Insurance is mailed. Crop Insurance will revise the prices in July. The amount of increase cannot exceed 125% of today's set price. If you choose this option, your price coverage cannot go down but would increase if they revise it upwards in July. Your premiums would increase by the same percentage as the increase in price since premiums are based on this value.

Excess Moisture Insurance with a 5% whole farm deductible is included in the basic 2000 crop insurance program with no extra cost to producers. You can reduce the deductible to zero for a premium of 35 cent/acre. Coverage is $50/acre for acres not seeded by June 20 due to excess moisture. There is a minimum claim of 10 acres per farm.

Greenfeed crops can now be insured. You can select 50, 70, or 80% of the 10 year average yield for your soil zone. There is no grade guarantee meaning no adjustment is made for quality losses. Like all crops, greenfeed coverage is optional.

A reminder that any changes to your crop insurance must be made by the end of March. You can choose different coverage levels for each crop or not choose any coverage for some while choosing 80% for others.

Canadian Wheat Board

Although the CWB is a controversial subject, I think most Canadian farmers will agree that the USA farmers are fed a lot of misinformation about the CWB. US Wheat Associate President, Allan Tracy, recently made several accusations of price undercutting by the CWB. Here are the responses from the CWB. His first one was that the CWB sold durum wheat to the United Arab Emirates in March 1999 at $169/tonne. The last durum sale to that country was in December 1998. Two other examples of the CWB quoting below the USA were confirmed by the CWB. However they also had examples of the USA quoting below the CWB quotes. The last accusation was that the CWB had a standing offer in the Phillipines to match any US offer with a $7/tonne discount. Of course the CWB denied this but also pointed out that the US has 75 to 80% of the market in the Phillipines so if the CWB is trying to discount sell there, it isn't working. The bottom line of all this is not whether you like or dislike the CWB . I'm sure that in the competitive business of grain sales they both end up undercutting each other at different times. The point I find amusing is that the self declared home of free enterprise, the USA, is upset by competitive grain sales from that cold wasteland place called Canada!

Moore Park News

by Carmin Grasby

A couple of weeks ago I asked for information on the Merner family who lived in Moore Park years ago. Well, a few people phoned me, and I think it's been narrowed down as far as Mr. Merner's occupation . They ran a store - butcher stop and he repaired shoes on the side. His store was on James St. between the livery stable and the house just south of the Anglican Church. Mr Merner's son Addison married Marjorie Curle. Marjorie phoned last week and she said Merners had their business here in the early 20's. Now I have another puzzler for you - who are Milt & Lois Jack & family , children Carol and Barry. I understand they would have been here around 1940-45. Ever heard of them? What was his occupation? Where did they live in town? If you can help - call me. Maybe we can come up with a picture of them with your help. So far we have done about 400 pictures, now surely this would be worthwhile seeing, don't you think?

Also, anyone who hasn't sent their pictures to us to be done up, please do so soon as we really want to see you on the walls!!

Agricore accepting grain by end of February

The new Agricore Elevator in Minnedosa should be accepting grain by the end of this month, if construction continues on schedule.

The 460,000 bushel elevator will be all steel construction, to allow for greater flexibility and storage of a greater variety of products. Although Rob Duerksen, Project Engineer, Agricore, would not confirm whether or not the project was on budget, the elevator was initially estimated to cost somewhere in the neighbourhood of $7.5 million.

The new facility will have 32 bins inside, and five storage bins outside. A 56 car spot, the elevator will allow 30,000 bushels per hour to be loaded, which is about five times as fast as the wooden facility currently in use.

According to Phil Perry, Project Engineer for Silco Ltd. which has been contracted for the Agricore project, the new elevator will feature three big grain legs, and state of the art cleaning equipment. The main cleaning line will clean upwards of 3,000 bushels an hour. A reclaim line will clean about 500 bushels and hour, a fusarium line about 3,000 bushels an hour, and a gravity table about 500 bushels an hour.

Because of the greater capacity of the new facility, and the increased volume of business expected, elevator staff will now include a manager, a grain manager, two cleaner operators, reception, and a producer service representative.

An open house for the new facility has been planned for sometime in June.

Graduated driver licensing may become a reality

By Nancy Chemerika

The Minister of Highways and Government Services, Steve Ashton, is closely examining the option of graduated driver licensing.

"To make Manitoba's roads safer, we are closely examining the option of graduated driver licensing because it appears to contribute to reducing the number of crashes involving novice drivers," stated Ashton.

A task force of MLA's, chaired by Daryl Reid, Transcona, are currently travelling the province conducting a series of public consultations regarding the graduated driver licensing program. If the proposal is accepted by cabinet and caucus after the public consultations, the bill could be introduced to the legislature during the spring session, and implemented in the new year, if passed.

Under graduated driver license programs, novice drivers, of any age, are delayed entry to full unrestricted driving until the novice has gained experience in lower risk, more protective driving situations.

Many jurisdictions use a three-step process that includes the learner stage, the intermediate stage, and the full license stage. Some of the restrictions that will be considered include a minimum time period at the learner stage, a requirement for zero blood alcohol content, a night curfew when not accompanied by a supervising driver, and passenger and road restrictions.

Currently, Ontario, Quebec, British Columbia and the Maritimes have already introduced graduated driver licensing programs.

Sharon Gwyer, Sharon's Town and Country Insurance, feels that a graduated driver licensing program could be beneficial to young drivers.

"There are more and more drivers on the road now, and a lot of inexperienced drivers. This program would give them an opportunity to gain more experience before they are totally on their own," stated Gwyer.

Frank Porada, Drivers Education Instructor for Minnedosa, feels that although the program could help prevent accidents to a certain extent, it would not fully address the problem.

"The program places a great deal of emphasis on driver experience," stated Porada. "I feel that many accidents are caused by driver attitude rather than lack of experience. I think there needs to be changes across the whole spectrum of drivers. Drivers eventually become over confident, and lose respect for the privilege of driving. There needs to be more severe penalties, such as suspension of driving privileges, for violations and accidents. Many drivers get themselves into problems because they drive too fast. If they used more reasoning, and drove according to the road conditions, there would be fewer accidents. The graduated driver licensing program would help prevent accidents to a certain extent, in that novice drivers will gain more experience, but novice drivers are only one small part of the problem in the whole spectrum."

New Crop Insurance Programs

There will now be a High Dollar Value Option when choosing your coverage levels. Besides choosing 50, 70 or 80% coverage levels you can now choose if you want the price per bushel to remain at a set price or allowed to rise if market prices rise. This pertains to the price per bushel you are paid if you have a production claim. Crop Insurance has set the prices based on today's forecast of 2000/2001 average market prices. You will see these in the next week or two when your Confirmation of Insurance is mailed. Crop Insurance will revise the prices in July. The amount of increase cannot exceed 125% of today's set price. If you choose this option, your price coverage cannot go down but would increase if they revise it upwards in July. Your premiums would increase by the same percentage as the increase in price since premiums are based on this value.

Excess Moisture Insurance with a 5% whole farm deductible is included in the basic 2000 crop insurance program with no extra cost to producers. You can reduce the deductible to zero for a premium of 35 cent/acre. Coverage is $50/acre for acres not seeded by June 20 due to excess moisture. There is a minimum claim of 10 acres per farm.

Greenfeed crops can now be insured. You can select 50, 70, or 80% of the 10 year average yield for your soil zone. There is no grade guarantee meaning no adjustment is made for quality losses. Like all crops, greenfeed coverage is optional.

A reminder that any changes to your crop insurance must be made by the end of March. You can choose different coverage levels for each crop or not choose any coverage for some while choosing 80% for others.

Canadian Wheat Board

Although the CWB is a controversial subject, I think most Canadian farmers will agree that the USA farmers are fed a lot of misinformation about the CWB. US Wheat Associate President, Allan Tracy, recently made several accusations of price undercutting by the CWB. Here are the responses from the CWB. Minnedosa

www.minnedosa.com

Welcome to www.minnedosa.com, the new internet web site for the Town of Minnedosa and those area businesses that wish to get in on the action.

Last week saw the new web site up and running through the active participation of the Minnedosa Chamber of Commerce. The site is owned, operated and maintained by Tribune Web Publishing, the internet arm of The Minnedosa Tribune Ltd.

The fully integrated web site uses the most recent version of Macromedia's Flash program which adds considerably to the professional appeal of the site along with the interactive potential. When fully operational, the Minnedosa web page should rival that of any community our size, anywhere in the world.

Minnedosa businesses are now being contacted about the site with several having already indicated interest in joining the venture. It is hoped that something similar to the recently released Russell Mall will soon draw web browsers from all over the world to enjoy the sights and sounds of our community and its many attractions.

The project was initiated by the Chamber of Commerce and their decision to have Tribune Web Publishing integrate their recently printed map of Minnedosa onto the World Wide Web. Once the map was completely digitized, interest then turned to making it readily available to anyone using the internet to look for information on Minnedosa. The current address of most Minnedosa business web pages included either the Techplus or Escape front end making the search sometimes difficult. Now anyone who simply types in the word "Minnedosa" will be led directly to the community pages.

The first businesses to go on the new site were The Tribune, Minnedosa Credit Union, Heritage Co-op RTM homes, and The Castle Bed and Breakfast. Others will be added on a weekly basis. As well, it is hoped that the Town of Minnedosa will move their present page to the site as well as an expanded Economic Development component.

Pat Graham, The Castle Bed and Breakfast, said that every business in town would benefit from being part of the minnedosa.com site.

"The more people that get on, the more dynamic the site will be, and more people will visit it," explained Graham. "Even if you don't have a computer, you should get on it. It's an inexpensive way of advertising. It doesn't just reach your own community, or region, it reaches the world."

Continued on Page 6

Sno-X races draw 1,400 to Minnedosa

A second successful Can-Am Sno-X race has all parties involved convinced that the event will remain an annual attraction in Minnedosa.

The 143 registrations surpassed last years numbers, and approximately 1,400 spectators made their way down to the Agricultural Society grounds for the fast paced, action packed Sno-X racing. Last year, 100 racers registered, and 800 spectators turned out.

"The sport itself is really growing," stated Laura Stuart, Race Co-ordinator. "It is becoming more and more popular with racers and spectators. Our membership (Can-Am) has grown about 30%."

Stuart felt that race day at Minnedosa was very well organized by the Minnedosa Agricultural Society, who sponsored the event, and community support was tremendous.

"Everyone registered at the Gateway Motel, and they were very good to us. At one point we needed a power bar for registration, so the (Gateway) Motel phoned True Value Hardware, who delivered it to the door within 10 minutes. You seldom see that kind of support," explained Stuart.

Racers received over $10,000 in prize money and factory contingencies. Stuart noted that the race itself went very well, although the track had less moguls and turns than the racers were used to.

"On the whole, everything went quite well. There were no major injuries and that's always a big concern, so we were pleased. As long as the sponsors and the volunteers are willing, Minnedosa will be an annual spot on the circuit," concluded Stuart.

Bob Delaloye, who was instrumental in bringing the race to Minnedosa, and preparing the track with his son, Reg, was also pleased with race day.

"I was pleased with the increased number of racers and the number of spectators," stated Delaloye. "It shows that the word is out, and people were pleased with last year's race. We were very pleased with Can Am, they run an excellent show. The course lacked some snow in places, but really we have no control over that. We scraped snow from everywhere we could But all in all, the course held up very well, and no one was seriously hurt."

Delaloye noted that as long as the Agricultural Society continues to sponsor the event, and the community supports it, it will remain a good annual event. "Once the town is behind it, it can only grow. The president of Can-Am, Blair Bodley, would like to see this turned into a two day event," concluded Delaloye. Donna Hogg, Minnedosa Agricultural Society, noted that the organization was very pleased with the attendance and number of racers at the event.

"Our profits will be considerably higher this year," stated Hogg. "Without all of the wonderful volunteers and the support from the Town, this event would not be possible. We are looking forward to bigger and better next year. It is a lot of work, but we were very, very pleased."

Newdale News

by Olive Waddell

Representing the Newdale Horticulture Society at the Annual Convention held in Brandon (Sokol Hall), Feb. 3-5 was Olive Waddell - one of about 170 registered. More news following the local meeting on Feb. 8. Sunday, Feb.6 was the 5th Sunday after Epiphany and Rev. Hunter chose a short story about Simon Peter who became a true disciple of Jesus. Jesus' ministry as we read in Mark 1:35 tells of Jesus choosing an early morning encounter with His God in prayer and solitude. "The purpose of solitude", relates Bob "is not for total withdrawal from society. It is not to avoid being part of our world with all its problems. Rather it is to give us the kind of foundation for living, so that we can go out and respond by caring and getting involved", in as much as we are able. Courtesy of Hilda Davies and Xisra Lamb, an hour of lunch; and fellowship was much enjoyed.

Best wishes to those in hospital. We wish Jim Fossum a speedy recovery from heart surgery. Congratulations to those having another birthday mid Feb.

Rhiney and Doreen Kienas were in Langenburg from May 5-8 to visit with her sister Grace and Harold and another sister Marj. Hartung who was recovering from an operation.

Glen and Gloria Haberstock visited with the Kienas' the last weekend in Jan.

Onanole Cherry Chirpers hosted the District Games of Whist on Wed. Feb 9, 2000 with 9 tables in play. An enjoyable lunch was served at noon and coffee, tea, muffins and cakes in between much socialization at whist. Top winners were Harold Proven/Winnifred Gray team of Onanole; second high score were tied with the Evelyn McDonald/Isabel Manley team from Minnedosa and the Ella Flemming/Harriet Hodges team from Onanole; third highest score were Bert Bolman and Georgie Bollman from Rivers. There are still upcoming district games to play before the regionals and it is hoped a good turn out for those if weather holds cooperative. District represented today were from Minnedosa, Onanole, Rapid City, Rivers, Strathclair with 36 registered and Dorothy Ray and Olive Waddell represented Newdale.

Happy Gang Seniors met on Wed. Feb. 9 at Harrison House, with ten in attendance on such a cold evening. Guesses were made as to the number of heart in the container and was won by Jean Irwin. Birthday song was sung for Jean Irwin and Gordon Waddell. Plans were made for the District Cribbage Play-offs. Sec. Treas. gave her reports and read an article "Why Feb.14" Following several hands of "Whist with a twist", Ida Bradley and Olive Waddell served a "red and white" lunch.

The members of the Newdale Horticultural Society met at Harrison House Feb 8, 2000 at 1:00 p.m. Vice President Shirley Wareham chaired the meeting in the absence of Betty Fossum. Edith Waddell read the opening thought "A Rare Gift". Roll call was answered by 9 members, each telling what they enjoyed most about gardening or an article on gardening. Minutes and Treasurers report was read and approved.

Friendship Report; one card sent and one phone message.

Olive Waddell gave a very interesting report of the sessions she attended at the Manitoba Horticultural Convention in Brandon, Feb.3-5. Next years convention will be in Neepawa. Colours were chosen for the ribbons for the Flower-Vegetable Show in August. Flowers for town flower beds were decided on and Shirley Wareham will order them. We are to have a speaker for next meeting - watch for posters.

Get well wishes to Don Watson who was taken to hospital early Feb. We of the happy gang missed you greatly, Wed. Feb. 9.

Get 18 Months For the price of 12 Months

Genetically altered crops - a public relations war

Those on the side of banning genetically altered crops are definitely winning the public relations war.

Every news show and national paper carries something that shines a new light on their badly mistaken opinions. They are slowly but surely winning over the mass majority who, in the end, will determine what kind of food farmers will grow by selecting or de-selecting those foods at the store check-out counter.

Where are the farmers on this issue? Once again, fractured can be the best way to describe their situation. Slow to put their side of the story out, and then, upon deciding that something must be done, putting it out through their numerous farm organizations who speak with many voices, but which remain largely unheard instead of taking a common front on an issue that in the end will determine how our food will be grown in the future.

Whether or not the public will buy genetically altered foods in the future will, in the end, be determined by which side puts up the best public relations fight. This argument is not about scientific study, facts or government generated figures, but about public opinion polls. This is where the battle to gain the public trust must be fought.

All farm organizations must collectively come together, form a common bond and appoint a single spokesperson or public relations firm who have experience fighting these fights. Leaving this one to amateurs will not be in the best interests of farmers dependent on growing genetically altered crops.

We are all aware, particularly in this area, of the effects that one organization, armed with a mass of misinformation can have on a particular business. I am referring to the PMU debacle that suddenly became the "rant of the day" and has since been replaced by other more fervent causes.

As in that case and so it begins now in the case of GM foods, those who have taken up the latest celeb cause will soon turn to violence in order to focus attention on their chosen issue. That type of activity - which has already begun in Britain - can only be fought by well funded professionals.

On this one, farmers, forget your fractured organizations and for once agree on some common ground that will, in the least, see your concerns represented in the nations press fairly and squarely. After all, that is the best that one can expect these days.

LETTERS TO THE EDITOR

Dear Editor

It's too bad the dolts behind the recently created new Reform/United Alternative party rethought their new name. It was originally dubbed the Canadian Conservative Reform Alliance - which becomes CCRAP for short when you add on party - and I thought that was a rather fitting summary of their recent assembly in Ottawa because I thought the grand exalted, all powerful ruler Preston Manning and his party were indeed quite full of it. As an exercise in democracy, this assembly seemed to be as real and bonafide as a World Wrestling Federation match. It didn't seem to be so much a free and open forum for debate as it was a propaganda exercise to display a supposedly strong and united front.

Critics of Manning and this new party were effectively shut out of the debate. Some like former Reform house leader Randy White were unceremoniously turfed when they dared to speak out in opposition. Portage-Lisgar MP Jake Hoeppner was denied the right to participate in this assembly despite the fact the party had just granted him a renewed membership in the party. In only granting Hoeppner observer status, they were turning a blind eye to the democratic right he earned to be there by the faith placed in him by the voters in his constituency. So much for free and open democratic debate. It seems the new guiding principle here is you are entitled to agree with what they say - whether you like it or not!

More and more, it seems Preston Manning, in all his squeaky-voiced glory, and his inner circle are fully intent on doing whatever it takes to get their way. He sees this new party as being Canada's one and only salvation. He sees no alternative but to cast aside the last vestiges of the Reform Party and the principles he once stood for in his quest to take over the Prime Minister's residence.

It remains to be seen if the new Alliance party will in fact be approved by Reform members nationwide come next month. And, even if it does get two-thirds approval or better, will those throwing their support behind this party even want Manning as its leader? The new party is actually little more than a revamped Reform Party with a set of new policies aimed at making it a better fit for disenchanted Conservatives in Ontario. But can it really be thought of merging the political right when the Progressive Conservatives have refused to have anything to do with it from the start? And is this new party offering much that is really that new and different to swing more Eastern votes it's way?

Many of the eastern conservatives Manning wants to bring in the fold likely are not ready to embrace any party with Manning as it's leader. They likely would rather have one of their own at the helm, at which point then this new party becomes just another political alternative with its power base in the east. At that point then, the west would be thrown back to where they were when this all began when an idealistic group that felt the west had been without a strong voice for too long came together to create a new voice called the Reform party.

Manning's vision and his goals back then were laudable - which makes it that much more disappointing and dismaying to the west now that Manning can just throw all of that aside apparently so easily. Manning definitely faces a very tough sell now as he sets out across the country to convince people his new party is the answer. The west should be feeling betrayed by Manning, and that is something that is not very easily overcome.

Sincerely,
Lorne Stelmach

Letter to the Editor
Dear Editor:
Re: The Canadian Reform Conservative Alliance is about Canada's future.

I want to say to all Reformers and other Manitobans that I support the Canadian Reform Conservative Alliance. Reformers have not lost any of our principles in either the new policies or constitution. The grassroots will continue to have the right to make both constitutional and policy changes at an assembly every two years with a vote on the leadership of the alliance.

This new Alliance is supported by both the Harris Conservatives of Ontario and the Klein Conservatives of Alberta. What an opportunity for the small Conservatives of Canada to join together to defeat the current Liberal government. It is long overdue for Canadians to have a principled government with a common sense approach to governance. Canadians will have a government by the people and for the people with the Canadian Reform Conservative Alliance.

This new Reform Conservative Alliance is about the future of Canada. Over the last 25 years governments have in large part been self serving. The little guy who works hard to make a living is left out in the cold. I believe that if this new Alliance is approved by Reformers during our second referendum, this country will again have hope for a government which is principled and believes in the concept that all Canadians and provinces are equal. Canadians are looking for principled leadership. I firmly believe that the new Canadian Reform Conservative Alliance will kill two birds with one stone; this arrogant Liberal government and the Clark party.

There is no turning back. The future of this country will depend on the referendum vote. Reformers who vote no will help the Liberals stay in power for ever. A yes vote is a vote for your children and grandchildren's future.

Yours sincerely,
Inky Mark, MP
Dauphin-Swan River

What's the diff?
When you think about it, isn't having a smoking section in a public restaurant about as senseless as having a peeing section in a public swimming pool?

Don't be a stupid cupid!
For those of you who forgot your Valentine this year, there is still a chance to redeem yourself. Get your tickets to the library fundraiser evening coming up on February 26th. Entertainment for the evening will be CBC radio personality Nancy White. Single tickets are $35.00, or tables of eight are available for $250.00. This is sure to be a worthwhile evening with proceeds going towards the Library Millennium Addition.

And furthermore...
Be sure to get your tickets to the Sports Dinner which will be held in April. Word has it that they're going like hotcakes. Keynote speaker for the evening will be Red Storey, guest speaker is Dave Ridgeway, and master of Ceremonies will be Steve Vogalsang.

Fun Fest 2000!
The first planning meeting for Fun Fest 2000 was held last Thursday evening with one of the biggest turnouts ever. Representation was made by local citizens, past Fun Fest members, the Legion, Kinsmen, and Rotary. A number of great ideas for new activities were tossed about, with many of them coming from Nancy Taylor who also attended the meeting. We can all look forward to a great Fun Fest to follow Homecoming 2000.

Jim Ingebrigtsen to M.C. Ducks banquet

Jim Ingebrigtsen, radio and television personality, will be acting as master of ceremonies for the 19th Annual Ducks Unlimited Spring Banquet, to be held in March.

Mr. Ingebrigtsen has worked on radio and television for more than 20 years. He has appeared on dozens of television programs regionally, and across Canada. He currently is a contributing writer/producer for CBC's Country Canada.

As writer and co-host of Breakaway, also on CBC, from 1983 to 1990, Ingebrigtsen's stories about the people and places throughout Manitoba helped make it one of the most successful prime-time programs in Canada. He was also a writer and contributor on CBC's Coleman and Company, and senior writer and consultant on the internationally acclaimed children's program, Fred Penner's Place.

For ten years, Jim was co-host on the Children's Miracle Telethon supporting the Children's Hospital Research Foundation and the Children's Hospital of Winnipeg. His list of credits include writing, producing and/or performing for more than 1000 radio and television commercials for local, national and international markets.

As well as writing, producing, and guest hosting on CBC radio both locally and nationally, Ingebrigtsen hosted and produced his own comedy and music show on KY58. He writes and produces corporate and training videos for clients such as Bristol Aerospace, Cargill, Pan American Games Society, and also provides media relations services under the company name of JKI Productions. He recently accepted an international award for a marketing video produced for Centra Gas Manitoba Inc., and just completed his 10th video production for Ducks Unlimited Canada.

Examples of Mr. Ingebrigtsen's video and television work is currently used as teaching aids at theUniversity of Manitoba and at Ryerson Polytechnic University. He has been a guest lecturer at Red River College and has presented various workshops on Media Literacy. Jim is a past president of the Advertising Association of Winnipeg and is a Director on a number of boards. His commitment to Manitoba has made him a favourite MC and spokesperson for numerous organizations.

Eye on MCI

by Lindsay LeBoutillier & Robyn Taylor

With the new semester underway, MCI is busy with various sports and activities. The grade 12's, who have just returned from co-op ed, are yet awaiting the dreaded provincial exam results, which will be in shortly. The grade 11's will be entering out into the work force the week before spring break, March 20-24th, to get a taste of the real world. MCI sports teams have been doing well this year with the Chancellor hockey team winning their home tournament Jan.29 & 30th. The basketball team is also doing well with the season half over. Curling zones took place this past weekend in Boissevain. The MCI drama club is busy rehearsing and preparing for their final productions and dinner theatre which will take place April 27th & 28th.

Students and staff would like to welcome back Mr. Choy and family who spent a year in Sidney, Australia on a teaching exchange.

Minnedosa Social News

Dorothy Lewis entertained her guests Sat. (Chinese New Years) with a chinese dinner. Dessert of ice cream, chinese chews tarts, tea and a fortune cookie. A chinese red candle and a bouquet of roses in center of the table. Decorations of fans and chinese lanterns. The evening was spent playing games and chinese checkers ending up with party noise makers and hats. After which lunch was served and a fun evening was enjoyed by all. With best wishes and much happiness in the year 2000.

Canada - the place to be

By Nancy Chemerika

In the middle of February, many home grown Manitobans are quietly dreaming of far off southern places. However, three young girls from Australia, and Germany respectively, have fulfilled their dreams by coming to this part of Canada to complete foreign studies.

Liz Reyes, of Melbourne, Australia, is currently living in Onanole with the Frank and Marcia Foord family, and studying at Erickson Collegiate. Reyes, 16, will remain in Canada for a full year as part of the Rotary International exchange program. The exchange did not cost Reyes anything except spending money.

Arriving in Canada in mid-January, Liz travelled 12 hours from Australia to Los Angeles, two hours to Vancouver, and another two hours to Winnipeg. Her first taste of cool Manitoba weather was a bit of a shock to the system.

"I came out of the airport, and I took a deep breath, and everything inside me just froze," laughed Reyes. "My mom called the other day and it was over 40 degrees. My brothers aren't going to school because it's too hot."

Upon her arrival in Manitoba, Liz bought a complete set of winter clothes, which will probably be returned to the mothballs once she returns home next year. Winter in Australia gets really nasty - between 0 and 20 degrees with a lot of rain.

Liz has since adjusted to the mercury drop and has been making like a true blue Manitoban - shopping, and of course getting involved in hockey. Prior to coming to Manitoba, Liz played hockey for her State and National teams. She hopes to be able to join a local team soon.

Although initially home sick, Liz is happy to have undertaken the advenrure of a lifetime.

"I wanted to travel and experience new things," stated Liz. "I picked Canada because of the hockey, I wanted to play hockey in Canada. I want to travel all around Canada while I'm here. I want to learn to ski and snowboard. Someday I hope to travel to European countries."

Andrea Gozen, of Bergisch Gladbach, Germany, is currently staying with the Ron and Pat Heuchert family, and is attending Grade 12 at Minnedosa Collegiate. Andrea, 17, chose Canada because she liked what she heard about the country, and had always wanted to see it.

"I like everything about Minnedosa so far," stated Andrea. "It's much smaller than what I'm used to though. You have to drive a lot to get anywhere, and it's much colder." Andrea's home city has a mere 100,000 people.

Since arriving in Canada Andrea has visited Vancouver, and locally has become involved in soccer, basketball, karate, and jazz dance.

"I would recommend Canada to other students. The schools are good, and the people are great. I like staying with my host family. They take you around, and you get to see what the place is really like, and what Canadian families are like. If I get the chance, I'll definitely return to Canada for a visit," concluded Andrea.

Yvonne Brasseur, Aachen, German, is staying with the Grant Butler and Mary Dalton family, while attending Grade 12 at Minnedosa Collegiate.

Upon arriving in Minnedosa, Yvonne also had to adjust to small town living. Her home town has 250,000 people.

"I had always wanted to visit North America," explained Yvonne. "I chose Canada because the countryside is more of what I imagined. I wanted to be part of another culture, and another life. I find that the people are friendlier in a way. There's more fast food in Canada, and Manitoba is much colder. I love my host family, and the countryside."

Yvonne has noticed that the school system is quite different than what she was used to as well. In Germany there are different school types - grammar school, comprehensive schools, schools that go to grade 10, or schools that go to Grade 13, if the student wishes to go to University.

Yvonne noted with a laugh that one of the biggest adjustments for her has been the three little brothers in her host family.

"At home I have one older sister and no animals. Here I have three little brothers, and live on a farm with elk, horses, dogs, cats, snakes - it's total opposite.

Although Yvonne paid between $8,000 and $9,000 to come to Canada through the ASSE foreign study program, she would definitely recommend the experience to other students.

"It opens your mind so much. You live in another country, you learn so much about it, you live with another family. It's incredible."

Red Cross focuses on snowmobile safety

Every year several Manitobans sustain life threatening injuries while snowmobiling. During International Snowmobile Saftey Week, the Canadian Red Cross is urging all Manitobans who participate in snowmobile activities to take advantage of its new "First Aid for Snowmobilers" course.

Nine authorized Red Cross First Aid Intructors in Manitoba, all of whom have snowmobiling experience, can teach this special course that focuses on providing aid for those injuries most common to snowmobiling. Topics include: recognizing and treating frostbite and hypothermia; dealing with unconsciousness, head/spine injuries, impaled objects and bleeding and ice rescue techniques. The course is about 4 hours long.

"Ultimately, we want to prevent injuries and deaths by making people aware of the dangers and smart about avoiding them," says Carla Eisler, Red Cross Community Coordinator in Western Manitoba. "Realistically, we know that someone will be hurt while snowmobiling in Manitoba this year. When that happens, it's important that those on the scene be trained in relevant first aid skills, and know how to help the person." She notes that in an emergency, first aid knowledge can often mean the difference between recovery and permanent disability, between life and death.

"This is an exciting move toward winter safety initiatives for the Coalition for Safer Waters," Eisler says of the first aid course and other snowmobile safety activities. The coalition is co-chaired by the Canadian Coast Guard and the Canadian Red Cross.

Those wishing to take a Red Cross First Aid for Snowmobilers course should call 1-888-307-7997 (toll free) to learn about course availability in their area.

www.minnedosa.com...

Continued from Page 2

John Mendrikis, Past President of the Minnedosa Chamber of Commerce also feels that being on minnedosa.com can greatly benefit local businesses.

"With the rapid increase of E-commerce, by being on the Internet we can market and be out there in the public eye a lot more," stated Mendrikis. "This site would be a big boon for anyone with a product to export. The site itself is something for Minnedosa to be proud of."

The new site could also hold a great deal of potential for the Recreation Commission with their full slate of programs as well as the Parks Board who could potentially book campsites through the internet. Another feature that is being readied to compliment the site is a Community Guestbook where visitors can leave their remarks or impressions of the site and the community as well as former residents wishing to exchange E-mail addresses with acquaintances.

The Russell internet mall currently boasts 22 tenants, many of whom offer weekly coupons which can be printed out and redeemed at the appropriate business within the town. This particular idea has also sparked local interest, and may be tried at a later date.

Anyone wanting to take a photographic tour of Minnedosa and its environs will be able to do so from the minnedosa.com site, and the capability to stream video through the site is also part of the overall package. One of the most important aspects of the site will be the availability of the whole array of community information to the visitor from hotel booking phone numbers and contacts to schedules for upcoming events, and phone book style listing of local e-mail addresses.

Cardale News

by: Myrtle Crighton & Ethel Fortune

Cardale arena was buzzing the weekend of Feb. 3-6. The mixed bonspiel began on Thurs. evening and on the other side of the rink there was a Pee Wee hockey game - Elkhorn defeated Tri-Town. Sat. morning began with Cardale/Oak River Squirts hockey team winning over Rivers 9-6. Blanchard Bobcats defeated Virden on Sat. evening.

The bonspiel ended on Sun. with Jason McTavish's rink winning the first event, Mark Gill's rink took the 2nd event and Clayton Robins the 3rd event. It was a very busy and enjoyable weekend.

Sat. Feb. 5th Cardale community was rather upset and disappointed to find that vandalism had come to their small town. A welcome sign in the church yard had been driven over and broken, a senseless act of vandalism. This sign had been newly erected, having been built by the Cardale Sunday School Youth Group last spring (an enhancement for our church yard).

Sympathy is extended to the family and friends of the late Bob Westbrook of Hamiota (formerly of Oak River District). The funeral was held on Mon. Feb. 7th in Hamiota United Church and interment in Oak River cemetery.

Cardale U.C.W. held a meeting on Mon. Feb. 7th with eight members present. The worship service was conducted by Edith Kerr, Gay Peters, and Ethel Fortune with the theme being "Love" and many kinds of love.

A bake sale was held in the arena on Fri. night of the bonspiel. It was very successful and appreciation is extended to those who did the baking and those who bought it. Following the business meeting a delicious lunch was served by Phyllis Greenaway and Audrey Peters.

Get well wishes are extended to Fraser Angus of Oak River who is a patient in Hamiota Hospital after a very unfortunate accident. Hope he is feeling better and soon able to return home.

George sez: "The best car safety devices is a rear - view mirror - with a police car and officer in it"!

Cadurcis News

By Doreen Trott & Muriel McManus

Rob MacDonald of Killarney spend the weekend visiting with his mother, Edna MacDonald.

Sympathy is extended to the relatives of the late Stan Crealock of Portage La Prairie. Edna MacDonald, Don, Dot, Earl and Freda Thompson were among those who attended the funeral in Portage, February 3rd. Ian Wareham returned from an Air Cadet Camp at Esquimalt, BC, on February 6. Ian is a member for the Neepawa Air Cadet Squadron.

Malcolm and Shirley Rose visited last week with Myrna and Ken Bayes of Rapid City. The Rose's also attended the 57th wedding anniversary of Tom and Evelyn Delgaty, February 6th.

Sunday visitors at the Trott home were Wil, Denise, Chelsey, & Nicole Weir of Glenboro.

Willow Grove News

by: Elaine Saler

The district sends their sympathy to Lil Wagner, Elton, Traci and Trent and their families in the loss of husband, father, grandfather, Garnet Wagner. Garnet took his schooling at Willow Grove and farmed here all his adult life.

Our community was shocked last Sat. with the sudden passing of Mary Reed. She was a resident of our area for many years and took part in many of our activities. Sincere sympathy to her family, Linda & Tony Saler, Kevin & Kirk, Beatrice & Shaun Nielsen, and Kenneth Reed and families of Winnipeg.

Basswood News

by Zelda Firby

Marion Ogibowski returned home recently from Calgary, AB were she visited with Terry & Dawn McMillian & boys.

Glad to report that Anne Richmond & Helen Ross are all home after being hospitalized.

Lou Proven has returned home after a 2 week holiday on the Island of Bali, Indonesia.

Basswood held a successful Snowmobile Poker Derby on Sun. Feb.6. 124 snowmobilers and over 50 silent riders participated. All enjoyed a roast pork supper back at the hall at the end of the ride.

Get well wishes to Jean Macdonald, a patient in the Brandon Hospital.

Keith & Eunice Girling spent a few days in Winnipeg with the Kulbacki's and O'Conners.

Onanole Bonspiel Results

The Onanole Annual Bonspiel was held February 6-13. Eighteen rinks were entered this year. Our ice maker, Doug Kelly, must have said his prayers because the annual January thaw missed us this year. There were no lakes in the middle of the rink, Doug did a great job. Three junior curlers, Michael Steinke, Patrick Jawa, & Alison McLean, were rewarded with 12 packs of pop, and Old Dutch snacks.

Winners of the 1st Event: 1st Barry Shewchuk, Dick Gawiuk, Mirtle Gawiuk, Sylivia Shewchuk. 2nd - Ross Shindruk rink, 3rd - Don Gustafson rink, 4th - Dennis Tiller rink.

2nd Event - 1st - Clarence Carter, Grant Carter, Cathy Carter, Jim Ryznar. 2nd - Gord Woods rink, 3rd - Ken Kelly rink, 4th - Dale Noonan rink.

3rd Event - 1st - Neil Fleming, Mike Tyschinski, Don Byers, Lavonne Tyschinski. 2nd - Harold Stitt rink, 3rd - Wayne Dillabough rink, 4th - Jim Davis rink.

4th Event - 1st - Heather Hodges, Tom Wruth, Melvin Johnston, Ernie Ullberg. 2nd - Orville Madill rink, 3rd - Nick Jawa Rink, 4th - Murray Davies rink.

Onanole News

by Harriet Hodges

At the card party in the Crawford Park Hall on Tues. Feb. 8th the winners were: Mens high - Leo Reboul, Mens low - Frank Yaworski, Ladie's high - Harriet Hodges, Ladies low - Lena Richard. Lunch was provided by Pat Spaller, Marcia Foord and Candy Irwin.

Carrie Hodges graduated in Brandon on Jan. 14th as a Licensed Practical Nurse, on Wed. she left for High Level, AB where she obtained full time employment.

A hundred students from Winnipeg are spending a few days at Camp Wannacumbac.

Tom & Barb Dudman returned home last week after a month and a half visit with daughter Kim & family on Vancouver Island. Kim's husband is presently stationed on east Timor.

R-2000 The Mark of a Better Home
OPEN HOUSE
You're Invited to Experience Onanole's Newest R-2000 Home
on Centennial Drive
(watch for signs)
in Onanole, MB
Sunday, February 20, 2000
1 p.m. to 4 p.m.
This is your opportunity to tour Onanole's newest R-2000 Home, built by Fairmount Woodworking - the 1999 winner of the R-2000 Technical Merit Award.
Come and see how this extremely efficient, truss-wall constructed home exceeds the standard requirements for an R-2000 Home.
Representatives from Fairmount Woodworking and the Manitoba R-2000 Home Program will be on hand to explain how building to R-2000 standards offers new levels of quality, comfort and energy savings.
For more information on the Manitoba R-2000 Home Program, call 1-800-282-8069 (ext. 4335)
The Manitoba R-2000 Home Program is proudly supported by Manitoba Hydro, Centra Gas, Manitoba Conservation, the Construction Association of Rural Manitoba and Natural Resources Canada.

Erickson & District News

by Almie Paulsen

What did we do to deserve this beautiful weather? It isn't 84F as it is in Tuscon, Arizona on Jan. 9th. My nephew was just commenting how nice it is for golfing.

The Lutheran Male Chorus entertained the residents of Dr. Gendreau Personal Care Home, St. Rose with familiar and loved sacred songs Sunday afternoon. The Erickson ladies who accompanied them then joined them for a restaurant dinner.

Henry & Helen Oshust have returned home early last week from about an 8 week holiday with their families at Edmonton, Vancouver and Vancouver Island.

Alan, Leann, Spring & Ashly Gregorash enjoyed 2 days at Asessippi ski resort near Russell and enjoyed an over night stay at the Russell Inn jungle room. Marge Gregorash had won this outing for 4 people from Prairie Goodwrench Service Asessippi Promotion. Grampa & Grama Gregorash had grand daughter Skylar for an over night visit while the family were away.

Did you know the Trans Canada Trail covers 16,100km, the longest relay trail in the world and touches all three great oceans bordering Canada.

A bottle of water is being drawn from each of these oceans at Tuktoyaktuk, NWT, Victoria, BC and St.Johns, Nfld. From Feb-Sep, waters from the three oceans will be relayed by some 5,000 carriers along a trail of Celebrating Communities toward their final destination in the National Capital Region.

Erickson is fortunate to be one of the Celebrating Communities. The water carriers will arrive here Thursday, June 22, 2000 at 4:30 p.m. not leaving until the next morning at 8:30 a.m.

A committee has been formed to plan celebrations for this once in a lifetime opportunity. We can look forward to a parade escorting the carriers into town, welcoming ceremonies and entertainment for the whole family including a send off pancake breakfast the next day. Mark your calendars now!

Sorry to report that Mrs. Anne Berkowski is very ill in Erickson Hospital. Our love to you Anne.

A speedy recovery to Levi Lee who had surgery last Tues. in Winnipeg.

Glen Shellborn is out and about after his lung recovery since before christmas from heart problems.

Many locals attended some of the curling draws in Brandon last week of the Safeway Select Event.

The weekly cribbage games at the Legion report a great fun time. Last week winners were Grace Michalchuk, Nestor Gregorash & Els Hudson. Lowest score was claimed by Anne Kingdon.

Winnie Marcino had her grandson Anton Fournier of Winnipeg spend the weekend with her. Anton and family were living in Quebec where Anton was teaching. He is now teaching in Winnipeg and his family will be moving here at the end of the school term.

Chris Pugh was in Brandon, watching his dad Fred Pugh curling at the Safeway Select with Clayton Paul rink of Thompson.

Everyone ready for Erickson Annual Mixed Bonspiel which will happen later this month. Community suppers will be served each day. The ladies spiel will start in March. It will be great to be involved in all the action.

A number of Ericksonians attended the "Taste of Country" at Shoal Lake Ukranian Hall on Feb. 13th. This was a dinner and musical entertainment with Erickson "Songbirds" sharing their talents. (Bonnie Sprott, Marlenne Beatty, Norval Lee and Vic Waddell).

"Forest to Field Volume 2" is urging you to submit your histories. Remember they should be turned in or mailed to the Municipal office by March 31st.

Welcome to Erickson Dave Mychasiw. He has purchased the house on 2nd street N.E. Dave is the operator of Dave's Air Conditioning and Auto Repair in Onanole.

Reg & Sharon Nylen were in Winnipeg last weekend to attend the convocation ceremonies of the Institute of Chartered Accountants of Manitoba. Ken Sharpe who recently started working at Reg's office received his C.A. designation.

Happy Birthday to Barney Berkowski who will mark his 85th birthday on Feb. 19th. We believe Barney has the distinction of being the longest resident of Erickson, having moved to town with his parents in 1925.

ATTENTION

2000 Cat & Dog Licenses are now available at the Municipal Office.

***All dogs & cats must be licensed by March 31/2000**

***All dogs & cats found running loose will be impounded & subject to fines under By Law 495/96**

TOWN OF ERICKSON

SOUTH RIDING MOUNTAIN PLANNING DISTRICT

We would like to say *THANK YOU* for making our 1999 construction season a success. We look forward to the same for the 2000 season.

We would like to take this opportunity to offer some insight about the Planning District:

The South Riding Mountain Planning District was formed in 1979. It consists of the following:

- *Town of Erickson*
- *R.M. of Clanwilliam*
- *R.M. of Harrison*
- *R.M. of Strathclair*
- *R.M. of Park (South)*

Our board members consist of two council members from each R.M. and from the Town of Erickson. Our board members are:

- *Mr. Ray Frey, R.M. of Park - Chairperson*
- *Mr. Vern Jordan, R.M. of Park*
- *Mr. Dave Maduke, Town of Erickson*
- *Mr. Wally Yanchyckt, Town of Erickson*
- *Mr. Jim Nylen, R.M. of Clanwilliam*
- *Mr. Victor Baraniuk, R.M. of Clanwilliam*
- *Mr. Dennis Yarch, R.M. of Harrison*
- *Mr. Larry Huculak, R.M. of Harrison*
- *Mr. Ed Kulchski, R.M. of Strathclair*
- *Mr. Terry Wareham, R.M. of Strathclair*

We also have one representative from Intergovernmental Affairs, Brandon Office

- *Mr. Terry Pearce*

and Development Officer, Building Inspector

- *Mr. Doug Hulley*

Now is a good time to do some advance planning for the construction season, as it is a short one.

We are available to answer any questions regarding zoning and building permit inquiries. Our office hours are Mon. through Fri., 9:00 a.m. to 4:30 p.m. We are located in the Municipal Office in Erickson. Our phone number is 636-2447 or fax us at 636-2531.

If you need a building permit we suggest you call ahead for an appointment.

Please remember if you are doing a construction project this year you should acquire a building permit in advance. Thank you for your cooperation and we look forward to serving you in the future.

- The South Riding Mountain Planning District

Erickson W.I. Meet

The Erickson WI held its February meeting at the Crossroads Community Centre with nineteen members present. President-elect Anne Paulsen presided.

The meeting opened in regular form.

Carrie Bachewich gave the "thought for the day" entitled "Our Hands".

The Health Centre report was given by Selma Skoglund. She reported a very successful Christmas Tea and Bake Sale. Proceeds went to the Activity Department. On Christmas Day the staff cooked and served a special "Farmers Breakfast" for the patients and residents. It was a hit. On July 14, 2000, during Homecoming Week, the Health Auxiliary will be hosting an Anniversary Tea, commemorating the 50th Anniversary of the hospital.

Elaine Butler, our Personal Development Convenor, attended Personal Development Day in Winnipeg January 6 and gave an interesting report.

Five members of our WI will be attending the Federated Women's Institute of Canada (FWIC) Convention in Brandon in June. Three of these members will be in charge of the MWI Sales table.

Our WI is making plans for Decade Days during Homecoming week. Two rooms at the Collegiate are allocated for displays.

Diane Byers reported on WI day which is on February 19. Theme will be "Tea and Skits". Birtle WI and Newdale WI will be our guests.

President-elect Anne Paulsen, a WI rep. on the Crossroads Community Centre Board reported on their latest meeting. Vic Waddell, chairman, had resigned his position after 8 years as board chairman and project manager. Albert Johnson will replace Vic. Anne Johnson, also a WI rep on the board will take bookings for the centre.

Catheryn Pedersen, our WI rep on the Trans Canada Trail Relay 2000 steering committee gave a very informative report on the plans scheduled for the event on June 22, 2000.

A games (cards etc.) party is being planned for the end of February. Watch for the posters.

A silent auction will be held at our March meeting to collect monies for "Pennies for Friendship". The monies are to be used for projects of ACWW (Associated Country Women of the World).

Arlene Waddell introduced the program for our meeting entitled "Palliative Care". She introduced Marg Van Buskirk, Community Health Director for Neepawa and Mary Ellen Clark, Palliative Care Coordinator for Neepawa. They gave a very interesting presentation on how the Palliative Care Program started in Neepawa as a pilot project, how they maintain the program and how such a program could be started in Erickson. Several visitors attended the presentation.

Messages from Marquette

Mirror, Mirror on the Wall

Males or females, we come in many shapes and sizes. Our individuality is what makes us feel special and unique. Messages we receive from our families and friends about our bodies can stay with us throughout our lives. Society communicates messages to us through magazines, television, movies, music, and the "image industries" - the advertising, fashion, fitness, and diet industries - telling us that there is one "perfect" look to which we must aspire.

Our body image is strongly influenced by these messages. As the product of our imagination, it can be easily distorted. Our body image is vulnerable to outside feedback and can change with a few cookies, the wrong number on the scale, or a critical comment about what we are wearing. It is also influenced by the messages we received as children from those whose opinions mattered to us (family and friends). For example, if you were called chubby as a child, you will most likely see a chubby body when you look in the mirror, regardless of your body size as an adult.

We are told to enhance body image and self-esteem through exercise and dieting. Both are promoted as healthy lifestyle choices and they can be; however, the prevailing message is that being healthy means being thin.

This pressure to be thin often results in a pattern of compulsive exercising and dieting, focusing on appearance rather than fitness.

Preoccupation with body shape, weight, and food creates a lifestyle of emotional and physical deprivation. Manipulation of body shape and weight is a full-time job - robbing us of life's meaningful experiences. Little, if any, free time or energy is left over for personal growth and development. Additionally, it:

Makes us believe our body is the "enemy".

The diet industry often takes control of our body away from us. We are told what to eat, when, and how much to eat. The fitness industry popularized such phrases as "no pain, no gain", "whip it into shape", and "burn that fat". Body signals about hunger, thirst, fatigue, sadness, joy, and anger are not responded to as the mind determines what the body will experience.

Breeds self-hatred

We are told diets are healthy and bring positive life long changes. However, diets often result in binge eating due to calorie restrictions. The inevitable weight gain leads to guilt that can begin a cycle of starving, bingeing, and purging through vomiting and/or compulsive exercising. Unable to lose weight, or maintain our weight loss, we tend to believe we are the problem. However, only five percent of diets result in long-term weight loss, and diets often cause weight gain in the long-term.

Puts us into competition with others

In striving to attain the idealized "perfect" shape, women are socialized to see other women as rivals.

Takes away life's spontaneity

Everything is planned, weighed and measured. A piece of chocolate cake is sinful. An ice-cream cone makes you a bad person. A missed aerobics class means skipping dinner and doing 500 sit-ups.

Many individuals live a constant physical and emotional war to attain an unrealistic standard of body appearance.

Messages from Marquette...

Continued from Page 9

By continually striving to achieve the "ideal" body, they will never be free of their insecurities or self-consciousness.

By age 6, children already have a preference for long, lean bodies. By age 13, 60% of girls have dieted. Almost 80% of adolescent women wish they weighed less - even though one half are actually underweight. Of young men, aged 12 to 22, 40% are dissatisfied with their weight; one in three is unhappy with his body shape. Almost 90% of women over estimate their body size. On average, they perceive their body to be 25% larger than it actually is.

Rather than constantly relying on the "latest craze" in the diet industry, try taking some simple steps to improve your eating habits. It may not be as difficult as you think. Don't cut out, cut back. Train yourself to eat smaller portions, especially of meat, by cutting back a little at a time. Think of lower calorie substitutes when you're cooking or preparing food.

How about yogurt for sour cream in dips and on baked potatoes? Try skim milk instead of whole milk in recipes. Every little change helps. Zap your taste buds with non-fattening flavourings such as lemon juice, garlic, mustard, herbs, spices, curry powders, chili sauce and salsa. Don't make any food taboo. You can eat anything you want, but in moderation. Eating a donut once in a while will not make you fat. If you're on the run, most convenience stores offer some basics for a good meal or snack. Milk, juice, yogurt, bran muffins, and fresh fruits are all good choices.

February is Eating Awareness Month

Bethany News

The Bethany Social Group met at the home of Wendy Spraggs on Thurs. Feb. 3 at 8 p.m. There were eleven members present. Regular business was conducted, and then the food lists were made up for the Snooker Derby.

The Happy Hearts Club had 22 out to play whist on Wed. Feb 9 at 1:30 p.m. in the Community Centre. Prizes went to Wally Skogstad - men's high, Leonard Saunders - men's low, Emily Sillen - lady's high, Ethel Woodcock - lady's low.

Lunch was enjoyed and birthday greetings were sung to Leonard Saunders and Leslie Madill. The Valentine cake was won by Leslie Madill and the Jelly Bean draw was won by Jay Stacey.

Nineteen members of the Bethany and District Homecoming Committee met on Wed. Feb.9 at 7:30 p.m. at the Bethany Community Centre. The registration committee reported 480 adults registered plus approximately 60 children.

The history book committee reported that the final proofs are done and it's at the printers.

Fundraising reported that the King-size Centennial Quilt is finished and raffle tickets will be on sale shortly. There is a concert planned for May; t-shirts, place mats, cook books and pins are selling well.

The program committee is organizing entertainment and fashions. Grounds and maintenance committees are busy also. It looks like a fun filled time!

Forrest Home Ec. Club Report

by Janelle Boyd - Reporter

Forrest Home Ec. Club

This report is a summary of general meetings held by the Forrest Home Ec. Club this year. All general meetings were held at the Forrest Elementary School. The meetings started with the 4-H pledge, roll call, secretary's report, as well as the treasurer's report.

At the October 18th meeting, two new general leaders have taken over the club this year: Arleen Miller and Susan Meadows.

Election of officers took place. They are as follows: President Kayla Fidler, Vice President Carla Burton, Secretary Morgan Wark, Treasurer Lisa Meadows, Reporter Janelle Boyd, Photographer/Scrapbook Sarah Fidler, Poster Person Alyssa Campbell, Sunshine/Guest book Hannah Mazier, Banner Scanner Tyler Bell, District Rep. (Sr. Member) Stacy Loree, Alternate District Rep. (Sr. Member) Kayla Fidler.

Members signed up for various committees for the year. An educational 4-H video was shown. Project books were handed out.

At the November 1st meeting general leaders checked to see if each project group was having any trouble with their projects. Tyler Bell, the Banner Scanner, gave a report.

At the December 6th meeting, impromptu speeches were held. The Christmas party was planned.

At the January 10th meeting, it was reported that the Christmas party was cancelled due to bad weather, and it was decided that it would not be rescheduled.

Rural Mucinipality of Strathclair

PUBLIC NOTICE

PUBLIC NOTICE is hereby given that the Council of the Rural Municipality of Strathclair intends to pass a by-law on the 8th day of March, 2000 at a meeting to be convened in Council Chambers at the Rural Municipality of Strathclair at the address in the Village of Strathclair, in the Province of Manitoba at 9:30 o'clock in the a.m. for the purpose of closing the following portion of public highway:

All that portion of Plan of Public Road Plans 3188 (NLTO) and 3259 (NLTO) as shown bordered in a solid black line as Parcel A and Parcel B, upon a Plan of Survey made by Duncan Robertson, of the City of Brandon, Manitoba Land Surveyor certified to by him on the 7th day of January, 2000.

At such meeting, prior to the passing of said By-law, the council will hear any person, either in person or by counsel, Solicitor or Agent of any person whose lands may be prejudicially affected thereby and who petitions the Council to be so heard.

The said By-law may be inspected at the Office of the Rural Municipality of Strathclair, 127 Minnedosa Street, Strathclair, Manitoba at any time during regular office hours, prior to the passing thereof.

Dated this 1st day of February, 2000.

RURAL MUNICIPALITY OF STRATHCLAIR

Moore Park News

by Carmin Grasby

Deepest sympathy from the Moore Park district is extended to Janice and Allan Meadows in the loss of Janice's father, Allen Campbell of Chater.

Aaron, Teresa and Christina came out to spend the day with us on February 1st. Christina stayed to spend some time visiting with us until Friday, February 4th when we took her home. While Christina was here, we went to visit special friends, Jake and Erica Harder.

A big bouquet to the people who continue to send in their pictures. Every mail day brings another batch. Thanks also to those who help put names to faces.

Hockey News

Atom 10's

The Bombers travelled to Neepawa for a 2 day tournament Feb. 5-6th. Strong win against Portage la Prairie in their opening game but suffered a close defeat against a Brandon team. Goals scored by Brook Bayes, Kyle Morrissette, Matthew Wahoski, Joseph Olenick, Cindy Lukianchuk and Meagan Smith. Assisted by Lauren Gailbraith, Michael Brown, Brad George, Devon Vaughn, Kyle Moffat and Michael Courts.

Second day Mdsa faced Neepawa and won sending them to the A side finals for a rematch against Brandon. A good solid game with end to end action but Brandon again edged out Mdsa giving the Bombers silver in the tournament. Goals scored by Brook, Kyle, Joseph, Michael Brown and Ryan Galbraith. Assisted by Devon, Meagan, Lauren, Cindy, Brad and Sean Dyck. Ternell Luhowy had outstanding games. Great work team. Coached by Neil Galbraith and Chris Brown and managed by Cory Luhowy.

Major Pee Wee Hockey

The Major Pee Wees lost 10-4 on Fri. Jan.28th to the Brandon 13A's. Goals from Derrick Chapman, Justin Workman, Mike Sansom & Brad LeBoutillier with 2A's from Brad Lewis and single assists from Justin Workman, Scott Thompson, and Thomas Boyd. Keith Horner in net.

Sun. Jan.30th, the Pee Wees won the A side of the Birtle Tournament. They defeated Elkhorn 6-3 in their a.m. game, and Birtle 6-4 in the p.m. game. Scoring as follows: Scott Thompson 6G & 1A, Brad Lewis 2G & 5A, Cory Jury 2G, Shane Morgan 1G & 2A, John Motuz 1G, and single assists from Stewart Boyd, Justin Workman, Thomas Boyd and Derrick Chapman. Goaltending by Nathan Ewasiuk-first game and Keith Horner-second game.

Mon. Jan.31 in Cardale for a league game vs. TriTown which they won 4-2. John Motuz 2G, Thomas Boyd and Dean Holmes scored singles, and Cory Jury 1A. Nathan in net.

Fri. Feb.4th at home for a league game vs. Russell, another win 5-1. John Motuz 2G, Brad Lewis 2G and Justin Workman 1G. Stewart Boyd 4A, Derrick Chapman 2A, Brad LeBoutillier, Cory Jury & Mike Sansom 1A. Keith Horner played in net. Let's keep this winning streak going boys!

Minnedosa Bantam Hockey

Fri. Jan.28th another league game tie at Elkhorn. Matt Saler & Reese Kolesar 1G & 1A, Matthew Nylen & Wes Lewis 1G, Bryce Waldon & Jay Klym 1A each. Troy Hengen in net. Welcome back to Reese Kolesar who has been recovering from an ankle injury.

Fri. Feb.4th in Gladstone for exhibition game and lost 10-5. Sat. Feb. 5th at home for league play vs. Neepawa 8-5 loss. Mark Yanick played in net. Sun. Feb. 6th in Brandon vs. Hurl's Avalanche team winning 8-1. Troy in net. Scoring: Matt Saler 5G 1A, Brad McNabb 3G 2A, Mitch Hyndman 3G 2A, Wes Lewis 2G 1A, Matthew Nylen 2G 3A, Sean McFadden 1G 2A, Wade Gamey 1G 1A, Reese Kolesar 1G, Hilary Foord & Jay Klym 3A, Thomas Robson 2A.

Midget Girls

In Hamiota the girls took part in a 1 day tournament on Jan. 29 playing 2 games. 1st game vs. Hamiota 5-3 win. Scoring: Brenda Dowsett, Jami Boyd, Hilary Foord, Julie McNabb & Carmen McNabb 1G each, Krissy Gibson 2A, Hilary Foord & Lisa LeBoutillier 1A. 2nd game in the A final vs. Pilot Mound lost 8-2. Julie McNabb scored both goals, assists to Danica Wotton and Tia Willis. Sun. Feb. 6 played host to Gilbert Plains for league play with a win 8-3. Scoring: Sherrie White & Hilary Foord 2G each, Jami Boyd, Brenda Dowsett, Krissy Gibson & Mindy Klym 1G each, Julie McNabb 4A, Sherri White 3A, Danica Wotton, Krissy Gibson 2A each, Jami Boy, Carrie White & Tia Willis 1A each.

Novice 9's

Sun. Jan 30th league play in Gladstone with M'dsa with a loss of 6-3. Scoring goals were Haydn Danaboe, Michael Birch & Brendon Taylor who also had 2 assists, Mac Ross 1A. Cory Butler in net.

Sat. Feb. 5 home game against the Brandon Storm and ended in a 6-4 win for Brandon. Sam Parish 2G, Ryan Galbraith 1G, Brendon Taylor 1G, Michael Birch 2A, Brett McNabb 1A, Andrew Johnson 1A. Cory butler in net.

Novice 8's

Jan. 15 in Shoal Lake. Kyle Robinson did a great job in net. Andrew Johnson scored Mdsa's only goal assisted by Tyler Jury, Shoal Lake won the game.

Jan. 28 in Rapid City vs. Safeway Avalanche. Kyle Robinson in net. Andrew Johnson scored in 3rd period assisted by Jonathan Cahill, Avalanche won the game.

Feb. 1 in Hamiota. Brook Moffat in net. Jonathon Kowal scored a goal, unassisted in 1st period. Tyler Jury scored 2G in 2nd period, assisted by Alex Bell.

Feb. 5 in Mdsa vs. Douglas, it was a wonderful win for Minnedosa.

Squirts

Feb. 6, Mdsa team #1 & Shoal Lake played and Shoal Lake took the win at 5-4. Goals by Dylan Huntinghawk & Eric Holmsecourt. Assists by T. Gallbraith, Sam Ross, Brian Morgan and Sean Horner. In goal were Jason Gallbraith, Eric Homsecourt & Myles Wahoski. Great game!

Snowmobile Team delivers safety message

The Snoman Sled Smart Snowmobile Safety School is on the road in rural Manitoba visiting school aged children and delivering snowmobile safety and awareness messages. It's an effort aimed at reducing the number of accidents connected to this popular winter pastime.

Young snowmobilers will learn how to stay safe on the trail by reviewing some common sense reminders. All snowmobilers should slow down when riding at night. Nine out of 10 snowmobile fatalities occur after dark, and alcohol and excessive speed are often involved. Remember to wear outer clothing with reflective decals on your arms, back and helmet and never ride alone.

Alcohol is involved in almost 70 per cent of snowmobiling fatalities. Even a few drinks can impair your perception, slow your reaction time and limit your ability to control your machine. Manitoba Hydro cautions riders to be alert on the trail. Snowmobilers should watch for guy wires when they are travelling through the ditch and in the vicinity of hydro lines.

Staying comfortable is easy with high tech fabrics and smart layering. Keep frostbite and hypothermia at bay with polypropylene and thermal layers that release moisture and retain heat. Avoid cottons and sweatshirts that can retain moisture, and make you feel cold and clammy.

Tuck a repair kit into your snowmobile. It should include a spare belt and spark plugs, a tool kit with wrenches and nuts, tow rope and pry bar, duct tape and wire, an extra ignition key and a pair of work gloves. An emergency kit should include first aid items, a knife, map, compass, lighter, matches, flashlight, whistle, some food and extra clothing.

International Biotechnology Agreement

by Neil Galbraith

After a week of intense negotiaions, delegates from more than 130 countries agreed to the first global treaty regulating trade in genetically modified products (biotechnology). The treaty allows countries to bar imports of genetically altered seeds, microbes, animals and crops that they deem a threat to their environment. This is referred to as the "precautionary principle". A nation can take action to protect itself even if there is a lack of scientific certainty that it would be dangerous. Delegates from Europe and developing countries as well as environmental groups hail this as a significant achievement. This will continue to allow Europe to bar imports of Canadian canola. However a clause that shipments of genetically altered commodities identify the specific variety was not included. This is positive for Canadian farmers since such a requirement would be very difficult and expensive in our present grain handling system. The shipments will have to be labelled "may contain" genetically modified organisms. Genetically modified crops will not have to be segregated by farmers. Therefore there should be no marketing risk in 2000 for GMO canola and there should be no price difference between it and conventional canola. Please note I used the word "should" as you never know what industry may do in the future.

The treaty does not address food labelling issues and does not apply to human pharmaceuticals. It is interesting that GMO medicines are okay for Europeans but not GMO canola.

PUBLIC NOTICE
ROAD CLOSING
R.M. OF PARK

PUBLIC NOTICE IS HEREBY GIVEN THAT the Council of the R.M. of Park has given 1st reading to By-law No. 1190-99, being a By-law to close a portion of Public Road Plan 5022 (Albin Avenue) in the Hamlet of Onanole (as shown on the following sketch), and such closed portion to be transferred to the adjacent registered owner of lot 11, plan 5129. The portion to be closed is a result of the new design of the intersection at Albin Avenue, Central Road and P.T.H. No. 10.
NOTICE IS HEREBY GIVEN THAT the Council of the R.M. of Park will sit to hear any person wishing to make representation on the proposed By-law, at a hearing to be held by Council on March 27th, 2000 at 1:15 pm in the Council Chambers of the R.M. of Park at Onanole, Manitoba.
The By-law along with supporting documentation may be inspected at the Municipal Office during regular business hours.

Rapid City & District News

by Grace Fearnley

Thirteen senior bowlers met at Mdsa Mon: Feb. 7th. Mary Turton claimed the Head Pin and the trophy winners were Gladys Simpson and Earl Wilkinson.

There was a good turn out of eight tables for the whist drive Mon. evening at the Centre (eight tables in play). The travelling prizes were won by Bernice McTavish and John Northam. The prize winners were Thelma Anderson and Ann Wright, Art Simpson and Lawrence Turton.

Lorraine and Henry Hales visited this past week at Morris and helped their daughter and son-in-law Barb and Jim Kooting celebrate their 6th wedding anniversary. They enjoyed dinner at the Red Lobster in Winnipeg. Lorraine's brother and sister and their spouses also got together to help their dad Lorne Nesbitt observe his birthday. (Mr. Nesbitt lives at Rivers).

The annual Rapid City 4-H Beef Club Bonspiel was held Sat. Feb. 5th. The first prize and trophies were won by Rapid City Beef - Ryan Boyd, Mandy Van Meijl, Angela Brackenreed and Jordan Bos. Other rinks were: Rapid City Variety, Mdsa Multi and Erickson Multi (10 in all). Each youngster received a prize and a goody bag, and all report a good time.

Kevin and Deynse Miller of Winnipeg were home to spend the past weekend with parents Maurice and Beryle Miller.

Frank Hyndman has returned from a week spent at Calgary where he enjoyed being with his son Jared, and visiting with old friends.

A social evening wes held Sat. Feb. 5th at the Legion Hall to honour Marty Habs and his bride to be, Leah Howie.

Gord and Melanie Garbutt and son Tyler from Crystal City were weekend guests with brother Steve, Joanie and their family. Gord and Melanie also attended the social held for Marty and Leah.

Joan Garbutt and daughter Lizann and Robyn attended a bridal shower held at St. Augustine Church in Brandon to honour Leah Howie.

Four couples - Art and Gladys Simpson, Sylvia Soldan and Thelma Anderson, Doug Reid and Olive Walker, Rena Cornish and Laura Haslen represented Valley View Seniors in the whist play offs at Onanole Feb. 9th (we sent Rapid City's finest and they came home empty handed). Onanole came 1st, Mdsa 2nd (after a tie with Onanole) and Rivers placed 3rd. Everyone had an enjoyable day.

Rev. Boyd and Kathy Drake went into Winnipeg on Sat. Feb 5th to watch their son Garry compete as a runner at the Cargill games.

The regular Legion Auxillary meeting was held Wed. Feb. 9th at the Valley View Senior Centre. Past president Margaret Northam had the pleasure of installing Kathy Drake as a member. It is always a special event to gain a new member.

Making the most of your RRSP contributions with a spousal plan

Couples who expect to have large differences in retirement income streams can take steps now to even out their retirement incomes. You can even save money on income taxes in the process.

To accomplish this you need a spousal Registered Retirement Savings Plan (RRSP). This is an RRSP in the name of one spouse, to which the other spouse makes contributions. By using a spousal RRSP to narrow the gap between each spouse's retirement income, the combined tax bill for both spouses is often reduced. For example, a couple will pay less tax if each spouse earns $50,000 in yearly retirement income instead of one earning $100,000.

How does this work? If one spouse is accountable for most of a couple's retirement income, he or she will end up paying taxes at a high marginal rate. This could result in some of that income being taxed by as much as 50%, depending on your province of residence. But a spousal RRSP lets you adjust your retirement income so that less income is taxed at higher rates.

Here's how it works: You contribute to your spouse's plan now. You get the tax break associated with the contribution, and your spouse's annual RRSP limit is unaffected. You can contribute to both your RRSP and a spousal plan, although your total contributions can't exceed your yearly limit. In most cases, the higher income spouse contributes to the lower income spouse's RRSP.

Your goal should be income equalization, not necessarily RRSP equalization. This is critical when one spouse will receieve retirement income from sources other than an RRSP, such as an employer-sponsored pension plan. In this case, the spouse with the other source of retirement income will want to have less money in his or her RRSP.

There's another benefit to a spousal plan. If your spouse is younger, the money you contribute to a spousal RRSP will have more growth potential than in your own plan, since your partner will have longer to go before reaching the age of 69, when an RRSP must mature. The spouse older than age 69 can also continue making contributions to the younger spouses's plan, provided the older spouse has earned income.

You should be aware of a couple of pitfalls of a spousal plan. First, because a spousal RRSP is the property of your spouse, it may present difficulties in the event of a divorce. And second, you can't set up a spousal plan in the hopes of receiving a big tax break on your contribution, and then have your spouse withdraw the money in a few months at a low tax rate. Funds removed from a spousal plan in the year of contribution or in the next two years in most cases are taxed as income in the hands of the contributor.

Determining how to structure your RRSP contribution and income streams can be complex, so consult your financial advisor. He or she can take into account your tax rates, all sources of retirement income and any other factors that come into play.

In Memoriam

Hogarth - In loving memory of our mother, grandma and great grandma, Minerva (Welbourne) Hogarth who passed away February 14, 1999.

The love of a wonderful mother,
Lives on with us forever,
Filling our days with treasured memories,
Of happy and special times together,
In our hearts memories of you are treasured forever.

Lovingly remembered by the Wellbourne families and fondest memories from the Hogarth families. x (C6)

Rollins - In loving memory of Stanley George, a dearly beloved son, brother and father who passed away February 18, 1985.

The ones we love remain with us,
For love itself lives on,
And cherished memories never fade,
Because a loved one's gone,
The ones we love can never be,
More than a thought apart,
For as long as there is a memory,
They'll live on in the heart.

Sadly missed and ever remembered and loved by his mother, Annie Rollins and family; daughter, Patty and son, Kelly. x (C6)

Macksymchuk - In loving memory of our dear husband father & Dedo Fred who passed away 5 years ago February 17, 1995.

We never asked for miracles,
But today just one would do,
To see the door pushed open,
And see you walking through,
We will always love and miss you dear,
And wish that you were here,
You left behind aching hearts,
That loved you most sincere.

Sadly missed and always loved wife Anne & family. x (C6)

Card of Thanks

We would like to express our sincere thanks to Dr. Marlatt and staff at Minnedosa Hospital. Dr. Meyers, Dr. Dhalla and staff on 400, 300 and Intensive Care Unit at B.R.H.C. for their devoted care. Special thanks to Donna, Margaret, Verna, Sharon & Marilyn for the food brought to the house. Thank you for all the phone calls, cards and flowers, visits, acts of kindness and offers of rides to Brandon. Special thanks to friends and relatives for helping with chores. Everything was greatly appreciated. Wes & Elsie Ferguson. x (CD)

Our sincere thanks to the doctors, nurses and staff of the Minnedosa Hospital. To Lynn Tolton a special thanks for bringing a smile to dad's face when you came around and worked with him. To the many friends and family that were always around for dad during his stay in the hospital. Kay Boyd & family. x (CD)

Our sincere thanks to all the people that sent food, flowers and who made donations to the Boyd Cemetery and other charities in J.R.'s name. To Rev. Falk and the Legion Honour Guard for the lovely service and to the Anglican Church Ladies for the lunch. To the many people that offered their support at this most difficult time of our husband, father, grandfather and great grandfather's passing. Kay Boyd & families. x (CD)

My sincere thank you to my families and friends who have been so supportive during my surgery and long time I have spent in the hospital in Brandon and Minnedosa. Thank you for the many cards, visits, prayers, goodies and phone calls since coming home. Thank you to the Dr.'s and whole staff for their wonderful care and camaraderie that has helped to speed my recovery. Also, thank you to the Home Care girls for their care. It is so appreciated by both of us. Harry Oman. x (CD)

Card of Thanks

The family of Garnet Wagner wish to extend a sincere thank you to all family and friends, for the phone calls, visits, cards, flowers and food in our time of sorrow. We have been strengthened by your caring and will be forever grateful. A special thank you to Dr. Bright and all the nurses at Minnedosa Hospital for your support and compassion during dad's hospital stay. His last days were spent in comfort and peace because of your wonderful care. Also thanks to Marc, Elaine and "Gumma" for all the rides to and from the hospital, and giving us a bed to sleep on. Your caring for Nicole and Allison, helped tremendously in those two weeks of dads hospital stay. The coffee time from eleven to one every night at the hospital, I shall treasure always. To the ladies of the Willow-Grove Hospital Aid, we thank you for the lovely luncheon. Thank you to Rev. Delgaty for making dads memorial service so very personal and supportive for all of us. Also thanks to Steve at Sparrows Funeral Home for guiding us through the arrangements. Steve and Jean's continuing support is making a difficult time easier. Lillian Wagner, Elton, Tracy and Barry Budinski, Trent and Shawna Wagner and families. x (CD)

Card of Thanks

I would like to extend my most sincere thanks to everyone who attended and/or sent their good wishes to my retirement supper at Mr. Ribs on Thursday evening. It was great to see everyone again; both present and past co-workers. Thanks to everyone in the kitty fund for the lovely wrist watch. I will treasure it forever. To fellow C.U.P.E. members for your thoughtful gifts - you hit my soft spot, thank you. To Diane & Esther for your thoughtful words at the coffee party and supper - thank you so much, you are both too kind. For the beautiful crystal pieces I received from staff - they're gorgeous - I love them. You made a beautiful choice without any outside help. To everyone who sent cards, gifts and your good wishes - Thanks again. Each one of you holds a special spot in my heart and I really do miss you. Thanks for the memories. Betty Smith P.S. Thanks for the extra miles Diane! x (CD)

Obituary

Anthony (Tony) Pegoski

Suddenly, on February 7, 2000, Anthony (Tony) Pegoski passed away at his home at the age of 68. Tony was born in the Springhill district on April 12, 1931. He spent his entire life in the Neepawa area doing what he enjoyed and did best - farming. He always took pride in and looked forward to putting in his crops and seeing the eventual harvest. Tony was an avid outdoorsman with a passion for hunting and gun collecting. He would also spend many hours every fall cutting mountains of wood for his wood stove. As well as being a kind and gentle person, Tony had a great sense of humour. He loved to tease and give one of his quick winks with a twinkle in his eye while "pulling your leg". Tony had a generous nature and always was willing to help others wherever needed.

Those left to mourn his passing are his loving companion and friend Louise Prom, brother and best friend Joey (Judi) Pegoski, sisters Lorna (Dave) McClelland and Vicky (Frank) Kuharski and brother-in-law Henry Hebert. In addition, Tony was an uncle to numerous nieces, nephews, great nieces and great nephews. Tony was predeceased by his parents Joseph and Mary, brothers Raymond, Jackie and Daniel and sister Ida Hebert.

Services were held Thursday, February 10th, 2000 at St. Dominic's Parish with interment at Riverside Cemetery in Neepawa. Pallbearers were nephews Stephen Pegoski, Leonard Kuharski, David Pegoski, Terry Pegoski, niece Kelly Lamport and nephew-in-law John Lamport.

If so desired, donations in Tony's name may be made to the Heart and Stroke Foundation or charity of choice.

There was only one uncle Tony and we'll miss him a lot. Sparrow Funeral Service in care of arrangements.

Obituary

Mary Reed

It is with great sadness we announce the sudden passing of our mother Mary Reed on February 5, 2000. Mary Willerton Would was born June 15, 1925 in the Sub-District of Wallasey England to Arthur and Annie Would. She grew up in the Turtle River district and received her education at Turtle River School. After receiving her education, she and her best friend, Mary Garton worked at the Developmental Centre at Portage La Prairie.

Mary married Daniel Reed of Makinak and together they raised three children.

After settling in Minnedosa, Mary worked for many years as food service supervisor at the Minnedosa Hospital, retiring in 1990. After which time she spent doing what she loved most, gardening, crocheting and enjoying good times with her friends. But her most cherished times were spent with her family.

Mary was predeceased by her father in 1956 and her mother in 1965. A brother Trevor Would and nephew David Would of England and her special freind Nick Zatylny.

She will be sadly missed and fondly remembered by her children Linda (Tony) Saler of Minnedosa, Bea (Shawn) Neilson of Winnipeg, Ken Reed of Winnipeg. Grandchildren Kevin, Kirk, Darren, Erin, Geoff, Cody and Danielle. Mary also leaves to mourn her passing, a sister-in-law Betty Would, a niece Carol, nephews Richard, Geoffrey, Jonathon and their families of England.

A funeral service was held Wed. Feb. 9th at the Evangelical Covenant Church of Minnedosa, Pastor Albert Josephson officiating. Interment in Minnedosa Cemetery.

Pallbearers for the service were Keith Hyde, Rick Saler, Brian Haywood, Lee Smith, Mark Saler, Perry Robinson. All in attendance are to consider themselves Honorary Pallbearers.

In lieu of flowers, donations may be sent to the Heart and Stroke Foundation.

Arrangements entrusted to Sparrow Funeral Service of Minnedosa.

Our Perfect Mother

You were always there: to hear our complaints, to share our joy, to feel our pain, to listen to our latest adventures, to advise us, to cry with us and hope for us, laugh with us and to forgive us when we did something dumb. We never heard a harsh word from you that wasn't justified. We never saw selfishness from you...only a mother who gave herself freely, happily, joyfully, and perfectly.

If we looked the world over, we could never find a mother more perfect than you. If we could choose anyone at all for our mom, we'd choose you. We're so lucky that God put us in a family and gave us you for a mother. After all we wouldn't be who we are without you. We love and appreciate you more than we could ever express. You're more than we could have ever hoped for in a mother. You're our perfect mother, and we're so thankful for you...

Install security lighting for peace of mind

Adding a few security lights around your home can keep your family and property safe and give you some peace of mind. Unfortunately more homes, buildings, automobiles and outdoor storage areas are becoming the targets of vandals and arsonists. But research shows that nine out of 10 thieves will not set foot into a yard that's well lit.

For personal safety after dark, add lights to all the points of entry into your home including the porch, rear and side doors. Don't forget to light storage sheds and carports. Choose fixtures that are bright enough to do the job. Floodlights are recommended. Some decorative lights are not bright enough to light the way. Place the lights out of reach from the ground so bulbs can't be removed or broken easily. Aim floodlights away from the house so you can see if anyone is approaching.

Be sure to trim shrubs and bushes and keep them well lit. Add a surveillance component with a motion sensing light that will throw a sudden burst of light onto anyone approaching your home.

Many outdoor lighting systems include a photocell that turns the lights on when it's dark and turns them off at daylight, relieving you of the task and saving energy.

A well designed security lighting system is an investment in reducing the expense caused by vandalism and loss of property. For more ideas, please visit your nearest Manitoba Hydro office.

Keep your kitchen fan clean

When was the last time you cleaned your kitchen exhaust fan? If you cooked a turkey this holiday season, and experimented with the leftovers, chances are your fan needs a thorough cleaning. It's one of the hardest working appliances in your kitchen. And sometimes the most overlooked when it comes to cleaning and maintenance.

A kitchen fan removes cooking odours and helps keep your kitchen clean by sucking up grease and moisture. Regular cleaning is essential to keep your fan working safely and efficiently. Grease and debris may build up on the fan and slow down the motor, causing it to overheat. The hot motor can ignite particles in the fan and lead to a fire that's hard to reach. Be on the safe side and clean the fan regularly.

Turn off the power to the fan before you start cleaning. This will require flipping the breaker. Baking soda and warm water make a hard working and environmental friendly cleaning solution. Wipe down all the moving parts and let them dry completely before putting the pieces back together. Reconnect the power and test your fan to be sure it runs quietly and works properly.

Give your exhaust fan a good cleaning after any busy time of the year.

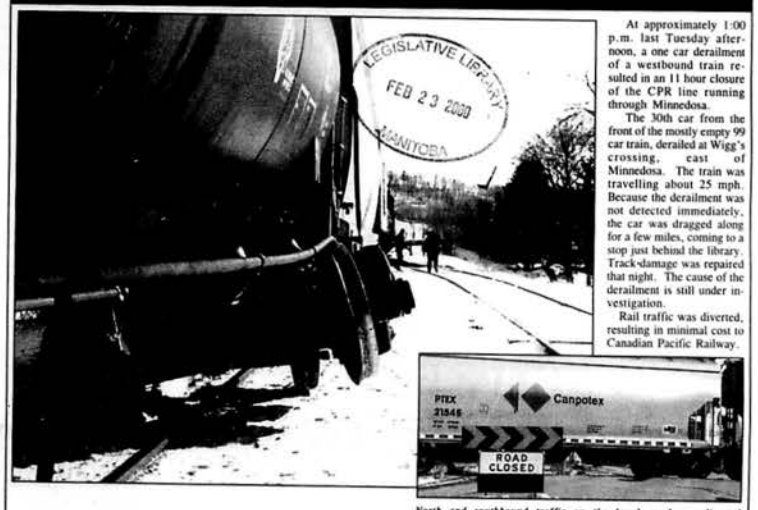
Westbound train derails



North and southbound traffic on the beach road was diverted after the crossing was closed, following the derailment. The main street crossing was also closed for a short time.

At approximately 1:00 p.m. last Tuesday afternoon, a one car derailment of a westbound train resulted in an 11 hour closure of the CPR line running through Minnedosa.

The 30th car from the front of the mostly empty 99 car train, derailed at Wigg's crossing, east of Minnedosa. The train was travelling about 25 mph. Because the derailment was not detected immediately, the car was dragged along for a few miles, coming to a stop just behind the library. Track damage was repaired that night. The cause of the derailment is still under investigation.

Rail traffic was diverted, resulting in minimal cost to Canadian Pacific Railway.

Hog barn concerns turn to threats

By Nancy Chemerika

Some ratepayers in the R.M. of Clanwilliam are concerned after reading a sign stating "Keep the Hogs Kill the Hippies".

The sign, located in the ditch adjacent to SW 29-17-17, Ward 1, of the Municipality replaced a sign that stated "No Hog Barns", which was erected after hog barn rumours began swirling. The sign has since been removed by the RCMP who are continuing to investigate the matter.

"It sort of gives you goose flesh," stated Georgina Cutter who was concerned about the sign. "It sort of is a death threat. I just feel that someone who doesn't live in our neighbourhood is threatening us. I think that if it was one of our neighbours, they would come and talk to all of us before putting up a sign like that."

Cutter is one of a number of ratepayers of the R.M. of Clanwilliam who is concerned about the possibility of a hog barn going up in the municipality.

Genetic Pork of Winnipeg has been performing soil tests on the land, owned by John Biro. According to a representative of the company, who asked not to be named, no sale has been finalized. The representative also stated that if anything were to go ahead, local citizens would be the first to know. The source added that Genetic Pork is currently investigating several other sites throughout Manitoba, in addition to the R.M. of Clanwilliam property. John Biro stated that the sale is in the process pending certain conditions.

"I suppose one of those conditions would be neighbour reaction," stated Mr. Biro.

"They are doing soil tests. We are concerned about the smell of it, and the ground water - both the depletion of it, and potential contamination," noted Cutter.

The R.M. of Clanwilliam currently has a by-law in place to regulate livestock operations. Livestock operations in excess of allowable municipal standards require that the individuals establishing the operations make application for conditional use. Council has the authority to either approve the application, approve it only if certain specified conditions are met, or deny the application.

Install security lighting for peace of mind

Adding a few security lights around your home can keep your family and property safe and give you some peace of mind. Unfortunately more homes, buildings, automobiles and outdoor storage areas are becoming the targets of vandals and arsonists. But research shows that nine out of 10 thieves will not set foot into a yard that's well lit.

For personal safety after dark, add lights to all the points of entry into your home including the porch, rear and side doors. Don't forget to light storage sheds and carports. Choose fixtures that are bright enough to do the job. Floodlights are recommended. Some decorative lights are not bright enough to light the way. Place the lights out of reach from the ground so bulbs can't be removed or broken easily. Aim floodlights away from the house so you can see if anyone is approaching.

Be sure to trim shrubs and bushes and keep them well lit. Add a surveillance component with a motion sensing light that will throw a sudden burst of light onto anyone approaching your home.

Many outdoor lighting systems include a photocell that turns the lights on when it's dark and turns them off at daylight, relieving you of the task and saving energy.

A well designed security lighting system is an investment in reducing the expense caused by vandalism and loss of property. For more ideas, please visit your nearest Manitoba Hydro office.

Keep your kitchen fan clean

When was the last time you cleaned your kitchen exhaust fan? If you cooked a turkey this holiday season, and experimented with the leftovers, chances are your fan needs a thorough cleaning. It's one of the hardest working appliances in your kitchen. And sometimes the most overlooked when it comes to cleaning and maintenance.

A kitchen fan removes cooking odours and helps keep your kitchen clean by sucking up grease and moisture. Regular cleaning is essential to keep your fan working safely and efficiently. Grease and debris may build up on the fan and slow down the motor, causing it to overheat. The hot motor can ignite particles in the fan and lead to a fire that's hard to reach. Be on the safe side and clean the fan regularly.

Turn off the power to the fan before you start cleaning. This will require flipping the breaker. Baking soda and warm water make a hard working and environmental friendly cleaning solution. Wipe down all the moving parts and let them dry completely before putting the pieces back together. Reconnect the power and test your fan to be sure it runs quietly and works properly.

Give your exhaust fan a good cleaning after any busy time of the year.

Farm focus group compiles shocking figures for the area

By Nancy Chemerika

A Minnedosa focus group has compiled facts and figures to show the public, and the government, that southwestern Manitoba will lose an estimated $204 million as a result of the excessive moisture in 1999.

The focus group, comprised of Minnedosa producers, local agriculture related businesses, the Chamber of Commerce president, and the Minnedosa Agriculture Representative, was formed late last fall after it became apparent that a number of area producers would be suffering as a result of the excessive moisture of 1999.

The focus group has compiled indepth yield and weather information for 39 municipalities in southwestern Manitoba, and took random samples from another 11 in the surrounding area. Shockingly, that information revealed that the Rural Municipalities of Odanah, Saskatchewan, and Elton were the hardest hit, in terms of production, in all of southwestern Manitoba. Weather information revealed that the moisture of May, 1999 was a 1 in 100 year occurence, and 500% of normal.

"The yield information told us that yields in the Minnedosa Ag. Rep. District were 60% of normal, before grade reduction," stated Neil Galbraith, Agricultural Representative. "The average 1000 acre farmer will lose $50,000 to $60,000 this year. There could be long lasting effects for the year 2000 and beyond. You just don't make up a $60,000 loss in one year."

The goal of the focus group is to demonstrate that the economic hurt in southwestern Manitoba, resulting from excessive moisture in 1999, is a much larger and devastating problem than just the low commodity prices currently affecting all farmers in western Canada.

"We are trying to separate the issues and show Ottawa that they need to address the excess moisture issue on its own, with a cash payment," concluded Galbraith.

The focus group has made presentation to the Southwest Lobby Group, who took it on to Ottawa. They have also presented the data to Don Zasada, Deputy Minister of Manitoba Agriculture and Food, Neil Hamilton, the General Manager of Manitoba Crop Insurance, and the Minnedosa Credit Union.

"It was a very informative presentation," stated Don Farr, Manager of the Minnedosa Credit Union. "I was shocked to hear the extent of the total loss in the area. I was really surprised to hear that Odanah, Saskatchewan, and Elton were the hardest hit municipalities in terms of production. That has an impact on main street, as well as on the farms."

The focus group will be making their presentation to the general public at a meeting at the Minnedosa Community Conference Centre on March 2nd, sponsored by the Minnedosa Chamber of Commerce.

Cubs and Scouts attend Council meeting

By Nancy Chemerika

A regular meeting of Council was held last Tuesday with all members, and some special guests in attendance.

Members and leaders of the Minnedosa Cubs and Scouts troop attended the Council meeting to learn more about parliamentary procedure, and to have Mayor Drebit sign a proclamation declaring February 19th to 26th Scout and Guide Week in the Town of Minnedosa. The Cubs and Scouts also brought along the enhanced first aid kits they purchased with a donation, authorized by resolution brought forth by the late Councillor Keith Taylor, last year. The troop hopes to have the first aid kits inscribed in memory of the late Councillor Taylor.

Young Tyler Thevenot sat to the left of Mayor Drebit for the remainder of the meeting, and officially banged the hammer at the passing of each resolution. Although somewhat shy in his temporary post, Tyler was quite sure of his rights and refused to give up his cap to the Mayor when he asked to borrow it.

The Operations and Maintenance Committee of the Minnedosa Community Conference Centre was dissolved by Council. The Recreation Director will assume responsibility for operations and maintenance of the hall. The Town will enter into a service agreement with the Minnedosa District Recreation Commission.

In other Council news, Classic Rock Weekend organizers attended the Council meeting to discuss the Town's involvement in the event. A resolution was passed to go in camera, and Mayor Drebit declared a conflict of interest and left the meeting, until the end of the delegation.

Council regretfully accepted the resignation of Tannis Barrett from the Education and Training Committee of the Community Development Corporation.

Funding requests from Frontier Trading Company, the Education and Training Committee, and the Tourism Committee were tabled to budget discussions. Requests from the Neepawa Lily Festival, and the Roblin Agricultural Society, that the Town of Minnedosa attend their respective parades were also tabled to budget deliberations.

Council passed a resolution to declare the week of February 19 to 26th, as Kin Week in Minnedosa.

The Tourism Committee informed Council that they were considering the possibility of moving the Minnedosa Tourist Booth back out to a Highway location, to draw visitors into town. For the past few years, the Tourist Booth has been located in the Caboose in Tanner's Park.

Council granted Rolling River Festival of the Arts a grant for $100 for this year's festival which will be held in Rivers.

One Town of Minnedosa Public Works employee was authorized to attend a Used Oil Training Course in Brandon later this month. The landfill site operator was authorized to attend a Waste Reduction Conference in April.

Tyler Thevanot was overcome by the responsibilities of his "Mayoral" duties

Sandy Lake School gets "A" for participation

By Nancy Chemerika

Although recent reports indicate that Canadian youths get low marks when it comes to heart health, the students of Sandy Lake School get an "A" for their participation in the annual Jump rope for Heart program.

Over the past five years, Grades K-8 students of Sandy Lake Elementary - Junior High School have raised $4,190.50 toward cardiovascular research and health promotion programs, funded in Manitoba. For their participation the school of 45 students received a five year banner.

"It's very impressive for a school of this size to raise so much money," stated Thomasina Arthur, Brandon Area Co-ordinator. "You never can tell. Sometimes it is the smaller schools that get the spirit and raise more money than the bigger schools."

Jump Rope is a program of the Heart and Stroke Foundation of Manitoba, where kids learn about healthy lifestyles while collecting pledges. Funds raised through the program go towards research and health education programs throughout Manitoba.

Elks celebrate 75th Anniversary

Back Row L-R: Fred Tyefisher, George McLean, Merv Robertson, Mike Makowaychuk, Glenn Parrott Sr., Bruce Taylor, Bill Webb, Wayne Hopkins, Ross Campbell.
Middle Row L-R: Malcolm Smith, Lorne Erven, Charles Legare, George Betteridge, Allan Betteridge, Ron Yaeger, Archie Smith.
Front Row L-R: Harold Roberds, District Deputy, Dennis Stewart, Past Grand Exalted Ruler, Keith Wadam, Provincial President, Will Parrott, Len Averill, Andy Dyck, L.L. MacLeod, Bill Campbell, Tom Smith.

By Nancy Chemerika

Close to 150 attended the banquet and dance honouring the 75th Anniversary of the Minnedosa Elks Lodge #68.

At the banquet, Len Averill received a 55 year membership pin and spoke of how the Elks organization has changed and improved over the years. He commented that in the beginning, the Elks was a more secret society, open only to certain members of the community. Mr. Averill noted that the organization was much more open and accepting of all members of society now, which has much improved the Elks Lodge. "There were half a dozen of us who joined at that time," stated Averill. "The Elks have done a terrific amount in the community. The organization helps children a great deal. We have done many memorable projects. The playground at the beach was built about 50 years ago, and is maintained and added to each year. It was the first big attraction on the east side of the lake."

Receiving their 10 Year Membership pins in 2000 were Bill Campbell, and Brent Coey. Lorne Erven and Dick Sulkers received 15 Year pins, Andy Dyck, Barry Meadows, and George McLean received 20 Year pins. Glenn Parrott Sr. received a 25 Year pin, and Ron Yeager received a pin for 25 Years of service and being 65 Years of Age. Allan Betteridge, George Betteridge, Garry Boyd, John Johnson, Allan Robinson, and Tommy Smith received 30 Year pins. Wayne Hopkins, Peter Olson, and Archie McLean received 35 Year pins. Jim Chipperfield received a 50 Year pin.

The Minnedosa Lodge #68 of the Benevolent and Protective Order of Elks of Canada came into being on February 6, 1925. Thirty nine members were given the degree of Initiation in the Minnedosa Armory. Brother Walter Hunter was installed as the first Exalted Ruler.

Over the years, five Minnedosa Elks have been served as Provincial President: T.C. Logan, 1929, W.G. Ferguson, 1937, W.K. Houston, 1941 and 1942, D.A. Smith, 1944, and R.B. Clarke, 1951. Minnedosa Lodge has also provided several district deputies for District #3, including Walter Weir, former Premier of Manitoba, and W.G. Ferguson, a former Court of Queens Bench judge.

Throughout their 75 year history in Minnedosa, the Elks have contributed time, effort, and funds to a number of worthy projects both locally and nationally. Children's Flag Day, the Christmas Fund, the Christmas Cheer Board, the Canadian Save the Children Fund, a Milk Fund, an Ice Carnival, hockey teams, school bands, Scouts and Guides, are just a few of the projects the Elks have been involved with.

Each year, the Minnedosa Elks Lodge, along with the Royal Purple, hold a tag day to raise funds for the Elks and Royal Purple Fund for Children. The fund was created a number of years ago to provide help for children under the age of 19 who have medical, dental, optometry, or hearing difficulties. A number of local children have benefitted from the Fund for Children.

Poof! Optical Illusions & $90 Billion Tax Hikes

Like any good optical illusion, the secret to a successful magic trick is pulling it off before anyone figures out how it happened. By that measure, federal and provincial finance ministers should have no problem finding Houdini-like work should their day jobs end. Over the last eleven years, Canada's governments have hiked taxes by $90 billion by skilfully using inflation and tax brackets to lift more money from taxpayer pockets.

In a deft 11-year slight of hand, governments moved up the tax brackets much more slowly than inflation. For example, in the case of the 1988 $27,500 tax bracket, it moved only to $29,590 by 1999, instead of the $36,991 where it should have been.

End result? Someone whose taxable income was $27,500 in 1988 and received raises only for inflation, saw much of that raise kicked into a higher tax bracket. In this example, $7,401 is now subject to a 26% federal rate (plus provincial on top) instead of 17% plus provincial taxes. That taxpayer handed over an extra $9,418 since 1988 thanks to such "bracket creep."

When governments and tax-happy think-tanks claim that taxes haven't risen, they magically ignore the last decade's increasing payroll taxes, extra surtaxes, new user fees, and in this case how governments pushed people into higher tax brackets via inflation. Federally, Ottawa took in an extra $69 billion worth of income tax between 1989 and 1999 thanks to bracket creep taxes, $10.7 billion of it last year alone. The provinces raked in an extra $20.5 billion, $2.6 billion of it just last year.

Closer to home, Manitoba taxpayers shelled out over $3.5 billion in extra tax since 1988 simply because governments did not index tax brackets for inflation. With an extra $3.5 billion sucked out of the Manitoba private sector in the last decade, the provincial economy has suffered immeasurably. It's tragic to speculate on the lost investment and job opportunities from government meddling in the income tax system.

And here's a figure to remember the next time Manitoba politicians wail about a lack of transfers from Ottawa: fully 7% of the provincial government's personal income tax revenues, or $117 million, went into Manitoba's treasury last year because of bracket creep.

For taxpayers and journalists who want to closely observe the budget tax magic over the next little while, here are two moves to keep your eye on as finance ministers deliver their budgets.

Does Paul Martin fully re-index tax brackets for inflation? If he doesn't, then inflation (and higher payroll taxes) will, over time, whittle away at any trumpeted tax relief just as it has in the past.

The second move to watch is how fast the provinces de-link from the federal tax calculation system and how they do it. As Ottawa reduces taxes, and especially if tax brackets are indexed for inflation, the provinces (most of whom piggyback on the federal rates) will scramble to avoid falling tax rates even though they've richly benefited from the cozy arrangement thus far.

Unless the provinces lower their taxes as they de-link from Ottawa, it is a sure sign they are attempting to abscond with the annual extra revenues that 11 years worth of bracket creep has produced. Look for that to be the next magic trick.

--Victor Vrsnik, Provincial Director
Canadian Taxpayers Federation

Chancellors looking for repeat

The Minnedosa Chancellors are on to the second round of the playoffs after defeating Major Pratt in two straight games (5-3 and 3-2). The Chancellors will meet the Birtle Falcons later this week in an effort to repeat last year's championship performance.

LETTERS TO THE EDITOR

Dear Editor:
RE: Animal Abuse

A person came to me one day and told me about the fun they had the previous day. Three of them on ski-doo's caught up to a Jack Rabbit in the middle of a field. They took turns trying to run over the rabbit, while the other two kept the rabbit in the middle of the field until finally one ran over the rabbit and killed it. I asked this person if he would loan me his ski-doo the next day and he said yes, and he asked me why. I then told him that I wanted his two chums to come also and that I would give him a ride to the centre of the field. Now we would play the game, he was to be the rabbit unto death. He walked away and a couple of hours later he came back and told me that he understood what fear that poor rabbit went through before it died and that he was so sorry for what he had done. Please ski-doers do not do this. If you run a deer they will probably get sick and die from pneumonia from being over heated from running.

Thank you,
Jack Chambers

Dear Editor:
RE: Canada's Rural Culture at Risk

As the Chief Opposition Critic for Canadian Heritage and a promoter of Canadian Culture, I believe that Canada's rural culture is at risk. Let's take a look at why I believe this to be true. Let me begin by saying that farmers have been leaving the land since the Depression. With the advent of the 60's farms have become larger and larger. No longer could a farmer make a living on a quarter section of land.

Today's farms stretch for miles and miles. And yet cereal and oil grain producers are going broke because of continuous low commodity prices and unfair international trade subsidies exercised by the Americans and Europeans. Even the marketing boards of Eastern Canada are under attack by the W.T.O.

Canadian farmers are the most advanced in the world. Across the country they have been the most efficient and productive. Their woe is not due to inefficiency. Their woe is due to this government not standing up for Canadian farmers on the international stage. We are such wimps. This government thinks that sacrificing a few farmers is no big deal. They do not understand the total impact on the rural culture of this country when they take the people off the land. When farm families leave the farm, they end up in large urban centers looking for work. The rural communities will slowly disappear because they cannot sustain their economy without the family farm. When the population base is eroded, there is no reason to sustain small town Canada.

The rural way of life outside of the big cities will become a thing of the past. Huge international corporate farms in the future will dictate what you pay for food.

The current government policy will no doubt help drive family farms off the land. The rural culture of this country is at risk. Does this government care? Most of the seats in the House of Commons are urban. I believe that this government, in the short term, must do all it can to help farmers in need to get over this rough period, so that the family farm will be sustainable and not disappear from the cultural landscape of this great country. The rural economy is at risk. Rural Canada needs time to recreate the rural industry so that what is produced will also be processed and packaged for the marketplace. Canada works because Canadians lend a helping hand to each other in times of need. Will this Liberal government do the same for the farmers of Canada, especially those in Manitoba and Saskatchewan who are currently experiencing a farming disaster because of years of low commodity prices, excess moisture, and unfair international subsidies.

Yours truly,
Inky Mark, M.P.
Dauphin-Swan River

Research shows benefits of clean water for cattle

by Bill Stilwell

Cattle will do better when they have a proper source of fresh drinking water, according to a scientific study completed by one of Canada's leading researchers.

"Water source does affect the weight gains of cattle," said Dr. Walter Willms, head of land resource sciences for Agriculture and Agri-Food Canada in Lethbridge, Alberta. "Since water consumption is related to weight gains, producers should ensure that their cattle find the water supply to their liking."

Speaking at Manitoba Ag Days in Brandon recently, Willms explained his research that examines the importance of water quality for maximizing livestock production on pastures. His presentation was part of a day-long seminar titled "Getting the Most From Your Pasture". It was co-sponsored by the Manitoba Habitat Heritage Corporation and the Manitoba Cattle Producers Association.

Willms explained a research project in Alberta where he studied cattle at different sites, each with three water sources including, fresh, pumped and dugout water. The results showed that water source does affect weight gains in cattle.

Whether it comes from a well, a dugout or a pond, drinking water is a key ingredient in a healthy range beef production system, according to Willms. Where cattle get their water and its quality can have very real effects on their performance.

Fencing and pumping water to a trough is one simple way to improve water quality, he said. He suggests that preventing cattle from having direct access to their drinking water source will improve water quality. Cattle with access to fresh water drink more and graze more than animals drinking poor quality water.

The study points out other interesting facts. When water comes from dugouts, ponds, or wells, the quality of this water is affected by the source and by contamination from either dissolved nutrients or by direct deposition of fecal matter.

Water from deep wells may have a high salt content. Dugouts and ponds are recharged from surface water runoff containing variable amounts of dissolved nutrients, and it is further contaminated with fecal matter when cattle have direct access.

Cattle producers should carefully consider the source of drinking water for their cattle kept on pasture. When cattle have direct access to their water source, such as rivers, ponds and dugouts, their performance decreases. Cattle with offsite watering have improved weight gains and that will lead to improved profits.

ROLLING RIVER FESTIVAL OF THE ARTS

Submitted by Arleen Selzter - RRFA Publicity

Community Arts Festival Awareness Week is being celebrated across Manitoba February 13 to 19, 2000. Over 150,000 people, including performers, volunteers and audience members, participate annually in festivals throughout the province.

"Festival Awareness Weeks provides an opportunity to recognize the talents of local performers, and also the tremendous efforts of volunteers in organizing local festivals. Festivals present the perfect opportunity for young participants to hone artistic skills, gain self-confidence from public performance, and share their talent with other members of the community," states Beverley Atkinson, Executive Director of Associated Manitoba Arts Festivals.

Many of Manitoba's best known professional artists such as Loreena McKennit, Tracy Dahl, Gwen Hoebig, Fred Penner, and James Ehnes, began their careers at amateur arts festivals.

Festival Awareness Week, February 13 to 19, is here to promote awareness, foster appreciation, encourage participating in the arts and to kick off another exciting festival season across Manitoba.

The Rolling River Festival of the Arts will take place in April in Rivers.

Missing in Action

Above - One of the Six Pounders - Circa 1916

Special to the Tribune
by Murray E. Graham

For a small town, Minnedosa has hosted a surprising variety of military hardware over the years. At one time or another, obsolete field guns, captured German field pieces, a 105mm German howitzer, and a Sherman tank have had homes in our town.

The first to arrive were two 6 pounder field artillery pieces to stand on either side of the entrance of the armory. Outmoded even then, they were intended for display. Commenting on their arrival in January, 1914, the Tribune said that "they need a coat of paint, even though they are obsolete". Duly refurbished, they were placed near the entrance of the armory, to remain in Minnedosa for some decades to come.

August of that year brought the Great War, and by its end, Canada had given of her sons in unprecedented numbers. By November 1918, there were few towns or villages across the prairies that did not mourn their losses. To ensure that the fallen were remembered, memorials were planned and erected. Many communities applied to the federal government for captured guns to incorporate into their memorials. Minnedosa's Mayor Brown, with the help of General H.M. Dyer, applied for two German field pieces, which arrived in mid November, 1920. Then, in the last week of December, a third trophy arrived - A captured German howitzer. The howitzer, a large artillery piece used for high angle fire, was duly sited facing east, at the end of the strip of land where the pioneer cairn now sits.

So where are they now? Mr. Ross Neale, curator of the 26th Field Regiment RCA Museum in Brandon, and former Minnedosan, has three fifths of the answer: "In 1940, the 6 pounders and the howitzer were shipped to the steel mill in Selkirk." Metal of all types was being collected to further the war effort, and the three were scrapped. Apparently the temptation to return the howitzer to Germany, in a different form and with interest, was too tempting to Minnedosans. But that leaves one mystery. Where are the two field guns? On two occasions they are clearly mentioned in the Tribune as being in town. Yet there is no mention of them being emplaced near the cenotaph, no pictures of them, and no record of their disposal. Were they returned as surplus to the town's needs? Or perhaps donated to another town? The answer is unknown.

RCMP arrest six impaired drivers in 24 hours

Yellowhead RCMP reported last week that six impaired drivers were arrested throughout the detachment area within a 24 hour period.

Three impaired charges were laid in the Shoal Lake area, two in the Hamiota area and one in the Minnedosa area. A few days later, another driver was caught and charged with impaired driving, also in the Shoal Lake area.

RCMP felt that the high number of charges could have been attributed to the numerous hockey tournaments, curling bonspiels, and other sporting events in the area. Tow truck companies were also kept busy, as all impaired drivers immediately have their vehicle seized for a period of 30 days. The 30 day impoundment was recently implemented by the Province to help combat the impaired operation of motorized vehicles.

As a result of the dramatic increase in charges, the general public can expect to see check stops and an increased police presence at upcoming winter activities throughout the Yellowhead Detachment area.

Yellowhead Detachment consists of Community Offices situated in Hamiota, Shoal Lake, Elphinstone, Wasagaming, and Minnedosa.

Sandy Lake man pleads guilty to operating a still

By Nancy Chemerika

Peter Prokopchuk, 65, of Sandy Lake, plead guilty to the charge of possession of a still and manufacturing spirits without a permit, at Minnedosa Court last Tuesday.

The charge of having unlawfully made spirits without lawful excuse was stayed.

Mr. Prokopchuk received a $750.00 fine, and all equipment was forfeited to the Crown. This was Mr. Prokopchuk's first offense.

Mr. Prokopchuk was formally charged earlier in the new year by members of the Brandon RCMP Customs and Excise section. The charges came after RCMP members exercised a search warrant at Prokopchuk's residence after receiving information about the operation. At that time various components of the operation were seized, as well as approximately 22 gallons of homemade liquor.

RCMP Report

Last week Minnedosa RCMP received a report of one break and enter at the Minnedosa Cabin area. Upon investigation, RCMP members discovered four more break-ins. The matter is still under investigation.

RCMP received a complaint of theft at Minnedosa Arena. Hockey sticks and two High School jerseys were taken.

RCMP received a report of someone attempting to break into the CPR Bunkhouse in Minnedosa. Minimal damage occurred. The matter is still under investigation.

A single vehicle accident occurred at Rolling River First Nation. No injuries resulted.

Sandy Lake gets "A"...

Continued from Page 2

The program reinforces that "hearts are for life", and healthy habits, such as balanced diet, physical activity, and a smoke-free environment, are developed early in life.

"It's a good physical activity, and increases awareness of the cause," stated Kathleen Slashinsky, Principal of Sandy Lake School. "Being actively involved in the process encourages young people to bring the issues of the Heart and Stroke Foundation back to the communities a..."

Research shows that children who make physical activity a part of each day tend to stay active throughout adulthood, which can decrease their risk for heart attack and stroke. Research also shows that children as young as three years old have fat in their blood. This fat can result in clogs in the flow of blood to your heart as you age, and can lead to a heart attack. Twenty per cent of Canadian children have enough fat in their blood to cause serious health problems when they are older.

The data is conclusive that healthy lifestyle choices can reduce the risks of heart disease and stroke.

This is the 18th year for Jump Rope for Heart in Manitoba, and the program has raised over $6.3 million. Currently, over 12,000 school children participate annually in the program.

Cadurcis News

by Doreen Trott & Muriel McManus

Colleen Wareham & Clint Abel of Winnipeg spent the weekend and Valentine's Day with Clayton & Margaret Wareham, Cheryl & Ian.

We are pleased to hear that Elsie Wareham is making a great recovery after having surgery. She is in Minnedosa District Hospital. We wish you all the best in health Elsie!

Bill & Jamesey St. John visited on February 6 with Dot Greer of Rapid City.

Sympathy is extended to the relatives of the late Allan English of Baldur. His funeral was conducted in Baldur on February 14. Several local relatives attended.

Muriel McManus, Bernice McMillan & Bea Andrews attended "Singin' in the Rain" at W.M.C.A. in Brandon. It was very enjoyable.

Cathy McManus, Wpg. spent Friday-Monday visiting family in Minnedosa & Brandon.

The monthly Cadurcis Club met February 2 with 10 members in attendance. Louise MacDonald gave us ideas about mounting our pictures in books or in frames. Members inspected the newly renovated basement, it had been flooded last summer and had to be all redone.

MINNEDOSA CREDIT UNION

Monday, March 20, 2000
Minnedosa Community Conference Centre

Dinner: 6:30 p.m.
Business Meeting: 7:30 p.m.

Entertainment: Tanner's Crossing School's Grade 4-8 Choir

Tickets available at Minnedosa Credit Union
$6.00 each or 2 for $10.00

48-4

MCI Parent Advisory Council Meets

The MCI Parent Advisory Council met on February 10, 2000 in the MCI Library. The meeting was chaired by Kathy Currah and ten members were in attendance.

There has been no solution to the lack of funds for the PAC. How should we go about raising the relatively minor sum of $50 to pay our membership in the provincial organization? Many councils have their membership paid by their respective school boards.

The student council report was short since there had not been a meeting since the last PAC meeting. Senior fours are back from their Career Preparation and Exploration (CP&E). Most students reported good experiences. Student council is still selling matchmakers.

Senior three students will have their CP&E the week of March 20-24, 2000. Students and parents are encouraged to contact Mr. Ingenmey with suggestions for placement. There is some concern with some students choosing not to participate in the CP&E. It is not clear why some students opt not to participate when the program has so much to offer.

Mr. Ingenmey corrected some previous information regarding CP&E. Students who choose not to participate will not receive a credit, but will receive the diploma and no record on their transcript.

Planning for the next school year (2000/2001) has started early this year. Course selections are being received. The 2000/2001 School Calendar was circulated.

Provincial exam results have been received and some statistical analysis has been made. It appears students of RRSD fared quite well.

Copies of letters to the Minister of Education in regards to curriculum, in particular the mathematics, and the renovations to MCI were circulated. So far the response is circuitous.

The 'Smoke Free 2000' contracts signed by students in grade 2 is still 'smoke free'. If any one has a copy or other information to help track down the contract(s), please contact Mr. Stone at MCI.

Next meeting March 9, 2000.

Minnedosa Social News

Recent visitors with Dorothy Lewis were Lorette Bevan and her brother from Onanole, MB.

Dorothy Lewis was a dinner guest on Monday with Mark & Marilyn Irvine.

Phyllis Kenward, Edgar & Earl Wilkinson were dinner guests with Dorothy Lewis last Thursday.

Citizens on Patrol still active

Minnedosa Citizens on Patrol Program (COPPS) is still very much alive in the community. Night patrols are scheduled regularly, contributing to the security of our community.

Copps meets regularly at St. Alphonsus Roman Catholic Church the third Monday of each month at 7:30 p.m. Existing members and those interested in becoming members are welcome.

Copps is a worthwhile community organization; if you wish to volunteer to help keep our community safe from crime, attend a meeting, or phone 867-5244 for more information.

At the February 21 meeting, the RCMP will make a presentation to members about what patrollers should be watching for while on patrol.

Cardale News

by Myrtle Crighton & Ethel Fortune

Tri-Town Atoms lost to Strathclair/Shoal Lake at Cardale on Tuesday February 8th, the first game of the play offs.

On Saturday February 12th Jim and Carol Fortune, Ian and Blair, accompanied by Carol's mother, Bernie McDonald attended the wedding of Carol's niece, Allana Hill, at Camora Saskatchewan.

Cardale hosted a "Squirts" age hockey tournament on Saturday February 12th. Souris won the "A" side and Shoal Lake won the "B" side. The Cardale/Oak River Novice team were able to capture 1st place in a tournament at Rapid City on Saturday February 12th.

Ethel Fortune accompanied Joan Foxton, Myrtle Crighton and Mary Routledge of Hamiota, to the Rainbow Stage production of "Singing in the Rain" in Brandon on Saturday February 12th.

Lois Hyndman, Kathleen and Allana and Edith Kerr also attended Saturday afternoon performance and all reported an enjoyable show.

George sez: "A friend of mine confused her valium with her birth control pills. She had 14 kids but she doesn't really care!"

Elks celebrate 75th Anniversary...

Continued from Page 3

Long-time Elks Member, Will Parrott, has also enjoyed his years with the organization.

"It has done a lot of good for the children," stated Mr. Parrott. "If a child needs an operation and the parents can't afford it, the Elks are often there to help out." In 1983, Will, and the late Marjory Parrott, built a float for the Minnedosa Centennial Parade. In 1984 the float was transported to Thunder Bay to be used in the parade the day before the Grand Lodge sessions started that year. That float represented the Elks lodge for a number of subsequent years in the Fun Fest parades.

Exalted Ruler of the Minnedosa Lodge, Bill Webb, was pleased with the turn out to the banquet and the number of people that turned out to honour the 75th Anniversary of this longstanding, dedicated community organization.

"It was a real good turnout," stated Exalted Ruler of the Minnedosa Lodge, Bill Webb. "We are very proud to have been helping the community for 75 years. We plan to continue to be a strong organization, and to let the community know what Elkdom means. The Minnedosa Lodge has had a long and satisfying history of providing community volunteer service to Minnedosa and area. We are very much looking forward to doing more in the years ahead."

Erickson & District News

by Almie Paulsen

Erickson isn't in the banana belt anymore. Feb.16th registered -30C. It isn't bad though as the sun is shining in all its glory.

Henry Wall accompanied his granddaughter Kristen Ullberg of Winnipeg to Portugal for a ten day holiday.

Harry & I spent a day in Brandon watching the Safeway Select curling. While there I chatted with a lady from Darlingford. She told me she curls with their active seniors club in Manitou and that they have 20 rinks participating. Wouldn't it be wonderful if we could organize such an enthusiastic group with Onanole, Sandy Lake and Erickson? Sounds like fun.

Sincere sympathy is extended to Jack Sitko on the death of his younger brother Ed of Brandon (formerly of Melita) early last week.

Someone said if you need volunteers, you need only to ask; COPPS are now asking. Since the formation of COPPS in January 1997 patrollers have faithfully performed many hours of their free time to keep your streets safe. Seriously consider a nite now and then. Application forms are available at the Municipal Office and the monthly meetings are open to everyone.

Last week visitors with Martha Zachedniak were Alex, David, A.J. from Fork River, MB and Helen Zatylny from Edmonton, AB. Helen also visited relatives in the district and Brandon. Helen Zatylny and Martha Zachedniak motored Sunday to Roblin, MB and spent the day with Jerry, Elizabeth Zachedniak and family. They also attended the grand opening of the Assissippi Ski Valley at Shell River Dam.

Irene Wruth Montgomery has been under doctors care for a few days which necessitate being treated in Winnipeg. Glad to hear thing are going better Irene. She and her husband had just returned from a holiday a west coast.

Feb. 16th cribbage afternoon at the Erickson Legion had the following winners: 1st Roy Ellingson, 2nd Harriet Hodges, 3rd Patsy Gregorash - Lowest scorer Fern Ellingson. Join the players next week.

Six more weeks before the end of March when all histories (families & organizations) need to be written for the 2nd volume of "Forest to Field" of R.M. of Clanwilliam and Town of Erickson. Your story is important so please submit your write up. It's an update since 1984 if your family history was included up to 1984.

The main street in Erickson is now decorated with Millennium Banners. They will help to decorate the town for Homecoming celebrations.

Big Annual Bonspiel time is fast approaching. Cooks are beginning to prepare for all the good food. If you're a curler don't be late in entering your name or rink.

Congratulations to Jayson and Nancy Uhl on the birth of their daughter on February 9th.

Erickson Homecoming 2000

At the February meeting of the Erickson Homecoming 2000 Committee, the events for the Homecoming were reviewed. Letters have been compiled and are being sent out to the individuals, groups, organizations, or businesses to reaffirm their commitments and plans for the events they will be organizing. The groups have been asked to confirm their plans by April 30th so that the Homecoming schedule of events may be finalized. If anyone has any questions or concerns, please plan to attend the next meeting at the beginning of March.

Erickson 4-H Report

by Apryl Larson

Club members have curling fever and a rink took part in the Rapid City 4-H Bonspiel last week! The Club is hosting their 4-H Bonspiel at Clanwilliam and invited four other rinks to participate.

The 4-H Club will be holding their Annual Whist card party in February at Crossroads Centre (see coming events).

The club decided to donate a 4-H picture album to the Kopechuck family after the loss of their home in a fire.

The next meeting in February all members should have a speech ready for presentation to the club. This will be a warm up for our communications program in March.

Newdale News

by Olive Waddell

Thought for the week: "Take the Sunday with you through the week and sweeten all the other days". The sixth Sunday after Epiphany was observed Feb.13, 2000 with thirty people in attendance. Guests at the service were Ted and Marlene Bialas of Brandon, who placed a blooming Azalea plant in memory of her mother, Minnie Hogarth whose memorial service was one year ago. It added beauty and memories of a time when Minnie was an active member in the Church Choir and is sincerely appreciated.

Rev. Hunter's theme conversation with 5 boys present, was on St. Valentine, a Roman Bishop martyred in the 5th century, because he refused to convert to paganism. Ever since Valentine's Day, Feb. 14, is observed as a day of love for one another, which thoughts continued on the theme message "On Caring" using the miraculous curing of Leprosy as told in Mark's Gospel. "We still need those kind of miracles," said Rev. Hunter, "in our society. Our society is sick for want of Christ-Bearers living embodiments of the love of God. Every human heart has a great, yet often unkown gift...to care...to be compassionate...to become present to the other...to listen...to hear and receive...to share. If that gift were set free in our society as a whole" (in prayer, whether it be in solitude or in a group of believers), "miracles would abound once more." Sundays' prayers and concerns were for the lonely, in pain, brokenness, powerless, those in hospitals or recovering at home." (A very relevant, timely message is much appreciated. May we all act on the challenge.)

Visiting Doris Everitt on Sun.Feb.13 were Norma Owens of Neepawa and Duncan Welbourne of Thompson.

Attending the Annual Minnedosa Health District Auxiliary meeting in Minnedosa, Feb. 14 from Newdale were: Hilda Davies, Marj Osborne, Shirley Pederson, Phyllis Tolton and Olive Waddell. Retiring President Joan Madill, presided over a well organized meeting. Basswood aid served a tasty lunch, and the Annual meeting and presentations ended the meeting. 26 were in attendance.

Doreen Kienas and Olive Waddell attended the Invitational Court Whist afternoon on Wed. Feb. 16 at the Rivers Seniors Recreational Centre, which held the Valentine Theme throughout. Nine tables of Seniors had a delightful afternoon. Doreen Kienas won top honors having a score of 200 for five hands played. Much appreciation was extended from the surrounding clubs for a well organized party.

Visiting Doreen and Rhiney Kienas, Feb. 14th and 15th were Daune and Joan Heinz and girls Nicole and Kelley from St. Adolphe.

Jennifer Kienas from Shoal Lake stayed over Feb.16 and 17 with her grandparents taking part in Junior Curling in Newdale.

Newdale Health Aid met Thurs.Feb.17 at Harrison House with six in attendance. Pres. Marj. Osborne welcomed all. Quarterly and Annual reports were given and upcoming events noted. Committees were appointed for planning the St. Patrick's Coffee Party and Florence Nightingale Tea and Bake Sale. The Regional Meeting in Neepawa and Conventions in Montreal and Brandon are to be kept in mind. Interesting was a total of 871 volunteer hours and successful projects netting over $1,300 went towards the PCH and Hospital through the Auxiliary. Officers remain the same for the next two years. Meeting closed and lunch served by Olive Waddell.

The sixth Whist Party of the season was held on Feb.11th in the Drop-in-centre in Newdale. There were five tables of cards. When the score cards were totaled a very unusual thing happened, the two high men's scores, and the two high ladies scores were exactly the same at 139. The winners were Ladies, Ida Bradley and Phyllis Tolton. Men winners were Gordon Waddell and Jack Lamb. Winners of the Travelling prizes were Phyllis Tolton and Bill Zahaikn.

Newdale UCW News

Newdale U.C.W. held their regular monthly meeting Feb.3,2000 Xisra Lamb presiding, six members present. Edith Waddell installed the officers for 2000.

Committee reports were given. Hilda Davies reported she had taken 2 bags of used clothing to Y's choice. The program committee have the program ready for the year.

C.E. Committee are still collecting used stamps to send to The Manitoba Bible Society.

Thanks to Olive Waddell we have booklets again.

Church report Communion March 12, 2000, Baptism upon request, Newdale United Church meeting April 19, official board for the charge April 24,2000 at Cardale.

Edith Waddell had the program "Introduction to the World Day of Prayer" spotlighting on "Indonesia". The World Day of Prayer is March 3.

The meeting adjourned, Grace was sung followed with fellowship and a delicious lunch compliments of Hilda Davies.

Sandy Lake News

The Lenkewich and Zachary families were deeply saddened upon receiving the news last Thursday of the sudden passing of their brother, Ralph Zachary. Ralph passed away peacefully in his sleep at the home of his son Glen, in Westbank, BC, where Ralph had spent the last three months.

Merrill and Diane Zachary flew from Winnipeg to attend the funeral, held Monday, February 21st, at the SDA Church at Kelowna. Other family members are grounded with the flu and could not attend.

Ralph was buried beside his wife, Pauline, in the Kelowna Cemetery.

Rookhurst News

by Clarence Williams

Get well wishes go out to Lem Shuttleworth who is a patient in the Minnedosa District Hospital.

Ivan Williams of Onanole was a recent visitor with his dad Clarence Williams.

Last Saturday Wes & Marion Brugger visited with his sister MurielDrysale at Carberry. Also visited her husband who is hospitalized. Sunday visitors with Wes & Marion were John & Debbie Fikkert of Shoal Lake.

Last Wednesday a Health Aid meeting was held at the Brugger home with 14 members present. They had Mary Ellen Clark as speaker, speaking on Palliative Care.

Carrying On A Tradition
Shauna Desiatnyk
Funeral Director
Rae's Funeral Service

How Does A Widow Fit In Socially?

When a Widow (Widower) begins to renew her social life, she must look first for GROUP activities, those which do not involve couples or "pairs" of people...singing groups, school classes or arts and crafts. In this way, the widow is not placing herself in the awkward position of being a "Fifth Wheel."

She will wish to find pursuits that will return to her a feeling of accomplishment which quickly leads to one of confidence. Realizing one's own individuality and capabilities helps build up personal courage and makes a widow's social re-entry more rewarding.

Often during a happy marriage one mate may enjoy an activity not shared by the other. As a widow, she may pursue such an activity. Sometimes she doesn't do this because she feels guilty, as if enjoying it would be unfair to her deceased husband. Rather, she should use this activity to express herself and bring out her total personality.

BY-ELECTION NOTICE
RURAL MUNICIPALITY OF HARRISON

NOTICE IS HEREBY GIVEN THAT a vote of the electors of the Rural Municipality of Harrison will be taken to elect

ONE COUNCILLOR

from the following duly nominated candidates:

KOWALCHUK, Marvin
ROBERTSON, Bruce

POLLING

The polls required to elect such a position will be held on **Wednesday the 1st of March, 2000** from eight o'clock in the forenoon until eight o'clock in the afternoon at:

POLL #1 (Electors south of Montcalm Road) Council Chambers
Municipal Office - Newdale

POLL #2 (Electors north of Montcalm Road) Sandy Lake Fire Hall

ADVANCE POLL

For the purpose of accommodating persons who are qualified to vote and

a) who have reason to believe that they will be absent or otherwise unable to attend their proper polling place on the day fixed for the By-Election; or

b) who suffer from physical infirmities.

Advance polling place will be located:

Municipal Office - Newdale; and Sandy Lake Fire Hall and will be open on **Saturday, February 26, 2000** between five and nine o'clock in the afternoon.

APPLICATION TO VOTE BY MAIL

An elector who

a) is unable to vote, or believes, for reason stated **in writing**, that he or she will not be able to vote, on the days fixed for the By-Election and an advance poll; or

b) is unable, owing to physical disabilities, to go to an advance poll or polling place;

may apply **in writing** to the returning officer, **at least seven days before** Election Day to vote at the By-Election by mail.

Dated at the Village of Newdale, in the province of Manitoba, this 11th day of February, 2000.

Mrs. Donna Memryk - Returning Officer
Rural Municipality of Harrison

49-2

Town of Erickson Council News

The Council of the Town of Erickson held its regular meeting on Wednesday February 9, 2000 at 5:00 p.m.

Members Present: Mayor Wally Yanchycki, Deputy Mayor Imeke Kerr, Councillor Dave Maduke, Councillor Vic Waddell, Councillor John Braschuk Jr., Colleen Synchyshyn, C.A.O.

Resolutions passed at the meeting were as follows:

That the minutes of the regular meeting of January 12, 2000 be hereby adopted as prepared & distributed.

That we sanction payment of the January 2000 accounts as approved by the Finance Committee and paid by cheques #7099-#7153 inclusive and totaling $34,089.85 for the Town of Erickson and cheques #1057-#1071 inclusive and totalling $9,587.17 for the Erickson Utilities.

That we approve the indemnities and expenses for council members for January 2000 as follows: Mayor Wally Yanchycki $292.50, Councillor Vic Waddell $192.60, totalling $485.10.

That we hereby approve the financial statement for the year ended December 31, 1999 and forward same to the Province.

That the casual labour rate for the Town of Erickson be $7.00/hour (exclusive of student programs).

Community Development Corporation - Necessity to amend by-law to allow for a board member elected by the Chamber of Commerce.

Whereas by-law 1/99, item #5 of the Erickson-Clanwilliam CDC presently indicates that "The Board of Directors shall consist of seven member who shall be appointed by the Town of Erickson and the Rural Municipality of Clanwilliam. And Whereas the Erickson-Clanwilliam CDC wish to amend the by-law to include a member elected by the Erickson Chamber of Commerce. Therefore be it resolved that the Town of Erickson hereby authorizes an amendment to the Erickson-Clanwilliam by-law 1/99, item #5 to read as follows: "The Board of Directors shall consist of eight members; one elected by the Erickson Chamber of Commerce; the Development Officer; and a total of six members appointed by the Town of Erickson and the Rural Municipality of Clanwilliam"; and further be it resolved that the Town of Erickson hereby approves the appointment of Gord Kuharski to the Erickson-Clanwilliam CDC as the Chamber of Commerce representative.

Committee Reports: Councillor Waddell - Rural Gasification. Reported to council on the status of Rural Gasification. 8 meetings have been scheduled as a start up campaign. (Erickson meeting is February 23, @ 7:30 p.m. Crossroads Community Centre). All interested individuals are encouraged to attend.

Councillor Maduke - Skating Arena. The intent of the committee is to make application for grant funding and complete the insulation of the building. Cost estimates to build a new tractor shed total $16,000. The committee is to make a presentation to the Lions Club requesting assistance with the above noted projects.

Councillor Braschuk Jr. - South Mountain Waste Management Group. Financial statements for 1999 indicate that the revenues from the sale of recyclables and funding from the Manitoba Product Stewardship Program were sufficient to cover the expenses at the depot thus proving that recycling in 1999 was a viable operation.

Be it resolved that we authorize payment of the 2000 levy to the Parkland Regional Library in amount of $2,636.40.

Be it resolved that we authorize a donation of $25.00 to the Rolling River Festival of the Arts for 2000.

Be it resolved that we authorize Mayor Yanchycki to attend the Trails for Active Living Workshop in Russell on March 11-12, 2000.

Be it resolved that we take a membership in Southwest Trails Association for Regional Toursim for 2000 in amount of $100.00.

Be it resolved that we authorize Mayor Yanchycki and C.A.O. Synchyshyn to attend the 2000 Mayors and Reeves meeting in Neepawa on March 20, 2000.

R.M. of Clanwilliam News

The Council of the Rural Municipality of Clanwilliam held its regular meeting on Tuesday, February 8, 2000 at 9:00 a.m.

Members present: Deputy Reeve Patti Kowalick, Councillors Leo Woywada, Victor Baraniuk, Jim Nylen, and Colleen Synchyshyn, C.A.O.

Resolutions passed at the meeting were as follows:

That the minutes of the regular meeting of January 11, 2000 be hereby adopted as prepared and distributed.

Councillor Woywada declared conflict & vacated the chambers during discussion and approval of payment to Ken Beatty Construction.

That we approve cheque #5483 in amount of $95.46 to Ken Beatty Construction Ltd.

That we approve the indemnities and expenses for Council members for the month of January 2000 as follows: Councillor Leo Woywada $256.80, Councillor Patti Kowalick $190.00, Councillor Victor Baraniuk $220.00, Councillor Jim Nylen $190.00, a total of $856.80.

New Business: Drainage Application - L. Dyck applied in October 1996 for license to construct drainage works and due to the delay in processing the application by the Department of Natural Resources, council has tabled the matter to allow Councillor Kowalick to speak with Mr. Dyck and verify whether this issue is of current relevance.

Be it resolved that we authorize scrub clearing on road allowance between 9&16-18-18 (approx. 300 yards).

Request for Approaches - Councillor Kowalick put forth to council a request by E. Hartley for 3 approaches to allow access to the quarter sections of land recently purchased in Ward 2. Councillor Kowalick to check further into the necessity for all three approaches and discuss with Mr. Hartley the possibility of allowing one approach for this budget year.

Old Business: Weed District Formation - Scenario presented to council as to establishing a weed district with the R.M. of Park.

PROCLAMATION

WHEREAS Kinsmen & Kinette Clubs of Canada has been a vibrant, responsible, all-Canadian association of service clubs devoted to the concept of serving its communities throughout Canada since its founding in Hamilton, Ontario on February 20, 1920,

AND WHEREAS Kinsmen & Kinette Clubs of Canada has been dedicated to meeting the needs of our community and has diligently sought the development and completion of timely, relevant programs to meet the needs and challenges of our constantly changing society,

AND WHEREAS Kinsmen & Kinette Clubs of Canada is celebrating its 80th anniversary on February 20, 2000,

THEREFORE, I, Terry Drebit, Mayor of the Town of Minnedosa, feel that each citizen would welcome the opportunity to pause and reflect with pride on the rich heritage of accomplishment throughout the 80 years Kinsmen, Kinette and Kin clubs have been in existence in Canada. And with the express idea of honouring our local club,

I DO HEREBY DECLARE **February 20, 2000**
KINSMEN AND KINETTE DAY
and declare the week of **February 19-25, 2000**
KINSMEN AND KINETTE WEEK
A CELEBRATION OF KINSMEN AND KINETTES IN CANADA
and urge all citizens to salute their local Kinsmen, Kinette and Kin clubs.

IN WITNESS WHEREOF, I have here unto set my hand and caused the seal of the Town of Minnedosa to be affixed this 16th day of February, 2000.

MAYOR TERRY DREBIT

FARM CRISIS

FACTS AND FIGURES

A Focus Group of Minnedosa area producers and business people have met over the past two months to gather facts and figures about the wet conditions of the spring of 1999 and the impact for residents of south-west Manitoba.

Did you know the Rural Municipalities of Odanah, Saskatchewan and Elton were the three worst hit areas in terms of decline in 1999 crop production in Manitoba?

Please come to hear the whole story:

R.M. of Clanwilliam News...

Continued from Page 10

Council reviewed the options and were in agreement to look into whether a suitable candidate for the supervisors position could be found based on expected workload and available funding. Municipal Well - Councillor Woywada to check further into setting up a system to allow individuals using the well to record their usage. (Similar to the method used by the Town of Erickson). Then, the billing for water will be done directly from the office, eliminating the need for coin deposit at the well.

Committee Reports: Councillor Baraniuk - Rossburn Subdivision Trails Association, 2.2 Million dollars has been allotted for upgrading the trail surface. R.M. of Minto is pursuing the establishment of rest stops and washroom facilities in Clanwilliam and Bethany and the Town of Erickson is working on an agreement to allow purchase of the excess property in Erickson.

Councillor Woywada - Minnedosa Area Vet. Services District. Have been allotted $17,500 for the upgrading of the outdoor handling facilities at the clinic from the repair and upgrading program of the Veterinary Services Commission. No increase in the 2000 levies.

Councillor Kowalick - Parkland Regional Library. No increase in the levies for 2000.

Councillor Kowalick - South Mountain Waste Management Group. Financial statements for 1999 indicate that the revenues from the sale of recyclables and funding from the Manitoba Product Stewardship Program were sufficient to cover the expenses at the depot thus proving that recycling in 1999 was a viable operation.

Be it resolved that we hereby approve a donation to the Rolling River Festival of the Arts for 2000 in amount of $25.00.

That we hereby authorize Councillors Woywada and Kowalick to attend the Manitoba Weed Supervisors seminar on March 15, 2000 in Holland, MB.

That we renew our membership to the Riding Mountain Liaison Committee for 2000 in amount of $100.00.

That we authorize Councillor Kowalick and C.A.O. Synchyshyn to attend the Mayors and Reeve's meeting in Neepawa on March 20, 2000.

That we hereby authorize payment of the following levies for 2000: Minnedosa Area Vet. Services District $987.50 (1st half), Parkland Regional Library $2,444.00, Little Saskatchewan River Conservation District $2,822.16, Whitemud Watershed Conservation District $49.01.

Rec. Files

by Ken Surovy

Recently, I attended an interagency meeting and was updated on the farm situation in southwest Manitoba.

The southwest region includes 39 municipalities that stretch from the U.S. border north to Riding Mountain National Park and from the Saskatchewan border to roughly east of PTH #5 highway. Many farms in the region, including Minnedosa and district, will be showing a negative return due to unseeded acres, late seeding, disease problems, frost, low yields, low prices and increasing operating costs. Although farm and financial counselling services are available, additional services and programs appropriate to the needs of farm families will play an important role in helping individuals and communities deal successfully with the situation. So, what role can the Minnedosa and District Recreation Commission play?

The research indicates that leisure is the single most important force developing cohesive, healthy relationships between husbands and wives and between parents and their children(Couchman). This tells us that families that play together stay together.

Recreation, fitness, sports and active living all contribute to mental health by reducing stress, depression and anxiety. Participation in leisure and recreation activities with spouses and children will not alleviate the financial impact on the farm family but it may help individuals and families cope with the day to day stress, depression and anxiety of the current situation.

The Minnedosa and District Recreation Commission offers a variety of no cost/low cost programs that farm families may access including Tumbling Tots, Motorin Munchkins, Indoor Walking, Noon Hour Hockey, Drop-in Volleyball, Baseball, Basketball and Aquasize. Kids Sport and other grant programs may be able to assist with registration fees and equipment costs for some minor sports. For more information call the Recreation Office at 867-2272.

The results of the WinterActive Spongee Challenge are in, with the MCI Allstars narrowly defeating the Minnedosa Celebrities. The most valuable player award for the Celebrities was given to Bruce McNabb from Minnedosa Insurance for his outstanding defensive play. The Celebrities are looking forward to the SummerActive Challenge Softball game in the spring so prepare yourselves Allstars!

There are only a few tickets left for the Sports Dinner so call today before they are all gone!

PROCLAMATION

SCOUT / GUIDE WEEK

WHEREAS many young people are involved in the Girl Guide and Boy Scout organizations; and

WHEREAS our organizations promote and foster the development of important social, physical, mental and intellectual skills; and

WHEREAS Boy Scouts and the Girl Guides have been a positive influence in the lives of young people, and assisted in the development of community leaders; and

WHEREAS the Girl Guide and Boy Scout organizations promote understanding and cooperation among the various regions of Canada and the world; and

WHEREAS Boy Scouts are celebrating their 93rd Anniversary and the Girl Guides are celebrating their 90th Anniversary in Canada at nation-wide campfires; and

WHEREAS many volunteers give a great deal of their time through the Girl Guide and Scouting organizations to assist young people in meeting the challenges of life; and

WHEREAS it is important for the people of Manitoba to recognize the value and contribution of such organizations.

NOW THEREFORE, I, Terry Drebit, Mayor of the Town of Minnedosa, in the province of Manitoba, do hereby proclaim the week of **February 19 to 26th, 2000** as

SCOUT / GUIDE WEEK

Terry Drebit, Mayor

The Town of Rapid City invites applications for the position of Chief Administrative Officer.
Under the general direction of the Mayor and Council, the CAO is responsible for the overall management of the operations of the Town.
The successful candidate must possess the following:
- strong accounting and administrative skills
- ability to communicate effectively with the public and council
- ability to develop, interpret and administer agreements, statutes and by-laws.
- enrolled in or a graduate of the certificate course for Municipal Administrators or other relevant post-secondary education, and/or related experience in municipal government.

Remuneration to commensurate with experience and qualifications.
Applications must include a complete resume outlining education, experience, and three references, and should be submitted in an envelope marked "Application for CAO" on the outside and mailed, delivered or faxed by **March 20, 2000 at 4:30 p.m.** to the attention of
Mayor Harold (Timer) Hyndman
Box 130
Rapid City, Manitoba
R0K 1W0
(Fax: 204-826-2679)
For further information on this position, please contact Mayor Hyndman at 204-826-2436.
All applicants are thanked for their interest but those considered for interviews will be contacted.

Minnedosa Legion Branch #138 News

by Cmd. T. Delgaty

The branch held its regular meeting on Valentine's Day but alos! - no chocolates in sight!

Twenty four comrades braved the rather frigid evening weather. Cmd. Fred Bayes escorted Cmd. L.L. McLeod to the front where Cmd. Pres. Wayne Mansell presented Shorty with the Legion's Past President's Bar.

With Pres. Mansell in the chair and Cmd. Fred Brown, Secretary, the meeting got under way with the reading of the minutes of the Jan.10th meeting and the Executive meeting of Jan.12th. The latter had to do with setting up the various working committees and took place at the call of the President.

No smoking signs have been placed in the south section of the club rooms where our meetings are held - a move appreciated by those affected by smoke and respected by those who might otherwise have lit up. Clean air devices have been made more serviceable in the other half of the room where smoking is permitted.

Arrangements have been finalized for the use of a large tent for the bingo games, July 6-8 as reported by Cmd. Bill Clarke.

In his Presidents report Cmd. Mansell dealt with the formation of the different committees as well as ways and means of raising money.

Cmd. Hayward Hopkins gave a report on the use of branch poppy funds. This is Hayward's baby. He is to be commended for the fine work he does in this area.

The Treasurer's report was handled as usual, by Cmd. Keith Wishart. If anyone should think Keith's job is a piece of cake, I would suggest spending the necessary time with Keith when the report is being compiled!

Cmd. Sec. Fred Brown, in dealing with the correspondence, advised that the District Convention is slated for Neepawa on March 19th. Cost, delegates and guests are $10 per head. The Pres. & Sec. will be attending as well as Cmd's Cliff McManus, Shorty McLeod and Harry Dowsett.

Relative to a letter from the Library fund raising committee and the dinner planned for Feb.26 in the MCCC a motion was passed for the Branch to speak for a table for eight at a cost of $280.00. In order to deal with this matter according to Parliamentary procedure, the President vacated the chair freeing him to speak to the letter in question. He resumed his position which had been temporarily filled, at his request by Vice Pres. Harry Dowsett.

The meat draw was down a bit, reported Cmd. Wayne Hopkins, in charge of entertainment/social. Plans are progressing for the dance during the July celebrations.

Cmd. Bill Clark expressed satisfaction at a profit of $340.00 having been realized during the Saturday night bingo in January. Arrangements are in the works with regards to securing a suitable tent for bingo during the July 6-8 Fun Fest activities. Sounds like a fairly busy few days with lots of activity and excitement, including a parade on Saturday and a Legion float.

Personnel Officer Archie Londry spoke on Last Post Burial matters. He advised that a speaker is available if the membership deemed it to be necessary.

Cmd. Hayward Hopkins, sick & visiting committee, advised that several "old sweats" have been under the weather. He and Cmd. Cliff McManus make a very congenial pair in keeping in touch with those on the sick list.

Two "smoke machines" have recently been installed in the club rooms and appear to be functioning satisfactorily. The air ducts should be cleaned, advised Cmd. Wayne Hopkins. A motion was passed to form a committee to housecleaning the facility together with the Auxiliary who have very generously offered their services. Thank you, gals, for your thoughtfulness! What would we do without the energetic and enthusiastic support of the Ladies Auxiliary?!

Cmd. Hopkins reported a good turnout for the Legion Honor Guard at the graveside service for the late Cmd. John Robert Boyd, a well known and respected resident of Bethany during his 88 years of life and laterally of Legion Gardens in Minnedosa. He was a farmer through and through. Cmd. Boyd enlisted in the Canadian Army in W.W.II. due to health problems he was obliged to accept an honorable discharge. In addition to having been a person who lived a life "close to the land" Cmd. John, following his return to civy street was also a cattle buyer. His interest in livestock made him a familiar figure in many farm yards throughout this area. Branch #138 wishes to extend to his wife Kay and family our most sincere condolences.

During the course of the meeting a decision was made in response to appeals for funds, to make a cash donation to the Rolling River Festival of the Arts.

Regarding the Feb.5th crib tournament held at Erickson, Cmd. Carl Bialas reported that the two winners, Walter Hyra and Myrna Kartanson will be eligible to go to the Provincial Command playoffs to take place at Red Rock, Ontario. Congratulations and "good cribbing", Myrna and Walter!

Sixteen rinks are required for the last Sunday in March bonspiel. Interested curlers please get in touch with Cmd. Shorty.

Once the auditors report is in hand, L.L. advised, the Legion Gardens year end report will be available.

The Auditors report for the various Legion accounts was given by auditor Cmd. Jim Proven. This report must involve a great deal of time and effort and it goes without saying that Cmd. Jim's services are much appreciated.

During the period set aside for committee reports Cmd. Delgaty gave an update on the Legion Tulip Drive. Our target is 4260 tulip bulbs, based on our membership 284 members at 15 bulbs per member. This is 426 packages of 10 bulbs at $6.00/pkg. Up to Feb 13 we've sold 890 tulip bulbs, 89 pkgs. This figure will have changed since 13th. The involvement and participation of the entire Legion was requested and indeed will be necessary to make this drive a success. Order forms have been distributed. The generous support of the general public is respectfully solicited. Contact any Legion member for your order or see the bar attendants in the club rooms. Colors: Legion Gold(bright yellow); Legion Crimson (Deep Red); and Legion Brilliant (red with yellow). Packages of 10 bulbs $6 or boxes of 100 bulbs, all one color $55. Hybrid Dutch bulbs will be shipped here in September ready for fall planting. All varieties are distinguished award winners.

NATIONAL KIN WEEK
February 19-26, 2000

The Minnedosa Kinsmen Club was founded in 1955, with Walter Weir as its Charter President. The Minnedosa Kinette Club, with Mickey Stewart as Charter President, was founded in 1957. The efforts of our Clubs have made our community a better place.

In celebration of this legacy we would like to invite all past and current Kin members to **Minnedosa Kin Homecoming Reunion**. It will be held on Tuesday, July 4th, 6:00 pm to 9:00 pm at the Minnedosa Community Conference Centre.

This will be an opportunity for us to get together and celebrate our accomplishments. During this event we will also dedicate the Sanderson Room.

For more information on the Reunion or any other Club projects please contact current Kin Presidents: Corinne Topham (867-2260) or Wes Barrett (867-1942).

Home Economist Report

by Ann Mandziuk, Home Economist

Snow Much Fun!

There isn't a better invitation than a sparkling winter's day to get out with your family and friends to have some fun. Many times in winter we complain about not getting out of the house enough, it being too cold or just running out of inside fun activities. So to avoid claustrophobia, getting on each other's backs, or just to get away from the television and take part in physical activity, here are some activities to enjoy in the winter.

With the wonderful winter weather we've experienced this year there are no excuses for not getting out and having fun. Try taking a winter hike, trek along the same routes in winter as you did in the summer and take in all the marvellous changes which have occurred. Take the kids sliding on a nearby hill. Things like garbage bags and the side of a cardboard box can be used as a substitute for a toboggan.

Get building! Save up as many milk cartons as you can. Then fill them with water adding a little food colouring to each carton of water. Leave them outside until they freeze. When they are solid blocks, peel back the carton and begin building. Also, get out the beach toys. Plastic buckets and shovels are wonderful tools for building winter castles. The kids will love the colours and have a blast creating a fort.

Stage your own mini Olympics. This is a great idea for a winter birthday party or even just having some fun with a few friends. Play games like soccer, tag or dodgeball. Set up an obstacle course and have fun watching the kids try and complete it. Have prizes and ribbons for the kids, you could even make medals with aluminum foil.

So the next time you are sitting at home thinking there is nothing to do, bundle up the kids and head out for a day filled with fun. Bringing a snack and hot chocolate to have a picnic is always a good idea. Use this winter to get out and enjoy the company of family and friends. But you better hurry, because who knows how much longer the snow will last.

Rapid City News

Working towards a better landscape

by Grace Fearnley

The senior bowlers met at Minnedosa Monday Feb.14 with eleven in attendance. Earl Wilkinson received the Head Pin and the trophy winners were Lawrence Turton and Chris Stanick.

Hendry and Heather Smith recently returned from a visit with sister Margaret Robbin and her son Barry at Grand Prairie, AB, and sister Mavis and John Stanford, sons Mark and Paul in Edmonton. They also enjoyed a couple of days at Manitou Beach, SK.

The Legion Bonspiel was held Sat. Feb. 12th with the rink of Chris Belcher, Billy Bootsman, Guy Thibault and Susan Brown receiving the trophy. There was a 3-way tie for second place between Nyall Hyndman, Ken Bridgeman and Glen Wright. Glen Wright, Rivers and his rink of Frank Forness, Gordon Hammond and Cliff Logan were the winners. Everyone enjoyed a delicious ham and scalloped potatoes meal (a Charlie Christie special).

Jim and Marilyn Osborne from Dryden, On. were weekend visitors with their daughter Penny and Steven Wilson, and small grandson Aidan.

Clarissa and Cory Sparrow from Calgary, AB. arrived on Friday to spend a week visiting with parents Gwen and Stan Klemetski, Rapid City and Pat and Ken Sparrow of Elgin, MB.

The February birthday party was held at the Senior Centre Feb. 15 with a good attendance. Card bingo was enjoyed followed by the serving of Angel food cake and ice cream. The birthday celebrants were Sylvia Soldan, Hans Andersen, and Lawrence Turton. Pictures were taken to record their special day.

John and Margaret Northam visited with their grandchildren at Holland this past weekend. Their parents Alex and Kim were in Winnipeg to see Kim's grandmother.

Sincere sympathy to Dick and Ethel English and the recent loss of Dick's brother Allan English. Old neighbours and friends from the Moline district attended the funeral February 14 at Baldur.

Lizann & Robyn Garbutt attended the Manitoba Open Freeskate "Y2 Skate" in Souris this past weekend. Lizann finished 9th in the Pre-Novice Ladies Short Program, 1st in the Juvenile Ladies Flight B and 2nd in the Juvenile Ladies Final. Robyn finished 2nd in the Pre-Juvenile Ladies Flight B and 6th in the Final event.

Several Rapid City seniors took part in a court whist game at Rivers Wed. Feb. 16. Lou Saler received 2nd prize for the men.

Congratulations to newly weds Patti and Roger who were married by Rev. Boyd Drake on Valentine's Day (Feb.14). The ceremony was held at the home of the bride's brother Kelly Rollins.

A correction from last weeks tribune - A social evening was held Sat. Feb. 5th to honour Marty Hales and Leah Howie (not Habs) Sorry!

All friends of Pat Carr will be deeply saddened to learn he passed away early, February 18th. Heartfelt sympathy to his wife Adelaide, daughters Patti Elvers & Judi Taylor, son Jim & their families.

by Myles Kopytko

As spring fast approaches, the Little Saskatchewan River Conservation District is already busy planning activities to begin the new year. The District actually began the process in November of 1999 when the sub districts had met to discuss ideas for the upcoming year. Part of the process of developing ideas for the area is first understanding what the area needs. More specifically, it is important to develop a program that will address the resources issues to the area.

Issues and their effects on the landscape are probably best understood and seen to their natural boundaries or across the region they affected. The best example of this is with water issues. Flooding, erosion, road washouts, and drainage can be best understood from where the water starts as a trickle to where it ultimately becomes a raging river. Planning and developing programs to these issues really needs to be examined cumulatively or throughout the entire basin. The LSRCD sub-districts are formed on the watershed basin idea for the tributaries within the LSRCD for these reasons. As the issues are best understood from the local or grassroots level, the sub districts are made up of councillors and ratepayers who are appointed by their respective councils. Each of the representatives live throughout the watershed, and each can have a pretty good idea of the issues to their own area. As a group, they can form a pretty good picture of their watershed and what it needs.

The Board and Sub districts have also been talking to a number of different special interest groups like the soil associations and the Little Saskatchewan River Stakeholder Groups to determine the needs of the agricultural community in LSRCD. These meetings have been invaluable because they have provided a background of past activities within the area. Last fall, each of the sub district groups put together a list of the issues that were felt to be important to address in their own area. These ideas include:

Lack of Forestry
Management Initiatives
Drainage and its Impacts
Water Quality within Little Saskatchewan River and its Lakes
Declining Number of Farm Families
Lack of Beaver Control
Groundwater Protection
Need for education for Better Water and Soil Conservation
Runoff Control
Soil Erosion
Beaver Management

As the Board and Sub-district feel that they have identified a number of the concerns in the area, there is still the chance that not all concerns have been identified from the local level. In efforts to see if the district is on track and everyone has an opportunity, the District has formed a survey that will be sent out to all producers in the area. The survey asks each producer what he feels are the areas of concern within his/her operation are as, well what areas he/she feels the district should be working at. The survey will help the district identify where they can provide support to the local community as well as address the issues in the area. The district would appreciate your response that can be dropped off at any of the RM and Town Council offices. The Board asks for your five minutes to fill in the survey and provide your advice to assist in putting together the direction for LSRCD on the landscape. Should you have any questions or want a copy of the survey please contact your local sub-district/Board member of the office of the conservation district at (204) 566-2270.

Minnedosa Sport News

HOCKEY NEWS

Squirts

Squirts #1 Team played against Rivers Feb.13. A good game for everyone, however Rivers won 8-5. Goals by Dustin Burgess, Eric Holmesacourt, Thomas Roche & Jason Gallbraith. Assists by Dustin Burgess. In net was Sarah Robinson, Thomas Roche & Dustin Burgess. Good Effort!

Squirts #3 Team (Perry & Blairs) hopped on A-R Tours bus on Feb.13 to MacGregor. Alot of goals were scored in the game but unfortunately our guys and girls were not on the winning end. Goals by David Thomson (11) and Chad Robinson (4). Assists by Jack Dines, William Knowling and Chad Robinson. Terrell Amyotte, Winifred Amyotte and Andrew Dixon in net. Fun was had by all!

Major Pee Wee

Mdsa Major Pee Wees played 4 games since last report. At Hamiota on Thurs. Feb. 10th they won 5-2. Fri. Feb. 11 at home vs Brandon 12A's, and lost a close one 3-2. Sun. Feb. 13th at Elkhorn they played to a 4-4 tie, and Wed. Feb.16 at Carberry and managed a 4-2 win. Nathan Ewasiuk and Keith Horner alternated in goal.

Points for the 4 games: John Motuz 5G, 3A, Mike Sansom 2G, 4A, Scott Thompson 2G, 1A, Cory Jury 2G, Stewart Boyd 1G, 2A, Justin Workman & Shane Morgan 1G, 1A, Thomas Boyd 1G, Jared Krushelnisky, Derrick Chapman & Dean Holmes 1A each.

They now go into league playoffs with a best of 3 series against Elkhorn.

Bantams

The Bantams travelled to St.Lazare Tues. Feb. 8th for a league game. Trailing 6-4 with 10 seconds left they scored 2 quick goals to pull off a 6-6 tie. Wed. Feb. 9th at home vs Elkhorn and lost 7-1. Fri. Feb 11th at Carberry they achieved their 1st league game win of the season with a score of 7-1. Way to go boys! Troy Hengen & Mark Yanick have been sharing the gaoltending duties. Points earned by: Matthew Nylen 5G, 1A, Matt Saler 3G, 1A, Wes Lewis 2G, 6A, Peter Shannacappo 2G, Bryce Waldon 1G, 1A, Mitch Hyndman 1G, Brad McNabb 4A, Hillary Foord & Dennis Zboril 2A, Reese Kolesar & Sean McFadden 1A each.

Midget Girls

The Mdsa Female Midgets finished their league with a record of 11 wins 1 lose & 2 ties for 24 points, 6 points ahead of Wawanesa, Estevan, & Birtle who all tied for 2nd Mdsa will meet Gilbert Plains in the 1st round of league play-offs starting Wed. Feb. 23 at 7:45 in Mdsa.

The Midget girls finished their league schedule last week splitting a pair of games. In their only loss in league play the girls dropped a 4-1 decision to the Wawanesa Falcons. Scoring our only goal ws Carmen McNabb from Jami Boyd. The girls finished off the league schedule with a 4-2 win in Hamiota. In a close 3-2 score. Scoring came from Sherrie White 2G, 2A, Carrie White 1G, 1A, Jami Boyd 1G & Lisa LeBoutillier 1A.

Novice Major (9 year olds)

The Novice 9's travelled to MacGregor for a 1 day tournament & played 3 games and came away with 2 wins and a loss. 1st game vs Stonewall was lost 7-3. Scoring: Haydn Donahoe, Brendan Taylor & Jonathan Cahill. Assists went to Jonathan Cahill and Brett McNabb with 2.

2nd game vs MacGregor and doubled as a league game. The team played a much more consistent game with a win of 10-3. Points earned by: Michael Birch 4G, 1A, Brett McNabb 3G, 3A, Brendan Taylor 2G, 2A, Jonathan Cahill 1G,1A & 1A each going to Haydn Donahoe, Mac Ross & Sam Parish.

3rd game the team played Brandon and won by a 12-2 score. Stats for this game are not available.

BOWLING NEWS

Happy Go Luckies +55

Our bowlers of the week were: Don Jones 174, 181, 141 (+100T) & Shirley Davies 205 (+41T). Other good games: Betty Burton 192, Harry Dowsett 137, Eileen Barclay 195, Norene Burnside 130, Russell Burnside 204, Lorne Barclay 230, Mabel Korberg 165, Walter Pollon 169, Lee Montague 176, Marg Boucher 190, Madeline Wakely 156.

Manitoba Hydro
TRANSMISSION AND DISTRIBUTION
SALE No. 005907 - SALE OF SURPLUS CORPORATE PROPERTY
FORMER PINE RIVER DISTRICT OFFICE, PINE RIVER, MANITOBA

Offers must be submitted on Manitoba Hydro's "Offer to Purchase" form.

Sealed offers plainly marked **"SALE No. 005907"** will be received at Manitoba Hydro, Materials Management Department, Purchasing Services Section, PO Box 1287, Winnipeg MB R3C 2Z1; or 820 Taylor Avenue, Winnipeg MB R3M 3T1

Copies will be available for pick-up/perusal at the offices of: Manitoba Hydro, Property Department, Winnipeg, Manitoba; and Manitoba Hydro, Materials Management Department, Purchasing Services Section, Winnipeg, Manitoba.

The sale shall consist in the sale of a parcel of land and building at Pine River (former Pine River District Office)

Legal Description: Lot A, Plan 2591 DLTO

Zoning: The subject property is unzoned

Site Dimensions and Area: Irregular shaped lot, approximately 1.09 acres.

Services: Gravel road, street lighting, hydro and telephone

Improvements: There is a small office building containing a total of 440 square feet located on the property. The building was constructed in 1982 on a concrete slab. The exterior walls are 2 x 6 construction and has aluminum siding. The interior floor plan consists of 3 rooms - a front reception area/office area, a back room and a 2-piece bathroom. The building is heated by electric baseboard heaters and the windows are tripane sealed units.

RESERVE BID: Seven Thousand and Nine Hundred Dollars ($7,900.00).

Each offer must be accompanied by a certified cheque in the amount of 10% of the offer, made payable to Manitoba Hydro. All offers must be stated in Canadian Funds. All offers are irrevocable and open for acceptance by Manitoba Hydro for a period of thirty (30) calendar days after the closing date.

SITE VIEWING and PROPERTY INFORMATION: Ms. K.L. (Karen) Carswell, Property Department, Winnipeg, Manitoba - telephone (204) 474-4043.

Closing Date: noon, Manitoba local time, **March 3, 2000**

CONTACT: For sale documents and any other information regarding this sale contact Mr. M.R.T. (Michael) Pagtakhan, Materials Management Department, Purchasing Services Section, - telephone (204) 474-3345, FAX (204) 474-4972 and Internet E-Mail address is mrpagtakhan@hydro.mb.ca.

Manitoba Hydro reserves the right to reject any or all offers.

The highest offer will not necessarily be accepted.

R.V. Bauer, Purchasing Services Supervisor, Materials Management Department - Winnipeg, Manitoba.

It pays to advertise in the Tribune Classifieds

In Memoriam

Alexander - In loving memory of our dear mom and grandma Pat Alexander, who passed away February 23, 1999.

We never asked for miracles,
But today just one would do.
To see the door pushed open,
And see you walking through.
We will always love and miss you dear,
And wish that you were here.
You left behind aching hearts,
That loved you most sincere.

Sadly missed and in our hearts for ever. Debbie & Gary & family, Kim & Harvey & family, Brent & Pam & family. x (C6)

Auction Sales

MORTGAGE SALE

The building and land known as 48 Centre Avenue South in Erickson, Manitoba, as described in Certificate of Title No. 225782 will be sold at auction on Monday the 6th day of March 2000 at 1:00 p.m. by a licenced Auctioneer, at 31 Main Street Erickson, Manitoba.

The Vendor is informed that there is situate on the said land a 1 3/4 storey home. The property is an approximately 50ft. by 120 ft. corner lot. All three levels are 792 sq. ft. There is fencing surrounding the house. The home contains three bedrooms and two bathrooms. The house has frame construction, and the yard contains a carport, utility shed and mature trees.

TERMS Twenty percent (20%) of the purchase price in cash or certified cheque and the balance according to conditions to be announced at the sale.

RESERVE BID TO BE ANNOUNCED AT THE AUCTION

Card of Thanks

The family of the late Ruth Farley wish to extend their sincere and heartfelt thanks to all who visited, phoned, sent cards, flowers, food and made memorial donations in the recent passing of Ruth (wife, mother, grandmother, great grandmother). We shall always be grateful for your love and support at this difficult time. Ray Farley & family. x (CD)

We wish to say thank you to all the friends and relatives for their cards and phone calls in the passing of our father, Albert Skoglund, and a husband and brother-in-law Jim Emerson. A special thank you to Ken Skoglund for giving the eulogy at our father's funeral in Maple Ridge, BC in October 1999. Lula Shellborn and Viola Emerson. x (CD)

Sincere thanks to all those who phoned, sent flowers and cards, visits and made inquiries. Thank you as well to the quick response and dedicated care of the Minnedosa Ambulance Service. Special thanks to Dr. Marlatt and nursing staff for the excellent care given to me while in the Minnedosa Hospital. A very special thanks to my wife and family for their dedicated support while in Minnedosa and Winnipeg Hospitals. Thanks again to everyone. Jim Fossum. x (CD)

"Words can say so little when someone has done so much but we thank you with all our heart"

The family of Mary Reed would like to express their most sincere thank you for all your kindness shown at the time of Mom's passing. Thank you to the prompt professional ambulance crew, Dr. Marlatt, Dr. Bright for his caring for Mom over the years. To Pastor Josephson, the pallbearers, Mel Taylor, Shirley Dyck, the Covenant Church ladies for the lovely lunch after the service and to Sparrow Funeral Service for all their help. Thank you to Wilf & Shirley for always keeping an eye out for Mom and always "being there for her".

A very special thank you to all our family and friends for the abundance of food, flowers and memorial donations made in Mom's memory. Thank you for cards, phone calls and offers of help, but most of all for the hugs and for "just being here" to help us through this most difficult time. Sincerely Linda, Bea, Ken & families. x (CD)

A special thank you to the Bethany Committee for the lovely clock we received when we moved to Minnedosa. Kay & the late John Boyd. x (CD)

4-H offers special project

by Brenda Dowsett

MTETA (Manitoba/Tanzania Entrepreneurial Training Association) is a special project offered by 4-H. It has taken place over two years, 1998-2000. Lindsay Lewis, Wendy Nylen, Julie McNabb, and Chantel Porteous from the Minnedosa 4-H for teens are participating in this project. The girls choose this project to learn entrepreneurship skills and to have a once in a life time opportunity to travel to Africa. Due to conflicts only Julie, Chantel, and Wendy are travelling to Africa. Along with learning entrepreneurship skills the girls have also learned decision making, team work and cultural differences between Africa and Canada. This group who meet in Brandon with fellow members from Brandon and surrounding area have worked hard to fundraise and have even started their own small business as part of the project. The group is having a great time and finding the project well worth while. Best of luck in your business and have a great time in Africa.

Onanole Seniors

by Ruth Carlson & Elaine Butler

The Onanole Seniors held their annual meeting in January. Re-elected were Harold Proven-president, Ella Flemming-Vice President and Joyce Minty-Treasurer. Elaine Butler was elected Secretary. The directors are: Ruth Carlson, Stan Kucher, Verna Johnstone, Joyce Roman and Jim & Elaine Butler. The lunch conveners are Bea Fink and Ella Fleming. The activity conveners are Isabella Proven, Verna Johnstone and Elaine Butler.

Our January birthday and pot luck supper was well attended. We were treated to an interesting slide presentation by Pat Rousseau showing scenes and life on Baffin Island.

Four of our members went to Minnedosa for the final play-off of the westman games 500 contest. The Minnedosa hospitality was appreciated. Two ladies from Rivers, Mrs. MacDonald and Mrs. Hayhurst took first prize.

We hosted the final whist games on February 9th of the District #2 Westman Seniors Games. We welcomed players from Rapid City, Rivers, Strathclair, Newdale, Minnedosa and Onanole. Winners with the highest score were Win Gray and Harold Proven. Second highest was a tie between the team of Ella Fleming and Harriet Hodges, and Isabel Manley and Evelyn Mac Donald. Third went to Burt and Georgina Bollman.

Our next birthday celebration and pot luck supper will be held on February 24th at 5:15 p.m. It will also be a Valentine party. All seniors 50 and up are most welcome to join us.

Good & Bad news in Financial Review

The final review from Deloitte & Touche gives the NDP government the green light to raid Crown corporations and ruin the Balanced Budget Law, Deputy Finance Critic Harold Gilleshammer said recently.

The former finance minister noted that the exaggerated projected deficit from Deloitte & Touche's preliminary report in November is now down to less than $100 million. "If there is a will on behalf of Premier Gary Doer and his government to manage expenditures, that deficit could easily be eliminated and a surplus could still be achieved," he said,

"If the Doer Government demonstrates any political will to act responsibility and manage the budget there is no reason Manitobans need face another NDP deficit this year, Gilleshammer said. "There has been a tremendous increase in revenues. What is missing here is the will of government to attack expenditures."

The Deloitte & Touche report - which cost taxpayers $500.00 -- shows provincial revenues will be $215 million more than anticipated, as a result of a federal transfer payment. With expected increases to the province's own source revenues, such as sales tax and income tax revenues, the government's revenues could easily top $300 million.

"Revenues have sky-rocketed as a result of a booming economy it is very clear the NDP has done nothing to manage expenditures and have actually ballooned the numbers since they took office half-way through the year," Gilleshammer said.

"This is a clear indication that Manitoba can balance the books for the fifth straight year."

The NDP has also alleged the previous Tory government -- that introduced the toughest balanced budget law in county in 1995 -- of not running a surplus the last two years.

However, Gilleshammer pointed to four audited reports done by the Provincial Auditor that make it clear the Tories have achieved surpluses and brought down the provincial debt that tripled in the 1980s under Howard Pawley's NDP government.

Gilleshammer also expressed concern that that NDP will open the balanced budget legislation this spring and water down an act that has been emulated across Canada. He also worries Selinger plans to siphon off profits from crown corporations like Manitoba Public Insurance and Manitoba Hydro for government wish lists instead of returning that money to hard working ratepayers.

As for criticisms that the Tories balanced the budget by borrowing from the Fiscal Stabilization Fund, the so-called rainy day fund, Gilleshammer said: "It's like when a family draws from its savings account when needed. And when more money comes in, deposits are made back into the savings account."

"The NDP won the election, in part, by saying it believed in Balanced Budget Law," Gilleshammer said.

"Right from the start, the New Democrats complained that the provinces's finances were in awful shape - so unmanageable that a deficit was absolutely unavoidable," he said. "The fact is the province's finances were in good shape when the NDP took office and a balanced budget is achievable by any government who is committed to it."

4,000 kilometers by combine

George & Louise Kostenchuk, left, and Don & Adam Kreiser, right, came to Minnedosa to meet Nick Parson, centre, who is driving his combine from B.C. to Parliament Hill

By Nancy Chemerika

Maverick farmer Nick Parsons, now famous for his journey by combine from B.C. to Parliament Hill, stopped at the Minnedosa Prairie Pantry Restaurant last week enroute from Brandon to Neepawa.

As he sipped his coffee, work gnarled hands clasped thoughtfully under his chin, Parsons gave a simple reason for his journey - to bring attention to the plight of farmers in Western Canada.

"I wanted to get a feel of the problem in different areas," stated Parsons. "I wanted to show how serious this problem really is. The situation is very different, even within the Provinces. The problem is the prices, and not being able to make a living farming. It's not possible, we just can't get our inputs back."

Parsons left his Farmington, B.C. home on February 1st, and expects that the 4,000 km trip to Ottawa will take about six weeks to complete. Parsons is making the trip on his twenty year old 860 Massey Ferguson, fondly named Prairie Belle, at a top highway speed of 10 to 12 miles per hour.

In British Columbia, Nick, his wife and two daughters, farm 1250 acres of grain and oilseeds. In 1999 he harvested 15 hopper cars, and received about the same amount of money that he got for nine hopper cars in previous years.

"I produced six cars for someone else. This trip is for all who didn't get their crop in or for those suffering from low prices. I thought I'd get out here and make some noise."

Parsons has farmed for 10 years in Canada, and for the 25 previous in England.

"I lost my farm in England due to economic reasons. I don't want to lose another," said Parsons.

Ambulance Tour to save Medicare stops in Minnedosa

Left, Marlene Tartsch, CUPE, talks with MCI students Jacqui Lawson, and Krista Powell.

By Nancy Chemerika

One of three ambulances rushing across Canada in the hopes of saving the country's health care system stopped in Minnedosa last Thursday.

The ambulance drivers stopped in front of the Town Hall and "set up shop" briefly to talk with Minnedosa citizens, and hand out pamphlets and post cards directed to Federal Health Minister Allan Rock.

"The response has been overwhelming, all across Manitoba," stated Marlene Tartsch, a Winnipeg Health Care Worker. "All walks of life have been attentive. Seniors are very attentive to the cause."

All three ambulances are heading for Alberta, "the scene of the emergency". Canadian Union of Public Employees (CUPE) activists are concerned that Premier Ralph Klein is poised to introduce a bill that would allow private hospitals, which they feel could open the door for corporations to demand similar treatment across the country.

CUPE is calling on Health Minister Allan Rock to outlaw private hospitals once and for all, putting an end to private, for profit, care. *Continued on Page 3*

"This is a clear indication that Manitoba can balance the books for the fifth straight year."

The NDP has also alleged the previous Tory government -- that introduced the toughest balanced budget law in county in 1995 -- of not running a surplus the last two years.

However, Gilleshammer pointed to four audited reports done by the Provincial Auditor that make it clear the Tories have achieved surpluses and brought down the provincial debt that tripled in the 1980s under Howard Pawley's NDP government.

Gilleshammer also expressed concern that that NDP will open the balanced budget legislation this spring and water down an act that has been emulated across Canada. He also worries Selinger plans to siphon off profits from crown corporations like Manitoba Public Insurance and Manitoba Hydro for government wish lists instead of returning that money to hard working ratepayers.

As for criticisms that the Tories balanced the budget by borrowing from the Fiscal Stabilization Fund, the so-called rainy day fund, Gilleshammer said: "It's like when a family draws from its savings account when needed. And when more money comes in, deposits are made back into the savings account."

"The NDP won the election, in part, by saying it believed in Balanced Budget Law," Gilleshammer said.

"Right from the start, the New Democrats complained that the provinces's finances were in awful shape - so unmanageable that a deficit was absolutely unavoidable," he said. "The fact is the province's finances were in good shape when the NDP took office and a balanced budget is achievable by any government who is committed to it."

4,000 kilometers by combine

George & Louise Kostenchuk, left, and Don & Adam Kreiser, right, came to Minnedosa to meet Nick Parson, centre, who is driving his combine from B.C. to Parliament Hill

By Nancy Chemerika

Maverick farmer Nick Parsons, now famous for his journey by combine from B.C. to Parliament Hill, stopped at the Minnedosa Prairie Pantry Restaurant last week enroute from Brandon to Neepawa.

As he sipped his coffee, work gnarled hands clasped thoughtfully under his chin, Parsons gave a simple reason for his journey - to bring attention to the plight of farmers in Western Canada.

"I wanted to get a feel of the problem in different areas," stated Parsons. "I wanted to show how serious this problem really is. The situation is very different, even within the Provinces. The problem is the prices, and not being able to make a living farming. It's not possible, we just can't get our inputs back."

Parsons left his Farmington, B.C. home on February 1st, and expects that the 4,000 km trip to Ottawa will take about six weeks to complete. Parsons is making the trip on his twenty year old 860 Massey Ferguson, fondly named Prairie Belle, at a top highway speed of 10 to 12 miles per hour.

In British Columbia, Nick, his wife and two daughters, farm 1250 acres of grain and oilseeds. In 1999 he harvested 15 hopper cars, and received about the same amount of money that he got for nine hopper cars in previous years.

"I produced six cars for someone else. This trip is for all who didn't get their crop in or for those suffering from low prices. I thought I'd get out here and make some noise."

Parsons has farmed for 10 years in Canada, and for the 25 previous in England.

"I lost my farm in England due to economic reasons. I don't want to lose another," said Parsons.

Ambulance Tour to save Medicare stops in Minnedosa

Left, Marlene Tartsch, CUPE, talks with MCI students Jacqui Lawson, and Krista Powell.

By Nancy Chemerika

One of three ambulances rushing across Canada in the hopes of saving the country's health care system stopped in Minnedosa last Thursday.

The ambulance drivers stopped in front of the Town Hall and "set up shop" briefly to talk with Minnedosa citizens, and hand out pamphlets and post cards directed to Federal Health Minister Allan Rock.

"The response has been overwhelming, all across Manitoba," stated Marlene Tartsch, a Winnipeg Health Care Worker. "All walks of life have been attentive. Seniors are very attentive to the cause."

All three ambulances are heading for Alberta, "the scene of the emergency". Canadian Union of Public Employees (CUPE) activists are concerned that Premier Ralph Klein is poised to introduce a bill that would allow private hospitals, which they feel could open the door for corporations to demand similar treatment across the country.

CUPE is calling on Health Minister Allan Rock to outlaw private hospitals once and for all, putting an end to private, for profit, care. *Continued on Page 3*

Farm Focus group presents data to Liberal Leader

By Nancy Chemerika

A local Farm Focus group, represented by Bob McNabb, Gord Thompson, Neil Galbraith, and Dave Mansell, presented Provincial Liberal leader, Dr. Jon Gerrard, with facts and figures that show without a doubt that the Minnedosa area is seriously suffering from the disastrous spring of 1999.

The Focus Group's data shows the R.M. of Odanah was the hardest hit municipality, in terms of production, in all of southwestern Manitoba. The R.M.'s of Saskatchewan and Elton, follow closely behind.

The hour long presentation showed Dr. Gerrard that most farmers, whether they got their crops planted or not, will suffer a loss of about $60 to $70 per acre. Those staggering dollar figures will affect approximately 3,400 farm families throughout southwestern Manitoba. The area stands to lose $204 million as a result of the disastrous spring.

The Focus Group feels that the area should be recognized as a natural disaster, with one of the reasons being that the financial losses exceed those experienced in areas previously declared natural disasters, like, the Red River Valley.

"The real barrier in trying to focus government attention, is that up until now, there hasn't been any specific numbers to show," stated Gord Thompson. "Manitoba Crop Insurance has just recently released the data, and we are only now able to determine the full impact (of the excessive moisture). The income loss is going to be staggering."

The Focus Group noted that another barrier has been that overall provincial averages did not show how great the hurt was. Although the southwestern part of the province suffered greatly, other areas had above average yields, bringing the provincial numbers up.

"I was very impressed with the presentation, and the amount of work that went into it," stated Dr. Gerrard. "It is a good case for better farm aid. It provides good evidence of the extent of the damage. I think the Focus Group now needs to take the presentation to the appropriate people in the Provincial and Federal Government, so that any additional aid goes to the people who need it the most."

Dr. Gerrard, who visited the R.M. of Odanah to view the damage caused by excessive moisture last spring, noted that he had not realized that the municipality was the hardest hit in terms of production.

"I have been through Minnedosa a number of times, and I could see that the town was suffering, similar to Melita, but I wasn't sure why. After seeing the numbers, I have a better understanding of the situation," said Gerrard.

Dr. Gerrard plans to work at Provincial and Federal levels to extend the message.

Mayor Terry Drebit, who also attended the meeting, stated that the presentation was the most intelligent, factual and well put together he has seen to date.

"I think the group needs to take it one step further, and write up a proposal of what they think the aid should be, and how it should be administered," concluded Mayor Drebit.

Wowchuk announces $100 million for farmers

By Nancy Chemerika

Agriculture and Food Minister Rosann Wowchuk announced $100 million for Manitoba grain and oilseed farmers last week to help address the current income crisis.

The announcement followed one made earlier by Prime Minister Chretien, and Saskatchewan Premier Roy Romanow, and Manitoba Premier Gary Doer that farmers in those provinces would receive a cash injection of $400 million. Saskatchewan will receive $300 million. The funds will be cost shared federally and provincially on a 60:40 basis.

The additional assistance is designed to help farmers in Manitoba and Saskatchewan adjust to higher transportation costs as they face continuing low farm incomes. Farmers in the two provinces were most affected by the transportation policy changes in the 1990s.

"It's been a very long road from the Manitoba and Saskatchewan joint delegation last fall to today," stated Wowchuk. "Although this package doesn't address the full situation, it will help thousands of farmers put a crop in the ground this spring. It's a good day for the family farm."

Wowchuk added that the $100 million for Manitoba, in addition to enhancements to the 1999 AIDA program, and the $70 million spent by the province in unilateral aid last fall, constitutes major efforts to help the family farm bridge the current commodity crisis.

According to Wowchuk, cash should be in the farmers' hands by early April. Distribution will be based on a five year historical average.

"For example, an 800 acre farmer will receive about $11,000. For people in NISA, the information will be calculated and they will automatically be sent a cheque. People not in NISA will have to fill out an application to receive the money," explained Wowchuk.

Wowchuk added that Manitoba is continuing to work with Ottawa on improved disaster assistance for last year's flooding in southwest Manitoba. "Last week Minister Axworthy spoke publicly about treating that flood on the same basis as the Red River Flood in 1997. This is encouraging progress and I hope we can soon come to a resolution on that issue as well."

Don Dewar, President of Keystone Agricultural Producers, was pleased with the announcement.

"This is good news. This announcement means that both levels of government have recognized that farmers in the West are being badly hurt by low commodity prices," said Dewar. "Thankfully, the recognition came in the form of action. We are especially pleased with the fact that these payments will come from funds outside of the current Safety Net envelope."

"Every bit helps, but I was disappointed that there was nothing announced for the southwest specifically," concluded local Ag. Rep., Neil Galbraith.

Ambulance stops in Minnedosa...

Continued from Page 1

CUPE is also calling on the health minister to permanently restore and increase health care transfers to the provinces.

On February 14th, the three ambulances set off from Nanaimo, Hamilton, and St. John's on a cross-country tour to sound the alarm about health care privatization and underfunding. The ambulances, driven by CUPE activists, are stopping in communities across the country. The ambulances expect to arrive in Alberta on March 1st.

CUPE has developed five key demands to protect health care and respect the principles of the Canada Health Care Act. They are: stop Alberta's private hospital legislation; restore funding for all health care, including acute and long term care; introduce national home care and drug programs; reform primary care; and exempt health care from trade deals - specifically NAFTA and future rounds of WTO.

The first Manitoba stop for the ambulance was Lloyd Axworthy's office in Winnipeg, last Tuesday morning. While in Manitoba, the ambulance also stopped at Selkirk, Gimli, Stonewall, Carman, Portage, Gladstone, Neepawa, McCreary, Dauphin, Erickson, Brandon, Souris, Boissevain, Deloraine, Melita and Virden.

CUPE, Canada's largest union, represents 475,000 men and women working in health care, emergency services, education, municipalities, social services, libraries, utilities, transportation, and airlines.

4,000 kilometers by combine

Continued from Page 1

"A lot of people don't know what it is like to lose their farm. They're waiting for a miracle, but it's not going to happen. I'm trying to save rural Canada because it's a great place, and very sustainable, if we could just get a fair price for our product. A lot of people are unaware of how bad it is for the farmers, and a lot of people don't want to know. There are some people in Canada who think farmers should be peasants."

Parsons is calling for an annual farm subsidy of $50 per acre to allow Canadian farmers to make a decent living, while maintaining Canada's edge on the world market. That, he says, compares to a U.S. subsidy of $200 per acre and European subsidy of $300 per acre.

Parsons noted that initially, any funds raised along the way would go towards his expenses, but virtually all of his bills thus far have been paid by kind hearted strangers.

"I haven't paid for a drop of diesel fuel, not a meal. People have been 100% supportive. I left Dawson's Creek, BC with $30 in a trust account in the bank. Now there is over $20,000 in the account," noted Parsons. Nick hopes to use the money to get he and his daughter to Toronto to be interviewed by Peter Mansbridge. "I want to get on Prime Time television to tell the public what it's really like out here."

The kindness of strangers was evident at the Prairie Pantry Restaurant as Nick prepared to continue his journey. Adam and Don Krieser, McCreary, had travelled along the #16 highway in the hopes of finding the man who hopes to save rural Canada.

"He's getting a lot of attention focused on what is going on," stated Don Krieser who brought a pie, a knife and a fork, to help sustain Parsons on his journey. "I think he's helping the public realize what is going on with the family farm."

George and Louise Kostenchuk travelled from their farm north of Neepawa, to meet Parsons and bring him a snack.

"We've been following his progress, and we wanted to congratulate him on having the guts to help the farmers," stated Mrs. Kostenchuk. "We give him a lot of credit for what he is doing."

The Public Utilities Board

NOTICE OF APPLICATION AND HEARING

APPLICANT: CENTRA GAS MANITOBA INC.

APPLICATION: INTERLAKE EXPANSION

Centra Gas Manitoba Inc. ("Centra") has applied to The Public Utilities Board of Manitoba (the "Board"), pursuant to The Public Utilities Board Act, for approval of new Franchise Agreements between Centra and the Rural Municipalities of Bifrost and Woodlands, the Towns of Arborg and Teulon, and the Village of Riverton. The proposed service area consists of the Village of Riverton, the Towns of Arborg and Teulon, the LUD of Warren, and the residences and businesses immediately adjacent to the communities of Riverton and Arborg in the Rural Municipality of Bifrost.

Centra has also applied to the Board for approval of a Financial Feasibility Test for the expansion of natural gas service to the above communities, and a Connection Fee Schedule to be used by Centra to charge and collect connection fees from all customers installing natural gas service on their property.

If approved, Centra plans to proceed with this project in the summer of 2000.

FILING: Centra filed an Application with the Board on February 17, 2000. Anyone desiring copies of the material filed should contact:

Manitoba Hydro
Attention: Ms. M. D. Murphy
3rd Floor, 820 Taylor Avenue
Winnipeg, MB R3C 2P4

Telephone: (204) 474-3468
Fax: (204) 474-4947

The Application and material in support of the Application will also be available for inspection at the Board's office.

HEARING: The Board will hold a public hearing regarding Centra Gas Manitoba Inc.'s Application for approval of the Franchise Agreements, Financial Feasibility Test, and Connection Fee Schedule at the Arborg & District Community Hall, Ingolf Street, in Arborg, Manitoba commencing on Wednesday, May 10, 2000 at 9:00 a.m. and continuing as necessary.

PARTICIPATION: All persons, firms or Corporations or municipalities wishing to intervene in respect of this Application, and participate in the examination of witnesses, provide evidence, or make submissions and final arguments, are requested to advise of their intention to do so in writing before March 8, 2000 by contacting the Board's Secretary as follows:

Mr. H. M. Singh, Acting Secretary
Manitoba Public Utilities Board
400 - 330 Portage Avenue
Winnipeg, Manitoba R3C 0C4

Telephone: (204) 945-2638
Fax: (204) 945-2643

Any person who does not wish to intervene but wishes to make a presentation to the Board is requested to contact the Board Secretary by April 12, 2000. The Board will hear presentations at the public hearing in Arborg and depending on the level of interests at another location within the area included in the application. Anyone desiring to make a presentation at a location other than in Arborg are to contact the Board Secretary. Anyone wishing to make a presentation outside of the time set for this public hearing are also to contact the Board so that appropriate arrangements can be made.

Persons wishing to address this Hearing in French are required to notify the Board's Secretary prior to April 12, 2000.

A timetable for the orderly exchange of information prior to the hearing will be available in the Board's office. All persons intending to intervene should obtain a copy of this timetable.

PROCEDURE: The Board has adopted Draft Rules of Practice and Procedure that will apply to the conduct of this Application. All Intervenors must familiarize themselves with the Board's requirements. Copies of this document are available upon request to the Board by writing to the Secretary or by calling (204) 945-2638.

INTERVENOR COSTS: Board Order No. 163/87, dated November 12, 1987, provides for, among other things, the possible award of costs to participants and the guidelines for so doing. Any party contemplating making an Application for an award of costs should familiarize themselves with this Order.

DATED this 21st day of February, 2000.

H. M. Singh
Acting Secretary
The Public Utilities Board

Five days notice required. Wheelchair access is available.

400 - 330 Portage Avenue
Winnipeg, Manitoba
R3C 0C4

Gas Tax Rage!

Road rage is spreading across the continent. It's not obnoxious drivers that have truckers overheating, but blazing high pump prices. Soaring diesel costs have recently sparked 18-wheeler protests in Atlantic Canada, Quebec, Ontario and Washington, D.C.

Canadian truckers steamed by high pump prices should look to the fleeting blockade in Atlantic Canada as a lesson in how to split off public support for a noble cause. Any protest that invites public sympathy by first putting-off motorists is bound to backfire. Hijacking cross-border trade and holding individuals and businesses hostage by blockading the free flow of people and goods is just bad PR.

If its public sympathy they're after, the truckers should take their rigs to Ottawa and join their counterparts in a show of force to protest how punishing gas taxes are driving independent truckers out of business.

The Prime Minister says truckers should just pass the diesel price hike to their employers. "The truckers are like any other business. When you have added costs, you transfer it to the people you are working for." But to whom are regular motorists expected to transfer their extra fuel costs? To their employers? Fat chance.

When the PM says pass the buck he knows what he's talking about. After all, Ottawa has passed along the rising cost of government on motorists for years, increasing gas taxes on regular fuel from 3.3 cents per litre in 1986 to 10 cents per litre today. But even if truckers do succeed in passing their costs along, who gets saddled with the bill? The consumer, who can expect to pay for increased costs on the transported goods.

The ruckus over punishing pump prices would be easier to blow-off if gas taxes were actually reinvested in road renewal. Ottawa siphons out of Manitoba $145 million in fuel taxes each year. But not one penny has been put back into pavement for years. It's highway robbery.

The premiers should be raising Cain over the billions in gas tax dollars sucked out of provincial economies, not only out of principal, but to make common cause with the beleaguered motorist. Instead, they're hell-bent on demonizing the oil companies.

Like clockwork, whenever there is a spike in pump prices, some politician somewhere invokes the taboo of "oil company collusion and price-gouging."

As a new twist to the oil baron witch hunt, Manitoba's Consumer and Corporate Affairs Minister Ron Lemieux wants a national bureau to monitor the price of fuel and sniff out discrepancies in cross-country pump prices.

Translation: Keep the media busy on a false scent so that politicians do not have to answer to why gas taxes are fixed and how governments collude by settling on roughly the same gas tax rates.

The dog and pony show proposed by Mr. Lemieux would be a sad waste of time and money. Of the past half-dozen investigations by the federal Competition Bureau into the alleged oil price conspiracy, not one has turned up a shred of evidence of collusion.

You can't blame truckers for letting off some steam. Soaring diesel prices are deflating the impulse for truckers to do business altogether. And in no small measure are fuel taxes slowing down the traffic of commerce.

A report by the federal and provincial transportation ministers found that the 25,000 kilometer National Highway System has not improved since 1988 and that a complete facelift would cost $17 billion. The impact of such an investment would save drivers 84 million hours in travel time and 173 million litres in fuel.

The message Ottawa needs to hear is "use it or lose it." Dedicate gas taxes to road renewal and cut the excess tax off the pump price.

— Victor Vrsnik Provincial Director Canadian Taxpayers Federation

Picture of the Week ...

Kindergarten students at Tanner's Crossing took part in a Quinzee build recently, and showed off their efforts for the camera. The students gathered together all available snow in the TCS courtyard, let it settle, and hollowed it out. Quinzee building is an annual activity for Kindergarten students at TCS.

From the Editor's Desk — CAVEAT LECTOR

82 & Still in the Game!

Bruce Radford, 82, found himself facing the net at last Friday's Wheat King Game after his name was drawn to take part in a $25,000.00 shootout.

To win the big money, Bruce had to hit four targets in four nets in 20 seconds. Although he didn't hit the targets, Bruce got the puck in two of the nets, and walked away with an extensive prize package.

Bruce and his wife Betty got a quite a kick out of the situation. When asked, prior to the game, if he had played a lot of hockey in the past, Bruce replied with a laugh, "Gosh, no! I've never played a game of hockey in my life."

Don't feel too badly for Bruce and his lost $25,000. He has won $26,000 previously at the Painted Hand Casino, as well as three other jackpots.

"I live a good life. That makes a difference," stated Bruce with a grin.

LETTERS TO THE EDITOR

To the Editor:

Last week, two very important reports were released regarding Manitoba's financial future. First, the Deloitte and Touche Financial Review was released, which showed that the province's finances are in good shape, and not nearly as dire as Finance Minister Greg Selinger and the NDP Government would have Manitobans believe. After stating time and time again that his government had no choice but to run a substantial deficit, Mr. Selinger now admits that a balanced budget is "conceivable".

While the NDP accused the previous government of going on a pre-election spending spree, the report confirmed that the only discretionary over-expenditure was the $8.7 million spent by the NDP to try to end hallway medicine. The report also showed the NDP has made no attempt to reduce expenditures, and in fact, has spent another $55 million since November.

The second report that was released was the Lower Tax Commission report. It noted that a healthy economy generates more financial resources for government to provide healthcare, education and other important services, and states the best way to grow the economy is to cut taxes and make the tax system fairer. Unfortunately, despite the many excellent recommendations contained in the report, Mr. Selinger has made it clear that tax cuts are not a priority.

Finance Minister Selinger and the NDP Government should seriously consider the advice of the Lower Tax Commission. Their own financial report states that Manitoba's finances are in manageable shape and that a balanced budget can be achieved. In order to remain competitive and to continue the growth Manitoba's economy has enjoyed in recent years, the province must take real steps to cut taxes. If the NDP Government refuses, we may all be left behind.

Sincerely,
Len Derkach
MLA for Russell

PARENTHOOD

by Dana Dawson

In an effort to help my children and others, my mother wrote some spelling and grammar rules for learning in a fun and easy manner. I decided to let everybody read them as learning these things can be difficult for any child. If anybody is interested in more of these rhymes, I would be pleased to give them to you. Call Dana or Cam at 867-5552.

If I am he, then who is him?

Need some help to think it out?
They're nearly the same, there is no doubt.
But sometimes it's him and sometimes he.
And sometimes it's I and sometimes me.

He is quite a lively boy, always doing things
He runs, he talks, he throws, he walks, he sometimes even sings.
But when it comes to him, oh dear, it really is a shame.
Him never even does a thing; you'd think that Him was lame.

And so it goes, now do you see
How it's the same with I and me.

I run. He runs behind me.
I sit. He sits beside me.
I want a candy and he gives me one.

Him never gives me candy 'cause Him can't do.
Me never wants any 'cause Me is helpless too.

Now if you're thinking hard you'll see
That it's the same for her and she.
She is the doer, the fixer, the taker
The worker, the talker, the finder, the maker.
Her is the one for whom it is done
The one who sits quietly waiting for fun.
Author: Shirley Melvin

Minnedosa Ladies Curling Bonspiel

The Minnedosa Ladies held their 51st Annual Bonspiel February 18-20. There were 21 rinks participating with 10 of those being from Brandon, Neepawa, Erickson, Newdale and Killarney.

The 1st event, sponsored by Zeke's Jewellers was won by Yvonne Robertson's rink (Neepawa), 3rd Kim Kulbacki, 2nd Linda Stinchcombe and lead Doreen Robertson, 2nd Sandra Syslak (Minnedosa), 3rd Donna Dowsett (Killarney), and 4th Fran Dagg (Brandon).

The 2nd event, sponsored by the Minnedosa Credit Union & Heritage Co-op was won by Sheila Smith's rink (Minnedosa), 3rd Florence Kemp, 2nd Ellen Bramley, and lead Olive Cameron, 2nd Ev McConnell (Neepawa), 3rd Tracy Kingdon (Minnedosa), and 4th Rebecca Gray (Erickson).

The 3rd event, sponsored by the Minnedosa Pharmacy was won by Cathy Sage's rink (Brandon), 3rd Dawn Wishart, 2nd Gail McDonald, and lead Shelley Reid. 2nd Gerri Cooke (Minnedosa), 3rd Jean Garbolinsky (Minnedosa), and 4th Gladys Murray (Minnedosa).

WINNERS OF THE FIRST EVENT
Doreen Robertson, Linda Stinchcomb, Kim Kulbacki, Yvonne Robertson, Presenter Gaylene Johnson.

WINNERS OF THE SECOND EVENT
Sheila Smith, Florence Kemp, Ellen Bramley, Olive Cameron, Presenter Gaylene Johnson.

WINNERS OF THE THIRD EVENT
Presenter Gaylene Johnson, Shelley Reid, Gail McDonald, Dawn Wishart, Cathy Sage.

Natural Gas Co-op holds information meetings

By Nancy Chemerika

A public meeting to discuss bringing natural gas into the Town of Erickson and the R.M. of Clanwilliam was hosted last week by members of the Prairie Mountain Natural Gas Co-op committee.

Keith Arthur, project consultant, also attended the meeting to answer questions and to discuss the results of a feasibility study he conducted for the project.

According to the feasibility study, there are a potential 2900 natural gas users throughout the municipalities included in the study: Erickson, R.M.s of Clanwilliam, and Park, Rapid City, Strathclair, the R.M.s of Harrison, Saskatchewan and Blanshard.

Those interested in the project can sign up for 10% of the cost down, which will be held in trust and returned if the project does not go ahead by August, 2001. A further $50 membership fee will also be paid, which is non-refundable.

Member contributions to constructions in the rural areas are estimated to be $3,000; in urban areas $1,000; hog/chicken barns $5,000; an institution (eg. school, hospital) $5,000; urban business $1,500; community building $1,500; colonies $15,000; grain dryers $1,500/MM, BTU.

A finance program will be offered to all co-op members. If the member chooses to pay in full, a 5% discount will be offered.

The natural gas will be sold for an estimated $6.00 and $8.00 per gigajoule (GJ), a unit of energy. Looking comparatively, if natural gas was sold for $6.50 per GJ, propane would cost $14.93/GJ, electricity would cost $12.19/GJ, and heating oil would cost $11.57.

"We think natural gas is not only a cheaper source of energy, but if we want to attract small business or manufacturing to the rural area, we need natural gas," stated Vic Waddell, Prairie Mountain Natural Gas Co-op president.

Public meetings were also held in Newdale and Sandy Lake, and will be held this week in Oak River, Rapid City, Elphinstone, and Strathclair.

Teen files suit against Pan Am & Town

By Nancy Chemerika

Ryan Sturgeon, 17, of Brandon is suing the Pan American Games Society for injuries incurred after diving off a dock set up at Minnedosa Beach for last summer's sporting event. The Town of Minnedosa was also named in the suit.

Bob McMahon, chief operating officer for the games, stated that the suit did not come as much of a surprise.

"It was something we were expecting to happen, we just weren't sure when," stated McMahon.

"It's a horrible thing to have happened, very unfortunate. From a Society point of view, the matter will now be passed on to the insurance company."

The recently filed statement of claim alleges that the Games Society, as well as the Town, were negligent by not posting either a lifeguard or signs that would warn people about the depth of water.

Sturgeon was with relatives last July 11th when he jumped head first off a dock which had been set up the previous day near the boat launch by the Pan-Am volunteers preparing for rowing events. The water was less than one meter deep where Sturgeon struck his head on the bottom of the lake, causing the youth to break his neck.

Robert Tapper, Sturgeon's lawyer, said that the youth's abilities are still impaired.

"His condition is improving, but it is a very serious injury, and it is a very serious claim," stated Tapper. "It is a major spinal cord injury and it is evolving, as these injuries do."

Agricultural Report

Ag. Rep.
by Neil Galbraith

Nitrogen Levels on Unseeded Acres

The best advice is to take a soil test as early as you can this spring if one wasn't taken last fall. The variables include nitrogen losses to: leaching down to the subsoil out of plant roots' reach; denitrification where the soil is accumulated from organic matter mineralization where organic matter breaks down to become nitrogen. Tillage stimulates this organic matter to nitrogen process. So, how many weeds did your field have, how big did they get before being controlled, how much tillage did you do and when was it done? Lots of questions that can vary the amount of nitrogen on unseeded acres. I've seen numbers from 7-119lbs of nitrogen in the soil. In general, fields with no tillage do not have any more nitrogen than cropped fields. Fields tilled once in mid August seemed to produce 20lbs of nitrogen. Fields tilled once in mid July and once in mid August produced 90-100lbs of nitrogen. But I caution you that this is from a very few soil samples so no guarantees should be assumed. Once again, take a soil test to know what is in those fields for nitrogen.

Minnedosa Social News

A Valentine's afternoon tea was held at the home of Dorothy Lewis in honor of Lynda Malliteare, Ruth Pederson and Darla Foster who have moved into the Poplar Park Trailer Court, and to wish them best wishes and much happiness in their new surroundings and home.

Polly the Parrot welcomed Lynda, Ruth & Darla, our new neighbours to Poplar Park.

Afternoon was spent with a treasure hunt. The door prize's were won by Joyce Alexander and Ruth Pedersen.

After a fun visit and lots of laughs, lunch was served including a good luck cake. Other guests were Marion Johnson, Joyce Cameron and Joyce Alexander. "Hi Neighbours".

"What is a healthy community?" Rec Files...

by Ken Surovy

What is a healthy community? How do we get one? Will eating right help, perhaps staying active, getting enough rest, being involved in our community, keeping the neighborhood safe, ensuring children and youth have enough positive pursuits available, being gainfully employed, maybe leading less stressful lives? The final answer...it is all of the above and more!

Did you know that Minnedosa is striving to be a healthy community and has a committee called Healthy Minnedosa? Well, we are and we do. So what does the Healthy Minnedosa committee do? Currently, we are getting organized as a group, trying to determine what our role should be and who should be at the table.

Healthy Minnedosa's first project is to organize a general information session in March on cancer. The session will answer questions such as - What is it? What are your risks? How do we separate myth from fact? There will also be break out sessions to discuss the issues surrounding breast and prostate cancer. Diane Granger and Enid Pottinger, representatives from the Cancer Society will be the resource people facilitating the sessions. If you are interested in getting involved in the committee as an individual or organization, or would like more information about the Cancer session, please call me at the Rec Office.

April is Cancer month and the Canadian Cancer Society needs your help to help organize a door-to-door canvass. If you have some time to help out, this is a great way to stay active, get to know your neighbors and help build a Healthy Minnedosa.

With all the nice weather we are having this week, I am starting to think about spring and summer programs. If you have a program idea or a special talent you would like to share with others, give me a call so I can work it into the spring/summer fun guide.

HIRE a student...

Employers!
Do you need help this summer but think you can't afford to hire someone?

Maybe the Summer Career Placement Program is the answer to your dilemma. You may be eligible for a wage subsidy. Phone your Human Resource Centre of Canada for details: 726-7779
deadline: March 10

Canada

Maple Syrup production on the prairies

by Laura Poppy

Maple syrup is one of the oldest agriculture commodities in Canada. Sugar maple (Acer saccharum), which cannot be commonly grown on the prairies, is the species used for maple syrup production in Eastern Canada and the northern United States. But maple syrup is not limited to sugar maples. Manitoba maple (Acer negundo), which is also known as box elder, produces sap which can be boiled down to make an excellent tasting syrup. Manitoba maples are commonly found along riverbeds, in native woodlots, shelterbelts around farmyards and in towns as ornamental shade trees.

Manitoba maple trees should be at least 20 cm (8 in) in diameter before they are tapped. Trees should be tapped in late February to early March to ensure the first flow of sap is collected. To tap a tree, select a spot, at chest height, on the trunk in an area which contains sound wood that is void of knotholes or dead branches. Drill a 7/16 inch hole approximately 5 cm (2 in) deep into the wood, slanting slightly upward to facilitate the flow of sap. A tap (commonly referred to as spout, spile or spigot) should then be inserted and tapped lightly into the pre drilled hole. A bucket is then attached to the spout to collect the sap flow. Buckets should be covered to keep out debris.

The sap flow from maple trees occurs on warm days following nights when the temperature drops below freezing. Sap flow does not occur every day and it can occur for as short as a few days or extend up to three weeks or longer.

The sap should be collected and boiled down as soon as possible. If the sap is allowed to become too warm before boiling, a dark, off-flavored syrup will result. Sap collection should be discontinued when the buds on the maple tree start to swell. Once the maple tree starts to leaf out the sap acquires an off flavour known as a "buddy" flavour.

The process of making maple syrup is essentially one of evaporating most of the water out of the sap leaving behind the sugars and maple flavour. The amount of sap required to produce one litre of syrup depends on the sugar concentration. The sugar concentration in the sap from Manitoba maples varies from 1-3 percent or more. At a concentration of 2 percent, 43 litres of sap is required to produce 1 litre of finished syrup. Sap becomes syrup when the sugar concentration reaches 66 percent. It may take up to a full day to complete the process of boiling the sap to make syrup. Boiling should be done outside or in a well-ventilated area to allow large amounts of steam to escape.

The average Manitoba maple will yield 15-20 litres of sap in one season which amounts to between 1/3 and 1/2 litres of finished syrup per tree. Ultimately, syrup yields will depend on the environmental conditions during the season.

TCS Topics

Our grade seven and eight band students spent the day in Winnipeg last Thursday at the Optimist Festival, results will be in next weeks T.C.S. Topics.

Our Junior High basketball teams have been practising hard and will be involved in two mini tournaments. The first will be on Tuesday, February 29 and the second will be on Tuesday, March 7. The teams are coached by Miss Paulsen, Mrs. Dowsett, Mr. Lawson and Mr. Harvey. Good luck to both the boys and the girls teams.

The next Advisory Council meeting will take place on Tuesday, March 14 and the topic will be "rewards and awards that are handed out to students for achievements at school". Everyone is welcome to attend. Thanks to PAC for the meat and cheese tray for Teacher Appreciation Week.

Congratulations to Mrs. Morrice and her husband Ken on the birth of their son Jayden Daniel.

Rookhurst News

by Clarence Williams

On Saturday, the 19th, Reg Scott and Crystal were in Winnipeg where Crystal did some modeling.

Reg Scott & Bill Parrott of Bethany attended the funeral of the late Pat Carr held in Brandon on Tuesday the 22nd.

Sympathy is extended to the family and relatives on the passing of Pat Carr of Rapid City.

Everyone seems to be enjoying our exceptional spring like weather for this time of year.

BIG GAME HUNTING SEASONS DRAW
• ELK • MOOSE • LANDOWNER ELK

Erickson & District News

by Almie Paulsen

We've had another beautiful weatherwise week. Imagine mid-February with temperatures above zero. Now people are concerned about lack of snow for winter activities and for enough moisture for soil.

Anne Nylen recently returned from a 10 day holiday in Dartmouth, N.S. where she visited her grandson Rev. Bob & Jill Nylen and her great grandson.

The community was shocked when they heard of the sudden death of 59 year old Wesley Duchominsky on Feb. 18th. The funeral service was held at Sparrows Funeral Home. Sympathy is extended to the bereaved family.

The Erickson Women's Institute enjoyed their Feb.19th W.I.day with guests from Birtle and Newdale and Erickson friends.

Word has been received of the death of Florian Wolski, a former business man of Erickson. His death occurred on February 11th. The funeral service was held at Sherwood Park on Feb 16. Condolences to his family and many relatives in Manitoba.

Beatrice Warrington attended the funeral of Pat Carr of Rapid City in Brandon last Wed. Pat owned the restaurant in Erickson in 1940 and made many friends during his short stay in Erickson.

The Lutheran Choir honoured Kelly Carlson on his 92nd birthday after the weekly choir practice on Tues. Kelly has slowed down a bit recently due to a very sore hip. Enjoy your 92nd year Kelly.

Belated birthday greetings to Rose Malanchuk who marked her 88th birthday on Feb.26th. I visited her last Wed. and she had just read the Minnedosa Tribune and is up to date on all of Erickson happenings.

Harry & I and Jennie Rumak also visited Teenie Gregorash, Waxylina Slobodian and Bob Sanderson. I was surprised to see Leanne Judd on staff.

Hopefully the Parkland Home common room and hallways will soon be painted and new furnishings for the lounge area will also be installed.

Last Wednesday winners of the Legion cribbage were: 1st Reg Montgomery; 2nd Gordon Pollon; 3rd Anne Marie Kingdon. Joe Sturgeon had the lowest score. Join in the afternoon fun each week.

Visiting Steve & Katie Wozney were Katie's brother and sister-in-law Victor & Judy Koroscil of Oakbank. While here they visited other Koroscil and Wozney family members in Sandy Lake & Erickson. Victor & Judy attended Ryan Kologinski's 10th birthday party. Also attending Ryan's party were uncles Darryl & Dan Wozney and great uncle Frank Wozney. Ryan is the son of Barry & Mary Anne Kologinski.

Fred & Florence Swiscoski have returned from holidaying with their daughter in Alberta. Dave and Leona Smith in Arizona and seeing the sights in Las Vegas.

Erickson Wildlife Sponsored a Fishing Derby at Ditch Lake on Feb. 20th. I was unable to get details of the winners but congratulations to my neighbour Steve Wozney on capturing the 3rd prize.

The Information sheet distributed by the Erickson-Clanwilliam Community Development Corporation shows a lot of time and thought has been put into making our area move forward with positive goals. They want your input on ideas suggested so submit them to the Municipal Office by April 15th.

One more reminder about family histories, organization histories and business histories of Erickson and R.M. of Clanwilliam 1984-Dec 1999. These are to be submitted to the Municipal office by March 31st for volume 2 of "Forest to Field".

Safety of the community is everyone's concern. Being alert and notifying RCMP of unusual activity is a must. Do not hesitate to do so. Application forms are available at the Municipal Office for COPP's are asking for volunteers; and the monthly meetings are open to everyone.

Congratulations to Becky Gray and her rink of Tamara Lee, Bridget Lee and Lexine Stephenson who placed 3rd in the 2nd event of the Minnedosa Ladies Bonspiel.

The annual mixed bonspiel is underway this week at Erickson. At time of writing (Thursday) 33 rinks have been entered. Ladies of the whole district are busily preparing their special recipes for each evening's supper. Don't miss them!

Erickson Legion News

by Cde. Pam Stacy

There was a good turnout for the Annual Ladies' Appreciation Night which was held on Sat. Feb. 12, 2000 to recognize the invaluable work of the Legion Auxiliary throughout the year. 19 members of the Auxiliary were in attendance and each was presented with a red carnation by Cdes. Dave Pengelly and Jack Stacy. Ladies' Auxiliary President, Katherine Pollon, presented a Life Membership certificate to Anne Koroscil, and service pins to Joyce Bennet (30 years) and Pearl Yakiwchuk (25 years). Those members who were not present, and who will receive their pins at a later date, are Della Nylen (30 years), Sadie Woloshen (25 years), Joyce Johnson and Verna Johnstone (both 15 years). A delicious supper had been prepared by the ever-hardworking Entertainment Committee, who had also done a fabulous job of decorating the hall in the appropriate theme for Valentine's Day. It was truly great to see Cdes. Glen Shellborn and Dave Pengelly out and about again after their recent health problems, and we hope they continue on the road back to good health. After dinner, "The Band" provided great music which encouraged the crowd to get up and dance; it was also great to see Katie Challborn back playing with them again.

L - R, Katie Challborn, Anne Koroscil, Joyce Bennet, Pearl Yakiwchuk, Katherine Pollon.

PUBLIC NOTICE
ROAD CLOSING
R.M. OF PARK

PUBLIC NOTICE IS HEREBY GIVEN THAT the Council of the R.M. of Park has given 1st reading to By-law No. 1195 being a By-law to close
"a) A portion of Government Road Allowance lying east of the NE and SE 1/4 of Section 12-19-19W"
"b) A portion of Public Road Plan No. 1920 lying in the SE 1/4 of Section 12-19-19WPM"
as shown on the following sketch, and to transfer such portions of the closed roalls to the adjacent registered owners of the said lands in the NE 1/4 and SE 1/4 of section12-19-19W.
NOTICE IS HEREBY GIVEN THAT the Council of the R.M. of Park will sit to hear any person wishing to make representation on the proposed By-law, at a hearing to be held by Council on March 27th, 2000 at 1:00 pm in the Council Chambers of the R.M. of Park at Onanole, Manitoba.
The By-law along with supporting documentation may be inspected at the Rural Municipal Office during regular business hours.

- Sylvester Yakielashek, C.A.O.

Adults - $4.00 12 & Under - $2.50

Everyone Welcome!

Shelterbelts reduce accidents

by Laura Poppy

Prairie winters cause hazardous driving conditions. Roadside shelterbelts can alleviate the problem.

Roads are generally built higher than the surrounding land to prevent snow build up. In most cases the roads are kept open but drifting and blowing snow still pose a major driving hazard. Municipal and provincial governments spend a considerable amount of money to keep roads clear of snow drifts and ice, but the cost of accidents and injuries due to poor road conditions is hard to total.

A properly planned roadside shelterbelt can offer a long term, cost-effective method of controlling snow. Roadside shelterbelts can help keep roads clear of snow and ice. The reduce blowing snow during storms, protect adjacent fields from soil erosion and provide critical wildlife habitat.

New roadside shelterbelts should be planted parallel to the road at a minimum distance of 150 feet from the centre of a municipal road and 300 feet from provincial highway right of ways. Check with local RMs and the Department of Highways before planting for set back regulations in your area. Plant the trees into a well-prepared, weed free site. Proper maintenance and replacement of trees are important to prevent gaps in the shelterbelt. Remember, there is no quick fix, but with time and patience you will be rewarded with a functional, healthy shelterbelt.

Single or multiple rows of hardy, long lived and non-competitive shrubs such as caragana, choke cherry and lilac make an effective, dense barrier. For added height, green ash can be intermixed with the shrubs. The trees should be planted close together to decrease wind speed and increase snow trapping.

Rural people are working off the farm more than ever. Therefore, greater emphasis is being placed on the need for safe road conditions. The message is clear; roadside shelterbelts help keep roads clear for emergencies and everyday travel.

Cardale News

by Myrtle Crighton & Ethel Fortune

Joyce and Gordon Espey visited with Judy and Charlie Hall in Winnipeg on Tuesday, February 15, returning Wednesday.

The Atom age hockey play-off between Tri-Town and Strathclair - Shoal Lake has been a close battle with each winning a game. The final was Saturday morning, February 19 at Cardale. It was a very exciting game as both teams were anxious to win to go to provincial play-offs in Snow Lake the first weekend in March. Tri Town was victorious winning 6-1. Saturday was also the Atom tournament at Cardale. Strathclair - Shoal Lake won the B side defeating Kenton 5-4. Hamiota won the A side beating Tri Town 6-4 in overtime.

Sympathy of the district is extended to Sue and Allan Armstrong and family on the passing of Sue's sister-in-law.

Graeme and Mildred Shaw spent the weekend of February 19 & 20 in Red Deer, AB. where Graeme participated in a 55+ Hockey Tournament. The team defeated Calgary and Red Deer but lost out to Morinville, AB.

George sez: "Have you ever noticed that political speeches are a lot like buying a car? They're infinite promises with limited warranties!"

Cameron News

by Barbara Stone

A very well attended social was held on Sat. Feb 19th, in the new Community Hall for Scott & Tammy Tomlinson. Having the live band "Dag Nabbit" was a real treat! They were terrific, we all should be so proud that they are from the Cameron & Basswood districts.

Ken Stone & Wayne Reynolds took in the Clanwilliam poker derby last Sunday. Barb Stone & Jean McDougall joined them later for the supper at the derby.

Chris & Teddy Harrison spent a day last week in Winnipeg visiting with Mary & Brent Watchorn & family.

Alex & Verna Abel visited with Verna's sister Annie in Onanole last week.

Rolling River School Division News

The following are the minutes of the February 17, 2000 Board Meeting.

Present: C. Andersen, J. Meadows, G. Stewart, L. McFarlane, D. Krahn, R. Madill, C. Jury, L. Jackson, B. Nowell, W. Yanchyski, D. Nye, T. Shannacappo, C. Jury. Division Administration Present: N. Whitley - Superintendent, J. Hardy - Assistant Superintendent, M. Samborski - Assistant Secretary Treasurer, D. Tesatorski - Transportation Supervisor.

Resolutions passed were:

That the minutes of the Regular Board Meeting of February 7, 2000 be adopted as circulated.

That we hire Telayne Leys to drive Art Scott's route effective March 1, 2000.

That the Board hire Abe Wiebe as full time bus driver for the Rapid City - Forrest Route effective February 1, 2000.

That Board give the Minnedosa 2000 committee permission for access to Tanner's Crossing and

1. Grant Butler, Computer Consultant made a presentation to the Board on the computer requirements for the schools and recommended that an evaluation of the electrical and cabling for the computers be done by Merlin.

2. Trustee Nowell provided an oral report to the Board on Sandy Lake School parental meeting.

3. A letter from Hillside Colony patents was circulated for Board information.

4. N. Whitley presented a review of per kilometre travel rates to the Board for consideration.

Voice in Ottawa

Inky Mark M.P.
Dauphin-Swan River

Welcome to another edition of Voice in Ottawa. As CJOB's Peter Warren used to say, let's get right down to business. The business at hand over the past two weeks has focused on the free-spending ways of the federal government.

HRDC Minister Jane Stewart came under renewed fire for over $640,000 worth of job creation grants she awarded to her constituency last year. Reform MP's also charged that the unemployment rate in Stewart's riding was too low - 8.4% - to qualify for the job creation assistance. But the problems we have raised are nothing new. Auditors delving into job creation grants warned HRDC more than two years ago that the Transitional Jobs Fund was "political", job figures were "inflated" and some rules were "skirted" to get projects approved. And they found that a $6-million grant for planting and thinning tree lots in New Brunswick - one of the largest single handouts from the $300-million fund - did not even fit within the rules. You are also pouring $200-thousand into construction of a giant fountain in the middle of a river in the riding of PM Jean Chretien. Fortunately the Commons Human Resources committee voted to launch public hearings into these federal job creation grants.

Bench Marks

A review voluntarily released by Heritage Minister Sheila Copps, states federal programs that pump millions of dollars into the Canadian TV and film industries are too lax and open to fraud. This comes on the heels of a recent revelation within another branch of Heritage Canada Council. Through Access to Information documents, I released figures on millions of dollars worth of hand-outs. Here are some more of what I call boondoggles galore.

- $34-thousand for a project which allows the artist to "reflect, research and develop his thoughts."
- $34-thousand for an artist to "work for 18 months without the usual financial strain."
- $15,000 to "produce year two of the continuous garbage project"
- $4,100 for a project which is a "communication device to interact with rotting grapefruits..."
- $1,500 for a "chapbook called "Where did my Ass go?"

And we all remember the Dead Bunny arts display late last year for $15-thousand dollars. And to think, there is not enough in the coffers for farmers for Disaster Assistance.

Did You Know?

The government plans to rush Bill C-23 (Same Sex Benefits) through the House. The bill gives out marriage-like benefits, while failing to define marriage in legislation. I will vote according to the will of constituents on the bill. Some 79 percent of respondents in our spring riding survey opposed the concept of same-sex spousal benefits.

During Parliament's first day back, Reform was the only party to raise the farm income crisis.

We are all in the midst of another gas price hike. Government taxation on gas is the "boogeyman" in this situation, because the feds take about 52 percent of the price of a litre of gas.

Book Marks

We are in the process of presenting Certificates of Recognition for community service through the Dauphin Constituency Office. If you know of individuals who have shared their time, talent and resources to make your community a better place, call to inquire about our Millennium 2000 program.

Cadurcis News

by Doreen Trott
& Muriel McManus

The newlyweds, Darcy & Brenda Caners of Winnipeg spent the weekend with Rixon & Jane McKinnon. Darcy & Brenda have just returned from a wedding trip to Cuba. In Cuba, who should they meet but former neighbours, Tom & Linda Vint! (Small world!)

Doug MacDonald of Montreal is spending his break with his mother, Donna MacDonald and visiting other relatives. Doug is pursuing a Masters Degree in Environmental Science from McDonald College, a branch of McGill. His work deals mostly with soil pollution in the Sudbury area. (a very interesting and timely subject).

Congratulations to Jim & Nancy Greer on the arrival of their first grandson, Brett James Greer. Proud parents are Robert & Natasha Greer of Sexsmith, AB.

Doug, Karen, Crystal & Cody Northam and Jim, Nancy & Shawn Greer all curled in the Rapid City bonspiel.

Sunday visitors with Malcolm & Shirley Rose were Garnet & Marj Rose of Arden and Dallas, Shanda, Colton & Kianna Rose of Basswood.

Bob & Dorothy Cooney of Brandon were Sunday visitors with Edna MacDonald.

Sympathy is extended to Adeloide Carr and family on the passing of husband, father and grandfather, Patrick Carr of Brandon. Pat was well known in the area as an insurance agent.

Congrats to Patricia Jackson who received the top mark in Manitoba for Grade 3 Harmonie. She was awarded a certificate for this achievement at the Royal Conservatory graduate recital in Winnipeg February 13. Her parents Glen & Loreen Jackson accompanied her to this event.

Newdale & District News

by Olive Waddell

Seventh Sunday after Epiphany was observed in Newdale United Church with a small crowd attending. We wish Carol Hunter's mother Mrs. McGee, who is in hospital, a complete recovery from her tests and illness, and look forward to the spring and summer. Thank you Cody for being the only boy joining in the Theme Conversation on the meaning of "Amen", not used too often now-a-days. Sermon theme was "Forgiveness Is A Spiritual Act", a timely topic which should raise a challenge in each of us. Based on Mark's Story of the healing on the paralytic. "When we forgive another person, we set ourselves free...and offer healing and wholeness to the one who has wronged us ... forgiveness is not only a gift to ourselves, but is a gift to the other ... a spiritual act ... it sets our spirits free to soar and it sets the other person's spirit to soar...may forgiveness be a spiritual and healing force in our lives and society." quote from Rev.Hunter. Guest in the congregation this morning was Mary Routledge, from Hamiota, visiting sister Dorothy Ray.

Gentle Persuasion: "Notice in the Sunday Bulletin of a Church: "The Acoustical properties of our sanctuary has been analyzed by our audio engineers and found to be needing more persons in the pews to absorb the reflected sound waves."

Sunday, Feb.13, a beautiful day for walking. My thermometer reads 50F above; the sun shining out of clear blue sky, and melting snow under foot. The boys are skating on the still frozen rink, adults still curling. Good weather for making snow creatures.

On Sunday, Feb.13, members of the Yellowhead Nordic Ski Club participated in the Riding Mountain Loppet at Clear Lake. It was a very successful day for our young competitors under such cold conditions. Cam Robertson, age 8 won 1st place in the boys 9 and under 5km race in a time of 43:02, while Lewis Cowie, age 8 placed 3rd in the same event with a time of 56:16. Paul Cowie, age 10 competed in the boys 14 and under 5km and won a 3rd place finish in a time of 46:25. Meghan Booth, age 10 competed in the girls 14 and under 5km and finished with a 2nd place award in a time of 43:12. Congratulations to all our young competitors. Kim Booth competed in the women's 10km event and finished in 1st place with a time of 69:39 while Charlie Booth competed in the 20km event and placed 5th in his event in a time of 1:26:55.

Correction from Feb.21: Minnedosa Health District Auxiliary insert: "Retiring President Joan Madill" should have read "Retiring President Lynne Betteridge, presided over a well organized meeting..."(my apologies)

World Day of Prayer 2000 - Canadians of many Christian traditions will gather together on March 3rd to celebrate the World Day of Prayer. This is a time to strengthen the bonds of Christian unity, share faith in Jesus Christ, be enriched by other faith experiences, pray, and take action for social justice. World Day of Prayer affirms that prayer and action are inseperable and that both have an immeasureable influence in the world.

This year's liturgy was prepared by the Christian women of Indonesia. The theme is "Young Women, Stand Up". This is a powerful service which is meant to support young women on their way to an upright life and to encourage others to follow them.

Of all the countries in the world, Indonesia is unique because of its composition of 13,600 islands and for how far it extends. Indonesia stretches east to west across three time zones. If it were projected on a map of Canada, Banda Aceh at the northern tip of Sumatra would extend into the Pacific Ocean beyond Vancouver Island and Merauke, the eastern most city on Irian Jaya, would be in the Atlantic Ocean outside Halifax Harbour.

Indonesia is currently caught in an economic disaster and intense social violence. We will come to know more about the beauty of the country and it's people as we view slides at the service in Newdale, Friday March 3rd, in the United Church at 2pm.

All women of the community are welcome to attend and participate. A time of fellowship will be held following the service.

Willow Grove News

Six members met at Terry's Place for their February Hospital Aid meeting. 73 hours for roll call were recorded.

Jane McKinnon gave a very interesting Feb quarterly Auxiliary report. She also informed us that we were to work at the Tea Tables for the Florence Nightingale Tea in May.

We were sorry to lose one of our active members, Mary Reed, and a charitable donation was made in her memory.

We are proud to congratulate our eldest member, Lizzie Shorrock who will turn 100 on March 5. Lizzie is one of our Charter members who is still an active aid member and happy to attend our meetings.

Florence Johnson received our hostess gift and will in turn supply the March gift next meeting to be held in March at Terry's Place.

Basswood News

by Zelda Firby

Bob & Gwen Manns accompanied Tom & Linda Vint on a 2 week holiday to Cuba recently.

Reg, Melanie & Joey Simms of Brandon were weekend visitors at the Stan Firby home.

Rapid City Mixed Bonspiel

WINNERS OF THE A-SIDE - Lyle Terry Memorial Dennis Wareham, Chris Church, Onalea Holden, Rob Brown, Presenter by Joan Garbutt.

WINNERS OF THE B-SIDE - Grace Jones Memorial Presenter Dick Jones, Mike Bootsman, Kirk Bridgeman, Art Peters, Diana Dyck. Missing Gail Bridgeman.

Rapid City & District News

by Grace Fearnley

There were twelve senior bowlers out Monday at Minnedosa Feb.21st. Earl Wilkinson got the Head pin and the trophy winners were Ethel Westwood and Gib Phillips.

The Valley View whist drive was held the evening of Feb.21st, with a good turn out, nine tables in play (thanks to friends from Minnedosa and Brandon). The prize winners for the ladies were Marj Bridgeman and Joy Stacey (Minnedosa). Gladys Simpson claimed the men's high score, and Bill Bridgeman and Lou Salter tied for the low. The travelling prizes were won by Bernice McTavish and Bob Hyndman.

A rink of Doug McGonigal, Rod Underhill, Ken Bridgeman and Jim Taylor represented Rapid City at the Legion Bonspiel held at Strathclair on Monday.

Ron & Penny Buckingham of Winnipeg arrived home Monday evening to attend the funeral of a long time family friend, Pat Carr, in Brandon on Tuesday, Feb. 22nd.

Sincere condolences on behalf of relatives and friends are expressed to Sophia Hyndman and her family on the loss of a dear sister Mary Styba, who passed away Monday, Feb.21st at Roblin.

On Friday, Feb.18th family and friends gathered at Bonanza Restaurant in Brandon in honor of Dick English's 80th birthday. After supper everyone returned to Rapid City to the home of Dick & Ethel to have coffee and cake and a time of visiting.

Bob & Laura English and girls from Oakbank were visitors with Tom & Jackie and family for the weekend. While home they helped celebrate Dad's 80th birthday and watched Ryan's hockey games and visited with family and friends at the rink.

Monday, Feb.14th, Dick, Ethel, Tom & Jackie English drove to Baldor to attend the funeral of Allan English.

Rapid City annual mixed bonspiel was completed on Feb.20th. Onalea Holden's rink won the A event and received the Lyle Terry memorial trophies. Skip was Dennis Wareham, Brandon (Onalea's father) Chris Church and Robbie Brown completed the foursome. 2nd Brent Ewasiuk. 3rd Jim Greer. 4th Jim Sparrow.

D event - 1st Ken Bridgeman; 2nd James Paul; 3rd Glenn Kingdon; 4th Merv Robertson.

The youngest rink participating, Doug Northam 98yrs.

The oldest rink participating, Floyd Campbell 265yrs.

The largest end scored. Scott Demontigue.

Jean McCollum and son Murray went to Winnipeg on Wednesday of the past week to visit with son Mel. Ken arrived on Thursday from Pinawa, and the boys took their mother out for dinner, before they returned home on Sunday.

Olive Walker, President of Westman Senior Council attended the Manitoba Society of Seniors Board meeting in Winnipeg on Wednesday, February 23. The new Executive Director of MSOS, Gerri Hewitt, is vitally interested in the welfare of the Seniors of Manitoba. One of the programs, to be introduced shortly, is Senior Friendly. Over the next few weeks we will be hearing about this program and the impact it will have on Seniors. If you are in Winnipeg Monday or Tuesday, March 13 and 14th, plan on a visit to Polo Park Shopping Centre. The Celebration of Seniors 2000 is being held there and you will find all kinds of information, entertainment, refreshments, etc. of interest to Seniors. Should anyone like further information on the Westman Senior Council, MSOS or the Celebration of Seniors 2000, please call Olive at 826-2536.

Rapid City 4-H News

by Samantha Inglis - Club Reporter

The Rapid City 4-H Beef Club held their general meeting Feb. 8, 2000 in the basement of the library.

President Devin Dmytriw called the meeting to order. Pledge was said and minutes and treasurers reports were given from last meeting. Norm Underhill gave a report on the fat stock meeting. Nolan Brackenreed reported on the Ag Society bonspiel while Samantha Inglis gave a report on the club bonspiel. Devin thanked all the members and parents for canvassing for prizes for our event.

The club was invited to send rinks to the Neepawa bonspiel. Erickson had also invited us to send two rinks to their bonspiel.

Old business was remembering our speech night on Feb 29 at the school. We have to get confirmation of 1 judge as yet.

New business: Norm Underhill is to order the rope for our halter making. The members were asked who all needed halters for this year.

Jamboree forms were handed out and reminded to be back in by March 3rd. Also this is spring supper and everyone is encouraged to attend. Weigh day was set for March 18. Route and food to be discussed at the March meeting. Debbie Inglis to book the scales. Norm Underhill will look after picking the scales up.

Budget sheets were handed back to be put in our record books.

Next meeting March 14, 2000.

Home Economics Report

by Ann Mandziuk, Home Economist

Financial Facts of Life

Does your teen seem to think you have a money tree growing in your backyard? This is the time and opportunity to plant the seeds of money management for a head start to their financial independence. Ninety seven per cent of parents feel that the key to their children's future will be to manage their financial situation wisely. Yet, just under a third of parents have developed a teaching plan.

Every parent can take steps to ensure that the next generation gets the best possible foundation in the financial realities of adulthood. You can teach your kids about money even if you're not terrific at it yourself. You don't have to pull a college fund out of your hat or spill your guts about the overdraft to do it.

Step 1: Make sure your kids have their own money. Children are not going to understand money if they don't have any. Today's teens are earning, spending and saving like never before. They have more discretionary income than any generation previous, with $1.5 billion per year in mad money to spend and save. Weekly allowances allow them to take responsibility for planning and controlling expenses. One day you will likely get asked for an advance on the next allowance. If you flip open your wallet, you are encouraging them to use credit. Living with the means is one of the most important lessons in life. On top of school many teens have part time jobs. Your job is to make sure that the hours of work don't interfere with school success. The main goal is to let your teens manage their money. By their teens, kids should have a bank account, understand banking concepts, have a firm handle on the value of money and be able to set and strive for short term goals, such as saving for a favourite CD.

Step 2: Teach budgeting. The first step to mastering budgeting is transferring responsibility for some expenses onto your teen. When your daughter is 13, her allowance may cover lunch money and entertainment. When she is 16, you may include in her monthly allowance the portion of the family budget allotted for her clothing so she learns to manage her money over a longer period of time. To avoid arguments about who pays for what, write down what both you and your child are responsible for. If your son's budget includes clothes, should the clothing allowance allow for label brands? If Tommy Hilfiger jeans don't fit into the family budget (but a pair of $30 Levi's do), he will have to contribute the difference with his own funds. You may not like how much your teen pays for his clothes, but don't criticize. Respect the need to spend their money on what is important to them. Reassure your teen that you'll always provide money for situations that involve health, or personal safety. You don't want your daughter to drive home with a drinking friend just because she doesn't have enough money in her budget for a phone call.

Step 3: Teaching Saving. It's crucial that saving goals are attainable. Saving for university is important, but if you overwhelm kids with impossible targets, they are going to get discouraged or lose interest in saving altogether. It is usually OK to start discussing saving for university at the age of 15. The base cost of university with residence is $10,000 per year. Rather than overwhelm the teen you may encourage them to save for tuition ($4,000) which is far more achievable. If your child doesn't hold secondary education as a goal, introduce them to other saving goals, such as GIC's, RRSP's or savings bonds.

Step 4: Teaching Investing. You may want to help your teen add an investment category to their budget. As a parent you know and have more experience with money so you may be determined to pass that advantage along to your children. One way to ease them into investing at 11-14 is to ask them where they like to eat out. "McDonald's" they answer, well it is a public company, so they could buy McDonald's stock. Then ask if they prefer Coke or Pepsi. These things will get them thinking. You may want to "pretend" stock trading and let them choose two or three stocks and follow them for a month or two in your local paper. Trading stock is a risky, sophisticated venture that minors can't legally do on their own buy you can walk them through the process and trade on ther behalf. If this means you have to learn about stocks along with them, so be it.

Work as a team. You aren't alone in trying to encourage your children to be fiscally responsible. Teachers and school systems are expanding their courses in business and financial management. To promote the concept of saving, four businesses joined forces to launch a web site that encourages kids to start saving early and stick with a plan. It's at http://www.kidscansave.gc.ca/home-eng.asp. Another website for kids that has information and games is from CIBC and can be found at www.cibc.com/smartstart/index.html.

Legion Zone annual meeting

Zone 24 held their Annual Meeting Feb.15th at 1:30 p.m. in Minnedosa Legion Club Rooms, hosted by Auxiliary to Branch 138. Members in attendance were 5 delegates, 5 guests and 11 observers. Delegates were Elaine Butler Branch 143 Erickson, Nancy Sievenson & Ruby Thibault Branch 49 Rapid City and Florence Bayes & Evelyn Baisley Branch 138 Minnedosa.

Guest were District Commander Kathie Wiebe & Deputy District Commander Charlene Smith of Rivers. Branch 138 Pres. Waine Mansell, Mayor Terry Drebit and pianist Margaret Oman.

Branch Pres. Waine Mansell brought greetings to our meeting as first time Pres. thanked us for the invitation to attend. Mayor Drebit stressed the importance of keeping the true meaning of Memorial Day in the minds of the youth.

Delegates from the 3 Auxiliaries gave the year end reports and have been very active and encourage new members to join, financially doing well.

Head table representatives were Aux to Branch 138 Pres. Muriel McManus, Zone Sec. Treas. Bernice McMillan, Zone Commander Bea Andrews, Deputy Zone Commander Bertha Syslak, Dist. Commander Kathie Wiebe, Deputy Dist. Commander Charlene Smith. Each in turn brought greetings and reports from their respective positions. Dist. Commander Kathie Wiebe commended us on our Color Party and how well we handled the meeting. A couple of questions were posed - Is there a member from either Branchs in Brandon that visits Legion patients in Brandon hospital. In regards to Life Membership Certificates - very hard to get the citation passed. Certificate of Meret is easier to handle - does not go through Prov. Council. New by-law books will be available in April. Next Zone meeting will be held in Erickson February 2001.

Birthday Greetings

HAPPY BIRTHDAY

No terrible two's were seen,
Terrific three you were,
At ten a gentleman,
Terrific & Terrible a teen
you've been,
Now....a young adult....
Wow, how proud of you are we.
Happy 18th A.J.
Love Mom & Dad
x (C9)

Congratulations

Congratulations to Philipp Oberholzer who received his Commercial Pilot License from Millennia Helicopter School in Calgary on January 21, 2000. Now your dream, since you were a little boy has come true! Love Mom, Dad, Nadja, Mathias & Sonja. x (C4)

Congratulations

Oberholzer/McFarland

Patricia Ann McFarland and Philipp Oberholzer exchanged wedding vows at Grassy Lakes, Canmore, Alberta on September 11, 1999. Patricia is the daughter of Jim & Jane McFarland, of Port Elgin, Ontario, and Philipp is the son of Gallus and Ida Oberholzer of Erickson, Manitoba. The happy couple will reside in Canmore, Alberta. Philipp and Patricia would like to thank the people of Erickson and area for the community gift that they just received. x (C4)

In Memoriam

Wright - In loving memory of Edith Mae who passed away on February 26, 1997.

God took her home.
It was his will.
But in our hearts she liveth still

Lovingly remembered and sadly missed by your family, children, grandchildren and great grandchildren. (Co)

Prokopchuk, Steve - In loving memory of our Dad who God called home March 4, 1998.

May the gentle winds blow softly,
And carry a message to Heaven above,
To tell you dear Dad,
That you are missed and dearly loved.

Forever loved and cherished,
Lee & Sandra. x (C6)

Newitt - In loving memory of Raymond, my beloved husband, our dad and grandpa who left us March 5, 1974.

"Loves greatest gift - Remembrance"

Lovingly remembered by Bernice, Barry and Beverley, Norman and Beverley and grandchildren. x (C6)

Card of Thanks

My sincere thanks to the doctors, nurses and staff of the Brandon & Minnedosa Hospitals. A special thanks to family and friends during my stay in the hospitals and at home. Carol Robbins. x (CD)

Card of Thanks

Thank you to the doctors, nurses and staff at Minnedosa Hospital for the care I received during my stay. Also thanks to the people who brought goodies, or who visited and the Home Care girls. Alice Wilson x (CD)

My sincere thanks to Dr St John, nurses and staff of the Minnedosa Hospital for the excellent care I received. Special thanks to the kitchen staff for tempting snacks. Margaret Attwood. x (CD)

We wish to express a sincere thank you to those that sent us sympathy cards in the loss of our dear brother, Ralph Zachary. Your thoughtfulness was greatly appreciated. It helps so much to know that others care. That's one road we each have to travel alone. Thank you. Olive & Steve Lenkewich. x (CD)

I would like to send a very sincere thank you to the firemen and ambulance drivers, and to everyone who helped us in any way at the time of our fire. A very special thanks to Shawn for saving Angie. Thanks to all. Sharon. x (CD)

Obituary

Wesley Duchominsky

Wesley Duchominsky passed away peacefully on February 18, 2000. Wes will be remembered as a gentleman, a man among men.
Wesley was born May 17, 1940 in the R.M. of Clanwilliam. The true passion in his life was discovered in 1969 when he met Edna. Later they married and created a strong family, Josh & Vern.
Wes' hobby would definitely be his family. This was an area he would always put all his energy and time into. This was something that he was proud of and would always fill him with joy and put a smile upon his face.
We ask that all who knew him remember him as he was. He would always try to make you laugh and fill you with happiness.
Often I thought that the name makes the man, but my father's death taught me that the man makes the name. From this point on, due to my father, I will always see the name Duchominsky to mean: Pride, Strength, Courage, Humour and above all Kindness.
We will miss Dad forever and his memory will fill the void in our hearts caused by his passing.

Elton Collegiate drama to perform "Maid to Order"

Beth Heaman and Matt MacDonald rehearsing for "Maid to Order"

Drama season is in full swing at Elton Collegiate in Forrest, where a cast of 10 students is rehearsing for their annual spring production. "Maid to Order", a three-act comedy-farce by Tom Taggart, will be staged in early March in the school gymnasium.

The setting of the play is the home of a college football coach who has inadvertently scheduled a pep rally for the same evening as a Shakespearean program sponsored by the college's Speech Department. According to cast members, the resulting mishaps, misunderstandings and mistaken identities will have the audience chuckling from start to finish. Tickets for the production will be sold at the door.

Flowers on Main donate to Guides

The Minnedosa Guiding organization raised funds for their club by selling Valentine's bouquets throughout the community, which were prepared by Flowers on Main. In return Flowers on Main made a donation of $300 to the Guides.

1883 ~ THE OLDEST WEEKLY NEWSPAPER IN THE CANADIAN WEST ~ 2000

100 Years Young

Above - Lizzie is surrounded by her children, grandchildren and great-grandchildren to celebrate her 100th birthday.

Inset - Lizzie and her five children.

Lizzie Shorrock's birth on March 3, 1900 coincided with the dawn of a new century. After having seen numerous changes throughout her lifetime, one of which was the dawning of another new century, Lizzie's 100th birthday was celebrated by family and friends last Saturday at the Minnedosa Community Conference Centre.

Lizzie continues to find enjoyment in life. She lives on her own in the Stewart House, enjoys music, and is always ready for a good game of crib.

Lizzie and her husband Ralph, who passed away in 1975, lived in the Willow Grove district before retiring to Minnedosa in 1966. They raised a family of five Doris, Jean, Don, Irene, and Kathy.

Members needed for COPPs

By Nancy Chemerika

The Minnedosa Citizens on Patrol Program is suffering a numbers crunch which could turn into a serious community problem if not addressed in the near future.

When the COPPs began operating in November, 1997 over 100 concerned citizens attended the first meeting and signed up for the program. A decrease in property crimes was documented by the RCMP during the first year of the program. Since that time, COPPs executive has noted a decrease in the number of patrols, hours expended and distance travelled. The program currently has about 60 active volunteers.

"We started with over 100 volunteers but there's not much (crime) happening, so it doesn't create interest," stated Barrett Nelson, Chairman, COPPs. Nelson noted a number of other factors that have contributed to the decreased membership including winter illness, winter travel, and in some cases, volunteer burn-out.

In January 1998 35 patrols were completed, 192 hours were expended, 2953 kms were travelled. In January 1999, 16 patrols were completed , 81.5 hours were expended, 1164 kms were travelled. Throughout the rest of the year, similar decreases are noted between 1998 and 1999. The most dramatic decrease was noted in December. In December 1998, 18 patrols were done, 93.5 hours expended, 1434 kms travelled. In December 1999, 6 patrols were done, 29.5 hours expended, 497 kms travelled.

"We know that the program has been effective. A lot of people in the community feel safer because of Citizens on Patrol. During their operations, COPPs volunteers have caught kids in cabins, found businesses open, detected vandalism, helped stranded citizens, and basically kept outsiders out of town. Right now the message is out there that Minnedosa is not a place to hit because the bad guys will get caught. But we can only run on accolades for so long. Eventually if the community doesn't do something, the bad guys are going to see Minnedosa as a target," explained Nelson.

Federal budget draws mixed reactions

By Nancy Chemerika

Although the 2000 Federal budget is being touted by many as a tax cut budget, local reactions to Federal Finance Minister Paul Martin's seventh budget were mixed.

According to Dave Henlisia CA., C.F.P., Meyers Norris Penny, the biggest win of the 2000 Federal Budget was the elimination of bracket creep, tax increases due to inflation.

Mr. Henlisia noted that tax payers can also be pleased with the promised $58 billion in tax reductions, which will take place over the next five years. The expansion of the tax bracket for lower and middle income levels, together with a rate reduction in the middle bracket were also positive gains in the 2000 budget.

The lowest income bracket currently cuts off at $29,590. According to the Federal budget, that cut off will increase to $35,000 by 2004. The ceiling for the middle tax bracket will increase from $59,180 to $70,000, also by 2004.

"This means that more income will be taxed at lower rates," explained Henlisia. "However, taxpayers have to be patient. The tax reductions will not be noticed overnight, due to the five year phase in."

Minnedosa MLA Harold Gilleshammer also felt the latest budget indicated that the Federal government was on track to start reducing taxes, however, those reductions are not going to happen quickly enough, due to the five year phase in.

"We also expected more support for health care and post secondary education. We were a little disappointed in that area," stated Mr. Gilleshammer.

The 2000 budget promised $2.5 billion for health care and education, spread over four years.

Gilleshammer was also disappointed that no new money will be forthcoming for farmers.

"Low commodity prices, combined with devastating flood conditions in southwestern Manitoba in 1999, has left farmers in a vulnerable position. The feeling was that the Federal government would treat southwestern Manitoba as a disaster area. We hope that the issue is still on the table, and that it will be further addressed," concluded Mr Gilleshammer.

Dauphin-Swan River M.P. Inky Mark, was not impressed by the tax cuts laid out in the Federal budget. Mark feels that the Liberal government has failed to recognize the need for significant tax relief and a will to curb questionable spending.

"Apart from tax tinkering, the government plans to greatly increase federal spending by $86.3 billion over the next five years, or $2,784 for every Canadian," stated Mark. "That's amid billion dollar boondoggles in HRDC (Human Resources Development Canada), and wasteful, unaccountable spending in Heritage."

Mark added that an additional $2.5 billion infusion into last year's $11.5 billion health budget is a small band-aid. The health care budget was slashed by over $20 billion since 1993. However, Mr. Mark was optimistic about reinvestments in two other key areas.

"More money for the RCMP is a given. We need to have police officers out on the streets fighting crime, especially in rural Manitoba where we were short nearly 40 officers a few months ago. The infrastructure program will help municipalities and the Province leverage that one third of funding which often is make for break for key projects in Rural Canada," concluded Mr. Mark.

Mayor Terry Dreiser noted his disappointment that no federal disaster assistance was allocated for the southwestern part of the province, to address the damage caused by the excessive moisture of 1999.

Car theives hit Minnedosa during early morning hours

By Nancy Chemerika

During the early morning hours of February 29th, RCMP members from the Minnedosa Community Detachment were contacted regarding the theft of five motor vehicles, and the attempted theft of four more.

Two vehicles were also stolen from Brandon, with one being recovered at the Rapid City junction, and the other being recovered at William Rose Apartments. A vehicle was stolen from the apartment block, and was later recovered in Brandon. A second vehicle was also damaged at that location.

Three vehicles were damaged in attempted thefts at the Stewart House. A 1982 cadillac was stolen off main street, later to be recovered just down the street from the Minnedosa Detachment. Another vehicle was stolen from a private residence, and later recovered in Brandon.

All of the vehicles, the majority of which were GM products, suffered extensive damage.

"We feel that suspects were not part of a car theft ring, as none of the vehicles were stolen for stripping or resale," stated Sgt. Eric Davidson, Minnedosa Detachment. "It was more likely a situation of joy-riding, or racing."

Sgt. Davidson acknowledged that had the Citizens on Patrol members been patrolling the community the night of the car thefts, it might have made a difference. Maintaining membership in the program has been a problem for a number of months.

"They may have seen or heard something," stated Sgt. Davidson. "It just shows how important an active program like Citizens on Patrol is to a community."

Possible low flow may affect fishway

By Nancy Chemerika

The Minnedosa Fishway is looking forward to its first year of operation. Its initial success may be hampered somewhat by a potentially low water flow, resulting from the minimal snow accumulation in the area this past winter.

Water will begin to flow over the fishway, located at the Minnedosa spillway plateau, in early April after break up. A moderate to high water flow is desirable to attract fish species to the Minnedosa dam site during the spring spawning period.

"It's too early to tell if this is going to be a low flow year," explained Martin Erickson, Manitoba Conservation Fisheries Branch. "Lower spring flow years are not as good for fish passage."

The Minnedosa fishway is based on the same design as the Rapid City fishway, although on a much larger scale.

STAFF NEWS

JANNA JACOBSON has been hired for a term position in the Member Services Area starting on March 6. Actually, she was supposed to start on March 6 but she was so anxious to start she showed up on February 28! We put her to work for a couple of days anyway. **JANNA** was a member of our Youth Board of Directors from 1995 to 1997. Welcome!

ANNUAL MEETING SET

Mark Monday, March 20, 2000 on your calendar. That's the date of our 53rd Dinner and Annual General Meeting. This year we are presenting the **Grade 4-8 Choir from Tanners' Elementary School**. Tickets are $6 each or 2 for $10 and are available at the credit union or from any director. See you there!

SPORTS DINNER
ENTER TO WIN!!!!!

All Minnedosa Credit Union members are invited to enter to win 1 of 5 tickets to the 3rd annual Sports Dinner to be held on April 8, 2000 in the Community Conference Centre. You will dine with Master of Ceremonies Steve Vogelsang of CKY TV News. Fill out a ballot in the Credit Union. The draws will be made at our Annual Meeting on March 20, 2000.

NOMINATIONS FROM THE FLOOR BEING SOUGHT

Each year at our Annual Meeting the Board of Directors presents a slate of candidates for the three directors positions that are coming open as terms expire. During the meeting, nominations from the floor are sought at three different times. Very rarely does someone become nominated by this means and we are wondering if there is someone out there that would like to run for a vacant position on our Board. If so, come to the meeting and have a member nominate you! Bring along a brief resume so we can introduce you and your qualifications to the membership.

For more information, drop in and pick up a brochure entitled "WHO ME... *A CREDIT UNION DIRECTOR?*"

Index Linked RRSP's

The TSE 100 Index on the close of business on February 29, 2000 was 566.23. For those members that purchased our Index-Linked RRSP's in 1997, if you were to have locked in the rate at that time, the yield would be 8.56%. For those of you that purchased in 1998, the yield would be 4.54%.

START NOW!

Now is the time to plan for your RRSP investment for the coming year. Every February, Canadians rush to buy their RRSP's before the deadline. You can avoid the last minute rush and make RRSP savings a part of your regular budget with an automatic deposit. We can set up automatic deposits to your RRSP on a weekly, bi-weekly or monthly basis. Come in and see our friendly staff for more information.

1999 JEANS DAY RESULTS....

1999 proved to be another good year for the recipients of the Minnedosa Jeans Day program. The total raised for local organizations was $1444. Many thanks to the following for their continued support of this worthwhile program:

Tanners Crossing School, MCI, The Fashion House, Minnedosa Insurance, Johnson's Mercantile, The Royal Bank, R.M.'s of Odanah and Minto, Minnedosa Credit Union, Intergovernmental Affairs, Agriculture and Foods, Highways and Government Services and Tanner's General Store.

Donations for the year included MCI Drama, Canada Day Celebrations, Safe Grad, Minnedosa Skateboarders Assoc., Minnedosa Rugby Team, and Big Brothers and Sisters to name a few. Our ongoing support of these clubs helps to enable them to reach their goals. They do appreciate all your support. Thanks again we look forward to an equally successful program in 2000.

Welcome Carole Stoyka

When it comes to realizing your financial goals, your credit union is here to help. Minnedosa Credit Union is pleased to announce the appointment of a new Financial Advisor with Member CARE® Financial Services.

Carole Stoyka has been involved in the financial services industry for nearly 10 years. Her roles have ranged from providing technical support to advisors to being an independent advisor. She is licensed to sell life and disability insurance, investment and segregated funds and labour-sponsored funds such as Crocus and Ensis funds. Carole plans to continue her education so that she may provide relevant advice in a constantly changing economic environment.

To learn more about how Carole can help you, simply contact our office at MemberCARE® Financial Services, telephone 204-571-6066 or toll free 1-888-238-3941. Carole is a qualified financial advisor and will assist you to design a financial plan that meets your needs and goals.

Call today...a few minutes of your time could be the start to your financial freedom.

"MemberCARE® Financial Services is a division of the CUMIS Group of companies offering financial planning, life insurance and investments to members of credit union and their communities.
MemberCARE® is a trademark of Credit Union Central of Canada and is used under license."

The speed of an oxcart

As the Globe and Mail so often does, it has once again hit the nail on the head with its recent front page editorial on the inadequacies of the recent federal budget, as handed down by Finance Minister Paul Martin.

While todays economy and todays businesses move forward at the speed of light, our government still insists on matching that with their chosen speed, that of an overburdened ox cart.

In his feable attempt to stem the tide of Canadian brains to the booming e-commerce savy American business sectors, he has introduced new budget legislation that will, at best, take place NOT today, but over the next four years. Incredible as it sounds, they are planning today for four years from now. Only in government can stupidity on such a scale bring on standing ovations from themselves, as we all witnessed innumerable nauseating times during the budget speech. As I watched, my stomach sank, knowing that we were watching our very doom unfold before our eyes.

Currently, three of the five Canadian internet companies that I hold stock in are seeking listing on the Nasdaq exchange. That's Nasdaq as in American! Our Finance Minister fiddles in his usual manner while the border crossings are jammed with exitting Canadian e-commerce industry leaders - our very future.

Our taxes are simply too high - still - and still will be four years from now. Why, in the U.S., can you buy two twelve packs of Coca-Cola for five bucks? Why is gasoline still half the price it is in Canada. In the U.S., you can buy thirty cans of beer for $13.00, while here, that same purchase will cost you over forty bucks. We are taxed to death on everything and what this government has done and promised to do over the next few years is totally inadequate. Why? Because all four of the front-running candidates for U.S. President have deep tax cuts as part of their campaign platforms.

No matter what Paul Martin promises four years from now, the Americans - our chief competitors for our college educated kids - will cover our move and up us by a bundle within a year of the election. We will still be working on the second of our four year promised package.

The time is coming when Canadians will no longer allow themselves to be taken to the cleaners by their own government. Within three years, the first of the millions of baby-boomers will begin to sell their homes and businesses and retire. That is when the real crunch will come.

Considering groceries and gasoline, and including the purchase of furniture items and electronics, you can live in Phoenix for two thirds of what it costs to live at home - and that's counting in the exchange rate on the Canadian Loonie. Don't think those about to retire don't know that. There are countless books and magazines being published on how to open off-shore accounts for retirement funds that won't be taxed by anyone. Paul Martin's feeble oxcart just gave a few thousand more retirees one more reason to start reading them.

Pictures of the Week ...

The Minnedosa Collegiate Annual basketball tournament was held last Friday and Saturday. The MCI Girls team is pictured left.

In this game, the MCI team lost out 49 to 32 against Winnipegosis.

Other Boys' & Girls' teams taking part in the two day tournament were Rossburn and Carberry.

From the Editor's Desk

CAVEAT LECTOR

Hotbed for baseball fans!

Mesa Arizona is a hotbed for baseball fans this time of year, as if Sun City didn't need one more reason to draw Snowbirds south for the waning months of winter. They play host to the annual Cactus League for the next few weeks and host the Arizona Diamondbacks, Chicago White Sox, Seattle Mariners, Chicago Cubs, Oakland Athletics, Anaheim Angels, Milwaukee Brewers, San Francisco Giants and Colorado Rockies. Intra-squad and exhibition games are free and open to the public and Canadian license plates abound in the parking lots at every ballpark. The City of Mesa, situated about ten miles east of Phoenix, goes from a slumbering off-season of 130,000 in population to a staggering 320,000 during the winter 'Snowbird' months from October through March. Talk about economic impact!

Another fowl rumour!

Many people in town made daily trips downtown last week to watch the progress of what they thought was going to be the long awaited replica of a Canvas Back Duck taking its place by the river, and were shocked to see a huge billboard being erected instead.

Rest assured, there is no need to get your feathers ruffled. Evelyn Delgaty of the Minnedosa Horticultural Society which has spearheaded the project, has confirmed that the duck will still be taking its place by the river, on the Town's property. The area will be landscaped and made ready for visitors who plan to stop, take some photos and stay in town awhile, hopefully by June.

The duck, which has been made by Ralph Berg of Cabri, Sask., has a 16' wingspan and will look as though in flight over the river on the west side of the main street bridge. The entire project is expected to cost in the neighbourhood of $35,000 and Mrs. Delgaty noted that donations are still welcome. Those individuals who wish to donate will have their names recognized in some way and displayed in the green-spot area.

Get your tickets!

Classic Rock Weekend has extended their early bird tickets to midnight April 1st. Some of the latest acts confirmed are Allanah Miles, Sass Jordan, Helix, Quiet Riot, and Trooper.

LETTERS TO THE EDITOR

Dear Editor,

Would you please invite your readers to use this Wednesday to reflect on equality, and challenges facing women. International Women's Day, March 8th, is a time to celebrate the rights of women.

"Canadian Women Taking Action to Make a Difference" is the theme for Women's Day in Canada. This was chosen to highlight the important role women's organizations play in improving women's standard of living at the local, national, and international levels. Women's organizations have traditionally played an important part in influencing the development of government policy that advances gender equality in all aspects of Canadian life.

Do you know when women were able to vote? In Manitoba? Ontario? Here are a few dates in the history of women's rights in Canada.

1916-Alberta, Saskatchewan and Manitoba became the first provinces to grant women the right to vote in provincial elections.

1917-British Columbia and Ontario.

1918-Nova Scotia also in 1918-women were granted the right to vote in federal elections.

1919-New Brunswick.

1922-Prince Edward Island

1925-Newfoundland (if you were 25 or older)

1929-The term "person" was declared to include member of the female gender and as a result women were eligible for appointment to the Senate of Canada.

1930-Carine Wilson became the first woman named to the Senate.

1940-Women gained right to vote in Quebec.

1960-Native women and men living on reserves were allowed to vote in federal elections without losing their registered Indian Status.

1969-The criminal code was amended so that prescribing contraceptives and handing out information on birth control methods were no longer considered crimes.

1991-Louise Frechette became Canada's first female Ambassador to the United Nations, and in 1998 she became the first Canadian appointed to the position of Deputy Secretary General.

Times have improved for women.

But what about Violence? and Poverty?

Over 22,254 cases of spousal violence were reported in 1997. Women accounted for 88% on the victims, men 12%. Women were 8 times more likely than men to be assaulted by a spouse.

80,000 women age 35-54 received no more than minimum wage compared to 33,000 men in the same age group in 1998.

For single seniors in 1997 the poverty rates were 42% for women and 27% for men. Single mothers with children under 18 had a poverty rate of 57%.

On Wednesday March 8th let's celebrate the contribution of women's organizations and of all women, and reflect on the challenges that remain before women reach full equality in our society.

Lois Neabel
Basswood Women's Institute

Dear Editor:

As a fairly new resident to Minnedosa, I have noticed that a lot of projects are done with; a lot of thought and planning. Such as the new fish ladder and park, the obvious attractions and beauty of the beach area - the heritage park is coming along well. I have had an opportunity to serve on a few committees that are also planning beautification and tourism projects and realize the amount of work, money and effort to accomplish these projects. But... last week I noticed a huge steel pole erected (NW corner of bridge) and assumed, along with others that it was the start of the Horticultural Society's Duck project. To my surprise a billboard was installed instead.

It seems to me that there is a gross lack of communication and that billboard should never have been allowed to go in that spot. The Horticultural Society, I'm sure, have spent thousands of dollars and hours towards their project, and now that "photo op" will be destroyed. Especially when it tells tourists not to bother with Minnedosa and continue on and visit RUSSELL!

Sincerely,
Darrell Graham

MRHA pleased with Health Minister's plan to bolster nursing

By Nancy Chemerika

Robert Buternowsky, Marquette Regional Health Authority Chairman of the Board, was pleased with the Provincial Health Minister's plan to help the health sector reinvest in the nursing profession.

The five-point plan, introduced by Dave Chomiak, proposes to increase the supply of nurses in Manitoba, improve access to staff development in the Regional Health Authorities, improve the use of available nursing resources, improve working conditions, and establish a nursing advisory council.

"We are short of nurses and the proposal should increase the supply of nurses," stated Mr. Buternowsky. "I think this is certainly a positive plan. We are facing a real nursing crunch."

"This plan offers the first comprehensive approach to dealing with Manitoba's nursing shortage in the past 10 years," stated Mr. Chomiak. "Our government has worked with frontline nurses to look at challenges and opportunities, including the issues of educating, hiring, and keeping nurses in the work force, and how they work within the system. We believe our approach will be successful because it is not limited to a single initiative or action."

Chomiak added that the Provincial government hopes to attract both students and staff of all three major nursing professions, including diploma and degree prepared registered nurses, registered psychiatric nurses, and licensed practical nurses.

As part of the comprehensive recruitment and retention effort, the costs of relocation and refresher courses for nurses wanting to re-enter the workforce are available to all three groups.

To increase the supply of nurses to the province to match current and anticipated labour market demand, the government will support a 23 month diploma RN program as an alternative for students preparing for a career in nursing. The program will compliment the University of Manitoba's bachelor of nursing program. Chomiak noted that because the diploma program was phased out a number of years ago, some people argue that the government was now devaluing nurses by going back to the program.

"We are not devaluing the bachelor of nursing program. We are only augmenting it by offering another alternative to nurses. The 23 month diploma program that we are offering is more intensive than the previous diploma program that was offered," said Chomiak.

Chomiak added that increased numbers of LPNs will enter the workforce because of increased enrolment in the Assiniboine Community College LPN program. The province also plans to actively recruit students to nursing education and the nursing profession. Recruitment efforts will include a marketing campaign to target youth and under-represented groups.

To improve access to staff development, RHAs will receive a combined total of $3 million for staff development, based on the number of RNs, RPNs, and LPNs living in each region. A committee made up of employers, and front-line nurses will be established in each region to identify continuing education needs and priorities such as changes in nursing practice or treatment and working with new equipment.

Manitoba Health plans to improve the use of available nursing resources by working with employers, unions and front-line staff to identify and resolve issues that may create barriers to full-time permanent jobs for those who want them. The government is also directing RHAs to change the staffing mix within health facilities to allow more flexibility in hiring practices, such as adding more LPNs to the mix.

As a way to improve working conditions, the government, through a joint initiative with Manitoba Labour and Manitoba Health, will establish a three-member team to address quality of life issues that affect working conditions and the overall workplace environment. The group will also be asked to identify specific pilot projects that would improve working conditions and morale.

The province also plans to establish a nursing advisory council, comprised of labour, management, and educators from across the province, to advise the health minister on issues and concerns related to the role of nursing in the health care system. In addition, the province plans to amend the existing regulation to give nurses and other health care providers the opportunity to have a voice on health facility boards and regional health authorities.

In the short term we are trying to improve the psychology and the sociology of nursing, and to give some hope to nurses that we are listening," explained Chomiak. "We're hoping that the stress and some of the burn out factors that nurses are working under will be alleviated, at least by knowing that we are changing the approach. We feel that we have inherited a problem that has been a decade in the making, and it's going to take us couple of years to work our way out of it. We feel this is a good step on the road."

Farm focus meeting well attended

A town hall meeting to listen to a presentation of the local Farm Focus group was extremely well attended by those in the industry, private citizens, and business people, last Thursday evening.

The meeting, held at the Minnedosa Community Conference Centre, was initiated by the Minnedosa Chamber of Commerce and co-sponsored by the Town of Minnedosa, R.M.'s of Minto, Odanah and Saskatchewan. Heritage Co-op and Minnedosa Credit Union supplied coffee for the evening.

The purpose of the information evening was to present the facts and figures that show how seriously southwestern Manitoba, including the Minnedosa area, is suffering as a result of the disastrously wet spring of 1999.

The Focus Group is comprised of Minnedosa producers, local agriculture related business persons, and the local Agriculture Representative. The Group was formed last fall after it became apparent that a number of area producers would be suffering as a result of the excessive moisture of 1999.

The hour long presentation, led by Gord Thompson and Bob McNabb, demonstrated that most farmers, whether they got their crops planted or not, will suffer a loss of about $60 to $70 per acre. As a result, southwestern Manitoba stands to lose $204 million as a result of the disastrous spring. The data also shows that R.M. of Odanah was the hardest hit municipality, in terms of production, in all of southwestern Manitoba. The R.M.'s of Saskatchewan and Elton followed closely behind.

The Focus Group feels that the area should be recognized as a natural disaster, with one of the reasons being that the financial losses exceed those experienced in areas previously declared natural disasters, like, the Red River Valley.

"I wasn't expecting as many in attendance as there were. I guess that shows that people are really concerned and want more information," stated Bob McNabb. Farmers are a pretty proud group. They're proud of what they do, and generally they don't like to show their concerns. But perhaps they can gain some comfort from knowing how big the problem really is and that it was completely beyond their control." "We have received a number of positive comments. I guess next we would like to meet with the rural Liberal caucus, and the provincial Agriculture Minister, Rosann Wowchuk. I guess if nothing comes of this, the good might come from the community aspect. Any amount of empathy extended to its own members is good, concluded McNabb."

The evening was concluded after a presentation by Weldon Newton, vice president of Keystone Ag Producers, who discussed what they done to address the moisture issues.

Members needed...

Continued from Page 1

Nelson noted that a number of car thefts that occurred in Minnedosa last week are just an example of what can happen when an organization like COPPs becomes less active in the community. Citizens on Patrol were not patrolling last Tuesday morning when the car thefts occurred.

According to Nelson, more volunteers are needed to keep COPPs viable in the community. Seniors and rural residents are welcome, and Nelson noted that COPPs membership would like to see more business people become involved, as main street is one of the main benefactors of the program. To become involved, potential members can call 867-0161 and leave a message. A recruiter will respond as soon as possible.

Potential members must be at least 18 years of age, and will be subject to a criminal record check.

"COPPs has proven to be effective. We know that. The volunteers are a supplement to the enforcement that police do. But there is also a prevention aspect in the fact that the members know who is on the streets. The influence of family and friends is used to help fight crime. We need more members. We have to be consistent, so that the message is still visible that we are out in the community," concluded Nelson.

Early Bird Winner

Pictured below, Karen Parenteau, Minnedosa Ducks Unlimited Committee presenting the area rug "Awaiting New Homes" by Cathy Carter, to Diane Dureault of Minnedosa. Diane and Real were the Early Bird Winners for the upcoming D.U. Banquet. Don Marriott of the Rivers Committee, attended the last Committee Meeting to make the draw.

Library fundraiser well attended

Close to 200 attended the first Library fundraiser of the year recently, organized by the Minnedosa Regional Library Addition Fundraising Committee.

The banquet dinner was catered by D & B Catering, and served by the Minnedosa Collegiate safe grad committee. The Xi-Theta Chapter of the Beta Sigma Phi, provided appetizers for the evening.

Entertainment for the evening was Nancy White, of CBC fame, who was accompanied by Bob Johnston. Johnston had the pleasure of using the community Grand Piano, and was heard to comment that it was a beautiful instrument.

"White was a fabulous entertainer," stated Georgina Johnson, a member of the fundraising committee. "She performed funny little songs about everyday oddities that everyone could relate to."

White performed two forty minute sets. Live and silent auctions were held between the performances.

All art for the auctions were donated by local artisans and businesses. The highselling item of the evening was a W. Burdan Limited Edition Print, donated by Heritage Co-op. The item was purchased for $350.00.

"It was a very successful evening. We were pleased that the event was as well attended as it was," concluded Johnson.

Proceeds from the evening will go towards the 2,400 square foot millennium addition that has been planned for the Minnedosa Regional Library. The addition will feature an archives, an ecology centre, and an expanded children's section.

Total cost of the addition is approximately $300,000. So far, $70,000 has been jointly pledged by the Town of Minnedosa, and the R.M.s of Minto and Odanah. Local service clubs have jointly pledged a minimum of $15,000. Private donations have also been coming in steadily for the project.

The fundraising committee is currently awaiting word on various grants. Johnson noted that the Minnedosa Library was turned down by the Bill and Melinda Gates Foundation because the criteria stated that 17.6% of the population had to be below the poverty level, based on 1996 stanstics.

The Minnedosa Regional Library Addition Fundraising Committee includes Dean Wareham, Wes Barrett, who organized the fundraiser evening, Dinah Ceplis, Don Farr, Jude Wesley, Carol Everett, and Georgina Johnson.

The fundraising banquet was well attended by close to 200 people.

Nancy White had the crowd in stitches.

NOVUS AUTO GLASS REPAIR & REPLACEMENT®

SERVING MINNEDOSA, ERICKSON, ONANOLE & AREA

An Independent Franchise 32-TF ALT

Low flow may affect fishway...

Continued from Page 2

The fishway consists of a series of pools and rock riffles. Each pool is about nine inches apart in elevation to give the fish an opportunity to rest before continuing their climb up the fast water as it moves down the riffles. There are 22 pool and riffle structures throughout the fishway before the fish travel through a 55 foot culvert and make one final burst through the exit structure into the Minnedosa Lake. The total length of the fishway is 630 feet. The channel has a 30:1 slope.

Erickson explained that the first year of a fishway's operation is an experimental one, and usually requires adjustment to achieve success. The fishway is expected to attract white Sucker, Pike, and Walleye. "Use of the fishway generally increases once the fish become aware of it. The Rapid City fishway had over 2000 Sucker, Northern Pike, and Walleye pass through in 1999," stated Erickson. "The fishway will provide greater access to the spawning habitats of the species and create a greater fish presence in the river system," he concluded.

The fishway is expected to be a major component in enhancing the future of recreational fishing in Minnedosa Lake and northern stretches of the river system. The fishway will add to the tourism potential of the area by providing excellent viewing of spring fish runs. Partners in the project are the Minnedosa Fish Enhancement Committee, Minnedosa Lake Rehabilitation Committee, Minnedosa Parks Board, and the Little River Game and Fish Association.

Erickson & District News

by Almie Paulsen

Did you do anything special on the extra Feb. day (Feb 29th)? Years ago young ladies proposed to their special love. Maybe it still happens!

A speedy recovery is wished for Newman Hall who under went surgery recently in Brandon and is still hospitalized.

Sympathy to Frank, Ivan, Carl Robinson and Sadie McAuley on the death of their aunt Addie Wark of Minnedosa.

John & Dorothy Geletchuk attended the retirement party for Carole Bergeson at Lorette. Carole taught at Erickson a few years ago as well.

Olga Hall spent a few weeks in Calgary with daughter and son-in-law Leona and Dan Schaeffer and family.

Anne Nylen attended the funeral of her sister-in-law Verna Nylen in Saskatoon last Tuesday.

Dale Gregorash and 2 friends of Calgary were overnight guests with Dale's parents John & Marge.

Jennie Rumak had her daughter Carol Basler visiting her from Morden for 3 days.

The Annual Bonspiel with 36 rinks was very successful. It was great to see some of the almost impossible shots being made. Thanks to all volunteers who supported this event with time, talents, and donations.

Mayor Wally Yanchycki attended the Women's Institute meeting on March 1st and answered many questions of concern about our town.

March 8 is Ash Wednesday; seems like Christmas was yesterday.

Only 3 weeks to get your histories in for "Forest to Field". Don't let the History Committee down. Write yours this week.

Homecoming celebrations are being finalized for July. Hope we'll see all you readers from Florida, BC, AB, Europe, Australia etc.

Wednesday Legion Cribbage winners were 1st Marge Gregorash, 2nd Roy Ellingson, 3rd Els Hudson. Low scorer was Gordon Pollan.

An hour ago I heard the sad news of Sandra Schmirler's death. What a sad loss.

Salute the COPPs volunteers! Each member is a volunteer and give of their free time to keep our streets safe. COPPs are asking for volunteers and application forms are at the Municipal Office, and the monthly meetings are open to everyone.

Erickson & District Wildlife Association held their annual meeting and trophy presentation on Jan.20, 2000 at the Nordic Inn. It was very well attended by members and their families. Board members elected were: President-Ken Menary, Secretary Treasurer-Karen Manary. Committee members: Rodney Lewandowski, Dawnie Robinson, Brian Pearce, Larry Syslak, Tom Podruski, Jim Ziegler, Charlie Richards. Trophy Presentations and pictures taken for: Deer: Typical Carl Syslak, Non-Typical Ross Robinson, Symmetrical-Ron McInnes, Most under 100 Symmetrical-Ken Manary, Junior Symmetrical-Lyle Syslak, Muzzleloader-Blair Hopkins. Elk: Ross Robinson. Fish Trophy Fisherman of the year, Junior Trout, Junior Pickeral, Junior Northern Pike, Junior Perch-Johnny Braschuk Jr.Jr., Summer Derby-Keith Leganchuk, Annual Ice Fishing-Steve Woznesenski. Senior Trout, Senior Pickerel-John Braschuk Sr., Senior Pike-Carl Syslak, Senior Perch-Tom Podruski. After the meeting and presentation of the trophies, hamburgers and fries were enjoyed by all.

Onanole News

by Leona Kucher

Winners at the last whist game at the Crawford-Park Hall were: Ladies high-Margaret Dmytriw; low-Margaret Kowalick; men high-Harry Rintoul; low-Ken Wark. Lunch was provided by Alice Griffiths, Shirley Wark and Candy Irwin.

Ellwood and Ruth Brown arrived home from a 2 week holiday in Arizona.

Glen and Marian Mayor arrived home from a month in Arizona.

Hazel Price is receiving congratulations on the birth of her great grandchildren, twins,a boy and a girl, born to her son Elwood's daughter and her husband in Calgary AB.

Sympathy of the district is extended to Annie Hopoluk, and her family, on the passing of her husband Mike Hopoluk of Onanole. Both Mike and Annie have been long term residents of Onanole. Mike was a former employee at Riding Mountain National Park prior to his retirement.

It certainly seems like Spring has arrived early. I thought I saw a robin fly by last week, and Frank heard a goose fly by the other day. We have hardly any snow here. I wonder if we're in for a shock later on?

Sandy Lake News

Deepest sympathy to Michael & Janice Duchminsky and family on the sudden death of Michael's brother Wesley.

Frances Kuzmak returned home after spending two months with her family in Fort McMurray, AB. and also a holiday in Hawaii.

Diane Bachewich, Sadie Rystephaniuk, Helen Maluk and Stella Kowalchuk took in a taste of country sponsored by the Strathclair Theatre Chorus on Sat. at Strathclair.

Speedy recovery to Ted Koversky who is in the Brandon General Hospital.

Gary & Doreen Derhak returned to their home in Calgary, AB after spending a week's holiday with Steve & Helen Derhak. Gary enjoyed a good week of fishing with brothers Butch & Allan & sister Diane, before leaving for Vegas and then on to Mexico finishing their holidays.

Eddie & Ida Andreychuk returned home from an enjoyable holiday to Edmonton and Calgary.

Moore Park News

by Carmin Grasby

Feb. 24th grandson Robert Lippeit decided very reluctantly it was time to go home. Thurs Feb. 24th grandson Zachary came out to stay until Sun Feb. 27th when Travis, Anita and boys came to take him home.

We are getting quite an accumulation of pictures again to be taken in and get done up ready to put on the walls at the hall.

Beautiful weather eh! Maybe spring is on the road, we can hope.

Feb. 23rd Aaron, Teresa & Christine came out to spend the day. She is so close to walking it's not funny.

Intended for last week

Just an update on the picture project being done by the Moore Park Hall Trustees - it's still on going. Since the last time we had a bunch of pictures done up ready to put on the walls, we have received quite a large number more. The project has really been quite interesting and stirred up a lot of memories about people and events. If you haven't sent us your pictures yet, please soon do so.

Grandsons Daniel, Robert & Jason Lippett came for a visit Sun.Feb.20th. Robert decided to stay on for a few days and visit. No matter their age, it's still a great pleasure to have them want to stay.

CHECK YOUR PAPER LABEL!! IF IT SAYS EXP MAR 00 YOUR SUBSCRIPTION IS DUE

The Sandy Lake Recreational Association Inc.

would like to thank all volunteers, contributors and rinks for another successful mixed and ladies bonspiels.

ERICKSON CREDIT UNION LIMITED

ANNUAL GENERAL MEETING

Wednesday, March 15, 2000

7:30 - 7:45 Coffee & View proposed new building plans

7:45 - 8:15 Guest Speaker: Garth Manness, CEO Credit Union Central of Manitoba

8:15 - Meeting

SPECIAL RESOLUTION

Taking into consideration that:

Erickson Credit Union would like to construct a new building next to the post office in the year 2000 or 2001.

It is resolved that:

The Head Office of Erickson Credit Union Ltd. be moved from 45 Main Street West to 24-26 Main Street upon completion of the new building. The directors and officers are hereby authorized to execute such documents and to do all such things as are necessary to bring about the relocation.

Wine and Cheese to follow meeting

Carrying On A Tradition

Perry A. Bulbuck
Funeral Director
Braendle-Bruce Funeral Service

Role Of The Clergy At Time Of Death

The minister, priest, or rabbi can help greatly in consoling and assisting the surviving family members-if they are contacted soon after the death of the relative or friend. They can define the differences between the mortal physical body of the deceased and the immortal soul. They can further help the family through the first steps of the grief process.

It is emotionally healthier to allow clergy to help the family work through their grief **openly** than to permit their sadness to be repressed or concealed.

Clergy have been trained to assist in times of stress. Their experiences through study and from real life-and-death situations make them invaluable to you- and us. Their many sources of comfort and aid, especially in grief-counselling, can be very beneficial. They are especially anxious to serve their congregational members at such times.

Your questions and comments on this and other topics are welcome.

Moments in Riding Mountain

"Missing Lynx"

In this first of two articles on lynx, I'll be highlighting the nature of this mysterious feline.

First, however, we should introduce the snowshoe hare. The hare and the lynx are so closely linked that you really can't talk about lynx without mentioning hares.

Snowshoe hares, members of the rabbit family, are the common "bush rabbit" of the area. Like rabbits, they have awesome reproductive capacity .... at least two litters of four "leverets" or young per summer.

A couple of seasons of these goings-on and suddenly all available habitats are filled to the brim with hares. As can be expected, once the population skyrockets, stress, disease, and starvation begin to take a toll on the hares. Predators are also attracted to areas where a "free lunch" might be in the offing.

Thus, when the hare population reaches a high peak, it crashes. This is the current situation in RMNP - the hares have become as scarce as hen's teeth or a big cheque from the Wheat Board.

Over the next few years the Park's hares will remain fairly rare, but will slowly climb towards a peak around 2008. The time from the "hares everywhere" to "no hares to be had" and back again is about 10 years.

Now, let's take a look at the predator portion of the equation. First the stats - the lynx is a long-legged, mop-footed wild cat about the size of a small Golden Retriever, but weighing in at only 10 to 18 kilograms (22 to 40 pounds). Its distinguishing features are its tufted ears, short tail and a relative foot size that would put a NBA basketball player to shame. Completing the picture, their hind legs are longer than their front legs, which gives them the appearance of continuously walking downhill.

As mentioned, lynx depend upon hares; which is as understated as saying that the French like wine or Manitoba has cold winters. Lynx will eat any small animals they can catch, but depend on hares for up to 90% of their diet. And, just as the hare's population rises and falls, so does the lynx's.

Records of lynxs' population "ups and downs" cycle first showed up in the Hudson Bay Company's trapping records. Someone noticed that the number of lynx for sale in fur auctions would bungee-jump from very high to very low and back to high again over a 10 year cycle. Later someone else noticed that the hare numbers had the same cycle. One and one were put together, and one of the great mysteries of natural history was introduced - one that persists today as scientists remain unclear as to the exact cause of the hare population's wild fluctuation.

As can be imagined, when hares are off the menu, the lynx make some drastic changes to their lifestyle. These lynx are made for walking. During years when hares are abundant, a lynx may not need a territory much larger than 399 hectares. When the hares' population is low, however, the lynx will travel hundreds of kilometers in search of food, including invading areas where they wouldn't normally be found.

With fewer hares in the Park, desperate lynx will show up in some of the strangest places. States such as North Dakota, where lynx are rarely seen, will suddenly have numerous sightings as the Manitoban animals search for food.

As these starving lynx move about the country, their feeding habits change. Their diets, once monotonous, become more diverse. During winters, lynx will attack and kill much larger prey. Whitetail deer become a prey option, as lynx are able to walk over the snow while their prey founder.

In other areas, caribou and Dall sheep are included in their diet, especially the young of the year. University of Manitoba Professor William Pruitt describes a lynx attack on a moose. The lynx attacked a young moose as it lay in the snow. Evidently the surprised moose stood up, dislodging the lynx. An enraged cow moose came to the aid of the half grown calf, and stomped the lynx into a bloody pulp with its front feet.

Foxes are also on the menu. According to researchers, trappers often report that during years when lynx are high in number, the foxes disappear from the area. Such behavior seems strange, but stranger still is the findings of researchers in the North. Evidently, radio-collared lynx showed no reservations about eating each other during tough times.

In the next article, I'll be examining more Park-specific natural history of the lynx.

Nature notes: with the spring-like weather, there has been a rash of spring bird sightings. Canada Geese have been seen by several people in and around the Park, as have crows. Red-tailed and Rough-legged Hawks have already been seen winging their way North, some of whom may have only left the area in January. With all the melting snow, it may not be long before the bears will be exiting their dens. What other signs have you seen? Give me a call.

Ken Kingdon works as Communications Officer for the Warden Service in Riding Mountain National Park. If you have interesting observations about the wildlife in the area, give him a call at (204)848-7240.

Newdale & District News

by Olive Waddell

Word was received that a sell-out crowd attended the Dessert Theatre held at Strathclair Community Hall on Sat. Feb. 26th/2000. Under the direction of Isabelle Basso, of Shoal Lake, and several accompanists the evenings theme "A Taste of Country" was artistically presented and thoroughly enjoyed by the 150 present. This was their 7th performance and still there were several more who would have enjoyed being able to attend. Congratulations to all and continuing success in the future!

Sunday, Feb. 28th, was "Ten Days for Global Justice" theme in the United Church. Wendy Rose presided at the organ in the absence of Carol Delgarno. Rev. Hunter, in conversation with the Sunday School pupils, spoke on the "Our Planet" and that we should care for it, so that we will have it for future generations. The focus on the message to the congregation was on relationships with 1) God, 2) Ourselves, 3) Others and 4) the Creators, Earth. For this year of the Jubilee 2000, a time for a new beginning, a time to cancel unjust debts., to care for those in other parts of the world who suffer from poverty and injustice. "If we are going to have roots then we must focus on our relationship with God, the source of our lives" says Rev. Hunter. "For the Church to have relevance in the new millennium, we need to find a way to make this connection between people's spiritual needs, and how we can meet those needs. If we do that the church will thrive and grow and be a vital source in society and the world."

Get well wishes go out to Lawrence Dalke who underwent surgery last week. We hope you'll be home soon to enjoy the countryside and springtime.

Visiting Olive Waddell briefly on Sun. Feb.27th was great grandson Dale McTavish, with his father and mother, from Hamiota.

Visitors at Harrison House over the last weekend in February were: Maria & Mike Lee of Winnipeg at her grandmothers Blanche English. Elsie Macsymchuk & Kobi Urwin of Sandy Lake made calls with Isabelle McTavish, Doris Everitt, Ann Zwaritch and Jean Irwin.

The seventh whist party of the season was held on Feb.25th in the Newdale Drop-In Centre. There were four tables of cards. Prize winners were: Ladies high-Xisra Lamb, ladies 2nd-Shirley Pederson, ladies travelling-Shirley Bradley. Men's high-Dorothy Ray, men's 2nd-Boyd Waddell, men's travelling-Neil Davies. Lunch and a social time concluded the evening.

Newdale Raven's Glen Women's Institute

Feb. 23rd member of Newdale Raven's Glen W.I. met at Harrison House at 1:30. President, Phyllis Tolton welcomed everyone and led in reading The Mary Stewart Collect in unison. Shirley Pederson had the opening thought, a poem, Inspiration by W.L.Coutts. Roll call was answered by naming a Heart Smart food. Minutes and Treasurer's report were read and accepted. Committees Friendship, 4 birthdays, 1 get well. 4-H achievement April 15. Education: Edith Waddell read an article on a type of plastic wrap being manufactured that will detect contamination in food products and indicate when they are unsuitable for eating.

Shirley Pederson gave the closing "Three essentials in life, something to do, something to hope for, someone to love. We received a film on CPR sent from the Red Cross. We also viewed and discussed the film on links - the W.I. project in assisting others with literacy difficulties.

Government announces first steps of livestock stewardship initiative

Last Friday the Manitoba government outlined the first steps in a Livestock Stewardship Initiative aimed at protecting the environment and ensuring the future of the province's livestock industry.

Agriculture and Food Minister Rosann Wowchuk, Conservation Minister Oscar Lathlin and Intergovernmental Affairs Minister Jean Friesen said public consultation will be a major focus of the government strategy. Before the public discussions, the government will take several immediate actions to monitor the environmental impact of development and establish the groundwork for further discussion.

"The livestock industry contributes significantly to rural communities and the economy of Manitoba," said Wowchuk. "This strategy will provide Manitoba producers with an opportunity to continue to diversify while ensuring that the industry grows in a responsible and sustainable manner."

The public consultation process will be launched in mid-April with a discussion paper on the growth of the Manitoba livestock industry. The discussion paper, to be entitled "Livestock and the Environment: Stewardship 2000", will provide the framework for public consultation throughout the province. The Clean Environment Commission (CEC) will provide technical expertise and support in the preparation of a final report.

"By taking immediate steps to plan for growth and increase our knowledge base, we will enhance our ability to protect the environment, " said Lathlin.

Environmental Monitoring:

* All construction manure storage facilities will be inspected to ensure protection of surface and groundwater.
* The province's groundwater sensitivity maps will be updated to identify areas where additional protective measures may be needed.
* An independent review will be commissioned to examine the present state of soils and the sustainability of long-term manure application to the land.

Land Use Planning:

* The province will consult and assist municipalities that currently do not have land use plans to adopt plans and join planning districts.
* The province will provide financial assistance, in the form of one time 50% cost shared grants, to assist municipalities to update existing bylaws in a timely manner.
* The role of provincial Technical Review committees, which provide advice to municipalities on livestock proposals, will be expanded to include the evaluation of the local cumulative impacts of the livestock industry. This will assist in identifying opportunities for growth of the industry across the province. The province will also improve public access to the reports of the Technical Review committees.

"Manitoba has been a leader in the development and implementation of quality assurance programs in the livestock industry in Canada," said Wowchuk. "The new quality guarantee will highlight this advantage."

"These initial steps are the beginning of an open, public process," said Friesen. "In the coming weeks and months we will continue to develop the Livestock Stewardship Initiative as we work to protect the environmental and economic future of Manitoba."

Agriculture Report

by Neil Gailbraith
Agriculture Representative

New Programs

We have been getting calls about two recently announced programs, the 100 million one time payment to grain farmers and the spring advance payment program. In both cases we have very few details. We are keeping lists of producers who have contacted us so when we do get more information we can let them know directly. But here is what we know so far.

The 100 million is for all farmers in Manitoba to address the low commodity price issue. It does not address the specific problem of the southwest disaster of excess moisture in 1999. The payments will be based on historical sales information available through NISA. It will be a (yet to be determined) percentage of average eligible net sales. For those in NISA, payments are to occur directly to the producer. Those not in NISA will have to apply with forms for the program.

The spring advance payment program will operate similar to post harvest cash advances such as Canadian Wheat Board, canola, pulse crops, etc. As with those advances, guarantee agreements with the producer organizations administering the program and their lenders will include a repayment guarantee to the lender for the advances issued by an organization. As well, the federal government will commit to pay the interest on the $20,000 maximum issued to the producer. You must have crop insurance, although no level stated yet, and pay the premiums to protect the advance in case of a crop failure. You also must provide the producer organization with an assignment of the crop insurance so that any payments can be used to pay the advance. The advance will be calculated by multiplying the producer's insured yield under crop insurance by a set advance rate. 60% of the eligible spring advance can be issued before seeding with the remaining 40% made after the seeded acreage report is finished. This program is proposed to last 3 years, 2000 to 2002 crops.

AIDA Changes

The 1999 AIDA interim payment application deadline has been extended to the end of March. The final 1999 forms are not available yet. As soon as we get them I will let producers know in this column.

The federal government has decided to cover 70% of a producers' negative margin in both 1998 and 1999 claim years. To date, Manitoba has not agreed to this. The federal share of AIDA (60%) is still being paid even though the province is not participating. The federal AIDA administration is automatically processing 1998 negative margin applications. Since some producers with a negative margin may not have originally applied, the deadline for the 1998 claim year has been extended to the end of March. This applies to those producers with a negative margin only.

For the 1999 claim year, all labour expenses will be allowed as expenses in the margin calculation for the claim year and reference years. This treats family paid labour the same as arm's length paid labour.

There are two inventory valuation options for calculating your 1999 margin. The first option is the two pricing system which identifies start of year prices and end of the year prices. In cases where prices have decreased such as canola, flax, hay, etc, this option will allow the decrease in the value of inventory to be calculated using the start of year price for starting inventory and end of year price for ending inventory. This addresses one of the major concerns producers had with AIDA by allowing them to show the decrease in their inventory value, thus lowering their 1999 margin and maximizing a potential 1999 payment.

The second option uses just end of 1999 prices for each commodity. This option allows producers whose value of commodity inventory has increased during the year, such as beef and hogs, to use only one price for beginning and end inventory. Therefore their AIDA payment calculation will not be adversely affected.

The reference margin can be either the previous three year average or the Olympic average. An Olympic average excludes the year with the highest margin and the year with the lowest margin from the previous five years. Producers will need to determine which method gives a higher reference years' margin, thus maximizing a potential 1999 year payment.

Expanding farms will be accommodated in 1999. Based on a minimum increase of 15%, program margins in the reference period will be adjusted if the farming operation has expanded in the reference period, in the claim year or both.

TCS Topics

Congratulations goes out to Mrs. McNabb for having an article published in the journal for Guidance Counsellors. Well done Mrs. McNabb.

Kevin McGinnis received the Council for Exceptional Children's "Yes I Can" award on February 24th. Kevin was recognized for a number of personal achievements in the areas of social development and daily living skills. His Educational Assistant, Ms. Janice Dalton, and Mrs. Kathy Stone, Resource Teacher, nominated him for the award.

The Royal Canadian Legion is selling tulips from Holland to celebrate their 75th Anniversary. They have asked the school to help them in this endeavour. Every child will be asked to bring home a brochure and an order form. There is no obligation to anyone, but if you would like to order some, please fill out the form and return it to the school by March 17.

The tulips will arrive sometime in the fall. The legion will be giving the school 15% of the profits. We look forward to working with the Legion on this project and appreciate the support they provide us throughout the year.

Spring is just around the corner and students have been enjoying going outside in the nice weather at recess. Parents are asked to remind students to wear proper footwear and clothing and remove muddy clothing when they enter the school.

Our grade 7 & 8 band students had a good time at the Optimist Festival in Winnipeg. The photographer said they were the best-behaved group he had seen all week and all three adjudicators gave them excellent ratings for attitude and stage deportment.

Our school will be a very busy spot this Tuesday. There will be a junior high girls' basketball tournament in the gymnasium from 4 to 9 p.m. The boys' basketball team will be travelling to Forrest. Good luck to both teams.

Rapid City & District News

by Grace Fearnley

Thirteen Rapid City seniors were out to bowl at Minnedosa Mon. Feb. 28th. Earl Wilkinson received the Headpin and the trophy winners were Edie Evans and Walter Scott.

Don and Loretta Waldon spent a weeks holiday in Playa Del Carmen, Mexico. The weather was great and they enjoyed snorkelling, and lots of rest and relaxation. They also visited the Tullum Mayan Ruins site and Xel-Ha Ecopark.

Rev Boyd and Kathy Drake were in attendance at the Western Canada University track and field championships held at the University of Manitoba, Sat. Feb. 26th. They had the pleasure of seeing their son Garry compete and receive three gold medals. Garry came 1st in the 300 meter race, his relay team came 1st in the 4 by 200 meter and won the 4 by 400. A real thrill!

Sheila and Yool Sharp of Calgary stopped at Rapid City to visit with Bonnie and the grandchildren. They are enroute to Ottawa, but while in town were able to attend the 90th birthday celebration Wed. March 1st for Ivy Cornish, at the Little Valley Restaurant.

Congratulations to Dwayne and Jackie Austen on the arrival of their little daughter Sydney Alicia born in Brandon. Congratulations also to big sister Brittany.

A party was held the evening of February 29th at the Victoria Inn, Brandon, in honour of Ken Moore's recent retirement from the City of Brandon (1964-2000). The evening was hosted by Ken's family Heather, Scott and Trena and small grandson Keaton. In attendance were relatives, long-time friends, neighbours, curling and ball playing friends, city employees, and school friends and their wives. It was an evening for remembering the good old days renewing old friendships and enjoying good food.

The Ice Fishermen were busily trying to get their ice shacks off the lake, onto solid ground, and some hardy golfers were out on the golf course, all on Sunday Feb. 27th.

A pre-wedding social evening was held Sat. Feb. 26th at the Rapid City Legion Hall in honour of Heather Chirstie and Ryan Switzer of Swift Current. By all reports it was a very successful evening.

Laura Haslen accompanied daughter Alex and Dick Jones on March 1st to Reston where they attended the funeral of Mr. Glenn Grierson. (Mr. Grierson's daughter Sheila is Terry Haslen's wife).

Heartfelt sympathy to Bette and Bob Hyndmane and all family members on the sudden passing of Bette's sister, Jo MacDonald. Bette and daughter Barb Belcher are presently in Vancouver.

During the past week I have learned of the death of Grace Wareham of Calgary. Grace was raised in the Moline district and was the daughter of Alice and the late Nelson St. John. Sympathy to her family, mother Alice, sisters and all family members. Lillian Spearin has also passed away in Winnipeg. Lil was the daughter of pioneer store owners Mr. and Mrs. Fred Gibs of Pittaprice. Condolences to Lil's daughter and family, Doug and Margary Spearin of Rivers and all relatives and friends.

Ethel Black who accompanied Bill & Vivian Hales of Justice on a months trip to Texas returned home on Sun. Feb. 27th. We visited with my daughter Jean and family at Denton Texas and then spent two weeks down at Magic Valley trailer park at Weslaco Texas. I met a number of friends I knew when we spent our winters there. The weather was lovely and warm 75-90F. It was very dry, no rain while we were there.

Visiting with Steve & Elsie Dowhan and Patty, Andy, Josie Lynn & Andrew Johnson this past week were daughter Lynn Dutton and family from Saskatoon. Brandi, Mila, Abbey & William had a spring break. On Thursday everyone went to Brandon and visited Elsie at her place of work - H&R Block and then all went for lunch at Bonanza.

On Friday was a real special time as the whole family went with Brandi for her first time to the bar. Queens Hotel owner Jim Christie is a very good friend of the Dowhans and he remembers the night Brandi was born. Everyone who was bowling that night at Minnedosa remembers as it was quite a party which lasted till the wee hours of the morning. Debbie and Karl came out from Winnipeg on Friday and were part of Brandi's escort. Everyone was hoping to do some snowmobiling but had to settle for swimming at the Sportsplex in Brandon.

The Little Valley restaurant was the scene of a surprise party March 1st for Ivy Cornish on her 90th birthday. The restaurant was nicely decorated, with the "coffee crowd" in full attendance, when Ivy entered with her granddaughter Leilani McCutcheon of Brandon. Much to Ivy's surprise she was greeted by her son and daughter-in-law, Dorne and Lorraine Cornish of Maple Ridge, BC who had arrived only that morning. A cake, beautifully decorated by the restaurant staff, and ice cream, was shared by everyone there, after a rousing rendition of "Happy Birthday".

In the afternoon Ivy received visits from Eva Shelvey, Brandon; Ernest and Bertha Shelvey, Rivers; Ivan and Lena Lawrence, Crandell; Donna, Erin, Amanda and Ryan Brown, Oak River; Rena Cornish and Mavis Cronkite, Rapid City; Nyall and Margaret Hyndman, Rivers.

Rec. Files

by Ken Surovy

The Minnedosa and District Recreation Commission is a non-profit organization striving to improve the quality of life for citizens of Minnedosa and District through the efficient and effective provision of quality leisure and recreation facilities, programs and services. The Recreation Commission is funded and supported by Manitoba Culture, Heritage and Tourism, the Town of Minnedosa, the R.M.s of Odanah and Minto and the Rolling River School Division #39. The Recreation Commission is responsible for providing programs and services to 12 townships totaling 288 square miles.

1999 brought many changes to the Commission. Damon Kustra, Recreation Director since 1994 left to pursue employment in Saskatchewan and was replaced by myself, Ken Surovy. Long time summer staff, Suzanne Neufeld and Zak Zarry complete their last term as summer recreation leaders and are pursuing their careers. Ron Carr was replaced by Stewart Lewis as Odanah council representative and Mark Blais was replaced by Rick Everett as the Town of Minnedosa Council representative.

In 1999, the Recreation Commission offered 28 drop-in programs and 42 registered programs totaling 70 program offerings for District residents to access. 17 of the 42 registered programs cancelled which is a success rate of 40.5%. Eight hundred and thirty six individuals registered in 25 successful registered programs which is an average of approximately 20 participants per program. Hundreds more participated in the 28 drop-in programs. Programs ranged from social, physical, youth, leadership, adult education, health awareness, cultural and artistic.

Program highlights for 1999 included Winteractive Spongee Challenge and T-ball/parent pitch, Brandon Bob Cats Hockey Camp, Rugby Clinic, Motorin Munchkins Drop-in and Gingerbread House Making. Programs that continue to be popular include Red Cross Babysitters Course, Hunter's Safety, Slow Pitch and Aqua Size. Past programs that were revitalized and showed a huge increase in participation included Basketball Drop-in, Toddler's Halloween and Christmas Parties.

The 1999 Summer Day Camp program was reduced to five theme weeks from six in 1998 attracting 123 participants. Themes included Computers, Pan Am, Mad Scientist, Outdoor Appreciation and Golf.

A successful 2nd Annual Sports Dinner raised over $9,000.00 which was distributed to local non-profit sport organizations and groups. Canada Day 1999 was also a huge success!

The Recreation Commission was approached by a group of 15 youth who were seeking guidance to advocate and develop a skateboard park in Minnedosa. These young people have met each week since September 1999 and have developed a strategy to fund, develop and build a skatepark. As of December 31, 1999 they have raised over $3,000.00.

As is evident, 1999 was a busy year with lots of activity, change and challenge. The Minnedosa and District Recreation Commission appreciates the support of all the partners as well as the community and strives to continue to offer high quality leisure and recreation programs and services throughout year 2000.

THE TOWN OF MINNEDOSA

NOTICE

PESTICIDE USE PROGRAMS

Public notice is hereby given that The Town of Minnedosa intends to conduct the following Pesticide Control Programs during 2000 as necessary, depending on infestations.

1. To control noxious weeds on property within The Town of Minnedosa using 2-4-D Amine & MCPA 500 Amine.

2. To control tree pests within The Town of Minnedosa using Malathion and Chlorpyrifos.

The projected dates of application for the above are from May 15th to September 30th.
All pesticides used and procedures applied will be in accordance with federally approved label recommendations and the recommendations set by the Manitoba Department of Agriculture.
Submissions pertaining to any of the above should be made, in writing, within 15 days to:

Minnedosa Homecoming 2000 Report

Lots of activity has been happening since the New Year with registrations steadily rolling in as well as our most recent mail-out which served to update events being planned for Homecoming 2000. The Credit Union helped out with the use of their photocopier and we had Tannis Barrett do all the work on the database of addresses. Work parties helped stuff envelopes for mailing and results are already being realized from these efforts.

We have heard from about 650 people to date and that has been very gratifying! Recently we registered Brian & Patsy Johnson - St. Anne, MB, Jim & Marilyn (Erven) Johnson - Spruce Grove, AB, Lawrence Campbell & Susan Chipperfield - Winnipeg, Val Campbell - Winnipeg, Allan & Ruby (Mervyn) Campbell - Neepawa, Greg & Wendy (Wahoski) Hughes - Winnipeg, Judy Kolesar - Winnipeg, Vi Gregorski - Brandon, Ron Ebner - Winnipeg, Linda & Dale Oslanski-Lloydminster, AB, Jim & Georgina Wilding-Winnipeg, Ron Popiel & Susan Bright-Winnipeg, Barry & Anne Abel-Kelowna, BC, as well as Barry & Carol Delmage, Dave & Jacki Nylen, Keith & Joyce (Brugger) Cameron, Russell & Ruth Mummery, Bill & Violet Panko, Bob & Lois Horner, Mary & Raymond Kolesar, Fred & Florence Bayes, Wayne & Tillie (Semenchuk) Johnson, Gwen Deeprose, Alex & Verna Abel and Norman Oberg all of Minnedosa. Also, we would like to correct one registration made in the paper and that is Robert & Marie (Taylor) Sharp-Edmonton are registered. It seems that we misspelled the last name before as well as the maiden name, so hope this clears up any confusion.

An Art & Craft Show and Sale is being planned for July 2nd at M.C.C.C. during Homecoming 2000 and we would like to encourage artists and craftspeople to get in touch with the Committee if you have interest in this event. Jean Sharpe is coordinating this event and if the Homecoming 93 Show and Sale's success can be duplicated, that would be great! Local talent and "homemade" items are what we we are after, not commercial packages or products, so let us know your interest. Let's showcase local talent and effort!

Speaking of local talent, how about sharing your talent at the Homecoming 2000 Talent Show, July 3rd at M.C.C.C.! We are looking for you and want to provide you with the chance to show your talent, whatever that might be! Also, we hope that some of those people returning for Homecoming 2000 will feel like sharing their talent too. It will be a fun evening and we need your talent to make it a success! Box 2000 Minnedosa is our mailing address.

Yellowhead RCMP Answer your Questions

Q. "Who has the right of way at a four way stop?"

A. If more than one vehicle is stopped at a four-way stop sign, the vehicle on the right always has the right of way. Therefore, if two vehicles stop at the same time, the vehicle on the left must yield to the vehicle on the right.

In the case where two vehicles are travelling in opposite directions (ie. one is going north, and the other is going south), the vehicle turning left must yield to the vehicle going straight. If one vehicle is turning left and the other is turning right, the vehicle turning right has the right of way. In other words, the vehicle turning left must always yield to the oncoming vehicle.

If however, one vehicle is stopped at the stop sign, and another vehicle is approaching the intersection, but not yet stopped, the vehicle which is already stopped naturally has the right of way. The other vehicle must first come to a stop. Just a word of caution, ensure that the other vehicle is going to stop before you proceed.

Four way stops are confusing at the best of times, even when all of the drivers are not only aware of the rules of the roads, but are obeying them. Since this is not always the case, proceed carefully at every four-way stop. If you have the right of way, but someone else is "insisting" on going first, let him/her go ahead. An accident is no way to prove your point.

Q. "What is the speed limit on a gravel road?"

A. The speed limit on a gravel road is 90 km/hr, unless otherwise posted. This applies not only to gravel roads, but to any unmarked road.

Q. "What is COPPs all about?"

A. COPPs, or Citizens on Patrol Program, is an organization where volunteers donate their time to make "patrols" in the community. Typically, these patrols are done at night. The volunteers, usually two to a vehicle, will drive around taking not of any unusual activity in the community. They often write down license numbers and description of vehicles, as well as descriptions of people. This information can later be used by the local police in the event of a crime. The COPPs participants don't actually get involved in apprehending suspects. Instead, if they see something that they feel should be reported, they contact the local police department.

Hockey & Bowling News

BOWLING NEWS

Youth Bowling

The 6 youth bowlers who went to the 4 steps to stardom zones in Portage did very well. 5 of them placed 4th or higher out of 9 in their respective categories. Congratulations to Sarah Mansell who won in the Junior Girls category and who will now go to the Provincials in Winnipeg. Good work guys.

Good games bowled this week: Stephanie Cook 178; Magen Swift 161; Jessica Glasgow 95; Amy Stevenson 125; Josie Swift 90; Kerri Cook 104; Travis Fehr 140; Ryan Bukarz 115; Brandon Mansell 139; Ryan Mansell 100; Allister Johnson 143; Colin Gwyer 107; Landon Little 132; Kelsey Little 110; Graham Blom 151; David Rae 189; Chantell Saunders 131; Hannah Archbutt 165; Jeff Lawson 187; Jaret Walker 196; Joanne Davidson 151; Kaitlyn Szucki 101; Jessica Strahl 108; Becky Bullock 164; Jayson Bennett 110; Charlie Fisher 157; Jordon Lewandoski 62; Becky Spraggs 186; Emma Hall 156; Jordan Kerluke 107; Blake Madill 101; Amanda Thurston 118; Tre Michaels 85; Dilon Strahl 93.

Thursday District Mixed Feb. 24th

Good games: Orville Cooley 166; Shiela Febril 125; Wilfred Davies 207; Murray Mauws 213, 234; Robert Hendry 213; Cliff Heaman 186; Bobby Ericson 175; Audra Brazeau 178; Ross Mackling 206.

Team standings: Gutter Dusters 180.5; Alley Cats 191; Ups & Downs 205; Legends 196; Pin Pals 201; Art's Harem 160.5

Happy Go Luckies +55

Our bowlers of the month for February are: Muriel McManus +2 and Els Hudson +3. Congratulations!

Our bowlers of the week are: Ruby Pollon 181, 186 (+53T) and Fred Haywood 156, 185 (+55T). Other good games: Els Hudson 173; Helen Dyck 129; Betty Campbell 135; Caroline Mansell 209; Eileen Barclay 182; Russell Burnside 201; Magde McCulloch 148; Marg Boucher 185; Ev Baisley 152; Selma Skoglund 169; Don Jones 192.

Hard Luck's are leading with 113, followed by Pin Heads 104; Eager Beavers 94; Scatter Brains 90; "Coyote" 6 83; Bold & the Beautiful 81. Our deepest sympathy Irene. Good luck next week.

Hi Style Mixed

Good games tonight were: Iris Karton 217; Diana Mansell 175; Raymond Smith 215; Cyril Marlatt 243; Bill Brown 218; Clay Searle 236; Lori Stevenson 275; Maurice Hopkins 198; Donna Anderson 165; Wilf Grieder 196, 187 (+107T); Andrew Citulsky 146; Elaine Wood 193; Mary Thomson 214; Dave Mansell 271, 301.

Hopefuls are leading with 51.5, followed by Four & One 47; Three Bold & One Beautiful 45; Mary's Men 42; Pinball Wiards 41.5; Di's Dynamos 37. Good luck next week.

Minnedosa Pharmacy Ladies League

The Wed. afternoon ladies league bowling scores for Mar. 1-2000 as follows: Lee Montague 230; Margaret Cooke 176; Janice Gwyer 174; Irene Robinson 194; Edith Pearson 194; Grace Sandstrom 179; Loretta Eshpeter 177; Donna Betteridge 185; Cathy Mansell 224; Bonnie Hartley 232; Chris Sweeting 190; Stella Woodcock 156; Mary Burton 231(596T); Betty Burton 178. Top team individual standings: Happy Rollers 186. Top individual average: Cathy Mansell 177. High single flat: Bonnie Hartley 282. High single P.O.A.: Rose Hampton +138. High triple flat: Cathy Mansell 691. High triple P.O.A.: Chris Sweeting +198. Good bowling ladies.

HOCKEY NEWS

Squirts

Feb.27th the 5 & 6 year olds from all 3 squirts teams divided up and played against each other. It was an action packed game with the "white" squirts, coached by Rick, Matt & Darcy victorious by a score of 13-7 over the "red" squirts coached by Perry & Michael. Scoring for the "white" team were: Michael McKenzie 4G, 1A; Jason Galbraith 5G, 1A; Brady Ingemney 4G, 1A; Terrell Amyotte 1A; Breanne Morgan 1A; Jack Dines 2A; Wyatt Rapsky 1A, Drew Cardy 2A; Mathew Groves 2A; Dustin Burgess 2A & Gordie Ross 2A. Scoring for the "red" team were: Chad Robinson 6G; Thomas Roche 1G, 1A; Mitchell Bukarz 1A; Sean Horner 3A; Serena Amyotte 2A; Nellie Amyotte 1A; Andrew Dixon 1A; Anya McNabb 1A & Sarah Robinson 1A. Playing in net for the teams were William Knowling, Dana Burgess, Terrell Amyotte, Mathew Groves & Wyatt Rapsky.

Major Pee Wee

Fri. Feb. 18th the Minnedosa Major Pee Wees played a strong home exhibition game vs. the Carberry 13's winning 5-1. Scoring for M'dsa were: Mike Sansom 2G, John Motuz 1G, Brad Lewis 1G, 1A, Justin Wareham 1G, Jared Krushelnisky & Scott Thompson 2A, Thomas Boyd & Derrick Chapman 1A each.

Sun. Feb. 20th, travelled to Elkhorn to start their best of 3 league play offs. They struggled through the game for a 5-2 win for Elkhorn. Keith Horner made many fine saves in net. Justin Workman & Scott Thompson scored our singles with assists from Thomas Boyd, Cory Jury & Brad Lewis.

Elkhorn was back in M'dsa Fri. Feb. 22 for their 2nd match. It was an excellent game with Elkhorn taking the win 3-2. Our goalie, Nathan Ewasiuk played well. Scoring: Brad Lewis & Brad LeBoutillier 1G each, assists from Brad Lewis, Jared Krushelnisky, Derrick Chapman & Scott Thompson. Tough one boys!

Minnedosa Bantams

Minnedosa Bantams played in the Russell Tournament Feb.19-20th. They lost both games on Sat. to Dauphin 4-3 and to Souris 5-2, but can be proud of their performance. This placed them on the B side with a game against Grand Plains on Sun. morning. They played hard and earned a 4-3 win, moving them on the the B side final against Souris. Is was a tough match and Souris came out strong winning 8-1. Troy Hengen and Mark Yanick alternated in net during the tournament.

From Russell it was off to Virden for their final league game. This was a very offensive game ending in a 12-12 tie. Both Troy and Mark played in net.

Points for the 5 game weekend were from Mathew Nylen 8G, 2A, Matt Saler 6G, 8A, Sean McFadden 4G, 3A, Wes Lewis 3G, 8A, Brad McNabb 2G, 2A, Mitch Hyndman 1G, 8A, Thomas Robson 1G, 2A, John Gilchrist 1G, 1A, Hillary Foord and Jay Klym 2A each.

PROCLAMATION

WHEREAS the Big Brothers was chartered in Canada in 1964, and

WHEREAS the objective of the Association is to facilitate the development of a one to one relationship between a child from a single parent family and an adult, and

WHEREAS, through this objective the Association, now known as Big Brothers and Sisters of Minnedosa, has been playing a vital role in providing friendship, understanding and emotional support for children from single parent homes in the community through appropriate matches with responsible adults based on common interests and personality, and

WHEREAS the Association is funded through the generous support of the community and a fee for service from the province with the major fund raising event being **the Bowl for Kids Sake**.

NOW THEREFORE, I, TERRY DREBIT, Mayor of the Town of Minnedosa, by the powers vested in me, do proclaim the week of **March 5 to 12 inclusive** to be

BOWL FOR A KID'S SAKE

in the Town of Minnedosa and urge all citizens to actively support this worthwhile project in our community.

Terry Drebit, Mayor

Be Microwave Safe

Home Economist Report
by Ann Mandziuk
Home Economist

Microwave Safety

Microwave ovens have been around for years and sometimes we take for granted that using them is very safe. But we should make sure all our family members know how to be safe when using a microwave oven.

This information was included in an e-mail I recently received.

About five days ago my 26 year old son decided to have a cup of instant coffee. He took a cup of water and put it in the microwave to heat it up (something that he has done numerous times before). I am not sure how long he set the timer for but he told me he wanted to bring the water to a boil. When the timer shut the oven off, he removed the cup from the oven. As he looked into the cup he noted that the water was not boiling but instantly the water in the cup "blew up" into his face. The cup remained intact until he threw it out of his hand but all the water had flown out into his face due to a build up of energy. His whole face is blistered and he has first and second degree burns to his face, which may leave scarring. He may also have lost partial sight in his left eye.

A portion of water in the cup is becoming superheated - the liquid temperature is actually slightly above the boiling point, where it would normally form a gas. In this case, the boiling is hindered by a lack of nucleation site needed to form the bubbles.

This never occurs when boiling a kettle, for example, because the presence of the rough surface of the element, as well as the convection stirring from rising hot water, are sufficient to produce proper boiling. (www.last-word.com/lastword/answers/lwa456bubbles.html).

When the cup is moved or something like a tea bag is added, sudden and explosive conversion of part of the water to steam happens. This then causes the water to explode out of the cup and in the above case caused burns to the person holding the cup

To avoid harm, leave the water in the microwave unopened for a minute or add a wooden stir-stick or tea bag. But the safest suggestion is to use a kettle on the convention range.

RCMP question & answer

Continued from Page 15

Sometimes the information that they collect is not used till days or weeks later, when a break-in is discovered.

Minnedosa, Rapid City, Erickson, and Sandy Lake are all communities which are fortunate enough to have a Citizens on Patrol Program. It is an undisputed fact that property crime statistics have dropped dramatically since the programs were put into place. The COPPs is not an alternative to regular policing, nor is it implemented as a way of reducing the number of police officers in a community. Instead, it is a strategy for preventing, and solving crime, and a very effective one at that!

For more information on COPPs or to apply for the program, please contact the Minnedosa Community RCMP Detachment at 867-2916.

If you have any further questions for the RCMP, please forward them to the Minnedosa Tribune at 867-3816, or Fax 867-5171, e-mail trib@mb.sympatico.ca.

Messages from Marquette

"How strong are your bones?"

Bone health isn't something we think about very often, especially when we are young. However, as we age, and when we hear of others experiencing hip fractures, or we start to deal with menopause, bone health takes on a new meaning.

Osteoporosis is a potentially crippling disease characterized by low bone density and deterioration of bone tissue. It affects 1.4 million Canadians over the age of 50. In terms of incidence of this disease, one in four women, and one in eight men over the age of 50 has osteoporosis.

This disease does not happen overnight. During our growing years, our bones increase in length as well as in density. By age 20, most of us will have reached our peak bone density. This peak can normally be maintained until an individual reaches their mid thirties.

There is no one single cause for osteoporosis. Several factors appear to be playing a role in its development. Take a few minutes to review the following risk factors and determine which ones apply to you. The most common risk factors are: Female Age 50 or older Past menopause Prolonged sex hormone deficiencies Ovaries removed or menopause before age 45 Not enough calcium in diet Limited exposure to sunlight or insufficient Vitamin D in your diet Not enough physical activity Family history of osteoporosis Thin, "small boned" White or Eurasian ancestry Smoker Caffeine (consistently more than 3 cups a day of coffee, tea, or cola) Alcohol (consistently more than 2 drinks a day) Excess use of certain medications (cortisone and prednisone, anti-convulsant, thyroid hormone, aluminum containing antacids)

Sufficient scientific data doesn't yet exist to indicate which of these risk factors are better predictors of bone loss. However, several of these factors have been shown to be stronger predictors than others. These include a strong family history of osteoporosis, prolonged use of cortisone or prednisone, and early menopause. If one or more of these strong predictors apply to you, the Osteoporosis Society of Canada recommends that you talk to your physician about having a bone mineral density test done.

Assessing your risk factors can also help you to see where changes can be made. Some of these factors are a result of heredity, but others relate to life-style. By making changes to these life style factors, you are doing something to improve bone health and lowering your risk of developing osteoporosis. It is never too late to start.

If you have questions regarding osteoporosis, please contact your family physician or your local Public Health Nurse.

Aid Package does little for farmers

By Calvin Daniels

It looks a lot like a band aid at a time when the patient requires complicated heart surgery. That seems to be one way to look at the new farm aid package unveiled last week by the federal government. The money, while technically adding up to near the $1 billion many farmers have asked for, is really more of a smoke-and-mirrors show, looking good until the farmers realizes exactly what they are likely to get. To begin with Saskatchewan has opted back into the AIDA program. If there's one thing farmers have been near unanimous on - and the Saskatchewan government has agreed in the past - it's that AIDA is a seriously flawed program. Manitoba has stuck it out through the debate, but Saskatchewan had seemed to free itself from the complicated and relatively ineffective program. But they have jumped back into bed with the Liberals on it for the sake of the deal. There's $400 million in the numbers for cash advances. That's hardly taxpayer money flowing to aid farmers in their fight against foreign coffers aligned in a trade war. Instead, it's farmers borrowing from themselves. It's money which must be paid from future crop sales. Given forecasts of continued low prices this will only extend the period of pain, not cure the problem. And for government to say it's them anteing up the money is a joke. It's like the banks saying they are aiding the crisis by lending money. The only aspect the feds justifiably can take credit for is the interest charges on the money. Potentially borrowed internally from the huge surplus, even those costs are suspect. The $40 million in new programming, to be announced in the upcoming provincial budget could be interesting, but the dollars are small. Targeted they might be indeed useful, but honestly won't save a farm. That brings us to the bottom line of $400 million in new money. And therein lies the problem. That $400 million will go to Saskatchewan and Manitoba, at a time when Saskatchewan farmers have been calling for $1 billion in new money for this province's farmers alone. The $300 million headed to Saskatchewan is about 30 per cent of the bare minimum farmers have been saying is a must. Thirty cents on the dollar and the government is smiling at the job they've done. Remember there are farm groups which are suggesting real losses in Saskatchewan alone are nearer $2 billion, and the feds and province ante up $300 million and suggest it's all that's needed to offset the problems of the last year. If the $2 billion figure was correct, and it was borrowed money, the interest on a year would eat away most of what the 'new' aid package will send this way. Following Monday's budget when taxes were trimmed and other goodies doled out, farmers are left eating from garbage cans.

By Special Arrangement with Tams-Witmark Music Library, Inc.

In Memoriam

Wright - In loving memory of a dearly beloved wife, mother and grandmother Eva (wife of Harvey C. Wright) who passed away March 22, 1977

Memories grow dearer,
As time passes on,
When you long for a face,
And a voice that is gone.
No words we speak could ever say,
How much we miss her every day.
Deep in our hearts her memory is kept,
To love, to cherish, and never forget.

Lovingly remembered and sadly missed by daughter, sons and their families. x (C6)

Zariwney - In loving memory of my dear husband, father and Dido Fred, who passed away March 10, 1995.

Those whom we love go out of sight
But never out of mind
They are cherished in our hearts
Of those he leaves behind
Loving and kind in all his ways
Up right and just in all his days
Sincere and true in heart and mind
Beautiful memories he left behind

Always remembered and sadly missed by his wife, Helen and family. x (C6)

In Memoriam

Prokopchuk - In loving memory of a dear Husband, Father, Grandfather Steve, who left us to be with the Lord March 4, 1998.

This month comes with great regret
A thousand prayers won't bring you back
And neither will a million tears
To have you by our side

Lovingly remembered, sadly missed by wife Sadie, children & grandchildren. x (C6)

Scott - In loving memory of my mother, who passed away March 10, 1999.

As long as I live
I will always be glad
Grateful and proud
Of the mother I had
Never more than a thought away
Quietly remembered every day
In my heart, your memory is kept
To love, to cherish, to never forget

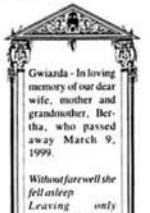
Lovingly remembered by your son Barry. x (C6)

In Memoriam

Bruce - In loving memory of Marian Bruce, who passed away March 8, 1999.

Some people come into our lives and quietly go...
Others stay for awhile and leave footprints on our hearts and we are never the same.

Lovingly remembered by Brian, Blair, Kristi, Aaron and Robyn. x (C6)



Gwiazda - In loving memory of our dear wife, mother and grandmother, Bertha, who passed away March 9, 1999.

Without farewell she fell asleep
Leaving only memories for us to keep
But in our hearts she will always stay
Loved and remembered every day

Forever remembered by husband Roy, daughters Debra and Janice, and grandchildren Melissa and Michael. x (C6)

Card of Thanks

Many thanks to the Roseneath Community Club for the lovely plant. It is so nice to be remembered by the Roseneath District. Bill & Agnes Young. x (CD)

We express our sincere and heartfelt thanks to relatives, friends and neighbours that brought food and sent sympathy cards in the loss of our dear husband and father, Wesley Duchorminsky. Special thanks to Alex & Charlie Geletchuk, Glen & Ada Shellborn and Edna Brewster for their many acts of kindness. Thank you all. Edna, Jodi, Vern & Sarah. x (CD)

We would like to express our sincere thanks for all the acts of kindness during my (Dorothea's) hospital stay and at home recovery. Thank you for all the phone calls, visits, cards, flowers and gifts. A heartfelt thanks to Drs. Marlatt, Khandelwal and Roche, and all the nursing staff at the Minnedosa Hospital. Special thanks to Rev. Peter Falk. Sincerely, Dorothea and Jim Charette, our children and grandchildren. x (CD)

Cards of Thanks

It is impossible to express my thanks to all of you on an individual basis. I would like to say thank you to those who sent cards and flowers and made inquiries during my surgery and convalescence. A special thank you to the staff of the Minnedosa Hospital, who took the time to assemble their little mementos. Also a thank you to the Personal Care Home staff for their card. Sincerely, Ray Bright. x (CD)

Sobie - Our sincere thanks to relatives and friends for your support and kindness following the loss of Mike (Grandpa). For the many cards, flowers, food & phone calls. To Rev. Delgaty for the service, the Legion Ladies Aux. for lunch and Sparrow Funeral Service for arrangements. May God Bless you all! Irene Sobie and family. x (CD)

My sincere thanks to the doctors, nurses and staff of the Brandon and Minnedosa hospitals for the care I received during my stay. Thanks also to the Home Care girls who have been such a help. A special thanks to family and friends for visits, cards, fruit, flowers and baking. Your thoughtfullness was greatly appreciated. Elsie Wareham. x (CD)

I would like to thank my dear friends of the Roseneath Community Club for the beautiful Kalanchoe plant and for thinking of me, and wishing me a Happy Spring! Thinking of you and wishing you all a Happy Easter Season. God Bless. Dorothy Lewis. x (CD)

Obituary

John Sydney Renton
1920-1999

On Tuesday, December 7, 1999, Sydney passed away at the age of 79 years. Sydney was born April 13, 1920 in Churside, Scotland. He came to Canada, a young boy along with his parents Jack and Margaret Renton and two siblings; Douglas and Doreen.

He took most of his schooling at Tales and Erickson, MB. Sydney joined the Navy in January 1944, spent two years in the Pacific on the HMCS Uganda.

After his discharge from the Navy, he continued his education and received his BA at the University of British Columbia. He took Hospital Administration at the University of Toronto. He worked in hospitals in Iroquois Falls, Ontario, Wallaceburg, Ontario, Plainsfield Hospital New Jersey, USA. His greatest achievement was his contribution to the building and operation of the York Finch Hospital in Toronto, Ontario until his retirement. He spent his last years in Edmonton, Alberta.

He will be lovingly remembered by: Wife Kathleen Renton, Son Bruce, Daughters Carole, Lynn and Valerie, Brother Douglas and wife Jean of Calgary and Sister Doreen Renton of Victoria.

The light of God surrounds us,
The love of God enfolds us,
The power of God protects us,
The presence of God watches over us,
Wherever we are, God is!

Rest in Peace Dear Sydney. (C7)

Obituary

Ralph Zachary

Born in Sandy Lake, MB on January 30, 1921, Ralph was the 5th child of Charles and Pearl (Dola) Zachary. Ralph started attending school in 1927. In 1937, Ralph was 15 years old when he quit school after attending Grade 10 for only 2 days. During those years, Ralph was kept busy feeding, watering, cleaning, and grooming the dozen or so family horses. He also helped by pitching hay during the summers and gram sheaves during harvest. When Ralph left school, he became very involved with the family enterprises. These included the gram farm, cattle, a sawmill, and custom gram threshing.

In December of 1942, when Ralph was only 21 years old, he was conscripted into the Canadian Army. During his 3 year "tour of duty", he was stationed in Winnipeg, MB; Camp Borden, ON; Wainwright, AB; Terrace, Chilliwack, and Port Alberni, British Columbia; and finally at Sussex and then St. John's, New Brunswick. His battalion was preparing to leave for Europe just days before the war ended. The experience of travelling and meeting so many different people in the Army had a lifelong impact on Ralph. Many of his memories and stories were spawned during those three years.

On January 14, 1951, Ralph married Pauline Alice Kapuniak, daughter of Frank and Olga Kapuniak of Ketchen, SK. They lived with Ralph's parents until spring time, then moved into a small cabin on the Rackham property. Here they lived until 1957, when they moved back to the "home quarter" in Sandy Lake where Ralph's parents lived. They purchased a small house and moved it onto a new home site a few hundred feet from the family house. Their 1st son, Gary Clifford Zachary, was born on April 20, 1953. Their 2nd son, Alvin Glen Zachary, was born on December 20, 1958.

Although he actively farmed until 1998, Ralph and Pauline started wintering in Kelowna, British Columbia in 1972. Their oldest son, Gary, was attending college in Lincoln, Nebraska at the time, and their youngest son, Glen, went to school at the Okanagan Adventist Academy in Kelowna. They would stay with Pauline's parents, Frank and Olga Kapuniak during these times. When Pauline passed away in November 1987, Ralph continued to winter in BC, but would spend a few weeks each at Gary's home in Sydney and at Glen's home in Westbank. This was usually a highlight of his year since he was able to spend some time with his grandchildren as they grew up.

To most who knew him, Ralph will be remembered as a person who enjoyed telling as well as listening to a good story, who often had a twinkle in his eyes, was willing to lend a helping hand, who gave great bear hugs, who expressed himself through the things he made, and who took great pains not to be a bother to anyone. Passing to his rest on February 17, 2000, Ralph is survived by: his son Gary, his daughter-in-law Lucille and their children Donovan, Devon and Dawnae of Sydney, BC; his son Glen, his daughter-in-law Carmen, and their daughter Savannah of Westbank, BC; his brothers Peter of Sandy Lake, MB and Edward of Ponoka, AB; his sisters Olive Lenkewich of Sandy Lake, MB, and Frances Nolan of Ponoka, AB, and of course, many nephews, nieces, cousins, and friends.

Funeral service was held on February 21st in the Chapel of First Memorial Funeral Services, Kelowna, BC. Interment was at Kelowna Memorial Park Cemetery.

Pallbearers were Glen Zachary, Victor Kapuniak, Loretta Wolski, Brenda Adams, Merrill Zachary and Raymond Zachary. (C7)

Obituary

Michael Sobie

Michael Sobie age 75 of Minnedosa passed away at home February 24, 2000 after a short illness.

Michael was born and educated in Brandon, MB. He came to Minnedosa in 1970 and married Irene Davies of Minnedosa, August 29, 1985. Throughout his life Michael was active in the Army and Navy Club of Brandon as well as the Royal Canadian Legion Branch #138, Minnedosa and the Elks Lodge, Minnedosa. Michael was predecessed by his parents. He is survived by his loving wife Irene, step-son Allan (Sandra Boyd), Minnedosa, step-daughters Carol (Ernie) Sydor, Kelowna, BC, Sally McManus, Erickson, MB, Janet (Dennis) Brown, Port Hardy, BC, as well as eight grandchildren and two great grandchildren. Michael is also survived by sisters Marg Martinook, Brandon, Ann Homink, Brandon, Rose, Orillia, ON, and brother Wally, Calgary, AB.

Funeral service was held at Sparrow Funeral Chapel February 29, 2000. Rev. Tom Delgaty officiating. Cremation has taken place and interment will take place at a later date. Sparrow Funeral Service in care of arrangements. (C7)

Obituary

Joseph Patrick Carr

The death of Joseph Patrick "Pat" Carr occured on Friday, February 18, 2000 at the Brandon Regional Health Centre. Pat was born to Malcolm and Eva Carr on November 1, 1918 in Crosby South Township, Leeds County, Ontario (North of Kingston). He was the oldest of a family of 15 children. Although he would have liked to continue his education, he left school to go to work to help support his parents and younger brothers and sister. As a young man, he worked as a laborer on the Great Lake ships, on construction, as a fishing guide, and mostly on farms. In 1944, he married Adelaide Jardine. His adventurous, ambitious nature led him to move "out west" to Manitoba with his wife and young daughter Patti in 1946. He bought and operated Pat's Cafe in Erickson for the first nine months. During that time, his only son James Malcolm was born. The family then moved to Rapid City where he was in business for 27 years. He owned and managed the local restaurant and insurance business/liquor commission outlet. While in Rapid City, Judith Darlene and Bonnie Lee were born in Minnedosa. Pat was active in the community over the years, having served as: Secretary of Town Council, Mayor, Chamber of Commerce Member, United Church Board Member, skating rink/arena board member, member of the Odd Fellows and Masonic Lodges, and hockey coach. He contributed greatly in every area of involvement and extended compassion and understanding to all of his customers and acquaintances. He had a great love for music, dancing, animals and bird watching. Tragedy struck the family in 1966 when Pat and Adelaide's youngest daughter Bonnie died from cancer at the age of 12. He sold Pat's Insurance Agency and retired to Brandon at the age of 59. During his 21 years of retirement, he had time to reflect on his life, enjoy his grandchildren, visit with his many good neighbours, friends and coffee buddies, and enjoy some of his favorite television shows. He also had the opportunity to travel "down east" on several occasions (driving his own vehicle) and enjoyed a trip to Hawaii and a Caribbean Cruise. His relationship with his great-granddaughter Riley was special. Her company was a highlight to his last year of life. He was a "rock" and provided for and assisted his immediate and extended family in the best way he knew how. He was a proud man and had high expectations of himself and his family. He was considered by many to be a "legend in his own time". Pat was a "trooper" (as described by hospital staff) right until the end, after fighting a bleeding ulcer, sugar diabetes, pneumonia and finally heart failure. He will be greatly missed by his family and all who knew him. Pat was predeceased by his parents, his daughter Bonnie, brothers Wallace and Clark and sister Beatrice Mitchell. Pat is survived by his wife of 53 years, Adelaide; daughters, Patti Elvers and Judi (Alan) Taylor, son Jim (Dianne) Carr, grandchildren, Pam (Mike) McLean, Lee Elvers (Kim Daniels), Ashley and Amber Kullberg, Jamie, Monica and Laura Carr; the Taylor children Amanda, Michael, and Laura; great-granddaughter Riley McLean; sisters Leona (Gerald) Bennet, Mabel Standen, Ruby (Elmer) McGuire, Ulla Carr, Carol Paull, Sharon Decker, brothers, Howard, Floyd (Freida), Nathan (Shirley), Frank and Norman (Eleanor), as well as numerous nieces and nephews. A memorial service was held at the Brockie Donovan Chapel on Tuesday, February 22, 2000. As per Pat's request, Rev. Steve Wilson assisted by Rev. Boyd Drake officiated. Doreen Stapleton was organist and Pam Hyndman soloist. Interment followed in the Rapid City Cemetery. Donations in memory of Pat, may be made to the Heart and Stroke Foundation, 203-42 McTavish Avenue East, Brandon, R7A 2B2 or the Canadian Cancer Society, 415-1st Street, Brandon, R7A 2W8. Arrangements were in care of Brockie Donovan, 727-0694. (C7)

Obituary

Verna Irene Nylen

Verna Irene Nylen, Late of Saskatoon, passed away peacefully on February 25, 2000 in St. Paul's Palliative Care. Verna was born on July 30, 1929 in Minnedosa, MB. Over the years Verna resided in Dryden, MB, Willowdale, ON, Cobourg, ON and Allan, SK. Verna is dearly loved by her children Gordon (Sharon) Nylen and grandchildren Sarahann, Daryl and Trevor of Regina, SK, Boyd (Beverly) Nylen and grandson Bill, Kevin and Eric of Airdrie, AB, Colleen (Don) Nylen and grandchildren Dennis and Monique of Calgary, AB, Kevin (Sue) Nylen of Vancouver, BC, Anita (Wayne) Labreche and grandchildren Roland, Heidi and David of Saskatoon, SK, sister-in-law Martha Strahl and brothers-in-law Ken Nylen and Gerald Keating as well as numerous nieces and nephews. Verna was predeceased by her parents Louis and Hildur Strahl, husband Leslie, sisters Helen Keating and Lucille Watchorn and Brother Bill "Oner" Strahl. The Funeral Service was held on Tuesday, February 29, 2000 from Acadia Drive Funeral Chapel with Pastor Virgil and Pastor Irene Stauffer presiding. Interment at Hillcrest Memorial Gardens, Saskatoon, SK. Donations may be made to the Covenant Bible College (630 Westchester Road, Strathmore, AB, T1P 1H8). Funeral arrangements were entrusted to Acadia Drive Funeral Chapel-Wally Markewich director 955-1600. (C7)

Obituary

Florian Wolski

It is with deep sorrow the family announces the sudden passing of Florian Clifford Wolski on February 11, 2000 in Sherwood Park, AB.

Florian is survived by his wife Doreen and will be lovingly remembered and sadly missed by his daughter Maylene (Paul) Davis, two grandchildren; Michael and Nicole Davis, all of Winnipeg, MB, three brothers; John (Frances) Wolski of Selkirk, MB, Rudy (Vi) Wolski of Sherwood Park, AB, Dennis (Delores) Wolski of Hinton, AB, one sister; Donna (Gerald) Spack of Dauphin, MB, along with many nieces and nephews.

Florian was born on May 29, 1938 in Basswood, MB. He thoroughly enjoyed his chosen career in heavy equipment sales and was never at a loss for words of wisdom servicing his customers. He was known for his zest for life and was an avid outdoorsman who enjoyed golf, fishing and hunting.

Florian was predeceased by both parents, Joe and Kathleen Wolski.

A funeral service was held on Wednesday, February 16, 2000 with interment at Glenwood Memorial Gardens, Sherwood Park, AB.

Pallbearers were Everett Wolski, Darren Wolski, Derrick Spack, Barry Beach, Don Schofield and Bob Tessier.

The family wishes to express their thanks and deep gratitude to the pallbearers and extended family and friends for their support during out time of sorrow.

We treasure all our memories
And forever in our hearts you will remain
Throughout our lives
Until we meet again

Simply Gardening

Doug Green
Simple Gifts Farm

One question that seems to pop up this time of year (maybe its all the mud we're looking forward to) is which plants will grow in damp soils. The problem I had was in choosing the plants to list, there are just too many great ones that deserve a spot in the garden. So, without further fuss, here's my favourite plants for a wet garden.

One of the best has to be Aconitum or Monkshood. This plant does extremely well in damp, rich soils and the beautiful blue or blue-white blooms are a favourite of the mid-summer garden. Plant in full sun and fall in love with the 4 foot tall flower spikes. It is best to warn you that this is a poisonous plant but unless you are in the habit of munching on your plant roots, (and to some extent the leaves of this plant) it won't bother you at all. The most commonly available species is A. napellus and its varieties but often you'll be able to find the rarer yellow flowering A. lycoctonum in specialty nurseries. Both are quite hardy into zone 5 (USDA 4).

The entire Actaea family is well suited to wet soils. Now that the botanists have moved Cimicifuga into the Actaea family, we'll have to remember to include this in all discussions of bog plants. The Actaea racemosa (Bugbane or Black Cohosh) is a North American native and its 5 to 6 foot tall flower white flower spikes are a distinctive mid-summer accent to any shady or part shade garden. A shorter form A simplex is often available through garden centres and it too is easy to grow and quite hardy.

Most of the Aster family, will believe it or not, do quite well in damp soils. Even though we mostly see them growing in drier soils, they thrive in the richness of the bog. You'll have to control their growth by spring division as they respond to the fertility and water with rampant growth. This is true for both annual and perennial forms of Aster.

Its pretty difficult to ignore either of the Astilbe or Astrantia family in any discussion of bog type plants. I'm going to. Most garden writers wax poetic about them but you can find them in any garden centre and they grow well almost anywhere.

Boltonia is a summer blooming plant that loves the moisture and should be grown in more gardens. It resembles a dainty aster plant with billows of flowers. You'll find varieties in white, pink and violet shades. Grown in the full sun, this North American native reaches 3-5 feet tall depending on variety and is well worth growing.

Camassia bulbs are sometimes found in better garden centres or catalogues and I'd recommend them just about any day for the adventurous gardeners. Hardy, native, pest-free with wonderful blue flowers these bulbs are impossible to kill in the bog garden. If you get hungry, you can even eat them as they were part of the staple diet for the native population. If you remember a few weeks ago, I wrote about another blue plant - the Campanula family. They also do quite well in boggy conditions besides being a general garden plant.

I have three species of Chelone (Turtlehead) in my garden and I like them all. They grow best in a sunny bog and they flower (white, pink, reddish-purple) very late in the season when most plants are considering going dormant for the fall. Growing between 2 to 3 feet tall (mine consistently hit 3 feet) they are good cut flowers as well as good border plants. I'll be dividing mine like crazy this fall to move them from the main border into the new bog garden as a featured plant. You'll find C. glabra (white or rose tinted flowers), C. lyonii (reddish purple flowers) as well as C. obliqua (reddy purple but early than C. lyonii) in garden catalogues.

Interestingly enough, Coreopsis verticillata and C. rosea grow very well in bog-like gardens. They like having wet feet. I've mostly grown these in the main perennial border but will be giving them their opportunity this fall to enjoy a wet spot. Grow these forms of Coreopsis because they flower the longest (almost all summer) and are the hardiest. Other species such as C. lanceolata and C. grandiflora will survive in the bog but are comparatively short lived.

The various Filipendula (Meadowsweet) species also grow well in our wet garden. I have a few that have been clinging to life up in a dry shade bed (yes,I know that's the wrong spot, but I like to experiment) that I think I'll give another chance at a good life. I do like Filipendula ulmaria 'variegata' and I'm looking forward to seeing what will happen when I give it the conditions it prefers. Any of the Meadowsweets will do well in the garden.

Who could grow a good damp garden without adding gentians to the plant palette? These blue-flowering sweethearts are the queens of the garden and deserve a prominent place. You'll find G. asclepiadea (Willow Gentian) in better garden centres and if you plant it in a shady damp garden you'll be rewarded with the bluest late summer flowers you'll ever want. G. andrewsii is going to be harder to find but equally worth the search. It loves the acidic soils of bog-side gardens and its stout flower stalks will grace any bouquet (if you can bear to cut them).

You know, I've run out of space and I haven't even gotten past the "G's" in listing good plants for the bog garden. Next week, I'll add to the list and let you start browsing the catalogues to search for your own favourite bog garden plants.

Legion Ladies Auxiliary

Legion Ladies Auxiliary to Branch 138 held their regular meeting February 8 in the Club Room. 24 members were present. President Muriel McManus chaired the meeting.

Minutes and Treasurer reports were presented to the members with both reports accepted. Treasurer and Secretary gave a year end report with a good year behind us.

Donations were made to Rolling River Festival of Arts and Big Brother & Sisters Bowl-a-thon. Delegates were chosen for Dist Meeting in March. Auxiliary has made plans to help the Branch financially on the cost of redecorating the Club Room.

1883 ~ THE OLDEST WEEKLY NEWSPAPER IN THE CANADIAN WEST ~ 2000

Teaching tradition

Leonard Slobodian's Grade 11 and 12 Art students at Erickson Collegiate got in touch with their ethnic side last week as they practiced the ancient slavic art of Easter egg decorating.

Mr. Slobodian has been teaching his students to make Pysanky for about six years. The students used the traditional kistka, a tool dipped in bee's wax, to sketch out their designs before the eggs are dyed a variety of colors.

The art of Pysanky had its beginnings well before the beginnings of Christianity. Although records date no further back than the 13th century, many of the characteristic design patterns, have been traced to the neolithic age. To the very early Ukrainians, Pysanky combined the power of the sun and spirit worlds.

18 hole expansion moves "fore"ward

Mayor Drebit & Dan Johnson

By Nancy Chemerika

Town Council made a unanimous decision to support the tourism future of Minnedosa last Tuesday evening when they agreed to purchase the property necessary for the expansion of the local golf course to 18 holes.

After months of price wrangling, 80 acres directly south of the golf course will be purchased for an undisclosed amount from Son Huynh. The funds will be coming out of the general operating reserve.

"Golf is one of the fastest growing sports in North America today," stated Mayor Drebit. "To compete with communities for the golfing dollar, we have to make sure we are on the cutting edge, and thinking towards the future. We have one of the finest nine hole golf courses in south-western Manitoba. The additional nine holes will just make it that much more attractive. I feel we will be able to attract people to our community from a greater distance by expanding to 18 holes."

Mayor Drebit added that Council as a whole was pleased to be able to make the expansion possible for the Golf Club.

"It's an investment in the future of Minnedosa as Westman's favorite vacation spot. We firmly believe that recreation plus tourism equals economic development."

Administrator reports $63,000 surplus

By Nancy Chemerika

Last Tuesday, Administrator, Gail Graves, informed Councillors Nylen, Everett, Trott, Willis and Graham, and Mayor Drebit, that a surplus of $63,977.18 was experienced in the general operating fund last year, subject to any audit changes.

The surplus represents about 3% of the total operating budget, and resulted from increased revenues in the form of sale of Town property, added taxes, increased provincial/municipal tax sharing, GST audit refund, and MPIC claims.

Council agreed to transfer the surplus into the general reserve.

The utility operating fund experienced an operating deficit of $15,870.55. The deficit was the result of the revised water rate structure not being implemented until the third quarter. After an audit, permission will be requested from the Public Utilities Board to recover the deficit from the Water District Reserve.

In other Council news, Councillor Willis brought forth a resolution that the town forgive the $4,000 loan for the well drilled on Town property in 1998 to service the cabin area.

Councillor Trott spoke against the resolution, stating that he fully supported the original to loan the Parks Board the money to drill the well because it was an urgent matter.

"We have a tendency around this table to loan money to organizations on a returnable basis for numerous things," stated Trott. "I think the Parks Board, if they are in arrears, need to establish a new payback schedule. I would suggest that they pay it back, because everyone else has had to."

Mayor Drebit noted that he agreed with Councillor Trott that the loan should be paid back, and that a repayment schedule should be established. The motion was defeated.

A request from the Chamber of Commerce that the Town renew membership for 2000 was tabled pending information regarding other towns' membership in their Chambers. Council will also be requesting the Chamber's mission statement be sent to the Town for review.

Council agreed to cost share the meeting of the farm focus group, held recently at the Conference Centre, with the R.M.'s of Minto, Odanah and Saskatchewan.

Council gave second and third reading to by-laws authorizing the issue of debenture for the lake dredging and the east side development, to extend water and sewer to the cabin area.

Council authorized the Administrator to send a letter to the Minister of Highways forwarding requests from the local Tourism Committee. The committee is requesting clearer signage directing visitors to the campground, and a surveillance camera at the Highway 16 & 10 rest stop to help prevent vandalism. Council also agreed to authorize superintendent Jamieson to get a quote to construct a new tourist booth.

RRSD budget finalized
- Town's special levy to increase 2.68%

By Nancy Chemerika

The 2000/2001 Rolling River School Division budget was finalized by the board at last Thursday's meeting. According to preliminary budget figures, the Town of Minnedosa will see a special levy increase of $16,898, or 2.68% compared to 1999. Last year, the Town's special levy requirement increased $42,500, or 7.24%, over the previous year.

"We think it's a decent budget," stated RRSD secretary-treasurer, Duane LaCoste. "Of course we would like to get it to zero, but then we would probably have to look at dismantling programs. We have maintained programs at a small increase."

Other area municipalities to see an increase in their special levy are the R.M. of Minto, a $6,565 increase compared to a $16,800 increase last year, the R.M. of Odanah, $4,436 compared to $18,856, R.M. of Saskatchewan $7,387 compared to $33,081 in the previous year. The R.M. of Clanwilliam will also see an increase in their special levy of $5,087; Town of Erickson, $2,354; Town of Rapid City $2,420; R.M. of Harrison $5,368. The total special levy for Rolling River School Division is 4,481, $122,744 over last year.

The total expenditures for the division for 2000/2001 is $14,792,120, compared to $14,468,750 for 1999/2000. Regular instruction expenditures will increase from $9,238,230 to $9,351,900 in 2000/2001. Despite the expenditure increase, largely due to salary and benefit increases, there will be an overall staff reduction of seven full time teaching positions throughout the division. However, the funding for two additional positions have been included in the budget, should an increase in population take place in September, and it is determined that additional staffing is required. RRSD Superintendent, Neil Whitley, could not comment at this time where the positions will be cut from at this time, but he did note that the Division is hopeful that attrition will prevent any layoffs.

"We have looked at every classroom in the division. In certain years there are bubbles of students which creates a situation where extra staff is required. This year, those bubbles have evened out, and we felt that we could take positions out without affecting the quality of education," stated Whitley.

Also in the area of expenditures, special education will see a decrease in spending from $1,081,750 to $1,075,700. Administration costs increased to $605,925 from $547,600, transportation costs increased from $1,260,560 to $1,361,150 in anticipation of a large increase in fuel costs and new school buses. Maintenance costs and fiscal services costs also increased somewhat.

For the 1999/2000 year, Rolling River School Division has a pupil/teacher ratio of 17.8:1. Total expenditure per student is $6,292.

Total revenue for the division is projected at $10,350,235, leaving the special requirement at $4,441,885. Provincial funding increased from $9,159,951 to $9,377,235. Revenue from other divisions increased by $5,000. Payroll tax remained the same as last year, $223,000, as did Drivers Education, $10,000. First Nations Revenue increased by $30,000 to $590,000.

"When the province announced a 3.8% increase in funding for education, we realized that would probably not translate into a 3.8% increase in funding for Rolling River School Division," explained Whitley. "We will make due with what we have. We would always like to have more money, but fortunately, the budget translates into a minimal increase for ratepayers in this division. The board and administration have worked very hard to reduce costs where they can, and to maintain programming."

Minnedosa hosts Provincial Pee Wee B Championships

Minnedosa faced off against Gladstone during opening night play of the Provincial Pee Wee B Hockey Championships held at the arena last Thursday to Sunday. John Motuz led the scoring with three goals. Final score for the game was 9-0 for Minnedosa.

Other teams taking part in the tournament were Hamiota, Virden, Brandon, Russell, Arborg, Carman, Ste. Anne, and Cross Lake.

Results of the tournament will be published in next week's edition of the Tribune.

Elks donate to Library addition

Bill Webb, Minnedosa Elks Lodge #68, presented Library addition committee members, Dean Wareham, and Jude Wesley, with a cheque in the amount of $1,000, the proceeds of the Elks Bingo account, as well as an additional cheque for $500, proceeds from the Elks of Canada Fund for Children Charities Committee. The $500 will be dedicated to the expanded children's area to be located in the Minnedosa Regional Library addition.

Local Rotary fights polio

Bob Manns and Rick Burgess set up a collection box in Burgess Quality Foods to raise funds for the eradication of polio

The Minnedosa Rotary is once again taking up the Rotary International cause of the eradication of polio by placing collection boxes in local businesses to gather donations.

Rotarians around the world are striving to accomplish their goal of total polio eradication by the year 2000 and certification by 2005 when Rotary celebrates its 100th birthday. Certification means no cases reported for a period of three years.

"We hope this will be the final push to eradicate polio worldwide," stated Minnedosa Rotary president, Bob Manns. "It is a priority program world wide."

To date, Rotary International has given over $340 million U.S. for global polio eradication. The Minnedosa Rotary has been involved with the program since its inception in 1985. Other major participants in the program are the World Health Organization, the United Nations Children's Fund, and the U.S. Centres for Disease Control and Prevention. Since 1985, over one billion children have received the vaccine from this program.

Polio is a virus that attacks the nervous system resulting in paralysis and sometimes even death. It can strike at any age but typically affects children under three.

The Western Hemisphere has been declared polio free since 1994 but 48 countries in the world remain polio endemic; mainly India and many African countries. With modern travel, the polio virus can spread in a matter of hours.

The Polio plus Partners Program allows those in polio free countries to join polio endemic countries either by assisting in the National Immunization Days on site in these countries or by providing funds to the countries in need. Minnedosa Rotary has opted to send their funds to polio endemic countries.

In 1999, a 2:1 matching program was created for Canadian Rotary clubs by the federal government. For example a Rotary contribution of $1,000 is always matched by Rotary International, which brings the sum to $2,000, which is in turn matched 2:1, which results in a total of $6,000 to be used in a country of need.

Rotary has been a part of Minnedosa since 1943. Each year they support numerous worthwhile causes. Currently to raise funds for community service projects, Minnedosa Rotary is conducting a book sale which was extended due to its initial success.

The local organization also supports foreign exchanges through the Rotary youth exchange program. At this time Rotary's outbound exchange student is Ryan Pengelly of Erickson, who is spending a year in Vichy, France. Liz Reyes, Melbourne, Australia, is the reciprocal student, who is currently attending Grade 11 at Erickson Collegiate.

Rotary acts as facilitator in arranging host families for the students, school registration and general supervision of the student. Students are required to pay for their own transportation and general out of pocket living expenses. The students are interviewed and selected for the program by the home country Rotary Club.

Forrest Millennium bonspiel a success

The Millennium bonspiel held recently at the newly renovated Forrest rink was a great success in terms of enjoyment and fund raising.

A total of 48 rinks participated, and proceeds of the event will go towards the ongoing operation and maintenance of the rink, as well as future upgrades.

Winner of the A event was the Brent Ewasiuk rink.

Recent renovations to the Forrest rink are part of a $48,000 renovation project that will be partially funded through grants approved by the Manitoba Community Places Program and Community Services Council. The costs to date have been jointly covered by the Forrest Community Rink and the Forrest Special Projects Group. Costs for the project will be partially reimbursed by the Manitoba Community Places Program up to a maximum of $20,000, depending on the final expense tally.

Golf Course moves "fore"ward...

Continued from Page 1

Dan Johnson, President of the Minnedosa Golf Club, was pleased with Council's decision to purchase the property and noted that the fundraising committee would now be set in motion. He added that the Club would like to have $300,000 in place before construction begins, which would leave a manageable debt load.

According to a feasibility study released in 1998, the estimated cost for the expansion is $908,000, which includes other costs involved with the expansion such as fairways, irrigation, greens and tees, grow-in, professional fees, land purchases, expanding parking lots, and a fairway mower.

The study also proposed a yearly membership fee of $360 in order to sustain the upkeep of the proposed course as well as meet financial obligations due to expansion. A small green fee increase was also suggested. Currently a yearly membership costs $270, and green fees run at $18.

Construction will take approximately two years, which includes a grow in stage. Construction will not affect the current nine holes and Johnson said that play will continue uninterrupted during the expansion. A construction committee has been formed to oversee the project, chaired by Jeff MacDonald. Johnson noted that the project will begin as soon as the goal of $300,000 is reached.

"We have to remain competitive with other 18 hole courses in the area," stated Johnson. "We are very excited about the upcoming project. In 1998, 88% of the membership was in favour of the expansion to 18 holes, that hasn't changed. I was pleased to note that Council was unanimously behind the expansion, and that they see how important a golf course can be in bringing people into town."

New from Manitoba Crop Insurance

Excess Moisture Insurance

The Excess Moisture Insurance Program (EMI) is designed to help farmers unable to seed due to flooding and heavy rain conditions. To be eligible for EMI, you must have a Crop Insurance contract.

Insurance is available for over 40 crops for a low premium charge. Ask about this year's High Dollar Value Option which allows you to increase your dollar coverage based on price forecasts later in the year. Contact your local Crop Insurance agency office for further information.

Available to all Crop Insurance contract holders

Remember - Apply for your Crop Insurance contract by Friday, March 31, 2000

Farmers lose to consultants in funding game

While farmers are working their fingers to the bone, there are groups out there like the Canadian Farm Business Council (CFCMC) who make a living harvesting taxpayers.

The CFBMC is a non-profit corporation headquartered in Ottawa that gets a monthly allowance from the federal Department of Agriculture. Their mission is to "support Canadian farmers through building partnerships and facilitating the development and sharing of innovative business ideas." It has five or six staff and a 22-member Board of Directors.

While hard-pressed western farmers suffered through the worst income crisis since the Great Depression, the CFBMC's expenditures grew from $1 million in 1995-96 to $2.3 million in 1996-97, $3.5 million in 1997-98, and $5.7 million in 1998-99. Grants through the Department of Agriculture kept pace with the Council's spending until the end of the fiscal year in 1999, when the Department advanced them an amount 2 1/2 times larger than normal in order to prevent a deficit in the Council's operations. While the Council was getting topped-up in such generous fashion, farmers were practically begging for relief.

So what exactly are we getting for our money? Well, according to an Access to Information request filed by the CTF with the federal Agriculture Department, the chairman and another board member got a trip to a conference in South Africa, and another Board member got a trip to France. But that's small potatoes. By the end of the current fiscal year the Council will have spent over a million dollars on travel, accommodations, and equipment for council meetings over the past four years. A bloated Board of Directors with 22 members from all across the country that meets six times a year isn't cheap.

We are also getting consultants by the bushel. As of the end of this fiscal year, it is projected that the Council will have spent almost $3.5 million on consultants over the past four years. The yearly amount almost tripled from $479,136 in 1996-97 to $1,261,309 last year. Maybe farmers hit by low grain prices should plant consultants this spring.

We're also getting some very expensive meetings and conferences at the Kananaskis Resort in Alberta, the Nottawasaga Resort north of Toronto, and the Moose Jaw Mineral Springs Resort just to name a few.

After spending $31,878 on conferences in 1996-97, the conference budget grew by about seven times to $227,900 last year. The "Excellence 2000" conference held at the Banff Springs hotel in February of this year was expected to cost a cool half-million, paid for by a mix of tax dollars and convention fees of $825. Rumour has it that one speaker alone cost about $100,000 for his fee, travel, care and feeding.

We are also getting board games. The Council has spent $304,000 to develop a board game for farmers called "The Great Globalization Game" that costs about $90 to purchase. The rationale for spending wads of cash on the board game according to the CFBMC's 1998 Annual Report was: "In these times of stress and pressure, people need to have some fun." After trying to figure out the AIDA rules, I don't think prairie farmers are in the mood to play any more government games.

Globalization is no game, and it's time the federal government and groups like the CFBMC stopped treating tax dollars like Monopoly money.

-Richard Truscott Saskatchewan Director
Canadian Taxpayers Federation

Museum fodder
Still cherish that so recently purchased Pentium 133 or 166 computer with the amazingly huge 1 gig hard drive? Well, you can do two things with it these days. Sell it for about two hundred bucks or donate it to your local museum as an exhibit. This week Intel will release the new one GHz version chip to replace their recently released 7 and 8 hundred megabyte chips. The one gig chips (that's computer clock speed - not hard drive memory capacity) will debut in the new H-P computer line shortly. Computer speed regularly doubles every 12 to 18 months and this year has been no exception. If you are using older programs and are happy with the performance, you will still get a few more years of service out of the old hulk, but if you are upgrading programs in the next year, you may well find the old computer just won't operate under the crushing weight of the new programming designed for these 1 GHz monsters. Oh, and if you buy one of these new speed demons, don't forget that within a year from now it, too, will be well on its way to the dump, having been replaced by another, at least double the speed of todays sleekest and fastest. You just can't win!

Border problems?
While illegal Chinese immigrants land on our shores in the hundreds every month, we don't even begin to have a problem compared with the southern U.S.. Figures released this week show that the U.S. Border Patrol in the state of Arizona, alone, apprehended 73,492 illegal Mexican immigrants in the month of February -a 50% increase over the previous year!

More on Arizona!
The most popular and spectacular genre of desert cactus in Arizona is the familiar Saguaro. The Saguaro lives for over 150 years and during that time can grow to a height of fifty feet and weigh 8 tons! A Saguaro cactus of that size will hold, on average, 6 tons of water and during the rainy season can swell to over twice its regular size!

LETTERS TO THE EDITOR

Dear Editor,
Canada's Federal Government created the Bank of Canada by law on March 11, 1935.

"Section 18, clause (1) item (c)—The Bank of Canada may—buy and sell securities issued or guaranteed by Canada or any Province".

Our Bank of Canada can supply money, in the form of credit "to (the government of) Canada or any Province".

,When economic conditions occur so there is need to increase the money supply for any part of our economy, it follows that the Bank of Canada is the scource for this credit. The Bank of Canada Act states clearly 'individual citizens' can not use the Bank of Canada, "only Canada or any Province" may.

The Charter private Banks are allowed, by the Bank Act of 1913, to issue credit to individual Canadians but this is always Debt-Money-Credit. That means the private Banks want the credit paid back to themselves plus interest and collateral in case the borrower can't make the payments or dies.'

This private banking loan procedure results in removing credit from our economy.

This removal of credit has a similar effect on the money supply, as does inflation. It causes a loss of the purchasing power of our currency. This explains why we must pay more dollars for our needs than was necessary previously.

If we want to maintain any service or employment the money supply must increase. It is no more complex than the above. We need to remember that as citizens we seldom pay ourselves interest. Nor do we need to pay our own Bank of Canada interest.

As our population increases so must our money supply increase. When a major part of our economy, such as the Wheat producers, fail to earn a sufficient income (because of very low prices) there is also a loss of the money supply for our national economy.

Our Bank of Canada must respond to provide the necessary credit for our needs like health care, education, pensions, and agriculture etc...

The government must seek the credit from our Bank of Canada instead of from the private Banks.

Yours Truly,
C. M. Robson
Deleau, MB

Local adoption agency helps 23 families in one year

By Nancy Chemerika

By March 15, 2000, Canadian Advocates for African Children Inc., a Minnedosa based adoption agency, will have been licensed for one full year. During that time, the agency which specializes in inter country adoption, has surpassed their goals and helped or is in the process of helping 23 families. Eleven new families have recently contacted them as well.

Roberta and Neil Galbraith, Minnedosa, and Dr. Richard and Deborah Northcott, formerly of Minnedosa now of Medicine Hat, Alberta, formed the non-profit adoption agency to become one of three in Manitoba. Child and Family Services, and Adoption Options are the other agencies in the province.

Families come to the adoption agency after hearing about them on the Internet, by word of mouth, or after being referred by the other agencies. The average age of a parent is 35 to 40 years old, and the families come from a variety of walks of life.

Although inter country adoptions are different from in province adoptions - there are literally hundreds of children who need families - the initial process is no different. The families must first be approved, be medically able, and have resources to provide. When helping a family, Canadian Advocates for African Children Inc. conduct mandatory educational seminars, contract social workers to complete home assessments, help the parents put their dossier of paperwork together, assist with the immigration process, arrange for travel, escort the parents if need be, conduct post placement reports and follow-up, and provide support after the new family returns to Canada.

Originally, the two couples felt they would satisfied if they worked with 10 to 15 families during the first year of operation. They have long surpassed that number, and now work with 10 countries: Russia, Vietnam, Brazil, the Philippines, Ethiopia, St. Vincent, Haiti, Romania, China, and the United States. The families they assist primarily come from Manitoba, but they also have clients from Nova Scotia, British Columbia, Alberta, Northwest Territories, and Ontario.

The Board of Directors for the Agency includes Richard Northcott, Neil Galbraith, Henry Carroll, Elgin Hall, and Laureen Janusz. Roberta is the executive director, and Deborah is the Adoption Services Co-ordinator.

The first family to become complete as a result of Canadian Advocates for African Children, arrived home on November 6th, with a baby daughter and toddling son, from Vietnam. The first time parents were referred to the intercountry adoption agency through Adoption Options.

"It was a great feeling when that first family came home," stated Mrs. Galbraith. "It's like, 'Wow! This really works.' It also gave us some credibility with other in province agencies, as well as overseas."

The adoption agency has become a full time job for Deborah. Both women work full time out of home offices, and are basically on call at all times.

"We didn't think it would grow that fast, but we were only licensed a month and we already had more clients and referrals than we could handle," stated Mrs. Galbraith. "We decided to form the agency because we had an interest. We had been to a third world country, and realized the number of kids who needed homes. We knew there was a real need out there for this type of service, but we didn't think we would be this busy. We are the only agency in Manitoba that just does inter country adoptions, and we seem to be one of the only inter country adoption agencies in Canada offering their service in more than one country."

Both the Galbraiths and Northcotts have adopted children from Ethiopia in addition to their biological children. When they were going through the process there was no specialized agency to help them. Both families feel that their experiences have helped them in their new endeavour.

"It's very gratifying work. I like my job. This experience allows us to work with some really interesting people, to help them fulfil their dream of having a family," concluded Galbraith.

Kaz, formerly of Vietnam - the son of family assisted by the agency who came home Nov. 6

Maya, the daughter of the family assisted by the Galbraiths and Northcotts

Roberta, who quit her job with Farm Credit Corporation last April, and

Simply Gardening

By Doug Green

If you remember, I was listing some of my favourite perennial plants for the bog garden. Now, before we go any further, I want to make it quite clear that most of these perennial plants are not traditionally those we'd call bog plants. I haven't listed any of the Carex, Pitcher Plants or other wonderful truly bog plant. These are for the collectors amongst us. The plants I'm listing are mostly those traditional perennial plants that will do well in a wet or boggy spot - whether you've planted it in your garden or it just exists. Not only that, but you'll be able to find every one of these plants in better garden centres or mail order catalogues. Last week I got to the G's. This week I'm going to get the L's and finish off next week.

No garden would be complete without Daylilies or Hemerocallis. Blooming in mid-summer for us here in zone 4, (and evergreen and longer blooming in warmer climates) these hardy plants will grow anywhere. It's a good thing too because they're going to form the backbone of my new backyard pond and garden design. 'Stella d'Oro' is a good everblooming variety in warmer areas than ours, here you only get one bloom unless it's a long and warm season. You can obtain collections of older varieties for a few dollars apiece while the newer hybrids will set you back a bank loan. Look for the fragrant forms like the old H. flava (Lemon Lily) - you might as well enjoy the fragrance while you're swooning over the abundance of blossoms.

I bet you didn't know that hardy Hibiscus make wonderful wet garden plants. I've grown these in wet areas, damp areas and bone-dry gardens and the best flowers are always in the wetter gardens. A common name for the Hibiscus moscheutos (the one you'll find in garden centres) is Swamp Rose Mallow. Now, it doesn't take too much thinking to figure where to put this plant in the garden. There are other species Hibiscus that you might find seed for in specialty catalogues. Try them all, they'll all appreciate the damp.

Hosta thrives in the damp, shady garden. You wouldn't think it (I'd figure they'd rot) but if you give these guys a lot of water, they grow like weeds. While the green and white common form (H. undulata 'Medio-Variegata) always grows quickly, giving water to the likes of 'Sum and Substance', 'Elegans' and H. tokudama 'Aureo Nebulosa' will speed up their relatively slow growth. Not only that, but when Hosta are given all the water they want, their leaves become even larger than those you see in catalogues. A situation sure to bring delight to the average gardener.

Inula do very well in damp spots. These daisy flowers live in drier gardens without complaining, but to really see them thrive, give them a damp garden. There are quite a few species of Inula available through specialty plant sources. My personal favourite is Inula royleana - a wonderful stiff stalked plants that holds its 4 inch wide yellow daisy flowers at 24 inches high.

Iris are another wonderful wet garden plant. The beautiful Japanese iris demand constant moisture if they are going to thrive and the bog garden is the best place for them. I'll never forget the first time I successfully grew these in a bog garden, they were the highlight of the summer. There are quite a few other Iris that thrive in the damp garden, from the Siberian Iris to dwarf I. cristata. Grow them all.

If you are a bit adventurous, you might want to search out Kirengeshoma. This Japanese native has delightful yellow bell flowers in mid summer. It grows 2 to 4 feet tall and will be a central showpiece in the garden. It is not easily found and must be grown in damp soils to survive.

Perennial Sweet Pea or Lathyrus latifolia does quite well in damp ground. This is not surprising as it normally seems to be found growing in ditches when it escapes from local gardens.

You need damp soils to grow Ligularia and you should grow them. Their yellow spikes make a wonderful accent to the damp garden and I'd install a damp garden just to grow this plant family. I have tried to grow Ligularia in regular soils but they wilt so badly during the summer heat it is hardly worth the effort. Build a bog just for them.

Lilies such as L. canadense thrive in damp gardens. Nobody ever seems to mention this in gardening magazines but try installing a few of these next to your pond and create a show-stopping display for mid-summer.

Lobelia cardinalis is one of my personal favourite bog plants. Its cardinal-red flowers are one of the truly red flowers in the mid-summer garden. There are some bronze leaved forms that are not hardy here and some new cultivars that are really annuals (being sold as perennials) so be careful that you get the green leaved form and that it is truly the species. Gardens that are warmer than mine may be able to overwinter the bronze form or the annuals.

One word of warning. Some nurseries will sell you plants of Lysimachia as bog plants. Don't let them near your garden! Any plant that has Lysimachia as its first name is a spreading, garden thug.

Next week, I'll finish off listing my personal favourite damp garden plants. Or, at least those that will fit into the column will get mentioned. I never grew a plant that wasn't my favourite.

Doug's web site www.simplegiftsfarm.com

Genetically modified organisms - the next step

By Calvin Daniels

Genetically engineered organisms continue to garner agricultural headlines - both positive and negative.

It was interesting to listen to Larry Gutek with the Extension Research Unit in Saskatoon speaking on the topic at a recent conference. Gutek took something of an historical view of the issue, pointing out advancements throughout the years have often been met with fear from the public.

For example, Gutek pointed to numerous concerns regarding the impact pasteurization might have on milk. People feared the process would hurt the nutritional qualities of milk, drive up the cost and hurt the industry. In many ways those concerns, now so long forgotten, mirror the concerns raised surrounding GMOs.

Advancement usually means unveiling the unknown to some degree. The unknown has always been a place most fear, and so it might not come as a surprise GMOs are eliciting such reaction. At present, the world of GMOs are also not addressing consumer needs directly. Most, at least in Canada, revolve around agronomic advancements on the farm. The chemical-specific canolas developed through the biotech process aid farmers in production, without any direct benefits to the consumer.

That being said the consumer can more easily reject the entire realm of GMOs as unnecessary. By contrast biotechnology has been used in the medical profession with little backlash because there the consumer can see direct benefits to themselves.

Gutek hinted that will be the case in agriculture soon as well, with the development of more and more GMOs which have direct consumer benefits. Rice varieties with higher Vitamin A levels will aid populations where the vitamin is short in the diet and rice is consumed in large quantities.

The development of broccoliflower, a genetic crossing of broccoli and cauliflower, will add new tastes to the diet. In cases such as these the consumer is the beneficiary, whereas the producer only benefits in terms of new crops and new markets.

The consumer is the greatest beneficiary, and will come to better appreciate where GMO technology might progress. Certainly the industry, from researchers to farmers and those who consume the products should be diligent. However, fear is often motivated by emotion not hard fact - history shows that. Let's face it the tractor was going to ruin agriculture by supplanting the horse culture of the day.

As our fears fade, we are likely to realize GMOs are just another tool in creating a more diverse agricultural industry, providing more variety to the consumer. And that's simply a continuation of a process started ages ago as farmers collected wild seeds and planted them in fields.

Erickson & District News

by Almie Paulsen

Jack Frost did find Erickson overnight today March 9th, temperature was -18C at 8 a.m. We do not have any snow though. Tulips were coming up.

Glad to see Janet Johnstone recovered from her facial infection and back at her busy pace.

Belated birthday greetings to Mabel Lundin on her 88th birthday on March 2nd. Mabel is now a resident of Riverdale Care Home at Rivers Health Centre. Anne Johnson and her daughter Darlene Anderson of Brandon helped Mabel mark her special day.

Volunteers keep a community strong! COPP (Citizens on Patrol) are asking for volunteers. Application forms are available at the town office and meetings are held 3rd Wed. of each month. Let's help keep Erickson crime free. Meetings have become a social hour.

Sympathy to the McInnes relatives on the death of their cousin Phyllis Westwood in Ottawa.

Steve & Katie Wozney motored to Moosomin, SK. to attend the funeral of their friend June Griemann. After attending the service they attended a luncheon at Welwyn rink. On their way home they visited with their sons Dan of Birtle and son Darryl of Shoal Lake.

Wed. March 8th Cribbage winners at the Erickson Legion were: 1st Nellie Woywada, 2nd Maurice Godin, 3rd Gordon Pollon. Lowest score went to Marge Gregorash.

The "Forest to Field" History Committee are asking for pictures of the 1984 Celebrations. If you have any please contact me or Maurice Hogland. Have you completed your history?

The annual bonspiel was a great success. The 2 final games I watched were as exciting as the Brier games. See the full account of the spiel elsewhere in this issue. The meals were great and guests were many. Saturday's evening supper (at which I was a server) totalled $1,050.00. Thanks to all who contributed food, time, planning ideas etc. This includes the draw master Scott Grey.

Sympathy is extended to the Bernard Lane and Cook families on the death of Phyllis Lane of Minnedosa. The memorial service was held at Erickson Lutheran Church on Tuesday, March 7th.

George and Selma Dann, and Anton Fournier of Winnipeg were weekend guests of Winnie Marcino and Lloyd & Donna Morrie. The brought Levi Lee home after his surgery in Winnipeg.

Birthday greetings to Karley Gilleshammer on the occasion of her 88th birthday, which was spent in Minnedosa Hospital. She is hoping to be in her new residence in the Minnedosa Care Home by March 10th.

Homecoming 2000 is quickly approaching, will we have our town ready for all our visitors? Let's get out our paint brushes and paint and give our buildings a face lift. It would improve the appearance of the town if old vacant buildings would be removed if they are not used. Lets take a close look at how to improve our property.

Erickson Wildlife held their winter fish derby at Ditch Lake on Feb.20th with 27 participants. In the seniors event 1st was won by John Braschuk Senior, 2nd was Donnie Vaughn, 3rd was Steve Wozney. In the juniors event, 1st was won by Devin Vaughn, 2nd was Chris Koversky, 3rd was won by Ryan Kologinsky. Barbecued hot dogs were enjoyed by all at lunch time.

St. Patrick's Day is Friday. The Erickson Womens Institute are again planning to treat you to Paddy's Stew at the Crossroads. See Coming Events for details. Don't miss this once a year special.

The Shrove Tuesday Pancake Supper sponsored by the Skating Rink only had a few guests.

Winnie Burkett has returned to her suite in Parkland Home after being in Winnipeg since December. We wish Winnie a speedy recovery after having her surgery.

Bill & Anne Johnson first reported seeing a big flock of geese going east. Spring must be around the corner.

Erickson Legion Branch #143 News

by Pam Stacy

17 members turned out for the regular monthly meeting on Tuesday, March 7th. The meeting began with a presentation by Harvey Pengelly and Gordon Turner, on behalf of the Erickson & District Heritage Committee, regarding the restoration of the Bethlehem Lutheran Church Manse from Scandinavia which is presently located on the Fair Grounds in Erickson. The total cost of this restoration, by Swedish log builders skilled in such work, would be $80,100 much of which, hopefully, would be covered by grants and volunteer labour and materials. A shortfall of $7,000 needs to be pledged before grants will be considered. It is the Committee's goal that this work start in May with completion by the end of the summer; shingles to be cut on site during the Erickson Homecoming 2000. The end goal is for the Manse to open to the public each summer as a tourist information centre and gift shop. After the delegation left, it was decided that $2,000 would be donated, if the grants are approved.

The tentative program for Legion Day on July 13th, during the Homecoming, was discussed and will be finalized at the next meeting. The 13th falls on a Tuesday, and it was agreed that Bingo would continue as usual that evening.

Expenses will be paid for 2 delegates to go to the Dominion Command Conference in Halifax in June 2000. Cdes. Elaine and Jim Butler were appointed as our delegates and will bring back a report for the rest of us.

The tulip campaign is progressing well, we have reached 56% of our goal for the sale of bulbs. It was agreed that 100 bulbs will be donated to the Erickson Collegiate Institute to be planted in from of the school, and 3 bulbs will be given to each student in Grades 1, 2 and 3 in Erickson and Onanole Elementary Schools. This is to help increase their awareness of the sacrifices made by veterans, their ongoing support to the community now and the links formed with the Netherlands by the liberation of Holland by Canadians in W.W.I.I.

Other donations were made to Erickson Collegiate year book, for advertising; the Curling Rink; the Skating Rink; Rolling River Hockey, and the 4H Club. We have been advised that Willard Huntinghawk will be travelling to Ontario for assessment soon and the $200, previous agreed upon, is being sent to his family to help with their expenses.

Erickson holds Mixed & Junior bonspiels

Erickson Curling Club hosted its annual Junior and Mixed bonspiels this week. Eight teams entered the Junior tournament from Sandy Lake, Onanole, Minnedosa and Erickson. The M&M Grocery event winner was Jeff Dagg from Minnedosa who beat Derek Vaughan from Erickson. In the 2nd event, Alisa McLean of Onanole defeated Ashly Larson of Erickson. The junior event began on Monday with the finals being played on Thursday before a large crowd of spectators.

The Annual Mixed event ran from Monday to Sunday this year and saw the entries rise from 32 to 36 teams. The nightly suppers also saw a rise in numbers as the entire community pitched in to donate food, cash and volunteer their time to help support the Curling Club. There was nearly 200 dinners served on Sunday evening. Without this support the building could not keep its doors open.

Near perfect ice conditions set the stage for some fantastic curling, and we had our share of that this week. All the finals on Sunday evening were close, hard fought games.

In the COOP/Credit Union event final, Scott Gray's rink from Erickson inched out a tight victory over Jim Richards from Clanwilliam. Glenn Parrott from Minnedosa and Heather Hodges of Erickson rounded out the top four in the first event.

In the Royal Bank event final, Carl Koversky (Sandy Lake) topped Al McLaughlin (Onanole) in another close game. Clarence Carter of Onanole placed third and Earl Wickdahl (Erickson) came in fourth.

For the second year in a row, Cam McInnes and his local rink took the Parkwood Auto Event by defeating Orville Madill and his rink from Clanwilliam. Don Byers (Erickson) finished in third place and Wayne Dillabough (Minnedosa) claimed fourth.

Jim Tomlinson of Minnedosa had to go to an extra end to win the Erickson Family Arcade event by defeating Tom Vint of Basswood. Chris Pugh's rink of Erickson took third place while Neil Fleming finished in fourth.

Winners of the 1st Event - The Jeff Dagg Rink
L-R: Charlie Dagg, Andrew Richards, Shane Morgan, Jeff Dagg

Winners of the 2nd Event - The Ailsa McLean Rink
L-R: Ailsa McLean, Amanda Jennings, Erin Halliday, Ashley Antonyshen

ERICKSON CREDIT UNION LIMITED

ANNUAL GENERAL MEETING

Wednesday, March 15, 2000
at Crossroads Community Centre

7:30 - 7:45 Coffee & View proposed new building plans
7:45 - 8:15 Guest Speaker: Garth Manness, CEO Credit Union Central of Manitoba
8:15 - Meeting

SPECIAL RESOLUTION
Taking into consideration that:
Erickson Credit Union would like to construct a new building next to the post office in the year 2000 or 2001.
It is resolved that:
The Head Office of Erickson Credit Union Ltd. be moved from 45 Main Street West to 24-26 Main Street upon completion of the new building. The directors and officers are hereby authorized to execute such documents and to do all such things as are necessary to bring about the relocation.

Wine and Cheese to follow meeting

52-2

Sandy Lake News

Mrs. Irene Shindala and son Brian spent the weekend of the 4th & 5th at Marcia Pollock and Clifford Peachie's in Keyes.

On the way back we stopped at Victoria Labba's Sunday in Minnedosa. Her two brothers Mike & Adam Juice, Margaret & Marg from Warren and Dauphin were there. Also her niece Esther & Howard who played on harp and sang at Sandy Lake Centennial.

Irene Shindala attended Phyllis Lane's funeral service on the 7th in Erickson. I went to school with Phyllis in Clanwilliam 57 years ago.

Irene & Brian were in Brandon with Wendell Misanchuk, for a medical. We visited with sister-in-law Adrien Iwasiuk.

Happy Birthday to Irene Shindala on March 14th.

Erickson Homecoming 2000

The tempo is picking up as we approach the final stage of preparations for our homecoming. Many events and activities have been arranged for July 7-16. It takes a lot of hands to make an event of this size work and volunteers are needed. Marge Gregorash is looking for help with registration. If you can give some time please contact her. Carole Bergeson would like to hear from people who are interested in creating a homecoming quilt. If this is your area of expertise please contact her.

The committee would like to remind the organizations involved to submit their confirmation sheets by the end of April.

Millennium Minstrels will be starting practices after Easter. Please watch for posters.

The next homecoming meeting will be at the beginning of April at the municipal office. Anyone with questions, suggestions or concerns please attend.

This is your invitation to join the Royal Purple of Canada
Please join us and help us help the kids!
We need you!
We meet the first Wednesday of every month at the Ukrainian Hall at 7:30 and we welcome visitors.
For further information please call 867-3185 or 867-2380.

Cameron District News

by Barbara Stone

Happy birthday wishes to Mrs. Liz Shorrock, who celebrated her 100th birthday on Sat. March 4th, with several family members and friends at the new community hall in Minnedosa.

Several people from the Cameron and surrounding district attended Liz's birthday party.

Robert & Isabelle Campbell from Swan River spent last Wed. with their daughter Barbara & Ken Stone, they also visited with Wayne Reynolds. Then they motored on into Winnipeg to spend the weekend visiting with relatives and stopped back at Barb & Ken's on their way home on Sunday.

Shirley Delmage spent last week in Portage La Prairie visiting her granddaughter Leah & family.

Don & Doris McNabb and Marge Hopkins spent a day in Winnipeg last week. Last week Margaret Kingdon was babysitting her grandchildren in Neepawa for the Schmalls while Susan was in Winnipeg.

Jim & Rendalyn Comrie had their two youngest children Robyn & Kristen perform in the skate carnival which was held last Sunday March 5th in the Minnedosa Arena.

Murray & Brenda Abel's daughter Kelsey also performed in the skate carnival last Sunday. Blair & Wendy Grant had their girls Hilary & Madeline also perform in the skate carnival. Verna & Alex Abel attended the skate carnival and watched their granddaughter Kelsey Abel perform along with all the other young skaters.

Congratulations to all the skaters in the carnival, a lovely performance was enjoyed by all who attended.

Robert & Elaine McNabb's daughter Lauren McNabb has left Zimbabwe, Africa, and is touring Europe for 10 days before returning home.

Barry & Johanne Ross's son Gordie celebrated his 7th birthday with family and friends at the Motor Lodge pool over the weekend.

Craig & Colleen Cameron along with Barry & Johanne Ross spent a week holidaying in Cancun, Mexico.

Deepest sympathy is extended to Donna & Don Shorrock & family on the passing of Donna's mother Mrs. Wark.

Cardale & District News

by Myrtle Crighton & Ethel Fortune

Tri-town (Cardale, Oak River & Rivers) Atom hockey team travelled to Snow Lake this past weekend to compete in the Provincial "C" Hockey Tournament. Returning home with the Bronze metal.

While in Snow Lake they toured a gold mine and visited Wekusko Falls.

Team members from Cardale district were Blair Fortune, Drew Peters and Scott Peters. Parents from Cardale who accompanied them were Jim & Carol Fortune, Ken & Lylla Peters, Patti Peters and Bernice Elliott of Rivers "Congratulations on your win boys!"

There was more hockey taking place over the weekend. Tri-town Atom girls participated in the Provincial "B" play offs at MacGregor. Katie Stewart took part in a skills competition.

Tri-town Novice hockey team defeated Shoal Lake 2-0 on Saturday in a league play off. They now continue on in league play but at this time it is not known who their next opponents will be.

And to round out a weekend of hockey, the Tri-town Squirts defeated Birtle 13-8.

On Tuesday, March 7th, Doreen Espey accompanied by Alvina Paddock, Wes Clubb and Myrtle Crighton motored to Kenton where we took part in a Seniors Crokinole tournament. We had an enjoyable day but were certainly not in the "Blue Ribbon" league.

Congratulations however are extended to Ethel Robertson and Myrtle Bomford who came in first, and also to another Hamiota team, Frank Paddock and Kay Brooks on taking 2nd place.

Lunch was served and enjoyed, as well as a good deal of visiting.

George says: "Children are natural mimics, they act like their parents in spite of all efforts to teach them good manners!"

World day of Prayer Service at Erickson

The annual World Day of Prayer service was held at St Judes Roman Catholic Church in Erickson on Friday, March 3, 2000. The service was prepared by the women of Indonesia and the theme was "Talitha Cum" that is Young Woman, Stand Up. A very moving drama and a slide presentation made up part of the service. Six churches took part with Deacon Plante representing the Roman Catholic Church and Pastor Knutson from the Erickson Lutheran Church. Roberta Wilkie was the organist. A lovely lunch was served following the service by the St Jude's ladies and the time of fellowship was enjoyed by all. An offering was sent to the Women's Inter Church Council of Canada to be used for preparing the service for next year. The theme for 2001 is "Informed Prayer, Prayerful Action" and will be prepared by the people of Western Samoa.

THE MINNEDOSA AGRICULTURE SOCIETY

would like to extend a sincere "Thank You" to all those individuals, groups, and businesses who supported the second Coca-Cola Classic Sno-X Races.

Newdale News

by Olive Waddell

Terry and Ruth Wareham called on her mother, Olive Waddell, on Wed. March 1st on their return trip from a two month holiday in Texas.

About 30 people were in attendance at the World Day of Prayer Service in Newdale United Church on Friday, March 3rd at 2 p.m. Shirley M. Pederson welcomed all and led first part of the service with support from ladies from the community. Carol Dalgarno presided over the accompanying hymns. Coloured picture slides of Indonesia with running commentary by Hollay Farrend and Carol Dalgarno, were shown on the beautiful country, struggling for democracy, equality and justice. Offerings of $104. were dedicated to help many projects, not only in Canada but of Third World Countries through World Day of Prayer grants. Rev. R. Hunter led in the benediction and tea and cookies were served by ladies of the District. Next year our prayers will be focussed on Western Samoa.

Welcome to newcomer J.H.Elliot from Aldergrove, BC who will be living with his daughter Isabelle and Guy Howard.

Visiting Isabelle McTavish on March 8th were Bill and Mary Webb of Minnedosa.

Ten Seniors of Newdale Happy Gang met in Harrison House evening of March 8th. Edith Waddell opened the meeting with a reading. Roll call, minutes and treasurer's report given by Ida Bradley. It was noted that a pleasant time March 7th with 9 tables of Crib, took place in Harrison House for the Seniors Games. Olive Waddell closed the meeting with an article Re: Alzheimer Challenges. Partners were chosen for several games of shuffle board. Winners: 1st Leonard Bradley & Olive Waddell, 2nd Rhieney Kienas & Ida Bradley, 3rd Gordon Waddell and Dorothy Ray. A time of visiting over lunch concluded the evening.

March 5th was Transfiguration Sunday, a very special day in the church year, which according to Scripture reveals the mystery of Elijah's ascent into the clouds (11 Kings) and Jesus on the Mountain top (Mark's Gospel). We too, today, have mountain top experiences, to see breathtaking beauty, and feeling the presence of God, which are usually hard to explain and therefore we don't often talk about, but nevertheless they happen in our everyday living, as Rev. Hunter says. "We are called in our lives today, to enter the cloud, to take the risk, as the Disciples did, so that we might encounter the 'holy' in our lives and in God's people". Hymns, "Holy Spirit, hear us, "We Have Come, "Spirit of God, "Breathe on me, Breath of God", provided meaning to the theme message "The Himalayas Of the Spirit". Lunch and fellowship hour followed the service with Barbara Pedersen and Jean Wight hosting and was much appreciated.

Newdale Happy Gang hosted District 2 Cribbage Play offs at Harrison House on Tues. March 7th. It was a beautiful Spring Day and all seven clubs (36 players) were represented. A bouquet to all local members who gave of their time and efforts. Top winners were Ken and Alice Rapley of Strathclair; 2nd Aggie Harris and Nola McBurney of Rivers; 3rd Marjorie Anderson and Bun Rudy of Minnedosa - all receiving ribbons. There are only 2 more District games (which will be over at this time of publishing) and then it's off to the Provincials. We wish you all a safe and pleasant summer ahead!

On March 9th, Eileen Bradley visited with Dora Bradley in the Lions Manor, Brandon.

Daryl, Karen, Josh and Lindy Mitchell of Birch Hills, AB. visited Gerald & Shirley Pederson on Thursday, March 2, 2000.

The Newdale Curling Club held a successful but eventful bonspiel Feb. 24-26. Due to warm weather and ice conditions we started Thursday night in Newdale but had to finish the bonspiel at Strathclair rink. There were 16 rinks participating with the following results: First Event: 1. Duncan Murray, Glen McLean, Kyle McLean, Rosemary Norwood. 2. Jim Tomlinson. 3. Dianne Usick. 4. Dennis Pederson. Second Event: 1. Ross Shindruk. 2. Miles Shurvell. 3. Nicole Tolton. 4. Albert Shurvell. Third Event: 1. Tom Vint. 2. Glen Lamb. 3. Rick Kienas. 4. Leonard Macksymchuk.

Agriculture Report

By Neil Galbraith
Ag. Rep.

R-CALF Quits Trade Case Appeals

R-CALF, the American cattlemen who launched two trade sanctions against Canadian beef imports and lost their cases, have stopped their legal appeals. They still feel the cases were wrongly decided but have to concentrate on other issues. They want country of origin labelling and restricting USDA grade stamp to domestically produced beef only. They've told their members that they will continue to monitor live cattle and beef trade from Canada. They mention that bringing a new case if the facts support it may be more important and effective than appealing the old ones. They also feel that the cases against Canada revealed glaring shortcomings in USA trade laws to get protection from unfair imports in the cattle industry. This propaganda is all from R-CALF's web site. Call me if you want the address.

Did You Know File

In 1996 USA net farm income was $4.9 billion, of which 7.3 billion was from direct government payments. This equates to 13% of their net income coming from government. In 1999 net farm income was 48.1 billion, of which 22.7 billion or 47% was from government payments. They did this largely by increasing their WTO green programs and reducing their amber programs. This was R-CALF's web page as well.

In 1999, USA farmers were guaranteed $2.58/bushel for their wheat plus $0.63/bu in a production flexibility contract payment, plus an average $0.49/bu loan deficiency payment plus $0.63/bu emergency market loss payment. So they're guaranteed $2.58 originally plus $1.75 in government payments for a total of $4.33/bu in US dollars which is approximately $6.15/bu in Canadian dollars. In comparing all production costs and converting the dollars, their costs are the same as ours except they have higher land rents and land purchase prices. Obviously, some of their rich government programs get capitalized into land values.

I have a fair bit more information on the USA farm programs. If interested, contact me and I can send you a 3 page copy.

One study done on the health benefits of beef showed that female high school athletes fed a daily beef snack for 3 months consistently performed better in fitness tests than students who weren't given beef. So, parents, if you have teenage daughters leaning towards being a vegetarian, talk to them about iron, zinc, niacin, vitamins B6 and B12 and protein available in beef.

MINNEDOSA CREDIT UNION

53rd DINNER & ANNUAL MEETING

and are available at the Credit Union or from any director until **March 13, 2000** and are limited to 200 people.
No limit on Business Meeting Attendance

Great Food Fast!!

by Ann Mandziuk
Home Economist

Are you tired of juggling work and family life? Are you finding it difficult running from one event to another? In today's society we often find ourselves skipping meals, grabbing whatever is available to satisfy our hunger and racing to get dinner on the table. Many times we are so busy running around that we just don't seem to have enough time to sit down and enjoy a good meal. To help recognize the challenges families face, the Dietitians of Canada have labelled March 2000 as National Nutrition month promoting their "Great Food Fast" campaign. They suggest that when you think of eating healthy in a hurry, to think 'FAST'.

Food, which is healthy, can also be quick and easy to prepare. Try and have nutritious foods in the house so that healthy meals can be prepared in a hurry.

Active living is as important as eating well. It leads to an increase in your energy and a feeling of well being.

Save time for family and friends. Set time aside for family meals and include other family members in the preparation of the meal.

Taste and pleasure of food is paramount. Healthy eating and great tastes go hand in hand.

Here are a few time saver ideas to cut back on time spent in the kitchen while still remaining health conscious.

Shop for lower-fat, premade food items such as soup, pastas, etc.

Add a glass of milk or salad to round out a meal.

Make double batches when you have the time and freeze extras as individual servings for quick meals.

Keep healthy snacks on hand at work. When time for lunch is limited it's important that your nutrition is not overlooked. If a fridge is available keep it stocked with things like yogurt, fruit, milk, juice, crackers and cheese.

When you know you are going to be on the road, bring along some ready-to-eat snacks.

Use multi-purpose bowls or dishes that can be used to cook, serve and refrigerate foods. This will cut down on dishes.

You don't have to give up taste or nutrition to get great food fast. Make a conscious effort to eat healthy and take part in active living. It will make you feel better about yourself and it will do your body a world of good. Making small changes like taking a 10-minute walk everyday and substituting fruit for a daytime snack can make all the difference. For more information on easy meal tips and great tasting recipes you can visit the Nutrition Month Website at www.dietitions.ca or contact your local Manitoba Agriculture and Food Office.

Horticultural Society News

The Minnedosa Horticultural Society met in the Library March 3 at 7:30.

Longtime and hardworking members Tom & Evelyn Delgaty were called to the front. Evelyn was pinned with a lovely corsage and each were presented with Honorary Life Memberships in Minnedosa Horticultural Society. We wish them many more years of health and happiness.

The minutes of the last meeting were read and adopted. The treasurer's report and the rest of the business passed. Evelyn Delgaty gave a financial report on the canvas back duck project.

We have copies of the Prairie Gordon if you would like one.

Albert & Edith Parsons attended the M.H.A. annual convention held in Brandon Feb. 14th. It was an excellent report and next years convention will be held in Neepawa year 2001.

Hort. days are being planned by some societies Brandon, Killarney April 8, Neepawa 29. We feel they would be interesting for those who are able to attend. It is back to work to try and raise a little more money for our green space with a statue of canvas back duck park, north west of the new bridge on main street.

The M.H.A. slides were unavailable so Audra Coghell showed slides from Hawaii to bring our evening to a close.

Minnedosa Multi Purpose 4-H Club

by Stewart Boyd

Our regular meeting was held on Feb. 21/00 at the Curling Complex. There were 28 members present. We had club curling before the meeting.

The meeting was called to order by president, Brad LeBoutillier and the 4H pledge was recited. Minutes from last month's meeting were read and then the Treasurer's Report. We handed out tickets, talked about getting Wheat King hockey tickets, and Royal Manitoba Winter Fair tickets. We discussed serving at a Grain Growers banquet for a donation towards our club.

Project reports were given by the Sewing, Wild Fur Management and Foods Groups.

Communications this month were given by Britany MacDonald, William Kingdon, Paul Harrison, Brett McNabb, Haydn Donahoe, Kiersten McNabb, Kirsten Quesnel and Mac Ross.

Upcoming events for our club are Club Communications on March 13, the District Jamboree on March 17 in Bethany, and Achievement on April 29.

Wild oats are trouble, no matter how you look at it. But take a closer look. Are you sure you don't have DOUBLE TROUBLE? There's a new weed out there and it's really tough to identify. It's Group 1 resistant wild oats.

Use ASSERT* herbicide, and there's no need to tell them apart. Its unique chemistry delivers superior control of wild oats and Group 1 resistant wild oats in both your wheat **and** barley crops. Use ASSERT.

It's the simple solution for control of all your wild oats.

To put ASSERT to work on your farm call **1.800.387.5073,** or visit **www.farmlinepartners.com**

High triple P.O.A. - Chris Sweeting +198. Top ten average Cathy Mansell -177. Welcome back Bernice.

HOCKEY NEWS

The Minnedosa Bantams competed in the B Provincials held at Carberry this past weekend Mar. 3-5th. In their 1st game against Carmen their late effort wasn't enough to earn a win, however, this would come back to haunt them at the conclusion of round robin play. Troy Hengen played in net and Dennis Zboril was chosen Game Star.

The Bantams fired up for their 2nd game against Gimli and came up with a 5-0 shut out for goalie Mark Yanick. Dennis Zboril was again the Game Star. In their last game of the round robin against Carberry they played well but couldn't match their opponents losing a close 5-4 score. Troy Hengen played in net and Game Star was Peter Shannacappo.

The 2 losses in their 4 team pool dropped them into the consolation final on Sunday against La Broquerie in which they easily outclassed their opponents 12-4. Mark Yanick was in net and Sean FcFadden was chosen Game Star.

Dennis Zboril led the weekend scoring 6G, 4A, followed by Reese Kolesar 5G, 6A, Sean McFadden 3G, 3A, Mitch Hyndman 3G, 2A, Peter Shannacappo & Matt Saler 2G, 2A, Wes Lewis 1G, 6A, Brad McNabb 1G, 5A, Matthew Nylen & Bryce Waldon 1G, 1A, Jay Klym 2A, and Thomas Robson 1A.

This ends the season for the Bantam team.

Electrical Safety facts for your home

Electricity is a huge convenience in our daily lives, but it must be treated with respect. Every year, a few Canadians suffer injuries from electric shock and burns. The best way to prevent electrical injuries in your home is to check for problems in the electrical system before they lead to a tragedy.

Electric cords and plugs, lamps and light fixtures and switches and outlets can be the source of trouble if they are neglected or improperly used. Check you outlets and extension cords to make sure they aren't overloaded. Replace cords that are damaged or frayed and never run them under rugs or carpets. High traffic in these areas can cause the protective coverings to quickly wear away and expose bare wires. Always use the proper wattage light bulbs in fixtures and lamps and keep fabrics and draperies away from hot bulbs.

Both inside and outsice your home, consider installing ground fault circuit interrupters in areas where you will be using electric appliances in the vicinity of wet earth, floors or water in general. A GFCI will stop the flow of electricity if moisture is detected in the circuit. GFCIs should be tested once a month.

In older homes, electrical systems can quickly become overloaded as more lighting and appliances are added. If fuses blow or circuit breakers trip frequently, it's a sign that a new branch circuit or other repairs may be necessary. Depending on the condition of the existing equipment and the extent of the upgrades, the cost can run from nominal into thousands of dollars. A qualified electrician can offer an estimate for upgrading your system to keep your home safe.

PBS GRAND FORKS IS HERE!

You could win $3000!

PBS Grand Forks has joined Westman Communications Group s cable lineup as part of the optional Cable 3 (C3) package.

Starting Tuesday, March 14, Prairie Public Television (PBS Grand Forks) is available in Carberry, Minnedosa and Neepawa! Westman Communications Group is the only cable television service in this area that currently has the technology to offer this PBS signal to its viewers. In order to carry two PBS signals, regulations state that one must be carried as an optional cable package.

Television that matters.

Prairie Public Broadcasting is a non-profit organization serving the state of North Dakota and parts of Manitoba, Minnesota, Montana and South Dakota. Prairie Public Television is committed to strengthening the prairie community, and has become a leader in educational and entertaining programming.

As part of the PBS network, Prairie Public Television is committed to providing parents with a violence-free children s service which both entertains and enriches young minds.

Because of its non-commercial, public service mission, PBS is free of commercial pressures to sensationalize programs in order to attract more viewers. The network exists for viewers who are looking for knowledge, entertainment, drama, laughter and a bit of mystery.

Look what s on Prairie Public Television in March

Experience television at its best with a mix of entertaining, educational and inspirational programming. Here are just a few of the programming events you won t want to miss during March.

- Paul McCartney s Working Classical
- Antiques Roadshow Special Edition
- Paul Anka: Night of a Lifetime
- The Four Tops in Concert
- Fannie Farmer s 20th Century Kitchen, with Amy Coleman
- Steely Dan: An "In the Spotlight" Special
- Andre Rieu: 100 Years of Strauss

Scientific American Frontiers with Alan Alda

Ballykissangel

Charlotte Church: Voice of an Angel

Subscribe to Cable 3 today!

To receive PBS Grand Forks, you will need to subscribe to the optional Cable 3 package, which also includes CNBC, Showcase, MuchMoreMusic, Comedy, Teletoon, Golf, Life Network and WSBK.

If you already have Cable 3, PBS Grand Forks will be added to your cable lineup at no additional charge on Channel 42.

Subscribe and win!

Customers from Minnedosa, Neepawa or Carberry who order Cable 3 by March 17 and remain as Cable 3 customers for 5 months will be entered in a draw for $3,000! Draw date: August 24, 2000.

Female Midgets win gold at "Provincial "A" Championships

The Minnedosa Bombers Female Midget Hockey Team members are Wendy Nylen, Lindsay Lewis, Julie McNabb, Leslie McNabb, Jami Boyd, Mindy Klym, Carmen McNabb, Lisa LeBoutillier, Brenda Dowsett and Tia Willis (Minnedosa), Sherrie White, Carrie White, Crystal Smith and Krissy Gibson (Neepawa), Hilary Foord (Onanole), Amanda Workman (Forrest) and Danica Wotton (Rivers); with coaches Doug Dowsett, Cam Willis, Colleen McNabb and Bruce McNabb.

The Bombers travelled to Treherne on March 3-5, 2000 to participate in the Provincial "A" Female Midget Hockey Championships and came home with gold medals going undefeated after 5 games.

Wendy Nylen was in net in the first round robin game as the Bombers opened up the tournament with a 3-2 win over Elm Creek. Elm Creek took a 1-0 lead in the first but Minnedosa outscored Elm Creek 2-1 in the second with goals by Hilary Foord and Sherrie White to tie the game at 2. Julie McNabb scoring the winning goal with just over 2 min remaining in the game.

Amanda Workman recorded a shutout as Minnedosa picked up a 3-0 win over Selkirk. Both teams were scoreless until the third period when Krissy Gibson, Carrie White and Sherrie White notched singles for the Bombers.

Wendy Nylen recorded the Bombers second shutout of the tournament with Minnedosa getting an 8-0 win over Hazelridge. The Bombers pocketed a pair of goals in each the first and second periods and added 4 more in the third. Sherrie White (4), Julie McNabb (2), Krissy Gibson and Crystal Smith scored for Minnedosa.

The final round robin game had the Bombers up against Treherne/Holland. Both teams were scoreless in the first but Treherne/Holland took the lead pocketing a pair of goals in the second. Brenda Dowsett scored halfway through the third to get Minnedosa a goal. With just over a minute remaining in the game the Bombers pulled goalie Amanda Workman for the extra attacker and 30 seconds later the game was tied at 2 with a goal by Sherrie White. Sherrie White pocketed her second goal of the game with 1 second remaining on the clock to give the Bombers a 3-2 win. Picking up assists in the 4 round robin games were Sherrie White 4, Leslie McNabb 2, Krissy Gibson, Crystal Smith, Mindy Klym, Carrie White and Julie McNabb.

Minnedosa's 4-0 first place finish after round robin play gave them a spot in the gold medal game against Elm Creek 3-1. Treherne/Holland 2-2 and Selkirk 1-3 faced off in the bronze medal game with Treherne/Holland picking up a 4-1 win.

Goalies Wendy Nylen for the Bombers and Jenna Funk for Elm Creek held the teams scoreless throughout the first period of the gold medal game. Sherrie White and Krissy Gibson scored to give Minnedosa a 2-0 lead after the second and Carrie White scored early in the third to give the Bombers a 3-0 lead. Margaret Friesen answered back for Elm Creek to get the score to 3-1 but both teams were shut out for the remainder of the game and the Minnedosa Bombers brought home two gold medals. Assists went to Sherrie White 2 and Leslie McNabb.

Rapid City News

by Grace Fearnley

Rapid City Seniors hosted the District Crokinole Tournament on Wednesday, March 8th. 20 Seniors enjoyed a day of fun and friendship.

The winners were: the Eric Rapley's from Strathclair; Bert and Georgina Bollman from Rivers; and Doug Reid and Olive Walker from Rapid City.

Monday, March 6th-13th seniors were out to bowl at Minnedosa. The Head Pin was won by Sadie Northcott and the Trophy winners were: Zetta Stoughton and Earl Wilkinson.

Monday evening March 6th, light tables were in play at the Seniors Whist drive held at the Centre. The travelling prizes were won by Olive Walker and John Fearniey. Heather Smith and Olive Walker tied for the high score and Elly Taylor and Grace Fearnley tied for low. The men's prizes were claimed by John Fearniey and Adela Laferriere.

Friends were saddened to learn that Phyllis Nielsen (daughter of the late Harold and Kathleen Westwood) has passed away March 3rd in Ottawa. Sympathy to her family and all who mourn her passing.

On Saturday morning March 5th, Margo Eckberg reported seeing a blue bird when she was coming to town on the Pipeline Road.

Sincere condolences to Susan and Art Brown and family on the recent passing of Sue's Grandma Frey. Sympathy also to Sue's parents Mr. & Mrs. Bootsman Sr. and to the Bootsman brothers and their families.

Elizabeth and Russell Schmidt, Justin and Jill of Regina spent from Friday to Monday with John and Margaret Northam. Also visiting on Friday and Saturday were Valerie Blanchard and children from Winnipeg. Linda, Ken and Michael Black and Elsie Ducker of Brandon were also present on March 5th to celebrate their Dad's birthday.

Ken McCallum from Pinawa arrived on the weekend to visit with his mother Jean and brother Murray. Ken took his mother to Winnipeg for eye surgery, visited with Ken's daughter Beth and brother Mel, and they returned home on Wednesday.

Seniors from Rapid City attending Cribbage Playoffs at Newdale on Tuesday were: Bill & Marj Bridgeman, Rena Cornish and Laura Haslen and John and Grace Fearnley. They enjoyed Newdale's hospitality, and good food, but failed to place in the winners circle. There were 9 tables in play and the committee was pleased as all districts were represented. Strathclair, Rivers and Minnedosa cribbage players were the winners of the day.

Many curling fans are glued to the T.V. these days. We are keeping our fingers crossed for Manitoba in the Brier.

(SENIORS) APARTMENT COMPLEX MEETING

Royal Purple News

January: Honoured Royal Lady Rose Tyefisher brought the meeting to order. The Charter Draping Ceremony was conducted in honour of our departed Sister Lady Ellen Marvel Carlson.

Minutes of the December meeting were read and approved, and the Treasurer's report was given. A letter was received from Minnedosa Elks extending an invitation to their 75th Anniversary on February 2nd, 2000. Lady Gladys Broome reported that our hamper raffle brought in $180.00. The winner of the grocery hamper was Marie Smith and the turkey was won by Wayne Hopkins. Lady Joan Betteridge gave a report on the Literary and Poster Drug & Awareness Contest. A letter was received from Celebration 2000 Committee re Ethnic Festival but it was decided to decline as it was a very busy time of year and there would not be enough member to participate.

Birthday celebrations for Vi Dyer's 92nd birthday were discussed.

Kyle Parrott attended to personally thank the Royal Purple for their financial support towards his Speedskating Competition and he presented highlights of his trip.

The meeting then adjourned and a delicious lunch was enjoyed.

February: This meeting was our annual Past Honoured Royal Ladies' night and eleven ladies met for supper before the meeting.

Lady Stella Woodcock took the Honoured Royal Lady's chair for the evening. Minutes of the January meeting were read by Acting Secretary Lady Gladys Broome and were approved. The Treasurer's Report was given by Acting Treasurer Lady Rose Tyefisher. Lady Tyefisher also reported on Lady Vi Dyer's birthday which six ladies attended at the P.C.H. She also thanked Lady Stella Woodcock for the birthday cake and Lady Lyle Smith for the corsage given to Vi.

Lady Joan Betteridge reported on the Drug and Awareness Poster and Literary Contest, 31 posters, 21 essays and 1 video being received.

Lady Carol Hopkins gave a report on the District Meeting Committee and Lady Gladys Broome reported that two tables had been booked for our Spring Craft Sale. District Rules were read by Lady Tyefisher and the By-laws were presented by Lady Joan Betteridge.

Prize money for the Poster & Literary contest was discussed and it was decided to give $150.00 towards prizes as it was felt this was a very worthwhile project.

The meeting adjourned and as usual a lovely lunch was served.

Anyone interested in joining our Lodge please see our ad in this paper.

Rookhurst News

by Clarence Williams

Congratulations to Reg Scott who celebrated his birthday on March 3rd with a dinner in Brandon with his wife Yvonne & daughters Crystal, Bonnie, Fred Scott and a friend Darcy.

Clarence Williams spent the weekend of March 4-5 with his daughter Corraliene and Brian.

Crystal Scott attended the Lions Telethon in Brandon and danced with a group of Brandon girls also danced at the Brandon Festival on March 3rd.

Barb & Mike Elson of Winnipeg were visitors with Barb's parents Wes and Marion Brugger the weekend of March 4-5.

Marion Brugger was Tuesday, March 2nd visitor with her mother Mrs. Ethel Robertson in the East View Lodge in Neepawa.

In Memoriam

Scott - In memory of our dear sister Flo, who passed away March 10, 1999.

There is a gift you cannot buy,
That is very rare and true.
The gift of a wonderful sister.
Like the one we had in you.
It's lonely here without you,
We miss you more each day,
For life is not the same for us,
Since you were called away.

Lovingly remembered and so sadly missed. Jean, Lefty and friend Freda, Laura, Doreen and Scott and families. x (C6)

Shuttleworth - In memory of Stan, who passed away March 13, 1999.

A year has come and gone, my dear,
Your arms I'll always miss.
My life will never be the same,
What I'd give for just one kiss.

But so very often in a dream,
You come to me, my love.
It's all a real reminder to me,
That you're watching from above.

I know you're patiently waiting for me,
But I must tarry here awhile.
And when my life's work on earth is done,
I'll meet you with a smile.

Forever loved, forever missed.
Your wife, Willa. x (C6)

Humeston - In loving memory of my beloved sons and husband; Gary who passed away March 11, 1964; Gerald who passed away March 13, 1990, and George who passed away April 26, 1998.

We never lose the ones we love,
For even though they're gone,
Within the hearts of those who care,
Their memory lingers on.

Ever remembered and sadly missed by Isabelle. (C6)

In Memoriams continued on Page 17...

In Memoriam

Slobodian - In loving memory of Mamie, my beloved wife, our mother and Baba, who passed away March 19, 1990.

"Loves greatest gift - Remembrance"

Lovingly remembered by Peter, Calvin (Eleanor), Len (Jan), Brian (Tina) and Grandchildren. x (C6)

Cards of Thanks

We would like to thank everyone who came to celebrate Lizzie's Birthday on Saturday, March 14th. Special thanks to the granddaughters, grandsons, great granddaughters and great grandsons for all their help in serving. Also special thanks to family who came from Australia, B.C., Alberta, Saskatchewan, Ontario and all those from Manitoba. There was $227.50 collected for the Handi-Van. Thanks again. The Shorrock family. x (CD)

The family of Phyllis Lane wish to extend their sincere thank you for all your kindness shown throughout Phyllis's illness. Thank you to Dr. Onyshko, all the other doctors and hospital staff, especially Judy, for your support and compassion over the past number of months. Thank you Pastor Knutson for your support to Phyllis and her family over the past few months, and for making Phyllis's memorial service a celebration of her courage and love. Thank you to Allan Cook for bearing the urn, the honourary pallbearers, Jessie Meadows for her reflections, Viola Burkett, the Erickson Lutheran Church Choir, Keith Johnston, Cecil Sundmark, the Erickson Church Ladies for the lovely lunch, and to those who assisted at the grave site. Thank you to Sparrows Funeral Home for assisting us in making the necessary arrangements.

A very special thank you to all our family and friends for the abundance of food, flowers, memorial donations, cards, telephone calls, and offers to help. We shall always treasure the caring arms which so lovingly embraced us, providing us with the strength and courage to keep us going through this difficult time. Sincerely, Bernard, Bruce & Kathy, Jonathon & Candace. x (CD)

The families of the late Addie Wark would like to express their sincere gratitude for the many acts of kindness, visits, delicious food, cards, flowers, memorial donations, words of encouragement, support and sympathy. Thanks to the Minnedosa Personal Care Home, Doctors, Nurses and other professional staff who have helped to care for Mom with such kindness and sensitivity, making her time there as comfortable as possible. Our sincere appreciation to Pastor Hall for his support and the beautiful memorial service, and to Sparrow Funeral Service for so capably and professionally handling the memorial service arrangements; to Landon, Trent and Kendra Wark for the eulogy; to grandsons Larry, Neil, Jason, Trent Wark, Darcy Shorrock and special friend Jim Crabbe for being casket bearers. Special thanks to the United Church Choir, organist Eleanor Taylor and the U.C.W. for the delicious lunch. x (CD)

Cards of Thanks

We would like to thank everyone who came to help us make our wedding social such a success. Thank you to everyone who attended, and to those who bought tickets and were unable to attend. We had a great time. Scott & Tammy Tomlinson. x (CD)

Obituary

Sophie Black

Sophie Black of Elphinstone and formerly of Horod passed away on Tuesday, March 7, 2000, at the Assiniboine Center in Brandon, at the age of 83 years.

Mom was born at Olha to Fred and Katherina (Krysowsky) Stebeleski on May 10, 1916. She attended Marconi School and at the age of 14, she went to work as domestic help on farms in the Shoal Lake and Hamiota area. She married Frank Black on November 21, 1936, at St. Michael's Ukrainian Catholic Church, Olha and together they farmed at Horod until retiring to Elphinstone in 1983. Mom was very active in the church at Horod and at Elphinstone. No one ever left Mom's house without having a cup of tea and something to eat. Mom was never too busy to help someone in need. She was a very strong willed woman who enjoyed life to the fullest and even when she was sad, she was happy. She loved to knit, crochet, embroider, sew, do jig saw puzzles, play card games, garden, visit, and a good laugh. She also made many quilts which she designed herself.

She was predeceased by her husband, Frank; daughter, Phyllis Black; grandchildren: Bobby Black, Tracey Zurbyk, John Stacey, and Michael Trent Misanchuk; her parents, brothers: Nick, Bill, Stanley, Peter and two brothers in infancy; sisters: Julia Maydaniuk, Mary Prokopetz and son-in-law, Michael Misanchuk and several in-laws.

Surviving are her daughter, Grace Misanchuk of Brandon; son, Ted (Sonia) Black of Onoway, Alberta; grandchildren: Wade (Lisa) Misanchuk, Della (Barry) Mansoff, Todd (Gloria) Misanchuk, April (Lavern) Popple, Connie (Floyd) Wietzel, Darcy (Lisa) Black, Perry (Cheryl) Black, and Brenda Zurbyk and 18 great grandchildren. Also surviving are brothers: Walter, Sam, and Matt and several sisters and brothers-in-law and a good friend Nick Zurbyk.

Prayers were said from St. Mary's Ukrainian Catholic Church, Elphinstone, on Friday, March 10, at 7:00 p.m. The funeral service was held on Saturday, March 11, 2000 at 10:00 a.m. at the Holy Eucharist Ukrainian Catholic Church, Horod, with Father George Malik officiating and Ernest Malchuk as cantor. Interment followed in the parish cemetery.

Pallbearers were: Murray Black, Lawrence Stebeleski, Larry Charney, Steve Maydaniuk, Perry Black and Walter Kowal of Solsgirth. Crossbearer was Della Mansoff and the eulogy was given by Wade Misanchuk.

Rae's Funeral Service of Shoal Lake were in care of the arrangements. (C7)

Obituary

Phyllis Audrey Lane

Phyllis Audrey Lane passed away on Friday, March 3, 2000, in Minnedosa District Hospital. Her husband Bernard was at her side.

Phyllis was born January 25, 1930, the third daughter of Allan and Viola Cook who farmed just west of Clanwilliam, Man.

Phyllis attended Grey School in the village of Clanwilliam. She was very fond of music and gave piano lessons for several years.

On November 1, 1951, Phyllis married William Bernard Lane, youngest son of Ivan and Lottie Lane. They lived in the Lane family home until 1967 when they built a new home on SW 36-16-18. In 1992 they moved to Minnedosa.

On April 7, 1953, their first daughter, Audrey Louise, was born. On August 4, 1954, their second daughter, Kathryn Heather, was born.

Shortly after Kathryn's birth, Phyllis was having bowel problems which turned out to be cancer. On October 23, 1954, Phyllis had a very serious operation in the Winnipeg Health Sciences Centre. This surgery left Phyllis with a permanent colostomy. During her life, Phyllis had two more surgeries for cancer, which she was able to beat.

In 1972, Phyllis went to work as an aide in the Minnedosa Hospital. She loved the work and continued until 1983.

On August 18, 1973, Kathryn married Bruce Pearson, second son of Harry and Margaret Pearson. Bruce and Kathy have a son, Jonathon Glenn, born June 11, 1984 and a daughter Candace Nicole, born December 8, 1987.

On January 31, 1982, Audrey succumbed to cancer after an eleven year battle. Phyllis enjoyed church work, helping with junior choir for a few years. She also enjoyed sewing, knitting and looking after her flowers. She was a very good mother and wife. She was always happy in her kitchen baking, making jams and jellies, etc. Many happy hours were spent and good friends were made over the years while she and Bernard were square dancing.

Phyllis was predeceased by her father in 1953 and her mother in 1963; two brothers, Harold and Lloyd; sister Ellen; daughter Audrey; nieces Cheryl and Carolle and grand nephew Brad.

Left to mourn her death are her husband, Bernard; daughter Kathryn (Bruce); grandchildren Jonathon and Candace; brothers Russell (Ann), Murray (Vivian) and Ralph (Jean); sisters Margaret (Harry) Oman and Joyce (Les) Byskal; brother-in-law John Oman; sisters-in-law Jean and Martha and many nieces and nephews.

Funeral service for Phyllis was held Tuesday, March 7, at 2:00 p.m. from the Erickson Lutheran Church with Pastor Larry Knutson officiating. Interment took place at All Saints Cemetery. Urn Bearer was Allan Cook. Honorary Pallbearers were Jack and Edna Gibbons, Lawrence and Edna Sjoberg, Len and Janice Holm, Lee Ann Knutson and Margaret Pearson.

In lieu of flowers, Memorial donations may be made to the Canadian Cancer Society. Sparrow Funeral Service of Minnedosa was in care of arrangements. (C7)

Obituary

Adaline Gertrude Wark (Hutton)

It is with deep sadness that the family announces the passing of our beloved Mother, Grandmother, Great Grandmother and Great Great Grandmother Adaline Wark at the age of 93 on March 2, 2000 at the Minnedosa Personal Care Home.

Mom was the twelfth child of William Gluaits Hutton (Hotton) and Margaret Jane Porter. She was born September 30, 1906 in Minto Municipality 4 1/2 miles northeast of Bethany. She was raised in a family of fifteen children (seven boys and eight girls). She was the last survivor of her family. She received her education at Bethany consolidated School #161.

In the years 1929-1930, Mom took a dressmaking course in Winnipeg receiving top honors. A year later, she married Albert William Wark on September 30, 1931 at Brandon, MB. Their first years were spent four miles south of Minnedosa where Bert worked for the Highways Department. Here their first three children, Era, Alvin and Donna became part of their daily lives. In 1938, they moved to farm at Hilltop. A fourth child, Jeanette was added to the family. In 1941, they moved to the home farmsite at Bethany where Arden and Keith were born. They continued farming there until retirement at which time they moved to Neepawa. Bert passed away October 22, 1981. Mom decided to move to Minnedosa in 1984.

Mom's most cherished times were gatherings with her family, relatives and friends. She talked often of her years with the Bethany Social Group and enjoyable afternoons at the Minnedosa Green Valley Drop-In Center. Mom loved to play cards, dance and listen to old time music. Throughout her life she spent countless hours quilting, crocheting, knitting, sewing etc. which she did with skill and expertise. Mom was a wonderful care giver all her life and she was always concerned about others more than herself.

Left to mourn her passing are her sons: Alvin (Lola) of Neepawa, Arden (Karen), Keith (Judy) and daughter Donna (Don) Shorrock, all of Minnedosa. Mom had 8 grandchildren, 8 great grandchildren and 2 great great grandchildren. She also leaves to mourn many nieces and nephews and friends.

Mom was predeceased by her husband, Bert in 1981, two children Ena in 1940 and Jeanette in 1947, her parents and all her brothers and sisters.

A Funeral service was held on Monday, March 6, 2000 at 2:00 p.m. from the Minnedosa United Church with Pastor Elgin Hall officiating. Interment was at Minnedosa Cemetery. Pallbearers were her grandsons Larry Wark, Neil Wark, Trent Wark, Jason Wark, Darcy Shorrock and special family friend Jim Crabbe. Arrangements were in care of Sparrow Funeral Service of Minnedosa.

You were always there
When we needed you,
No task too great or small,
With a loving heart,
And a willing hand,
For as you did it all.
Thanks for the years
You gave to us,
And for the times we shared,
We only pray that
When you left us,
You knew how much we cared.

Obituary

Stella Mary (Jean) Bishop

Stella Mary (Jean) Bishop of Minnedosa passed away after a lengthy illness on March 6, 2000 at Minnedosa District Hospital at the age of 73. Jean (nee Sokolik) was born at Elk Ranch, MB and was educated at Birnie, MB. Jean worked at the restaurant in Kelwood, then as a house keeper for the Brown family. While working for the Browns she met her future husband Donald Harvey Bishop. Jean and Don were married June 1, 1963 and moved to Minnedosa in 1965 to the South West end of town. Jean loved Bingo, flowers, animals and visiting with friends.

Jean is survived by her husband Donald, daughters: Shelley (Keith) Fisher of Minnedosa, Tobi, Marie of Neepawa as well as five grandchildren Jen 15, Bryan 12, Nicole 12, April 9 and Taylor 2. The eldest child of a family of 11, Jean is survived by six brother and sisters and numerous nieces and nephews.

Funeral service was held March 9, 2000 at Sparrow's Funeral Chapel with Kathy Plain officiating. Pallbearers were Dave Suski, Albert Christopherson, Rick Haywood, Frank Taylor, Rod Cook and George Betteridge. Interment followed in the Minnedosa Cemetery. Sparrow Funeral Service were in care of arrangements. (C7)

Rec Files...

by Ken Surovy

Approximately one in five Canadian children and youth live in low-income families. These young people do not have the same access to participating in recreation, sport and physical activity as children and youth in higher income brackets. Poverty also results in premature birth, low birth weight, lower life expectancy and higher risk of chronic health problems. Poor children are more likely to be obese which leads to poor self-esteem. The have higher incidents of smoking and problems with drugs and alcohol. The chances that a young person will engage in at-risk behaviour is influenced by a number of factors other than poverty, including family, peers and the community, but access to positive leisure pursuits due to lack of finances is a major constraint.

Recreation, sport and physical activity play a well-documented role in reducing at-risk behaviour by youth. Participation in physical activity and recreation can provide positive benefits for psychological health, family interactions, peer influence, academic performance, community involvement and other lifestyle behaviours. When asked, teenagers generally report that involvement in sports, games, art, music performances and hobbies are the most demanding and enjoyable activities in their lives, whether done in school or out of school. In a study of 525 college students, 95% of the respondents agreed that sport develops self-discipline, 87% agreed that athletes enjoy better health, 85% agreed that sport builds character and citizenship and 81% agreed that sport develops leadership qualities.

Kidsport, a national charity, was created to assist children and youth, ages 5 to 18 years, from financially disadvantaged families to enter into sport programs where they can develop life skills such as fair play, leadership and teamwork. Their mission is to overcome the obstacles that prevent young people who are unable to afford the cost of registration for a specific sport. Grants are disbursed up to a maximum of $200 per person in a calendar year. Preference is given to athletes who are being introduced into organized sport. The sport activity must be affiliated with organizations recognized by Sport Manitoba which are structured and led by qualified coaches. Funding goes directly to the organization on behalf of the athlete. The grant application must be endorsed by the athlete's school principal, vice-principal, guidance counsellor, social worker or family worker. The application must also be signed by the sport organization/club president or vice-president to verify registration.

Don't let finances be a barrier to your child's growth and development as an individual or community member. Kidsport Grant applicants are available at all schools in Rolling River School Division #39 or at the Recreation Commission office. Completed applications must be returned to the Westman Sport Association office by April 28, 2000. For more information call me at 867-2272.

Cadurcis News

by Doreen Trott

Donna MacDonald recently hosted a birthday party in honor of Ray at her home. Present for the occasion were: Doug MacDonald of Montreal, Darren & Gaylene Weibe and family of Gilbert Plains, Glen & Nancy Birnie and family of Birnie, Dan MacDonald & Annie Jacobs of Brandon, Grant & Jean Olenik and family of Minnedosa and John & Louise MacDonald and family of Cadurcis. Congratulations Ray!

Bill & Doreen Trott visited last week with Ken & Ida Hallatt of Brandon. Bill & Leona Peters of Ottawa were also present on a brief visit.

Ian Wareham attended a three day camp out with the Neepawa cadets at Morden.

Shaun Greer was a member of a Minnedosa rink that curled in a youth bonspiel in Carberry over the weekend. Congratulations to them all, as they won 1st in the B event.

We're Interested!

Do you know someone in your community who has received special recognition, has an unusual hobby, has achieved great fame and fortune, or simply has something interesting to talk about?

Calamity Jane

Back Row L-R: Greg Kirk (Francis Fryer), Gordon Harvey (Henry Miller), Jim Comrie (Lt. Danny Gilmartin). Front Row: Heidi Koschzeck (Susan), Janice Dalton (Calamity Jane), Willie Voth (Wild Bill Hickock), Crystal Scott (Katie Brown)

By Nancy Chemerika

The box office opened this morning (Monday) for the The Strathclair Drama Club production of "Calamity Jane" which will be performed in April.

"Calamity Jane" marks the 18th production for the Strathclair Drama Club. Rehearsals began on January 9th at the Strathclair School, and have since moved to The Bend Theatre where the characters are beginning to come to life, and the old west sets are taking shape.

The 55 cast members come from Strathclair, Minnedosa, Rivers, Hamiota, Shoal Lake, Newdale, and Cardale. This year Minnedosa can lay claim to three of the main characters with Janice Dalton as Calamity Jane, Crystal Scott as Katie Brown, and Jim Comrie as Lt. Danny Gilmartin.

The story of "Calamity Jane" begins with the Deadwood Stage coming to town, bringing Janice Dalton and Willie Voth to fuss, feud, and fall in love as Calamity Jane and Wild Bill Hickock.

At first, the curvaceous Calamity is too busy shooting guns to pay much attention to such "girlie-what-alls" as dresses and perfume. At the same time, Wild Bill is to busy wooing a dainty chanteuse, Katie Brown, to give a hoot about a hot-headed tomboy. Things soon change however when Calamity Jane and Wild Bill become love's targets.

Tall, handsome Lt. Danny Gilmartin and Wild Bill fight for Katie's love, but all the while Bill is in love with Calamity without realizing it.

Love and laughter brings an evening of musical numbers such as "The Deadwood Stage", "Windy City", "My Secret Love", and the beautiful "Black Hills of Dakota".

Year after year the Strathclair Drama Club comes together to churn out spell binding performances for the obvious enjoyment of the actors and the audience. "Calamity Jane" is sure to be another sell out for the Drama Club, in what has been a long run of hits since its first performance of "The Sound of Music" 18 years ago.

"I don't really know the secret of our success," stated Lori Voth, stage director. "There is so much enthusiasm, and there is always new people wanting to get involved. It's a nice atmosphere to be around. We all get to be really close friends, and we communicate amongst each other to talk out our concerns."

Strathclair Drama Club performances are completely volunteer organized from set design, to costumes, to ticket sales. This year Lori Voth and Wendy Radcliffe are stage directors, Barb Dowsett is director, Crystal Scott is the choreographer for the performance, and Jody Bryce is producer.

Farm focus group meets with Provincial and Federal Government

By Nancy Chemerika

The Minnedosa Farm Focus Group recently presented their findings to members of both the Federal and Provincial government.

On March 10th, three members of the Farm Focus Group met with Gerry Berezuk, Assistant Deputy Minister of Government Services, Brock Koniwalchuk, Berezuk's assistant, Kathleen McCallum, Special Assistant to the Minister of Agriculture, Sally Correia, Special Assistant to the Premier, and Harold Clayton, Executive Co-ordinator, Manitoba Emergency Management Organization. During the two hour meeting, the Focus Group presented their data which shows southwestern Manitoba to be seriously economically hurt by the excessive moisture of 1999.

The Focus Group's presentation demonstrates that southwestern Manitoba stands to lose $204 million as a result of the disastrous 1999 spring. Most farmers, whether they got their crops planted or not, will suffer a loss of at least $60 to $70 per acre. The Farm Focus Group feels that the areas should be recognized as a natural disaster, with one of the reasons being that the financial losses exceed those previously experienced in areas previously declared natural disasters, such as the Red River Valley.

"Those in attendance were very receptive, and asked a number of good questions," stated Bob McNabb, a member of the Focus Group. "They indicated that they would try to get a commitment from Rosann Wowchuk (Minister of Agriculture), and Steve Ashton (Minister of Government Services).

Rec Files...

by Ken Surovy

Approximately one in five Canadian children and youth live in low-income families. These young people do not have the same access to participating in recreation, sport and physical activity as children and youth in higher income brackets. Poverty also results in premature birth, low birth weight, lower life expectancy and higher risk of chronic health problems. Poor children are more likely to be obese which leads to poor self-esteem. The have higher incidents of smoking and problems with drugs and alcohol. The chances that a young person will engage in at-risk behaviour is influenced by a number of factors other than poverty, including family, peers and the community, but access to positive leisure pursuits due to lack of finances is a major constraint.

Recreation, sport and physical activity play a well-documented role in reducing at-risk behaviour by youth. Participation in physical activity and recreation can provide positive benefits for psychological health, family interactions, peer influence, academic performance, community involvement and other lifestyle behaviours. When asked, teenagers generally report that involvement in sports, games, art, music performances and hobbies are the most demanding and enjoyable activities in their lives, whether done in school or out of school. In a study of 525 college students, 95% of the respondents agreed that sport develops self-discipline, 87% agreed that athletes enjoy better health, 85% agreed that sport builds character and citizenship and 81% agreed that sport develops leadership qualities.

Kidsport, a national charity, was created to assist children and youth, ages 5 to 18 years, from financially disadvantaged families to enter into sport programs where they can develop life skills such as fair play, leadership and teamwork. Their mission is to overcome the obstacles that prevent young people who are unable to afford the cost of registration for a specific sport. Grants are disbursed up to a maximum of $200 per person in a calendar year. Preference is given to athletes who are being introduced into organized sport. The sport activity must be affiliated with organizations recognized by Sport Manitoba which are structured and led by qualified coaches. Funding goes directly to the organization on behalf of the athlete. The grant application must be endorsed by the athlete's school principal, vice-principal, guidance counsellor, social worker or family worker. The application must also be signed by the sport organization/club president or vice-president to verify registration.

Don't let finances be a barrier to your child's growth and development as an individual or community member. Kidsport Grant applicants are available at all schools in Rolling River School Division #39 or at the Recreation Commission office. Completed applications must be returned to the Westman Sport Association office by April 28, 2000. For more information call me at 867-2272.

Cadurcis News

by Doreen Trott

Donna MacDonald recently hosted a birthday party in honor of Ray at her home. Present for the occasion were: Doug MacDonald of Montreal, Darren & Gaylene Weibe and family of Gilbert Plains, Glen & Nancy Birnie and family of Birnie, Dan MacDonald & Annie Jacobs of Brandon, Grant & Jean Olenik and family of Minnedosa and John & Louise MacDonald and family of Cadurcis. Congratulations Ray!

Bill & Doreen Trott visited last week with Ken & Ida Hallatt of Brandon. Bill & Leona Peters of Ottawa were also present on a brief visit.

Ian Wareham attended a three day camp out with the Neepawa cadets at Morden.

Shaun Greer was a member of a Minnedosa rink that curled in a youth bonspiel in Carberry over the weekend. Congratulations to them all, as they won 1st in the B event.

Erickson Credit Union to rebuild

By Nancy Chemerika

At last Wednesday's annual general meeting, the Erickson Credit Union membership voted almost unanimously in favour of building a new and improved facility in the community.

The vote was 46 to 6 in favour of the new facility which will be located on two lots formerly occupied by the Penny Ante flea market in Erickson. The Erickson Credit Union previously purchased the lots.

According to preliminary estimates the new facility will cost in the neighbourhood of $600,000, and will be about 4100 square feet. The current facility is just under 3000 square feet.

According to Brad Ross, Manager of the Erickson Credit Union, the primary reasons for rebuilding are to provide room for an automated teller machine, and to provide additional space in the member service area. Ross added that the membership had previously considered renovating the facility. However, further examination showed that the renovations would cost about $200,000, and would not provide room for an ATM.

"We hope the new facility, with the inclusion of an ATM machine, will allow us to attract more of the younger generation who are more apt to use the machine," explained Mr. Ross. "The new building will serve the membership well into the future."

MCM Architects, Brandon, are working on the project. The next step will be to finalize design and working drawings and put the project out for tender. Ross noted that the new building will be completed in 2000 or 2001. The membership hopes to sell the present building.

The Erickson Credit Union currently has 10 full and part time staff members and serves a membership of 1,425.

Brandon wins Provincial Pee Wee B Championships

With a score of 2 to 1 in overtime, Brandon beat out Ste. Anne to win the Provincial Pee Wee B Championships.

Winners of the consolation final were Carman over Hamiota, 6 to 4.

Minnedosa lost out in the bronze medal game with a score of 5 to 1 against Virden.

The home team fared better earlier in the tournament beating out Gladstone 9 to 0, Arborg 4 to 2, and Brandon 3-1 in the semi finals.

Bowl for a Kids Sake raises $4,400

The annual Big Brothers and Sisters of Minnedosa Bowl for a Kids Sake event raised a total of $4,400.

Two hundred bowlers from Minnedosa Collegiate, Tanner's Crossing Elementary, and local businesses and celebrities took part in the event.

All monies raised by the annual event benefit the local organization and support community activities. This year, Big Brothers and Sisters of Minnedosa will donate $1,000 towards the Tanner's Crossing School playground.

Fifty students from MCI took part in the three day event. Casey Jury won a 13" color television, donated by Big Brothers and Sisters.

Thirty-eight TCS students took part. Chantelle Parrott received a special mention for raising the most pledges single-handedly, totalling $225.75.

Representing the Minnedosa Volunteer Fire Fighters, Dallas Brykaliuk won a two nights stay in a deluxe suite, donated by Elkhorn Resort and Conference Centre.

Throughout the event, a number of door prizes, donated by local merchants, were also handed out to bowlers.

L-R: Kyle Robinson, winner of a CD player, donated by Heritage Co-op and Minnedosa Credit Union, Emily Hamel, winner of a back pack, donated by Marie Robinson, Martin Liberty Realty, Becky Spraggs, winner of a back pack donated by SAAN Store, Jaycie Jackson, winner of a stuffed bunny, donated by Marie Robinson, Martin Liberty Realty, and Marie Robinson, president of the local Big Brothers and Sisters organization.

minnedosa.com draws local merchants

By Nancy Chemerika

A number of local businesses are beginning to take advantage of the newest internet web site for the Town of Minnedosa, www.minnedosa.com.

The web site, owned, operated and maintained by Tribune Web Publishing, the Internet arm of The Minnedosa Tribune Ltd., was launched in early February through the active participation of the Minnedosa Chamber of Commerce. Since that time the site has welcomed Heritage Co-op, Minnedosa Credit Union, The Castle Bed and Breakfast, Moffat Bros. Ltd., Sims and Co., and Taylor Maid Realty to its business district.

The web site is also home to the Minnedosa District Recreation Commission home page, which has been recently updated, as well as a web site dedicated to Minnedosa District Heritage Foundation, Minnedosa Celebration 2000. The site also features local weekly weather, and an interactive map of Minnedosa.

The fully integrated web site uses the most recent version of Macromedia's Flash program which adds to the professional appeal of the site along with the interactive potential. When fully operational, the Minnedosa web page should rival that of any community our size.

The current address of most Minnedosa business web pages included either the Techplus or Escape host server address, making the search sometimes difficult. Now anyone who simply types in the word "Minnedosa" will be led directly to the community pages.

Farm Focus Group makes presentations

Continued from Page 1

The group later met with Wowchuk and Asthon, who confirmed that they plan to continue working on the issue.

On March 11th, Dr. Jon Gerrard, Liberal Leader of Manitoba, arranged for the Focus Group to meet with and make their presentation to approximately 18 Federal and Provincial party members, including Lloyd Axworthy, Minister of Foreign Affairs, Senator Sharon Carstairs, John Harvard, MP and Parliamentary Secretary to the Minister of Agriculture, and Reg Alcock, MP and Chair of the Transportation Commission.

"The feeling we got from the meeting was that the Federal Government has not closed the door on something more being done for southwestern Manitoba and southeastern Saskatchewan. There are still funds available to target for a disaster," explained McNabb. "Unfortunately, our situation does not currently meet the existing criteria to receive disaster financial assistance. It is not the same as the Red River Flood. In our case there is more income damage than infrastructure damage. The two levels of government need to work together to come up with the criteria, and continue to negotiate to make this a reality."

McNabb noted that although the Liberals were not specific, an initial amount of about $50 million for Manitoba and Saskatchewan was discussed.

"We know there are some funds out there. If it was in the range of $40 to $50 million, the Crop Insurance System could easily find an equitable way to target those funds on a municipal basis to the appropriate areas."

McNabb concluded that it is the hope of the group that the two levels of government will "fast track negotiations" to assist the hurt in southwest Manitoba.

Minnedosa Grain Growing Project holds banquet

By Nancy Chemerika

The Minnedosa Grain Growing Project held a roast beef banquet last Friday evening to raise consciousness in the community about how money is raised and utilized by the Canadian Food Grains Bank in third world countries.

The presentation also included a slide presentation from Henry Klassen on the food situation in India and Bangladesh.

A profit of $250 was raised from the evening, $150 of which was donated to the Minnedosa Multi-Purpose 4-H Club who served. Odanah Pass provided entertainment for the evening.

The Minnedosa Grain Growing Project came into being about four years ago. Each year a crop is grown locally, with the proceeds being donated to the Canadian Food Grains Bank for response to hunger in needy countries. In addition to the members of the Grain Growing Project, local people can become involved by sponsoring various aspects such as seed, chemical, land rental, or even coffee and drinks for the threshing day. Monetary donations are also gratefully accepted.

The Canadian Food Grains Bank is a Canadian-based Christian organization that facilitates the distribution of food and development assistance to people in need. It is comprised of 13 Canadian church partners. Today, Canadian Food Grains Bank is ranked among the largest private food providers in the world.

Food collected by the Food Grains Bank is distributed on the basis of need, regardless of religious or political affiliation.

In 1999, the Minnedosa Grain Growing Project grew and harvested 170 acres of barley. Because of the high level of sponsorship, a total of $9,950 was donated to the Canadian Food Grains Bank.

"If people are able to contribute, it is important that they do to help cover costs," stated Elgin Hall, Minnedosa Grain Growing Project Public Relations. "Donations, not the profitability of farming, allow the Canadian Food Grains Bank to benefit and help the needy. We are affected by low commodity prices like anyone else."

This year the Minnedosa Grain Growing Project will be growing a crop of wheat on a quarter of land on the Yellowhead Highway, just east of Minnedosa, leased from Murray and Sharon Graham.

Kudos for Council

It was with a great deal of anticipation that I learned that Minnedosa Town Council had unanimously agreed to purchase the land necessary for the expansion of our golf course to eighteen holes. The fact that council passed the resolution is commendable. The fact that they did it in the unanimous fashion that they did is exceptional.

Those that have never picked up a golf club will probably be hard pressed to find anything good to say about the expansion plan and the fact that it will require a large degree of funding with taxpayers dollars. But I don't look at this land purchase as anything different than building a hockey rink or curling rink or rehabilitating the lake and beach areas. These projects, just like the library expansion, do not appeal to a certain percentage of the population because not everyone uses these facilities. For the common good, which is a mandate of government, the project must go ahead, and now, because of council's decision, it will. Our community will be a better place to live in the future because of projects such as the library expansion and the golf course expansion.

Full credit to council on this one. Now comes the fundraising and our golf club executive is one of the finest around and certainly up to the job. For years they have continued to run the current course at a profit, rarely coming to the taxpayers for help and when they did, repaying the funds quicker than originally anticipated. This land purchase will give them the needed impetus to take this project over the top and they will.

Good for the town, good for the citizenship and good for all of our futures.

Hockey Violence

The game of hockey should, and apparently will be treated the same as any other sport or event that takes place. If a violent act is committed during the course of the game that is clearly outside of the rules of common decency or in fact, as was in the case of the Marty McSorley slash - clearly a criminal act, then that person should be charged, convicted and serve the same sentence that would be given any perpetrator committing such an offence in a back alley or bar parking lot. IN this case McSorley has been charged - and that is good for the game. He will probably be convicted, but that is most likely where the similarities to a street crime will end. The sentence in this case will be heavily scrutinized as it should be.

McSorley has already admitted liability in the act. He will be done as an NHL player and that is, in part, a high price to pay. But he must also pay his price to society through the courts. A message must be made clear that this type of act, whether it occurs on a basketball court, baseball field or sheet of ice cannot and will not be tolerated.

As our good friend Governer Jesse Ventura has stated, "Sports must be played in the spirit of competition. It's not 'Win, lose or die'".

Pictures of the Week ...

Minnedosa's Rec. League champions, "The Moon", opened the 4th Annual Rec. Tourney with a 5 to 3 victory over the Neepawa Farmers.

Also playing in the tournament, which lasted from Thursday to Sunday, were the under 35 teams of the Rookies (Brandon), the Dirty Birds (Winnipeg), the Hitmen (Minnedosa), the Hotsticks (Hydro workers from Westman), the Ice Bats (Neepawa), the Outlaws (Minnedosa), and the '85 midgets (Minnedosa reunion team). The over 35 teams consisted of the Mohawks (Minnedosa), the Scotia Selects (Winnipeg), the No Stars (Neepawa), the '81 Midgets (Minnedosa), the '76 Midgets (Minnedosa), and the Rusty Blades (Minnedosa)

Rolling River School Division News

The Rolling River School Division held their board meeting March 9, 2000. Present: J.Meadows, G.Stewart, L.McFarlane, D.Krahn, R.Madill, C.Jury, L.Jackson, B.Nowell, W.Yanchycki, D.Nye, L.Shannacappo.' Division Administration present: N.Whitley - Superintendent, J.Hardy - Assistant Superintendent, D.LaCoste - Secretary Treasurer, D.Tesarowski - Transportation Supervisor.

The following are the resolutions passed.

That the minutes of the Regular Board Meeting of February 17, 2000 and the Special Board Meeting of March 2, 2000 be adopted as circulated.

That the Transportation Dept. be authorized to advertise for a Mechanic with employment to start in July, 2000.

That Marion Usick's letter of resignation be accepted effective June 28, 2000 and we thank her for her many years of service to the Division and the students of Erickson.

That Gregg Phillips be hired as a full time bus driver for the vacant Forrest route effective March 13, 2000.

That Liz Reyes be granted permission to register at Erickson Collegiate as an exchange student for the 2000 calendar year.

That the board approve the Minnedosa/Erickson Band Trip for the Senior Band to participate in the Regina Springfest, May 26-28th.

That the length of time requested for maternity leave by Genelle Bilcowski be approved.

That the Board accept the resignation from Jill Reid and thank her for the service to the young people in our Division.

That the Board accept the resignation from Linda Squance and thank her for the many years of service to the young people in our Division.

That the rate paid per kilometre travelled be increased to $0.35 effective March 1, 2000.

That Rebecca Gray be contracted to provide services to Rolling River School Division as provided for by the Early Behaviour Intervention grant for Manitoba Education and Training.

That the length of time requested for maternity leave by Tanis Barrett be approved.

That the 2000/2001 budget be set at $14,792,122.00 which is a 2.23% increase over 1999/2000. This will result in a Special Levy increase of 2.87%.

That the proposed staffing for 2000-01 be approved.

That staffing resources be provided for K-6 students at Sandy Lake Elementary School for the 2000-2001 school year. Should student numbers grow to where a viable Junior High program can be offered, the Board should, at the request of and in consultation with the Community, provide the resources required for a K-8 school.

That the reorganization of the cooperative education program be approved as a pilot project for the 2000-01 school year.

That the revised job description for the Secretary-Treasurer position be approved.

That the Salary Scales for the Secretary-Treasurer and Assistant Secretary-Treasurer be approved.

That the Board go into Committee of the Whole Board and go In Camera to hear a portion of the Superintendents Report.

That the Senior Administration report be received as presented and discussed.

That the Committee reports be received and filed.

That the Board meeting be adjourned at 10:21 p.m.

TCS Topics

Congratulations to all of our basketball teams for their fine showing at the final divisional tournaments held at Tanner's and Forrest. The boy's and girl's teams both won the A championship and the second girl's teams lost in the semi-finals. Thanks to all the high school students who refereed and to all students who helped out in the canteen.

If anyone has any information on the whereabouts of the leprechaun who destroyed the grade one classroom's last Thursday we would appreciate you letting us know at the school. He turned all the desks upside down and put the student's books and materials all over the place.

Thank you to all the parents who took the time to come out to parent teacher interviews this past Thursday and Friday. If you were unable to attend and would like to see your child's teacher do not hesitate to call the school to set up an appointment.

This Thursday will be the annual gymnastic club presentation. This year the theme is Millennium 2000. Students in our 4-8 choir will be participating in the Credit Union banquet this Monday, March 20. Students have been practicing at noon in preparation for this event.

This will be our last week of school before spring break, which starts on Monday, March 27th. School will resume again on Monday, April 3rd.

This month the Grade 3 classes participated in a self-esteem program for children called I'm Thumbody by the Canadian Mental Health Association. The whole purpose of the I'm Thumbody program is (1) to promote mental health among children by encouraging the building of self confidence and self worth and (2) to develop an understanding of each person's unique skills and the value of each person's differences and strenghts. For two-one hour sessions, the children were kept very busy exploring their self-concept by participating in a variety of fun activities which included - arts and crafts, a video, a song, a game, a story, writing exercises, and group discussions. The Grade 3 students thoroughly enjoyed themselves and would like to express their sincere thanks to the four volunteers who presented this positive and rewarding program.

LETTERS TO THE EDITOR

Letter to the Editor

We live in a lovely pristine area in the R.M. of Clanwilliam, close to Riding Mountain National Park and just a few miles away from the Trans Canada Trail. We have a small, casual bed and breakfast and are doing renovations as we can afford it, to make it a more viable business. There is no government throwing money at us even though we might create a job or two down the line. Due to the millions of dollars the Conservatives and now the NDP are throwing away to Maple Leaf and Schneiders, there is a need for mega hogs.

From what I hear Maple Leaf cannot get enough pigs even though they draw from Saskatchewan and Alberta. Where then is Schneiders, now an American company with a not so healthy reputation, going to get their pigs?

A company from Winnipeg, Geneticpork, want to put a hog barn in our residentially populated area. Needless to say those of us in the immediate area are vehemently opposed. Others who will not be affected, (by the odor, the transportation noise day and night, possible water depletion and contamination) are all in support of this barn and feel we have no right to protest. There are locations in our municipality where there are no houses for miles, why not put the hog barns there? The local farmers will still have access to their "free manure".

We may seem selfish in that we don't want our area polluted, not the water or the air! We want the right to enjoy our home with our windows open, our laundry on the line and to sit outside on a summer evening smelling the clean night air.

Simply Gardening

By Doug Green

This week, I want to finish off telling you about perennial plants that grow well in damp areas of the garden. You see, next week I'm going to launch off into a new gardening direction so this week's column is the last on this topic. I have found that I simply can't fit all the plants I'd like to tell you about into this space - I may have to start a magazine.

One of the highlights every year in my garden is when the Macleaya cordata starts to hit five feet tall. Then visitors notice it stuck in the back of the garden, and when the flower stalks stop growing at 8 feet tall, its place as a garden showstopper is truly launched. The deep heart shaped leaves and whitish flowers (with cream and pink tones) are instantly recognizable. What is also instantly recognizable is its ability to spread. I'm forever digging its shoots out of neighbouring plants but I love it anyway.

The Mimulus family or MonkeyFlowers are wonderful wet land plants with their spotted yellow or red blooms. I've grown several of these native flowers and can recommend them all. My favourite (besides the annual forms) is M. alutus; well, maybe because I also like M lewisii. Hard to tell which one I like more - I'll just keep growing them all.

Be careful if you let any of the Monarda family into a wet spot. They'll love it to the point of becoming a terrible garden thug. There are some wonderful new colours on the market to practice your plant resisting techniques. I obtained a plant called 'Raspberry Ripple' last year and am looking forward to its blooms this summer. And no, I didn't let it into the bog; instead I've kept them in the main garden beds.

Some nurseries will sell you Petasites japonica for your bog garden. Their interesting red shoots in the spring (flowering before the leaves emerge) are quite interesting. I hope you enjoy them because once this plant gets established, you'll have the devil's own time getting it out of the garden or controlling it. Big time spreader! There is a variegated leaf form that is slightly more attractive than the species but just as rapacious.

Physostegia is another of the fine blooming plants that will thrive in damp spots. I happen to like this plant although I'm currently trying to dig one variety called 'Vivid' out of the main perennial border. The showy pink and violet flower spikes will go very well in wild or naturalized gardens although I personally would keep it out of a bog with fine plants. Most of my varieties are being transferred down to Dug Lake, our large naturalized pond. Physostegia or DragonHead makes a fine cut flower.

It is hard to know where to begin or stop when I think of Primula in the damp garden. There are fewer finer places to grow this plant than in a damp spot in a touch of shade. The vast majority of Primula or Primroses grow best in rich, moist but not sodden, cool soils with a bit of shade from the hot sun. I continue to expand my collection of this plant and can recommend more than I have room for. Easily found, P. denticulata or Drumstick Primula, is an early spring bloomer that will brighten your day with a range of colours - pinks and reds mostly. P. veris is the famed yellow primrose of garden lore and no garden is complete without a huge clump. P. japonica is useful because it blooms for a very long time starting in June and running through July with its tall candelabra type blossoms.

You can start these quite easily from seed if you can't find a specialty nursery in your area. I have written about P. sieboldii before and I can tell you I'm waiting for spring to see what last year's seeds will do this year in the bloom department. Its hard to know where to stop: P. bulleyana with its orange flowers, P. florindae a huge version of P. veris, P. mollis with its two toned flowers, P. laurentiana with its bright yellow spring greeting or . . . I'll stop now.

The ornamental Rhubarbs, (Rheum) are quite the bog lovers. I have some seed I'm about to try this year because I lost them last year by not growing them wet enough. You'd think I'd learn by now - some plants just have to have damp soil and this may be one of them. Great huge leaves on this plant will make it a showstopper in my garden if I can ever coax it through a winter.

I want to briefly tell you to find and grow every kind of Rodgersia you can. It has wonderful flowers and wonderful foliage. This is a plant for all seasons. Enough said.

Two years ago, I obtained about ten varieties of Sisyrinchium (Satin Flower or Rush Lily) to play with. These short (6"tall) spike-leaved plants resemble short iris and are simply adorable scattered around the front of the bog garden. I've grown mine in different places in the garden but the best results seem to be where the plant can obtain all the moisture it wants.

Tradescantia or SpiderWort is a winner in the damp garden. This plant blooms almost all summer for me when I keep it damp. The minute I let it dry out, it stops blooming. There is a message here. Available in several colours - from whites through shades purple and light pink, this is a great 30" tall plant for sun or light shade.

There are others you can grow in your damp garden but these are my favourites. Mind you, I'm sure you have your own - or you will once you build your own bog garden.

Doug's web site and free gardening newsletter is at www.simplegiftsfarm.com

Mobile Mammography unit coming to Erickson

By Nancy Chemerika

For the first time a mobile breast screening unit will be coming to Erickson as part of the Manitoba Breast Screening Program.

The purpose of the mobile clinic, which will be held from April 19 to May 9 at the Erickson District Health Centre, is to reduce the barriers for women who might not attend the city clinics due to distance. The mobile unit will arrive by van and be set up in two rooms in the hospital.

Letters of invitation are sent out to women in the target age group, based on their area of residence. A breast exam and mammogram will be performed by a nurse or technologist, after which the patient will receive further information and watch a video on self breast examinations.

The Manitoba Breast Screening Program has been in existence since 1995, and offers free breast screening every two years to women age 50 to 69. The mobile unit has travelled extensively throughout Manitoba's rural and northern communities, as well as inner city Winnipeg communities. Between July, 1995 and March 31, 1999, 66,097 mammograms and breast exams were performed on 51,738 women. The purpose of the program is to detect breast cancers at the earliest stage possible, before it has spread to the lymph nodes or other tissues.

According to Katie Watters, Educational Coordinator for the Manitoba Breast Screening Program, Marquette Regional Health Authority is the last region to have a mobile unit because the overall response to city clinics has been positive.

"About 54% of women in Marquette have had mammograms in the last two years," stated Watters. "By using the mobile, we hope to increase those numbers to at least 70% or better."

Through the mobile clinic, it is anticipated that between 170 and 215 women from Erickson and area will benefit from this examination.

"We really hope to have a good number of women participate in the program to really decrease the death rate due to breast cancer. It's not a perfect test, but it is detecting the disease in 80 to 90% of women between the ages 50 to 69. Early detection is key," concluded Watters.

For further information or to make an appointment call toll free 1-800-903-9290.

HERITAGE CO-OP

CO-OP

Notice of

ANNUAL MEETING

Date: Thursday, April 6, 2000
Time: 6:00 pm - Registration
6:30 pm - Dinner
7:30 pm - Meeting
Place: Minnedosa Community Conference Centre

Dinner by D & B Catering. Tickets available from any Co-op outlet ($5.00).

- Auditor's Report
- Election of Directors
- Special resolutions to amend the articles
- Resolution to replace existing charter

Copies of exact wording of proposed resolutions regarding articles and by-laws are available for members to pick up at Minnedosa Administration Office.

Following is a summary of the proposed new provisions:

Proposed Amendments to the Articles

- Co-op to have between 7 & 11 directors
- No restrictions on the business the Co-operative may carry on.
- Authorized membership share capital to be unlimited.
- Maximum rate of return on membership shares, member loans, and/or patronage loans to be specified in the regulations under *The Co-operative Act*.
- Method of distributing surplus on dissolution to be specified in the articles.
- Restrictions on the issue, transfer, and ownership of shares to be specified in the articles (previously ex by-laws)
- The Co-operative is organized on, operates on, and carries on business on a co-operative basis.

Proposed Replacement By-laws

- Board to determine actual number of directors to constitute a full board, within the range set in the articles.
- Employees and commission operators not qualified to be directors.
- A member with an account more than 90 days in arrears is not qualified to be a director.
- A member who has not purchased at least $1000.00 worth of goods and services from the Co-op in the last financial year is not qualified to be a director.
- Greater detail on procedures for electing directors.
- Some changes in directors' meeting procedures.
- Directors' conflict of interest rules are now stated in the *Act*.
- Mandatory indemnity of directors in certain cases.
- Board termination of a membership requires board special resolution, not ordinary resolution.
- A member no longer has a right of appeal to Registrar if his/her membership is terminated.
- Membership now stated to be "open to all who can use the services of the Co-op and meet the responsibility of membership".
- Directors approve the allocation rate (previously approved by members).
- Priorities for paying out membership shares put general repayment before withdrawal for reasons of bankruptcy, receivership, and personal choice.
- Co-op must notify members of the number of membership shares that will be purchased on their behalf by application of patronage refunds.
- Directors may pass new by-laws not inconsistent with existing by-laws, but must obtain members' approval at next meeting of members.
- By-laws cannot be amended at a meeting of members unless notice of proposed amendment is given with notice of meeting.
- By-law amendments effective on date passed or date stated in motion to amend, but not retroactively.
- Record date for a meeting of members is 21 days before meeting.
- Notices of meetings may be sent electronically.

2-3

ROLLING RIVER FESTIVAL OF THE ARTS

Where are they now? Submitted by Aeleen Sclater RRFA Publicity.

Many people who have furthered their careers in the arts probably had the experience of participating in a community arts festival.

Many attribute a part of their success to their early performing experience at their local festival. In the next couple of weeks prior to the Rolling River Festival of the Arts, you will have the pleasure of "meeting" some of these people through this column. Some may be familiar, and most will be inspiring. The RRFA executive is grateful to our local newspapers and to Hilda Comrie of Minnedosa for bringing this to you.

Beverley Betz (nee Peck), Winnipeg, MB; performed in piano and instrumental classes in the festival and graduated with a degree in Music and Education from Brandon University. She is currently a band instructor in St. Norbert Collegiate and Director of the Jazz Choir and High School Choir.

Carolyn Gwyer, Brandon, MB; participated in piano classes during festival years and then obtained a degree in Music Education at Brandon University. She has continued her profession as the Director of Choral Music at Neelin and Vincent Massey High School and as the Senior Choir Director of Central United Church, Brandon.

Gordon Gerrard, Winnipeg, MB excelled in both piano and vocal classes at the festival winning numerous awards and scholarships. Gordon entered the University of Manitoba where he has been successfully studying piano, receiving several awards at the School of Music, as well as being on the Dean's Honor Roll. His accomplishments continue: Assistant Accompanist for the Manitoba Youth Choir; studio accompanist for the Head of the Vocal Department (School of Music); active member and rehearsal accompanist for the University of Manitoba Singers; and a member of the Winnipeg Singers. Recently, Gordon was one of only five pianists chosen from applicants from all of Western Canada to attend the NUOVA Summer Operatic Workshop in Edmonton. He has been hired as pianist for the U of M School of Music's Opera Workshop Program to commence fall 2000 and looks to the future to do his Masters in Accompanying and Opera Coaching.

Gaylene Burton, Vancouver, BC entered public speaking, solo spoken poetry, instrumental, dance and piano at the festival. For the past 4 years she has been teaching jazz, tap, ballet, hip-hop, and musical theatre to some of the 500 students attending one of Vancouver's largest dance schools - "Dance Co." Gaylene has worked as a choreographer for Metro Theatre, as a dancer in various performances and videos, and has done modelling for the company.

Eye on MCI

Six students selected for honor band

by Jacqueline Lawson

Minnedosa/Erickson band was well represented at the annual Westman Honour Band. Melissa Johnson, Sarah Wedgewood, Shannon Whaley (Erickson) were recommended by band director, Barb Dowsett, for the senior honour band, grades 10-12. They played five songs, conducted by Mr. Brent Ghiglione.

Stacey Martin, Emily Johnson and Kaylan Trott, all from MCI were selected for the junior honour band, grades 8-9. Out of 79 band students, Stacey Martin walked away with an award for her outstanding leadership. Directed by Mr. Tony Kline, the junior band performed five songs.

The two bands rehearsed for two days, March 2nd and 3rd, at Crocus Plains and Vincent Massey in Brandon. The final performance for the public was the evening of Saturday, March 4th. The gym was packed. Congratulations to all who participated!

TADD Update

by Stacey Martin

Our T.A.D.D. organization has had a busy year. Their annual pancake breakfast was a huge success, raising over three hundred dollars. Their next project is their Drinking and Driving Awareness Week, April 10th to 13th. Some activities planned include a multimedia presentation as well as a Pie In The Eye. More details to be announced.

The 1999-2000 T-shirts are available for twelve dollars each. Talk to Mr. Kiazyk or any T.A.D.D. member for further information. Don't drink and drive!

Minnedosa RCMP Question & Answer

QUESTION:

Would I be charged for setting my cruise control at 110 or 112 km/h on the highway?

ANSWER:

Drivers have to keep in mind that if the speed limit is posted at 100 km/h and they exceed that, they are liable to be charged under Sec. 95(1) of the Highway Traffic Act.

It is also important to keep in mind that your speedometer might be off and the speed not as accurate as the police radar.

QUESTION:

I feel that due to my medical condition, I can not wear a seatbelt. How can I be exempt from wearing it?

ANSWER:

Although this is not really a police matter, if you feed that due to a medical reason you cannot wear a seatbelt, you are required to make application through your physician for the exemption. However, few people actually receive an exemption from wearing a seatbelt.

Manitoba Public Insurance

Erickson & District News

by Almie Paulsen

Manitoba almost escaped the snowfall that was prevalent in the west, and temperatures did fall. I had someone report -28c at Lake Audy on March 15th.

Anne Chisholm, Winnipeg, visited her father Bill Prosak for a few days last week. March 11th was a day of surprise for two special events. Jack Stacey was surprised with a 75th birthday party in Brandon and George and Madeline Bishop were surprised when many friends gathered at the Legion Hall to mark their 45th wedding anniversary. Best wishes to both parties for many years to celebrate.

March 15th was also a special day for 92 year old Gertie Mutter on the occasion of her birthday. Belated greetings Gertie. Gertie still lives on the farm and is kept busy keeping a spotless home, a garden and looking after her grandson Richard. She still keeps her deep freeze fully supplied with her home baking. She still drives to town and was happy to have passed a recent drivers test.

Barry & Anne Paulsen, had Barry's brother John and sister-in-law Phyllis of Oakbank, Annes mother Mary McDonald of Portage their daughter Heather Ready and two grandchildren of Dauphin as guests last week.

Newman Hall has been moved from Brandon Hospital to Erickson and is hoping to be going home soon.

Last week was a sad one for Erickson Community. On March 9th word was received of the death of Earle Hall of Brandon. Earle had been a patient of the Assiniboine Centre for over 6 years. Earle was the oldest son of the late Anna Hall. His funeral was held at the Anglican Cathedral in Brandon with interment in Bethel Cemetery at Erickson. On March 11th the community was shocked when news was received of Leonard Gusdal's passing in his sleep. His funeral was held March 15th at the Lutheran Church with many, many relatives and friends in attendance. Interment was also at Bethel Cemetery. Word has also been received of the death of Henry Wall's eldest brother Jacob in Winnipeg. Sympathy is extended to all the bereaved families.

Albert and Gale Johnson returned home last week from their winter vacation in "Magic Valley Park" in Weslaco, TX.

Joe and Helen Woychyshyn have returned home from their month's holiday in Mesa, Arizona. On their way home they visited with their daughter and son in law Linda & Jerry Saltys and grandchildren Derek and Amy and with their grandson Greg at Olds, AB.

March 14th was the evening for 4-H Public Speaking competition which was held at the Erickson Legion. The eight participants were very happy to see so many of their friends attend the yearly event. Complete results of the competition will be reported in a future edition.

Mrs. Elsie Burkett (wife of Lawrence Sonny) of Maple Ridge, BC passed away on March 9th. Elsie was Mable Lundin's sister. The funeral service was held on March 13th. Condolences to the bereaved families.

COPP's volunteers are busy people too, however, they give a few hours a month or whenever assisting to keep our homes and streets safe. COPP's are asking for volunteers. Application forms are available at the Municipal Office and the monthly meetings are open to everyone.

Legion Cribbage Winners of March 15th: 1st Anne Marie Kingdon, 2nd Jim Butler, 3rd Els Hudson, Low Pearl Yakiwchuk.

Don & Shirley Steele enjoyed their holiday in Alamargordo, New Mexico where they visited Don's sister Audrey Wallis.

Elgin & Donna Hall are grandparents. Congratulations to Allan & Sandra Hall on the birth of their son, Erik.

History commmtee for the "Forest to Field" report many histories of families, organizations and businesses are missing. Please try to submit these by March 31st.

Please submit your news to me or bring me your Tribune renewals, advertisements etc. I tried to get updated "Homecoming" activities for this issue but was unable to do so. Look for the info in next weeks column.

Onanole News

by H. Hodges

At the card party in the Crawford Park Hall on Tuesday, March 7th. The winners were: Men's high - Earl Hodges, Men's low - Metro Somach; Ladies high - Marcia Foord; Ladies low - Lena Richard. Lunch was provided by Caroline Kozak, Lena Richard, Helen Ewasiuk and Harry Rintoul, coffee cream provided by George Buhay.

Isabelle Proven, Joyce Minty, Ella Fleming and Harriet Hodges attended the Westman Cribbage play downs held at Newdale on March 7th.

Mr. & Mrs. Wally Bulas spent last week at the Brier in Saskatoon.

Mrs. Minnie Burton spent a week in Missouri, USA with her son-in-law, daughter and family. Monday Joe & Rose Ryzner arrived home from their holiday in Arizona.

Willow Grove News

Doris Walker-Tait of Semmans, SK, and Jean Stone of Calgary, AB have returned to their homes after spending the past three weeks with their mother Mrs. Lizzie Shorrock and other relatives. While here they attended their mothers 100th Birthday.

Vince & Marie Anne Saler spent the past weekend at Algona, SK visiting with Marie Anne's family.

NOTICE OF OFFICE CLOSURE

Please be advised that the

Carrying On A Tradition

Rick Thom

Funeral Director

Rae's Funeral Service

Is Pre-arranging a Funeral Costly?

Actually, you can make your funeral wishes known at no cost whatsoever. We can provide you, or your lawyer or estate executor, with all the information needed for your funeral with no charge or obligation. It's just a matter of filling out the forms and making your personal wishes known.

You can select funeral details in advance with one of our funeral directors and keep costs within the limits which you establish. The type of service and the casket you choose will be priced for you at today's costs. The full amount can be set aside in a trust fund, payable when the need arises. There would be no additional charge for the casket or services paid for.

Your lawyer or banker can assist you in this, along with the counsel we provide.

There's also the No-Payment form of funeral pre-arrangement in which you simply specify the type of service and casket you want. You keep a copy in your records and so do we, so that at the time of death your family can act according to your wishes. Stop by for full details anytime.

Inky Mark MP - Your Voice in Ottawa

It's break week in Ottawa, although recent events will certainly shape the yearly political agenda. Paul Martin unveiled his budget, a budget that we deem as the "fake-break" fiscal blueprint. Martin took a page from the Reform Blue Book, by ending bracket-creep with the indexation of personal income taxes. However, it doesn't go far enough, especially since the government is sitting on an $85 billion dollar surplus. Indexing doesn't reduce your tax burden; it prevents further increases. And remember, most other changes will be offset by the impending increase in Canadian Pension Plan contributions. I invite you to log on to the Internet or ask our office for details of Solution 17, and what it would mean to your tax structure.

Bench Marks

The federal budget also unleashed new spending to the tune of $5-billion dollars this year. Amazingly, the Minister at the heart of the biggest spending scandal in government history will see her departmental budget swell by $700-million between now and the fiscal year 2001-2002. Reference to the boondoggle in Jane Stewart's department was non-existent. If the chief financial officer of any public company had neglected to note a $1-billion scandal in the company's annual report, shareholders would be up in arms. Not to mention there are nine current police investigations under way into the administration of grants handed out by "Jane Dough's" department.

The budget contained nothing for the agriculture sector, other than the one-time $240-million transportation payment announced February 24th. There are no long-term plans for the future of farming in Canada, even though we have known for awhile that our grain farmers are at a disadvantage because of high foreign subsidies. Reform is the first Canadian Political Party to launch a Focus on Farmers website. Log on to www.reform.ca/agriculture to check it out.

A large chunk of the new Justice Department funding ($270-million over three years) is expected to go to the National Gun Registry. The implementation and operation of this Ill-fated initiative is already over budget by some $200-million.

Book Marks

The controversial Bill C-23 (Same-Sex Bill) passed second reading, and is now before the Standing Committee on Justice and Human Rights. Our offices have been flooded with calls, objecting to the bill. Reform was the only opposition party to unanimously oppose it. There is a petition circulating in the riding, or for more information contact my Ottawa or your local Constituency Office.

Heritage Minister Sheila Copps has re-tabled the National Parks Act, albeit with a key change from the old piece of legislation. Bill C-27 does not include a taxation provision, which proposed unfair taxes on parks residents to assist in community facility and service development. This revision is directly due to a united Parks lobby across the country. More on this Bill in coming weeks.

Did You Know?

We are also trying to compile a list of present Tri-Centennial Certificates. These are given to persons who were born in the 1800's and have lived during three centuries. We have already presented 14 of these, and you can help us present more.

If you have questions or comments relating to this column, or other issues, please contact my office at 622-INKY (4659) or E-mail inkymark@mb.sympatico.ca.

Sandy Lake News

March has been an interesting month so far....we all enjoyed the balmy Spring weather, but everyone I spoke to knew it was too good to last and that Winter wasn't quite through with us. Local Nature Guy Perry Koroscil called the first week of March to report that the geese were back and that a robin had been spotted in Elphinstone...that was the happy nature news...the not so happy news (for me anyway) was that on March 6th, his son Ryan was at school, went outside at recess, and came back into school with a woodtick - which was removed by Principal Kathleen Slashinsky - egad -ticks aren't supposed to be out until MAY! My hope is that the recent cold spell finished them off...but I doubt it.

Congratulations to Harry and Elsie Spitula on the arrival of their 8th grandchild. Jordyn Caylee was born on March 3rd in Winnipeg. She was welcomed into the world by Mom Jody, Dad Greg and brother Riley.

Warm get well wishes go out to Nick Wozney who is convalescing at the Health Sciences Centre in Winnipeg.

A Social was held in Winnipeg for Michelle Thompson and her fiance Phil Salemi on March 4th. Michelle is the granddaughter of Mary Millenchuk. Travelling to Winnipeg to join the festivites were Mary Millenchuk, Garett Lewandoski, Richard and Bonnie Lewandoski, Red and Sharon Liebing.

Mary Baranyk was visited by her children Stan and Vicki Baranyk of Winnipeg. Helen Boryskevich of Rivers and Jerry and Liz Baranyk of Russell.

The Sandy Lake Legion Ladies Auxiliary held their March meeting at the local Drop-In Centre. The meeting agenda included plans to attend the District meeting at Shoal Lake, and the quilt for the May Raffle (hand stitching has begun - it's a lovely quilt -get your tickets early!) Several members participated in the Heart and Stroke door to door canvass and are now taking part in the Red Cross canvass.

Greg, MaryLou, Martin, Monty and Max Mendro of Winnipeg visited with Peter Mendro, then went on to Brandon where MaryLou did a presentation on Rural Development at a Conference at the Red Oak Inn.

Tim Spaller of Edmonton is visiting with his parents Matt and Lil Spaller. Matt is convalescing at home following his short stay in hospital.

Newdale News

by Olive Waddell

Church News: Sunday, March 12 was Lent 1. "The Hebrew people journeyed for forty years in the wilderness. Jesus spent forty days in the wilderness, during his temptations - a time of silent retreat to sort out the nature of his ministry and discover what was really important. We begin our forty day journey during this Holy season in the church year, toward Easter...Lent is a way of living that we choose in response to the pain and suffering in our society and world. "The service closed with the sacrament of Communion.

Get well wishes to Doris Waddell, Don Watson, Cecil Andreychuk and Terrae Kristolovick from Newdale friends, relatives and neighbours.

Sincere sympathy to Rev. Bob and Carol Hunter on the passing of Carol's mother, in Winnipeg last Tuesday.

The eighth Whist Party of the season was held in the Newdale Drop-in Centre on March 10th. There were four tables of cards. Prize winners were: Men's High - Neil Davies, Men's 2nd - Leonard Bradley, Men's Travelling - Gorden Waddell. Ladies High - Edith Waddell, Ladies 2nd - Ida Bradley, Ladies Travelling - Ida Bradley. Lunch and a social time concluded the evening.

Newdale UCW News

Newdale U.C.W. met on March 2, 2000. Xisra Lamb presiding and 7 members present. Xisra had the program reading Psalm 20 and showing the video "Set the debt Captives free." Showing how the heavy burden of indebtedness has affected the women of the Third World countries. A discussion followed. Committee reports were given. Friendship report: 6 cards were sent, phone calls and visits made. The meeting closed by singing "2000 Years". Grace was sung, lunch and fellowship enjoyed.

7 Year Olds win Loyal Orange Lodge Cup

Left to Right - Back row - Coach Scott Burgess, Coach Craig Cameron, Matthew Cooper, Winnifred Amyotte, Tizita Galbraith, David Thompson, Derek Cameron, Mitchell Burgess, Fikira Galbraith, Dylan Huntinghawk, Roy Ellingson Grand Master of the Orange Lodge of Manitoba.
Left to Right - Front row - Eric Holmes-a-court, Brandon Mansell, John Grant, Myles Wahoski, Meagan Lane, Kendra Crooks.

The Loyal Orange Cup sponsored by the Neepawa Loyal Orange Lodge #1494 was played in Minnedosa on Feb. 27, 2000. After a well played game, The Minnedosa 7 year old Squirts won the game with a score of 10-7. The trophy was presented by R.W. Bro. Roy Ellingson Grand Master of the Grand Orange Lodge of Manitoba.

Hockey & Bowling News

HOCKEY NEWS

Atom 10's

Brendan Taylor, Cory Butler & Jonathan Cahill from the major novice team were recruited to join the atoms for a game vs. Neepawa on Sat, March 4th. Mdsa posted 9 skaters while Neepawa only had 8. Mdsa took the 4-2 victory. Sean Dyck 2G, Joseph Olenick & Jonathan 1G each, Kyle Morrissette 3A, Lauren Galbraith, Devin Vaughan, Brad George, Cory and Brendan 1A each. Great effort team and a great job by Ternell Luhowy in net.

Hamiota hosted the bombers on March 11th. 1st period action saw the game tied at 2 and after the second period Mdsa trailed by 1. Mdsa tied the game early in the third which lasted until near the end when Hamiota scored the tie breaker with 2 1/2 minutes left in the game. Kyle Morrissette scored twice, Cindy Lukianchuk, Brook Bayes and Sean Dyck each added one. Assists were given to Joseph Olenick, Mike Brown, Meagan Smith, Lauren Galbraith, Cindy, Kyle, Devon Vaughn and Brad George. Ternell Luhowy had his usual outstanding game in net.

Coached by Neil Galbraith and Chris Brown, managed by Cory Luhowy.

Major Pee Wee

Major Pee Wee's, hosts of the Provincial B Hockey Championships, Mar 9-12th, played their opening game Thursday night vs Gladstone winning easily 9-0. Nathan Ewasiuk was in net to record the shutout and Brad Lewis was chosen Game Star.

2nd game, Friday night vs Arborg was a tougher contest but again the home team came out on top 4-2. Keith Horner in net, and John Motuz earned the Game Star award with his 3G & 1A.

This placed the Minnedosa team 1st overall using the goals for and against formula, and put them up against Brandon in the medal playoff round. They battled hard, but Brandon took the win 3-1. Stewart Boyd was awarded Game Star for his strong defensive play.

This dropped the boys into the Bronze medal game against Virden Sunday afternoon, but again they just couldn't find the net, losing 5-1. Keith Horner made many fine saves in net and earned the Game Star award. Brandon went on to win the Gold medal game vs St. Anne (Silver Medalists) with Virden winning the Bronze and Carman the consolation final.

Points for the weekend were: John Motuz 7G, 2A, Dean Holmes-a-Court 3G, 5A, Mike Sansom 2G, 3A, Scott Thompson 2G, 1A, Brad Lewis 1G, 3A, Justin Workman 1G, 1A, Brad LeBoutillier, Shane Morgan & Stewart Boyd 2A's and Thomas Boyd 1A.

BOWLING NEWS
